## By-LAW No. 12.

By-law relating to the Levels, Dimensions, Construction, Maintenance, Ventilation, and Cleansing of Sewers.

THE Melbourne and Metropolitan Board of Works (hereinafter called the Board) in order to secure the efficient maintenance of the main and general sewerage of the metropolis, and pursuant to and in exercise and execution of the powers and authorities conferred upon or vested in such Board, by the Melbourne and Metropolitan Board of Works Acts, or by any other Acts incorporated therewith and in exercise and execution of any other powers and authorities in any wise enabling the said Board in that behalf doth hereby make the By-law following:—

1. By-law No. 9 is hereby revoked and repealed as from the date of the coming into operation of this By-law. Provided however that such repeal shall not affect any licence issued, or act or thing authorized and commenced to be done under the provisions of the said By-law No. 9.

2. No person shall interfere with, break up, remove, or build over with any fence or other structure any sewer or trap, ventilating shaft, manhole, lamp-hole, flush-tank, catch-basin, or any part of the Board's sewerage system, except by the special permission in writing of the Board.

(a) No person shall throw or deposit, or cause to be thrown or deposited, in any drain or sewer, or opening or receptacle connected with the sewerage system, any garbage, offal, dead animals, vegetable parings, ashes, cinders, rags, refuse from manufactories, trade wastes, or any other matter or thing which, in the opinion of the Board, may cause a stoppage in or injuriously affect the sewers or sewerage machinery.

(b) No person shall cause or permit any waste water or fluid or other trade wastes containing any substance or matter of a solid nature to flow or pass or to be carried from any manufactory or business or other premises of such person into any sewer of the Board or any drain or pipe communicating therewith, without first discharging into a pit so constructed as to intercept all such substance or matter of a solid nature and prevent the same from passing into any such sewer of the Board or drain or pipe communicating therewith.

(c) No person shall cause or permit to be discharged into any drain or sewer of the Board any solid or liquid likely to cause the generation of gases injurious to the Board's sewers or sewerage machinery.

(d) No person shall cause or permit any waste water or fluid or other trade wastes to flow or pass or be carried from any manufactory or business or other premises of any such person into any sewer of the Board, or any drain or pipe communicating therewith unless and until the temperature of such waste water or fluid or trade wastes shall have been first reduced to or below one hundred and ten degrees Fahrenheit, and unless and until such waste water or fluid or trade wastes shall have been completely neutralized as to acidity, and unless and until such person shall have first made and provided suitable apparatus, means, or appliances for properly sedimenting and filtering such waste water or fluid or trade wastes before the same shall flow or pass or be carried into such sewer or drain as aforesaid.

(e) No person shall cause or permit to flow or pass or be carried from any manufactory or business or other premises of any such person into any sewer of the Board or any drain or pipe communicating therewith any benzine, naphtha, ether, carbon di-sulphide, or other inflammable materials which will not readily mix with water.

3. Any contravention of this By-law whether by act, default, or omission, shall be an offence against the same, and every person guilty of an offence against this By-law shall, for every such offence, be liable to a penalty of not less than £1 nor more than £20.

(c) That in the event of a more frequent service of trams than one tram in each direction every fifteen minutes, the trams shall be stopped on either side of the railway gates, and that passengers, parcels, and baggage shall be transferred to and from the trams on the opposite sides of the railway line.

(d) That the railway gates at Glenferrie shall be closed against the tramway traffic whilst trains are running through the block section from Auburn on the Up journey and from a safe working point between Hawthorn and Glenferrie, or from Hawthorn station in foggy weather, on the Down journey.

## ELECTRIC WIRES CROSSING LINES OF RAILWAYS COMMISSIONERS TO BE CONSTRUCTED SO AS NOT TO INTERFERE.

Any electric line or lines in connexion with the said tramway which would, if placed above the ground, cross under or over any wire of the Commissioners, or which would, in the opinion of the Commissioners, be in a position likely, if special precautions be not taken, to prejudicially affect telegraphic or telephonic communication on adjacent wires of the Commissioners, shall, to the satisfaction of and without any expense to the Commissioners, be so placed, constructed, guarded, and maintained as not to be capable, in the opinion of the Commissioners, of injuring or coming into contact with any wire of the Commissioners, or of prejudicially affecting or interfering either mechanically or electrically with the proper use of any such wire.

## FARES IN CASE OF COMBINED TRAM AND RAILWAY PASSENGERS.

Nothing herein contained shall prevent the Council from entering into any arrangement with the Commissioners to sell through tickets to travel over both tramway and railway, and in that case charging or providing for the payment of fares at a lower rate than those specified in this Order in respect of passengers travelling over both tramway and railway.

**COUNCIL NOT TO RUN OVER LINES CONTROLLED BY MELBOURNE TRAMWAY AND OMNIBUS COMPANY LIMITED.**

It is a further condition of this Order that the Council shall not acquire the right to run, nor shall it run any of its cars or other vehicles on or along any or any part of the lines controlled by the Melbourne Tramway and Omnibus Company Limited, nor give a better service in connexion with the trams of the Melbourne Tramway and Omnibus Company Limited than the service connecting with the trams of the Commissioners, nor shall the Council permit the cars or other vehicles of the Melbourne Tramway and Omnibus Company Limited to run over the tramways of the Council, nor shall such cars be so run.

**COUNCIL NOT TO ENTER INTO CERTAIN ARRANGEMENTS WITH THE MELBOURNE TRAMWAY AND OMNIBUS COMPANY LIMITED.**

It is a condition of this Order that the Council shall not enter into any arrangement with the Melbourne Tramway and Omnibus Company Limited or other, the authority for the time being concerned in the tramways now controlled by that company, nor be a party, directly or indirectly, to any arrangement whereby through passengers, that is, passengers travelling over both the tramway now so controlled as aforesaid (hereinafter called the "Melbourne Tramway") and the Council's tramway, may travel for lower fares than the sum of the local fares on both tramways, nor shall the Council sell Melbourne tramway tickets or furnish passengers intending to travel by the Melbourne tramway with transfer tickets, or any means of identification, or in any way assist or facilitate passengers travelling over both tramways to travel for lower fares than the sum of the local fares on both tramways.

In the event of the Postal Department demanding any special alteration of its wires in consequence of the introduction of a high tension or other electrical current in connexion with the tramway, the cost of any special arrangement of or provision for the wires because of such current shall be paid and borne by the Council.

**GOVERNOR IN COUNCIL TO BE SOLE JUDGE OF BREACH OF ORDER.**

That the Governor in Council shall be sole judge of the compliance with, or of the breach of any of the requirements contained in this Order, and for the purpose of enabling the Governor in Council to arrive at a just decision, an inquiry into the facts of each case shall be conducted in the manner provided in clause 25 of the regulations contained in the second schedule to the said Act before an officer to be appointed in that behalf by the Governor in Council, as provided in the regulations in the said schedule.

If upon the report to the Governor in Council by the referee, made under the said clause 25 of the regulations in the second schedule of the said Act, the Governor in Council shall, as such sole judge, determine that there has been any failure of or non-compliance with or that any breach of any of the requirements contained in this Order has occurred by way either of commission or omission, then the powers conferred by this Order shall be forfeited, or shall cease and determine, or shall be suspended, as the Governor in Council shall direct, and in the case of the Governor in Council ordering a suspension only of such powers, then the Governor in Council shall, in his adjudication, state for what period such suspension shall take effect.

If in such adjudication the Governor in Council shall determine that the powers conferred by this Order shall be forfeited, or shall wholly cease and determine, then the Council of the said municipality of the City of Hawthorn shall forthwith proceed to restore the streets along which the said route is laid out to their condition previous to the construction of such tramway, unless the Governor in Council otherwise order.

That in the event of the Council of the said municipality finding it necessary to provide work of a more substantial or expensive character than that provided for in this Order, the Council of the said municipality shall take upon itself all such additional expenditure, and no claim whatever shall be made upon the Government, or upon The Board of Land and Works, for any pecuniary assistance or aid in respect of such expenditure, or to provide funds therefor.

Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet for firewood, including delivery at the offices and all charges. Prices should only be quoted for requirements where estimates are shown above.

Tenders, which must be upon the printed form, will be received for either one or more of the above-mentioned places, and tenders for such places may be accepted or rejected separately; but if all lengths of firewood be included in one tender it may be accepted for one length only, if advisable.

Where the kind or kinds of wood is not mentioned in the tender form, tenderers must specify the kind or kinds of firewood they offer to supply.

Telegrams, or tenders not complying with the terms of advertisement, will not be entertained.

The successful tenderer will be required to enter into a bond for £10, with two approved sureties for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at ..." as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice and by letter to accepted tenderers.

## CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.
2. All the firewood supplied under these contracts must be split out of large timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet. If the firewood is obtained from a State forest timber reserve, or ordinary Crown lands, persons cutting or removing same must be provided with a licence or permit from the State Forests Department.
3. Orders will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly); but the contractor must have 24 hours' notice before purchases are made at his risk.
4. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 4 feet 6 inches for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack that delivered, at the risk of the contractor, from whose account any expense incurred thereby will be deducted.
5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.
6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.
7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 4.
8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the account. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may desire.
9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.
10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
11. Under no circumstances will a contractor be permitted to abandon his contract.
12. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged in any business or occupation connected with the preparation of the firewood for sale or connected with the sale or distribution of the firewood tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid such wages and employed subject to such conditions as are or may be determined by the Wood, Hay, Chaff, and Coal Board under the Factories and Shops Acts; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which are or may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
13. The Contractor shall, before any account is passed for payment for supplies made, furnish a statutory declaration that all the workmen under this contract have been employed in accordance with clause 12 of these Conditions, and have been paid not less than the minimum rate of wages for such workmen as is provided for under that clause.

Treasury,  
Melbourne, 31st July, 1912.

Treasurer.

The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 187th section of the *Land Act* 1901, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act* 1901, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the *Land Act* 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act* 1890 in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.

## Special Conditions.

1. The period of occupation will, except where otherwise specified, be for thirteen months from the 1st September, 1912, to 30th September, 1913.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.
