THE COUNCIL OF PUBLIC EDUCATION.

REGULATIONS.

IN pursuance of the powers conferred by section 16 of the *Registration of Teachers and Schools Act 1905*, and by section 6, sub-section (2), and section 10, sub-section (5) of the *Education Act 1910* upon the Council of Public Education, enabling the Council to make regulations (with the approval of the Governor in Council) "for determining the courses of study and training and the examinations entitling persons to be registered as teachers; regulating by the Council of certificates of registration of teachers or of schools and the form of such certificates; providing for the keeping of the registers and mode of registering and making additions or revisions defining what schools shall for the purposes of this Act respectively be sub-primary schools, primary schools, or secondary schools (as the case may be); regarding the reciprocal admission of teachers from other States; for or relating to the time and place of meetings of the Registration Committee and the management and conduct of business thereat; and generally for carrying these Acts into effect," the Council doth hereby, subject to the approval of the Governor in Council, make the following Regulations:—

I.—REGISTRATION COMMITTEE.

1. The Registration Committee of the Council of Public Education shall meet at the Education Office, Melbourne, at quarter past Four o'clock in the afternoon of the last Monday in each month except December and January, or at such other times as may be considered necessary by the Registration Committee.

2. A quorum of the Registration Committee shall consist of not less than three members thereof.

3. At each meeting of the Registration Committee a member shall be elected to act as chairman of such meeting, and the chairman shall have a second or casting vote when there is an equal division.

4. The Registration Committee shall at least once a year report to the Council of Public Education upon the operations of the Committee.

II.—REGISTER OF SCHOOLS.

1. The Council shall make and keep a Register of Schools in the form or to the effect of Schedule A of this Regulation containing information concerning all schools, the proprietors or head teachers of which have fulfilled the conditions set forth in the Regulations of the Council relating to schools.

2. All entries to be made in the Register of Schools shall first be authorized by the Registration Committee at a meeting, and initialed by some member elected to act as chairman at such meeting.

3. A Certificate of Registration in the form or to the effect of Schedule B of this Regulation will be forwarded to the proprietor or head teacher of each registered school.

4. If any such certificate as aforesaid is alleged to be worn out, destroyed, or lost, the Council may, if it think fit, upon a statutory declaration as to the wearing out, destruction, or loss being furnished and such indemnity or undertaking being given as it may think sufficient, permit a duplicate of such certificate to be issued, and may require the payment of Five shillings; and if any such duplicate is alleged to be worn out, destroyed, or lost, may, if it think fit, upon such statutory declaration, indemnity, undertaking, and payment as aforesaid, permit the certificate to be again in like manner renewed.

5. Unless otherwise expressly authorized by the Council, the proprietor or head teacher of each registered school shall, within one month of the date of receipt of the Registration Certificate, have legibly printed or painted in a conspicuous place near the main entrance to such school the name of the school (if any), the name of the proprietor or head teacher, and the fact that it is registered as a sub-primary or as a primary, or as a secondary school, or some or all such (as the case may be), and the registered number of such school. The proprietor or head teacher shall notify the Registrar without delay of the due performance of this obligation.

6. The name of any school may be removed from the Register of Schools when the Council is satisfied—

- (a) that such school is no longer being conducted at the address stated in the Register; or
- (b) that there has been any change in the proprietorship of any such school; or
- (c) that the average attendance at such school does not exceed two pupils for three consecutive months.

7. The Council may, at the request of the proprietors or head teachers of any two or more schools, amalgamate such schools for the purposes of registration, but the Council may at the time of such amalgamation revise the classification of the amalgamated school.

8. The classification of any school in the Register of Schools may be revised and altered by the Council if it is satisfied that the course of study or the instruction given or the teaching staff of such school has been materially altered subsequent to the registration of such school.

9. In order to ascertain whether the staff, the course of study, and the instruction are being maintained up to the full standard of the division or divisions in which any school is registered, the Council, or any person appointed by it, may at any time, with or without previous notice, enter any building in which such school is being held and inspect all school records and registers (omitting those of a financial character), observe the teaching given, and make such inquiries into the control and conduct of such school as may be deemed necessary to ascertain the standard of work therein.

10. If, as a result of such inspection and report, the Council is satisfied that the staff, the course of study, or the instruction in any school is not being maintained up to the standard of the division or divisions in which the school is registered, the Council shall send, or cause to be sent, a written notice to that effect to the proprietor or head teacher of such school, informing him that it is proposed to revise and alter the registration of such school.

11. The proprietor or head teacher of any such school shall be entitled to obtain a copy of such report following upon inspection of the school, and unless within two calendar months from the date of notice it can be shown to the satisfaction of the Council that the lowering in standard of work in the school is due to temporary causes and is not likely to be permanent, the registration of such school shall be revised and altered accordingly.

12. The Council may require the proprietor or head teacher of every registered school to forward once a year to the Registrar a return showing the name and full Christian name of every teacher employed in his school, whether as head teacher, assistant teacher, visiting teacher, student teacher, or temporary teacher, giving the registered number of each registered teacher employed in his school, and indicating the division or divisions of the Register in which such teacher's name is recorded. The return shall also show the number of class rooms being used in such school.

13. Within one month after the opening of a school (other than a State school or a school aided by the State), the proprietor or head teacher shall make application on the prescribed form to the Registrar for the registration of such school.

14. With each application for the registration of a school there shall be forwarded a fee of Five shillings, which shall be returned if the application is refused by the Council. Where a school is already registered in one division, no fee shall be required for any further registration of the school.

15. Class rooms added to a school already registered must also be registered as part of the school.

16. Schools will be registered in one or more of the following divisions, namely, sub-primary, primary, secondary.

**SUB-PRIMARY SCHOOLS.**

17. Any school, in which a graduated course of education preparatory to the work of the primary school is provided for children under the age of eight years, and in which one or more teachers are employed who are registered as sub-primary teachers, may be registered as a sub-primary school.

Any school, in which one or more registered secondary teachers, or teachers of special subjects are employed, and in which, in the opinion of the Registration Committee, a complete progressive course of education is provided for pupils between the ages of twelve and eighteen years, may be registered as a secondary school. Where in the opinion of the Committee such course of education is a distinctly commercial or technical course the words Secondary (Commercial) or Secondary (Technical) (as the case may be) may be inserted in the Classification column of the Register. The Committee must, however, be satisfied that the building, staff, and equipment of such schools are adequate for the purposes of a secondary school.

20. No school shall be entitled to registration as a secondary school merely by reason of the course of study in such school being higher than that prescribed for a primary school, unless there are pupils regularly in attendance receiving an education of a standard equivalent to that qualifying for entrance to the University of Melbourne, or receiving a training in any natural experimental or applied science, or in commercial subjects up to a standard approved by the Registration Committee.

## Land Act 1911, Section 22.

MALLEE LANDS AVAILABLE FOR APPLICATION  
AS SELECTION PURCHASE ALLOTMENTS.

THE land is situated from 5 to 11 miles west of Manangatang Railway Station, and from 5½ to 11¼ miles west of Cocamba Railway Station.

Applications (with uncanceled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Wednesday, 14th October, 1914.

Two or more applications for allotments may be made at the same time by any one person, without affixing more than one duty stamp of 5s.

**Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.**

The land will be granted under selection purchase lease, and at the end of six years, if the residence, cultivation, improvement, and all other conditions have been complied with, the lease will be endorsed under the seal of the Board of Land and Works to the effect that such conditions have been complied with, and at any time within the remaining period of 14 or 34 years (as the case may be) a Crown Grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will be £10 per allotment.

The amount of loading (3s. per acre) is to be collected in instalments, therefore its cash value, about 1s. 11d. per acre only, will be the limit of expenditure for road and water improvements.

The half-yearly payment on each allotment, set out in Schedule hereto, includes the amount of loading.

The lease will contain (*inter alia*) conditions to the effect as follows:—

That substantial and permanent improvements shall be made on the land to the value of 2s. 6d. per acre before the end of the second year from the date of the lease, another 2s. 6d. per acre before the end of each year to the third and fourth years, and the balance of 7s. 6d. per acre before the end of the sixth year of the lease.

Land Act 1911, Section 22.

MALLEE LANDS AVAILABLE FOR APPLICATION AS SELECTION PURCHASE ALLOTMENTS.

THE land is situated west of Mildura Railway line. It is from 7½ to 14 miles west of Speed Railway Station, and from 7½ to 15 miles west of Turriff Railway Station.

Applications (with uncanceled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Wednesday, 14th October, 1914.

Two or more applications for allotments may be made at the same time by any one person, without affixing more than one duty stamp of 5s.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under selection purchase lease, and at the end of six years, if the residence, cultivation, improvement, and all other conditions have been complied with, the lease will be endorsed under the seal of the Board of Land and Works to the effect that such conditions have been complied with, and at any time within the remaining period of 14 or 34 years (as the case may be) a Crown Grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will range from £9 to £11 per allotment.

The amount of loading (3s. per acre) is to be collected in instalments, therefore its cash value, about 1s. 11d. per acre only, will be the limit of expenditure for road and water improvements.

The half-yearly payment on each allotment, set out in Schedule hereto, includes the amount of loading.

The lease will contain (*inter alia*) conditions to the effect as follows:—

That substantial and permanent improvements shall be made on the land—if in the first class, to the value of 3s. 4d. per acre before the end of the second year from the date of the lease, another 3s. 4d. per acre before the end of the third and fourth years, and the balance of 10s. per acre before the end of the sixth year of the lease. If in the second class, to the value of 2s. 6d. per acre before the end of the second year from the date of the lease, another 2s. 6d. per acre before the end of each year of the third and fourth years, and the balance of 7s. 6d. per acre before the end of the sixth year of the lease. If in the third class, improvements to the value of 5s. per acre must be made on the land before the end of the third year from the date of the lease, and the balance of 5s. per acre before the end of the sixth year of the lease.

The first half-year's rent and lease-fee must be paid prior to issue of lease.

That the lessee shall go into residence on the land within twelve months after the date of the lease, and shall reside for at least three years and nine months on, or within five miles of, the land during the first six years of the term of the lease, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the lessee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole or any part of the allotment during the first six years of the term of the lease, and that after the first six years of the term of the lease the lessee shall not sell, transfer, assign, mortgage, or sublet the whole or any part of the allotment unless and until the lease has been endorsed under the seal of the Board to the effect that all the conditions and covenants of the lease during the first six years thereof have been complied with.

No persons who already holds or has previously selected the area of Mallee land allowed by classification will be eligible to apply.

The total area of Mallee land which may be selected is 640 acres if in the first class, or 1,000 acres if in the second class, or 1,280 acres if in the third class. Any further area (limited as by the next succeeding paragraph) can be obtained only by purchase from other persons.

That a special condition shall be inserted in the lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of residence or agriculture and grazing, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,600 acres, if the land be in any other class.

That the lessee or grantee or owner shall preserve the timber on, or plant an area of, not less than 3 per cent. of the total extent of his holding. (N.B.—Along the exposed boundary lines, viz., the western and southern, would be preferable.)

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and windbreaks.

Plans may be obtained at the Enquiry Office, Lands Department, Melbourne, and at Land Offices, Alexandra, Ararat, Bairnsdale, Ballarat, Beechworth, Benalla, Bendigo, Geelong, Hamilton, Horsham, Omeo, St. Arnaud, Stawell, Scymour, Sale, and Warracknabeal, and may be inspected at the principal railway stations throughout the State.
