General Conditions.

35. Where schools are classified in divisions or in subdivisions, the Director shall determine the division or the subdivision in which a school shall be placed, and the number of scholarships to be awarded to each division or subdivision; and, in the case of candidates who, during the twelve months preceding the examination at which they present themselves, have attended more schools than one, he shall determine the division or the subdivision in which such candidates may be permitted to compete.

36. No scholarship under clause 1, 12, 17, or 22 above shall be awarded, and no nomination under clause 31 above shall be made, to any candidate who, during the two years immediately preceding the first day of January succeeding the examination, has not been continuously on the rolls of and in regular attendance at a school in Victoria; but candidates who have not resided in Victoria for a period of two years may be granted permission to compete in the division or subdivision in which the school they have attended is placed.

37. No scholarship shall be awarded to any candidate who at the competitive examination, does not obtain a satisfactory percentage of the possible marks. If, however, the number of candidates in any division or subdivision of clauses 1, 2, and 17 above, who obtain a satisfactory percentage of the possible marks, be less than the number of scholarships allotted to such division or subdivision, the scholarships unallotted may be awarded to candidates in any other division or subdivision.

38. (a) Where a scholar under clause 1 or clause 12 above is allowed by the Minister to attend a higher elementary school or a district high school, he shall receive free tuition thereat, and, in addition, he shall be granted an allowance of £4 per annum towards expenses of books and other materials.

- (b) Where it is necessary that any scholar under clause 1, 12, or 17 above shall reside apart from his parents or guardians, the Minister may grant, in lieu of the cost of transit of such scholar, an allowance at the rate of £26 per annum.
- (c) The allowances mentioned in sub-clauses (a) and (b) of this clause shall not be paid to any scholar if the total amount of net profits, emoluments, and income received by his parents or guardians during the preceding year exceeded a quota of £50 for each member of the family, including such parents or guardians and excluding children earning a wage of 10 shillings or more weekly. Provided that the above restriction shall not affect any scholar whose parents' net profits, emoluments, and income were less than £250. The Minister shall decide whether any scholar is eligible to receive such allowance, and the decision of the Minister shall be final.

40. Payments of allowances in connexion with scholarships will be made quarterly; but all payments and all awards of scholarships by the Minister will be conditional on moneys being placed at his disposal by the Legislature. The approval of the Minister must first be obtained to a letter of application (on a prescribed form) by the scholar's parent or guardian before a claim for payment of the allowance under clause 39 (a) or clause 39 (b) above will be entertained.

41. The Minister may at any time cancel any scholarship if—

- (a) the prescribed conditions of tenure are not complied with; or if
- (b) he is satisfied that the conduct of any scholar has been idle, disorderly or immoral; or if
- (c) it is shown, on the report of an inspector of schools, that any scholar has failed to make satisfactory progress;

and, thereupon, all advantages and allowances connected with such scholarship shall cease and determine.

42. On the production of satisfactory evidence, any scholar may, on the certificate of the Director, have his scholarship suspended by the Minister for one year, and, if necessary, for a further period.

Marine Act 1890.

PORTS IN VICTORIA.—ADDITION TO PORT RULES.

PROCLAMATION

By His Excellency the Honorable Sir Arthur Lyulph Stanley, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George; Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

WHEREAS by Part II. of the *Marine Act 1890* (54 Vict. No. 1165) it is amongst other things enacted that the Governor in Council, by Proclamation published in the *Government Gazette*, may from time to time define the limits and boundaries of ports in Victoria, and frame Rules and Regulations for the government and preservation of the said ports respectively, and for the regulation of shipping, and also for the due protection and preservation and the good government and management of all public wharfs, and that any such Regulation may from time to time be in like manner altered, amended, or repealed, and others substituted in their stead: Now therefore I, the Governor of the State of Victoria in the Commonwealth of Australia, with the advice of the Executive Council of the said State, do hereby make the following addition to the Port Rules respecting the Management of the Patent Slip at Paynesville, that is to say:—

RULES FOR THE MANAGEMENT OF THE PAYNESVILLE PATENT SLIP.

Hours.

1. Except on Sundays and holidays, the gates of the Slipyard will be opened at 7.30 a.m. and closed at 5 p.m. daily, exclusive of Saturdays, when they will be closed at 11.45 a.m. Should any extension of hours be required in consequence of continuous repairs to a vessel on the Slip, such may be obtained on application to the foreman, and on payment of the requisite overtime, viz., time and a half.

Admittance to Slipyard.

2. Only those persons employed in connexion with operations in progress within the Slipyard, officers and crew of vessels on Slip or moored at the Slip Wharf, and persons having special permission, will be admitted into the Slipyard.

Dues.

3. All vessels will be required to pay dues according to the schedules hereunto annexed; the said dues including and covering the cost of hauling up, and launching, shoring, wedges, and blocks, as hereinafter provided; the cost of all labour on shore connected with the slipping or launching of a vessel, and the use of the warp required for warping a vessel on or off the Slip.

Blocks, Shores, &c.

4. Blocks, shores, and stages will be provided by the Government.

All necessary stage planks and cross-bearers, with the use of the Yard during the carrying on of repairs, will be allowed the persons effecting the repairs without any additional charge; but any damage occurring to the same, or to the slip-cradle, or other material, shall be made good at the expense of the applicant for registration of the ship, and all such materials lent by the Government to the person using the Slip shall be returned in the same order as received, and stacked to the satisfaction of the foreman previous to the vessel being launched, and no such materials will be allowed to be taken from the Slip premises whilst effecting repairs after the vessel is launched.

Registration.

5. The owner, master, or agent of any vessel desiring the use of the Slip should make his application to be registered on the form to be obtained from the officer in charge of the Slipyard, such application to be lodged between the hours of 9 a.m. and 5 p.m. on week days, and from 9 a.m. until 11.45 a.m. on Saturdays, which will be duly registered in order of receipt. Should any dispute arise as to priority for registration, such shall be submitted to and decided by the Commissioner of Public Works, or other Minister acting in his behalf, whose decision shall be final. With the application for registration, and before registration is made, the sum of Two pounds (£2) shall be paid to the foreman as "entrance fee," which sum shall be allowed as part payment of Slip dues, provided that such Slip dues shall be settled within seven days after delivery of the account for the same, otherwise such fee will be liable to forfeiture, and Slip dues to be paid in full. No vessel will be taken on the Slip until all claims due in respect of such vessel, or other vessels belonging to the same owners, or

having the same master or agent, shall have been paid. The officer in charge of the Slipyard will duly intimate to the applicant the date when the Slip will be available.

Turns Lapsing.

6. Should any vessel not be in a position and ready to be warped over slip-cradle at such time as may be specified in writing by the officer in charge of the Slipyard, and addressed to the person making the application, the turn of such vessel will lapse, and fresh application for registration must be made, the entrance fee being also forfeited, and the applicant will be responsible for any expenses already incurred in connexion with the slipping, unless the inability to slip shall have occurred through stress of weather, which the officer in charge of the Slipyard shall determine, when such vessel may retain her position upon the register without forfeiture of the entrance fee.

Accidents and Delays.

7. The Government will not hold itself responsible for any delay or accident occurring to any vessel during hauling up or launching, nor while on the Slip, the vessel being during the whole of such time entirely at the risk of the owners, except such may occur by the fault or negligence of any of its servants.

Control of Vessels.

8. So soon as any warp shall have been made fast to any vessel by instruction of the foreman of the Slipyard, such vessel having been placed in position by and at the expense of the master or owner in line with the fairway and within 20 feet of the entrance of the Slipway, and until relieved by the withdrawal of such warp, such vessel shall be held to be under the control of the foreman, whose directions must be implicitly and promptly attended to.

Sufficient Crew.

9. There shall be a sufficient number of officers and crew on board every vessel while warping her between the platforms and standing her on the cradle, and assisting on board and attending to such orders as may be given by the foreman.

Changes of Turns.

10. Changes of turns between vessels will be allowed with the written sanction of the officer in charge of the Slipyard, but not otherwise.

Breaking up or Scuttling.

11. No vessel shall be broken up or scuttled while on the Slip, except with the written permission of the officer in charge of the Slipyard; and should any master, owner, or agent commence to break up or scuttle any vessel on the Slip without such permission, the officer in charge of the Slipyard may at once remove such vessel from the Slip, and the master, owner, or agent shall be responsible, in addition to Slip dues, for any expenses which may be incurred by such officer in charge of the Slipyard in so doing.

Delay in Launching.

12. Should wind and weather or tide not permit of a vessel being launched when the repairs are completed, she may be allowed to remain on the Slip, without any additional charge, subject to the decision of the officer in charge of the Slipyard, but no demand for demurrage can be entertained.

Dues Charged by Tonnage.

13. Sailing ships are to be charged dues on their net registered tonnage, and steam or motor propelled vessels on their gross tonnage; tonnage in both cases to be British measurement.

Regulations and Cleanliness to be Observed.

14. The officers, crew, and workmen of any vessel while on the Slip shall strictly comply with the printed rules and regulations of the establishment, copies of which will always be posted at the Slip gates and in the Slip office. Any workman committing any breach of the regulations will be liable to be prohibited from entering the Slip premises. Before any vessel be launched from the Slip, the slipway must be cleaned up to the satisfaction of the foreman by or at the expense of the person who registered the vessel.

Contractors having the right of entry for their employes engaged on any work in the Slipyard will be held responsible for their proper conduct, and any complaint made by the foreman in charge must be promptly

inquired into and satisfaction given, otherwise such workman or workmen will be refused further admission to the Slipyard.

Special Arrangements.

15. Should the Slip be engaged for the purpose of slipping any vessel requiring extensive repairs for a period of not less than six working days, the Commissioner of Public Works may remit such portion of the Slip dues as he may deem fit. Vessels using the Slip under this rule shall be kept in such a condition as to be able to leave the Slip (if required for another vessel) within a period of two (2) days after notice has been given to leave, otherwise full dues will be charged for every day the vessel remains on the Slip after the date of notice has expired.

16. Vessels are to be trimmed, so far as may be possible, to float upright on an even keel before being submitted to the foreman for slipping purposes, and the masters or owners of vessels which are not floating upright when taken on to the Slip shall be responsible for all expense and delay caused by righting such vessels. Cargo of any description or coals shall not be shipped or moved within vessels whilst such vessels are supported on the slip-cradle.

Repairs.

17. Repairs will be undertaken by the Government if so desired.

KOONDROOK ESTATE (IRRIGABLE LAND).

ALLOTMENTS IN THE KOONDROOK ESTATE AVAILABLE FOR APPLICATION UNDER CONDITIONAL PURCHASE LEASE.

THE several allotments included in the schedule hereunder are declared available as Farm Allotments until Wednesday, 1st July, 1914. Applications must be made on the prescribed forms and lodged with the Secretary, Closer Settlement Branch, Lands Department, accompanied by the deposit, as shown in Schedule hereunder, for the most valuable allotment applied for. The deposit includes registration fee of 5s. and lease fee of £1. A Local Land Board to deal with the applications will be held at the Court House, Kerang, on Thursday, 9th July, 1914, at 4 p.m.

Terms, Conditions, &c.

The leases issued to successful applicants may be for such a term of years, not exceeding 31½, as may be agreed upon between the lessee and the State Rivers and Water Supply Commission.

An applicant may apply for more than one allotment, but will only be required to lodge one deposit, being the amount chargeable on the most valuable allotment applied for. Applicants must be at least 18 years of age.

No conditional purchase lease of a Farm Allotment can be granted to any person who is already the holder of land of the value of £2,500 (township land excepted), or who would thereby become the holder of land exceeding such value. This does not apply to Homestead Allotments.

Improvements to the value of at least two instalments of the purchase money must be effected on each farm allotment before the end of the first year from the date of the lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year.

The lessee must enclose his allotment with a substantial and sufficient fence within two years from the date of his lease unless sooner called upon under the provisions of the *Fences Act 1890*.

The lessee must reside on the estate. (Personal residence by the lessee's wife, or any child not less than eighteen years of age of lessee, may be considered personal residence by the lessee, with the approval of the Commission). In special cases the Commission has power to allow persons other than those above mentioned to reside for a limited period in lieu of lessee.

The lessee cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first six years of the lease.

Leases will be subject to a condition providing for resumption of land required for necessary drains or channels through any allotment.

Lessees are not permitted to destroy or remove timber from the land unless by written consent of the Commission.

The amount of deposit (less £1 5s.) will be deducted from the capital value, and the half-yearly instalments calculated on the balance of purchase money.

Payments in advance may be made at any time at the option of the lessee, and proportionate reduction of interest secured thereby.

The balance of purchase money, with interest at 4½ per cent., must be paid by 63 or a lesser number of half-yearly instalments calculated according to any of the tables under Division 3 of Part I. of the *Savings Banks Act 1890 Amendment Act 1896*, the first of such instalments being payable six months after the date of the lease. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

The Crown grant may be issued to the lessee at the end of any half-year after the first twelve years have expired, on payment of the balance of purchase money, and will be subject to a condition that the owner for the time being of the land, or a member of his family over eighteen years of age, or any person approved by the Governor in Council, shall reside thereon for at least eight months in every year, and that a breach of this condition may lead to the forfeiture of the land to the Crown.

Plans and further information may be obtained from the Enquiry Office, Crown Lands Department.

MALLEE LANDS AVAILABLE FOR APPLICATION AS SELECTION PURCHASE ALLOTMENTS.

THE land is situated north-east from Rainbow and Lake Albacutya, and is from 5½ to 12 miles from the terminal station on the Rainbow-Nyppo railway extension now in course of construction.

Applications (with uncancelled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Saturday, 25th July, 1914.

Two or more applications for allotments may be made at the same time by any one person, without affixing more than one duty stamp of 5s.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under selection purchase lease, and at the end of six years, if the residence, cultivation improvement, and all other conditions have been complied with, the lease will be endorsed under the seal of the Board of Land and Works to the effect that such conditions have been complied with, and at any time within the remaining period of 14 or 34 years (as the case may be) a Crown Grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will range from £9 to £12 per allotment.

The amount of loading (3s. per acre) is to be collected in instalments, therefore its cash value, about 1s. 11d. per acre only, will be the limit of expenditure for road and water improvements.

The half-yearly payment on each allotment, set out in Schedule hereto, includes the amount of loading.

The lease will contain (*inter alia*) conditions to the effect as follows:—

That substantial and permanent improvements shall be made on the land, if in the second class, to the value of 2s. 6d. per acre before the end of the second year from the date of the lease, another 2s. 6d. per acre before the end of each year of the third and fourth years, and the balance of 7s. 6d. per acre before the end of the sixth year of the lease. If in the third class, improvements to the value of 5s. per acre must be made on the land before the end of the third year from the date of the lease, and the balance of 5s. per acre before the end of the sixth year of the lease.

The first half-year's rent and lease-fee must be paid prior to issue of lease.

That the lessee shall go into residence on the land within twelve months after the date of the lease, and shall reside for at least three years and nine months on, or within five miles of, the land during the first six years of the term of the lease, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the lessee shall not transfer, assign, mortgage, or sublet, or part with the possession or grant the use of the whole or any part of the allotment during the first six years of the term of the lease, and that after the first six years of the term of the lease the lessee shall not sell, transfer, assign, mortgage, or sublet the whole or any part of the allotment unless and until the lease has been endorsed under the seal of the Board to the effect that all the conditions and covenants of the lease during the first six years thereof have been complied with.

No person who already holds or has previously selected the area of Mallee land allowed by classification will be eligible to apply.

The total area of Mallee land which may be selected is 640 acres if in the first class, or 1,000 acres if in the second class, or 1,280 acres if in the third class. Any further area (limited as by the next succeeding paragraph) can be obtained only by purchase from other persons.

That a special condition shall be inserted in the lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of residence or agriculture and grazing, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,600 acres, if the land be in any other class.

That the lessee or grantee or owner shall preserve the timber on, or plant an area of, not less than 3 per cent. of the total extent of his holding. (N.B.—Along the exposed boundary lines, viz., the western and southern, would be preferable).

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and windbreaks.

Plans may be obtained at the Enquiry Office, Lands Department, Melbourne, and at Land Offices, Alexandra, Ararat, Bairnsdale, Ballarat, Beechworth, Benalla, Bendigo, Geelong, Hamilton, Horsham, Omeo, St. Arnaud, Stawell, Seymour, Sale, and Warracknabeal, and may be inspected at the principal railway stations throughout the State.

Applicants may obtain from a Local Land Officer, or the Enquiry Office, Lands Department, Melbourne, a certificate authorizing the issue, by the Railway Department, of a ticket over the Victorian Railways only, at excursion fares, to enable them to inspect the land, or to attend the Local Land Board.

NOTE.—No tender will be accepted unless the fee for the period as shown in the head-lines, and fee of Five shillings for licence, are forwarded.

TENDERS will be received on or before Thursday, 25th June, 1914, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 187 of the Land Act 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 187th section of the Land Act 1901, or being resumed

by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the Land Act 1901, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the Land Act 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licence shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act* 1890 in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licensee may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.

Special Conditions.

1. The period of occupation will, except where otherwise specified, be for fifteen months from 1st July, 1914, to 30th September, 1915.

2. The fee for the period as shown in the head-lines—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.
4. *Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.*
5. The highest or any tender not necessarily accepted.
6. Tenderers must give their full name and ordinary postal address.
7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.
8. The outgoing tenant has the option to remove any existing fencing within one month or to require the incoming tenant to pay for it in accordance with the provisions of section 190, *Land Act 1901*.

Plans can be seen and information may be obtained in this office.

Section 13, *Land Act 1904*, provides:—

1. Where a licensee under section 187 of the *Land Act 1901* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.
2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

IN pursuance of the powers conferred by the *Local Government Act 1903*, the President, Councillors, and Ratepayers of the Shire of Charlton order as follows:—

1. No person shall use or cause or procure any other person to use on any public highway any traction engine or other vehicle having on its wheels any bars, spikes, grips, or other projections:

This prohibition, however, shall not apply to—

(a) Any traction engine, used only for hauling agricultural machinery, or hauling a vehicle containing such machinery only, if the projections on the driving wheels of such engine consist only of bars at least two and three-quarter inches in width and not more than one and one-sixteenth of an inch in thickness, and the space intervening between such bars does not exceed five inches; or,

(IV.) That the loading of any vehicle drawn by such engine does not exceed twelve tons in weight, including the weight of such vehicle.

(V.) That the weight carried by any vehicle drawn by such engine (including the weight of such vehicle) does not exceed three hundredweight for each half inch of bearing surface of the tire or felloe of each wheel of such vehicle.

2. Every owner of a traction engine shall cause to be painted in legible letters not less than one inch long, on a plate attached to the engine, or on a conspicuous place on the engine, the exact and true weight thereof, and the maximum weight of water and fuel necessary for its propulsion.

3. So long as the fires of a traction engine are alight, or the traction engine contains in itself sufficient motive power to move it, one person shall remain in attendance whilst it is on any public highway, although it is stationary.

4. No person shall take any traction engine across or along any bridge, culvert, or embankment so as to meet or pass thereon any other traction engine or any person with a horse or a vehicle drawn by a horse.

5. No person shall halt (unless through unforeseen circumstances, or unless actually engaged in loading or unloading) in any part of a road where the traffic way is narrowed by fences, excavations, embankments, dangerous depressions, or such like, but shall draw off at least twenty feet from the middle of the formation in the case of a made road, or the middle of the surveyed road if unmade.

8. No person shall use or cause or procure to be used on any public highway any traction engine unless there is carried on such engine, or some vehicle drawn by the same at least four wooden planks twelve inches in width, four inches in thickness, and at least twelve feet in length, and when crossing any bridge or culvert the driver or the person in charge of such engine shall lay down such planks, and no engine shall be permitted to cross over any bridge or culvert except on such planks.

9. The driver of a traction engine shall shut off steam immediately the driving wheels of the engine commence to skid, and he shall not start the engine again until he has taken all necessary and proper means to prevent damage being done to the highway by the skidding of the wheels.

10. Any person shall, for any wilful act or default contrary to this By-law, be liable to the following penalty:—

(a) For the first offence, a fine not exceeding Three pounds.

(b) For the second offence, a fine not exceeding Five pounds.
