##### By-law No. 10.

The following are the rates and charges which the occupiers or owners of lands and tenements liable to be rated, or other persons shall pay for the year 1915 in respect of water supplied by the Trust in the said Urban District:—

1. For every house or other tenement fronting any street wherein the water pipes of the Trust have been laid, and not being unoccupied land, a rate of Two shillings in the pound on the amount of the municipal valuation of such house or other tenement and the land (if any) valued therewith shall be paid; the minimum amount to be so paid to be Twenty shillings. In cases where water is supplied to land upon which there is no building, the rate shall be Two shillings in the pound, according to the municipal valuation of such land. In no case, however, shall a rate of less than Ten shillings (10s.) be paid.

2. For land upon which there is no building, and to which water is laid on, but which land fronts any street wherein water pipes of the Trust have been laid, the rate shall be Two shillings (2s.) in the pound on the amount of the municipal valuation thereof. In no case, however, shall a rate of less than Ten shillings (10s.) be paid.

3. For houses proved to the satisfaction of the Trust to have remained unoccupied for a period of not less than six calendar months, the rate per house shall be two-thirds of the amount which would be payable if such house had not been so unoccupied; but in no case shall the rate be less than Ten shillings.

4. The foregoing rates are hereby made payable half-yearly, in advance, one moiety on the 1st January, 1915, and one moiety on the 1st July, 1915.

5. For water supplied for domestic or other than domestic purposes by the Trust by measure the charge shall (except where otherwise agreed by the Trust, and save as is hereinafter provided in this By-law), be One shilling and sixpence (1s. 6d.) per 1,000 gallons up to such quantity as would be equal to the amount of the assessed rate payable in respect of the premises so supplied; and for all water consumed in excess of such quantity, a charge of Two shillings (2s.) per 1,000 gallons shall be made.

6. Private water troughs will be charged at the rate of Twenty shillings each per annum where the valuation of the property on which such trough is situated does not exceed Ten pounds. Such trough charge in such case to include the water rate payable.

Where the valuation of the said property exceeds Ten pounds there shall be no trough charge additional to the rate, except where, in the opinion of the Trust, a meter is necessary, in which case payment shall be by measure for the water used; but in no case shall the rate be less than Twenty shillings.

7. Water supplied to public gardens, parks, show grounds, cricket grounds, and bowling clubs shall be charged for by measurement at Sixpence (6d.) per 1,000 gallons; any quantity supplied in excess of the full measure of a unit of 1,000 gallons shall be charged for as 1,000 gallons. For a supply of water for the erection of wooden buildings with plastered walls, the charge shall be £1 for each such building. For a supply of water for wooden buildings where no plaster is used, the charge shall be Ten shillings for each such building. All payments shall be made in advance. No person shall take or use any water for or in connexion with the erection of any new buildings or alterations to or additions to existing buildings till he has obtained the receipt of the Trust's officer for payment of the amount payable for the use of such water, or the consent, in writing, of the Trust, or its officer. Any person offending against the provisions hereof shall be liable to a penalty not exceeding Five pounds for each such offence. All such charges shall be additional to all rates or other charges payable by the owner or occupier of the premises upon which the building is being erected, and shall, in the first instance, be payable by the builder or contractor, and, if unpaid by the builder or contractor, shall be charged to and paid by the owner of the premises whereon such building is being erected, but such charge to the owner shall not prejudice the right of the Trust to proceed at its option against either the builder or contractor or the owner or occupier for the amount so payable.

10. The occupier of two or more tenements liable to be rated, one of which is supplied with water by measure, shall be entitled, on payment of the rates of such tenements respectively, to use without further charge such a quantity of water by meter as shall not exceed at the current charge for water supplied for domestic purposes by measure the amount of such rates; provided that the tenement or tenements not supplied by measure shall not be connected with the pipes of the Trust.

The occupier of two or more tenements, each of which is supplied with water by measure, shall be entitled to use, without further charge, such a quantity of water at either or both such tenements as shall not exceed at the current charge for water supplied for domestic purposes by measure, the total amount at which such tenements, if not supplied by measure, would be rated.

11. For gas engines, oil engines, and steam boilers the charge shall be by measure; the minimum amount to be charged and paid shall be Twenty shillings, to be paid and payable in advance in each case. No water will be supplied to any such engine or boiler until a meter shall have been affixed to the supply pipe of such engine or boiler to the satisfaction of the engineer of the Trust; and no water will be supplied to any engine unless such engine is fitted with mechanical appliances to circulate and re-use the water to the satisfaction of the Trust's officer.

12. The minimum quantity of water to be charged for half-yearly in each case where water is supplied by measure for other than domestic purposes shall (except where otherwise implied or provided in this By-law) be 10,000 gallons, and such water shall (where it is not otherwise provided herein in this By-law or otherwise specially agreed by the Trust) be charged for at the rate of Two shillings (2s.) per 1,000 gallons.

13. Supplies of water for purposes not specified herein are to be paid for at such charge as the Trust shall in each case determine, and the preliminary payments appointed by the Trust on account of such charge shall be made at the office of the Trust before a supply shall be taken or used.

14. Such person or persons as the Commissioners of the Hamilton Waterworks Trust may from time to time appoint for that purpose shall be authorized to demand, receive, collect, and recover the rates and charges aforesaid and each of them.

15. In the construction of this By-law the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole, and the word "Trust" shall mean the "Hamilton Waterworks Trust."

\* Deposit of £10 required. Delivery on trucks at Wail Railway Station.

*Tenders for supply of forage to more than five separate stations in any one district must be accompanied by a preliminary deposit of 10s. for each and every station tendered for except in the case of the Melbourne District, the preliminary deposit for which shall be 12s with each tender, irrespective of the number of stations tendered for, and the State Plantation at Wail, the preliminary deposit for which shall be £10. Deposits must be in bank notes, or bank drafts payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application; such deposit will be forfeited in the event of the tenderer, after the time fixed for the closing of tenders, withdrawing or attempting to withdraw his tender, or of the successful tenderer failing to complete the necessary bond within a reasonable time after the acceptance is notified.*

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to hold contracts for Government supplies for a period of two years.

The price must include delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

For police stations, excepting the depôt and institutions other than police, the successful tenderer will be required to enter into a bond for the sum of £5 per horse per station, and for the depôt and other institutions a bond based on one-quarter of the total amount of the tender accepted, such bonds to be entered into within a reasonable time after the acceptance is notified. Two approved sureties are required for contracts where the sum stated in the bond is £50 and upwards, and one surety where the sum stated is under £50.

## CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed except when otherwise specified in the contract; the straw to be wheaten or oat, and both to be in all respects of the best quality; oats, white or Algerian (Victorian grown), of the best description, full kernel, clean, and free from wild oats or other objectionable seeds; bran to be sound and sweet, and of the best description; chaff to be made from oat hay of the best quality. As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.
2. The quantities stated in the schedule are only approximate, and the Government may draw either more or less than those mentioned. Should new telegraph stations be formed or additional horses be required at any station, the contractor will be required to supply the extra forage. Unless otherwise specified in the tender form the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station, should the additional number of permanent horses exceed two.
3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depôt may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, and also forage for any extra horses that may be at any time stabled at the depôt for police purposes, at the same rates. The contract for the supply of forage to the Military Barracks may be terminated by three months' notice being given by the Secretary to the Tender Board to the contractor of such determination.
4. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.
5. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.
6. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 4.
7. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue to either party by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, but he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 4.
8. A refusal to execute orders, irregularity in the quantity or quality of the forage, or delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the State for the time being may direct. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.
9. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
10. Under no circumstances will a contractor be permitted to abandon his contract, and in the event of his failing to carry on his contract he will be held liable for any loss which the Government may sustain in consequence of such failure. In the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.
11. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase by any Department of forage grown at any Government establishment.

Treasury,  
Melbourne, 1st December, 1914.

A. J. PEACOCK,  
Treasurer.
