The following are the rates and charges which the occupiers or owners of lands and tenements liable to be rated, or other persons shall pay for the year 1916 in respect of the water supplied by the Trust in the said Urban District:—

1. For every house or other tenement fronting any street wherein the water pipes of the Trust have been laid, and not being unoccupied land, a rate of Two shillings in the pound on the amount of the municipal valuation of such house or other tenement and the land (if any) valued therewith shall be paid: the minimum amount to be so paid to be Twenty shillings. In cases where water is supplied to land upon which there is no building, the rate shall be Two shillings in the pound, according to the municipal valuation of such land. In no case, however, shall a rate of less than Ten shillings (10s.) be paid.

2. For land upon which there is no building, and to which water is laid on, but which land fronts any street wherein water pipes of the Trust have been laid, the rate shall be Two shillings (2s.) in the pound on the amount of the municipal valuation thereof. In no case, however, shall a rate of less than Ten shillings (10s.) be paid.

3. For houses proved to the satisfaction of the Trust to have remained unoccupied for a period of not less than six calendar months during the year 1916, the rate per house shall be two-thirds of the amount which would be payable if such house had not been so unoccupied; but in no case shall the rate be less than Ten shillings.

4. The foregoing rates are hereby payable half-yearly, in advance, one moiety on the 1st January 1916, and one moiety on the 1st July 1916.

5. For water supplied for domestic or other than domestic purposes by the Trust by measure the charge shall (except where otherwise agreed by the Trust, and save as is hereinafter provided in this By-law) be One shilling and sixpence (1s. 6d.) per 1,000 gallons up to such quantity as would be equal to the amount of the assessed rate payable in respect of the premises so supplied; and for all water consumed in excess of such quantity, a charge of Two shillings (2s.) per 1,000 gallons shall be made.

6. Private water troughs will be charged at the rate of Twenty shillings each per annum where the valuation of the property on which such trough is situated does not exceed Ten pounds. Such trough in such case to include the water rate payable.

Where the valuation of the said property exceeds Ten pounds there shall be no trough charge additional to the rate, except where, in the opinion of the Trust, a meter is necessary, in which case payment by measure for the water used; but in no case shall the rate be less than Twenty shillings.

7. Water supplied to public gardens, cricket grounds, and bowling clubs shall be charged by measurement at Sixpence (6d.) per 1,000 gallons; any quantity supplied in excess of the full measure of a unit of 1,000 gallons shall be charged for as 1,000 gallons. For a supply of water for the erection of wooden buildings with plastered walls, the charge shall be £1 for each such building. For a supply of water for wooden buildings where no plaster is used, the charge shall be Ten shillings for each such building. All payments shall be made in advance. Any person offending against the provisions hereof shall be liable to a penalty not exceeding Five pounds for each such offence. All such charges shall be additional to all rates or other charges payable by the owner or occupier of the premises upon which the building is being erected, and shall, in the first instance, be payable by the builder or contractor, and, if unpaid by the builder or contractor, shall be charged to and paid by the owner of the premises whereon such building is being erected, but such charge to the owner shall not prejudice the right of the Trust to proceed at its option against either the builder or contractor or the owner or the occupier for the amount so payable.

10. The occupier of two or more tenements liable to be rated, one of which is supplied with water by measure, shall be entitled, on payment of the rates of such tenements respectively, to use without further charge such a quantity of water by meter as shall not exceed at the current charge for water supplied for domestic purposes by measure the amount of such rates: provided that the tenement or tenements not supplied by measure shall not be connected with the pipes of the Trust.

14. Such person or persons as the Commissioners of Hamilton Waterworks Trust may from time to time appoint for that purpose shall be authorized to demand, receive, collect, and recover the rates and charges aforesaid and each of them.

15. In the construction of this By-law the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole, and the word "Trust" shall mean the "Hamilton Waterworks Trust."

APPOINTMENT AND PROMOTION IN THE GENERAL DIVISION.

(Act No. 2713, Section 71 (v), (vi), and (vii), and
Act No. 2687, Section 13.

Registration and Examination of Applicants.

1. Every applicant (except for the position of Messenger) must at the date of his application be between the ages of twenty-one and forty-one years, and must forward to the office of the Inspector-General of the Insane an application in his own handwriting, stating his full name and address, the date and place of birth, and the particular appointment or class of appointment which he desires to obtain. He must also send in a certificate of good moral character and industry, as well as a certificate of suitability for employment from either the Inspector-General of the Insane or the Medical Superintendent of one of the Hospitals.

Nurses should be 5 ft. 3 in. in height, and Attendants 5 ft. 8 in., with correspondingly good physical development, and in their form of application they should state what their previous occupation or work has been.

Applicants for the positions of Messenger must be between the ages of sixteen and twenty; Messengers will not be retained after they have reached the age of twenty-one years.

2. Every applicant to be recorded for appointment to any office requiring the exercise of skill usually acquired in some mechanical trade or other occupation must satisfy the Inspector-General, by the production of certificates or otherwise, that he possesses the handicraft and experience necessary for the work of the office.

3. On the production of these certificates applicants may have their names entered in the "Register of Applicants for Employment," and will be nominated as vacancies occur. Prior to nomination, however, it will be necessary for applicants to furnish a certificate of good physical health.

4. New appointments, all things being equal, will be made from among those persons whose names are entered in the "Register of Applicants for Employment" according to priority of registration for vacant offices, combined with fitness in each case for the particular office to be filled, and the Educational Test Examination having been passed; but the Inspector-General may nominate any applicant who has special qualifications without regard to his position on the Register.

5. If any person decline to accept an appointment which is offered to him, his name will thereupon be removed from the Register. The name of a candidate may also be removed from the Register if he fail to reply within seven days to any communication from the Inspector-General respecting his nomination to the Lunacy Department addressed to him at his last place of residence known to the Inspector-General.

6. No name of any person shall remain on the Register as that of a person qualified for appointment after he shall have attained the age of forty-one years, or for a longer period than two years from date of registration, except in the case of applicants who, subsequent to registration, joined the Australian Expeditionary Forces.

7. Any person appointed under these Regulations will be on probation for twelve months, and the Attendants will be required prior to their probationary appointment to pass an examination which will prove the sufficiency of their education.

The subjects of examination shall be those specified hereunder:—

- (a) Handwriting: to be tested by copying out at least 200 words from a passage of simple English.
- (b) Spelling: to be tested by writing from dictation an extract from a newspaper—not less than 100 words.
- (c) Arithmetic: first four rules, simple and money.

Applicants who have passed any examination for candidates for appointment in the Public Service of Victoria, or any like examination, will be exempted from this examination. Persons appointed to positions in the General Division other than those of Attendants and Nurses will not be required to pass the Educational Examination, *i.e.*, Hospital Trained Nurses, Artisans, and Servants.

First Departmental Examination.

8. Attendants and Nurses appointed under these Regulations must qualify themselves for retention on the staff of the Lunacy Department and for subsequent increments to their salaries by attending the necessary courses of lectures in Elementary Anatomy and Physiology, First Aid to the Injured, and General Duties.

Failure of an Attendant or Nurse to pass the Departmental Examinations within the times specified will be considered to be evidence of incapacity to discharge the duties of his or her office; and the retention of Attendants and Nurses on the staff will be conditional on their passing these examinations. No Attendant or Nurse will be retained on the staff of the Lunacy Department unless he or she has passed the First Departmental Examination.

9. The First Departmental Examination cannot be undertaken before the Attendant or Nurse has been in the service of the Lunacy Department for a period of one year. In the event of a failure to pass at the first attempt, on the recommendation of the Medical Superintendent the Inspector-General may approve of a second opportunity to pass the examination being given.

Second Departmental Examination.

10. The Second Departmental Examination—in general and mental nursing—cannot be undertaken until after the end of the third year of service in the Lunacy Department, but the Attendants and Nurses must present themselves for this Examination before the end of the fourth year of service, dating from the time of appointment on probation. On the passing of this Examination a certificate will be given to the successful examinee setting forth that he or she is considered as a trained mental Attendant or Nurse of the Lunacy Department. In the event of a failure to pass this second examination at the first attempt, on the recommendation of the Medical Superintendent the Inspector-General may approve of other opportunities to pass the examination being given. In the event of a second failure to pass, however, the services of the unsuccessful candidate may be dispensed with.

11. The first increment will only be recommended to the Attendant or Nurse conditional on the First Departmental Examination having been passed, and if he or she is approved of by the Medical Superintendent and the Inspector-General, and on the production of a certificate of good conduct and diligence from the Medical Superintendent of the Hospital for the Insane where he or she is employed. The second increment will not be recommended until the Second Departmental Examination has been passed.

12. In determining the claims of officers to promotion, consideration will be given in respect of merit to the following qualifications:—

- (a) Ability and knowledge required to fulfil the duties of the superior office, and the possession of the necessary tact and judgment.
- (b) Industrious habits and careful performance of work.
- (c) Good conduct, regular attendance, and prompt and cheerful service on urgent occasions.
- (d) Mental vigour and sound bodily health.
- (e) Performance of valuable services of a special nature.

In determining the claims to promotion of an Attendant or Nurse in a Hospital for the Insane, consideration in respect of merit will be given to evidence of nursing qualifications as shown by having passed the examinations held by the Department.

13. No Attendant or Nurse will be eligible for promotion to the Second Grade until the Second Departmental Examination is passed.

This will not include Attendants and Nurses appointed prior to 1st January, 1907, who may be promoted to the Second Grade, notwithstanding that they have not passed the Nursing Examination. A strong recommendation as to suitability for promotion to the higher grade will be required.

14. For promotion to the First Grade selection will be made from among those Attendants and Nurses who have passed into the Second Grade, and who have, by reason of their special fitness for the work, as well as by their good conduct and industry, proved themselves capable of taking charge of a large and important ward.

15. Except in a case in which the Inspector-General shall certify that some particular office in the Lunacy Department should be filled by a Hospital Trained Nurse, the person to fill the position of Hospital Attendant or Hospital Nurse may be selected from among the Attendants and Nurses who have demonstrated their capacity for the special work required of them.

16. It will be necessary for the Chief Nurses, the Hospital Attendants, and the Hospital Nurses to pass a special Examination in mental nursing before their appointments are confirmed.

17. Officers appointed to any position in the Lunacy Department shall not, until they shall have served for a period of 5 years on the staff of the Department, be transferred to any other Department or Branch unless such transfer is determined to be in the interests of the Public Service.

Board of Examiners.

18. All Departmental Examinations will be conducted by a Board of Examiners, which will consist of the Inspector-General or a Deputy appointed by the Inspector-General, and two Medical Superintendents or Deputy Superintendents appointed by the Inspector-General.

19. The subjects for the First and Second Departmental Examinations shall be those set forth in the syllabus of lectures adopted from time to time and issued to each Hospital for the Insane, the text-book being as prescribed from time to time.

20. The employees at the Idiot Asylum and the Reception House so far as is practicable will be subject to the same rules as the employees in the Hospitals for the Insane.

21. In accordance with the exigencies of the Department, and in order to facilitate the better training of Attendants and Nurses, the Inspector-General may transfer an Attendant or Nurse from one Hospital to another, or from the female side to the male side of the same Hospital where the nursing of male patients is undertaken by female Nurses.

22. All probationers and persons appointed on the staff of the Lunacy Department will be required to sign the agreement hereunder at the time of entry on duty.

LUNACY DEPARTMENT.

I hereby acknowledge to have received and read a copy of rules and instructions appended hereto and marked A and B which are now in force for the guidance of in the Lunacy Department. I fully understand that during my connexion with this Department and in consideration of being employed, I am obliged to obey and carry out these rules and instructions, and all other rules, instructions and orders which may be in force during my employment within the Hospital for the Insane in which I may at any time be employed, and also that I must be careful of the property of the Government of Victoria and must promote so far as I am able the interests and objects of any such Hospital, avoid gossiping about its inmates or affairs, and endeavour generally by my own conduct and demeanour to sustain the reputation of the establishment.

CLASSIFICATION OF THE GENERAL DIVISION.

(Act No. 2713, Section 71 (viii), and Act No. 2687, Section 13.

1. In the case of appointments, promotions or transfers to any office in the General Division in the Lunacy Department, the scale or amount of salary assigned to the several offices mentioned in the Schedule hereto shall be that respectively entered opposite the name of the office in such Schedule in the column headed "Yearly Rate of Pay (1)," provided, however, that the rates of pay specified in the column headed "Yearly Rate of Pay (2)" shall apply to officers appointed as described in the heading or the footnotes.

2. In cases where no minimum salary is entered opposite the name of his office in the said Schedule every officer shall be entitled to receive pay at the maximum rate without addition thereto.

3. In cases where there is a minimum rate and a maximum rate, every officer shall be entitled to receive salary at a rate within the minimum and maximum limits to be approved by the Governor in Council on the recommendation of the Inspector-General of the Insane, provided that an officer on his first appointment to the Department shall be paid at not more than the minimum rate of his office.

4. Any officer transferred or promoted to any class or grade shall thereupon be deemed to be junior to any officer already in such class or grade, but notwithstanding anything in the Schedule hereto he shall be paid an amount not less than that which he was receiving immediately before such transfer or promotion. Officers who are transferred to the Attendants' or Nurses' staff from the Artisans' and Servants' staff, and who are in receipt of salaries at or above the maximum of the Third Grade, may be transferred to the Second Grade on the recommendation of the Inspector-General without regard to their seniority. They will, however, be required to pass the Educational and Departmental Examinations prior to being so transferred.

5. In the case of Attendants and Nurses, promotion from Grade to Grade may be approved by the Governor in Council on the recommendation of the Inspector-General, and shall be regulated in accordance with the special regulations for Attendants and Nurses.

6. Increments may be granted to officers appointed to the offices mentioned in the following Schedule, and at the rates set forth in the Schedule.

7. Where an officer previously to his transfer from one office to another has been paid the same salary as in his new office, time served in such former office may be counted in reckoning the interval for the first increment.

8. Every increment shall be discretionary, and no increment shall be payable except on the certificate of the Permanent Head of the Department and of the Inspector-General that such increment has been earned by good conduct and efficient service.

9. If any officer is in receipt of pay greater than the maximum rate, he shall continue to receive such pay until he can be employed upon work equivalent to his salary.

10. Failure on the part of Attendants and Nurses to pass the Nursing Examinations will be taken as inefficient service, and, should the examinations not be passed, increments will not be granted.

11. Grade II.—Attendants who have been for two years in receipt of the maximum salary of Grade III. may, on promotion to Grade II., be paid the maximum salary of that grade. Attendants who have been promoted to Grade II., and who have been paid at the rate of £144 in either Grade II. or Grade III. for a period of two years, may be paid at the maximum rate of Grade II.

12. If any officer be absent from duty on account of illness, and such illness shall have extended beyond seven days, no deduction shall be made from the salary of such officer on account of allowances after the expiration of such period of seven days if the officer is under medical treatment at his own home or at a general hospital. In the case of the single men and the members of the female staff, it shall be at the discretion of the Medical Superintendent as to whether the officers shall remain at the Hospital for the Insane for treatment or be allowed to leave the institution.

Lunacy Act (No. 2687).

REGULATIONS FOR BOARDING OUT PATIENTS.

WHEREAS by section 96 of the Lunacy Act (No.
2687), it is enacted that the Governor in Council
may from time to time make, alter, and repeal regula-
tions, which shall be published in the *Government
Gazette*, for the boarding out of patients, and that such
regulations shall prescribe, together with such other
matters (if any) as the Governor in Council may con-
sider necessary, the following:—

- (1) The class or classes of persons with whom patients may be placed to reside and board.
- (2) The distance from some Hospital for the Insane within which any house in which a patient is to reside must be situate.
- (3) The accommodation which every house in which any patient is to reside and board shall contain.
- (4) The general dietary scale which must be provided for patients.
- (5) The hours to be kept by patients in such houses.
- (6) The occupations to be permitted to be followed by patients.
- (7) The degree of liberty and absence (if any) from place of residence which may be allowed to patients.
- (8) The inspection to which all such houses shall be subject.
- (9) The scale of payment to be made for patients.

Now therefore His Excellency the Governor of the Colony of Victoria, by and with the advice of the Executive Council of the same, and in pursuance of the provisions of the said Act, doth for the purposes aforesaid make the Regulations following, namely:—

1. *The Class of Persons (in these Regulations called "Guardians") with whom Patients may be placed to Reside and Board.*—Guardians must be either the owners or sole tenants of the houses, and must reside in the houses in which patients are to be boarded; and, in all cases, guardians must be people of good repute, who possess a certificate of respectability, good character, and fitness to be intrusted with the care of patients from a local magistrate or minister of religion who has known the person named in the certificate for a period of not less than six months immediately preceding the date of the certificate. In each case the person selected as a guardian shall be, if possible, of the same social position and of the same religious denomination as the patient.

Limitation as to Patients.—Excepting with the written consent in each case of the Honorable the Chief Secretary, one patient only shall be boarded in the same house at the same time, and the same person shall not be guardian of more than one patient at the same time.

2. *The Accommodation which every House or Institution in which any Patient is to Reside and Board shall contain, the distance from a Hospital for the Insane within which such House or Institution must be, and the character of the site of such House or Institution.*—The house or institution must be well drained and free from damp, with well ventilated rooms, and must be sufficiently commodious to provide for each patient a bedroom of not less cubical contents than 700 feet. In the case of patients who are boarded out at benevolent asylums or such like institutions, sleeping accommodation may be provided with the approval of the Inspector-General of the Insane, in dormitories. These dormitories must, however, contain at least 800 cubic feet of air space for each patient. Unless within 6 miles of a railway station, upon a line of railway, the house or institution must be within 30 miles of a hospital for the insane; and if within 6 miles of a railway

station, upon a line of railway, the house or institution must then be within 100 miles of a hospital for the insane; and must be in a healthy and cheerful situation.

3. *Furniture.*—Each patient's bedroom must contain a comfortable single bed and suitable bedclothes, sheets to be changed at least weekly, and such other furniture as the Inspecting Medical Officer shall from time to time require to be supplied.

Clothing.—All clothing required by the patients, and not supplied by their friends, shall be supplied from a Hospital for the Insane, and shall be such as is usually worn by ordinary persons in the same social position as the patients.

4. *General Dietary Scale.*—The food must always be sufficient in quantity, of good quality, suitable description, and carefully cooked. 6. *Occupations to be permitted to be followed by Patients.*—Patients, subject to any directions which may from time to time be given by the Inspecting Medical Officer, are to be allowed and encouraged to employ themselves in any occupation or work for which their previous education or training may suit them; but care must be taken that they do not overtask themselves. If the patients should earn any money by their exertions this must be treated as the property of the patients, and the guardians should keep an account of this for the patient, and report the amount to the Inspecting Medical Officer at each visit by him.

7. *The degree of Liberty and Absence (if any) from the Place of Residence which may be allowed to Patients.*—Outdoor exercise by patients should be, as much as possible, encouraged by guardians, but, unless approved by the Inspecting Medical Officer, patients should not be allowed to wander out of sight of their guardian, unless in the care of some person approved by the guardian—but, so far as the safety of the patient will admit of, freedom from constraint should be permitted to the patient: and, with the written consent of the Inspecting Medical Officer, a patient may be allowed to be absent from residence for not longer than eight days at one time if the guardian is satisfied of the fitness of the person with whom the patient states his intention to reside during his or her absence from his or her guardian and of the reliance which may be placed upon the patient's statement. But in each case of absence from residence for longer than one day, between the hours of 9 a.m. and 7 p.m., the previous consent in writing of the Inspecting Medical Officer must be obtained.

8. *The Inspection to which all such Houses shall be subject.*—In addition to the inspection provided for in the said Lunacy Act 1915, all such houses and the patients therein shall be visited and inspected at least once in every three calendar months by the superintendent of the Hospital for the Insane nearest to the house to be inspected, or by some medical practitioner in actual practice to be appointed by the Chief Secretary.

9. In each house a book to be called "The Inspector's Book" shall be kept by the guardian, in which the guardian shall enter—

- The date of the removal or death of patient during residence.

And in this book the Inspecting Medical Officer shall enter—

- The date of each visit made by him, with his observations on the state of the house and condition of the patient, and any other observations he may think proper.

10. *The Scale of Payment to be made for Patients.*—The scale of payment may vary, subject to the following condition, from Six shillings per week to Twelve shillings per week. The amount shall be fixed in each case by the Inspector-General of the Insane, subject in all cases in which the estate of the patient is under the control of the Master-in-Lunacy, or of any committee or guardian, to the approval of the Master-in-Lunacy. In determining

the amount to be paid the following conditions shall be considered:—

- (a) The physical and mental condition of the patient as affecting the comfort of the guardian and guardian's family;
- (b) The amount of personal attention which the patient will require;
- (c) Any special diet which the Inspecting Medical Officer may certify to be necessary;
- (d) The ability of the patient to pay, where superior accommodation is desired by the friends of the patient, and the character of the accommodation which, in such case, it is proposed should be supplied.

11. *General Duty of Guardians towards Patients*—

- (a) The first duty of the guardian shall be to secure the safety, the comfort, and happiness of the patient;
- (b) The patient shall receive the personal care and attention of the guardian;
- (c) Any indication of a suicidal tendency or extreme excitement shall be at once communicated to the superintendent of the nearest asylum for the insane.

12. *Termination of Agreement with Guardian, and Removal of Patient.*—The guardian may terminate the agreement for the board of a patient by giving not less than fourteen days' notice in writing to the superintendent of the nearest Hospital for the Insane; or, in the case of a patient being unmanageable, the guardian may take the patient back to the Hospital for the Insane or Receiving-house from which he or she came, after such reasonable notice as the circumstances of the case will admit of. In any case in which the superintendent of a Hospital for the Insane, or the Inspector-General of the Insane, shall consider, either upon the report of the Inspecting Medical Officer or upon his own inspection that any of these regulations are not duly observed by the guardian, or that the patient has ceased to be a fit subject to be boarded out, the superintendent of a Hospital for the Insane or the Inspector-General of the Insane may remove, or may order the removal of such patient, either after such reasonable notice as in each case such superintendent or Inspector-General shall think proper, or without notice if the superintendent or Inspector-General be of opinion that an immediate removal is necessary. In the event of such removal being upon the ground of a breach of the regulations, then no payment beyond the last day of the preceding week's board shall be paid, but in the event of removal for any other cause, then one week's board in addition to the week's board in which the patient is removed shall be paid to the guardian.

13. *Moneys and Property of Patient.*—Upon the removal of any patient the guardian shall hand over to the superintendent of the nearest Hospital for the Insane, or to the Master-in-Lunacy, any property of the patient in his or her possession or care, including any moneys which the patient may have earned during residence with the guardian.

14. *Notice of Death, Escape, and Recapture of Patients.*—In the event of the death, escape, or, after escape, of recapture of any patient, the guardian shall, without delay, give notice in writing of such death, escape, or recapture to the Inspecting Medical Officer, to the Inspector-General of the Insane, and to the Master-in-Lunacy.

15. *Interpretations.*—The term "The Inspecting Medical Officer," when used in these regulations, shall include the Inspector-General of the Insane, the superintendent of the nearest Hospital for the Insane, and any medical practitioner appointed by the Chief Secretary to inspect houses in which patients are boarded out.

TENDERS FOR THE SERVICE OF 1916-17.**GENERAL STORES.**

TENDERS will be received until Eleven o'clock a.m. on Tuesday, 8th February, 1916, from persons willing to furnish the undermentioned articles, in such quantities as may be ordered by the Victorian Government, or by the Commonwealth Government for its offices situated in Victoria, for the twelve calendar months indicated hereunder, commencing 1st July, 1916.

Schedule of Articles.	Year.	Preliminary Deposit, £
No. 1. Beaverskin and moleskin	1	5
2. Cottons	1	10
3. Drapery Piece Goods	1	10
4. Canvas Duck Hose, &c.	1	5
5. Tents and Flys	1	5

*Security.—10 per cent. on total amount of tender accepted, except when otherwise specified in the tender form, but in no case will security of less than £2 be received.

Schedules as above, with full particulars, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information afforded to persons tendering.

In certain schedules where doubt exists as to whether the articles enumerated may or may not be manufactured within the Commonwealth, double columns are inserted for the rates, "A" for articles manufactured within the Commonwealth and "B" for articles manufactured elsewhere.

Preference will be given by the Tender Board to tenders for articles manufactured within the Commonwealth, provided the quality of such articles is satisfactory, and the rates charged are considered reasonable. Preference will also be given to articles of British manufacture as against those of foreign manufacture.

Tenders must be accompanied by the preliminary deposit, as shown above, in bank notes, or a bank draft in favour of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application.

Security will be required, either in Victorian Government Debentures, Savings Bank Deposit Book, or Bank Deposit Receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

In the event of tenderers withdrawing their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited, and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and having the words "Tender for —" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

The Conditions of Contract are those published under General Stores, in the *Government Gazette* of 17th April, 1915, page 1420.

Tenders for supply of forage to more than five separate stations in any one district must be accompanied by a preliminary deposit of 10s. for each and every station tendered for except in the case of the Melbourne District, the preliminary deposit for which shall be £25 with each tender, irrespective of the number of stations tendered for. Deposits must be in bank notes, or bank drafts payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application; such deposit will be forfeited in the event of the tenderer, after the time fixed for the closing of tenders, withdrawing or attempting to withdraw his tender, or of the successful tenderer failing to complete the necessary bond within a reasonable time after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to hold contracts for Government supplies for a period of two years.

The price must include delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

For police stations, excepting the depot and institutions other than police, the successful tenderer will be required to enter into a bond for the sum of £5 per horse per station, and for the depot and other institutions a bond based on one-quarter of the total amount of the tender accepted, such bonds to be entered into within a reasonable time after the acceptance is notified. Two approved sureties are required for contracts where the sum stated in the bond is £50 and upwards, and one surety where the sum stated is under £50.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed except when otherwise specified in the contract; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats, white or Algerian (Victorian grown), of the best description, full kernel, clean, and free from wild oats or other objectionable seeds; bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality. As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

2. The quantities stated in the schedule are only approximate, and the Government may draw either more or less than those mentioned. Should new telegraph stations be formed or additional horses be required at any station, the contractor will be required to supply the extra forage. Unless otherwise specified in the tender form the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station, should the additional number of permanent horses exceed two.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, and also forage for any extra horses that may be at any time stabled at the depot for police purposes, at the same rates. The contract for the supply of forage to the Military Barracks may be terminated by three months' notice being given by the Secretary to the Tender Board to the contractor of such determination.

4. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

5. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

6. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 4.

7. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue to either party by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, but he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 4.

8. A refusal to execute orders, irregularity in the quantity or quality of the forage, or delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the State for the time being may direct. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

10. Under no circumstances will a contractor be permitted to abandon his contract, and in the event of his failing to carry on his contract he will be held liable for any loss which the Government may sustain in consequence of such failure. In the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

11. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase by any Department of forage grown at any Government establishment.
