COMMISSION.**

BY-LAW No. 511.—WERRIBEE URBAN DISTRICT WITHIN
THE WERRIBEE WATERWORKS DISTRICT.

THE State Rivers and Water Supply Commission, in pursuance and in exercise of the powers conferred by the Water Acts, doth hereby make the By-law following for the Werribee Urban District within the Werribee Waterworks District:—

1. All previous By-laws and Regulations relating to the subject-matter herein shall be and the same are hereby revoked, but not so as to relieve, discharge, or absolve any person from liability to pay any charge made in accordance with the provisions of the revoked By-laws or Regulations for payment of which charge such person may have become liable prior to or at the date of this By-law coming into operation; or to abrogate or diminish the power of the said Commission to recover and enforce payment of any such charge; or to annul or stay any proceedings taken or business initiated, as in conformity with the provisions of the By-laws or Regulations hereby revoked prior to the date of this By-law coming into operation, but the same respectively may be continued and carried to completion.

2. Every person using or supplied with water for other than domestic purposes solely shall, at his own expense, provide a meter, and keep and maintain the same in good working condition to the satisfaction of the Commission or its proper officer.

3. No hose or pipe shall be attached to any pipe or tap for the purpose of watering ground, or trees, or plants, or washing house walls or carriages, or for any similar purpose, except where the water is charged for by measure. Syphon pumps will not be allowed except where the water is supplied by measure.

4. Before any plumber, workman, or other person affix any meter or any service-pipe to any pipe of the Commission, or alter, repair, or in any manner interfere with any meter or pipe of the Commission, or any service-pipe, cock, or fitting connected with the pipes of the Commission, he shall obtain from the Commission a licence to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such meter, pipe, service-pipe, cock, or fitting as aforesaid, shall be guilty of an offence.

5. Any person, whether licensed as aforesaid or not, who shall open any ground so as to uncover any pipe the property of the Commission, without giving three days' notice to the Commission or its proper officer of his intention so to do, or who shall in any way tamper with or alter any pipe the property of the Commission, without the permission, in writing, of the Commission or its proper officer being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, valve, pipe, or other work, the property of the Commission, shall be guilty of an offence.

6. Any person, whether licensed as aforesaid or not, who shall lay any pipe to communicate with the pipes of the Commission, or with any service-pipe connected therewith, without giving three days' notice of the day and hour when such pipe is intended to be made to communicate with such pipes, or who shall make such communication except under the superintendence and according to the directions of the proper officer of the Commission, or who shall lay any leaden or other pipe to communicate with the pipes of the Commission of a strength and material not sanctioned by the Commission or its proper officer shall be guilty of an offence.

7. No meter for measuring the water supplied to any tenement shall be affixed until it shall have been examined, tested, and approved by the proper officer of the Commission. Every such meter shall be capable of registering at least 1,000,000 gallons.

8. The Commission, notwithstanding anything contained in this By-law may, if it so think fit, but not otherwise, affix and let for hire water meters, the rent for which shall be at the rate per annum of—

For $\frac{1}{2}$ -inch meter, Seven shillings;

For $\frac{3}{4}$ -inch meter, Eight shillings;

For any meter of larger size than $\frac{3}{4}$ inch the rent per annum shall be at the rate of 10 per centum upon the cost of such meter, fixed complete.

Such rents shall be exclusive of and in addition to the amount chargeable for the recorded consumption of water, and shall become due and be paid yearly, in advance, on the first day of the month of September in each year. Such hired meters shall be kept in repair at the cost of the Commission, except as to external injuries, the cost of repairing which shall be borne by the hirer.

9. In the event of the hirer being dissatisfied with the registering of a meter hired from the Commission, he may, by notice in writing, require the Commission to cause such meter to be removed and tested; and, together with such notice, shall forward a sum of Ten shillings, which, if the meter be found to register correctly, shall be applied in paying the cost of the removing, testing, and replacing, and the balance, if any,

shall be returned to him; but if such meter be found to fail to register, or be found to register incorrectly, it shall be repaired and replaced, or another meter shall be placed instead thereof at the cost of the Commission, and the amount deposited by the hirer shall be returned to him. Any person so hiring a meter from the Commission, who shall cease to occupy the premises on which such meter is fixed without having previously given, in writing, at least six days' notice to the Commission of his intention to do so, shall be guilty of an offence.

10. If any meter cease registering, or be found to be out of repair, or registering inaccurately, the Commission may estimate and charge for the water consumed during the period such meter was not in working order and until repaired and re-fixed, either by taking an average of the quantity used during the previous quarter, or during the corresponding period of the previous year.

11. Meters, other than such as are hired from the Commission, will be tested on delivery thereof at the Pumping Station of the Commission at Bacchus Marsh, a fee of One shilling shall be charged for each test.

12. The Commission, by its officers, may, at any time, after six days' notice, in writing, of its intention, attach a check meter to the service-pipes of any consumer, either inside or outside the premises of such consumer; and may, for such purpose, enter such premises at any time between the hours of Ten in the forenoon and Four in the afternoon, and then and there do all things necessary therefor.

13. Any person supplied with water by the Commission who shall wilfully or negligently allow such water to run to waste shall be guilty of an offence; and, in the event of continuing the same, shall be guilty of a further offence for each day, after notice from the Commission, on which such waste is continued.

14. All water troughs supplied from the pipes of the Commission shall be lined with metal, so as to be watertight, and shall have proper and efficient fittings for supplying them automatically and for preventing overflow. All such troughs and fittings shall be kept in proper order and repair. No water trough shall be of greater capacity than twenty-five gallons. Should any trough or the fittings thereof be out of repair or leaking the supply thereto may be cut off until efficiently repaired.

15. If any person supplied with water by the Commission does, or causes to be done, anything in contravention of this By-law, or fails to pay any rates or charges lawfully due by him, or fails to do anything which under this By-law ought to be done, or wilfully or negligently allows water to run to waste, the Commission may, in addition to any other remedy, cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

16. The charge to be paid for water supplied by measure from the pipes of the Commission shall be Eighteen-pence per 1,000 gallons.

17. The minimum quantity of water to be charged for by measure in each case where water is supplied from the pipes of the Commission shall be as follows:—

(1) Where the supply is for domestic as well as for other than domestic purposes, the quantity which, if charged for at Eighteen pence per 1,000 gallons, would give an amount equal to that payable in respect of the premises so supplied under the provisions of any By-law of the Commission for making and levying rates, if such premises were supplied otherwise than by measure.

(2) Where the supply is solely for other than domestic purposes, a quantity which, if charged as provided by the last preceding section, would give a sum of Five shillings for any continuous period of three months.

18. In the construction of this By-law the word "person" shall extend to and include a corporation, whether aggregate or sole; the expression "proper officer" shall mean an officer or servant of the Commission authorized to perform any act or to accept service of any notice or to execute any function on behalf of the Commission.

19. Any person guilty of an offence against this By-law shall be liable to a penalty not exceeding Five pounds, recoverable summarily before any Court of competent jurisdiction.

3. Before any such licence shall be granted by the Trust the person applying for same shall satisfy the Trust that he is a competent plumber, and shall pay in advance a licence fee of Ten shillings (10s.) per annum; but the Trust may, if it so see fit, refuse to grant such licence.

7. No person shall use, or permit to be used, or allow to run on any premises, any water for other than domestic, manufacturing, or fire-extinguishing purposes before the hour of Seven o'clock a.m. or after the hour of Nine o'clock p.m. during the months of November, December, January, and February, or before the hour of Seven (7) o'clock a.m. or after the hour of Eight (8) o'clock p.m. during the other months of the year. 10. Every person upon whose premises a water-trough stands shall keep such trough provided with a ball tap, and shall keep such water-trough and ball tap at all times in a state of thorough repair. Any person committing a breach of this clause shall be liable to a penalty not exceeding Five pounds (£5).

11. Any person committing a breach of this clause shall be liable to a penalty not exceeding Five pounds (£5).

12. Any person committing a breach of this clause shall be liable to a penalty not exceeding Five pounds (£5).

13. No person shall use water, or permit water to be used, or allow water to run in any manner whatsoever upon any land upon which is growing lucerne, maize, millet, amber cane, sorghum, or other fodder crop, or other crop of any nature whatsoever, without a permit from the secretary of the Trust, who shall, subject to the approval of the Trust, issue the same. Any person committing a breach of this clause shall be liable to a penalty not exceeding Five pounds (£5).

14. If any person does, or causes, or permits, allows, or suffers to be done, anything in contravention of this By-law, or fails to do anything which under this By-law ought to be done for the prevention of the waste, misuse, undue consumption, or contamination of the water, he shall be liable (where no penalty is otherwise herein provided for such offence) to a penalty not exceeding Five pounds (£5), and a further penalty not exceeding Five pounds (£5) for every day such misfeasance or nonfeasance shall continue after notice of the offence from the Waterworks Trust; and the Trust may cut off the water supply from the premises of such person or persons by cutting the pipe by or through which the water is supplied or otherwise, and may discontinue the supply so long as the cause or injury remains or is not remedied to the satisfaction of the Trust. Provided that neither this By-law or anything done hereunder shall in any way lessen or extinguish the rights of the Trust under the *Water Act 1905*, or any other Act or Acts relating to water supply.

15. The officer or officers of the Trust, or other person appointed for that purpose, may at all lawful times enter any house, tenement, or land to, through, or into which water is supplied by the Trust, in order to inspect the meters, instruments, pipes, and apparatus for measuring, conveying, reception, or storage of water, or for the purpose of ascertaining the quantity of water supplied or consumed, or examining if there be any waste or misuse of such water, or breach of this By-law; and if any person hinders or prevents such entry or examination he shall be liable to a penalty not exceeding Five pounds (£5). The Trust may turn off the water supplied by it from any house, tenement, or land to which such entry is refused, or on which such examination is hindered, and cease to supply the same with water until such inspection shall have been permitted and effected.

Mr. Murray	Mr. Lawson
Mr. Mackinnon	Mr. Hutchinson.
Mr. Brown	

WHEREAS the Country Roads Board constituted under the Country Roads Act 1912 (Act No. 2415) has represented to the Governor in Council that it appears to be desirable that the deviation hereinafter referred to from the existing Forrest-Apollo Bay road

THORNBURY ESTATE.

WORKMEN'S HOME ALLOTMENTS IN THE THORNBURY ESTATE AVAILABLE FOR APPLICATION UNDER CONDITIONAL PURCHASE LEASE.

THE allotments mentioned in the schedule hereunder will be available for application till 21st June, 1915.

Applications must be made on the prescribed forms and lodged with the Secretary, Closer Settlement Branch, Lands Department, accompanied by the registration fee of 5s., and a deposit equal to the first half-yearly instalment for the most valuable allotment applied for, and the lease fee of £1.

All applications so lodged on or before the above-mentioned date will be deemed to have been simultaneously made.

A Local Land Board, to deal with applications received, will be held on Thursday, 24th June, 1915, at 10 a.m., in the Board Room, Public Offices, Melbourne.

Terms, Conditions, &c., for Allotments in the Thornbury Estate.

Allotments in this Estate will be disposed of under Conditional Purchase Lease, extending over a term of 31½ years. The amount to be paid for each allotment is shown in the schedule herewith.

Any person 18 years of age who is engaged in any form of manual, clerical, or other work for hire or reward, and is not possessed of real or personal property to a value exceeding £350, or whose salary does not exceed £220 per annum, may apply for one or more allotments, but no one can be granted more than one allotment.

No conditional purchase lease of an allotment can be granted to any person who is directly or indirectly the owner of any other land in the State, which, if Town or Suburban land, exceeds ½ of an acre, or, if Rural land, exceeds 50 acres in area.

Every application must be made on the prescribed form, and be accompanied by a deposit equal to that prescribed for the most valuable allotment applied for.

The lessee has the option of paying the whole or any portion of the balance of purchase money at the end of any half-year, and securing a reduction of the instalment accordingly.

The deposit, after deducting the sum of £1 5s., for fees, will be credited as part payment of the capital value of the allotment, and the balance of the purchase money, with interest at 4½ per cent., must be paid by 63 or a less number of half-yearly instalments, calculated according to any of the tables under Division 3 of Part I. of the Savings Bank Act 1890 Amendment Act 1896. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

The lessee must, within four months, enter into bonâ fide occupation of his allotment and reside there permanently.

The lessee may at any time with the consent of the Lands Purchase Board mortgage his allotment, or transfer, assign, or sublet it to any person who is eligible to hold such an allotment.

The Crown grant may be issued to the lessee at the end of any half-year after the first twelve years have expired, on payment of the balance of purchase money, and will be subject to the same condition as the lease in regard to permanent residence.

BUILDING ADVANCE.

Not more than one residence or place of business shall be erected on any one allotment, and no building or verandah attached thereto shall be erected within 20 feet of the street boundary line, except in the case of business premises.

A substantial residence to the value of at least £300, excluding fencing, must be erected on each allotment, and an advance of £250 will be made by the Board to assist lessees to build.

Plans and specifications will be prepared by the Board's Architect, and submitted to the lessee for approval, after which tenders will be advertised by the Board.

All buildings will be erected under the supervision of the Board's Architect, and a fee of 2½ per cent. of the total contract price will be charged for the Architect's services, including the preparation of plans and specifications.

As soon as the plan has been approved by the lessee, he will be called upon to deposit the sum of £57 10s., being the amount required to complete payment for a house to the value of £300. If on acceptance of tender the cost exceeds £300, the lessee must, before the contract is signed, deposit the additional amount required to pay all charges due under the contract and for the Architect's supervision.

The amount paid by the lessee (less the charge for the Architect's services), together with the sum advanced by the Board, will be paid to the Contractor as the work proceeds, on the certificate of the Architect that the conditions of contract have been complied with in every particular.

The Board's advance of £250 will be repayable by monthly instalments of £1 12s. 11d., extending over a period of 20 years, and bearing interest at the rate of 5 per cent. per annum.

All buildings and fences are to be insured either with the Lands Purchase and Management Board or in the name of the Secretary, Lands Purchase and Management Board.

SEWERAGE ADVANCE.

The lessee may, on application to the Lands Purchase and Management Board, arrange to have his property sewered either by the Melbourne and Metropolitan Board of Works or by private contract.

The full cost of sewerage will, if required, be paid by the Lands Purchase and Management Board, and will be repayable by twenty half-yearly instalments, bearing interest at the rate of 5 per cent. per annum.

Plans and further information may be obtained from the Enquiry Branch, Crown Lands Office.

The land will be granted under selection purchase lease, and at the end of six years, if the residence, cultivation, improvement, and all other conditions have been complied with, the lease will be endorsed under the seal of the Board of Land and Works to the effect that such conditions have been complied with, and at any time within the remaining period of 14 or 34 years (as the case may be) a Crown Grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will range from £9 to £11 per allotment.

The amount of loading (3s. per acre) is to be collected in instalments, therefore its cash value, about 1s. 11d. per acre only, will be the limit of expenditure for road and water improvements.

The half-yearly payment on each allotment, set out in Schedule hereto, includes the amount of loading.

The lease will contain (*inter alia*) conditions to the effect as follows:—

That substantial and permanent improvements shall be made on the land. If in the second class, to the value of 2s. 6d. per acre before the end of the second year from the date of the lease, another 2s. 6d. per acre before the end of each year of the third and fourth years, and the balance of 7s. 6d. per acre before the end of the sixth year of the lease. If in the third class, improvements to the value of 5s. per acre must be made on the land before the end of the third year from the date of the lease, and the balance of 5s. per acre before the end of the sixth year of the lease.

The first half year's rent and lease-fee must be paid prior to issue of lease.

That the lessee shall go into residence on the land within twelve months after the date of the lease, and shall reside for at least three years and nine months on, or within five miles of, the land during the first six years of the term of the lease, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the lessee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole or any part of the allotment during the first six years of the term of the lease, and that after the first six years of the term of the lease the lessee shall not sell, transfer, assign, mortgage, or sublet the whole or any part of the allotment unless and until the lease has been endorsed under the seal of the Board to the effect that all the conditions and covenants of the lease during the first six years thereof have been complied with.

No persons who already hold or has previously selected the area of Mallee land allowed by classification will be eligible to apply.

The total area of Mallee land which may be selected is 640 acres if in the first class, or 1,000 acres if in the second class, or 1,280 acres if in the third class. Any further area (limited as by the next succeeding paragraph) can be obtained only by purchase from other persons.

That a special condition shall be inserted in the lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of residence or agriculture and grazing, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,600 acres, if the land be in any other class.

That the lessee or grantee or owner shall preserve the timber on, or plant an area of, not less than 3 per cent. of the total extent of his holding. (N.B.—Along the exposed boundary lines, viz., the western and southern, would be preferable.)

Alternative tenders for six months supply from 1st July to 31st December, 1915, are also required for articles included under Sub-schedule—Bread, Milk, Butter, and Meat for all the places above enumerated. Also alternative Tenders for Frozen Meat where provided in the Schedules.

Samples of the articles specified to sample required for the Hospitals for the Insane—Sunbury, Ararat, Ballarat, and Beechworth respectively—may be seen at the Asylums at the places named; samples required for the Gaols at Geelong, Beechworth, Ballarat, Bendigo, Castlemaine, and Sale, may be seen at the Gaols; for Aborigines, at the following police stations:—For Coranderrk, at Healesville; for Lake Condah, at Heywood and Portland; and Lake Tyers, at Bairnsdale and Cunninghame; for Lara, at the Inebriates Retreat, and from the Receiver and Paymaster, Geelong; for Greenvale, at the Sanatorium; for Rutherglen, at the College; for Wyuna, at the Irrigation Farm; for Wahgunyah, at the Vine Nursery; for Forest School, Creswick, at the school; and for institutions in the Melbourne district, at the office of the Secretary, Tender Board. Samples of the whole of the above-mentioned articles, where indicated in the schedule as to sample, can be seen at the offices of the Secretary to the Tender Board.

Printed forms of tender and the conditions of contract may, in all cases, be obtained from the Secretary to the Tender Board, Treasury, Melbourne; and for the respective districts from the Receivers and Paymasters at Geelong, Ararat, Ballarat, Beechworth, Bendigo, Castlemaine, and Sale; for Sunbury, from the Medical Superintendent, Hospital for the Insane; for Lara, from the Superintendent of the Inebriates Retreat; and for the Receiver and Paymaster at Geelong; for Greenvale, from the Superintendent at the Sanatorium; for Aborigines, from the police at stations as follow:—Coranderrk, at Healesville; Lake Condah, at Heywood and Portland; and Lake Tyers, at Bairnsdale and Cunninghame; for Rutherglen, from the Superintendent, Viticultural College; for Wyuna, from the manager, at the Irrigation Farm, and from the police at Kyabram; for Wahgunyah, from the manager, at the Vine Nursery; and for the Forest School, from the senior master, by whom also any information or explanation will be afforded to persons tendering.

Security will be required, either in Victorian Government debentures, Savings Bank Deposit Book, or Bank Deposit Receipt, in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the tenderer withdrawing the tender before notification of acceptance, or, in the event of being successful, failing to complete by lodging the security and contract form, duly signed, within the prescribed period. It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers withdrawing their tenders before notification of acceptance or failing to take up their accepted tenders within the prescribed period, when notified of acceptance, may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender.

Preference will be given by the Tender Board to tenders for articles manufactured within the Commonwealth, provided the quality of such articles is satisfactory and the prices are considered reasonable.

Preference will also be given to articles of British manufacture as against those of foreign manufacture.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in an envelope, and having the words "Tender for _____" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Treasury, Melbourne, which office they must reach by first post on the date of closing of tender.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and in conformity with the Pure Food Act, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. As the exact quantity of any article which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

3. Supplies for country stations for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

4. The Melbourne District will include places within a radius of six miles from the General Post Office, with the exception of places for which separate contracts are provided; Williamstown includes supplies for s.s.s. *Lady Lark* and *Albert*; the Ararat, Beechworth, and Ballarat Districts will include the Hospitals for the Insane, Gaiols, Police Gaiols, and Lock-ups at these places; and the Geelong District embraces a radius of two miles from the Post Office; Lara, the Inebriates Retreat; Greenvale, the Sanatorium; Rutherglen, the Viticultural College; Wyuna, the Irrigation Farm; Wainganyah, the Vine Nursery; and Creswick, the Forest School. The lock-ups at City Watch-House, Bourke-street West, Brunswick, Carlton, Coburg, Collingwood, Fitzroy, Fitzroy North, Hotham Hill, Little Bourke-street, North Melbourne, Port Melbourne, Prahran, Richmond, St. Kilda, South Melbourne, and South Yarra are included in the contracts for the Melbourne District. Delivery must be made at the places, institutions, &c., named in the schedules.

5. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the price demanded, except brandy casks, porter cases, hogsheds, butter tins or boxes, and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for. The empties to be removed from the place of delivery at the contractor's expense.

6. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under proper authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

7. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of the department concerned or any officer authorized by him.

8. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, and the account is to be rendered as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

9. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for, and charge the freight to, the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a

perishable nature, by a board of survey composed of persons named by the Treasurer of the State for the time being; and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations or stores are due or to the contractor in waiting for a board to survey, the head of the department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service, will be obtained by the officer requiring it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Hospitals for the Insane, it will be competent for a board of survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being; but, pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required or any like supplies suitable for the service may be obtained by the officer concerned, and the expense charged to the contractor.

17. In the case of supplies for Hospitals for the Insane, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a board of survey will not be deemed to be necessary on the part of the contractor.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government. If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a trader be a member of a firm and such firm be interested in the contract, then the tender is to be in the name of the firm and not in that of the individual—then the Honorable the Treasurer may determine the contract, and forfeit the security money.

20. It will be competent for the Secretary to the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat, or on account of the Commonwealth Government; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

22. For the purpose of the contracts entered into under these conditions, it is hereby expressly provided that in the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor (as the case may be) may give two months' notice, through the Secretary to the Tender Board, of the termination of the contract for the particular item or items so affected to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made. The contract for the unaffected items to remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter at his last-known place of business or abode.

23. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. For the purposes of these contracts the word Government shall mean Government of the Commonwealth as regards supplies for the Commonwealth, and Government of the State as regards supplies for the State; and the word Treasurer shall mean Treasurer of the Commonwealth as regards supplies for the Commonwealth, and Treasurer of the State as regards supplies for the State.

25. Where specially indicated in the schedules no subletting will be allowed, and no delivery shall be made on Sundays; all work must be carried out by the contractor, and the hours of employment of any person engaged in the preparation or manufacture of the articles tendered for in the schedules, or engaged in the delivery of or in any way engaged in connexion with the supply of the articles tendered for in the schedules under this contract, are not to exceed forty-eight per week (unless otherwise

stated), and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by any Wages Board under the Factories and Shops Act to which such persons are subject as employes, and a copy of the labour condition, as indorsed on the schedules affected, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory, shop, or dairy (and in each part of the factory, shop, or dairy where several rooms are in use) in which goods are prepared or manufactured under these contracts. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
