AVENEL WATERWORKS TRUST.

BY-LAW RELATING TO WATER SUPPLY.

THE Commissioners of the Avenel Waterworks Trust, in pursuance of the powers conferred by the Water Acts, do hereby make the following By-law relating to water supply within the Waterworks District of the Avenel Waterworks Trust:—

(1) Except with the consent of the Trust, one service-pipe only for domestic supply to each tenement shall be permitted, and not more than one house or tenement shall be supplied from a single water service. The Trust may in special cases consent to two or more houses or tenements being supplied from one water service, but in such cases the sub-services shall be so arranged that the supply to each house or tenement shall be independent of the supply to the remaining houses, and be controlled by a stop-cock on such service.

(2) No private service shall be extended, except with the consent of the Trust.

(3) Connexion with the Trust's mains shall (except where otherwise directed) be made with proper stop-cock ferrules to which, for iron services, a length of not less than three feet of lead pipe must be attached. For houses rated at £20 per annum and under, the bore of such service-pipe shall not exceed $\frac{1}{2}$ inch, and for houses rated at over £20 per annum the size of such service-pipe shall not exceed $\frac{3}{4}$ inch, unless permission for a larger service shall have been received in writing from the Trust, and the supply be taken through a meter.

(4) A high-pressure screw-down stop-cock properly secured and covered with an approved cast-iron top shall be fixed on each water service, such stop to be placed not more than 3 feet from the main.

(5) The whole of the pipes, tees, bends, cocks, and fittings shall be sound and free from all defects, and of strength to bear with safety the maximum hydrostatic pressure to which they may be subject, and if required by the Trust shall be tested.

(6) No person, whether licensed as hereinafter set out or not, shall connect any service-pipe or branch service-pipe with any steam boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter.

(7) No person shall use any cistern or tank that is not provided with an equilibrium ball valve, and the overflow pipe laid and fixed in a suitable manner, open to inspection and in a position approved by the Trust.

(8) All water troughs supplied from the pipes of the Trust shall be lined with metal, so as to be watertight, and shall have proper and efficient fittings for supplying them automatically and for preventing overflow.

(9) Before any person shall affix any service-pipe to any pipe of the Trust, or alter, repair, or in any manner interfere with any pipe of the Trust, or any service-pipe, cock, or fitting connected with the pipes of the Trust, he shall obtain from the Trust a licence in that behalf to execute such works, and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting as aforesaid shall be guilty of an offence.

(10) Each licence shall be for the period ending 31st December next ensuing after the issue thereof, but may be renewed by the Trust, at its discretion, from time to time in each case to the following 31st December. The Trust shall have power at any time to cancel a licence in the event of the holder thereof performing his work in an unsatisfactory manner, or committing any breach of the Water Acts or of this By-law, and in such matters the Trust shall be sole judge. For each original licence the licensee shall pay to the Trust a fee of One pound, and for each renewal Five shillings.

(11) Before any such licence shall be granted by the Trust, the person applying for same shall satisfy the Trust that he is a competent plumber, and that he is thoroughly conversant with the provisions of the By-laws of the Trust relating to water supply, and with the Water Acts so far as they apply to town supplies. The Trust may, if it so sees fit, refuse to grant such licence.

(12) Each licensed plumber shall report to the Trust Secretary the completion of any new work, extensions, or repairs in connexion with any service, within twenty-four hours of effecting same.

(13) No person supplied with water by the Trust shall wilfully or negligently allow the same to run to waste.

(14) No person not having agreed to be supplied by the Trust shall take or carry away water from the premises of any other person so supplied, or from any drinking tap, trough, or private or public service-pipe.

(15) In every case in which it is necessary to obtain the consent of the Trust before doing any act or commencing any work, such consent must be asked for by notice in writing, addressed to the Secretary of the Trust, and delivered at his office, of such length as is mentioned in the Acts or in this By-law, and in no case less than two days prior to the time proposed for the doing of such act, or the commencement of such work, and such notice must state clearly the act proposed to be done or work to be commenced, and such act shall not be done or work be commenced save upon the Trust's consent in writing, and then only subject to and in accordance with such directions or conditions as shall be therein specified. Such consent may be given by and under the hand of the Chairman of the Trust, the Secretary, or the Engineer, who severally shall be competent to give the Trust's consent, and on behalf of the Trust to prescribe any directions or conditions attaching thereto, and subject to and in accordance with which only such consent shall be deemed to have been given. The giver of every such consent shall notify the same to the next following meeting of the Trust for confirmation.

(16) Any person who does, or causes to be done, anything in contravention of this By-law, or fails to do anything which under this By-law ought to be done, shall be guilty of an offence, and for every such offence the offender shall upon conviction be liable to a penalty not exceeding Five pounds, and in the case of a continuing offence to a further penalty not exceeding Five pounds for every day after notice of the offence from the Trust.

Passed this 3rd day of January, 1918.

M. MINOGUE, Commissioner.
JOHN NORMAN, Commissioner.
J. HOURIGAN, Secretary.

Samples of the whole of the above-mentioned articles, where indicated in the schedules as to sample, can be seen at the offices of the Secretary to the Tender Board.

Printed forms of tender and the conditions of contract may, in all cases, be obtained from the Secretary to the Tender Board, Treasury, Melbourne; and for the respective districts from the Receivers and Paymasters at Geelong, Ararat, Ballarat, Beechworth, Bendigo, Castlemaine, and Sale; for Sunbury, from the Medical Superintendent, Hospital for the Insane; for Lara, from the Superintendent of the Inebriates Retreat, and the Receiver and Paymaster at Geelong; for Greenvale, from the Superintendent at the Sanatorium; for Aborigines, from the police stations as follow:—Coranderrk, at Healesville; Lake Condah, at Heywood and Portland; and Lake Tyers, at Bairnsdale and Cunningham; for Rutherglen, from the Superintendent, Viticultural College; for Wyuna, from the manager, at the Irrigation Farm, and from the police at Kyabram; for Wahgunyah, from the manager, at the Vine Nursery; for the Forest School, from the senior master; and for the McLeod Settlement, from the Officer in charge of Police, Lang Lang, by whom also any information or explanation will be afforded to persons tendering.

Security will be required, either in Victorian Government debentures, Savings Bank Deposit Book, or Bank Deposit Receipt, in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will be in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the tenderer withdrawing the tender before notification of acceptance, or, in the event of being successful, failing to complete by lodging the security and contract form, duly signed, within the prescribed period. *It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in*

the name of the firm and not in that of the individual; and that for breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers withdrawing their tenders before notification of acceptance or failing to take up their accepted tenders within the prescribed period when notified of acceptance, may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender.

Preference will be given by the Tender Board to tenders for articles manufactured within the Commonwealth, provided the quality of such articles is satisfactory and the prices are considered reasonable.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in an envelope, and having the words "Tender for _____" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Treasury, Melbourne, which office they must reach by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and in conformity with the Pure Food Act, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. As the exact quantity of any article which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

3. Supplies for country districts for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

4. The Melbourne District will include places within a radius of 6 miles from the General Post Office, with the exception of places for which separate contracts are provided; Williamstown includes supplies for ss. *Lady Loch* and *Albert*; the Ararat, Beechworth, and Ballarat Districts will include the Hospitals for the Insane, Gaols, and Police Gaols at these places; and the Geelong District embraces a radius of 2 miles from the Post Office; Lara, the Inebriates Retreat; Greenvale, the Sanatorium; Rutherglen, the Viticultural College; Wyuna, the Irrigation Farm; Wahgunyah, the Vine Nursery; and Creswick, the Forest School. The lock-ups at City Watch House, Bourke-street West, Brunswick, Carlton, Coburg, Collingwood, Fitzroy, Fitzroy North, Hotham Hill, Little Bourke-street, North Melbourne, Port Melbourne, Prahran, Richmond, St. Kilda, South Melbourne, and South Yarra are included in the contracts for the Melbourne District. Delivery must be made at the places, institutions, &c., named in the schedules.

5. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the price demanded, except brandy casks, porter cases, hogs-heads, butter firkins or boxes, and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for. The empties to be removed from the place of delivery at the contractor's expense.

6. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under proper authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

7. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of the Department concerned or any officer authorized by him.

8. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, and the account is to be rendered as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

9. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for, and charge the freight to, the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which services the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or, if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the Treasurer of the State for the time being; and the decision of the Board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations or stores are due or to the contractor in waiting for a Board to survey, the head of the Department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service, will be obtained by the officer requiring it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Hospitals for the Insane, it will be competent for a Board of Survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being; but, pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required or any like supplies suitable for the service may be obtained by the officer concerned, and the expense charged to the contractor.

17. In the case of supplies for Hospitals for the Insane, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary on the part of the contractor.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government. If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, then the tender is to be in the name of the firm and not in that of the individual—then the Honorable the Treasurer may determine the contract, and forfeit the security money.

20. It will be competent for the Secretary to the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. If after a tender has been received any alteration of the price of any item included therein be made by the Commonwealth Prices Commissioner, and gazetted, the Tender Board will make allowance by way of deduction from or increase of the price of the item affected, provided that the contractor produces evidence to the Board that the increase in price has been actually paid for the supplies to the Government.

22. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat, or on account of the Commonwealth Government; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

23. For the purpose of the contracts entered into under these conditions, it is hereby expressly provided that in the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor (as the case may be) may give two months' notice, through the Secretary to the Tender Board, of the termination of the contract for the particular item or items so affected to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made. The contract for the unaffected items to remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter at his last-known place of business or abode.

24. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

25. For the purposes of these contracts the word Government shall mean Government of the Commonwealth as regards supplies for the Commonwealth, and Government of the State as regards supplies for the State; and the word Treasurer shall mean Treasurer of the Commonwealth as regards supplies for the Commonwealth, and Treasurer of the State as regards supplies for the State.

26. Where specially indicated in the schedules no sub-letting will be allowed, and no delivery shall be made on Sundays; all work must be carried out by the contractor, and the hours of employment of any person engaged in the preparation or manufacture of the articles tendered for in the schedules, or engaged in the delivery of or in any way engaged in connexion with the supply of the articles tendered for in the schedules under this contract, are not to exceed forty-eight per week (unless otherwise stated), and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by any Wages Board under the Factories and Shops Act to which such persons are subject as employees, and a copy of the labour condition, as indorsed on the schedules affected, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory, shop, or dairy (and in each part of the factory, shop, or dairy where several rooms are in use) in which goods are prepared or manufactured under these contracts. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
