#### DONALD WATERWORKS TRUST.

##### RATING BY-LAW FOR THE YEAR 1920, No. 26

THE Chairman and Commissioners of the Donald Waterworks Trust, in pursuance of the powers and authorities conferred upon them by the Water Acts, do make the following By-law, viz.:-

A By-law for determining the rates which the occupiers and owners of lands and tenements shall pay in respect of water supplied by the Trust within the Urban District of the aforesaid Trust, that is to say, in regard to houses and tenements fronting any street in which the pipes of the Trust are laid, and which houses and tenements, if not in such streets, are supplied with water by the reticulation of such pipes:-

1. A rate of One shilling and ninepence in the pound sterling on the net annual value of all rateable property of and above Eighteen pounds (£18) sterling.
2. A minimum rate of One pound ten shillings (£1 10s.) sterling for such properties valued at a net annual value of less than Eighteen pounds (£18).
3. On each unoccupied or vacant allotment or piece of land a rate of One shilling and ninepence (1s. 9d.) in the pound on the net annual value of such rateable property, provided that no such allotment or piece of land shall pay less than Twelve shillings and sixpence (12s. 6d.).
4. Water to be supplied by measure to be used in private dwellings or other premises for domestic use, or for watering gardens or for distribution otherwise on or about such premises, shall be charged at a rate of One shilling (1s.) per 1,000 gallons up to the amount of the water rate assessment of such land or premises for the time being, provided that the said assessment shall be the minimum charge for the year 1920, and at the rate of One shilling (1s.) per 1,000 gallons for any quantity of water used for the before-mentioned purposes beyond such amount aforesaid.
5. For all lands and tenements in the said Urban District situated otherwise than on streets on which the pipes of the water supply are laid and which lands and tenements are not supplied with water by the reticulation from such pipes, and being within a quarter (¼) of a mile of any stand-pipe for the supply of water, half of the before-mentioned rates; and where such lands or tenements are over a quarter (¼) of a mile and within half a mile (½) thereof, a quarter of the before-mentioned rates. Such before-mentioned rates shall be based on the municipal valuation of the shire of Donald for the time being.

Such rates are hereby made for the year 1920, commencing on the 1st day of January, 1920, and terminating on the 31st day of December, 1920, and shall be due and payable, in advance, on the 1st day of January, 1920.

Such person or persons as the Commissioners of the Trust may from time to time appoint shall be authorized to demand, receive, and recover the said rates.

The foregoing By-law, No. 26, was made by the Chairman and Commissioners of the Donald Waterworks Trust this 11th day of November, 1919, and the seal of the aforesaid Trust affixed thereto in the presence of:-

## SWAN HILL WATERWORKS TRUST.

## RATING BY-LAW.

THE Chairman and Commissioners of the Swan Hill Waterworks Trust, in pursuance of the powers conferred by the Water Acts, do make the following By-law:—

## By-law No. 20.

By-law for the making of a rate on all rateable property comprised within the boundaries of the district of the Swan Hill Waterworks Trust, such District having been proclaimed an Urban District under Division 9 of Part 2 of the Water Act 1890:—

1. A rate of One shilling and sixpence (1s. 6d.) in the pound sterling on the annual value of all rateable property within the Swan Hill Waterworks Trust District, according to the valuation for the time being of all tenements for the municipal rates of the shire of Swan Hill, with a minimum payment of One pound sterling.

2. A rate of One shilling and sixpence (1s. 6d.) in the pound sterling on the annual value of all unoccupied land within the Trust District—in all cases where a main is laid, serves, or passes such land or within two (2) chains of such land whether connected with such main or not—with a minimum charge of One pound sterling on each allotment having an area of a quarter of an acre and not exceeding half an acre, and for every additional similar area, One pound sterling, or, having an area of less than one quarter of an acre, Ten shillings.

3. A rate of Fifteen shillings (15s.) on each allotment having an area of a quarter of an acre and not exceeding half of an acre on all unoccupied land within the Trust District not previously rated under this By-law, and being situated over 2 chains, but not exceeding 5 chains, from a Trust main.

4. A rate of Ten shillings (10s.) on each allotment having an area of a quarter of an acre and not exceeding half an acre on all unoccupied land within the Trust District not previously rated under this By-law and being situated more than 5 chains, but not exceeding 10 chains, from a Trust main.

5. A rate of Six shillings (6s.) on each allotment having an area of a quarter of an acre and not exceeding half an acre on all unoccupied land within the Trust District, not previously rated under this By-law, and being situated more than 10 chains from a Trust main.

The foregoing rate is hereby made for the year 1920 commencing on the first day of January and ending the thirty-first day of December, 1920.

6. Such rate is hereby made payable in two half-yearly instalments, one half on the first day of January, and the other half on the first day of July, 1920.

7. Such person or persons as the Commissioners of the said Trust may from time to time appoint for that purpose shall be authorized to demand, receive, and sue for the said rate.

The foregoing By-law was made by the Commissioners of the Swan Hill Waterworks Trust the fourth day of December, 1919.

The common seal of Swan Hill Waterworks Trust was hereunto affixed by the authority of the said Trust by W. Bell, secretary, in the presence of—

(SEAL) HENRY PYE,  
E. G. GRAY,  
H. O'HALLORAN, } Commissioners.

## WOODEND WATERWORKS TRUST.

## RATING BY-LAW FOR THE YEAR 1920.

THE Chairman and Commissioners of the Woodend Waterworks Trust, in pursuance and exercise of the powers conferred by the Water Acts, hereby make the following By-law:—

(1) The following rates and charges are those respectively which the occupiers or owners of lands and tenements shall pay in respect of water supplied by the Trust within the boundaries of the Trust District, that is to say:—

1. For every house and tenement used wholly or partly as a domicile, a rate of One shilling and threepence in the pound on the shire assessment. Minimum as fixed by the Governor in Council. Twenty-five shillings, and for vacant allotments abutting on water main Five shillings.
2. For every steam boiler supplied with water from the works of the Trust, Twenty-five shillings per boiler per annum.
3. For water supplied by the Trust by measurement (except in cases of special agreement with the Trust), One shilling and sixpence for every 1,000 gallons.
4. Any person who shall obtain water, or shall be supplied with water from the public stand-pipes, or any or either of them, in the said District, shall pay the sum of Twenty-five shillings per annum.

(II) The minimum quantity of water to be charged for in each case where water shall be supplied by measurement shall be—

- (a) If for domestic, or other than domestic, purposes, the quantity for which the charge at One shilling and sixpence per 1,000 gallons will be equal to the amount of the assessed rate which would be payable for the premises so supplied if supplied otherwise than by measure.
- (b) If for other than domestic purposes only, 30,000 gallons per half-year.

(III) Such rate is made for the year 1920, commencing the first day of January, 1920, as also the charges for every steam boiler, and for water supplied from public stand-pipes, and shall be payable on the first day of January, 1920.

(IV) All other charges by measurement shall be paid on the 1st day of January, 1920.

(V) Such person or persons as the Commissioners of the said Trust may from time to time appoint for that purpose are hereby authorized to collect and recover the said rates and charges.

The foregoing By-law was made by the Commissioners of the Woodend Waterworks Trust on the 28th day of October, 1919.

The seal of the Trust has been hereto affixed in the presence of—

(SEAL) J. H. THORBURN, Chairman.  
A. J. GRANT, Secretary.

Approved by the Governor in Council,  
the 16th December, 1919.

Clerk of the Executive Council.

## BRIGHT WATERWORKS TRUST.

## RATING BY-LAW FOR 1920.

THE Commissioners of the Bright Waterworks Trust, in pursuance of the powers conferred by the Water Acts, do hereby make the following By-law:—

The following are the rates and charges which the occupiers or owners of lands and tenements liable to be rated shall pay for the year 1920 in respect to the water supplied by the Trust within the Urban District of the said Trust:—

1. For every house, tenement, piece or allotment of land of Eighteen pounds annual municipal valuation or under, the sum of One pound two shillings and sixpence sterling.
2. For every house, tenement, piece or allotment of land of an annual value exceeding Eighteen pounds sterling, a rate of One shilling and threepence in the pound sterling.
3. For water supplied to livery and carriers' stables by the Trust, the charge shall be Five shillings for each stall or loose-box. In open sheds used for stabling each space of (5) five feet shall be charged as a stall.
4. The above-mentioned rates and charges shall be paid half-yearly, in advance, on the 1st day of January and the 1st day of July, 1920.
5. Such person or persons as the Commissioners of the Bright Waterworks Trust may from time to time appoint for that purpose shall be authorized to demand, receive, and collect and recover the said rates and charges.

Passed this 8th day of December, 1919.

(SEAL) WM. LANE, Chairman.  
E. J. DELANEY, Secretary.

Approved by the Governor in Council,  
the 16th December, 1919.

## CHARLTON WATERWORKS TRUST.

## BY-LAW No. 21.

THE Charlton Waterworks Trust doth hereby, pursuant to and in exercise of the powers and authority conferred upon it by the Water Acts, and whose Waterworks District has for the purposes of the said Acts been proclaimed an Urban District, make the By-law following:—

The following rates and charges are those which occupiers or owners of land and tenements shall pay for the year 1920 in respect of water supplied by the Trust, that is to say:—

- (a) On every house or tenement whether occupied or not, or block of land supplied with water, a rate of Three shillings and sixpence for each pound sterling on the amount of the municipal annual value, but the minimum annual amount to be paid shall be One pound fifteen shillings.
- (b) Occupied or unoccupied land where no water is supplied shall be charged Five pounds per centum per annum on the amount of the municipal valuation, but the minimum amount to be paid shall be Five shillings.

- (c) For water supplied by the Trust by measure, except in cases of special agreement with the Trust, or otherwise provided for in this By-law, the rate shall be Three shillings and fourpence per 1,000 gallons.
- (d) Occupied or unoccupied land where water is supplied from a stand-pipe shall be charged Sixpence for every 100 gallons.
- (e) For steam boilers, the rate shall be Ten shillings per annum for each horse-power for each boiler, except in such cases where the Trust shall order a meter to be used.
- (f) On buildings in course of erection when water is required for building purposes, the rate shall be Ten shillings per centum on the contract price of such work or by special agreement, wooden houses shall be charged half rate, payment to be made before supply is given.
- (g) The supply of water for purposes not specified herein must be paid for at such a rate as the Trust will in each case determine, and preliminary payment must be made before a supply can be taken or used.
- (h) In case of any dispute as to the sub-section applying to any particular case, the Trust shall have the power to decide or to make a special rate.
- (i) The minimum quantity of water to be charged for in each case where water is supplied by measure for domestic or other purposes shall be the quantity which at Fourpence per 100 gallons equals the amount of assessed rate for the year which would be payable for the premises or lands supplied otherwise than by measure.
- (j) The rate hereby made shall be payable on the 1st day of January, 1920.
- (k) Such person or persons as the Trust may from time to time appoint for that purpose shall be authorized to demand, collect, sue for, and recover the said rate and charges.

The foregoing By-law No. 21 was made and adopted on the 2nd day of December, 1919, and the seal of the Trust was hereto affixed in our presence—

(SEAL) F. M. EXCELL, Chairman.  
E. R. JEFFREY, Secretary.

Approved by the Governor in Council,  
the 16th December, 1919.

Clerk of the Executive Council.

#### SHIRE OF DANDENONG.

##### BY-LAW No. 41.

##### *Regulations, &c., of Buildings, &c., &c.*

A By-law of the Shire of Dandenong, made under section 198 of the *Local Government Act 1915*, and section 314 of the *Health Act 1915*, with the approval of the Governor in Council, and numbered 41, for carrying out certain of the purposes provided for in the said section, viz.:—

Regulating and restraining the erection and construction of buildings, requiring the pulling down and removal of buildings erected or constructed contrary to this By-law, authorizing the council to pull down and remove buildings erected or constructed contrary to this By-law, or not pulled down or removed as required by or under this By-law, and to sell the materials and apply the proceeds in reimbursing the expenses of pulling down and removing such buildings, and in paying into the municipal fund any fees or penalties due by the owner thereof; appointing fees to be charged and received by the Council of the shire of Dandenong for any act done or to be done by any of its officers under this By-law, and for any permit or licence to be issued by the Council, and for other purposes in connexion with the foregoing purposes.

**I**N pursuance of the powers conferred by the *Local Government Act 1915* and the *Health Act 1915*, the President, Councillors and Ratepayers of the Shire of Dandenong order as follows:—

By-law No. 35 is hereby repealed.

1. This By-law shall come into operation on its confirmation by the Governor in Council immediately after its publication in the *Government Gazette*.

2. No person shall repair, alter, erect, build or construct, or cause to be repaired, altered, erected, built or constructed, any building contrary to the provision of this By-law.

3. (1) No person shall commence any building or any addition to any building without first having paid to the Council the necessary fees in accordance with the following scale:—  
Fees: "New Buildings" of an area of 5 squares or less, 10s.; of an area of over 5 squares, £1. Each stable, shed or out-house not exceeding £5 in value, 2s. 6d.; where each exceeds £5, 5s. Additions to buildings:—Where the value of the addition or alteration, as estimated by the Surveyor, does not exceed £20, 2s.; where the value exceeds £20 but does not exceed £50,

5s.; where such value exceeds £50 but does not exceed £150, 10s.; where such value exceeds £150, £1; for each tent a fee of 2s. 6d. The fee for permission to erect a tent covers only a permit to erect a tent during the year ending 30th September of the annual period during which the tent may have been erected.

If it is desired to retain the tent a fresh permit must be obtained on or before the 1st day of October in each year.

The decision of the Council or the Surveyor, subject to review by the Council, as to the area of a new building or the value of an addition under this clause shall be final and conclusive.

##### *Consent to be Obtained.—Plans and Specifications.*

(2) No person shall build any building, addition or tent without first obtaining written permission from the Council so to do, and without first submitting to the Surveyor the plans and specifications of the proposed building, addition or tent in duplicate, together with such further particulars in writing regarding the same as shall be necessary to enable the Council or its Surveyor to determine if all the provisions of this By-law applicable thereto are complied with.

##### *Original Plans Returned.—Tracings Retained.*

(3) The original plans and specifications when approved shall be returned to the owner or his agent, but the tracing or duplicate copy of the plans and specifications shall be retained by the Surveyor for the Council.

##### *Distance from Street.*

4. No building which is intended to be used as a dwelling-house, and no addition to any such building, shall be built, constructed or erected within a distance of 10 feet measured horizontally from the building line of the street or road the building or erection is extended to or shall front.

##### *Distances from Boundaries or Other Buildings.*

5. Except as hereinafter provided no dwelling-house with an external wall of wood or verandah attached thereto, and no addition with an external wall of wood to any dwelling-house or verandah attached thereto, shall be built, constructed or erected—

- (a) within a distance of 4 feet horizontally of any side street or road;
- (b) within a distance of 4 feet measured horizontally of land not in the same possession or occupation;

##### *Every Dwelling-house shall be Provided with Kitchen, Bathroom, Wash-house and Fuel Shed.*

(c) within a distance of 8 feet measured horizontally of another building or erection with an external wall of wood in the same possession or occupation. Provided always that any such building or addition may abut on the building line of any street or road at the side of such building, or be less than the prescribed distance therefrom, or from land not in the same possession or occupation, or from a dwelling-house with an external wall of wood in the same possession or occupation, provided that the wall or walls which abut on or face within the prescribed distance such street, road or land not in the same possession or occupation, or building, as the case may be, shall be of concrete of approved thickness or of brick or stone at least 8½ inches in thickness projecting in all cases at least 1 inch beyond the woodwork front and back, and at least 1 foot through the roof covering or gutter adjoining the same.

##### *Wash-house to be Detached.*

6. Every dwelling-house shall be provided with a kitchen, a bathroom, a wash-house and a fuel shed, and such wash-house shall be entirely separated from the dwelling-house by a clear air space of not less than 4 feet.

##### *Roofs.*

7. The roof of every dwelling-house shall be covered with approved incombustible and impervious coverings, and the walls of sound impervious coverings, and if of wood the material shall be sound weatherboards or block boarding.

##### *Stables, Coach-houses and Out-buildings.*

8. Stables, coach-houses and out-buildings shall be subject to the like conditions as are imposed in regard to dwelling-houses by clauses 4, 5 and 6 hereof.

All stables shall have floors of approved impervious material.

##### *Height and Area of Main Rooms.*

9. (1) The main rooms in every dwelling-house hereafter built or rebuilt shall be in every part not less than 10 feet in height from floor to ceiling, and no main room shall have a floor area less than one square. The minimum height for a wash-house or bathroom shall be 9 feet.

*Ventilation.*

(2) Every main room and bathroom in a dwelling-house shall have one or more windows formed in an external wall or walls, and opening directly into the external air and daylight with a total superficies of clear glass of sash frames free from obstruction to light equal to at least one-tenth of the floor area of the room, and so constructed that the area of open space when the windows are fully opened for the purpose of ventilation shall be equal at least to one-twentieth of the floor area of the room. The requirements of this sub-clause may, under special circumstances, be dispensed with or modified by the Council or the Surveyor, subject to review by the Council, but in such cases other approved provision for lighting or ventilation must be made.

*Definition of Main Rooms.*

(3) For the purpose of this clause the expression "Main Rooms" shall be deemed to mean and include rooms used or intended to be used as bedrooms, dining-rooms, ordinary living rooms and kitchens. The decision of the Council as to whether a particular room comes within the scope of this clause or not shall be final and conclusive.

(4) The provisions of this clause in reference to the height, lighting and ventilation of main rooms in dwelling-houses shall so far as applicable be extended to all shops.

(5) All rooms shall be ventilated by ventilators communicating directly with the outside air, placed near the ceiling of each room and of an area satisfactory to the Council.

10. (1) The interiors of all walls and ceilings of every dwelling-house shall be constructed of lath and plaster, wood or approved fire-resisting materials.

*Bricks.—Lime-mortar.*

(2) Bricks used in any building shall be regular in shape, hard, well burnt, and not absorbing more than 6 per cent. of their weight of water when remaining immersed in the latter for 24 hours, and if the bricks are old, they shall be thoroughly cleansed and approved of by the Surveyor before being used. In dry weather bricks used for building shall be well wetted with water before being placed in position in the building. Mortar used for such building shall be composed of material free from organic, foreign or unwholesome matter, and mixed on a clean surface. Joints of lime-mortar for brickwork in buildings shall not exceed  $\frac{3}{4}$ -in. in thickness, and each course shall be flushed with mortar. Struck joints shall be finished with an inclination outwards and downwards.

*Timber Spacing and Scantling of Timber.*

(3) All timber used in any building shall be of good, sound, well-seasoned material, free from rot, large or loose knots, shakes, or any imperfection whereby the strength of the timber may be impaired, and shall not have been used in any previous construction or building unless previously approved of by the Surveyor.

(4) The following condition shall apply as to spacing and scantlings of timber. Such timbers as shall be used for any buildings and permanently placed more or less below the surface of the ground shall first and whilst in a dry condition be thoroughly coated with hot tar or other approved preservative for the whole extent of such surfaces as shall be placed below the ground level and for a distance of at least 6 inches above such level.

*Stumps.*

- (a) Stumps to be not less than 4-in. x 4-in. redgum, jarrah or other approved timber spaced to 4-ft. centres and fixed on 6-in. x 6-in. x  $\frac{1}{2}$ -in. sole plates.
- (b) Studs and ceiling joists to be not less than 4-in. x  $\frac{1}{2}$ -in., spaced not more than 18 inches apart, centres to centres and properly braced. Provided that corner studs shall not be less than 4-in. x  $\frac{1}{2}$ -in., and for stud walls supported on stumps or brick piers, the cross sections of the lower plate shall not be less than 4-in. x 2-in., nor that of the upper plate less than 4-in. x  $\frac{1}{2}$ -in. Where fibro-cement or fibro-plaster sheets are used studs may be 2 feet apart but extra cross section to compensate. Ceiling joists to have no greater span than 8 feet without support.

*Rafters and Floor Joists.*

- (c) Rafters not less than 4-in. x  $\frac{1}{2}$ -in. spaced 3 feet centre to centre. Where the roof is of galvanized iron, for roof covering of slates or tiles to be spaced 18 inches apart centre to centre. Rafters over 6-ft. span and under 8-ft. span shall be 5-in. x 2-in. over 8-ft. span and under 15-ft. span shall be 6-in. x 2-in. Collar beam and tie beam construction is allowed for roofs not exceeding 18-ft. span. Roofs of over 18-ft. span shall be of truss construction approved by the Surveyor. Floor joists to be not less than 4-in. x 2-in., spaced 18 inches apart, centre to centre, on 4-in. x 3-in. bearers spaced 6 feet apart.

*Vermin Plates.*

- (5) Vermin plates shall be provided in all walls.

*Attic Rooms.*

11. Attic Rooms.—Every room wholly or partly in the roof of any building shall be at least 8 ft. 6 in. in height vertically from the floor to the ceiling or the roof throughout for not less than one-half the area of such room, and all such rooms must have a capacity of not less than 1,300 cubic feet, and be properly lighted and ventilated.

*Height of External Walls, Wooden Buildings.*

12. In all buildings of brick, stone or concrete the materials and their compositions shall be subject to the approval of the Surveyor.

The external walls of all wooden buildings shall not exceed in height 15 feet, measured from the floor level to the top of the wall plates.

*Area.*

13. No person shall build any dwelling-house or combined shop and dwelling-house unless the whole of the said building or erection of whatever material constructed shall cover an area of not less than 325 square feet, exclusive of verandah or porch.

*Open Space at Rear of Buildings.*

14. Every building, with the exception of building rebuilt, must have attached thereto for the exclusive use of the occupiers thereof an enclosed back yard or open space at the rear of the building of at least 1,000 square feet, exclusive of any building therein.

*Damp-proof Course.*

15. Every wall of brick or stone shall have two approved damp-proof courses of asphalt or other impervious material at approved levels, and in cases where it is not desirable to place the same throughout the building at one uniform level, then each damp-proof course must be laid in horizontal layers connected at the end by a vertical course of the same material. Every damp-proof course shall be of the full width of the wall, and shall extend over the bearings of all plates and bearers. A stepped vertical damp course shall not exceed 2 ft. 3 in. in height.

*Ventilation under Floors.*

16. The space under the ground floor of every building shall have a sufficiency of openings through all walls and sleeper walls under the floor, and an air space of at least 6 inches and not more than 24 inches, clear of all earth, according to the height of the building allotment above sea-level, such height to be determined by the Surveyor, in order to thoroughly ventilate the same. Such depth of 6 inches shall be reckoned as measured above the highest point of the ground forming the site of such building and the bottom sides of bearers, and the ventilating space so formed shall have an approved extent of direct communication with the external air all round such building, or in the case of a block of buildings as hereinafter provided for, all round such block.

17. No person shall build any dwelling-house or tent except in conformity with the following:—

- (a) The site or curtilage of such dwelling-house or tent shall have a superficial area of at least 5,000 feet, and have a frontage of not less than 50 lineal feet to a street or road, and that except in the cases of corner sites the buildings erected thereon shall cover not more than one-fourth of the superficial area of such site.
- (b) The dwelling-house, tent or other buildings to be erected, built or constructed upon any site or curtilage included in any subdivision of land made with the approval of this By-law and not provided for in sub-clause (a) shall, except in the cases of corner sites, cover not more than one-fourth of the superficial area of such site or curtilage fronting a street or road.
- (c) The dwelling-house, tent or other building to be erected, built or constructed upon any corner site or curtilage fronting to two streets or roads shall cover not more than one-third of the superficial area of such site or curtilage.
- (d) No builder shall erect, build or construct, or cause to be erected, built or constructed, any building or structure of materials other than brick, stone or concrete, on land abutting on any street set out in Schedule B.
- (e) No building shall be erected or adapted to be used as a dwelling-house upon any land the surface of which is so situate as not to admit of being efficiently drained at all times by gravitation into an existing storm-water sewer or channel.

*Dwelling-houses and Shops.*

18. Two or more dwelling-houses or shops may be erected together in one block provided that they shall be separated from each other by a continuous wall of concrete of approved thickness, or of brick or stone at least 8 inches in thickness projecting in the case of wooden houses at least 1 inch through the woodwork front and back, and in all cases projecting 1 foot at least through the roof covering or gutter adjoining the

same whether belonging to the same owner or not. Each such wall and every parapet wall of a dwelling-house shall for its full width immediately above the roof or roof gutters, as the case may be, be provided with an approved damp-proof course.

#### *External Walls.*

19. Whenever any existing external walls or external enclosure which may in any way contravene the provisions of this By-law is at any time hereafter taken down or otherwise demolished for the height of one story, or for a space equal to one-fourth of the whole surface of such external wall or enclosure, then every part thereof not built in the manner defined by this By-law shall be taken down, and the same if rebuilt shall be rebuilt in all respects in accordance with the requirements of this By-law.

20. Clauses 4 and 5 herof shall apply to any building which is intended to be or shall be used as a shop or combined shop and dwelling, provided, nevertheless, that the said clauses or either of them may if approved be modified in the case of any such building by permitting the same to abut wholly or partially on the building line of the street or road in front or to be less than the prescribed distance therefrom.

#### *Erection of Verandahs.*

21. No person shall erect any portico or verandah over the footway of any street in the municipality without first obtaining the consent in writing of the Surveyor, subject to review by the Council in writing, and such portico or verandah shall be of the shape, dimensions and materials as set forth on the plan and specifications adopted by the Council, but the lowest part of such portico or verandah shall in no case be of less height than 8 ft. 6 in. above the level of the outer edge of the footway.

#### *Openings in Roof of Verandah.*

22. No opening shall be made in the roof of such verandah for the purpose of affording light unless such opening be properly framed and glazed with approved glass, protected underneath with fine mesh wire netting or of armoured glass, to the satisfaction of the Surveyor.

#### *Fowl-house.*

23. No fowl-house shall be erected at a less distance than 25 feet from any building used as a dwelling on the same allotment or allotments adjoining. No fowl-house shall be erected except to the rear of any dwelling-house on the same allotment.

#### *Closets not Connected with Septic Tank System.*

24. No privy, closet, urinal or stable which is not connected with a septic tank system shall be erected at a less distance, than 15 feet from any dwelling-house on the same allotment or allotments adjoining, or at a less distance than 9 feet from a street, and each privy, closet or urinal shall be properly screened from the public view. Provided that in case where there is a right-of-way abutting on such allotment the privy, closet, urinal or stable may be erected to the boundary between such allotment and the right-of-way, but in the case of a wall of such privy, closet or urinal so erected being built or erected on such boundary no trap-door or other opening above the ground shall be formed or remain in such wall.

#### *Closets to be Erected in accordance with Plan set out in Schedule.*

25. No person shall build for use as a privy or closet any building, unless the same has been built, constructed or erected in accordance with the plan set out in the schedule hereto, or in accordance with a plan certified to by the Surveyor as equivalent thereto, and no building heretofore used as a privy or closet shall continue to be used as a privy or closet unless such building shall be certified by the Surveyor as being built, constructed or erected in accordance with the plan set out in the said schedule or in a manner equivalent thereto.

#### *Septic Tank Installation.*

26. No person shall build, construct or put in any septic tank or septic tank installation or other work or works for the reception, screening, disintegration, precipitation, settlement, clarification, oxidation or purification of drainage matter, without the consent in writing of the Surveyor, subject to review by the Council, and such consent shall be given only upon written application by the person desiring such consent, and such application shall be supported by plan, drawings and specifications in duplicate of such septic tank or septic tank installation which shall fully disclose the situation of the proposed work relatively to the nearest habitable building, human food store, public thoroughfare, well bore, or other source of water supply, also the nature of the intended process of treating the drainage or residual solids, liquids or gases thereof, so that nuisance or injury to health shall not be caused thereby, also the form, materials, dimensions, levels and the extent of the work, and the date concerning the character, volume and extreme rates of flow of the drainage upon which the design thus disclosed shall have been based. A fee of 5s. must be lodged with the application.

The duplicates above referred to may be on tracing cloth.

#### *Erection of Tents.*

27. No person shall erect, build or construct, or cause to be erected, built or constructed, any tent, except in conformity with the specification following, that is to say:—The framework of such tent shall be timber, of the quality prescribed in sub-clause (3) of clause 10 of this By-law, and no tent having external walls sheeted either as a whole or in part with canvas, calico or other like inflammable material shall be built or erected nearer to the boundary of the allotment upon which the same is built or erected on the same allotment than 10 feet. The number of tents to be erected on one and the same allotment in the same ownership shall not be more than four, with a kitchen in addition. Should any tents or buildings having walls wholly or partly constructed of canvas or the like inflammable material, and built prior to the coming into operation of this By-law, exceed four in number on any one allotment, or together with other buildings on the land exceed in area one-fourth of the area of that allotment, or as to spacing from other tents or buildings or the boundaries of the land not comply with this By-law, or are, in the opinion of the Surveyor, dilapidated or unfit for occupation, the Council may proceed as provided for by clause 35 of this By-law to have such tents or buildings having walls constructed wholly or partly of canvas, as it shall think fit, demolished. At least two closets or privies (one for each sex) must be provided on each allotment on which more than one tent stands, and such closets or privies shall be erected at each corner of the allotment at the rear of tents in accordance with clauses 24 and 25 of this By-law. In all cases where a tent or tents are to be used as the sole means of habitation on any allotment, or where such provision is not made in any existing building on the said allotment, a kitchen properly framed, ventilated and having a brick fireplace and chimney as required herein for buildings shall be built for the use of the occupier of such tents. In all cases a plan must be submitted to the Council for approval showing the size of the allotment, number of tents proposed to be erected and sizes of same. No tent shall exceed in area 168 square feet.

Any allotment must comply with conditions set out in clause 17A.

27A. With regard to the drains of buildings of any class and of every addition thereto, before the several walls of such buildings are built to the height of 10 feet from their foundations, the drains must have been properly built, and made good, that is to say, to the best outlet that can be obtained, so as to render all such drains available for the drainage of the lowest floor of such building or addition thereto, and also of its area; and the drains under and from every building for drainage purposes must be constructed with glazed earthenware pottery pipes jointed with good cement, and having diameter of not less than 4 inches. Any every such drain within the walls of such building shall be wholly covered over, under the lowest floor independently thereof, and every such drain within the walls of such building must be built so as to render the drain air-tight, and shall be properly trapped and ventilated.

And in no case shall the soil below the floor of any building be left undrained or so that the water may remain stagnant on any portion thereof. Where the site of a building is in the opinion of the Surveyor insanitary, the surface of the ground enclosed by the walls of any building is to be covered with approved tarred composition paving or concrete at least 2 inches in thickness, rolled or rammed, and finished so as to be impervious to water and foul exhalations, and in all cases the foundations or footings of such buildings shall be of lime or cement concrete, constructed to the satisfaction of the Surveyor, or the Council may prohibit the construction of any building or erection intended for human habitation on such site.

28. Roofs and gutters and flashings of any building or erection, and of any projection therefrom, and also balconies, verandahs and shop fronts, must be so arranged and constructed and supplied with gutters and pipes to the approval of the Surveyor, as to prevent the water therefrom dropping or running over any public way, and all such rain water pipes and eaves, gutters and flashings are to be made of metal.

#### *Chimneys on Corbel of Incombustible Materials.*

29. Chimneys built on corbels of brick, stone or other fire-resisting materials may be erected if the work so corbelled out does not project from the wall more than one and a half times the thickness of the wall, measured immediately below the corbel, and all other chimneys shall be built on solid foundations and with footings similar to the footing required in the case of external and party walls, unless they are carried upon iron girders with direct bearings upon party external or cross walls, to the satisfaction of the Surveyor.

#### *Other Chimneys.—Angle of Flue.*

Chimneys and flues having proper soot doors of not less than 40 square inches may be constructed at any angle, but in no other case shall any flue be inclined at a less angle than 45 degrees to the horizon, and every angle shall be properly rounded. All soot doors shall be at least 13 inches distant from any woodwork.

*Breast of Chimneys.*

An arch of brick or stone, or a reinforced concrete lintel, or a bar of wrought iron of sufficient strength, shall be built over the opening of every chimney to support the breast thereof, and where the breast projects more than 4 inches from the face of the wall, and the jamb on either side is of less width than 9 inches, the abutments shall be tied in by an iron bar or bars of sufficient strength turned up and down at the ends and built into the jambs for at least 8½ inches on each side.

*Construction of Flues.*

A flue shall not be adapted to or used for any oven, furnace, cockle, steam boiler or close fire used for any purpose or trade or business, or to or for the range or cooking apparatus of any hotel or eating house, unless the flue is surrounded with brickwork at least 8½ inches thick from the floor on which such oven, furnace, cockle, steam boiler or close fire is situated, to a level of the ceiling on the room above the same.

*Height of Flue for Steam Boiler.*

A flue used in connexion with a steam boiler shall be at least 50 feet in height, measured from the level of the floor on which the boiler is placed.

*Flues Pargeted or Lined with Fire-resisting Stoneware.*

The inside of every flue and also the outside thereof where passing through floor or roof or behind or against any woodwork, shall be rendered pargeted or lined with fire-resisting stoneware.

*Jambs.*

The jambs of every fireplace opening shall be at least 8½ inches wide on each side of the opening thereof. Kitchen ranges may be built without side jambs.

*Back of Fireplace.*

The back of every fireplace opening from the hearth up to the height of 12 inches above the mantel shall be at least 8½ inches thick.

*Thickness of Flue.*

The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees shall be at least 8½ inches.

*Height of Chimneys, &c.*

Every chimney shaft or smoke flue shall be carried up in brick or stonework or other approved material, subject to the approval of the Surveyor, at least 4½ inches thick throughout to a height of not less than 3 feet above the roof, flat or gutter thereto measured at the highest point in the line of junction with such roof, flat or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat or gutter. No iron chimney attached to any building used or intended to be used for a dwelling will be approved.

*Brickwork or Stonework of Chimney Shaft.*

The brickwork or stonework of any chimney shaft except that of the furnace of any steam engine, mill, brewery, distillery, bakehouse or manufactory shall not be built higher above the roof, flat or gutter adjoining than a height equal to six times the least width of such chimney shaft at the level of the highest point in the line of junction unless such chimney shaft is built of increased thickness or otherwise rendered secure to the satisfaction of the surveyor.

*Flues in Party Structure.—Internal Diameter of Smoke Flue.*

A flue shall not be built in nor against any party structure unless it be surrounded with new brickwork at least 4½ inches in thickness, properly bonded.

No flue shall be used for a smoke flue which is of a less internal diameter than 8½ inches, except in case of copper or scullery flues, which may be of any size allowed by the Surveyor.

*Cutting away Chimney Breast, &c., in Party Walls.*

A chimney breast or shaft built with or in any party wall shall not be cut away unless the Surveyor certifies that it can be done without injuriously affecting the stability of any building.

*Cutting into Chimney Shaft, &c.*

A chimney shaft, jamb, breast or flue shall not be cut into except for the purpose of repair without the approval of the Surveyor.

*Position of Timber or Woodwork.*

Timber or woodwork shall not be placed—(a) In any wall of chimney breast nearer than 9 inches to the inside of any flue or chimney opening. (b) Under any chimney opening within 6 inches from the upper surface of the hearth of such chimney opening. (c) Within 2 inches from the face of the brickwork or stonework about any chimney or flue where the substance of such brickwork or stonework is less than 8½ inches thick.

The floor under and for a space of 18 inches in front of every oven, copper, steam boiler or stove which is not heated by gas shall be formed of materials of fire-resisting nature, not less than 6 inches.

No. 183.—DECEMBER 24, 1919.—19751.—2

*Floors.*

The floor over any room or enclosed space in which a furnace is fixed and any floor within 18 inches from the crown of an oven shall be constructed of fire-resisting materials.

*Timber to be Fire Isolated from Fireplaces or Flues.*

All timber shall be fire isolated from fireplaces or flues by means of solid incombustible material of a thickness of not less than 9 inches intervening between such timber and fireplace or flue. Except where otherwise allowed the flues of different fireplaces shall be separated by means of solidly constructed walls, and where necessary in the opinion of the Surveyor each fireplace shall be connected with a flue by means of a properly constructed funnel of approved design. The outlet of every flue shall be above the highest part of the building or in the case of there being another building adjacent to the former, such flue shall be carried to such height as the Surveyor shall direct. There shall be laid level with the floor before opening of every fireplace, a slab of stone, slate, concrete or other approved incombustible material, bedded wholly on brick, stone or other approved incombustible material, and such slab shall, together with such material, be solid for a thickness of 6 inches at least. Such slab shall together with its bed, be extended at least 6 inches beyond such side of the fireplace opening, and for a distance of at least 18 inches in front of and from such opening.

*Projections.*

30. No coping, cornice, string-course, fascia, window, window dressing, portico, balcony, balconette, bridge connecting building, balustrade and architectural projection or decoration shall project beyond the building line of any street or alley unless it be of brick, stone, tile, artificial stone, slate, cement or fire-resisting material other than wood.

*Limit of Projection.*

No projection shall extend more than 3 inches beyond the building line at any height less than 10 feet from the level of the public footpath.

Every porch, gangway, outside landing and outside step shall be of fire-resisting material and shall not project beyond the building line of any street or alley.

*Projections to be Tailed into Wall.—Limit of Projection.*

Every balcony, cornice or other projection of or from any external wall shall be tailed into the wall of the building, and weighed or tied down to the satisfaction of the Surveyor, and no cornice window or balcony shall, without special permission of the Council, exceed 4 feet in projection over the public way in streets over 33 feet in width or more than 2 feet in streets of 33 or less feet in width.

*Shop Fronts.*

No shop front shall exceed two stories in height above the level of the pavement of the public footpath in front of the shop. No part of the woodwork of any shop front shall be fixed nearer than 4 inches to the centre of the party wall where the adjoining premises are separated by a party wall, or nearer than 4 inches to the face of the wall of the adjoining premises where the adjoining premises have a separate wall, unless a pier or corbel of stone, brick or other incombustible material, 4 inches wide at the least, be placed as high as such woodwork, and projecting throughout an inch at least in front thereof between the woodwork and the centre of the party wall of the separate wall, as the case may be.

Woodwork wholly encased with metal not less than 22-gauge may be fixed flush with the face of the wall.

*Erection of Hoardings, Signboards, &c.*

Save as hereinafter provided, no person shall alter or add to any hoarding, signboard or erection for advertising purposes without first obtaining the consent of the Council, and unless such hoarding, signboard or erection is erected, built or constructed, altered or added to in accordance with the plan and specification prepared by such person, and previously approved of by the Council.

No hoarding, signboard or erection shall be within a distance from the building line of any street or road equal to the greatest height of such hoarding, signboard or erection; and the lowest part of such hoarding other than the main supports thereof shall not be less than 3 feet from the level of the land.

*Signboard, &c., under Verandah.*

No signboard, hanging lamp or gaspipe fixture shall be erected on or attached to any building or verandah, unless the permission in writing of the Council thereof be first obtained. Each signboard, hanging lamp or gaspipe shall be of material, construction and design approved by the Surveyor and shall be in no part less than 8 ft. 6 in. above the level of the footpath. No signboard shall exceed in depth 3 feet nor, unless attached to a verandah, project over the footpath.

*Distances.*

33. The distances mentioned in clauses 4, 5 and 23 of this By-law shall be respectively measured from the projection nearest to the point at which such building may be from such other building, street, side street, road, lane, right-of-way or boundary line.

*Power to Enter and Inspect.*

34. The Surveyor is hereby authorized at all reasonable times during the progress and during fourteen days next after the completion of any building or addition to any building, affected by any of the provisions of this By-law, to enter and inspect such building or addition and the owner or builder thereof shall on demand produce to the Surveyor for inspection the original plans and specifications, approved by the Council for the building, erection or addition.

*Powers of Council.—Where Building or Erection.*

35. If any building, addition thereto or tent shall be partly or wholly built, contrary to the provisions of this By-law or shall be in a ruinous dilapidated condition or in the opinion of the Surveyor be unfit for human habitation the Council by its Shire Secretary, Surveyor or other authorized agent, may give to the owner or builder, or leave upon the site of such building, erection or addition fourteen days' notice in writing to bring such building, erection or addition into conformity with the provisions, or requiring the pulling down or removal of such building, erection or addition, and if default shall be made in complying with such notice, notwithstanding the imposition or recovery of any penalty it shall be lawful for the said Council by its Surveyor or other authorized agent to enter upon such building, erection or addition, and on the site thereof with a sufficient number of workmen, and for that purpose, to break down any fence surrounding the land on which such building, erection or addition is situate and to demolish and pull down the said building, erection or addition, or any part thereof, and to do any other act that may be necessary for the purpose, and to remove the materials thereof to some convenient place, and if the Council in its discretion thinks fit, to sell the same in such manner as it thinks fit, and all expenses incurred by the Council, its Shire Secretary, or other authorized agent, in demolishing and pulling down the said building, erection or addition, or any part thereof, or of removing the materials thereof and selling the same and in doing other acts as aforesaid, and all fees and penalties due by the owner or builder thereof may be deducted and retained by the Council out of the proceeds of such sale, and the Council shall restore any surplus (if any) arising from such sale to such owner or builder or other person legally entitled thereto on demand.

*Buildings not Applicable.*

36. This By-law shall not apply to any fence, greenhouse, fernery, aviary, or to temporary offices and sheds used by builders during erection or construction of any building at or about the site of such building for a period not exceeding six months.

37. This By-law shall not apply to any building of the Government of the Commonwealth of Australia, the State of Victoria, or the Shire of Dandenong.

*Area over which By-law Operates.*

38. This By-law shall apply to and have operation in and throughout the following area of the South Riding of the Shire of Dandenong, commencing at a point at the junction of the Mordialloc Creek and Port Phillip Bay; proceeding thence along the Mordialloc Creek to the intersection of the said creek and the Government road bearing north and south between sections XXIII. and XXII., parish of Mordialloc; thence along the main drain to the intersection of Government road running northerly between allotments 132 and 130, parish of Lyndhurst; thence south and south-easterly and south along the centre of the said Government road to the intersection of same with the Eel Race-road; thence westerly along the said road, forming southern boundaries of allotments 91 and 92, parish of Lyndhurst, to its intersection with the Point Nepean-road; thence south-easterly along the said road to the southern boundary of Crown allotment 1A, parish of Lyndhurst; thence westerly along that boundary and a line produced from same to its intersection with the shore of Port Phillip Bay; thence north-westerly along the shore of Port Phillip Bay back to the point of commencement.

*Provision for.*

39. Notwithstanding anything hereinbefore provided to the contrary, the Council may, under special circumstances and for special causes, and at a meeting of which notice of the business has been given as for extraordinary business to each Councillor declare that the provisions of this By-law, whether in the whole or in part, shall not apply to any particular building.

*Penalty.*

40. Penalties.—Any person who shall be guilty of any wilful breach of any of the provisions of this By-law shall be liable for every such offence to a penalty of not less than Ten shillings and not exceeding Twenty pounds. And if such offence is a continuing one, to a further penalty not exceeding Ten shillings per day for each day such offence is continued.

41. In this By-law, save where the context is inconsistent therewith "Council" means the Council of the Shire of Dandenong.

"Addition" shall mean and include any increase in the habitable enclosed or covered area, height or cubic contents of any building.

"Alteration" shall mean any work done in renewing or repairing any building or erection.

All words importing the singular shall include the plural and the plural the singular.

"Approved" shall mean approved by the Surveyor, subject to review by the Council.

"Area" applied to a building shall mean the superficies of a horizontal section thereof made at the point of its greatest surface inclusive of the external walls and of such portions of the party walls as belong to the building.

"Build" shall mean and include "erect, build or construct" or cause to be "built, erected or constructed."

"Built" shall mean and include "erected, built or constructed" or caused to be "built, erected or constructed."

"Building" shall mean and include erection, structure, hoarding and every structure of whatever kind and every part of such structure.

"Building Line" shall mean a line beyond which property owners or others have no legal or vested right to extend a building or any part thereof without approval of the Council.

"Dwelling-house" shall mean a building used or constructed or intended or adapted to be used wholly or principally for human habitation, whether the building or portion thereof may be or is used for some other purpose or not.

"Height" in relation to any building shall mean measurement taken from the level of the footway (if any) immediately in front of the centre of the face of the building, or when there is no such footway from the level of the ground before evacuation to the level of the ceiling or tie of the topmost story.

"Hoarding" includes any erection or structure used or that may be used for the purpose of writing, painting, pasting or posting thereon notices, advertisements, placards, or other printed, painted or written matter, provided that the height measured from the level of the ground to the highest point of such structure is not less than 6 feet but shall not apply to a hoarding erected in a street for the purpose of carrying on building operations only or dwelling-house or shop or any fence 7 feet or under in height, or to "To Let" or "For Sale" boards not exceeding 30 square feet in area.

"Lane" or "right-of-way" shall mean a street or road less than 33 feet wide.

"Secretary" shall mean the Shire Secretary or Acting Shire Secretary for the time being of the said Shire.

"Shop" means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes the saloons of shops of barbers and hairdressers and offices of agents and auctioneers. A *bona fide* private boardinghouse shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied to persons other than boarders.

"Square" applied to the measurement of any area shall mean for the space of 100 square feet.

"Street" or "road" shall mean and include street and road and private street and private road as respectively defined in the *Local Government Act 1915*.

"Surveyor" shall mean the building surveyor or other proper officer for the time being of the municipality.

Resolution for passing this By-law agreed to by the Council on the 28th day of July, 1919, and confirmed on the 25th day of August, 1919.

The common seal of the President, Councillors, and Ratepayers was hereunto affixed in the presence of—

(SEAL) E. HARRIS, President.  
C. W. RUSSELL, Councillor.  
K. G. MCALPIN, Shire Secretary.

Approved by the Governor in Council  
the 16th December, 1919.

F. W. MABBOTT,  
Clerk of the Executive Council.

*SCHEDULE.*

Closets in number, and urinals in number, properly separated for the sexes, well lighted, ventilated, and perfumed, must be supplied. The orifice in the closet seat must be at least 3½ inches behind the riser; the space under the seat must not allow of a larger interval than 1½ inches between the pan and the seat; and it must be so fitted with stops or bars

that the pan may be easily introduced into its proper position. The floor of the whole closet, including that of the middenstead, must be made of approved material, such as asphalt, concrete, &c., and be at least 3 inches above the adjoining ground level. The space beneath the seat must be provided with an air grating in the lowermost part of an external wall. The clear air-way of the inlets, of the outlets and of the perflators of the closets and of the urinals must be provided at the rate of 24 square inches per closet seat, and at the same rate per urinal stall; the perflators, which must be placed in the external walls and close to the floor, may be air bricks or air gratings.

In the case of closets, or of urinals, or of both together being erected in groups, provided that the partition as well as the door of each closet and urinal do not reach to the floor or to the ceiling a clear airway of at least 70 square inches being left at the top of each partition and of each door, and of 70 square inches at the bottom of each partition and of each door—the main room alone will need to be ventilated and perflated, each middenstead being provided with the air grating already mentioned.

Closets and urinals must be placed in approved positions, and all soil pipes must be properly ventilated.

No closet nor urinal may be provided with any flushing appliance which admits of pollution of the water in the service-pipe or water main; hence the closet and the urinal must not be provided with water direct from the main, but through some such suitable appliance as a (small) flushing tank; the latter, moreover, unless itself supplied from a special service tank, should not be fixed inside any urinal or closet compartments which is enclosed and provided with a roof.

In no circumstances will closets or urinals be allowed inside any public building unless either thoroughly air-disconnected or isolated and ventilated and, in the case of a pan closet, unless in addition the closet admits of the removal of the pan by a doorway or other means giving access to the pan from the exterior of the building.

Floor in front of pan may be brick or wood.

#### ORDER APPROVING OF A DEVIATION FROM A DEVELOPMENTAL ROAD IN THE SHIRE OF BULN BULN.

*At the Executive Council Chamber, Melbourne, the  
sixteenth day of December, 1919.*

##### PRESENT:

His Excellency the Lieutenant-Governor of Victoria.

Mr. Lawson	Mr. Hutchinson
Mr. McPherson	Mr. Campbell.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1915 (No. 2635)* has represented to His Excellency the Governor in Council that it appears to it desirable that the deviation hereinafter referred to from the existing Poowong-road in the shire of Buln Buln (declared to be a developmental road under the Developmental Roads Act which declaration was confirmed by the Order in Council published in the *Government Gazette* of the 29th January, 1919, on page 222) should be made by the said Board. And whereas the said Board in accordance with the requirements of section 19 of the said first cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said deviation is proposed to be made and the cost of acquiring the land and constructing the said deviation. And whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said deviation. Now therefore be it known by this present Order that His Excellency the Lieutenant-Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All those pieces of land being a roadway generally 1 chain wide whose western boundary commences on the Poowong

developmental road at the junction of two road lines bearing 355 deg. 11 min. and 44 deg. 35 min. forming the eastern boundary of allotment 91A<sup>1</sup>, parish of Longwarry; thence south-westerly through allotments 91A<sup>1</sup> and 91B and across a Government road and thence south-westerly, south-easterly and south-westerly through allotment 32, to junction with the Poowong developmental road at a point on the southern boundary of the western portion of allotment 32, distant 385.8 links from the south-eastern angle of the said western portion of allotment 32, parish of Longwarry.

NOTE.—The route of the portion of the road above described is more particularly delineated and shown coloured red on survey plan No. 651, lodged in the office of the Country Roads Board, Melbourne.

And the Honorable Frank Clarke, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

#### ORDER APPROVING OF A NEW DEVELOPMENTAL ROAD IN THE SHIRE OF FERNTREE GULLY.

*At the Executive Council Chamber, Melbourne, the  
sixteenth day of December, 1919.*

##### PRESENT:

His Excellency the Lieutenant-Governor of Victoria.

Mr. Lawson	Mr. Hutchinson
Mr. McPherson	Mr. Campbell.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1915 (No. 2635)* has represented to His Excellency the Governor in Council that it appears to it desirable that the new Sassafras Creek-road in the shire of Ferntree Gully should be made by the said Board. And whereas the said Board in accordance with the requirements of section 19 of the said first cited Act has caused to be prepared a map plans marked "A" to "F," respectively and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road. And whereas on an inspection of the said map and plans and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing

the said new road. Now therefore be it known by this present Order that His Excellency the Lieutenant-Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All those pieces of land whose northern boundary commences at a point on the northern boundary of the Sassafras Creek reserve 211 feet, more or less north-westerly from the south-eastern angle of allotment 3, section E, parish of Monbulk; thence generally easterly and south-easterly through allotments 3, 4, 6, across a road 50 feet wide, and continuing south-easterly through allotments 16, 17, and 19, section E, parish of Monbulk, to the northern boundary of the Creek reserve at a point bearing south-easterly 25 ft. 5 in., more or less, from an angle formed by lines bearing 285 deg. 28 min. and 327 deg. 11 min.; also

All that piece of land commencing at a point on the northern boundary of allotment 31, section G, parish of Monbulk, bearing 223 deg. 33 min. 23 ft. 2 in., 283 deg. 41 min. 151 feet, and 300 deg. 53 min. 61 ft. 5 in. from the north-eastern angle of allotment 31; thence generally westerly and northerly through allotments 31 and 30 to the Creek reserve on the northern boundary of allotment 30; thence south-easterly by the southern boundary of the Creek reserve to the point of commencement.

NOTE.—The route of the portions of the road above described is more particularly delineated and shown coloured red on survey plans Nos. 548, 549, 550, 551, 552, and 553, lodged in the office of the Country Roads Board, Melbourne.

And the Honorable Frank Clarke, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

#### ORDER APPROVING OF A NEW DEVELOPMENTAL ROAD IN THE SHIRE OF MORWELL.

*At the Executive Council Chamber, Melbourne, the  
sixteenth day of December, 1919.*

PRESENT:

His Excellency the Lieutenant-Governor of Victoria.

Mr. Lawson	Mr. Hutchinson
Mr. McPherson	Mr. Campbell.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1915* (No. 2635) has represented to His Excellency the Governor in Council that it appears to it desirable that the new Jumbuk-road in the shire of Morwell should be made by the said Board. And whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road. And whereas on an inspection of the said map plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new road. Now therefore be it known by this present Order that His Excellency the Lieutenant-Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

Commencing at a point on the northern boundary of allotment 23c, parish of Yinnar, distant 352.8 links from the north-eastern angle of the said allotment; thence generally southerly and south-easterly through allotment 23c and across a 1-chain road and through allotment 14, section A, to a point on the northern boundary of the allotment last mentioned, bearing north 46 deg. 58 min. west 1,120 links from its north-eastern angle.

NOTE.—The route of the portion of the road above described is more particularly delineated and shown coloured red on survey plans Nos. 572 and 573, lodged at the office of the Country Roads Board, Melbourne.

And the Honorable Frank Clarke, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

## COMMONS DIMINISHED.

## PROCLAMATION

By His Excellency the Honorable Sir William Hill Irvine, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George; Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

**W**HEREAS by Division 10 of Part I. of the *Land Act 1915* (8 Geo. V. No. 2676), it is amongst other things enacted that the Governor in Council may from time to time increase, and, after one month's notice in the *Government Gazette*, diminish, alter, or abolish any common, and may

from time to time re-proclaim the whole or any part of any such common for any of the purposes and subject to the provisions of the said Part of the said Act, and that nothing therein contained shall prevent the exercise of the powers conferred by the said Part of the said Act with respect to the leasing or licensing of any land comprised in any common: Now therefore I, the Lieutenant-Governor of the State of Victoria in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, do hereby diminish the following mentioned commons:—

## MARYBOROUGH AND AMHERST DISTRICT GOLD-FIELDS COMMON

by deducting therefrom 7 acres, more or less, of land in the parish of Craigie comprised within the boundaries as defined by technical description published in the *Government Gazette* of the 19th November, 1919; and,

Tenders for supply of forage to more than five separate stations in any one district must be accompanied by a preliminary deposit of 10s. for each and every station tendered for, except in the case of the Melbourne District, the preliminary deposit for which shall be £25 with each tender, irrespective of the number of stations tendered for. Deposits must be in bank notes, or bank drafts payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application; such deposit will be forfeited in the event of the tenderer, after the time fixed for the closing of tenders, withdrawing or attempting to withdraw his tender, or of the successful tenderer failing to complete the necessary bond within a reasonable time after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to hold contracts for Government supplies for a period of two years.

The price must include delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notices will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

For police stations, excepting the depot and institutions other than police, the successful tenderer will be required to enter into a bond for the sum of £5 per horse per station, and for the depot and other institutions a bond based on one-quarter of the total amount of the tender accepted, such bonds to be entered into within a reasonable time after the acceptance is notified. Two approved sureties are required for contracts where the sum stated in the bond is £50 and upwards, and one surety where the sum stated is under £50.

## CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed except when otherwise specified in the contract; the straw to be wheaten or oatens, and both to be in all respects of the best quality; oats, white or Algerian (Victorian grown), of the best description, full kernel, clean, and free from wild oats or other objectionable seeds; bran to be sound and sweet, and of the best description; chaff to be made from oatens hay of the best quality. As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

2. The quantities stated in the schedule are only approximate, and the Government may draw either more or less than those mentioned. Should new stations be formed or additional horses be required at any station, the contractor will be required to supply the extra forage. Unless otherwise specified in the tender form the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station, should the additional number of permanent horses exceed two.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, and also forage for any extra horses that may be at any time stabled at the depot for police purposes, at the same rates.

4. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

5. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

6. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 4.

7. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue to either party by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, but he will be responsible to the Government for so doing; and the contractor must take back the rejected forage and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 4.

8. A refusal to execute orders, irregularity in the quantity or quality of the forage, or delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the State for the time being may direct. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

10. Under no circumstances will a contractor be permitted to abandon his contract, and in the event of his failing to carry on his contract he will be held liable for any loss which the Government may sustain in consequence of such failure. In the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

11. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase by any Department of forage grown at any Government establishment.

W. M. McPHERSON,  
Treasurer.

Treasury,  
Melbourne, 21st November, 1919.
