SHIRE OF MILDURA.

PROPOSED SEVERANCE AND CONSTITUTION OF A NEW MUNICIPALITY.

IN pursuance of the provisions of the *Local Government Act 1915* (No. 2686, Section 40), the substance and prayer of a petition in accordance with the said Act, which has been presented to His Excellency the Lieutenant-Governor, are published, viz.:-

The petitioners purport to constitute a majority of the rate-payers in the portion of the shire of Mildura, which is described in their petition, and they desire that the area so described may be severed from the shire of Mildura, and constituted a new municipality under the name and title of "The Borough of Mildura."

Area Described in Petition.

Commencing at a point on the bank of the River Murray in a line with the centre of Benetook-avenue; thence south-west along the centre of Benetook-avenue to the centre of Cureton-avenue; thence south-easterly along Cureton-avenue to the intersection of The Crescent with Cureton-avenue at the south-eastern corner of allotment 8, section 15, block F, parish of Mildura; thence westerly along The Crescent to the centre of Benetook-avenue; thence south-west along Benetook-avenue to the centre of Fourteenth-street; thence north-westerly along Fourteenth-street to a point on the bank of the River Murray, in a line with the centre of Fourteenth-street; thence southerly and easterly by the River Murray to the commencing point in line with the centre of Benetook-avenue.

The petitioners state that by the constitution of the borough better supervision could be exercised over the said area as to expenditure for maintenance, drainage, lighting, and other works, particularly with regard to health matters.

The area of the proposed new borough is about 7½ square miles, and a 2s. 6d. rate would yield approximately £4,300, which sum would, it is stated by the petitioners, be ample to adequately maintain the proposed borough.

The petitioners therefore pray that His Excellency in Council may be pleased to sever the area above described and constitute it a separate municipality under the name and title of "The Borough of Mildura," and that such borough may be unsubdivided and governed by a council of nine members.

Notices for the petitioners may be served on Mr. J. W. Washington, of Deakin-avenue, Mildura.

Commissioner of Public Works.

9. In the event of the hirer being dissatisfied with the registering of a meter hired from the Commission, he may, by notice in writing, require the Commission to cause such meter to be removed and tested; and, together with such notice, shall forward a sum of Ten shillings, which, if the meter be found to register correctly, shall be applied in paying the cost of the removing, testing, and replacing, and the balance, if any, shall be returned to him; but if such

meter be found to fail to register, or be found to register incorrectly, it shall be repaired and replaced, or another meter shall be placed instead thereof at the cost of the Commission, and the amount deposited by the hirer shall be returned to him. Any person so hiring a meter from the Commission who shall cease to occupy the premises on which such meter is fixed without having previously given, in writing, at least six days' notice to the Commission of his intention to do so, shall be guilty of an offence.

10. If any meter cease registering, or be found to be out of repair, or registering inaccurately, the Commission may estimate and charge for the water consumed during the period such meter was not in working order and until repaired and refixed, either by taking an average of the quantity used during the previous quarter, or during the corresponding period of the previous year.

11. Meters, other than such as are hired from the Commission, will be tested on delivery thereof at the office of the Commission, at Dandenong, a fee of One shilling shall be charged for each test.

12. The Commission, by its officers, may, at any time, after six days' notice, in writing, of its intention, attach a check meter to the service-pipes of any consumer, either inside or outside the premises of such consumer; and may, for such purpose, enter such premises at any time between the hours of Ten in the forenoon and Four in the afternoon, and then and there do all things necessary therefor.

13. Any person supplied with water by the Commission who shall wilfully or negligently allow such water to run to waste shall be guilty of an offence; and, in the event of continuing the same, shall be guilty of a further offence for each day, after notice from the Commission, on which such waste is continued.

14. All water troughs supplied from the pipes of the Commission shall be lined with metal, so as to be watertight, and shall have proper and efficient fittings for supplying them automatically and for preventing overflow. All such troughs and fittings shall be kept in proper order and repair. No water trough shall be of greater capacity than twenty-five gallons. Should any trough or fittings thereof be out of repair or leaking the supply thereto may be cut off until efficiently repaired.

15. If any person supplied with water by the Commission does, or causes to be done, anything in contravention of this By-law, or fails to pay any rates or charges lawfully due by him, or fails to do anything which under this By-law ought to be done, or wilfully or negligently allows water to run to waste, the Commission may, in addition to any other remedy, cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

16. The charge to be paid for water supplied by measure from the pipes of the Commission shall be Twelvence per 1,000 gallons.

17. The minimum quantity of water to be charged for by measure in each case where water is supplied from the pipes of the Commission shall be as follows:—

(1) Where the supply is for domestic as well as for other than domestic purposes, the quantity which, if charged for at Twelvence per 1,000 gallons, would give an amount equal to that payable in respect of the premises so supplied under the provisions of any By-law of the Commission for making and levying rates, if such premises were supplied otherwise than by measure.

(2) Where the supply is solely for other than domestic purposes, a quantity which, if charged as provided by the last preceding section, would give a sum of Five shillings for any continuous period of three months.

18. In the construction of this By-law the word "person" shall extend to and include a corporation, whether aggregate or sole; the expression "proper officer" shall mean an officer or servant of the Commission authorized to perform any act or to accept service of any notice or to execute any function on behalf of the Commission.

19. Any person guilty of an offence against this By-law shall be liable to a penalty not exceeding Five pounds, recoverable summarily before any Court of competent jurisdiction.

The foregoing By-law was made by the State Rivers and Water Supply Commission on the 15th day of March, 1920, and the common seal of the said Commission was hereunto affixed the 22nd day of March, 1920, in the presence of—

- (5) The candidate who has received the greatest number of first preference votes shall if such number constitutes an absolute majority of votes (including the casting vote of the returning officer if necessary) be declared by the returning officer duly elected.

Counting of Votes by Returning Officer.

(11) The count of the votes may from time to time be adjourned as the returning officer may deem necessary until it has been duly completed; and each adjournment shall be announced by the returning officer to the scrutineers and the officers assisting him.
