By order,

J. B. A. SAYERS,

Secretary.

Office of the Public Service Commissioner (Victoria),
Melbourne, 12th March, 1921.

THIRD CLASS CLERK, PENAL AND GAOLS BRANCH, DEPARTMENT OF CHIEF SECRETARY.

A PPLICATIONS will be received by the Public Service Commissioner (Victoria) from officers of the Fourth Class of the Clerical Division of the Public Service of Victoria, who are qualified, for appointment to the above-mentioned position.

Qualifications.—A knowledge of the Goals Acts, and of the regulations thereunder; aptitude in correspondence, a general knowledge of accounts; tact and ability to secure efficiency in those under him.

Applications (which should be addressed to the Secretary to the Commissioner, and accompanied by evidence of experience and qualifications) are required to be lodged at this office by not later than Thursday, the 24th March, 1921.

By order,

J. B. A. SAYERS,

Secretary.

Office of the Public Service Commissioner (Victoria),
Melbourne, 12th March, 1921.

FIELD OFFICER, GENERAL DIVISION, DEPARTMENT OF AGRICULTURE.

APPLICATIONS will be received by the Public Service Commissioner (Victoria) from officers of the General Division of the Public Service of Victoria, who are qualified, for appointment to the above-mentioned position.

Yearly Rate of Pay.—£192, minimum; £240, maximum.

Duties.—To lay out, supervise, and harvest experimental plots, compute returns and make intelligent progress reports of the work in hand, and to assist generally in the work of the Field Branch.

Qualifications.—Applicants should possess a diploma or certificate of an Agricultural College, and should submit evidence of experience in the laying out, management, harvesting, and recording of experimental plots connected with fertilization, rotation, seed varieties, and cultivation trials.

Applications (which should be addressed to the Secretary to the Commissioner, and accompanied by evidence of experience, &c.) are required to be lodged at this office by not later than Saturday, the 2nd April, 1921.

By order,
J. B. A. SAYERS,
Secretary.

Office of the Public Service Commissioner (Victoria),
Melbourne, 16th March, 1921.

CROWN LANDS BAILIFF, DEPARTMENT OF LANDS AND SURVEY.

APPLICATIONS will be received by the Public Service Commissioner (Victoria) from officers of the General Division of the Public Service of Victoria, who are qualified, for appointment to the above-mentioned position.

Yearly Salary.—£316, minimum; £300, maximum.

Duties.—To supply information to the public as to available lands, and forms to intending applicants; to make inspections, and furnish reports as to compliance with conditions of leases and licences; to make valuations of improvements effected by tenants both under Land Acts and Closer Settlement Acts; to furnish reports on unauthorized occupation of Crown lands and removal of material therefrom, and take legal proceedings; to assess the value of land; to collect statistical information referring to closer settlement holdings; to report generally on matters relating to the occupation of Crown lands.

Applicants should be acquainted with the Land Acts and Regulations and the Closer Settlement Acts and Regulations so far as they affect the duties of the position, and have a reasonable knowledge of farming pursuits and of the different classes of land and values thereof. They should also be qualified to take levels and make rough surveys for drainage purposes.

Applications (which should be addressed to the Secretary to the Commissioner, and accompanied by evidence of experience and qualifications) are required to be lodged at this office by not later than Saturday, the 2nd April, 1921.

By order,
J. B. A. SAYERS,
Secretary.

Office of the Public Service Commissioner (Victoria),
Melbourne, 16th March, 1921.

VACANCIES, CLERICAL DIVISION.

APPLICATIONS will be received by the Public Service Commissioner (Victoria) from officers of the Clerical Division of the Public Service of Victoria, who are eligible and qualified, for appointment to the undermentioned positions:—

DEPARTMENT OF TREASURER.

Fourth Class Clerk, Correspondence Branch.

Duties.—To act as Private Secretary to the Treasurer; to report deputations to and interviews with the Treasurer; to perform special duties under the direction of the Under-Treasurer and Chief Clerk.

DEPARTMENT OF PUBLIC INSTRUCTION.

Officer in Charge of Examinations Branch, Second Class, Clerical Division.

Duties.—To have charge of Examinations Branch; to make all arrangements for the holding of teachers' and scholarship examinations, and to certify to claims in connexion therewith; to be responsible for the preparation by the examiners of examination papers and for their safe custody; to deal with correspondence relating to the examination and classification of teachers; to act as Secretary to the Training College Board of Examiners and to the Honors Committee, also as Sub-Examiner to the London University.

DEPARTMENT OF PUBLIC WORKS.

1. Senior Clerk and Assistant Accountant, Second Class, Clerical Division.

Duties.—To assist Chief Clerk and Accountant; to prepare annual estimates of revenue and expenditure, and of loan expenditure, also financial statements, returns, &c.; to examine accounts and deal with tenders.

Qualifications.—To be conversant with the duties of Chief Clerk and Accountant, and to be competent to perform the duties of that office and to supervise the branch; to have a thorough knowledge of all departmental accounts (Advance, Suspense, and Collection); to have a knowledge of the various

Acts administered by the Department, of departmental procedure, and of the working of the various branches, also of the Public Service and Audit Acts, and the General Regulations respecting Public Accounts.

2. Officer in Charge of Local Government Branch, Second Class, Clerical Division.

Qualifications.—Applicants should have a practical knowledge of municipal system and law, and of the Acts of Parliament relating to local government, of municipalities as regards their situation, extent, nature of country, classification, resources, and necessities, and of the Parliamentary electorates and provinces; and also be able to undertake the work connected with the preparation of Bills.

Applications (which should be addressed to the Secretary to the Commissioner) are required to be lodged at this Office by not later than Monday, the 4th April, 1921.

By order,
J. B. A. SAYERS,
Secretary.

Office of the Public Service Commissioner (Victoria),
Melbourne, 22nd March, 1921.

MELBOURNE AND METROPOLITAN BOARD OF WORKS.

BY-LAW NO. 19.

SEWERAGE.

THE Melbourne and Metropolitan Board of Works pursuant to and in exercise and execution of the powers and authorities conferred on it by the Melbourne and Metropolitan Board of Works Acts and the *Sewerage Districts Act 1915* (No. 2761), and pursuant to and in exercise and execution of any other powers and authorities in any wise enabling it in that behalf doth hereby make and prescribe the following By-law that is to say:—

1. By-law No. 12 and Regulations, Sewerage, dated 3rd July, 1912, are hereby repealed as from the date of the coming into operation of this By-law.

Such repeal shall not affect anything duly done, any rights, privileges, or powers acquired, or any liabilities, penalties, or forfeitures incurred, or any proceedings taken or commenced under the said By-law No. 12 or the said Regulations before the said date.

Interpretation.

2. In the construction of this By-law, unless inconsistent with the context or subject-matter:—

“Acts” means the *Melbourne and Metropolitan Board of Works Act 1915* and so much of the *Sewerage Districts Act 1915* as applies to the Melbourne and Metropolitan Board of Works.

“Board” means the Melbourne and Metropolitan Board of Works.

“Drain” means any drain used for the drainage of one building only or of premises within the same curtilage and leading therefrom into a cesspool or other receptacle for drainage or into a sewer, and also any drain for draining any group or block of houses by a combined operation under the order of the Board.

“Engineer of Sewerage” means the Board’s Engineer of Sewerage.

“Sewer” includes any sewer or underground gutter or channel which is not a drain within the meaning of Part III. of the *Melbourne and Metropolitan Board of Works Act 1915* and any drain or portion of a drain laid between the sewer and the boundary line of any allotment or curtilage.

“Waste Water” means water from factories or from buildings or premises in connexion with factories, but does not include storm water or ordinary domestic sewage.

Injury to Sewers.

3. (1) No person shall discharge into any drain or into any sewer of the Board any solid or liquid other than ordinary domestic sewage.

(2) In particular and without limiting the effect of the foregoing sub-clause of this clause—

(a) No person shall throw or deposit, or cause or permit to be thrown or deposited, in any drain or in any sewer of the Board, or in any opening or receptacle connected with a drain or a sewer of the Board, any garbage, offal, dead animal, vegetable parings, ashes, cinders, rags, hair, wool, sand, refuse from factories, or any other matter or thing liable to cause a stoppage in the drains or in the sewers of the Board or to injure the drains or the sewers, plant, machinery, or undertaking of the Board or any part thereof.

(b) No person shall cause or permit to flow or pass or be carried into any drain or into any sewer of the Board any liquid, other than ordinary domestic sewage, which—

(i) is of a temperature above one-hundred and ten degrees Fahrenheit;

(ii) has not been completely neutralized as to its acidity; or

(iii) contains more than one-tenth of one per cent. of common salt, or contains any other mineral, salt, acid, or gas which mineral, salt, acid, or gas is in the opinion of the Engineer of Sewerage injurious to, or liable to form compounds dangerous or injurious to the Board’s drains sewers plant machinery or undertaking or to any part thereof.

(3) Sub-clause (1) of this clause shall not apply, but sub-clause (2) of this clause shall apply, to—

(a) waste water; or

(b) any case where pursuant to permission granted under clause 5 of this By-law water is discharged into a drain or into a sewer of the Board; or

(c) any case where pursuant to permission granted under clause 6 of this By-law subsoil water is discharged into a drain or into a sewer of the Board.

Waste Water.

4. (1) No person shall discharge any waste water into any drain or into any sewer of the Board—

(a) unless and until he has obtained the Board’s permission in writing so to do; and

(b) unless and until he has executed an agreement under seal containing a covenant to comply with the provisions of this By-law and containing such further covenants and stipulations as the Board may in the circumstances of the case require; and

(c) unless the following conditions are observed, that is to say—

(i) the waste water shall not be discharged into any drain into which ordinary domestic sewage is discharged, but shall be separately conducted to the sewer of the Board;

(ii) the volume of the waste water so discharged shall be measured and determined by meter or by some other efficient means of measurement;

(iii) the volume per hour of the waste water so discharged shall not in any case exceed the volume per hour which is hereby specified as the limit of discharge, that is to say—

a volume of 600 gallons per hour if the waste water is discharged into a 4-in. sewer of the Board;

a volume of 1,500 gallons per hour if the waste water is discharged into a 6-in. sewer of the Board;

a volume of 2,500 gallons per hour if the waste water is discharged into a 9-in. sewer of the Board;

a volume of 3,000 gallons per hour if the waste water is discharged into a 12-in. sewer of the Board;

a volume of 4,000 gallons per hour, if the waste water is discharged into a 15-in. sewer of the Board;

(iv) no discharge pipe for the discharge of waste water and opening into any sewer of the Board shall be of a diameter exceeding 4 inches; and

(d) unless he complies with the terms and conditions set forth in the permission.

(2) No such permission shall be granted by the Board unless the applicant therefor has made application in writing, and with his application has submitted plans and specifications of the work to be done and of the apparatus and appliances to be used.

(3) No such work shall be begun until such plans and specifications have been approved by the Board.

(4) In any case where the work done or the apparatus or appliances installed pursuant to such plans and specifications have in the opinion of the Engineer of Sewerage ceased to be in good order and condition and efficient in operation, the Board if it thinks fit may by writing direct that the person discharging the waste water shall forthwith cease to discharge the same into the drain or into the sewer of the Board, and thereupon that person shall accordingly cease to discharge the same.

(5) Every such permission shall be subject to the condition that it shall be determinable at the pleasure of the Board.

(6) (a) In any case in which the Board has before the date of the coming into operation of this By-law granted to any person permission to discharge waste water into any drain or into any sewer of the Board, or any person has without the express permission of the Board been discharging waste water into any drain or into any sewer of the Board, if after the said date such person continues so to discharge such waste water, the Board, if it thinks fit and notwithstanding anything in clause 1 of this By-law contained, may by notice in writing direct such person wholly to cease from discharging such waste water as aforesaid.

(b) Every such notice shall specify a day not less than eight weeks from the date thereof as the day on and after which such person is directed to cease from discharging such waste water.

(c) If such person makes default as to such direction he shall be guilty of an offence against this By-law, and shall be liable to a penalty of not more than Twenty pounds and to a penalty of not more than Five pounds for each day during which such offence is continued by him.

(d) The foregoing provisions of this sub-clause shall not operate to prevent the Board from granting further permission to such person pursuant to the provisions of sub-clauses (1) to (5) of this clause.

Pumped River Water.

5. (1) Where water is diverted or pumped by any person from any river, creek, well, dam, pond, lagoon, or bore, the Board may, if it thinks fit, grant permission to such person to discharge such water into any drain or into any sewer of the Board,

(2) No person shall discharge any such water into any drain or into any sewer of the Board—

- (a) unless and until he has obtained the Board's permission so to do; and
- (b) unless and until he has executed an agreement under seal containing a covenant to comply with the provisions of this By-law and containing such further covenants and stipulations as the Board may in the circumstances of the case require; and
- (c) unless the following conditions are observed, that is to say—

- (i) such water shall not be discharged into any drain into which ordinary domestic sewage is discharged, but shall be separately conducted to the sewer of the Board;
- (ii) such water shall be water so polluted as to be unfit to run or flow into a storm-water channel or into a creek or river;
- (iii) The volume of such water so discharged shall be measured and determined by meter or by some other efficient means of measurement;
- (iv) the volume per hour of such water so discharged shall not in any case exceed the volume per hour which is hereby specified as the limit of discharge, that is to say—
 - a volume of 600 gallons per hour if such water is discharged into a 4-in. sewer of the Board;
 - a volume of 1,500 gallons per hour if such water is discharged into a 6-in. sewer of the Board;
 - a volume of 2,500 gallons per hour if such water is discharged into a 9-in. sewer of the Board;
 - a volume of 3,000 gallons per hour if such water is discharged into a 12-in. sewer of the Board;
 - a volume of 4,000 gallons per hour if such water is discharged into a 15-in. sewer of the Board;
- (v) no discharge pipe for the discharge of such water and opening into any sewer of the Board shall be of a diameter exceeding 4 inches; and

(2) unless he complies with the terms and conditions set forth in the permission.

(3) No such permission shall be granted by the Board unless the applicant therefor has made application in writing and with his application has submitted plans and specifications of the work to be done and of the apparatus and appliances to be used.

(4) No such work shall be begun until such plans and specifications have been approved by the Board.

(5) In any case where the work done or the apparatus or appliances installed pursuant to such plans and specifications have, in the opinion of the Engineer of Sewerage ceased to be in good order and condition and efficient in operation, the Board, if it thinks fit, may by writing direct that the person discharging such water shall forthwith cease to discharge the same into the drain or into the sewer of the Board, and thereupon that person shall accordingly cease to discharge the same.

(6) Every such permission shall be subject to the condition that it shall be determinable at the pleasure of the Board.

(7) (a) In any case in which the Board has before the date of the coming into operation of this By-law granted to any person permission to discharge, or any person has without the express permission of the Board been discharging, into any drain or into any sewer of the Board water diverted or pumped by that person from any river, creek, well, dam, pond, lagoon, or bore, if after the said date such person continues so to discharge such water, the Board, if it thinks fit and notwithstanding anything in clause 1 of this By-law contained, may by notice in writing direct such person wholly to cease from discharging such water as aforesaid.

(b) Every such notice shall specify a day not less than eight weeks from the date thereof as the day on and after which such person is directed to cease from discharging such water.

(c) If such person makes default as to such direction he shall be guilty of an offence against this By-law and shall be liable to a penalty of not more than Twenty pounds and to a penalty of not more than Five pounds for each day during which such offence is continued by him.

(d) The foregoing provisions of this sub-clause shall not operate to prevent the Board from granting further permission to such person pursuant to the provisions of sub-clauses (1) to (6) of this clause.

Subsoil Water.

6. The Board may, if it thinks fit, grant permission to any person to discharge subsoil water into any drain or into any sewer of the Board. Every such permission shall be subject to such terms and conditions as the Board may in the circumstances of the case think proper to impose.

Surface and Roof Water.

7. No person shall cause or permit—

- (a) any surface or other land-drainage, or
- (b) any rain-water from roofs, yards, streets, or other surfaces,

to be admitted to any drain or to any sewer of the Board whether by inlets specially designed to admit it or by other inlets or openings so placed that it has access to the drain or to the sewer.

Extraneous Water from Rivers, &c.

8. No person shall—

- (a) place any inlet or opening, or
- (b) permit any inlet or opening to remain,

in such a position that any extraneous water from any river, bay, gully, or creek, or any other source, whether in flood or otherwise, has access to any drain or to any sewer of the Board.

Fittings to be above Flood Level.

9. (1) No person shall place in position for use any fitting or appliance having an inlet or opening into any drain or into any sewer of the Board unless the inlet or opening is above the flood level of the year 1916.

(2) Where in any building or premises any existing fitting or appliance having an inlet or opening into any drain or into any sewer of the Board was placed in position for use before the date of the coming into operation of this By-law, if the inlet or opening is not above the flood level of the year 1916, the Board, if it thinks fit, and notwithstanding anything in clause 1 of this By-law contained, may by resolution direct the owner or occupier of the building or premises within a time to be specified in the notice to substitute for the existing fitting or appliance a fitting or appliance whereof the inlet or opening is above the flood level of the year 1916.

And in case such owner or occupier makes default as to such direction, the Board may, if it thinks fit, substitute a fitting or appliance as aforesaid, and the owner or occupier shall, in addition to any penalty for which he is liable, pay any costs and expenses incurred by the Board in doing the work; provided that, except in regard to premises mentioned in sub-clause (3) hereof, the cost and expenses to such owner or occupier of carrying out such work shall not in the case of any one dwelling exceed the sum of £4.

(3) Where in any abattoir, wool-treating establishment, tannery, fellmongery, boiling-down works, and other similar works situated in any area liable to be flooded any existing fitting or appliance having an inlet or opening into any drain or into any sewer of the Board is below the flood level of the year 1916 and in all other respects complies with the Board's Acts and By-laws, the Board will suspend the operation of this clause in regard to such fitting or appliance subject to and so long as the following conditions are observed:—

(a) That the owner applies in writing for permission to fix an approved sluice valve in every drain connecting with a sewer of the Board on which such fitting or appliance exists, and furnishes the Board with an undertaking that such sluice valve will be fixed at his risk, and indemnifies the Board against all damage suffered by such owner or any one claiming under him arising out of and incidental to such valve;

(b) That the owner undertakes whenever there is danger of flooding to close or cause to be closed every such valve before flooding occurs, and to keep closed or cause to be kept closed every such valve until the flood water shall have subsided to such an extent that there is no longer danger of the flood water entering the sewers;

(c) That pursuant to such permission and undertaking an approved sluice valve shall have been fixed, in every drain connecting with a sewer of the Board and approved of by the Engineer of Sewerage; and

(d) That the owner does whenever necessary close and keep closed every such valve and does exclude such flood water.

(4) Where any municipal council or other authority authorized to carry on drainage operations intimates to the Board that it intends within two years from the date of this By-law to commence works to protect from flooding any area which was submerged by the flood of the year 1916, the Board will within such area suspend for such period the operation of this clause in regard to any fitting or appliance having an inlet or opening into any drain or into any sewer of the Board below the flood level of the year 1916.

Applications for Consents, &c.

10. (1) (a) Every application for the Board's consent to connect with the Board's sewerage system or to do plumbing work connected therewith shall be in writing and be made by the owner of the property to be drained or his authorized agent.

- (b) Every such application shall set forth—
- (i) the description of the site of the property;
 - (ii) the name of the owner; and
 - (iii) the name of the person employed to do the work;
- and shall be in the form prescribed by the Board.
- (2) (a) No such consent shall be deemed to authorize the laying of, or to confer or grant the right to lay, a drain through any land intervening between the property to be connected and the sewer of the Board; and the applicant for the consent shall satisfy himself as to his legal right to lay the drain and shall be responsible for any trespass upon or damage to the intervening land in laying the drain.
- (b) No such consent shall be deemed to authorize anything not stated therein.
- (3) No consent to connect with the Board's sewerage system shall be given by the Board—
- (a) unless the plumbing on the property to be connected is planned to be made in accordance with the plumbing rules hereinafter by this By-law prescribed; and
 - (b) unless the plan has been approved by the Board; or
 - (c) in the case of new buildings, unless a proper plan of the plumbing, and of the drainage of the building to be connected with the Y branch of which the Board has fixed the position, has been approved in writing by the Board.
- (4) If any person, whether he is or is not the holder of a plumber's licence from the Board, alters, removes, or in any way interferes with, any drain, fitting, pipe, bend, trap, or thing which drain, fitting, pipe, bend, trap, or thing is connected with the Board's sewerage system, he shall, unless the Board has previously in writing consented to the doing of such work, be guilty of an offence against this By-law and shall be liable to a penalty of not more than Ten pounds.
- (5) Every consent to connect with the Board's sewerage system shall be subject to the condition that all connexions with the drains or sewers, and all plumbing connexions therewith shall be made under the direction of the Engineer of Sewerage or the Superintending Officer of the Board.
- (6) Every consent to connect with the Board's sewerage system shall also be subject to the following conditions, that is to say—
- (a) No person shall be engaged or employed as a workman in the actual performance of any one of the plumbing work unless he is the holder of a plumber's licence from the Board; and
 - (b) If the licence of any such person is suspended by the Board and notice of the suspension is given in writing by the Board to the owner or authorized agent, as the case may be, of the property to be connected, then such workman shall for the duration of the suspension of his licence cease to be engaged or employed as aforesaid; and
 - (c) If the licence of such person is cancelled by the Board and notice of the cancellation is given in writing by the Board to the owner or authorized agent, as the case may be, of the property to be connected, then such workman shall cease to be engaged or employed as aforesaid.
- And every such owner or agent who fails to comply with condition (b) or condition (c) of this sub-clause shall be guilty of an offence against this By-law and shall be liable to a penalty of not more than Ten pounds.
- Plumbers' Licences.*
11. (1) (a) The Board may from time to time issue plumbers' licences.
- (b) Every plumber's licence shall expire on the thirtieth day of June in each year.
- (c) On application for renewal approved by the Board, the Board may renew any such licence.
- (d) Every such licence shall be subject to suspension or cancellation at any time at the will of the Board.
- (2) The Board shall appoint examiners for plumbers' licences, and such examiners shall whenever it appears to them to be necessary hold examinations in the following subjects, viz.:
- (i) **Materials.**—The use of lead, tin, copper, and their alloys, wrought and cast iron, stoneware, bricks, tiles, Portland cement, and other materials used by the plumber and drainer.
 - (ii) **Plumbing Practice.**—As to solder and soldering, lead burning, lead laying, pipe and joint making, pipe bending, and general plumbing practice.
- Candidates for examination in plumbing practice must provide themselves with their own tools, and may be required to submit samples of work done by themselves, and also to satisfy the examiners by making any pipe, bend, joint, or other plumbing appliance which the examiners may specify.
- (iii) **Water Supply Work.**—Knowledge of the Board's Water Supply By-law, general water supply works, water supply fittings, and hot water connexions.
 - (iv) **Sewerage Work.**—Knowledge of the Board's Sewerage By-law, construction and use of traps, soil waste and vent pipes, house fittings, water-closets, kitchen sinks, baths, lavatories, housemaids' sinks, urinals, and other sewerage apparatus and appliances.
 - (v) **General Principles of Sanitary Work.**—Flushing, ventilation, and disconnexion.
- (3) Every applicant for a plumber's licence, who intends to present himself for examination, shall give notice in writing to the Secretary of the Board that he intends so to present himself at the time appointed by the Board's examiners.
- (4) No person shall be permitted to present himself for examination unless he is—
- (a) a plumber who produces the pass certificates of the Education Department of Victoria for the four courses of plumbing handicraft taught at the Technical Schools, and satisfactory evidence from a licensed plumber that he has for a period of not less than three years been engaged in plumbing work in connexion with the Board's sewerage system; or
 - (b) a plumber who produces satisfactory evidence from a licensed plumber that he has been engaged for a period of not less than five years in learning the practice of sanitary and general plumbing work in connexion with the Board's sewerage system; or
 - (c) a country plumber who produces—
 - (i) the pass certificates of the Education Department of Victoria for the four courses of plumbing handicraft taught at the Technical Schools; and
 - (ii) satisfactory evidence that for a period of not less than five years he has served at the handicraft of general plumbing with a properly established master plumber in other than a sewer district; and
 - (iii) a certificate, in the form approved by the Board, and signed by a licensed plumber, and certifying that, pursuant to a permit by the Board to work with a licensed plumber for six months on plumbing work in connexion with the Board's sewerage system to enable him to obtain experience in the practice of forming and fixing sanitary plumbing work on buildings, he has so worked with a licensed plumber for a period of six months.
- (5) Every applicant for a plumber's licence, who, at an examination held by the Board's examiners, passes in the—
- (a) practice of plumbing, and
 - (b) theory of plumbing,
- shall be entitled to receive from the Board a first class plumber's licence.
- (6) Every applicant for a plumber's licence, who, at an examination held by the Board's examiners, passes in the practice of plumbing but does not pass in the theory of plumbing, shall be entitled to receive from the Board a second class plumber's licence, but shall become entitled to receive from the Board a first class plumber's licence on passing in the theory of plumbing at a subsequent examination held by the Board's examiners.
- (7) Where any practical plumber applies for a plumber's licence from the Board—
- (a) if the applicant is the holder of and produces a licence from any sewerage and water supply authority other than the Board; and
 - (b) if the licence produced is of a standard not less in value than the standard of the Board's examiners for a plumber's licence,
- the Board may, if it thinks fit, issue a plumber's licence to the applicant without requiring him to present himself for examination by the Board's examiners. The Board's examiners shall decide whether the licence produced is or is not of the required standard, and subject to review by the Board their decision thereon shall be final.
- (8) Every person, to whom a plumber's licence is to be issued, shall, before the licence is issued to him sign in a register to be kept by the Board a declaration that he will conform to and comply with the conditions of the licence and the By-laws of the Board.
- (9) No person who is not the holder of a plumber's licence shall be engaged or employed in doing plumbing work for sewerage.
- (10) If any person, who is not the holder of a plumber's licence from the Board, affixes alters or repairs any fitting, pipe, bend, trap, or other thing, which fitting, pipe, bend, trap, or thing is or is to be connected with the Board's sewerage system, he shall be guilty of an offence against this By-law, and shall be liable to a penalty of not more than Ten pounds.

(11) Notwithstanding the foregoing provisions of this clause, any holder of a water supply licence from the Board may do water supply work necessary to sanitary work, and may, if lead is not used, do work such as fixing cisterns and water-closet pans in outside buildings.

Plans of Drainage.

12. (i) Copies of the Board's plans will be furnished by the Board upon application and payment for the same, as follows:—

Plan of drainage, including survey, &c.—for every house or building a minimum charge of 5s., and an additional charge of 5s. for every water-closet more than one appurtenant to such house or building.

Plan of any alteration or addition to original plan—a minimum charge of 2s. 6d., and an additional charge of 5s. for every water-closet more than one included in the plan as altered or added to.

Plan of completed drainage—a charge corresponding to the cost of the plan computed at the rate of 2s. 6d. per hour, according to the time occupied thereon by the draftsman, with a minimum charge of 2s. 6d.

(2) In order to facilitate owners submitting plans in accordance with sub-section 6A of section 161 of the *Melbourne and Metropolitan Board of Works Act 1915*, the Board will supply block plans of individual tenements of limited area with the position of sewer and approximate position of branch to which the house drain must be connected marked in red, together with the approximate depth of the Board's sewer, at the rate of 1s. for each tenement which is the subject of a separate municipal valuation.

(3) A block plan of a single tenement of extensive area or of a group of houses, showing the position and depth of the Board's sewer, will be supplied by the Board on payment of a charge corresponding to the cost of the plan computed at the rate of 2s. 6d. per hour, according to the time occupied thereon by the draftsman, with a minimum charge of 2s. 6d.

Alterations in Plans or Works.

13. Alterations in approved plans or to works previously approved will be made only on the application of the owner or authorized agent.

Inspection.

14. (1) The owner or his authorized agent or the plumber or contractor carrying out the work must give at least twenty-four hours' notice to the Board of intention to begin work, and of work being ready for inspection. All work ready for inspection must be left uncovered and accessible for examination until inspected and approved of by the Board's inspecting officer. Such inspection shall be made within twenty-four hours of the notice being received at the office of the Board, except when the notice is received on a Saturday, when sixty hours shall be allowed.

(2) The inspecting officer may apply the ether, peppermint, water, or smoke test, and the plumber shall furnish all the necessary tools, labour, and assistance for such tests. The owner or his authorized agent, as the case may be, shall remove or repair any defect when so ordered by the inspecting officer, and if he neglects or fails so to do he shall be guilty of an offence against this By-law, and shall be liable to a penalty of not more than five pounds and to a penalty of not more than one pound for each day during which such offence is continued by him.

(3) Before the fittings are connected with the plumbing of any house or buildings, or after, if so ordered, and before the soil or waste pipe is connected with the sewer, the outlet of the soil or waste pipe and all openings into it below the top shall be hermetically sealed. The pipe shall then be filled with water to such height as the inspecting officer of the Board shall direct, and every joint carefully examined for leaks. Work already in place may be examined by test as provided in sub-clause (2) of this clause. Defective pipes must be removed and replaced by sound ones, and all defective joints made tight, and every part of the work made to conform to this By-law subject to the approval of the Board's inspecting officer.

(4) House drains, whether laid by the Board's workmen or others, must be thoroughly tested in every case before being passed by the Board's inspecting officer. When being tested with water there must be a head of at least six (6) feet above every part of the drain.

Quality of Materials.

15. (1) All materials used must be of good quality and free from defects. The work must be executed in a thorough and workmanlike manner, and to the satisfaction of the Board. No sanitary fitting shall be allowed to be connected with the sewers of the Board unless it is of a type previously approved by the Board or unless special permission has been given by the Engineer of Sewerage for connexion of such fitting.

(2) The utmost care must be exercised on all house connexion work to insure that only materials which are in accordance with the Board's by-laws are used.

Defective Fittings.

16. Any drain pipe, soil pipe, trap, water-closet, urinal, sink, or other fitting which is laid, used, or constructed otherwise than in accordance with this By-law, or which in the opinion of the Engineer of Sewerage is or has become bad or of defective quality, shall, upon notice in writing from the Board to the owner or occupier of the property, be by the owner or occupier removed or repaired in the manner determined and within the time fixed by the Board; and in case such owner or occupier fails to comply with the requirements of such notice he shall be liable to prosecution and penalty for an offence against the Acts, or the Board may, if it thinks fit, remove or repair the defective fitting, and charge the owner or occupier of the property with the cost so incurred, and proceed for recovery of the same in manner provided by the Acts.

Drainage.

17. (1) Every house shall be separately drained unless a combined drain is ordered or approved by the Board.

(2) In any case where it appears to the Board that any building or premises may be sewered and drained more economically or advantageously in combination than separately, the Board may order that such building or premises shall be connected with any sewer or drain constructed under order of the Board for the sewerage or draining by combined operation of any group or number of houses or block or blocks of vacant land.

(3) Owners desiring to have the drainage of their properties combined must sign a request for a combined drain, and obtain the approval of the Board.

(4) When the drainage of more than two properties is combined, an inspection chamber must be provided if it is shown on the plan or ordered by the Engineer of Sewerage.

(5) Where several properties are connected with a private reticulation pipe, there shall be a boundary trap at the building line, and the drain to each individual house shall have its own boundary trap.

(6) At the head of every connecting branch to the Board's sewers, at or near the boundary of the premises, a boundary trap must be fixed, with or without a manhole, as may be ordered by the Engineer of Sewerage. All the drains must, wherever considered necessary by the Engineer of Sewerage, join in a manhole at least three feet (3 ft.) long and two feet (2 ft.) wide, fitted with a closed cover if for inspection purposes only, or with an open grating if for ventilation purposes. The portions of the drains crossing the floor of the manhole must be connected with the boundary trap either in a straight line or by curved junctions in the floor of the manhole. The boundary trap must be provided with an inspection cap on the sewer side of the trap.

(7) Where an open grating is inadvisable, the manhole must be provided with a closed cover with a fresh air inlet fitted with a ventilation pipe of such size and materials and so placed as the Engineer of Sewerage may direct.

(8) The drains outside of the house or building, or from isolated water-closets, to the street sewer shall, if laid less than 20 inches deep from the surface to the top of the socket of the pipe in yards or places liable to heavy traffic, be of heavy cast or wrought iron. Heavy cast-iron pipes must be used if the ground has been made up or filled in, or adjoins a cellar; in all other cases the drains must be of first quality, salt glazed, vitrified stoneware pipes.

(9) Where the drainage of more than two premises aggregating over £80 valuation is combined a chamber manhole must, wherever ordered by the Engineer of Sewerage, be provided at the boundary trap at the building line, and either an induct vent taken into the chamber manhole with an educt vent at the head of the drain, or an educt vent taken off the chamber manhole with an inspection shaft cover at the upper end. If so desired, the boundary trap from the premises at the upper end of the system may be omitted, and the main system vented by an educt vent on that property.

(10) Heavy boundary trap covers must be used in all areas subject to vehicular traffic, and in special cases where ordered.

(11) Portland cement concrete must be used in each of the following cases:—

- (i) Around and under gully basins—the exposed surfaces to be rendered in cement mortar.
- (ii) Around the top of educt vent and induct vent pipe sockets where exposed.
- (iii) Around boundary trap covers and tops of disconnector traps where the surface is not paved.
- (iv) Under and around bends rising vertically off oblique branches, and under bases of all drainage traps.

Stoppages in Drains.

18. Occupiers of premises are responsible for clearing stoppages in drains within their premises or between their premises and the sewers into which the branches lead.

Before a licensed plumber commences to clear a stoppage in a drain, he must notify the Board in writing of the time when he intends to clear the stoppage, so that an inspector may attend and pass the work in accordance with the provisions of the Acts.

In case of any obstruction taking place in a combined drain, the Board will determine between the respective owners or occupiers of the premises drained thereby by whom and in what proportion the cost of removing any such obstruction or effecting any necessary repairs to drains shall be paid.

Pipe Trenches.

19. Every trench for the drain from a property shall be dug so as to meet the public sewer at the position of the branch indicated on the plan approved by the Board. The material from the trench shall be placed so as not to obstruct, and so as to cause the least possible inconvenience to, the public. Proper barriers and lights must be maintained on the banks of the trench during the progress of the work, to guard the public against accident. In refilling the trench, the earth shall be rammed or flooded carefully, so as to keep the pipe in position and avoid settling. On no account must any water, sand, silt, earth, or rubbish be allowed to enter the Board's sewers from the excavation during construction or connexion of house drains. No stone shall be used in refilling until earth or gravel has been placed over the pipe to a depth of at least two feet.

Laying Drains.

20. (1) All drain pipes must be at least four inches in diameter, except where otherwise ordered by the Board or the Engineer of Sewerage; and must be tested and passed at one of the Board's depôts.

(2) The cover of the Y branch on the sewer shall be carefully removed so as not to injure the socket.

(3) The first length of the pipe attached to the Y branch shall be curved and set so as to give a good fall into the sewer.

(4) All pipes shall be carefully bedded on the barrel in the solid ground.

(5) Where in the opinion of the Board's inspecting officer it is necessary, either cast-iron pipes or stoneware or approved cement pipes bedded in concrete of dimensions approved by the Engineer of Sewerage must be used, such concrete to be composed of 1 part of Portland cement, 2 parts of clean sand, and 5 parts of stone of one and a half inch gauge or gravel approved by the Board's inspecting officer.

(6) Stoneware or cement pipe drains must not be laid less than 20 inches deep from the surface to the top of the socket of the pipe. Where this amount of covering cannot be obtained, the stoneware pipes must be entirely surrounded with not less than six inches of Portland cement concrete, or the surface of the ground must be raised to the satisfaction of the Board's inspecting officer.

(7) All stoneware or cement pipe drains under buildings and near roots of trees must be surrounded with not less than six inches of Portland cement concrete.

(8) Jump-ups, where allowed, must be bedded on, and surrounded with, six inches of Portland cement concrete to the full height of the drop.

(9) The drain pipes shall be laid on an even grade of not less than 1 in 40 if a four-inch pipe is used, or of 1 in 60 if a six-inch pipe is used unless by special permission of the Engineer of Sewerage, in which case special provision must be made for regular and efficient flushing.

(10) As far as possible all drains shall be laid in straight lines; where changes of direction occur, they shall be made either by suitably curved pipes or in manholes.

(11) Stoneware or cement drain pipes may be substituted for cast or wrought iron drain pipes in every case except where the ground is soft or liable to heavy traffic; but in all cases where stoneware or cement is substituted for cast iron the pipes must be entirely surrounded by not less than six inches of Portland cement concrete, whether inside or outside of buildings.

(12) Wherever a drain pipe is carried through a wall, a space of about three inches clear must be left over the pipe.

(13) If a pipe is cut out to clear a stoppage, or if a pipe is broken, it must be replaced by a new pipe.

(14) All cast-iron pipes must be sound, free from holes or cracks, and coated with tar or asphaltum.

(15) The following weights will be accepted as standards for cast-iron drainage pipes:—

4-inches diameter	16 lbs. per lineal foot.
5 "	20 "
6 "	23½ "

(16) All fittings used in connexion with such pipes shall correspond with them in weight and quality. All junctions must be curved; right-angled junctions must not be made.

(17) Where it is necessary to repair or remove outside closet buildings, the requisite work within the space covered by the closet buildings must be carried out before the water-closet branch is laid; but other portions of the drain may be laid, provided provision is made for effectually testing the closet branch when laid.

(18) Wherever a paved, asphalted, or tar-paved yard or space has been broken in connexion with house drainage, the surface where so broken must be restored as nearly as possible to its former condition unless the owner in writing otherwise requires.

Joints—Drainage.

21. (1) All joints in cast-iron drain pipes, soil pipes, and waste pipes must be so filled with gasket and lead and caulked as to make them gas and watertight. In wrought-iron pipes screw joints with white lead must be used.

(2) All connexions of lead pipes with iron pipes must be made with a brass sleeve or ferrule of the same size as the lead pipe, put in the socket of the branch of the iron pipe, and caulked with lead. The lead pipe must be attached to the sleeve or ferrule by a wiped joint.

(3) Joints of stoneware and cement pipes must be made with Stamford joints, or cement joints with gaskets.

(4) The ends of all private drains not immediately connected with the plumbing fixtures must be securely closed with water-tight impervious materials. If stoneware or cement, a stoneware, cement, or cast-iron disc must be cemented in; if wrought iron, a plug must be sewered on the end; if cast iron, a cast-iron plug must be caulked in with lead.

(5) A brass sleeve for connexion of a galvanized sheet-iron vent pipe to cast iron need not be used unless ordered by the Engineer of Sewerage.

Vent Pipes—Drainage.

22. (1) The main drain leading to the boundary trap must be vented at its upper end by a pipe or shaft erected vertically to such a height that the mouth of the pipe or shaft shall be at least 6 feet higher than any window, door, or other opening, situated within a distance of 30 feet therefrom. If the drain cannot be vented at the upper end, the system of ventilation must be reversed.

(2) Branch drains need not be vented if the drainage traps are within fifteen feet from the main drain, measured along the line of pipes, including the drop, from the centre line of the main drain to the centre of the outlet side of the water seal of the drainage trap, unless otherwise ordered by the Engineer of Sewerage, in which case they must be vented as ordered.

(3) Every vent pipe extending upwards from a soil or drain pipe must be carried to such a height as may be deemed necessary by the Engineer of Sewerage, and in any case at least 2 feet above the highest part of the roof or coping.

(4) Every vent pipe must be of undiminished size, without return bend, with basket end, or educt or induct cowls as ordered, and such pipe must not open near a window, a chimney or an air shaft which ventilates living rooms.

(5) Every vent pipe in an extension of a main building, where otherwise it would open within 30 feet of the windows, doors, or other openings into the main building or the adjoining building, must be extended to such a height above the roof of the main building as may be deemed necessary by the Engineer of Sewerage.

(6) Every main educt vent on a house drain shall be of the same diameter as the drain unless special permission is given to vary its dimensions.

(7) No chimney flue shall be used as a sewer ventilator, or to ventilate any drain, soil, or waste pipe.

(8) Every inlet to a drain or opening for ventilating shall be efficiently protected by proper gratings of ample area. The aggregate area of the apertures in any grating covering a ventilation opening shall not be less than the sectional area of the pipe or drain to which such grating is fixed. Every opening for ventilation made in accordance with this By-law or upon order of the Board or the Engineer of Sewerage shall at all times be kept open and perfectly free from obstruction.

(9) Every galvanized sheet-iron vent pipe used to ventilate the drainage system, or used as an anti-syphonage pipe, to a soil or waste pipe from a closet, slop-sink, or urinal, must be double galvanized and coated with hot tar or asphaltum inside before erection.

(10) Wherever a vent pipe from a drain is not more than twelve feet above the offset it need not be stayed; if longer it must be stayed with ½-in. galvanized wrought-iron piping.

(11) Where a galvanized sheet-iron pipe, with or without an offset, is carried up above the brick wall of a building, a galvanized wrought-iron pipe-clip must be used leaded into the wall near the top wherever possible and bolted against the vent pipe. All band iron clips of vent pipes to brick walls must be fastened with nuts and bolts, leaded in.

(12) A length of 20 feet of straight vent pipe without offset may be fixed without stays.

(13) There must be at least one pipe hook or clip to each 6-ft. length of vent pipe.

(14) Where a vent pipe terminates more than 6 feet from a chimney opening at the same level, the ordinary rules as to height are to apply; but where the distance is 6 feet or under, the vent pipe must terminate 2 feet below the chimney opening. Vents must, as far as possible, be kept away from chimneys.

(15) Where it is not possible to carry a vent pipe above the parapet or ridge, the pipe must be carried up as high as it will stand without staying, provided it is 30 feet or more from a window or door. Where it is at a less distance than

this, it must be carried up 6 feet higher than any window or door opening within a radius of 30 feet of the vent pipe, and have sufficient stays to support it.

(16) For cast iron or wrought iron pipe, coated wrought iron extension clips, and for galvanized sheet-iron pipe, 14 gauge galvanized hand iron strutted clips, must be provided.

(17) Where a sufficiently strong support cannot be obtained for the induct vent pipe, a plated and strutted red gum or jarrah post, sunk 2 feet in the ground, of dimensions not less than 4 in. x 4 in., must be fixed to support it.

(18) In any case of cellar drainage ventilation where, in the opinion of the Engineer of Sewerage, the length of the drain connecting the premises with the sewer and the shortness of the distance between the cellar and the boundary trap renders such a course advisable, the vent pipe may be taken from the sewer side of the boundary trap and the ventilation shaft must then be entirely outside the building; but if the vent pipe is taken from the house side of the boundary trap the ventilating shaft may be inside the building.

(19) Where ground or level vents are used with boundary traps, they must be not less than 30 feet away from any door or window.

Traps—Drainage.

23. (1) Traps of three (3) classes shall be used:—

- (i) "Traps" for intercepting gases only, to be of round section and self-cleansing form, but not so easy as to empty by momentum or suction.
- (ii) "Silt traps" for intercepting both gases and solids to have slightly tapered sides, flat bottom, and rounded (not sharp) angles, and provided with trays fitted with handles for catching and removing solids.
- (iii) "Grease traps" for solidifying and collecting grease or other semi-fluid matter liable to foul the pipes, to be of such form as may from time to time be approved.

(2) The term "gully" is applied to traps (i) and (ii) in cases where they are to be used externally, and fitted with dished tops and gratings. In such cases the dish must be in one piece with the trap, or jointed thereto spigot and faucet, and the depth of the dish from the top to the grating must not be less than 6 inches, and the grating must be removable.

(3) The term "disconnecter" is applied to traps in cases where provision has to be made for inlet ventilation to the pipe or pipes discharging therein.

(4) Every trap must have a water-seal of at least half the diameter of the outlet pipe, but in no case of less than two and a half inches.

(5) Unless a slop-sink is fixed inside the building, a gully trap must be provided in the yard of every premises, placed as near as possible to the kitchen door, with a tap placed over it at a height of about 2 feet, except in cases where the owner desires the tap to be placed higher.

(6) Gully trap basins and tops of silt traps must be surrounded with brickwork or concrete neatly rendered inside with cement mortar. The internal diameter of brickwork around gully traps, measured from face of cement rendering, must not be less than 15 inches, and must be neatly rounded to meet the gully top. The wall at the rear of a gully, or silt trap, if of brick or stone, must be cement-rendered to the height of the top over same; if a trap abuts against a wooden wall, a galvanized sheet iron apron must be fixed.

(7) Gratings to gully traps must not be less than 6½ inches overall, with openings of suitable outlet capacity.

(8) Every grating must be fixed down in an approved manner with bitumen or wedges of lead.

(9) When the connecting drain is considerably deeper than the depth at which the boundary trap will be required to be placed to provide for existing or future cellars or subsoil water, the boundary trap, instead of being connected directly to the connecting drain, may, if approved by the Engineer of Sewerage, on application in writing by the owner, be connected to a jump-up or vertical extension from the same.

Basement and Cellar Drainage.

24. (1) No water-closet or urinal shall be placed in any cellar or basement, and no drain, sink, trap, appliance, apparatus, or connexion shall be laid or fitted in any cellar or basement unless the following conditions are complied with:—

- (i) Plans and specifications in duplicate shall be submitted for the approval of the Board, one copy to be retained by the Board.
- (ii) No external aperture to such cellar or basement shall be below the flood level of the year 1916.
- (iii) No external aperture to such cellar or basement shall be in such a position that any extraneous water from any river, bay, gully, or creek, or any other source, whether in flood or otherwise, has access thereto.
- (iv) Every water-closet, urinal, lavatory, sink, silt trap, and other fitting shall be placed at least 10 feet above low-water mark of Hobson's Bay, as fixed by the Board's datum.
- (v) At least 5 feet of the walls of such cellar, basement, room, or apartment shall be above the surrounding land.

If satisfied that the ventilation and light provided in such plans and specifications are sufficient, and that conditions (ii) and (iii) of this sub-clause have been complied with, the Board may grant permission to carry out the work in accordance with such plans and specifications. Provided always that if on any subsequent inspection the light or ventilation is found not in accordance with the plans or specifications or that there is an offensive smell from such closet, urinal, or other fitting, then the said permission may be revoked by the Board, and upon and after the expiration of fourteen days from the date of such revocation such closet, urinal, or other fitting shall be disconnected from the Board's sewers.

(2) Where any building has its lowest floor, cellar, or basement at a level lower than that of the Board's sewer into which the house would otherwise drain, the owner shall, pending the pulling down or alteration of the building, cause the drainage from such lowest floor, cellar, or basement to be raised by some method approved by the Board, so that it shall discharge into a drain communicating with the Board's sewer.

(3) Where, in the opinion of the Board, a cellar or basement is so situated that it can be drained by gravitation to the Board's sewers, the Board may permit such connexion, provided a sluice valve is fixed between the cellar or basement connexion and the boundary tap, to be kept closed as herein-after mentioned in the next following sub-clause, and provided the owner applies in writing or permission, and furnishes the Board with an undertaking that such connexion is made at his risk, and indemnifies the Board against all damage arising out of and incidental to such connexion. In such cases the soffit of the pipe draining the cellar shall at its highest point be at least 2 feet below the cellar or basement at its lowest point.

(4) Sluice valves must be kept closed, and opened only when it is necessary to allow an accumulation of water to drain to sewers. Spindles of sluice valves must be fitted with permanently attached extension rods of sufficient length and diameter to enable the valves to be opened or closed from above the level of the ground floor of the building.

Areas for Washing Vehicles, &c.

25. If any area in any yard or premises is used for washing animals or for washing vehicles or other articles of any kind whatsoever, and is liable to pollute any surface water, the Board may, if it thinks fit, require such area to be paved and connected with the Board's sewers.

The floor of the place to be connected must be above the level of the yard.

Stables, &c., and Polluted Areas.

26. The Board may, if it thinks fit, order that any of the following places, namely, stables, cowsheds, dairies, abattoirs, and market places, and any other polluted place shall be connected with the sewers of the Board.

Before any such connexion is made—

- (a) if the place to be connected is of an area greater than 20 square yards, it must be roofed over so as to prevent the entry of rainwater from it into the sewers;
- (b) the place to be connected must be paved with approved material and graded to the satisfaction of the Engineer of Sewerage;
- (c) The drain from the place to be connected must be trapped with an approved silt trap connected with the drain inside the boundary trap;
- (d) the floor of the place to be connected must be above the level of the yard;
- (e) the joints of the floor of the place to be connected must be filled to the full depth with either (1) good cement mortar in the proportion of one part of cement to not more than three parts of clean sharp sand, or (2) an admixture of pitch, distilled tar, and sand mixed as directed, or (3) other jointing material which may be approved by the Engineer of Sewerage;
- (f) if the place to be connected is a stable or cowshed, provision must be made that the drainage from the floors shall discharge over an approved silt trap which must have a top of brickwork or Portland cement concrete and be fitted with a heavy grating;
- (g) provision must be made that the drainage of the place to be connected shall not drain into or upon a paved area.

Manure Bins.

27. Manure bins must be provided for all stables or cowsheds or yards where horses or cattle are kept where the local Council's By-laws demand their construction or where the locality is closely built on.

All manure bins must have the inside surfaces rendered with cement mortar, and must be made impervious throughout. Walls of new manure bins must, unless otherwise approved, be at least 9 inches in thickness, built of concrete or brickwork laid in cement mortar.

If an outlet pipe be provided for a manure bin, it must be properly connected with the Board's sewers.

Branches in house drains must be provided in all cases where manure bins exist, for their connexion whenever the Board or the Engineer of Sewerage deems it necessary.

Water Supply.

28. (1) All water-closets and other plumbing fixtures must be provided with a sufficient supply of water for flushing purposes to keep them at all times in a proper and cleanly condition.

(2) Every owner of property who desires, or who has been ordered by the Board, to provide sanitary appliances for his property and to connect his property with the sewers of the Board, shall, before or at the commencement of the work of making such connexion, provide piping approved by the Board for the conveyance of water, and shall cause the piping to be joined to the most convenient water supply main, or, with permission of the Board, to some pipe already joined to that main. Such piping must be of capacity sufficient to supply all sanitary fittings on the property freely and continuously, and convey to the flushing cistern of each water-closet upon the property enough water to fill the cistern within five minutes, and the owner shall cause such piping to be connected with the cistern before the completion of the work.

(3) If the work of making the connexion is done by the Board the cost of such piping and of so joining it shall be charged to the owner by the Board, and shall, if the cost is not more than Three pounds, be paid by him to the Board as part of the cost of making such connexion; but if such cost exceeds Three pounds, it must be paid in full on completion of the work.

(4) After completion of such connexion, or, if the work is done by the Board, from and after twelve months from the date of completion, the owner shall keep the piping from becoming, whether by reason of corrosion or other cause, of insufficient capacity to convey to the flushing cistern enough water to fill the cistern within five minutes.

(5) The entire length of the water supply piping from its connexion with the water supply main to the water-closet flushing cistern or other sanitary appliance must be such as is, in the opinion of the Board, suitable in regard to material, condition, and capacity to convey a sufficiency of water for the sanitary requirements of the particular tenement.

(6) No water-service pipe shall be laid to supply any sanitary fitting in any property in any sewerage area unless such fitting is connected with the sewers of the Board; or unless the special permission of the Board in writing has been previously given to lay such service pipe.

(7) The Board may, if it thinks fit, give permission so to arrange in special cases that the water supply to more than one tenement may pass from the water main into a single pipe (herein called a "trunk service") which must be laid in a street and have branch piping to each tenement, and on each such branch there must be a stop tap fixed in a public thoroughfare, but in any such case no such branch shall be fixed in excess of the number or of the diameter proportioned to the trunk service set forth in the subjoined table, namely:—

Diameter.	No. of 1-in. Branches only.	No. of 1½-in. Branches only.	No. of 2-in. Branches only.
¾-in.	—	—	2
1-in.	—	2	or 5
1½-in.	2	or 4	or 10
2-in.	3	or 6	or 15
2½-in.	6	or 12	or 30

(8) In cases where, at the time of this By-law coming into operation, more tenements than one are supplied from one and the same service, the Board may assent to the extension of piping from the water-closet of one tenement to the water-closet of another tenement provided that the water supply to each water-closet is controlled by a separate stop-tap. But when and so soon as any tenement, so supplied with water by an extension of piping, has for itself a separate supply of water for general purposes, the extended piping for supply of water to the water-closet at that tenement must then be disconnected and the water-closet must be connected with the pipe affording the separate supply of water.

(9) Water supply pipes to storage tanks for internal closets must be ½ inch diameter for tanks up to 20 gallons, and ¾ inch for tanks of larger size, and be provided with high pressure ball-taps, except where the elevation of the storage tank is not sufficient to allow of high pressure ball-taps being used. In such cases the permission of the Board must be obtained to fix low pressure ball-taps. Where the head of water supply from the storage tank to the flushing cistern is less than 20 feet, a low pressure ball-tap must be provided to the cistern.

(10) Outlets from storage tanks must not be less than ¾ inch for one or two cisterns, and 1 inch for three to six cisterns. Wherever a larger number than six cisterns is fixed, the size of the outlet must be proportionately increased. The overflow from a storage tank must be 1½ inch in diameter, and a stop-tap must be fixed on the rising supply pipe to the tank.

(11) Where any deviation from these instructions is desired, in special circumstances, an application in writing (in addition to the plumber's notice) must be made and must distinctly state the reasons why such deviation is required, and pending the consent of the Board the work must not be undertaken.

(12) In all water-closets a piece of lead pipe not less than 12 inches in length must be used between the flushing cistern and the supply pipe.

Plumbing Rules—General.

29. (1) Separate internal wastes must be provided for each of the following classes of polluted waters, viz.:—

- (a) Dirty water from baths, pantry and china-closet sinks, lavatories, and wash troughs, and other wastes with a small proportion of soap and dirt.
- (b) Greasy water from kitchen and scullery sinks, where grease traps are required.
- (c) Soil water from closets, and other water containing faecal matter, and urinal water from housemaids' slop sinks and public and private urinals.

(2) Each separate internal waste pipe, except those for soil water, and in special cases where permission has been granted those for urinal and slop-sink water, must be connected with the drains through a gully or disconnector trap. No waste pipe shall be laid in the ground outside any building unless by special permission.

(3) No material shall be used for soil or waste pipes other than wrought or cast iron pipes with securely screwed or leaded joints, or lead pipes with wiped joints. Cement or putty joints, or tin or sheet iron pipes whether galvanized or not, shall not be used.

(4) In all cases the upward extension from the soil pipe for ventilation must pass in as direct a manner as possible above, and, if necessary, through the roof.

(5) The following are the minimum sizes of soil waste, and vent pipes, and weights of lead, soil, waste, and vent pipes which must be used throughout, unless otherwise specially ordered by the Engineer of Sewerage

Fitting.	Diameter of Waste Pipe.	Minimum Weight of Lead Pipe.	Diameter of Vent Pipe.	Minimum Weight of Lead Pipe.
One Wash Basin	1½ in. to 1 in.	6 lbs.	1½ in.	6 lbs.
Row of Wash Basins	1½ in. to 2 in.	6 lbs.	1½ in. to 1½ in.	6 lbs.
Wash Basin Overflow	1½ in. to 1½ in.	6 lbs.	—	—
One Bath	1½ in. to 2 in.	6 lbs.	1½ in.	6 lbs.
Combined Waste for Bath and Wash Basin	2 in.	6 lbs.	2 in.	6 lbs.
Combined Waste for Baths	2 in. to 3 in.	6 lbs.	2 in.	6 lbs.
Bath Overflows	1½ in. to 2 in.	6 lbs.	—	—
One Wash Trough	1½ in. to 2 in.	6 lbs.	1½ in.	6 lbs.
Set of Wash Troughs	2 in.	6 lbs.	1½ in.	6 lbs.
Kitchen Sink	2 in.	6 lbs.	1½ in.	6 lbs.
Pantry Sink	1½ in. to 2 in.	6 lbs.	1½ in.	6 lbs.
Slop Sink	2½ in. to 3 in.	7 lbs.	2 in. to 2½ in.	7 lbs.
One Urinal	1½ in.	7 lbs.	1½ in. to 2½ in.	7 lbs.
Row of Urinals	1½ in. to 2 in.	7 lbs.	1½ in.	7 lbs.
Soil Pipes	4 in.	7 lbs.	2 in. to 3 in.	7 lbs.

(6) All wrought iron pipes and their fittings must be of approved standard weight and quality, and galvanized or coated to the satisfaction of the Board.

(7) Where waste or vent pipes are of lead, such pipes must not be lighter than of 6-lb. lead; but where, in the opinion of the Engineer of Sewerage, a heavier weight is required, such heavier weight as the Engineer of Sewerage shall direct must be used.

(8) All cast-iron pipes must be sound, free from holes and cracks, and coated with tar or asphaltum, or glass enamel.

(9) The following are the minimum weights which will be accepted as standards for cast iron wastes or their vent pipes laid in the ground or for the first 9 feet vertical above the ground:—

2 inches diameter	5½ lbs. per lineal foot
3 " " "	8 " " " "
4 " " "	13½ " " " "

(10) The following are the minimum thicknesses which will be accepted as standards of cast iron soil, waste, and vent pipes in other positions:—

- Cast iron soil and waste pipes, ½ inch.
- Cast iron ventilation pipes, 3-16 inch.
- Glass enamelled cast-iron pipes, if not under heavy pressure, 3-10 inch in thickness, measured without the enamel.

(11) All soil pipes must be at least 4 inches in diameter.

(12) Where lead or cast iron soil, waste, or vent pipes are fixed outside a wall for upstairs fittings, the cast iron or lead pipes must be carried up above the level of the highest fitting attached to the pipe.

(13) Galvanized sheet iron vent pipe must not be fixed at a lower level than the topmost fitting on the stack of waste pipe.

(14) Sufficient inspection and cleaning eyes must be provided in such positions on cast or wrought iron wastes as to be easy of access for proper cleansing of these wastes.

(15) Where inspection openings are provided to soil and waste pipes, preference must be given to insertion cloth washers before red lead.

(16) The soil waste and vent pipes and traps must, where practicable, be exposed to view at all times for ready inspection and for convenience of repairing. When unavoidably placed within partitions or recesses of walls, soil waste or vent pipes must be covered with woodwork so fastened with screws as to be readily removable.

(17) The lines of soil and waste pipes must be as direct as possible.

(18) The following are the minimum gradients to be adopted:—

Sizes of Pipes.	Gradients.	Sizes of Pipes.	Gradients.
6-in.	1 in 60	1½-in.	1 in 15
4-in.	1 in 40	1¼-in.	1 in 12
3-in.	1 in 30	1-in.	1 in 10
2-in.	1 in 20		

(19) No variation will be allowed, except by permission of the Engineer of Sewerage.

(20) The area of opening in the grating to any waste pipe not be less than will fully charge the waste pipe to which it is attached; and must be in accordance with the Board's standard drawings.

(21) Where a waste pipe or soil pipe is branched into a graded waste pipe, soil pipe, or drain pipe, the branch must be at an angle not less than 45 deg. to the horizontal, and the whole of the area of the branch pipe must be entirely outside of the perpendicular lines of the branch.

(22) A main waste pipe into which lavatories, baths, or sinks discharge must be at least two inches (2 in.) in diameter.

(23) External vent pipes of galvanized iron must be of not less gauge than the following:—

1½ in., 2 in., and 2½ in. diameter—	22 gauge galvanized iron.
3 in. and 4 in.	20 " " "
6 in.	18 " " "

(24) Vent pipes, if inside a building, must in all cases be of cast or wrought iron or lead. Grooved or riveted double galvanized iron vent pipes may be used where they are entirely outside a building, and these must be connected with the traps or waste pipes with brass ferrules, or other joints approved by the Engineer of Sewerage.

(25) The various vent pipes may be branched into a soil or waste pipe of the same class above the level of the highest fixture. They may be combined by branching together those which serve several traps of the same class.

(26) All vertical lines of vent pipe must be of undiminished diameter throughout and connected at the bottom with a soil or waste pipe or the drain with a 45 deg. branch, and all bends or offsets must be at a grade not less than 45 deg.

(27) Vent pipes must always have a continuous slope, to avoid collecting water by condensation.

(28) Vent pipes must not be used as waste or soil pipes.

(29) Galvanized sheet iron vent pipes may be used inside stables or open sheds in place of cast iron pipes, except where liable to blows from vehicles or to other external damage.

(30) In all cases where the vertical stack of soil pipe provides for closets 4 feet or more above ground level a short length of pipe must be fixed, with an inspection opening 8 inches in length close to the ground, the cover of which must be clamped to a flange on the pipes with bolts and nuts.

(31) Lead pipes must not be used under ground floors where they are inaccessible or in the soil. In such places cast or wrought iron must be used.

(32) Anti-syphonage vent pipes of fittings discharging into gully or disconnector traps must be carried above the eaves of the building, unless special permission to the contrary is granted by the Engineer of Sewerage. These vent pipes must be branched to the waste or soil pipe as near as possible to the trap.

(33) Where an additional branch is required to a galvanized sheet iron vent pipe already fixed, a brass saddle piece, bolted and soldered to the existing vent, must be used.

(34) Waste pipes from disconnected fittings (except urinals and slop sinks) need not be ventilated unless they exceed 12 feet inclined, or 18 feet vertical, in length (or their equivalent), provided there are no other fittings attached to the waste pipe and the depth of the water seal of the trap is not reduced by syphonage or other cause, in which case a vent pipe must be supplied to the waste of that trap.

(35) Concealed standing wastes are not allowed.

(36) Spacing of lead tacks must be arranged as nearly as possible thus:—

4-in. vertical lead pipes, 2 ft. 6 in. centres.
4-in. horizontal lead pipes, 2 feet centres.
Less than 4-in. vertical lead pipes, 3 feet centres.
Less than 4-in. horizontal pipes, 2 ft. 3 in. centres.

(37) One pair of tacks fixed opposite is sufficient for lead flush pipes for cisterns with lugs; in other cases an extra tack must be fixed as near to the cistern as possible.

(38) Where water might otherwise percolate to the floor, baths, troughs, and the like fittings must be flashed with sheet lead of not less than 4 lbs. per square foot, or other approved material. All flashings must be turned up walls at least 4 inches, properly secured, and made watertight. (This sub-clause does not apply to sinks, which are specially provided for under clause 37 of this By-law, page 1054.)

(39) Wherever a fitting is abolished, the soil, waste, vent, and water supply pipes to such fitting must be removed, or if allowed by the Board to remain the ends of the pipes must be sealed with watertight imperishable materials. Wrought iron pipe must be sealed with a screwed plug; cast iron pipe must have a cast iron plug caulked in with lead; lead pipe must have the end securely closed with a properly wiped joint; stoneware pipe must have a stoneware disc cemented in.

Joints—Plumbing.

30. (1) All connexions of lead waste and vent pipes must be made by means of wiped joints.

(2) All connexions of galvanized sheet iron pipes to cast iron pipes must be made with molten lead and be lightly caulked.

(3) Joints of brass or copper pipes must be made with British standard perfect threads or hard solder.

(4) Brass sockets or sleeves must be used in connecting galvanized sheet iron to wrought iron pipes; and proper brass sleeves must be used in connecting galvanized sheet iron pipes to lead pipes. Sheet iron pipe must not be soldered to lead pipe.

(5) In connecting galvanized wrought iron waste pipes, the ends of the pipes must be butted by means of short sockets, and the pipes must be sufficiently threaded to allow of the buttings being done.

(6) The flushing pipe from cistern to water-closet must be connected by a lead cap-piece with red-lead packing.

(7) Vent pipes must be connected to the vent horn of the water-closet trap by a lead cap-piece with red-lead packing.

Trapping Fittings.

31. (1) Every water-closet, urinal, lavatory, slop or other sink, bath, and wash trough or set of wash troughs, must be separately and effectively trapped, unless otherwise specially allowed by the Engineer of Sewerage.

(2) Traps must be placed as near the fittings as possible, and in no case shall a trap be more than 2 feet from a fitting.

(3) To prevent any loss of the water seal of a trap, a vent pipe must be connected to the soil pipe or waste pipe at a point not less than three and not more than twelve inches from the highest part of the trap, and on that side of the water seal which is nearest to the soil pipe or waste pipe.

(4) All lead traps must be of 7 lbs. drawn lead.

(5) Every trap must have a water seal of at least half the diameter of the outlet pipe, but in no case of less than 2½ inches.

(6) The P form of trap, with wastes above floors, and with joints visible and accessible all round, must be used in all internal fittings where possible.

(7) No S form of trap, with wastes above floors, may be used except by special permission. Where used, facilities for periodical inspection must be provided.

(8) In detached closets and urinals, approved S forms of traps in earthenware, with joints visible and accessible all round, may be used.

(9) All fittings inside a main building and also in buildings directly attached to a main building with doors or windows opening directly into living rooms, work-rooms, or kitchens, must be trapped, unless otherwise allowed by the Engineer of Sewerage.

(10) Baths, lavatories, wash troughs, and clean-water sinks may remain untrapped where fixed under any of the following conditions, provided the length of the waste pipe, measured in the case of troughs from centre of furthest inlet to end of outlet, does not exceed 6 feet:—

(i) On a verandah which is attached to the main building, but not enclosed in front; or

(ii) In an apartment not forming part of the main building, and entered only from an open verandah, but having no opening communicating directly with the main building; or

(iii) In an outbuilding not used as a living room, or for cooking, and not connected directly by openings with the main building.

(11) Kitchen sinks may remain untrapped when fixed under any of the foregoing conditions, provided the length of waste pipe does not exceed 3 feet.

Grease Traps.

32. (1) Every grease trap shall be fixed outside the premises wherever possible, and (if not portable) must be of stoneware and attached directly to the drain or disconnector trap.

(2) The sizes of grease traps in ordinary cases must be as nearly as possible the following, viz., portable galvanized iron or copper—21 inches in length; stoneware—27 inches in length.

(3) Wherever a galvanized iron or copper grease trap is used inside a building, it must be fitted so as to be easily movable.

(4) The sizes of grease trap discharge pipes, except in special cases, must not be less than 3 inches for galvanized iron and copper, and 4 inches for stoneware.

(5) Every large grease trap which is built in brick or slate must have provision made for inlet and outlet ventilation.

(6) Every sink in all such places as food-packing houses, butchers' shops, lard-rendering establishments, hotels, restaurants, boarding-houses, and laundries, and wherever ordered by the Board or the Engineer of Sewerage must be provided with a suitable approved grease trap.

Water Closets.

33. (1) At least one water-closet, approved by the Board, shall be provided for each house, building, or land required by notice from the Board to be connected with a sewer of the Board. In every shop, factory, office, flat, or building containing more than one tenement, at least one water-closet shall be provided for the use of the occupiers of each tenement, and shall be so placed either within or outside of such shop, factory, office, flat, or building as to insure the due observance of decency, and to be easily accessible to such occupiers.

(2) In every hotel, restaurant, lodging-house, shop, or factory separate water-closet accommodation must be provided for males and females, one water-closet pan for each ten or portion of ten persons for whom water-closet accommodation is required; and, in hotels, urinal conveniences also must be provided for the public frequenting the premises.

(3) After the date fixed by notice from the Board to the owner of any house, building, or land, requiring him to connect the same with a sewer of the Board, or after such further time as shall be allowed by the Board for the purpose of such connexion, no privy closet other than a water-closet approved by the Board shall be used in such house or building or upon such land.

(4) Every internal water-closet apartment shall be constructed in such a position that at least one of its sides shall be an external wall, which shall abut immediately upon the street or upon a yard or garden or open space of not less than 100 square feet of superficial area measured horizontally at a point below the floor of such closet. Such water-closet apartment shall not be constructed so that it is entered directly from any room used for the purpose of human habitation or for the manufacture, preparation, or storing of food for man, or used as a factory, workshop, or work-place. Such water-closet apartment shall be constructed so that on any side on which it would abut on a room intended for human habitation or used for the manufacture, preparation, or storage of food for man, or used as a factory, workshop, or work-place, it shall be enclosed by an air-tight partition of brick or other approved material extending the entire height from floor to ceiling.

(5) The entrance to every internal water-closet apartment must be from a well lighted and well ventilated hall, passage, lobby, or staircase; or, if the water-closet is fixed in or adjoining a room used for the purpose of human habitation, or as a factory, workshop, or work-place, it must be cut off from such room, factory, workshop, or work-place by a separate enclosure adjoining the closet apartment. Such enclosure must have a floor area of at least 20 square feet per water-closet, and must be entirely enclosed by air-tight partitions extending from floor to ceiling, or ceiled over with an air-tight ceiling at an approved height from the floor.

(6) Such hall, passage, lobby, staircase, or enclosure must be provided with a window having an area of at least 2 square feet, opening directly into the external air. If such method of lighting the enclosure is impracticable, other methods of admitting daylight must be provided.

(7) Such water-closet apartment must be provided with a window of such dimensions that an area of at least 2 square feet, exclusive of frame, shall open directly into the external air.

(8) In addition to a window, such water-closet apartment, and such hall, passage, lobby, staircase, or enclosure must be provided with independent adequate means of constant inlet and outlet ventilation, by means of air-bricks built in the external wall of such water-closet apartment, hall, passage, lobby, staircase, or enclosure, or by combination of an air-brick and an air shaft, louvred openings, or by some other effectual method of appliance for ventilation. The effective area provided for outlet ventilation of each water-closet apartment, hall, passage, lobby, staircase, or enclosure must not be less than 27 square inches, and where the level of the floor of the water-closet apartment is lower than the outside surface of the ground, exhaust ventilation must be provided by means of a tube, of at least 6 in. diameter, carried up through the roof, and furnished with a cowl.

(9) Every water-closet shall be furnished with a pan of non-absorbent material of such shape, capacity, and mode of construction as to receive and contain a sufficient quantity of water, and to allow all filth which may from time to time be deposited in the pan to fall free of the sides thereof and directly into the water contained in the pan. To prevent fouling the pan, the water-closet seat opening must not be

larger than 10½ in. x 9 in., and seats with openings so large as to cause fouling of the pan must not be used. Pans must measure at least 12 inches between the lowest edge of the front and back faces of the flushing rims.

(10) Water-closet pans and fittings thereto must be entirely open to inspection, and without any enclosure.

(11) A suitable apparatus must be provided for the effective application of water to the pan of the water-closet, and for the effective flushing and cleansing of the pan, and for the prompt and effective removal therefrom of any solid or liquid filth which may from time to time be deposited therein.

(12) Every water-closet pan shall be furnished with a separate flushing cistern or other apparatus approved by the Board, of at least 3 gallons capacity, which shall be so constructed, fitted, and placed as to admit of the supply of water for use in the pan without any direct communication with any service upon the premises.

(13) The flushing cistern must be fixed at such a height as will effectually flush the pan, but in no case must a cistern be fixed at a less height than 5 ft. 9 in. from the floor to the top of the cistern. Every cistern must be fixed so that the ball tap shall be accessible. Each cistern of a water-closet must have a separate stop tap. Every cistern board must be in one piece, not less than 12 inches deep and 1½ inches thick.

(14) Every water-closet inside a main building must be vented either by a soil vent pipe or by back venting the trap at a point near the crown of the trap where directed.

(15) In every case where there is more than one water-closet on an upstairs floor, provision must be made for ventilating each water-closet in an approved manner to prevent syphonage, and so as to have a current of air continually passing through the soil pipes.

(16) Where there are more than three external water-closet pans grouped on the ground floor or yard of any premises, special provision must be made to prevent syphonage.

(17) Where the branch from the upper water-closet to the main soil pipe is not more than 3 feet in length, and there is only one water-closet attached to that branch, it need not be back vented unless syphonage occurs.

(18) Where flap seats are required for water-closets with separate pans and traps, cast iron brackets must be provided, and screwed to, or built into, the back wall of the apartment and supported in front by iron supports secured to the floor.

(19) Except where otherwise allowed by the Board on request in writing by the owner accepting all responsibility in the matter, internal water-closets must be provided with storage tanks capable of holding 6 gallons of water for each occupant of the building.

The storage tanks may be placed in the water-closet apartment itself, on the roof over a flat or gutter, or in an accessible place between the ceiling and the roof, in which latter case a galvanized sheet iron or lead safe with overflow must be fixed under the storage tank.

(20) In wooden water-closet buildings the stumps, sole plates, bottom plates, and plinths must be of redgum or jarrah. Such buildings must be made rigid, and not attached to fences.

(21) On tiled floors water-closet pans must be secured to approved wooden plugs fixed in the floor. In brick, concreted, tar-paved, or asphalted floors a redgum or jarrah block, not less than 12 inches x 12 inches x 3 inches (bevelled) but in no case smaller than the base of the pan, must be provided, to which the pan must be secured.

(22) A pedestal pan with hinged seat and lead safe must be provided for every internal water-closet.

(23) Where an external water-closet is to be used as a urinal, the floor of such closet must be of an approved impervious material, and a pedestal pan with a hinged seat must be provided.

(24) Latrine water-closets and water-closets of the description known as "pan-closets" are prohibited.

Urinals.

34. (1) Internal cradle urinals must be small, free from projecting ornament, and of non-absorbent material. The waste pipes must be of potteryware, lead, or glass enamelled or coated cast iron, and be kept as short and free from bends as possible. The waste pipes must be trapped, wherever directed, and must deliver out into the open air over a gully trap, or into a disconnector trap, except where special permission is given to do otherwise. Inspection openings at least 6 inches in length must be provided on waste pipes, with clamped covers. The urinals must be provided with approved flushing apparatus.

(2) The floors under urinals must be covered with non-absorbent material. The floors of the urinals must be tiled or paved, with a fall towards a drain against the wall. The walls behind, and screens between, urinals must be of non-absorbent material, and of approved height. The screens must also be free from the floor for a portion of the width of the divisions, must project at least one foot and a half, and be not less than 2 feet apart. Other forms of urinals will be allowed only if specially approved by the Engineer of Sewerage.

- (3) The following materials will be considered impervious:—
- (i) For urinal walls: Glazed tiles, slate, marble, glazed fire clay, salt-glazed stoneware, enamelled cast iron, and 6 lbs. sheet lead when joined to a lead floor.
 - (ii) For urinal floors: Glazed tiles, Portland cement mortar composed of equal parts of cement and sand, slate, marble, asphalt, and sheet lead.
- (4) Internal urinals may be fixed in such rooms only as are well lighted and well ventilated and have at least one external wall, and are separated from other portions of the building by a well lighted and well ventilated passage or air-chamber.
- (5) The positions, approaches, arrangement of lighting, ventilation, &c., for internal urinals must comply as nearly as possible with the provisions as to internal water-closets.
- (6) In outside urinals where a floor or urinal disconnecting trap is used, the waste pipe from a single urinal must discharge under the grating.
- (7) Outside urinals may discharge into open channels leading to disconnector traps without further trap.
- (8) Open channels must not be provided for urinals inside main buildings except where approved by the Engineer of Sewerage and where there is ample ventilation and light. Wherever inside urinals are provided, the traps must be fitted with ventilating pipes having an internal diameter of not less than 1½ inches.
- (9) By permission of the Engineer of Sewerage, and provided the waste pipe is properly trapped and vented, urinal and slop sink wastes may be connected directly to the drain, if no soil pipe is convenient.
- (10) Wherever inside urinals are provided with wastes and traps, and drippings may become a nuisance, provision must be made to prevent the nuisance by one of the following methods:—
- (i) By a urinal floor trap with the floor graded to the trap where the floor is tiled, cemented, or covered with asphaltum.
 - (ii) By a suitable sunken tray, trapped, and connected with the waste, where the floor is covered with lead.

In either case suitable provision must be made for retaining the seal of the floor trap, and for flushing the surface of the tray.

- (11) A separate trap must be provided to each urinal basin.

Urinal Cisterns.

35. (1) Flush pipes for automatic flushing cisterns generally must not exceed—
- | | | |
|----------------------------------|---|--|
| For 1 gallon cistern, ¾-in. dia. | } | With branches as directed by the Engineer of Sewerage. |
| " 2 gallon cistern, 1-in. dia. | | |
| " 3 gallon cistern, 1½ in. dia. | | |
- (2) The height of a cistern must, unless otherwise allowed by special permission, be at least 8 feet from the floor to the top of the cistern. The cistern must be so fixed that the ball tap is accessible.
- (3) Pull and chain flushing cisterns, or other approved apparatus operated by hand, must be fixed on all urinals except where automatic flushing cisterns are permitted by the Board.
- (4) The discharge must be equal to one gallon for each urinal stall, except where otherwise allowed by the Engineer of Sewerage.
- (5) In a combination of two urinals, one 2-gallon cistern may be used.
- (6) A separate stop tap must be provided for each urinal cistern.
- (7) Where the sparge pipe system of flushing urinals is adopted, the sparge pipes must be of brass or copper, with gun-metal fittings.

Housemaids' Slop Sinks

36. (1) Slop sinks must be of approved impervious material, and be provided with approved flushing arrangements.
- (2) The discharge from a bath waste may be utilized for flushing a housemaid's slop sink, but nevertheless a 2-gallon flushing cistern must also be provided for the sink.
- (3) The waste pipe from a slop sink must be independently carried out to the open air, with a quick fall, into a full-bore ventilated 2½-inch down pipe to the ground level where a gully trap or disconnector trap must take the waste to the drain, or be branched into a soil pipe as near the fitting as possible; and the sink must be trapped with a trap well opened out into a deep cone to receive the sink basin, and having a 2½-inch seal, and also a brass cleaning screw under the water line. A draw-off tap must not be fixed directly over a slop sink, unless it is at least 18 inches above the sink.
- (4) Wherever a slop sink is connected to a soil pipe it may be treated in the same way as a water-closet as regards the ventilation of the waste pipe.

Kitchen and Scullery Sinks, and Wash Troughs.

37. (1) Except where otherwise specially approved, every kitchen and scullery sink and wash trough must discharge into the open air over a gully trap, or into a disconnector trap. The trap, main, and branch waste pipes must be not less than 2 inches diameter.
- (2) The brass strainer must be sunk to the level of the trough. The grating openings must be of ample size to fill the waste pipe full bore.

(3) Where sinks and draining boards thereto abut against walls or partitions of living rooms they must, except by special permission, have suitable lead flashing of not less than 5 lbs. lead carried up the walls not less than 4 inches, and securely fastened and made watertight. All new sinks must be fixed on brackets, and the space between the floor and the under portion of the sink must be entirely open, without any enclosure.

(4) Where the distance between the outlets on troughs exceeds 21 inches, and lead pipe is used, the pipe must be supported either by a lead tack wiped on the top of the pipe, or by a wooden block screwed to the bottom of the trough and clamped to the pipe. The pipe passing through the trough must have a lead flange wiped on.

(5) Wherever the end of a wash trough abuts against the brickwork of a washing copper, the space between the end of the trough and the brickwork must be made thoroughly watertight.

(6) Wooden fittings other than laundry wash troughs must be lined inside with sheet lead weighing not less than 6 lbs. per square foot, or with sheet copper weighing not less than 1½ lbs. per square foot, before their connexion with the Board's sewers will be permitted.

Baths and Lavatories.

38. (1) The waste pipe and trap from a single lavatory must be at least 1½ inches in diameter, and the area of the grating must be sufficient to let the water effectually scour the waste pipe. The waste pipe must be as short as possible, and discharge over a gully trap or into a disconnector trap.

(2) Ranges of from two to six lavatories must have at least a 1½-in. combined waste pipe; and from seven to twelve, a 1-in. waste.

(3) In every internal lavatory separate trap ventilation must be provided. In ranges of lavatories in external buildings or rooms isolated from the main building the waste may be ventilated by a single pipe at its upper end.

(4) Tip-up basins will not be allowed to be connected with the sewers unless they are already in existence and are allowed to be retained as existing fittings; the waste pipes from such basins must be 2 inches in diameter.

(5) Where it is necessary to fix a new waste to a galvanized iron bath, the bottom of which is unsupported, efficient supports for the bath must be provided before the waste is fixed.

(6) Where a bath trap is fixed on the outside of a wall it must in no case be more than 2 feet from the outlet of the bath unless by special permission of the Engineer of Sewerage.

(7) Where pedestal baths are fixed, and it is not desired to flush them, they must be fixed with a space of at least 6 inches clear of walls.

Safes, Overflows, &c.

39. (1) Unless where otherwise allowed by the Engineer of Sewerage, every safe under a water-closet pan, urinal, lavatory, bath, refrigerator, sink, or other fixture, must be drained by a special pipe not directly connected with any waste pipe, soil pipe, drain, or sewer. It must be provided at the outlet into the open air with a flap valve of brass or other approved metal.

(2) Pipes draining safes may discharge into the open air only when the discharge will not cause any inconvenience or nuisance. In all other cases the pipes must be brought to the ground surface or be arranged to discharge where they will not prove a source of annoyance or inconvenience.

(3) Pipes for bath safes must be of 2 inches diameter, and pipes from water-closet and urinal safes must be of 1½ inches or 1½ inches diameter as directed.

(4) A brass grating must be fixed to the inlet of each safe pipe.

(5) No steam exhaust, blow-off, or drip pipe shall be connected with a drain or sewer, or with any soil or waste pipe.

(6) Wherever the entire floor of a water-closet apartment is not covered, the lead must extend beyond the face of the pan, and be so placed that the feet of the person using the pan may not rest on the roll.

(7) On special application of the owner, lead safes already in position may, if approved by the Board, be retained as existing fittings.

(8) It is not compulsory to fix a lead safe or other impervious material under any fitting except for a slop sink, urinal, or internal water-closet. Lead safes are recommended, however, under baths upstairs.

(9) Every existing bath-floor must be regraded, if necessary in the opinion of the Board's inspecting officer, and a proper waste pipe and flap valve must be fixed.

(10) On ground floors where cisterns fixed over tiled, tar-paved, or asphalted floors graded to drain outside of the room, the overflow may discharge on to such floors provided no damage is likely to arise therefrom.

(11) Every overflow from a cistern, wherever possible, must be taken through an external wall, and must discharge inside the owner's property, but in exceptional cases permission may be given to discharge into a slop-sink or other fitting or on to a lead safe which has a drainage pipe attached.

Existing Fittings.

40. Existing fittings and appliances, which the owner may desire to retain unaltered, and which in the opinion of the Engineer of Sewerage will be inoffensive, may by the consent of the Board remain unaltered until the Board otherwise orders.

Existing fittings and appliances which are offensive must be removed at once, and all fittings not in accordance with this By-law may remain at the distinct request of the owner only, and must be removed at any time the Board so orders.

Such request must be made by the owner or his agent on the form obtainable at the Board's office.

Gratings.

41. The outlet to every fitting except a water-closet pan must be provided with a suitable permanently attached grating.

Consent, Order, Notice, &c., of the Board.

42. In any case where pursuant to any provision of this By-law the Board gives—

- (a) any authority permission consent sanction or approval, or
- (b) any order or direction, or
- (c) any notice,

the Board may give the same by writing under the hand of the Chairman of the Board, or the Engineer of Sewerage, or by writing under the hand of an Inspecting Officer appointed by the Board for the purpose either generally or in the particular case, or, in any case in which the same is not required by this By-law to be in writing, may give the same by parole only without writing by the Chairman of the Board or the Engineer of Sewerage or such Inspecting Officer.

Variation.

43. No permission for or approval of any variation of any of the provisions of this By-law shall be given by the Board, unless it is given before the work in respect of which the variation is proposed has been carried out.

Recovery of Cost of Work, &c.

44. In addition to any penalty recoverable by the Board for any breach of this By-law, any expense incurred by the Board in consequence of a breach of this By-law or in the execution of work directed by this By-law to be executed by any person and not executed by him, shall be paid by the person committing such breach or failing to execute such work.

The foregoing By-law was made and passed by the Melbourne and Metropolitan Board of Works, and the Common Seal of the said Board was hereunto affixed the 14th day of December, One thousand nine hundred and twenty in the presence of—

(SEAL) W. J. CARRE RIDDELL, Chairman.
A. WHEELER, Member.
GEO. A. GIBBS, Secretary.

Approved by the Governor in Council the 9th March, 1921, in so far as it relates to the construction, ventilation, and cleansing of sewers of the Melbourne and Metropolitan Board of Works.

F. W. MABBOTT,
Clerk of the Executive Council.

MELBOURNE AND METROPOLITAN BOARD OF WORKS.

BY-LAW No. 20.

WATER SUPPLY.

THE Melbourne and Metropolitan Board of Works (hereinafter called "the Board") pursuant to, and in exercise and execution of the powers and authorities conferred on such Board by the Melbourne and Metropolitan Board of Works Acts, and in exercise and execution of any other powers and authorities in anywise enabling the said Board in that behalf, doth hereby make the By-law following:—

1. By-laws No. 13, No. 14, No. 15, and No. 16 are hereby repealed as from the date of the coming into operation of this By-law, but nothing herein contained shall affect the validity or enforcement of any rate or charge made before the coming into operation of this By-law, and every such rate or charge shall be levied and the payment thereof enforced as if this By-law had not been made; and nothing herein contained shall relieve, discharge, or absolve any person from liability to pay any rate or charge made in accordance with the provisions of the said By-laws, or abrogate or alter the power of the Board to recover and enforce payment of any such rate or charge; or withdraw any permission given, or cancel any licence granted, by or on behalf of the Board; or annul or stay any proceedings taken, prosecution commenced, or business initiated as in conformity

with the provisions of the said By-laws prior to the date of this By-law coming into operation; but the same respectively may be continued and carried to completion, and all offences against any provision of the said By-laws committed before the date of this By-law coming into operation may be prosecuted for and punished as if this By-law had not been made and passed.

Marginal Notes.

2. The marginal notes shall not be deemed to be a part of this By-law.

Interpretation.

3. In the construction of this By-law, the meaning which in the Board's Acts is assigned to any word shall be the meaning of the same word where occurring in this By-law, unless inconsistent with the subject matter or context. "Engineer of Water Supply" means the Board's Engineer of Water Supply.

Water Rate.

4. The rate per annum to be paid for the several lands and tenements to be supplied otherwise than by measure with water for domestic purposes on and after the first day of July, 1921, is hereby made and determined as follows, that is to say:—

For all such lands and tenements a rate of Sixpence in the pound of the valuation of such lands and tenements.

Provided that where a rate of Sixpence in the pound of such valuation would amount to less than 10s. per annum, the sum of 10s. per annum is fixed as the amount of the rate to be paid in respect of any such lands and tenements.

The valuation of the said lands and tenements for the purpose of such water rate shall in every year be the valuation of such lands and tenements during such year or the previous year by the corporation of the city of Melbourne or the Council of the municipality in whose municipal district such lands or tenements are situated; or (if there be no such valuation) the valuation of such lands and tenements by some police magistrate.

Supply by Measure.

5. Every owner or occupier of lands and tenements or other persons supplied with or using water for private water troughs, steam boilers, engines, building purposes, brickwork, concrete, masonry, syphons, hydraulic power blasts, watering of horses, cattle or other stock, glass washing machines, cooling windows, washing or cleaning motor or other vehicles, watering gardens, yards, pathways, or drives, or for any trade, industry, boarding-house, or business, shall be supplied by measure.

The amounts to be charged for the supply of water by measure shall be as follow:—

- (a) To shipping at wharfs and piers through fixed meters, at the rate of One shilling and sixpence per 1,000 gallons; but wherever it is necessary for the Board to provide hose or labour for the supply of water the charge shall be at the rate of Three shillings per 1,000 gallons, subject in all cases to control of the Board as to quantity and time of supply.
- (b) For parks and gardens under municipal control, Ninepence per 1,000 gallons.
- (c) In all cases other than the foregoing, water supplied by the Board by measure in the metropolis shall be charged for at the rate of One shilling per 1,000 gallons.

6. The Board may by notice in writing direct any person—

- (a) being a consumer supplied with water whether for domestic purposes solely or not;
- (b) supplied with or desiring to be supplied with water;
- (c) whose premises are directly or indirectly connected with the mains or pipes of the Board, or are about to be so connected—

to be supplied by measure, and to fix a meter in a position or place to be approved of by the Engineer of Water Supply or supervising officer to register the quantity of water so supplied.

Any person so directed who shall not within fourteen days after service of such notice duly and properly fix a meter shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds, and to a further penalty not exceeding One pound for each day after notice of the offence from the Board.

Minimum Meter Charge.

7. (a) The minimum quantity of water to be charged for by measure where water is supplied to any lands and tenements by measure shall be the quantity which at One shilling per 1,000 gallons would produce an amount equal to the amount of the water rate which under the Board's Acts and By-laws would be payable for the said lands and tenements if so supplied otherwise than by measure.

(b) Save as aforesaid, in every case where the supply is by measure the minimum charge shall be £1 per annum.

Special Rates and Charges.

8. Notwithstanding anything contained in section 5 hereof, the Board may grant special supplies of water according to the following terms and charges, which shall be payable in advance, viz.:-

- I. To private water troughs at the rate of Forty shillings per annum each. Troughs of such materials, form, and construction as are approved by the Board, and erected in any public highway with the consent of the Council of the municipal district, shall not be deemed to be private troughs.
- II. For the making and mixing of concrete, and for masonry and brickwork, at the rate of One penny per cubic yard of such materials as measured in the work.
- III. For general building purposes at the following charges, viz., at the rate of Ninepence in the pound upon the estimated assessable value of the completed building, during (from date of commencement) three months in cases where such value does not exceed Fifty pounds; four months where such value exceeds Fifty pounds and does not exceed One hundred pounds; and six months where such value exceeds One hundred pounds. But for wooden buildings the charge shall be one-half of the foregoing rate. After the termination of each such period to date of completion in each case the charge shall be at the rate of Sixpence in the pound upon such value.
- IV. For steam boilers, at the rate of Ten shillings per annum for each horse-power of each such boiler.
- V. For gas engines, at the rate of Ten shillings per annum for each horse-power of each such engine; or, if the supply is from an approved cistern, Five shillings per annum per horse-power.
- VI. For plumbers' blasts, at the rate of Twenty shillings each per annum.
- VII. For horses, at the rate of Ten shillings per annum for each horse, and for cows wholly or partially kept upon the premises, at the rate of Five shillings for each cow.
- VIII. Taps will be allowed to be fixed in a garden not exceeding 100 square yards in area, and horses allowed to be used therein, on payment of a special rate (in addition to the assessment rate) of Ten shillings per annum; any garden above 100 square yards in area will be supplied only through meter. The measurement of such area shall include all paths and portions of paved areas within three feet of any cultivated area, and shall include all areas which in the opinion of the Engineer of Water Supply are capable of cultivation.
- IX. For a glass-washing machine, the waste discharge from which is into a portable receptacle, and not connected with the sewers, at the rate of Ten shillings per annum for each machine. Where the waste from the machine is connected with the sewers, the supply must be through meter.
- X. For motor cars or motor vehicles, other than motor cycles, at the rate of One pound per annum for each such motor car or motor vehicle.

Supplies of water for purposes not otherwise specified in this By-law must be paid for at such rate as the Board shall in each case determine, and a preliminary payment at such rate must be made at the office of the Board before a supply can be taken or used.

Government Buildings and Charitable Institutions.

9. In all the pipes to which any fire plug is fixed the Board will provide and keep constantly laid on, unless prevented by unusual drought or other unavoidable accident or during necessary repairs, a sufficient supply of water without charge for use in houses, lands, or premises the property of His Majesty, whether unoccupied or used for public purposes, or houses, lands, or premises in the occupation of the Crown, or of the Government of Victoria, or of the Board of Land and Works, or the Victorian Railways Commissioners, or of the Minister of Public Instruction, and also for supplying any public hospitals or charitable institutions and such public baths and washhouses as are mentioned in section 94 of the Board's principal Act, and subject to the terms, conditions, and provisions mentioned in the said section, provided that such houses, lands, or premises, public hospitals, or charitable institutions, or baths or washhouses, are situated within the limits of the metropolis. But as by the provisions of section 72 of the Board's principal Act it is not compulsory upon the Board to supply any water to any person whomsoever, and as the Board is by section 114 of the said Act authorized and empowered to make by-laws for *inter alia* preventing or to guard against and prevent such waste or misuse of water supplied by the Board, and it is necessary to guard against and prevent such waste or misuse, and for that purpose to provide that the quantity of water used should in each case be known and recorded, the Board will require in every case that a meter or meters of capacity sufficient to record the quantity of water used be provided and maintained by and at the expense of the owner

or managing body of every such house, land, or premises, hospital or charitable institution, or the municipal council which establishes such bath or wash-house; otherwise the Board will decline to supply any water thereto.

Meters.

10. (a) No meter shall be affixed until it has been examined, tested, and approved by a duly authorized officer of the Board, and each meter must be capable of registering at least 1,000,000 gallons, and each $\frac{1}{2}$ -in., $\frac{3}{4}$ -in., or 1-in. meter must be capable of registering any flow not less than 10, 15, or 30 gallons per hour, respectively.

(b) Every meter must be fixed truly level, with connexions above ground approved by the Board's supervising officer, in an easily accessible position, and properly protected, on a proper foundation of timber, stone, brick, or concrete, approved by the Board's supervising officer, which must, wherever practicable be level with the surface of the ground, and within three feet of the building line of the property. Where it is impracticable to place the meter above the surface of the ground, it may be fixed in a pit, approved by the Board's supervising officer, which must be properly constructed and drained. Lead connexions approved by the Board's supervising officer must be fixed on each side of the meter, except where the use of two wrought-iron quarter bends has been allowed by such officer. The use of elbows will not be permitted.

(c) Wherever washers are necessary for meter connexion couplings, leather washers must in all cases be used.

(d) Every meter must be fixed to register the whole of the water supplied to any tenement or premises, except where otherwise allowed by the Board.

(e) Every person desiring to remove or alter the position of a meter must make written application for consent of the Board to such removal or alteration, and no such removal or alteration shall be effected until the Board's permission in writing is given.

(f) No work in connexion with the fixing, removal, or alteration of a meter shall be done by any person other than a licensed plumber.

11. No person shall construct, place, stack, store, or permit to be constructed, placed, stacked, or stored, any building, erection, materials, or goods over or upon any meter through which water is supplied by the Board, or do or permit anything which shall prevent or interfere with the inspection at any time by any officer of the Board of any such meter. Any person who neglects or refuses, on notice from the Board, to remove any such obstruction or impediment to inspection shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds, and to a further penalty not exceeding Two pounds for each day after notice of the offence from the Board.

The Board may, by notice in writing, direct the removal of any meter to a position approved by its supervising officer free from obstruction or impediment to inspection at any time by any officer of the Board of any such meter. Any person who neglects or refuses to comply with such notice shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds, and to a further penalty not exceeding Two pounds for each day after notice of the offence from the Board.

12. The Board may, if it so thinks fit, but not otherwise, let for hire water meters, the rent for which, if inferential meters, shall be at the rate per annum of—

- For $\frac{1}{2}$ -inch meter, five shillings.
- For $\frac{3}{4}$ -inch meter, six shillings.
- For 1-inch meter, eight shillings.
- For $1\frac{1}{4}$ -inch meter, ten shillings and sixpence.
- For $1\frac{1}{2}$ -inch meter, fourteen shillings.

Such rent shall be exclusive of, and in addition to, the amount of rate chargeable for the recorded consumption of water, and shall be due, and must be paid, quarterly in advance on the first day of the months of January, April, July, and October in every year, the first payment to date and be made as from the commencement of the then current quarter.

Every meter must be fixed by a licensed plumber at the cost of the owner or hirer on his premises in the position directed by an officer of the Board.

13. (a) Every hired meter must be kept in repair by and at the cost of the Board, except in case of receiving external injury, in which case the hirer must bear the cost of repair.

(b) Every private meter shall be kept in repair by and at the cost of the owner.

(c) If any meter in use ceases to register, or is reported as out of repair or registering inaccurately, the Board will estimate and charge for the water consumed during the period such meter is not in working order, and until it is repaired and refixed, (1) by taking an average of the quantity used during the previous quarter, or during the corresponding period of the previous year, or (2) on the basis of subsequent consumption after repairing; or the Board may insert a check-meter on the service-pipe and charge upon estimate from the registering thereof.

(d) In event of the hirer being dissatisfied with the registering of a hired meter, he may, by notice in writing, require the Board to cause such meter to be removed and tested, and,

together with such notice, shall forward a sum of One pound, which, if the meter is found to register correctly, shall be applied in paying the cost of removing, testing, and replacing such meter, and the balance, if any, shall be returned to him; but if such meter is found to fail to register, or is found to register incorrectly, such meter shall be repaired and replaced, or another meter shall be placed instead of it at cost of the Board, and the amount deposited by the hirer shall be returned to him. In the case of a private meter, the owner must employ at his expense a licensed plumber to remove and submit the meter for test by the Board.

(e) Every meter removed through being out of order must be repaired, adjusted, and submitted for test and refixed with the least possible delay by a licensed plumber employed for the purpose. For any unnecessary delay in refixing meter, such licensed plumber shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds or suspension or cancellation of his licence.

(f) In every case of fixing and refixing a 2-inch meter, or meter of larger size, provision must be made for testing the working of the meter in position by the affixing of a stop-tap or valve on the outlet side of the meter, with a stop-tap ferrule between the stop-tap and the meter. No branches are to be taken off between the stop-tap or valve and the meter. The sizes of stop-tap ferrules must be as follow:—

- For 2-inch and 3-inch meters— $\frac{3}{4}$ -inch.
- For 4-inch meters—1-inch.
- For meters larger than 4-inch—1 $\frac{1}{4}$ -inch.

14. Any person hiring a meter from the Board, who shall leave the premises on which such meter is fixed, without having previously given, in writing, at least six days' notice to the Board of his intention to leave the premises, shall be guilty of an offence and shall be liable to a penalty not exceeding Five pounds.

15. Any meter fixed prior to this By-law coming into operation shall, if removed for any purpose whatever, be refixed in manner and position in strict accordance with the provisions of this By-law.

Allowance for Sanitary Flushing.

16. Any consumer of water who is supplied with water through a meter or meters and pays for such supply by measure an amount exceeding the sum which would be payable upon the rating of such premises shall, out of such excess, be allowed, so far as such excess will admit thereof, a deduction equal to Ten shillings per annum on account of each closet pan on such premises the supply of water for the flushing whereof passes through, and is recorded by, such meter or meters. Provided that the deduction hereby allowed to any such consumer shall not exceed One pound per annum in respect of such premises.

Connections with New Mains.

17. When a pipe for the supply of water has been laid by the Board in any street or part thereof, the owner of any tenement abutting on such street or part thereof whose premises are being supplied directly or indirectly with water from some other pipe of the Board laid in a street or part of a street not abutting on the said tenement shall, if in the opinion of the Engineer of Water Supply (to be certified by him in writing) and with the approval of the Board it is necessary in order to maintain the purity of the water supply, within two months after written notice from the Board, cause a proper pipe and stop-cock to be laid so as to convey a supply of water within such tenement from the pipe laid by the Board in the street or part thereof upon which his said tenement abuts and shall disconnect and plug such other pipe supplying his premises as aforesaid, and shall also if ordered in writing by the Board so to do plug the main to which such other pipe is attached.

Every person guilty of any breach of this clause shall be liable for each such offence to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty not exceeding One pound for each day after notice of the offence from the Board.

Tappings and Services.

18. (a) All work, connexions, fittings, apparatus, and material in connexion with the supply of water from the pipes of the Board must be in strict accordance with the provisions of this By-law; and where any service existing at the time of the coming into operation of this By-law and supplying water from the pipes of the Board or any fitting or apparatus connected therewith is not in accordance with the provisions of this By-law, all renewals, alterations, or replacements thereof or thereto must be effected in strict accordance with the provisions of this By-law.

(b) Ordinary connexions with sub-mains must be made with proper stop-cock ferrules, to which for iron service a length of not less than 3 feet of lead pipe must be attached. One service-pipe only for domestic supply to each tenement will be permitted. For tenements rated at Twenty pounds per annum or under the bore of such service-pipe must not exceed $\frac{1}{2}$ inch; and for tenements rated at over Twenty pounds per annum the bore of such service-pipe must not exceed $\frac{3}{4}$ inch, unless permission for a larger service has been received in writing from the Board, and the supply is taken through a

meter; and no such larger service shall exceed 1 inch in diameter unless the average number of persons residing in the tenement is more than twenty-five, or the tenement is rated at not less than One hundred and fifty pounds per annum, nor shall it exceed 1 $\frac{1}{2}$ inch in diameter unless the average number of persons residing in the tenement is more than one hundred, or the tenement is rated at not less than Two hundred and fifty pounds per annum.

(c) The maximum tapping that will be allowed without clip for each size of cast-iron main is as follows:—

- For 3-in. and 4-in. pipes, $\frac{3}{4}$ -in. tapping.
- For 5-in., 6-in., and 7-in. pipes, 1-in. tapping.
- For 8-in. pipes, 1 $\frac{1}{4}$ -in. tapping.
- For 9-in. pipes, 1 $\frac{1}{2}$ -in. tapping.
- Over 9-in. pipes, 2-in. tapping.

A clip must be used for tappings to all pipes other than cast-iron except where otherwise permitted by the Board.

(d) A branch must be inserted for all connexions of 2-in. diameter or over to mains of 5-in. diameter or less, and for all connexions of 3-in. diameter or over to mains of 6-in. diameter or over. All such branches must be of pattern and material approved by, and be fixed only in accordance with the directions of, the Board's supervising officer.

(e) Tapping of pipes of the Board must be made under pressure by an officer of the Board in every case unless otherwise ordered or permitted in writing by the Board in cases where tapping under pressure is not practicable.

Any person giving notice of his desire to lay a pipe to connect with and tap the pipes of the Board shall provide for and be at the cost of all labour and material necessary for such connexion, and for the restoration of the ground to the satisfaction of the local authority, and be liable for the consequences of failure in so doing, and shall pay in advance to the Board the expense of such tapping at such rates as shall from time to time be prescribed by the Board.

If it becomes necessary to shut off a main 9 inches diameter or over to repair, remove, or replace any tapping, such special fee as shall from time to time be prescribed by the Board shall be paid to cover the expense of such shutting off.

(f) All connexions with lead and iron pipes must be made with brass union couplings.

19. A high-pressure screw-down stop-tap properly secured and covered with an approved cast-iron box must be fixed on each water service between the main and the building line.

Where mains are under wood blocks, concrete, or other special pavements, an approved iron box must be fixed over the stop-tap ferrule in the main.

Except where otherwise permitted by the Board, every stop-tap and stop-tap ferrule must be opposite the tenement supplied, and in one line at right angles to the main on which such stop-tap ferrule is fixed. Every service which does not enter the building line of the tenement supplied at a point opposite to the main to which such service is connected must be provided with two high-pressure screw-down stop-taps and approved cast-iron covers, one of which must be fixed opposite the stop-tap ferrule on the main and the other in a position approved by the Board's supervising officer immediately outside the building line where the service enters the tenement.

20. All joints connecting lead pipes must be "wiped" joints, and in no case will "bolt" or "copper bit" or "blown" joints be allowed on water service pipes, either in the interior or on the exterior of any building or tenement. Any licensed plumber who by himself or his workman commits a breach of this clause shall be guilty of an offence, and shall be liable to suspension or cancellation of his licence.

21. (a) Excepting with the permission in writing of the Board, not more than one tenement shall be supplied from a single water service.

(b) The Board may, if it thinks fit, give permission to arrange in special cases that the water supply to more than one tenement may pass from the water main into a single street (herein called a "trunk service") which must be laid in such street and have branch piping to each tenement, and on such branch there must be a stop-tap fixed in a thoroughfare, but in no such case shall branches be fixed in excess of the number or of the diameter proportioned to the trunk service set forth in the subjoined table, namely:—

Diameter of Trunk Service.	No. of 1-in. Branches only.	No. of 1-in. Branches only	No. of 1-in. Branches only.
4-in.	—	—	2
1-in.	—	2	or 5
1 $\frac{1}{2}$ -in.	2	or 4	or 10
1 $\frac{3}{4}$ -in.	3	or 6	or 15
2-in.	6	or 12	or 30

(c) In any thoroughfare every service-pipe must be laid at a depth of at least one foot from the surface so as to insure freedom from damage as far as possible. A service-pipe must not be laid longitudinally under a footpath or pitched channel, or in a water channel, unless expressly allowed by the regulations of the local municipal Councils, which are in all cases to be observed.

(d) In any case where, at the time of this By-law coming into operation, more tenements than one are supplied from one and the same service, the Board may assent to the extension of piping from the water closet of one tenement

the water closet of another tenement, provided that the water supply to each water closet is controlled by a separate stop-tap. But when and so soon as any tenement so supplied with water by an extension of piping has for itself a separate supply of water for general purposes, the extended piping for supply of water to the water-closet at that tenement must then be disconnected and the water-closet must be connected with the pipe affording the separate supply of water.

(e) Whenever any service existing at the time of the coming into operation of this By-law supplies more than one tenement, and such service is not laid in accordance with the provisions of this clause, repair of such service will not be permitted should the repair involve the replacement of more than one pipe length of the service, but the service must be renewed strictly in accordance with the before-mentioned provisions.

(f) Any person offending against the provisions of this clause shall be guilty of an offence, and shall be liable to a penalty not exceeding Two pounds.

22. No extension of a private service will be allowed except by consent of the Board.

In connexion with every application to lay a water service of 2 inches and upwards in diameter, or to alter the position of any such water service, the plumber's notice must be accompanied by a properly dimensioned plan, showing the locality of the premises at which the work is to be effected, and the position in which it is intended to lay the pipes and fix meters, plugs, stop-taps, &c., thereto.

In every such case the Board will, if desired, supply a block tracing (as far as same may be available) on payment of a fee of One shilling for each tenement shown on the tracing.

23. Any permission granted by the Board to supply a property with water by means of an extension service from a main pipe which does not pass in front of the said property, or from a private service, shall be deemed to be temporary, and shall be liable to revocation at the pleasure of the Board.

24. The service-pipe from the main being the property of the owner or occupier of the tenement supplied by such service-pipe, the occupier (if any) or (if none) the owner shall, upon receiving notice that his service-pipe requires repairing, immediately proceed to repair the same; and he shall be responsible for any loss of water or other damage which is caused by reason of such service-pipe being leaky or otherwise out of repair or broken, and in default of so repairing he shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty not exceeding Two pounds for each day after receipt of such notice; and the Board may stop the water from flowing into such tenement either by cutting off the service-pipe or otherwise as to the Board may seem fit, until the necessary repairs have been effected.

Waste of Water.

25. Any person supplied with water by the Board who shall wilfully or negligently allow the same to run to waste shall be guilty of an offence, and shall be liable for each offence to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty not exceeding Two pounds for each day after notice of the offence from the Board.

Taking or Supplying Water Without Authority.

26. Any person receiving water from the Board who without the written permission of the Board takes or carries away such water from his tenement, or allows any person to take or carry away such water, or sells the same to any other person, shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds.

Any person, not having agreed to be supplied by the Board, who takes or carries away water from the premises of any person so supplied, or from any drinking tap, trough, or public service pipe, shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds.

Licensed Plumbers.

27. (a) No person who is not the holder of a plumber's licence from the Board shall affix any service-pipe to any pipe of the Board, or alter, repair, or in any manner interfere with any pipe of the Board, or any service-pipe, tap, meter, or fitting connected with the pipes of the Board; and any person who is not the holder of a plumber's licence from the Board affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, tap, meter, or fitting as aforesaid shall be guilty of an offence, and shall be liable to a penalty not exceeding Ten pounds.

(b) Plumbers' licences shall be at and during the pleasure of the Board, and be subject to review from time to time, and the Board may at any time suspend or cancel any such licence in the event of the holder thereof being adjudged by the Board to be incompetent, or by himself or his employees committing any breach of the Board's Acts, By-laws, or Regulations.

(c) A licence issued in conformity with the provisions of the Water Act 1915, or any Act repealed thereby, shall not

authorize the holder thereof to do any kind of work connected with the sanitary fittings of houses or the sewerage system.

Notices.

28. (a) Any person, whether licensed as aforesaid or not, who opens any ground so as to uncover any pipe or pipes the property of the Board without giving two days' notice to the Board of his intention so to do, or who in any way tampers with or alters any pipe the property of the Board without the permission in writing of the Board being first obtained, or who wilfully or carelessly breaks, injures, or opens any lock, tap, valve, pipe, work, or engine the property of the Board, shall be guilty of an offence, and shall be liable for each such offence to a penalty not exceeding Ten pounds.

(b) Every notice must be signed by the licensed plumber actually engaged in carrying out the works referred to in the notice, or by a licensed plumber employing another plumber to carry out the work under his supervision.

(c) Any licensed plumber signing a notice for work which is not actually done either by himself or by a plumber employed under his supervision, or carrying out work under a notice not signed by himself, shall be guilty of an offence, and shall be liable to suspension or cancellation of his licence.

(d) Any person, whether licensed as aforesaid or not, who lays any pipe to communicate with a pipe of the Board or who alters, repairs, or replaces pipes or fittings in communication with a pipe of the Board without giving two days' notice of the day and hour when such work is to be carried out, or who makes such communication, alteration, repair, or replacement, except under the superintendence and according to the directions of some officer of the Board, or who lays any leaden or other pipe to communicate with a pipe of the Board of a strength and material not sanctioned by the Board, shall be guilty of an offence, and shall be liable for each such offence to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty not exceeding Two pounds for each day after notice of the offence from the Board.

(e) In the case of service communication with a pipe of the Board being made through the intervening medium of a storage tank, the provisions of this clause shall have as full application as if the communication were by direct service.

(f) The giving of two days' notice as aforesaid will only be dispensed with in the event of urgent repairs being required to stop the waste or escape of water; in which case notice must be sent to the Board by the licensed plumber concurrently with, or immediately after, the execution of such urgent repairs. The penalty for not giving notice, as herein required, will be as mentioned in sub-clause (d) of this clause.

Quality of Materials.

29. No person shall use in connexion with a supply of water of the Board any tap, stop-tap, bib-tap, ball-tap, valve, closet cistern, service-box, bath tap or valve, or other fitting which is not of the best quality, tested, stamped, and approved by the Board.

No person shall use any stop or bib taps which are not screw-down high-pressure taps, made of hard brass or gun-metal, and in every respect of best quality and workmanship, tested, stamped, and approved by the Board.

Lead piping shall be of the following weights.—

Diameter of Pipe.	Weight of Pipe per yard.	Diameter of Pipe.	Weight of Pipe per yard.
½-inch	5 lbs.	1-inch	14½ lbs.
¾-inch	6 "	1½-inch	22 "
1-inch	7½ "	2-inch	30 "
1½-inch	9 "		45 "

Except with the written consent of the Board, only galvanized iron piping of approved quality, tested and stamped by the Board, will be allowed for external and internal services. The fixing of lead pipes on water supply to filters will not be permitted, but tin-lined lead pipes or galvanized wrought-iron pipes of approved quality must be used.

Cisterns and Tanks.

30. No person shall use any cistern or tank that is not provided with an equilibrium ball-valve, and with the overflow pipe laid and fixed in a suitable manner, open to inspection, and in a position approved by the Board. Every such cistern or tank must be constructed, protected, made accessible, and provided with inlet and outlet pipes, as directed by the Board or the Engineer of Water Supply, so as to reduce the risk of pollution and waste of water to a minimum.

Baths.

31. Except with the special permission of the Board, no bath shall be allowed which has a holding capacity when full of more than 100 gallons.

Automatic Syphons, &c.

32. No person shall fix any water ejector, hand syphon, automatic syphon, or other water power pumping appliance without the permission in writing of the Board being first obtained. If approved, any such fitting shall be fixed only under such conditions as the Board shall notify in writing.

Fire Services.

33. (a) Subject to previous written consent of the Board, private fire services will be allowed, but every such service must be sealed except in cases where the Engineer of Water Supply shall have certified in writing that sealing is unnecessary. For each such private fire service there shall be paid a sum of Ten shillings upon the fixing thereof, and a sum of Ten shillings per annum thereafter. Except in case of fire, no person shall, without authority of the Board, wilfully break the seal affixed to any private fire service, and in the event of any such seal being broken, accidentally or otherwise, the occupier of the tenement shall, within twenty-four hours thereafter, give notice in writing of the fact at the office of the Board, and on failing to do so shall be guilty of an offence, and shall be liable to a penalty not exceeding Two pounds, and to a further penalty of Ten shillings for each day during which he shall neglect to give such notice.

(b) Every private fire service-pipe must be laid and fixed in a conspicuous position subject to the approval of the Board, and must be painted and maintained at all times with a distinguishing coating, of approved bright red paint.

(c) No extension shall be taken from any private fire service-pipe beyond the governing stop-tap or valve outside premises, except for fire extinction purposes with sealed taps.

(d) Any person using water from any portion of a private fire service-pipe, or extending or causing to be extended any branch pipe from any private fire service-pipe, except for fire extinction purposes and with the authority of the Board, shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty not exceeding Two pounds for each day after notice of the offence from the Board.

General.

34. Any person, whether licensed as aforesaid or not, who connects any service-pipe or branch service-pipe with any steam boiler for the purpose of feeding or supplying the same with water, without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter, shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty not exceeding Two pounds for each day after notice of the offence from the Board.

35. Any person, other than an employee of a municipality; who, without the written permission of the Board, waters a street or thoroughfare by means of hydrant and hose attached to a fire-plug shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds.

36. The water supply of every public park and garden shall be exclusively under the control and direction of the officers of the Board; and any person not duly authorized who turns on the water or otherwise interferes with such water supply shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds.

37. Any person who uses a hose attached to any tap or pipe for any purpose whatsoever, except where authorized by this By-law, unless a meter is fixed and the water is supplied by measure, shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds.

38. In every case in which it is necessary to obtain the consent of the Board before doing any act or commencing any work, such consent must be asked for by notice in writing, addressed to the Secretary of the Board and delivered at his office, of such length of time as is required by the Board's Act 1915 or any amendment thereof or by this By-law, and in no case less than two days prior to the time proposed for the doing of such act or the commencement of such work; and such notice must state clearly the act proposed to be done or work to be commenced, and such act shall not be done or work be commenced save upon the Board's consent in writing, and then only subject to and in accordance with such directions or conditions as shall be therein specified.

Such consent may be given by and under the head of the Chairman of the Board, the Secretary, or the Engineer of Water Supply, who, severally, shall be competent to give the Board's consent, and on behalf of the Board to prescribe any directions or conditions attaching thereto and subject to and in accordance with which only such consent shall be deemed to have been given.

Penalty.

39. Every person guilty of any breach of this By-law shall, except in those cases where a penalty is prescribed for any breach or offence, be liable to a penalty not exceeding Twenty pounds for such breach, and shall in cases of any continuing offence be liable to a further penalty not exceeding Five pounds for each day after notice of the offence from the Board.

The foregoing By-law was made and passed by the Melbourne and Metropolitan Board of Works, and the common seal of the said Board was hereunto affixed the fourteenth day of December, 1920, in the presence of—

(SEAL)

W. J. CARRE-RIDDELL, Chairman.
C. T. CRISPE, Member.
GEO. A. GIBBS, Secretary.

DECLARING VOID, AS TO PART, A MINING LEASE.

IN pursuance of the powers conferred by section 113 of the Mines Act (No. 2698), the Governor in Council has, by an Order made on the 15th March, 1921, declared void mining lease No. 6653, Beechworth, as to such part of the land demised as is indicated by pink colour on the plan indorsed on the said Order, and containing 19 acres 3 roods 37 perches, more or less, and has fixed the rental of the said lease at £18 5s. per annum.

The said lease is entered in the register-book at the Office of Titles, vol. 268, fol. 30167.

W. DICKSON,
Secretary for Mines.

DECLARING VOID, AS TO PARTS, A MINING LEASE.

IN pursuance of the powers conferred by section 113 of the Mines Act (No. 2698), the Governor in Council has, by an Order made on the 15th March, 1921, declared void mining lease No. 6491, Beechworth, as to such parts of the land and mines demised as are indicated by pink colour on the plans, marked A and B respectively, attached to the said Order, and containing 179 acres 0 roods 37 perches, more or less, and has fixed the rental of the said lease at £17 6s. per annum.

The said lease is entered in the register-book at the Office of Titles, vol. 259, fol. 29264.

W. DICKSON,
Secretary for Mines.

DECLARING VOID, AS TO PARTS, A MINING LEASE.

IN pursuance of the powers conferred by section 113 of the Mines Act (No. 2698), the Governor in Council has, by an Order made on the 15th March, 1921, declared void mining lease No. 6698, Beechworth, as to such parts of the land and mines demised as are indicated by pink colour on the plan indorsed on the said Order, and containing 8 acres 1 rood 4 perches, more or less, and has fixed the rental of the said lease at £1-15s. per annum.

The said lease is entered in the register-book at the Office of Titles, vol. 271, fol. 30409.

W. DICKSON,
Secretary for Mines.

MINING LEASES GRANTED.

THE undermentioned mining leases have been granted. Any lease not executed by the 15th proximo will be liable to forfeiture:—

7701, Ballarat; B. Daly and F. W. Miller.
9827, Bendigo; Bendigo Amalgamated Goldfields N. L.
9653, Bendigo; T. E. Cook.
3635, Mineral; S. Terry and W. Bartley.
3653, Mineral; S. Terry.
3660, Mineral; Castlemaine Potteries Proprietary Ltd.

S. BARNES,
Minister of Mines.

APPLICATIONS FOR MINING LEASES ABANDONED.

7071, Beechworth; W. H. Wilkie; 250a. 2r. 11p.; parish of Mohecan.
7095, Beechworth; A. Murray; 20 acres; Harriettville.
6078, Maryborough; N. Davey; 76a. 0r. 31p. parish of Dunolly.
3775, Mineral; Australian Porcelain Coy. Propy. Ltd.; 30 acres; Wodonga West.

S. BARNES,
Minister of Mines.

MINING LEASES DECLARED VOID.

6796, Beechworth; J. T. Harvey; Wandiligong.
*6951, Beechworth; R. Sands; Bethanga.
*6958, Beechworth; R. Sands; Bethanga.
4651, Gippsland; F. W. Allsop; parish of Tonga Munjie West.
9470, Bendigo; W. W. Eskdale; Bendigo.
9472, Bendigo; J. F. Hogan; Bendigo.
2947, Mineral; "The Hopeful Tin Mining Coy. N. L."; parish of Bogong South.
3149, Mineral; P. E. Harman; parish of Boorgunyah.
3150, Mineral; P. E. Harman; parish of Boorgunyah.
3151, Mineral; P. E. Harman; parish of Boorgunyah.
3152, Mineral; P. E. Harman; parish of Boorgunyah.
3447, Mineral; C. J. Lee and J. E. Moir; parish of Cornella.
3454, Mineral; C. J. Lee and J. E. Moir; parish of Cornella.
*Applicant for forfeiture will be granted a new lease under section 91 of the Mines Act 1915.

S. BARNES,
Minister of Mines.

APPLICATIONS FOR MINING LEASES.

SUBJECT to any necessary excisions, &c., it is intended to grant the following:—

7707, Ballarat; C. Nioa and A. Grey; 29a. 2r. 25p.; parish of Spring Hill.
7052, Beechworth; E. C. Rewell; 88a. 2r. 38p.; parish of Chiltern West.
3727, Mineral; T. Boyle; 25a. 3r. 26p.; parish of Kunat Kunat.

S. BARNES,
Minister of Mines.

ORDERS IN COUNCIL.—(Series 1920-21.)

Serial No.	Purpose and Particulars.	Amount.	Name for Approval.	Charged against Vote or Fund.	Authority.
2854	VICTORIAN RAILWAYS— Purchase of 500 Bent Coupling Cocks	£ s. d. 505 0 0	Westinghouse Brake Co. of Australasia Ltd.	Railway Stores Suspense Account	Approved by the Governor in Council, 16th March, 1921.—F. W. Mabbott, Clerk of the Executive Council.
2855	Purchase of Impregnating Varnish, Thinning Material, Solid Compound, and Blending Compound	606 0 0	Rustnot Co., of Manchester	Ditto	
2856	Purchase of Coal from the Kandos Colliery, New South Wales, delivered in trucks at the mine at the rate of 150 tons per day	14s. 9d. per ton	Gibbs, Bell, and Co.	Ditto	

Melbourne, 23rd March, 1921.

CONTRACTS ACCEPTED.—(Series 1920-21.)

PROVISIONS, 1920-21.

Note for information of Departments ordering under Contracts for Provisions, 1920-21.

The ruling market rates for the following supplies for the week ending 19th March, 1921, are:—

Flour	£19 17s. 6d. per ton.
Butter, No. 1 Grade	£13 14s. per cwt. for 90 points + 1s. 6d. per cwt. per point above 90 points.
Cheese, large, matured	1s. 5d. per lb.
Potatoes, Prima Carman's (average)	\$5 9s. 5d. per ton.

—J. No. G. WHITE, Secretary to the Tender Board. 23.3.1921.

CONTRACTS ACCEPTED.—(Series 1920-21.)

Serial No.	Purpose, No. of Tenders, and Particulars of Contract.	Amount.	Name of Contractor.	Charged against Vote or Fund.	Authorized according to Regulations on the date stated.
2857	LANDS AND SURVEY— Erection of House (3 rooms, &c.), "S3" type (labour only), for A. E. Hayes, Hopevale, allotment 6, George's land, parish of Nandemarriman (Contract No. 554)	45 0 0	R. Laney, Hopetoun	Loan Act 2916	For Closer Settlement Board.—Jas. W. Butler, Secretary. 22.3.1921.
2858	Repairs, &c., of House for W. H. Goedecke, Mitiamo, allotment 42, Prairie Park Estate, parish of Mitiamo (Contract No. 555)	120 0 0	S. J. McKay, Mitiamo	Ditto	
2859	Removal and re-erection of House for L. A. K. Thomas, Muntham, allotment 1, Taylor's land, parish of Muntham (Contract No. 556)	195 15 0	James Brox, Coleraine	Ditto	
2860	Re-erection and repairs to House for J. Cairns, Alvie, allotment 23, Dreelite Estate, parish of Dreelite (Contract No. 557)	80 0 0	W. F. Ballagh, Beac	Ditto	
2861	Erection of House (4 rooms and verandah), "Special" type, for R. C. Beavis, allotment 4, section 6, Choccolyn Estate, parish of Kariak (Contract No. 558)	380 0 0	J. Porter and Sons, Camperdown	Ditto	
2862	Erection of House (2 rooms and verandah), "Special" type, for J. R. Noisette, Yatpool, allotments 28A and 28B, parish of Yatpool (Contract No. 559)	345 0 0	J. MacGibbon, Yatpool	Ditto	
2863	Erection of House (2 rooms, passage, and 3-side verandah), "Special" type, for A. E. N. Gosling, Jeparit, allotment 15, section 26, Wiederman's land, parish of Babatchio (Contract No. 560)	345 0 0	M. B. Kennally, Jeparit	Ditto	
2864	Erection of House (6 rooms), "Special" type, for J. M. Laidlow, allotment 41, Whittaker's land, parish of Tanjil (Contract No. 264) [Note.—The above is in lieu of Serial No. 413, Gazette page 2645 of 11th August, 1920, £385]	398 15 0	J. Halden, Moq	Ditto	
2865	Erection of Pumping Plants on Dreelite Estate, at the following rates:—6 and 7-ft. Mills, £65; 1½ in. piping at the rate of 2s. 3d. per foot where required, and 1-in. piping at the rate of 1s. 3d. per foot, bonds where required at 10s. each; also 1-in. ball tap, and ball and hardwood housing for tap at trough at 19s. each (Contract No. 553A)	Rates	J. Hall, Beac	Ditto	
2866	Erection of Pumping Plant on Dreelite Estate, and Farrer's land at the following rates:—Farrer's land—6-ft. Mills, at £80; Dreelite Estate—6-ft. Mills, £75; 7-ft. Mills, at £77 10s.; All piping below 50-ft. bore to be treated as an extra. To supply at 1s. 9d. per foot for laying piping from trough to milking shed, inclusive of H.G. hose, tap, and necessary fittings (Contract No. 553B)	Ditto	J. Prouse and Sons, Beac	Ditto

6 George V. No. 2611, Sections 76 and 94.
6 George V. No. 2741, Section 31.

NOTICE.

A RULE to administer the estate of each of the under mentioned deceased persons has been granted to me, and creditors, next of kin, and all others having claims against the estate of any of the persons so mentioned are required to send particulars of their claims to the Curator of the Estates of Deceased Persons, No. 483 Collins-street, Melbourne, on or before the 2nd May, 1921, or they may be excluded from the distribution of the estate when the assets are being distributed:—

ADAM ALEXANDER SUTHERLAND BREMNER, late of Wodonga, in the State of Victoria, minister of religion, died 20th November, 1920, intestate.

EMMA SANDERSON, late of Hospital for Insane, Yarra Bend, formerly of 62 Richmond-terrace, Richmond, died 24th December, 1920, intestate.

No. 49.—MARCH 23, 1921.—4344.—3

THOMAS SHIPLEY, late of "Home Lea," Chelsea, labourer, died 26th October, 1920, intestate.

ANNIE SIMEON, late of No. 5 Clusan-street, Balaclava, formerly of Caflisle-street, Balaclava, married woman, died 24th January, 1921, intestate.

RICHARD NORTHCOTE STRANGER, otherwise known as Richard Northcott Stranger (with the will annexed), late of Sandgate, near Brisbane, in the State of Queensland, business manager, died 16th August, 1920.

DAVID VERNEY, also known as David White, late of Mooropna, old-age pensioner, died 11th February, 1921, intestate.

WALTER B. HOUSE,
Curator of the Estates of Deceased Persons.

Melbourne, 18th March, 1921.

MUNICIPAL CLERKS BOARD.

THIRTY-SECOND EXAMINATION, 23RD FEBRUARY, 1921.

THE undermentioned have been granted Certificates of Competency under section 171 of the *Local Government Act 1915* (No. 2686):—

Name.	Address.
ANDERSON, ALEXANDER,	Winchelsea.
BENNETT, RUPERT RODNEY BOYD,	Beech Forest.
BRIGGS, CHARLES JOHN WALTER,	Carlton.
FERGUSON, HECTOR CLAUDE,	Northcote.
MASSEY, WALTER,	Heidelberg.
MATTHEWS, HORACE FRANK,	Richmond.
NICOL, JAMES,	Carisbrook.

The names are published in alphabetical order without regard to the merits of the papers submitted.

H. E. G. THOMAS,
Secretary, Municipal Clerks Board.

Department of Public Works (Local Government Branch),
Melbourne, 11th March, 1921.

SHIRE OF TOWONG.

PROPOSED SEVERANCE FROM SHIRE OF TOWONG AND ANNEXATION TO SHIRE OF UPPER MURRAY.

IN pursuance of the provisions of the *Local Government Act 1915* (No. 2686, section 46), the substance and prayer of a petition in accordance with the 36th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to constitute a majority of the rate-payers in the portion of the shire of Towong, described in their petition, and they desire that the area so described may be severed from the said shire of Towong and annexed to the shire of Upper Murray.

Area described in petition.—Commencing at a point on the River Murray at the north-west corner of allotment 8, section 6, parish of Walwa, following the River Murray west to the north-west corner of allotment 3, section 1, parish of Walwa; thence southerly along the western boundary of allotments 3, 4, and 5; thence westerly to the north-west corner of allotment 71A, section 1, parish of Burrowye; thence southerly along the western boundary of allotments 71A and 69A; thence easterly and southerly to the north-western corner of allotment 10A, section 9, parish of Walwa; thence along the western boundary of allotment 59 to allotment 17 of section 15, parish of Burrowye; thence southerly along the western boundary of allotments 17 and 16; thence westerly along the northern boundary of allotment 11 of section 15, parish of Burrowye; thence southerly along the Jinglelic-Guys Forest-road; thence south-easterly along the Guys Forest-road to the Shelley-road; thence southerly and westerly along the main Shelley-road to allotment 44, Jinglelic; thence along the northern boundary of allotment 44; thence southerly along the western boundaries of allotments 44 and 50, parish of Jinglelic, to the main Shelley-road; thence along and including the Shelley-road southerly to the Shelley Railway Station connecting therewith with the shire of Upper Murray.

The petitioners state that they belong geographically to the Upper Murray as they are situated only 23 miles from Corryong by road and 44 miles from Tallangatta, and are an isolated corner almost surrounded by the shire of Upper Murray. That Corryong is their natural business centre; their doctor and hospital are situated there, and that it is the centre of their Court business, and lodge and church centre. That it is a loss of three days for a local councillor to attend the shire sittings at Tallangatta, whilst the journey to and from Corryong could be done in one day. That the officers of the shire of Upper Murray could attend to all their duties easily from Corryong, whereas now it is a difficult matter to get them attended to from Tallangatta.

The petitioners therefore humbly pray that His Excellency in Council may be pleased to sever the area above described from the shire of Towong and annex same to the shire of Upper Murray.

Notices for the petitioners may be served on Mr. Robert Hanna, Walwa.

FRANK CLARKE,
Commissioner of Public Works.

Department of Public Works (Local Government Branch),
Melbourne, 19th March, 1921.

SHIRE OF MOORABBIN.

PROPOSED SEVERANCE FROM SHIRE OF MOORABBIN AND ANNEXATION TO BOROUGH OF MENTONE AND MORDIALLOC.

IN pursuance of the provisions of the *Local Government Act 1915* (No. 2686, section 46), the substance and prayer of a petition in accordance with the 36th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to constitute a majority of the rate-payers in the portion of the shire of Moorabbin, described in their petition, and they desire that the area so described may be severed from the said shire and annexed to the borough of Mentone and Mordialloc.

Area described in petition.—Commencing at a point being the intersection of Warren-street and Warren-road; thence northerly along Warren-road to its intersection with Lower Dandenong-road; thence easterly along Lower Dandenong-road to its intersection with Boundary-road; thence southerly, south-westerly, and southerly along Boundary-road to its intersection with Warren-street; thence westerly along Warren-street to the commencing point, all in the parish of Mordialloc.

The petitioners state that, owing to the situation of the area described, it could be more conveniently served, and better supervision over expenditure for maintenance, drainage, health matters, and other works could be exercised by the council of the borough of Mentone and Mordialloc than by the council of the shire of Moorabbin.

The petitioners therefore humbly pray that His Excellency in Council may be pleased to sever the area above described from the shire of Moorabbin and annex same to the Mordialloc Ward of the borough of Mentone and Mordialloc.

Notices for the petitioners may be served on Mr. James Milne Gilmour, Beach-road, Mordialloc.

FRANK CLARKE,
Commissioner of Public Works.

Department of Public Works (Local Government Branch),
Melbourne, 21st March, 1921.

SHIRE OF FRANKSTON AND HASTINGS.
PROPOSED RESUBDIVISION.

IN pursuance of the provisions of the *Local Government Act 1915* (No. 2686), section 46, the substance and prayer of a petition, in accordance with the 36th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the shire of Frankston and Hastings, and they desire that the said shire be resubdivided into five ridings.

The petitioners state that the main reason for the desired resubdivision is that the Frankston Riding is not represented in proportion to the representation in other parts of the shire, which is as follows:—

Frankston Riding	923 votes	Center Riding	448 votes
Seaford Riding	307 votes	East Riding	378 votes
	1,230 votes		826 votes

The petitioners therefore pray that the Frankston Riding may be subdivided into two parts, one to be called Frankston Riding and a new riding to be called the Mount Eliza Riding, to be created by excising the western portion of the Frankston Riding, bounded on the north by William-street, east by the main Flinders-Frankston road to Baxter's Flat Corner, south by Sage's-road and Three Chain-road to Moorooduc Station; west by Mornington shire and the sea back to the starting point.

The petitioners therefore pray that His Excellency in Council may be pleased to resubdivide the shire into five ridings, to be named the

Center Riding,
East Riding,
Seaford Riding,
Frankston Riding,
Mount Eliza Riding.

Notices for the petitioners may be served on William John Oates, farmer, Frankston.

FRANK CLARKE,
Commissioner of Public Works.

Department of Public Works (Local Government Branch),
Melbourne, 19th March, 1921.

SHIRE OF WERRIBEE.

PROPOSED SEVERANCE FROM SHIRE OF WERRIBEE AND ANNEXATION TO CITY OF FOOTSCRAY.

IN pursuance of the provisions of the *Local Government Act 1915* (No. 2686), section 46, the substance and prayer of a petition in accordance with the 36th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to constitute a majority of the rate-payers in the portion of the shire of Werribee described in the petition, and they desire that the area so described may be severed from the said shire and annexed to the city of Footscray as a new Ward, to be known as the West Ward.

Area described in Petition.

Commencing at a point on the Geelong-road; thence running in a southerly direction along Williamstown-road to Stoney Creek; thence in a north-westerly direction along Stoney Creek to the south-western corner of allotment 6 on plan; thence in a northerly direction along western boundary of the said allotment for 1,000 links to intersection of Reid-street; thence in a westerly direction along Reid-street to the boundary of the shire of Braybrook; thence in a northerly direction along the boundary of the shire of Braybrook to a point near the Tottenham Railway Station; thence in an easterly direction along Sunbury-street to Summer Hill-road; thence south by that road to Irving-street, and easterly by that street to the commencing point.

The petitioners state that the area proposed to be severed from the East Riding of the shire of Werribee would, in the opinion of the petitioners, be better served if attached to the city of Footscray. The area proposed to be severed forms part of a growing district, and the construction of the future streets, footpaths, &c., as well as tramway service, could be better catered for if attached to the city of Footscray, with which there is a natural affinity of interests.

The petitioners therefore humbly pray that His Excellency in Council may be pleased to sever the area above described from the shire of Werribee and annex same to the city of Footscray as a new Ward, to be known as the West Ward.

Notices for the petitioners may be served on Mr. Edward Henry Hester, Bishop-street, Footscray West.

FRANK CLARKE,

Commissioner of Public Works.

Department of Public Works (Local Government Branch),
Melbourne, 17th March, 1921.

SHIRE OF HEALESVILLE.

ROAD DEVIATION. Order Confirmed.

IN pursuance of the powers conferred by sections 475 and 479 of the *Local Government Act 1915*, the Council of the Shire of Healesville doth hereby order that the lands hereinafter described, which have been acquired by it, shall be a public highway from and after the date of publication of this Order in the *Government Gazette*:—

All that piece of land commencing at the north-east angle of allotment 45G, county of Evelyn, parish of Tarrawarra; thence bounded by lines bearing S. 26 deg. 15 min. E. 282½ links, S. 8 deg. 31 min. E. 423 9-10 links, S. 22 deg. 36 min. W. 193½ links, and N. 8 deg. 31 min. W. 853 8-10 links to the commencing point. Also all that piece of land commencing at a point bearing S. 8 deg. 31 min. E. 193½ links from the southern angle of the above-described portion; thence bounded by lines bearing N. 22 deg. 36 min. E. 193½ links, S. 8 deg. 31 min. E. 44 3-10 links, N. 39 deg. 53 min. W. 192 1-10 links, and N. 8 deg. 31 min. W. 111 6-10 links to the commencing point.

And the said Council hereby declares that the lastly-described road shall be in lieu of all that piece of land being part of an existing Government road hereinafter described as follows:—

All that piece of land commencing at the north-western angle of allotment 107A, county of Evelyn, parish of Tarrawarra; thence bounded by that allotment bearing S. 29 deg. 15 min. E. 591 3-10 links and S. 22 deg. 36 min. W. 405 1-10 links, by a line bearing N. 8 deg. 31 min. W. 193½ links, by allotment 45G bearing N. 22 deg. 36 min. E. 190 8-10 links and N. 29 deg. 15 min. W. 278½ links, and by a line bearing N. 8 deg. 31 min. W. 282½ links to the commencing point. Also all that piece of land commencing at a point bearing S. 22 deg. 36 min. W. 193½ links from the southern angle of the last-described portion; thence bounded by allotment 107A bearing S. 22 deg. 36 min. W. 65 4-10 links and S. 39 deg. 53 min. E. 65 1-10 links, by a line bearing S. 8 deg. 31 min. E. 192 1-10 links, by allotment 45G bearing N. 39 deg. 53 min. W. 289 8-10 links, and N. 22 deg. 36 min. E. 291 7-10 links, and by a line bearing S. 8 deg. 31 min. E. 193½ links to the commencing point.

Dated this 28th day of December, 1920.

The common seal of the President, Councillors, and Ratepayers of the Shire of Healesville was hereunto affixed in the presence of—

E. FRED G. HODGES, President.
(SEAL) ARTHUR G. KAY, Councillor
W. A. E. MORRIS, Ratepayer, Shire Secretary.

Confirmed by the Governor in Council,
the 15th March, 1921.

F. W. MABBOTT,
Clerk of the Executive Council.

SHIRE OF TOWONG.

ROAD DEVIATION. Order Confirmed.

IN pursuance of the powers conferred by sections 475 and 479 of the *Local Government Act 1915*, the Council of the Shire of Towong do hereby order that the land first hereinafter described shall be a public highway from and after the date of publication of this Order in the *Government Gazette*, and such public highway is hereby declared to be in lieu of the other public highway in the same parish of Wagra, county of Benambra, hereinafter described:—

Commencing at the north-eastern angle of Crown allotment 8, parish of Wagra, county of Benambra; thence bearing S. 8 deg. 50 min. W. 155½ links; thence S. 77 deg. 58 min. W. 589 links; thence S. 63 deg. 31 min. W. 504 6-10 links; thence S. 59 deg. 35 min. W. 847½ links; thence S. 26 deg. 25 min. E. 991 links; thence S. 57 deg. 6 min. E. 620 3-10 links; thence S. 81 deg. 37 min. E. 267 links; thence S. 33 deg. 46 min. E. 349½ links; thence S. 66 deg. 23 min. E. 239 links; thence N. 82 deg. 21 min. E. 799 links; thence N. 73 deg. 52 min. E. 885 6-10 links; thence S. 70 deg. 39 min. E. 307 links; thence S. 35 deg. 44 min. E. 272½ links; thence S.

72 deg. 47 min. E. 583 links; thence S. 87 deg. 24 min. E. 1,320 links; thence N. 57 deg. 40 min. W. 302 4-10 links; thence N. 87 deg. 24 min. W. 1,038 links N. 73 deg. 47 min. W. 513 6-10 links; thence N. 35 deg. 44 min. W. 269 4-10 links; thence N. 70 deg. 39 min. W. 402 links; thence S. 73 deg. 52 min. W. 422½ links; thence S. 82 deg. 21 min. W. 746 links; thence N. 66 deg. 23 min. W. 153 links; thence N. 33 deg. 46 min. W. 119 links; thence further N. 33 deg. 46 min. W. 253 links; thence N. 81 deg. 37 min. W. 301 links; thence N. 57 deg. 6 min. W. 546 7-10 links; thence N. 26 deg. 25 min. W. 810 links; thence N. 59 deg. 35 min. E. 696 links; thence N. 68 deg. 31 min. E. 480½ links; thence N. 77 deg. 58 min. E. 519 4-10 links; thence N. 75 deg. 6 min. E. 864½ links; thence N. 83 deg. 29 min. W. 792 links to the point of commencement.

And also commencing at the most easterly angle of Crown allotment 6, parish of Wagra, county of Benambra; thence bearing N. 83 deg. 29 min. W. 271 links; thence N. 19 deg. 16 min. W. 616 links; thence S. 29 deg. 33 min. E. 538 3-10 links; thence S. 55 deg. 9 min. E. 252 links to the commencing point.

And that the same shall be in lieu of the following high-ways in the said parish and county: Commencing at the north-eastern angle of allotment 9 aforesaid; bounded thence by lines as follow:—on the north-west by a line across the road N. 66 deg. 44 min. E. 185 links to an angle in the western boundary of allotment 11; thence on the east and north-east by that allotment, allotment 12, and part of allotment 10 respectively, S. 12 deg. 29 min. W. 861 links; S. 15 deg. 38 min. E. 241 links, S. 49 deg. 6 min. E. 1,056 links, S. 80 deg. 38 min. E. 946 links, and S. 66 deg. 45 min. E. 610 9-10 links; thence on the south by a line across the road to the eastern boundary of allotment 9 aforesaid S. 83 deg. 31 min. W. 302 4-10 links; and thence on the south-west and west by the last-mentioned allotment respectively N. 66 deg. 45 min. W. 330 links, N. 80 deg. 38 min. W. 970 links, N. 49 deg. 6 min. W. 1,142 links, N. 15 deg. 38 min. W. 323 links, and N. 12 deg. 29 min. E. 789 links to the point of commencement.

And also commencing at the south-east corner of allotment 7A, bounded thence by lines as follow:—on the west by that allotment N. 0 deg. 15 min. W. 100 links; thence on the north by allotments 8 and 9 N. 89 deg. 45 min. E. 8,825 links to the Government road on east of allotment 9; thence across the road in line with the eastern boundary of such allotment S. 66 deg. 45 min. E. 250 8-10 links; and thence on the south by the northern boundary of allotment 1 S. 89 deg. 45 min. W. 9,055 links to the point of commencement.

Made the twenty-seventh day of September, 1920, and confirmed on the twenty-fifth day of October, 1920.

A. SCOBIE, Councillor.
(SEAL) JOHN J. MOYLE, Councillor.
W. H. MADDOCK, Secretary.

Confirmed by the Governor in Council,
the 15th March, 1921.

F. W. MABBOTT,
Clerk of the Executive Council.

BOROUGH OF INGLEWOOD.

BY-LAW NO. 40.—MAKING A RATE FOR WATER SUPPLY PURPOSES FOR THE YEAR 1921.

THE Inglewood Borough Council doth hereby, pursuant to and in exercise and execution of the powers and authorities conferred on it by the Water Acts, make the following rate, from the first day of January, 1921, to the thirty-first day of December, 1921, upon all lands and tenements within the Water Supply District of Inglewood, that is to say:—

The rates and charges hereinafter specified are those which the owners and occupiers of lands and tenements shall pay in respect of water supplied other than by measure for domestic purposes:—

On every house or tenement of the annual value of £5 and under the annual sum of Thirteen shillings and fourpence (13s. 4d.).

On every house or tenement above the annual value of £5, and not exceeding £10, the annual sum of Twenty shillings (20s.).

On every house or tenement above the annual value of £10, and not exceeding £20, the annual sum of Twenty-six shillings and eightpence (26s. 8d.).

On every house or tenement above the annual value of £20, and not exceeding £30, the annual sum of Forty shillings (40s.).

On every house or tenement above the annual value of £30, and not exceeding £40, the annual sum of Fifty-three shillings and fourpence (53s. 4d.).

On every house or tenement above the annual value of £40, and not exceeding £50, the annual sum of Sixty-six shillings and eightpence (66s. 8d.).

On every house or tenement above the annual value of £50, and not exceeding £60, the annual sum of Eighty shillings (80s.).

On every house or tenement above the annual value of £60, and not exceeding £70, the annual sum of Ninety-three shillings and fourpence (93s. 4d.).

- On every house or tenement above the annual value of £70, and not exceeding £80, the annual sum of Five pounds six shillings and eightpence (£5 6s. 8d.).
- On every house or tenement above the annual value of £80, and not exceeding £90, the annual sum of Six pounds (£6).
- On every house or tenement above the annual value of £90, and not exceeding £100, the annual sum of Six pounds thirteen shillings and fourpence (£6 13s. 4d.).
- On every house or tenement above the annual value of £100, and not exceeding £120, the annual sum of Eight pounds (£8).
- On every house or tenement above the annual value of £120, and not exceeding £140, the annual sum of Nine pounds six shillings and eightpence (£9 6s. 8d.).
- On every house or tenement above the annual value of £140, and not exceeding £160, the annual sum of Ten pounds thirteen shillings and fourpence (£10 13s. 4d.).
- On every house or tenement above the annual value of £160, and not exceeding £180, the annual sum of Twelve pounds (£12).
- On every house or tenement above the annual value of £180, and not exceeding £200, the annual sum of Thirteen pounds six shillings and eightpence (£13 6s. 8d.).
- On every house or tenement above the annual value of £200, and not exceeding £225, the annual sum of Thirteen pounds thirteen shillings and fourpence (£13 13s. 4d.).
- On every house or tenement above the annual value of £225, and not exceeding £250, the annual sum of Fourteen pounds thirteen shillings and fourpence (£14 13s. 4d.).
- On every house or tenement above the annual value of £250, and not exceeding £275, the annual sum of Sixteen pounds (£16).
- On every house or tenement above the annual value of £275, and not exceeding £300, the annual sum of Sixteen pounds three shillings and fourpence (£16 3s. 4d.).

The Water Supply District shall include all occupied lands and tenements within the pink line marked on the plan now exhibited in the Council Chambers with the borough seal stamped thereon, and having the signature of the Mayor—Thomas Tatchell, Esq.

Owners of steam-engines or other property not being domiciles requiring water for same may be supplied by entering into a special agreement with the Council; and all persons whose tenements and property are outside the Water Supply District may be supplied by making special arrangements with the Council. Charges for hotels and other tenements having stables to be 10s. per stall per annum.

Water troughs and stand-pipes on the footpaths, streets, or outside private property will not be permitted.

The owner of any tenement or property permitting or allowing any person to carry away water excepting for the use of the tenement or property belonging thereto will be liable to have the water cut off.

The above rate is payable half-yearly in advance on 1st January and 1st July, 1921.

The foregoing By-law was made and agreed to on the 18th February, 1921, and confirmed on the 4th March, 1921.

The seal of the borough was attached in the presence of—

(SEAL) E. R. B. WILSMORE, Mayor.
JAMES TURPIE, Councillor.
THOS. J. BOAG, Councillor.
DAVID COOPER, Town Clerk.

KYABRAM WATERWORKS TRUST.

BY-LAW FOR 1921.

THE Commissioners of the Kyabram Waterworks Trust, the Waterworks District of which has been proclaimed an Urban District for the purposes of the Water Acts, do hereby, pursuant to and in exercise of the powers and authorities conferred by the said Acts, make the following By-law:—

The following rates and charges are those which the occupiers or owners of lands and tenements shall pay for the year 1921 in respect of water supplied by the Trust within the Water Supply District:—

(1) For every house or tenement, used either wholly or partly as a domicile, of under Sixteen pounds annual municipal value, a rate of One shilling and threepence in the pound sterling, provided that such rate shall not be in any case less than One pound per annum.

(2) For any house or tenement used either wholly or partly as a domicile of the annual municipal value of Sixteen pounds and upwards, a rate of One shilling and threepence in the pound sterling.

(3) The rate to be paid in respect of unoccupied allotments of land shall be Five shillings for each allotment not exceeding one-quarter of an acre; Ten shillings if more than a quarter of an acre but not exceeding half an acre; Fifteen shillings if more than half an acre but not exceeding three-quarters of an acre; with a maximum charge of One pound sterling for any parcel of land within the Urban District.

(4) Where any horses or cows are wholly or partially kept on, or at, any land or tenement not supplied by the Trust with water by measurement there shall be payable for every such animal (exceeding one in number) wholly or partially kept as aforesaid (in addition to the assessment rate) a special rate of Five shillings per head per annum.

(5) For water supplied by the Trust by measurement (except in cases of special arrangement with the Trust), One shilling for every 1,000 gallons.

(6) The foregoing rates are hereby made payable half-yearly in advance on the 1st day of January and the 1st day of July, 1921.

Passed this 4th day of March, 1921.

(SEAL) JOHN STOKES, Chairman.
A. H. KEARNEY, Secretary.

The foregoing By-laws of the Inglewood Borough Council and the Kyabram Waterworks Trust were approved by the Governor in Council the 15th March, 1921.

F. W. MABBOTT,
Clerk of the Executive Council.

Factories and Shops Acts.

At the Executive Council Chamber, Melbourne, the fifteenth day of March, 1921.

PRESENT:

His Excellency the Governor of the State of Victoria.
Mr. Lawson Mr. Oman
Mr. Robinson Mr. McWhae.
Sir A. J. Peacock

A FOURTH SCHEDULE SHOPS BOARD TO BE APPOINTED.

UNDER the powers in that behalf conferred by the Factories and Shops Acts, His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council, doth hereby—

- (1) declare that it is expedient to appoint a Wages Board to determine the lowest prices or rates which may be paid to any persons employed in Confectionery and Pastry shops, Flower shops, Fruit and Vegetable shops, or Booksellers and News Agents shops;
- (2) order that a Wages Board, consisting of ten Members and a Chairman, five of such Members being appointed as representatives of employers and five as representatives of employees, be constituted and appointed to determine the lowest prices or rates which may be paid to any persons employed in Confectionery and Pastry shops, Flower shops, Fruit and Vegetable shops, or Booksellers and News Agents shops; also that such Wages Board may in any regulation, determination, order, or instrument or legal proceedings be described for all purposes as the Fourth Schedule Shops Board; and the area or locality within which the Determination of such Wages Board shall be operative shall be the metropolitan district as defined in the Factories and Shops Acts, all cities and towns, and the boroughs of Eaglehawk, Geelong West, Newtown and Chilwell, and Sebastopol.

A TOBACCONISTS' BOARD TO BE APPOINTED.

UNDER the powers in that behalf conferred by the Factories and Shops Acts, His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby—

- (1) declare that it is expedient to appoint a Wages Board to determine the lowest prices or rates which may be paid to any persons employed in a Tobacconist's shop; and
- (2) order that a Wages Board, consisting of six Members and a Chairman, three of such Members being appointed as representatives of employers, and three as representatives of employees, be constituted and appointed to determine the lowest prices or rates which may be paid to any persons employed in a Tobacconist's shop; also that such Wages Board may in any regulation, determination, order, or instrument or legal proceedings be described for all purposes as the Tobacconist's Board; and the area or locality within which the Determination of such Wages Board shall be operative shall be the metropolitan district as defined in the Factories and Shops Acts, all cities and towns, and the boroughs of Eaglehawk, Geelong West, Newtown and Chilwell, and Sebastopol.

And the Honorable Sir A. J. Peacock, His Majesty's Minister of Labour for the State of Victoria, shall give the necessary directions herein accordingly.

F. W. MABBOTT,
Clerk of the Executive Council.

STATE RIVERS AND WATER SUPPLY COMMISSION.

At the Executive Council Chamber, Melbourne, the fifteenth day of March, 1921.

PRESENT:

His Excellency the Governor of the State of Victoria.
 Mr. Lawson | Mr. Oman
 Mr. Robinson | Mr. McWhae.
 Sir A. J. Peacock

THE MAYOR, COUNCILLORS, AND BURGESSES OF THE BOROUGH OF CRESWICK.

FURTHER LOAN OF £500.

UNDER the powers conferred by the Water Acts, and all other powers enabling him in that behalf, His Excellency the Governor of the State of Victoria, with the advice of the Executive Council of the said State, doth hereby grant a further loan of Five hundred pounds (£500) to the Mayor, Councillors, and Burgesses of the Borough of Creswick for the purpose of carrying out repairs to the reservoir embankment, as set forth in the detailed statement bearing date the 11th day of March, 1921, and verified under the seal of the State Rivers and Water Supply Commission.

The loan hereby granted to be subject to the provisions of the Water Acts, and shall be charged to the Water Supply Loans Application Act 1920 (No. 3065).

MARYSVILLE WATERWORKS TRUST.
ADDITIONAL LOAN OF £500.

UNDER the powers conferred by the Water Acts, and all other powers enabling him in that behalf, His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council of the said State, doth hereby grant an additional loan of Five hundred pounds (£500) to the Marysville Waterworks Trust for the purpose of constructing a weir, race, and piping for the improvement to the supply at Marysville, as set forth in the detailed statement bearing date the 11th day of March, 1921, and verified under the seal of the State Rivers and Water Supply Commission.

The loan hereby granted shall be subject to the provisions of the Water Acts, and the amount shall be charged to the Water Supply Loans Application Act 1920 (No. 3065).

And the Honorable H. S. W. Lawson, His Majesty's Minister of Water Supply for the State of Victoria, shall give the necessary directions herein accordingly.

F. W. MABBOTT,
Clerk of the Executive Council.

Local Government Act 1915 (No. 2686).

ALTERATION OF NAME OF RIDING, SHIRE OF WANGARATTA.

At the Executive Council Chamber, Melbourne, the fifteenth day of March, 1921.

PRESENT:

His Excellency the Governor of Victoria.
 Mr. Lawson | Mr. Oman
 Mr. Robinson | Mr. McWhae.
 Sir A. J. Peacock

IN pursuance of the provisions contained in the Local Government Act 1915 (No. 2686), His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, and in compliance with the prayer of a petition presented by the Council of the Shire of Wangaratta, notice of which was published in the Government Gazette of the 9th February, 1921, doth hereby consent to the alteration of the name of the Estcourt Riding, and doth direct that in future the said Riding be named and designated the Boorhaman Riding of the said shire of Wangaratta.

And the Honorable Frank Clarke, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

F. W. MABBOTT,
Clerk of the Executive Council

Land Act 1915, section 303.

UNUSED AND UNMADE ROAD AND UNUSED AND UNMADE PORTION OF STREET CLOSED.

At the Executive Council Chamber, Melbourne, the fifteenth day of March, 1921.

PRESENT:

His Excellency the Governor of the State of Victoria.
 Mr. Lawson | Mr. Oman
 Mr. Robinson | Mr. McWhae.
 Sir A. J. Peacock

IN pursuance of the provisions of section 303 of the Land Act 1915 (No. 2676), His Excellency the Governor of the State of Victoria, by and with the advice of the Executive

Council thereof, doth by this Order direct that the unused and unmade road, and the unused and unmade portion of street referred to hereunder, be closed, viz. :—

UNUSED AND UNMADE ROAD IN THE TOWNSHIP OF ANTWERP.
 County of Borung, township of Antwerp.—The road lying between section B and State school site.—(A.186) (21.C.71860).

UNUSED AND UNMADE PORTION OF STREET IN THE TOWN OF PORTLAND CLOSED.

County of Normanby, town of Portland.—Percy-street: the portion forming the western boundary of section 368, excepting the portion included in New-street.—(P.67) (C.72046).
 And the Honorable David Swan Oman, His Majesty's Commissioner of Crown Lands and Survey for the State of Victoria, shall give the necessary directions herein accordingly.

F. W. MABBOTT,
Clerk of the Executive Council.

Vegetation and Vine Diseases Act 1915.

At the Executive Council Chamber, Melbourne, the fifteenth day of March, 1921.

PRESENT:

His Excellency the Governor of Victoria.

Mr. Lawson | Mr. Oman
 Mr. Robinson | Mr. McWhae.
 Sir A. J. Peacock

PURSUANT to section 38 of the *Vegetation and Vine Diseases Act 1915* (6 Geo. V. No. 2744), His Excellency the Governor of Victoria, by and with the advice of the Executive Council thereof, doth hereby prohibit, on and after the date of this Order, the removal of vines or vine cuttings from any other part of Victoria into that part of Victoria comprised within the shire of Swan Hill, except upon the written permit of the Minister of Agriculture for the time being or some officer authorized by him to give permits, and unless, subsequent to the granting of the said permit, such vines or vine cuttings be fumigated on arrival within the boundaries of the said shire, under the supervision of an officer appointed for that purpose by the Minister, except in cases where a certificate is issued by the Minister or officer authorized by him certifying that fumigation is unnecessary.

And the Honorable Harry Sutherland Wightman Lawson, His Majesty's Minister of Agriculture, shall give the necessary directions herein accordingly.

F. W. MABBOTT,
Clerk of the Executive Council

Land Act 1915, Section 264.

VILLAGE COMMUNITIES.—PROCLAMATION PARTLY REVOKED.

PROCLAMATION

By His Excellency Colonel the Right Honorable George Edward John Mowbray, Earl of Stradbroke, K.C.M.G., C.B., C.V.O., C.B.E., Aide-de-Camp to His Majesty the King; Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

THE Governor of the State of Victoria in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in pursuance of provisions contained in section 264 of the *Land Act 1915* (6 Geo. V. No. 2676), do hereby order as follows, viz. :—

Land Act 1915, Section 264.

The Proclamation bearing date the 23rd October, 1908, by which certain lands situate in the parish of Newham, and comprising an area of 700 acres, more or less, were, amongst others, set apart and appropriated for the purposes of village community allotments, is hereby revoked so far only as it relates to the portion of the said lands hereinafter described, viz. :—

18 acres 0 roods 29 6-10 perches, county of Dalhousie, parish of Newham, being allotments 7 and 8 of section C.—(21.577/50).

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this fifteenth day of March, in the year of our Lord One thousand nine hundred and twenty-one, and in the eleventh year of the reign of His Majesty King George V.

(L.S.) STRADBROKE.
 By His Excellency's Command,

D. S. OMAN,
 Commissioner of Crown Lands and Survey.

GOD SAVE THE KING!

Land Act 1915.

AREAS OF LANDS COMPRISED IN CERTAIN CLASSES INCREASED AND DIMINISHED.

PROCLAMATION

By His Excellency Colonel the Right Honorable George Edward John Mowbray, Earl of Stradbroke, K.C.M.G., C.B., C.V.O., C.B.E., Aide-de-Camp to His Majesty the King; Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c.

WHEREAS by the Land Act 1915 it is amongst other things enacted that the Governor in Council may, by Proclamation to be published in the Government Gazette, at any time increase or diminish the area of land comprised in any of the classes mentioned in Part 1, Division I, section 5, of the said Land Act 1915, but that the area of lands which may be sold by auction (Class 6) shall not be increased except as in certain cases in the said Act provided: Now therefore I, the Governor of the State of Victoria in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in accordance with the provisions of sections 94 and 117 of the Land Act 1915 aforesaid, do hereby increase or diminish (as the case may be) the areas of Crown lands comprised in Classes 1, 2, 3, and 7 respectively of the classes mentioned in section 5 of the Land Act 1915 aforesaid to the extent set forth in the subjoined Schedule (that is to say):—

Schedule referred to.

GOD SAVE THE KING!

APPROACHING LAND SALES.

SALES of Crown Lands in Fee simple to be held at the under-mentioned places and dates, viz.:-

	No. of Gazette.
Camperdown—Tuesday, 12th April, 1921 ...	36
Horsham—Thursday, 5th May, 1921 ...	49
Nhill—Friday, 29th April, 1921 ...	49
St. Arnaud, Thursday, 21st April, 1921 ...	49
Warrnambool—Thursday, 14th April, 1921 ...	36
Yarram—Thursday, 31st March, 1921 ...	33

Lands and Survey Office, Melbourne.

SALE (Nos. 9366, 9367, and 9368) OF CROWN LANDS IN FEE SIMPLE AT TIMES AND PLACES SHOWN. TO BE CONDUCTED BY LAND OFFICERS.

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to direct that sales by auction of the undermentioned Crown lands will be holden at the times and places shown, and that such lands be offered for sale in the lots hereinafter specified, and at the upset price fixed to each lot respectively.

The lands will be sold in fee simple, and subject to the covenants, conditions, exceptions, and reservations directed by the Governor in Council by an Order in Council dated the 19th day of October, 1915, and published in the *Government Gazette* of the 21st October, 1915, page 4046, as amended by Order in Council of 9th March, 1921, published in *Gazette* of 16th February, 1921, page 585.

A deposit of twelve and a half per centum of the price at which each lot is sold must be paid by the purchaser at the time of sale, and all such payments shall be made only in gold, silver, or bank notes, or cheques approved of by the Receiver and Paymaster, and the residue of such price will be payable in equal instalments, in accordance with the scale hereunder, on the last day of each successive period of six months from the time of sale, or, if the purchaser choose, at any earlier time or times, being one of such last days of any of the periods of six months stated above; such residue of payment will bear interest at the rate of £5 per centum, per annum, to be computed from the time of sale to the time of payment of such residue or instalment of such residue.

The Governor in Council may, if he think fit, register the transfer of the interest of any purchaser of an allotment sold by public auction prior to the final payment of the purchase money being made. The fee for such registration shall be Ten shillings.

SCALE OF PAYMENTS.

- £20 and under, not more than 6 instalments.
- Over £20, and not exceeding £50, not more than 8 instalments.
- Over £50, and not exceeding £100, not more than 10 instalments.
- Over £100, and not exceeding £200, not more than 12 instalments.
- Over £200, and not exceeding £300, not more than 14 instalments.
- Over £300, and not exceeding £400, not more than 16 instalments.
- Over £400, and not exceeding £500, not more than 18 instalments.
- Over £500, not more than 20 instalments.

LANDS PROPOSED TO BE PERMANENTLY RESERVED FROM SALE.

IN pursuance of the provisions of section 10 of the *Land Act 1915* and section 2 of the *Castlemaine Lands Act 1920*, notice is hereby given that it is the intention of the Governor in Council to reserve from sale, permanently, the land hereunder described, viz. :—

The following Notice was gazetted 1^o on 2nd March, 1921, pursuant to Order of 22nd February, 1921.

CASTLEMAINE.—Site for a District High School about to be permanently reserved—2 roods, county of Talbot, parish of Castlemaine, borough of Castlemaine, being allotments 9 and 10 of section 84: Commencing at the north-west angle of allotment 11; bounded thence by that allotment bearing south 250 links; thence by a right-of-way bearing west 200 links; thence by allotment 8 bearing north 250 links; and thence by Forest-street bearing east 200 links to the point of commencement (*vide Act No. 3080*).—(C.99(2) (21.C.68017)).

IN pursuance of the provisions of section 3 of the *Castlemaine Lands Act 1920*, notice is hereby given that it is the intention of the Governor in Council to reserve from sale, permanently, the land hereunder described, viz. :—

The following Notice was gazetted 1^o on 2nd March, 1921, pursuant to Order of 22nd February, 1921.

CASTLEMAINE.—Site for a Club Room for the use of discharged soldiers about to be permanently reserved.—39 3-10 perches, county of Talbot, parish of Castlemaine, borough of Castlemaine, being allotment 2 of section 20: Commencing at the north-west angle of allotment 3; bounded thence by said allotment bearing S. 0 deg. 7 min. W. 200 links, by allotment 1 bearing west 122 6-10 links and north 200 links, and by Mostyn-street bearing east 123 links to the point of commencement (*vide Act No. 3080*).—C.99(2) and C.84c (21.C.68017).

IN pursuance of the provisions of section 10 of the *Land Act 1915*, and section 3 of the *Castlemaine Lands Act 1920*, notice is hereby given that it is the intention of the Governor in Council to reserve from sale, permanently, the lands hereunder described, viz. :—

The following Notices were gazetted 1^o on 2nd March, 1921, pursuant to Orders of 22nd February, 1921.

CASTLEMAINE.—Site for an Ornamental Garden about to be permanently reserved.—1a. 2r. 21p., county of Talbot, parish of Castlemaine, borough of Castlemaine, being allotment 1, section 20: Commencing at the north-west angle of allotment 2; bounded thence by said allotment 2 bearing south 200 links and east 122 6-10 links, by allotment 3 bearing S. 0 deg. 7 min. W. 302 8-10 links, by Forest-street bearing S. 89 deg. 56 min. W. 372 6-10 links, by Barker-street bearing north 503 2-10 links, and by Mostyn-street bearing east 250 6-10 links to the point of commencement (*vide Act No. 3080*). (C.99(2) and C.84c) (21.C.68017).

CASTLEMAINE.—Site for a District High School about to be permanently reserved.—1a. 3r. 15p., county of Talbot, parish of Castlemaine, borough of Castlemaine, being allotment 4 of section 20: Commencing at the intersection of the west side of Hargraves-street and the north side of Forest-street; bounded thence by the latter street bearing S. 89 deg. 56 min. W. 366 1-10 links; thence by a line bearing north 502 4-10 links; thence by Mostyn-street bearing east 368 3-10 links; and thence by Hargraves-street aforesaid bearing S. 6 deg. 15 min. W. 502 links to the point of commencement (*vide Act No. 3080*). (C.99(2) and C.9A) (21.C.68017).

IN pursuance of the provisions of section 10 of the *Land Act 1915* and section 3 of the *Lang Lang Land Act 1919*, notice is hereby given that it is the intention of the Governor in Council to reserve from sale, permanently, the land hereunder described, viz. :—

The following Notice was gazetted 1^o on 2nd March, 1921, pursuant to Order of 22nd February, 1921.

YALLOCK.—Site for State Agricultural Colleges and Experimental Farms about to be permanently reserved in addition to and adjoining the site permanently reserved therefor, by Order of the 29th January, 1889, of 6 acres, parish of Yallock, county of Mornington, being all the land lying between a line 150 links north-westerly from and parallel to the right bank of the newly cut channel of the Lang Lang River and the existing site (*vide 7th schedule Act 3017*). (Y.22(2) and 1920/398) (Rs. 1071).

D. S. OMAN,

Commissioner of Crown Lands and Survey.

Department of Lands and Survey, Melbourne.

PROPOSED REVOCATION OF THE TEMPORARY RESERVATION OF LANDS.

IN pursuance of the provisions of the *Land Act 1915*, notice is hereby given that it is the intention of the Governor in Council to revoke the temporary reservation of the lands hereinafter referred to, viz. :—

The following Notice was gazetted 1^o on 2nd March, 1921, pursuant to Order of 22nd February, 1921.

SEDGWICK.—The temporary reservation by Order of the 2nd February, 1904, of 20 acres of land in the county of Bendigo, parish of Sedgwick, as a site for watering purposes is about to be revoked, so far as regards the portion thereof hereinafter described, viz. :—6 acres more or less: Commencing at a point 100 links from the left bank of the Axe Creek where the south boundary of allotment 6A of section 14 abuts thereon; bounded thence by that allotment bearing N. 88 deg. 37 min. W., about 300 links; thence by a line and the road forming the east boundary of the State school reserve and a line bearing S. 6 deg. 53 min. W. to the north boundary of allotment 7B; thence by that allotment bearing N. 89 deg. 10 min. E. to the permanent reserve 100 links wide on the Axe Creek aforesaid; thence northerly by that reserve to the point of commencement excepting the surveyed road.—(S.253(2) (C.62010/245, 46.6.81)).

The following Notices were gazetted 1^o on 16th March, 1921, pursuant to Orders of 9th March, 1921.

CANNUM.—The temporary reservation, by Order of the 22nd November, 1888, of 70 acres of land in the parish of Cannum as a site for Conservation of Water, being allotment 45, is about to be revoked.—(C.417(5) (21.1786/121, 11.C.52057)).

COWES.—The temporary reservation, by Order of the 13th June, 1870, of 1 acre 2 roods of land in the township of Cowes, parish of Phillip Island, being allotments 11, 12, 13, 14, 15, and 16, section 6, as a site for Public purposes, is about to be revoked so far as the portion thereof hereinafter described, viz., 2 roods, being allotments 11 and 12, section 6.—(C.443(2) (21.C.69744)).

ST. KILDA.—The temporary reservation, by Order of the 7th July, 1911, of 10 acres 1 rood 10 perches of land in the county of Bourke, city of St. Kilda, at Elwood, as a site for Public Recreation, is about to be revoked so far as regards the portion thereof hereinafter described, viz. :—13 7-10 perches: Commencing at a point bearing west 1 9-10 links from the intersection of the west side of St. Kilda-street and the north side of Head-street; bounded thence by lines bearing north-westerly 295 links in an arc of a circle whose centre lies south-westerly 430 6-10 links, east 37 5-10 links; thence by Ormonde-esplanade bearing south-easterly 180 5-10 links in an arc of a circle whose centre lies south-westerly 168 8-10 links, S. 0 deg. 33 min. E. by St. Kilda-street 113 6-10 links to the north side of Head-street aforesaid, and west by that street 1 9-10 links to the point of commencement.—(P.81(9) and S.226) (Rs.82).

WHITTLESEA.—The temporary reservation, by Order of the 22nd April, 1904, of 46 acres, more or less, of land in the town of Whittlesea, as a site for a Public Park, is about to be revoked so far as regards the portion thereof hereinafter described, viz. :—26 3-10 perches: Commencing at the north-east angle of allotment 1, section 19; bounded thence by the north boundary of said allotment bearing west 400 links; thence by a road bearing N. 78 deg. 23 min. E. 408 4-10 links, and by a line bearing south 82 2-10 links to the point of commencement.—(W.133(1) (21.Rs.2111)).

The following Notices were gazetted 1^o on 26th March, 1921, pursuant to Order of 15th March, 1921.

COONOOR EAST.—The temporary reservation, by Order of the 10th May, 1880, of 155 acres, more or less, in the parish of Coonoor East, situate in section A, as a site for Camping and Affording Access to Water, is about to be revoked.—(C.404(5) (12.C.57499 and 4972/187)).

GLENNONA.—The temporary reservation, by Order of the 1st July, 1895, of 21a. 2r. 27p. of land in the parish of Glennona, as a site for Supply of Gravel, is about to be revoked so far as regards the portion thereof hereinafter described, viz., 9a. 1r. 18p.: Commencing at the most westerly angle of allotment 9, section J; bounded thence by lines bearing S. 42 deg. 15 min. W. 759 links, W. 437 links, and N. 41 deg. 5 min. W. 256 links; thence by a road bearing north 896 links; thence by the south boundary of allotment 5 bearing east 650 links; and by a line bearing S. 41 deg. 5 min. E. 700 links to the commencing point.—(G.155(2) (W.44143 and 21.C.71185)).

PAINSWICK.—The temporary reservation, by Order of the 15th December, 1911, of 2r. 13p. of land in the parish of Painswick, as a site for Water Supply purposes, is about to be revoked.—(P.10(6) (21. 0538/86 and C.48393)).

PINE LODGE.—The temporary reservation, by Order of the 23rd January, 1888, of 30a. 2r. 15p. of land in the parish of Pine Lodge as a site for Racing and General Recreation purposes, in addition to and adjoining the site temporarily reserved therefor by Order of the 6th October, 1873, is about to be revoked.—(P.151⁽³⁾) (21.Rs.741).

D. S. OMAN,
Commissioner of Crown Lands and Survey.
Department of Lands and Survey, Melbourne.

LANDS TEMPORARILY RESERVED FROM SALE, ETC.

IN pursuance of the provisions of the *Land Act* 1915, notice is hereby given that His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, has, by Order made on the 15th day of March, 1921, reserved, temporarily, from sale and leasing, and from having a licence granted in respect thereof, and has also excepted from occupation for residence or business under any miner's right or business licence the lands hereinafter described, viz. :—

ANTWERP.—Site for State School, in addition to and adjoining the site temporarily reserved therefor, by Order of 20th February, 1902, also excepted from occupation for residence or business under any miner's right or business licence.—3r. 38p., township of Antwerp: Commencing at the southwest angle of the present site; bounded thence by same bearing S. 59 deg. 49 min. E. 403 links; thence by roads bearing S. 30 deg. 11 min. W. 299 links, S. 83 deg. 37 min. W. 124 links; thence by allotments 3 and 2, section B, bearing N. 12 deg. 9 min. E. 205 links and by the north boundary of allotment 2 bearing N. 77 deg. 51 min. W. 200 links; thence by a road bearing N. 12 deg. 9 min. E. 163 2-10 links and N. 30 deg. 11 min. E. 84 6-10 links to the point of commencement.—(A.186) (21.C.71860).

NUMBIE MUNJIE.—Site for State School, also excepted from occupation for residence or business under any miner's right or business licence.—5 acres, parish of Numbie Munjie, county of Tambo: Commencing at the angle in the north-side of the road bounding allotment 1, Ensay Estate, formed by lines bearing N. 71 deg. 37 min. W. and S. 60 deg. 34 min. W.; thence bounded by said road bearing S. 60 deg. 34 min. W. 800 links, and by said allotment 1 bearing N. 29 deg. 26 min. W. 625 links, N. 60 deg. 34 min. E. 800 links, and S. 29 deg. 26 min. E. 625 links to the point of commencement.—(N.92⁽²⁾) (21.C.72207).

F. W. MABBOTT,
Clerk of the Executive Council.
At the Executive Council Chamber,
Melbourne, the 15th March, 1921.

REGULATIONS FOR THE MANAGEMENT OF THE WEDDERBURNE GOLDFIELDS COMMON.

IN pursuance of the Regulations relating to Commons made by the Governor in Council on the 19th day of October, 1915, the Managers of the Wedderburne Goldfields Common, having drafted the following Regulations for the management thereof, submit the same for revision by the Board of Land and Works and approval by the Governor in Council, in lieu of the Regulations heretofore in force in respect of such Common:—

REGULATIONS.

1. No person shall depasture on the Common stock of which he or she is not the *bonâ fide* owner.
2. Every person entitled to commonage shall before depasturing any stock on the Common give to the Herdsman a true and correct description of such stock and their brands and other distinctive marks and shall obtain from the Herdsman a certificate of having done so and shall at the same time obtain a badge from the Herdsman (which badge shall be the absolute property of the Managers) for each head of stock he or she wishes to depasture; he or she shall securely chain strap or otherwise securely attach the badge on each head of stock for which the same has been obtained as aforesaid; he or she shall then be responsible and liable to be charged for that number of stock from the time the Herdsman delivers the badge or badges to him or her to the date of delivery of same back to the Herdsman. No person shall use other than the registered badges in connexion with stock legally depasturing on the Common. Should the badge or badges be from any cause removed from the stock they must be at once replaced by the person depasturing the stock from which the badge or badges have been removed (and such badge or badges shall be supplied by the Herdsman at the cost of One shilling each). Any person who shall place or allow to be placed a badge on any stock without the authority of the Herdsman shall be liable to be prosecuted.
3. Goats shall be depastured on such portions only of the Common as the Managers may set apart for the purpose.

4. No bulls, entire horses, or swine shall be allowed to depasture on the Common and all swine found thereon shall be liable to be impounded, and all geese to be destroyed or the owners thereof to be prosecuted for allowing such stock or geese to depasture on the Common.

5. All stock found on the Common without being duly registered, licensed, and badged shall be liable to be forthwith impounded or their owner to be prosecuted for allowing such stock to trespass on the Common.

6. The permit to use the Common and the badges shall not be transferable.

7. The Herdsman shall muster the stock on the Common on such days or at such times as the Managers may from time to time appoint; and shall see that all brands are legible and that the badges are in proper order. The owners of such stock shall be required to assist at the mustering.

8. No person shall unnecessarily disturb stock depasturing on the Common.

9. No person other than the Herdsman shall be allowed to herd stock on the Common.

10. Any person depasturing cattle on the Common will be limited to six head of large cattle or the equivalent of the whole or a portion thereof in small cattle on the basis of three small head to one large head of cattle. The progeny of registered stock will be allowed to run on the Common free for six months from the birth of such progeny.

11. Fees for depasturing stock on the Common shall be as follows:—

- Large head of cattle 6s. per annum per head.
- Small head of cattle 3s. per annum per head.
- Goats 3s. per annum per head.

Such fees to be paid in advance half-yearly to the Herdsman.

12. No person shall be allowed to depasture more than three goats at any one time on the Common.

13. Notwithstanding anything hereinbefore contained to the contrary no sheep shall be allowed to depasture on the said Common.

14. All persons travelling stock through the Common must give to the Herdsman twelve hours' notice of his intention so to do before entering the Common.

15. No person shall attach a cow bell or bell of any description or cause or permit same to be attached to any head of stock depasturing on the said Common.

16. No animal affected with any contagious disease shall be allowed to depasture on the Common.

17. Every person offending against any of the foregoing Regulations shall on conviction before any justice of the peace forfeit and pay a penalty not exceeding £20 for each offence.

JAMES BALL,
J. F. TAYLOR,
EDGAR APPLEBY,
R. G. BAKER,

Managers of the Wedderburne Goldfields Common.

Wedderburne, 7th February, 1921.

Approved by the Governor in Council,
the 15th March, 1921.

F. W. MABBOTT,
Clerk of the Executive Council.

CITY OF MELBOURNE.

REGULATIONS FOR THE CARE, PROTECTION, AND MANAGEMENT OF THE ALEXANDRA PARK IN THE CITY OF MELBOURNE.

WHEREAS by section 182 of the *Land Act* 1915 it is enacted that in the case of any land which under the provisions of any Act relating to Crown lands the Governor in Council either before or after the commencement of this Act has reserved from sale permanently for any public purpose whatsoever or for any of the purposes specified in section 10 of the said Act or the corresponding section of any repealed Act and has vested such land in trustees or jointly in the Board of Land and Works and trustees it shall be lawful for the trustees of any such land with the approval of the Governor in Council to make rules and regulations for all or any of the purposes mentioned in sub-section 1 of the first-mentioned section: And whereas under and by virtue of a Crown grant dated the 18th day of December, 1917, the land in the city of Melbourne, known as the Alexandra Park, became vested in the Board of Land and Works and the Mayor, Aldermen, Councillors, and Citizens of the City of Melbourne: Now therefore the Board of Land and Works and the Mayor, Aldermen, Councillors, and Citizens of the City of Melbourne (hereinafter called "The Trustees") do hereby make the following Regulations in respect of the said Alexandra Park:—

Regulations.

1. No person in a state of intoxication, or who is disorderly or is not decorously dressed, shall enter or remain in the Park, and no person shall commit therein any nuisance or any indecent or offensive act.

2. No person shall interfere with, remove, damage, or destroy the seats, trees, shrubs, grass, flowers, statuary, fountains, fish, or any property in the Park, or throw stones or other missiles, or light fires therein, or leave in the Park any bottles, fruit peel, paper, cast-off clothing, litter, or refuse of any kind.
3. No person shall climb on or jump over the seats or fences in or around the Park, or lie on the seats or grass, or stick bills on the fences, gates, seats, trees, posts or other structures, or cut names, letters, or marks on the trees, seats, gates, posts or fences, or other structures, or otherwise deface the same, or write thereon.
4. No person shall bring into the Park any dog, unless held by a chain or cord.
5. No person except workmen employed in the Park shall enter any plots therein which may be enclosed for plantations or for other purposes.
6. No assemblies for fêtes, picnics, or concerts, or for the purpose of public worship, preaching, or public speaking of any kind, or meetings of a like character, shall take place in the Park without the permission in writing of the Trustees first obtained.
7. No person, unless authorized by the Trustees in writing, shall offer or expose for sale in the Park any article, fruit, or merchandise.
8. No person shall bring or allow to remain in the Park any cattle, sheep, pigs, goats, fowls, or other animals, and any such found therein shall be liable to be destroyed.
9. No person shall make or cause to be made any violent outcry, noise, disturbance, or sound, or shall play upon any musical or noisy instrument, or sing in the Park, nor shall any person preach or declaim, harangue or deliver any address of any kind to members of the public in the Park without the permission in writing of the Trustees first obtained.
10. No person shall give out or distribute any handbills, placards, notices, advertisements, books, pamphlets, or papers in the Park, or shall litter the same by scattering or throwing down handbills, placards, notices, advertisements, books, pamphlets, or papers.
11. No person shall play at or engage in any game, athletic sport, or gymnastic exercises in the Park.
12. No children under five (5) years of age shall be allowed in the Park unless in charge of adult friends or nurses.
13. No person shall without the consent in writing of the Trustees carry, use, or discharge any firearms in the Park.
14. No person shall in any part of the Park wilfully obstruct, disturb, interrupt, or annoy any other person in the proper use of the Park, or wilfully obstruct in the execution of his duty, or insult or neglect to obey the lawful directions of any park-keeper or other servant of the Trustees.
15. No person shall spit or expectorate on the paths or seats, or any structure or erection within the Park.
16. No booth, tent, or other structure shall be erected within the Park without the consent in writing of the Trustees.
17. No person shall interfere with or remove any plants, flowers, seeds, or other property from the Park or injure any property therein, and any person offending shall be liable to be removed from the Park.
18. No delivery cart, tradesman's motor vehicle, or cart, dray, lorry, waggon, van, truck, or barrow shall be allowed to enter or pass over or through the Park.
19. No vehicle, motor car, or motor cycle shall be allowed to enter or pass over or through the Park except on the portions thereof specially provided for wheeled traffic.
20. No passenger vehicle carrying more than six persons, or built to carry more than six persons, shall be allowed to enter or pass over or through the Park.

21. No vehicle shall be driven along any roadway in the Park at a speed exceeding 16 miles per hour; and when entering or leaving the Park, or passing over any crossing, the speed shall be reduced to such limit as will not be dangerous to the public.
 22. No horse with a rider shall be allowed to enter or pass over or through the Park except on the portions thereof specially provided for equestrians.
 23. No horse shall be broken in or trained in the Park.
 24. No horse uncontrolled shall enter or pass over or through the Park.
 25. No person on foot shall enter or pass over or through the portions of the Park specially set apart for equestrians, except to cross through the openings provided for access from one part of the Park to another part thereof, as indicated by notices in the Park.
- Every person offending against these Regulations shall, in accordance with the provisions of section 182 of the Land Act 1915, for each offence be liable to a penalty of not more than five pounds; and every person who so offends, and who after he has been warned by any bailiff of Crown lands or officer or servant of the Trustees, or by any member of the police force, does not desist from so offending, may be forthwith apprehended by such bailiff, officer, or servant or member of the police force, and taken before some Justice, and shall be liable to a penalty of not more than Ten pounds.

The common seal of the Board of Land and Works was hereunto affixed this 6th day of January, 1921, in the presence of—

(SEAL) D. S. OMAN, President.
A. A. PEVERILL, Member.

The common seal of the Corporation of the Mayor, Aldermen, Councillors, and Citizens of the City of Melbourne was affixed hereto this twenty-second day of October, 1920.

(SEAL) J. G. AIKMAN, Lord Mayor.
T. GEO. ELLERY, Town Clerk.

Approved by the Governor in Council,
the 15th March, 1921.
F. W. MABBOTT,
Clerk of the Executive Council.

PUBLIC HEARINGS BY A PERSON APPOINTED UNDER THE 25TH SECTION OF THE LAND ACT 1915.

NOTICE is hereby given that at the time and place mentioned in the Schedule hereunder, applications for leases and licences under the Land Acts, objections to such applications, objections to proposed proclamations, alterations, additions, diminutions, revocations, or unions of commons, and reasons against forfeiture of any leases or licences under the Land Acts deemed liable to forfeiture, will be publicly heard by the person whose name is set opposite such place in such Schedule, being a person appointed by me, the responsible Minister of the Crown administering the Land Acts, to hear the same and report thereon in writing to me.

D. S. OMAN,
Commissioner of Crown Lands and Survey and
President of the Board of Land and Works.
Department of Lands and Survey,
Melbourne, 22nd March, 1921.

LEASING RAILWAY LANDS.

Applications are invited for letting on building leases for business purposes land at or near stations. Terms up to 21 years. For particulars, apply to Estate Officer, Spencer-street, Melbourne, or to local stationmasters or roadmasters.

No tenders will necessarily be accepted.

GEO. H. SUTTON, Secretary.

TENDERS FOR THE SERVICE.

PROVISIONS FOR 1920-21.

FRESH tenders will be received until Eleven o'clock a.m. on Thursday, 31st March, 1921, from persons willing to supply Butter for institutions in the following districts, Melbourne, Mont Park, Ararat, Beechworth, Ballarat, Lara, and Sunbury: also Potatoes at Ballarat, in such quantities as may be ordered by the Victorian Government—delivery to be made at Government institutions at the places named—during the three calendar months commencing on the 1st April, 1921.

Preliminary deposit as shown on tender form.

Tenders are required on the basis of a percentage above or below ruling market rates, as provided in the tender form.

Printed forms of tender and the conditions of contract may, in all cases, be obtained from the Secretary to the Tender Board, Treasury, Melbourne; and for the respective districts from the Receivers and Paymasters at Ararat, Ballarat, and Beechworth; for Sunbury, from the Medical Superintendent, Hospital for the Insane; for Lara, from the Superintendent of the Inebriates Retreat, and the Receiver and Paymaster at Geelong, by whom also any information or explanation will be offered to persons tendering.

The conditions of contract and particulars of advertisement are those published in the *Government Gazette* of 12th May, 1920, page 1871.

H. S. W. LAWSON,

Acting Treasurer.

The Treasury,
Melbourne, 22nd March, 1921.

SALE OF CROWN LANDS IN FEE SIMPLE BY TENDER.

TENDERS will be received on or before Wednesday, 30th March, 1921, for the purchase of the land described hereunder.

Each tender shall be accompanied by a deposit of £100. Balance of purchase money shall be payable in forty half-yearly instalments, with 5 per cent. interest on the unpaid balance added, together with survey and other usual fees.

DESCRIPTION OF LAND.

Portion (containing 800 acres or thereabouts, situate north of the Mildura-Yelta railway) of that part of the Chaffey Bros. in Liquidation Ltd. estate in the parish of Mildura, known as the Lake Paddock.

SPECIAL CONDITION.

Any offer accepted will be accepted subject to the insertion in the Crown grant of a special condition that there shall be no obligation on the State Rivers and Water Supply Commission to supply water for the lake; and, further, that the said Commission reserves the right to use the lake as a storage if necessity should arise, and also that the owner has no right to drain under railway line into Lake Hawthorn, and that no claim for damages will lie for flooding due to any conserving of water or to any other works carried out on Lake Hawthorn.

Tenders must be addressed to the Closer Settlement Officer, State Rivers and Water Supply Commission, Melbourne.

The highest or any tender not necessarily accepted.

Plans and full particulars at State Rivers and Water Supply Commission, Melbourne.

M. NALLY,

Secretary, State Rivers and Water Supply Commission,
Melbourne.

17th March, 1921.

Dated at Warrnambool this 17th day of March, A.D. 1921.
J. W. CLARKE,
Chief Clerk.

PRIVATE ADVERTISEMENTS.

Factories and Shops Act 1915.

SHIRE OF LOWAN.

By-LAW No. 21.

A By-law of the shire of Lowan made under sections 97 and 100 of the *Factories and Shops Act 1915*, and numbered 21, for closing of certain shops during certain hours as set out hereunder throughout the municipal district of the shire of Lowan.

IN pursuance of the powers conferred by the *Factories and Shops Act 1915*, the President, Councillors, and ratepayers of the shire of Lowan order as follows:—

"That all confectioners' shops and fruit and vegetable shops must be closed from the hour of Twelve p.m. on Saturday until the hour of Twelve p.m. on the following Sunday in each and every week."

This By-law shall apply to and have operation throughout the whole of the municipal district of the shire of Lowan.

If any person or persons commit a breach of this By-law, he or they shall for the first offence be liable to a penalty of not more than Two pounds (£2), and for every subsequent offence to a penalty of not less than One pound (£1), nor more than Ten pounds (£10).

Resolution for passing this By-law No 21 agreed to by the Council the eighteenth day of February, 1921, and confirmed the eighteenth day of March, 1921.

The common seal of the shire of Lowan was hereto affixed in pursuance of an order of the Council made this 18th day of March, 1921, in the presence of—

(SEAL) R. DICKINSON, President.
GEO. BOLWELL, Councillor.
PERCY CRESSWELL, Shire Secretary.

1822

Pounds Act 1915.

SHIRE OF NARRACAN.

NOTICE is hereby given that, in pursuance of the powers conferred by section 4 of the *Pounds Act 1915*, the Council of the shire of Narracan has appointed the following places to be Pounds, viz:—

- (1) All that piece of land being part of Crown allotment 139, parish of Moe, county of Buln Buln, situate at the corner of Tait-street and Main-road, Thorpdale, in the said shire.
- (2) All that piece of land being Crown allotment 10, section 8, township of Yarragon, parish of Darnum, county of Buln Buln, situate in Shady Creek-road, Yarragon aforesaid.

By order,
J. SHANAHAN, Shire Secretary.
Shire Office, Trafalgar, 21st March, 1921. 1843

SHIRE OF NUNAWADING.

NOTICE is hereby given that it is the intention of the Council of the shire of Nunawading to borrow the sum of £5,000 on the credit of the President, Councillors, and Rate-payers of the said shire; such sum to be raised by the issue of 50 debentures of £100 each, in accordance with the provisions of the *Local Government Act 1915*.

That the rate of interest to be named in such debentures shall be £6 per centum per annum, and shall be payable in moieties half-yearly on the first day of June and the first day of December during the currency of the debentures, at the English, Scottish, and Australian Bank Limited, Box Hill, or at the offices for the time being of the Council of the shire.

That the money to be borrowed by the issue of the said debentures will be repayable on the first day of June, 1931, at the English, Scottish, and Australian Bank Limited, or at the offices for the time being of the Council of the shire.

That the purposes for which the loan is to be applied for are—

Purchase of material for, and erection of, electric mains, with all necessary sub-stations, transformers, switch gear, and equipment for the supply of electricity for public and private purposes within the shire of Nunawading.

That the loan is to be liquidated by the formation of a sinking fund. The sum of £2 per centum per annum of the amount of the loan will be invested every year in accordance with the provisions of the *Local Government Act 1915*, to form such sinking fund.

That the plans, specifications, and estimate of the cost of the work and undertakings referred to above, with a statement of the proposed expenditure of the money to be borrowed, are open for inspection at the Shire Office, Station-street, Box Hill, during office hours.

1827 JOHN R. KIEFFORD, Shire Secretary.

SHIRE OF PORTLAND.

IN pursuance of the provisions of the *South Australian and Victorian Border Railway Act 1912*, notice is hereby given that, at a meeting of the Council of the Shire of Portland, held on the 11th March, 1921, the following resolution was adopted, viz:—That, with the approval of the Governor in Council, this Council now make and levy a railway land purchase rate on all rateable property within the railway land purchase rate district of such amounts as are set out in schedule hereto; that such rate be for the period 1st October, 1920, to 30th September, 1921; that it be due and payable at the Shire Office, Portland, on the 11th day of March, 1921; and that Thomas Edwin Tulloh be and is hereby authorized to demand and collect the said rate.

SCHEDULE ABOVE REFERRED TO.

Division.	Area rated.	Rate in pence per acre.
	Acres.	
A	4,056	1½d.

I	Property under 5 acres	5d. net annual value
J	" " " " "	6d. ditto

A full statement of the rate may be inspected at the Shire Office, Percy-street, Portland.

T. E. TULLOH, Secretary.
Portland, 21st March, 1921. 1893

NOTICE is hereby given that the partnership business lately carried on at 17 Queen-street, Melbourne, by Daniel George King, of Airdrie-road, Caulfield, and Alec. Leslie Brice, of Polo-parade, Caulfield, trading together as building architects, under the style or firm of "Malpas & Brice," has been dissolved by mutual consent as from the 15th day of March, 1921. The said Alec. Leslie Brice retires from the said firm from the said 15th day of March, 1921, and all debts due to and owing by the said late firm will be received and paid respectively by the said Daniel George King, who will continue to carry on the said business at 17 Queen-street, Melbourne, in partnership with his son, Thomas George King, under the style or firm name of "D. G. King & Son."

Dated this 16th day of March, 1921.

D. G. KING.

Signed by the said Daniel George King, at Melbourne, in the presence of REGINALD V. BOYES, solicitor, Melbourne.
Kelly and Boyes, solicitors, Scott's-Court, 434 Collins-street, Melbourne. 1855

NOTICE is hereby given that the partnership heretofore existing between us, the undersigned, George Henry Finch and Frederick Henry Watford, in the business of engineers, carried on by us at 154 Victoria-street, Middle Footscray, and 13 Darling-street, Middle Footscray, in the said State, under the firm or style of Finch & Watford, has been dissolved by mutual consent as and from the fourth day of March, 1921, and the business will henceforth be carried on by the said George Henry Finch, who will pay and discharge all debts and liabilities of, and receive all moneys due and payable to, the said late firm.

Dated this fourth day of March, 1921.

F. H. WATFORD.
G. H. FINCH.

Witness—C. S. FALCONBRIDGE, solicitor, &c., Melbourne.
W. R. R. Blair, Son, and Falconbridge, solicitors, &c., 70 Elizabeth-street, Melbourne. 1851

Transfer of Land Act 1915 (No. 178), Section 87.

TITLE claimed by adverse possession to land under *Transfer of Land Act 1915* comprised in Crown grant, vol. 202, fol. 40216, whereof Charles Mitchell, of Edenhope, is the registered proprietor. Elizabeth Bird, of Edenhope, widow, has applied for a Vesting Order vesting in her for an estate in fee simple, free from encumbrance, the land described hereunder, which is comprised in the above-mentioned Crown grant.

The Commissioner of Titles has directed notice of the application to be advertised in the *Hamilton Spectator* newspaper, and has appointed twenty-one days from the advertisement on and after the expiration of which the application may be granted unless a caveat is lodged forbidding the same.

Dated the 11th day of March, 1921.

LAND REFERRED TO.

Part of Crown allotment 8, section 3, township and parish of Edenhope, county of Lowan: Commencing at the intersection of the south-east boundary of Main-street with the north-east boundary of Amos-street; thence along Main-street north-easterly 100 links; thence along the fenced north-east boundary of the said Crown allotment south-easterly 183 links; thence by a fence south-westerly 100 links; thence along Amos-street north-westerly 183 links to the commencing point.

HAROLD A. TEMPLETON,

Registrar of Titles.

H. G. Carstairs, of Edenhope and Natimuk, solicitor for the applicant. 1883

NOTICE is hereby given that Joseph Thomas Beeson, of Kamarooka, in the State of Victoria, farmer, has, by deed dated the 25th day of February, 1921, conveyed and assigned all his estate, property, and effects whatsoever and wheresoever, to me, Horatio Samuel Vincent Busst, of Beehive Chambers, Bendigo, as registered trustee, in trust for the realization and benefit of all his creditors as in the deed mentioned. All persons having any claim against the estate are hereby required to forward same and particulars thereof, accompanied by a sworn affidavit in proof of debt, to the trustee before the 30th day of March, 1921.

Dated the 16th day of March, 1921.

H. S. V. BUSST, Trustee, Beehive Chambers, Bendigo. 1832

STATUTORY NOTICE TO CREDITORS.—*RE* PETER NICHOLSON, DECEASED.

PURSUANT to the *Trusts Act 1915*, notice is hereby given that all persons having any claim against the estate of Peter Nicholson, late of Ensay, in Victoria, farmer, deceased, intestate (who died on the twenty-fifth day of September, 1917, and letters of administration of whose estate were, on the second day of December, 1919, granted by the Supreme Court of Victoria, in its probate jurisdiction, to The Union Trustee Company of Australia Limited, of number 333 Collins-street, Melbourne, in Victoria, hereinafter called the said company), are hereby required to send in particulars, in writing, of such claims to the undersigned, John Donald Macdonald, the proctor for the said company, on or before the sixteenth day of May. One thousand nine hundred and twenty-one, after which date the said company will proceed to distribute the assets of the said Peter Nicholson, deceased, which shall have come to its hands or possession amongst the persons entitled thereto, having regard only to the claims of which the said company shall then have had notice; and the said company will not be liable for the assets, or any part thereof, so distributed to any person of whose claim it shall not then have had notice.

Dated this 10th day of March, 1921.

J. D. MACDONALD, Bruthen, proctor for the said Union Trustee Company of Australia Limited. 1854

NOTICE TO CREDITORS.

CREDITORS, next of kin, and all others having claims against the estate of the undermentioned person are required to send in particulars, in writing, thereof to the Perpetual Executors and Trustees Association of Australia Limited, of 89 Queen-street, Melbourne, in the State of Victoria, on or before the 30th day of April, 1921, otherwise they may be excluded when the assets are being distributed.

Name—George Leslie Dutton.

Usual Residence—Marra Station, Wilcannia, New South Wales.

Occupation or Other Description—Grazier.

Date of Death of Deceased—3rd day of August, 1920.

Dated this 15th day of March, 1921.

H. HURRY & SON, Kyneton, proctors for the said executor. 1834

STATUTORY NOTICE TO CREDITORS.

PURSUANT to the *Trusts Act* 1915, notice is hereby given that all persons having claims against the estate of Michael Ryan, late of Toosan East, in the State of Victoria, farmer, deceased, intestate (who died on the twelfth day of September, 1920, and administration of whose estate was granted by the Supreme Court of the said State, in its probate jurisdiction, on the tenth day of December, 1920, to Hugh Morrison, of Toosan East, in the said State, farmer), are hereby required to send particulars, in writing, of such claims to the undersigned, at his office hereunder mentioned, on or before the 20th day of April, 1921, after which date the said Hugh Morrison will proceed to distribute the assets of the said Michael Ryan, deceased, which shall have come to his hands amongst the persons entitled thereto, having regard only to the claims of which he shall then have had notice. And notice is hereby further given that the said Hugh Morrison will not be liable for assets so distributed, or any part thereof, to any person of whose claim he shall not have had notice as aforesaid.

Dated this 19th day of March, 1921.

H. G. CARSTAIRS, of Natimuk, proctor for the said Hugh Morrison. 1874

NOTICE TO CREDITORS.—RE CHARLES GEORGE KNIGHT, DECEASED.

PURSUANT to the *Trusts Act* 1915, notice is hereby given that all persons having claims against the estate of Charles George Knight, formerly of "Royal Farm," Benalla, in the State of Victoria, but late of "Goomalibge Park," Benalla aforesaid, farmer and grazier, deceased (who died on the twenty-eighth day of December, 1920, and letters of administration of whose estate, with the will annexed, were, on the sixteenth day of March, 1921, granted to The Perpetual Executors and Trustees Association of Australia Limited, of 89 to 91 Queen-street, Melbourne, the said association having been duly authorized to so apply by Lucy Sarah Knight, widow, and the sole executrix under the will of the said Charles George Knight), are hereby required to send in particulars of such claims, in writing, to the said association, at the address of the said association before mentioned, on or before the thirtieth day of April, 1921. And notice is hereby given that after that date the said association, as administrator of the estate, will proceed to distribute the assets of the said Charles George Knight, deceased, which shall have come into its possession amongst the persons entitled thereto, having regard only to the claims of which it shall then have had notice; and the said association as such administrator shall not be liable for the assets, or any part thereof, so distributed to any person of whose claim it shall not then have had notice.

Dated this nineteenth day of March, 1921.

WILLIAM CRAWFORD, 423 Little Collins-street, Melbourne, proctor, for the said association. 1877

NOTICE TO CREDITORS.—RE JAMES MCAULEY, DECEASED.

PURSUANT to the provisions of the *Trusts Act* 1915, notice is hereby given that all persons having claims against the estate of James McAuley, late of St. Alban's, in the State of Victoria, retired farmer, deceased, intestate (who died on the fourth day of October, 1919, and letters of administration of whose estate was, by the Supreme Court of the said State, in its probate jurisdiction, granted to the National Trustees, Executors, and Agency Company of Australasia Limited, of 113 Queen-street, Melbourne, in the said State, on the twenty-first day of February, 1921), are hereby required to send in particulars, in writing, of such claims to the said company, at its address aforesaid, on or before the twenty-fifth day of April, 1921, after which last-mentioned date the said company will proceed to distribute the assets of the said deceased amongst the persons entitled thereto, having regard only to the claims of which it shall then have had notice. And it will not be liable for the assets so distributed to any person of whose claim it has not then had notice.

Dated the 16th day of March, 1921.

SECOMB & WOODFULL, 446 Little Collins-street, Melbourne, proctors for the said company. 1884

STATUTORY NOTICE TO CREDITORS.—RE CHARLES HENRY WEAVER, DECEASED.

PURSUANT to the provisions of the *Trusts Act* 1915, notice is hereby given that all persons having any claim against the estate of Charles Henry Weaver, late of 28 Hambleton-street, Albert Park, in the State of Victoria, Federal mail officer, deceased (who died on the twenty-fifth day of December, 1920, and testament was granted to Ellen Jane Weaver, of 28 Hambleton-street, Albert Park, in the said State, widow, the sole executor named in and appointed by the said will), are hereby required to send in particulars, in writing, of such claims to the said Ellen Jane Weaver, care of the undersigned, on or before the sixteenth day of April, 1921, after which date the said executor will proceed to distribute the assets of the said Charles Henry Weaver, deceased, which shall have come to her hands or possession

amongst the persons entitled thereto, having regard only to the claims of which the said executrix shall then have had notice; and the said executrix will not be liable for the assets, or any part thereof, so distributed to any person of whose claims she shall not then have had notice.

Dated this fourteenth day of March, One thousand nine hundred and twenty-one.

LOUGHREY & DOUGLAS, of 472 Little Collins-street, Melbourne, proctors for the said executrix. 1881

PURSUANT to the *Trusts Act* 1915, notice is hereby given that all persons having claims against the estate of Meyer Singh, late of Kerang, in the State of Victoria, farmer, but recently of Village Mughlani, Jandiala Guruka, in the Local District of Tarsawan, District Amritza, Punjab, India, deceased (who died on the twenty-second day of October, 1918, and probate of whose will was granted by the Supreme Court of the said State, in its probate jurisdiction, on the first day of March, 1921, to Norman Brown Fraser, of Kerang aforesaid, bank manager, and Sandhurst and Northern District Trustees, Executors, and Agency Company Limited, of View-street, Bendigo, in the said State, the executors named therein), are hereby required to send particulars, in writing, of such claims to the said Norman Brown Fraser and Sandhurst and Northern District Trustees, Executors, and Agency Company Limited, care of the undersigned, on or before the twenty-third day of April, 1921, after which date the said executors will proceed to distribute the assets of the said Meyer Singh, deceased, which shall have come to their hands amongst the persons entitled thereto, having regard only to the claims of which they shall then have had notice. And notice is hereby further given that the said executors will not be liable for the assets so distributed, or any part thereof, to any person of whose claim they shall not have had notice as aforesaid.

Dated this sixteenth day of March, 1921.

WILLAN & MCKENZIE, of Victoria-street, Kerang, proctors for the said executors. 1880

NOTICE TO CREDITORS.

PURSUANT to the provisions of the *Trusts Act* 1915, notice is hereby given that all persons having claims against the estate of Caroline Plant, late of Bald Rock, near Pyramid Hill, in the State of Victoria, widow, deceased (who died on the first day of January, 1921, and probate of whose will was granted by the Supreme Court of Victoria, in its probate jurisdiction, on the twenty-eighth day of February, 1921, to William James Plant, of Leitchville, in the State of Victoria, and George Henry Plant, of Bald Rock, near Pyramid Hill, in the State of Victoria, farmers, the executors named in and appointed by the said will), are hereby required to send particulars, in writing, of such claims to the said executors, at the office of the undersigned, on or before the sixteenth day of May, 1921. And notice is hereby further given that after that day the said executors will proceed to distribute the assets of the said Caroline Plant, deceased, which shall come to their hands or possession amongst the persons entitled thereto, having regard only to the claims of which the said executors shall then have had notice; and the said executors will not be liable for the assets, or any part thereof, so distributed to any person of whose claim they shall not then have had notice as aforesaid.

Dated this twenty-second day of March, 1921.

TATCHELL, DUNLOP, SMALLEY, & BALMER, Bendigo and Pyramid Hill, proctors for the said executors. 1891

NOTICE is hereby given that all persons having any claims against the estate of Thomas Higgins, formerly of Victoria-parade, Geelong, in the State of Victoria, but late of Churchill-street, Mont Albert, near Melbourne, in the said State, retired timber merchant, deceased (who died on the 13th day of December, 1920, and probate of whose will was granted to Eva Elsie Bath Higgins, of Churchill-street, Mont Albert aforesaid, widow, and John George Penberthy, of Rye-street, Geelong aforesaid, law clerk, on the 14th day of January, 1921), are hereby required to send particulars of such claims to the said Eva Elsie Bath Higgins and John George Penberthy, at the office of Messrs. J. L. Price, Higgins, and Speed, solicitors, Yarra-street, Geelong, on or before the 15th day of May next. And notice is hereby further given that after that day the said Eva Elsie Bath Higgins and John George Penberthy will proceed to distribute the assets of the said deceased which shall come to their hands amongst the persons entitled thereto, having regard only to those claims of which they shall then have had notice; and the said Eva Elsie Bath Higgins and John George Penberthy will not be liable for the assets, or any part thereof, so distributed to any person of whose claim they shall not have had notice.

Dated this 17th day of March, 1921.

J. L. PRICE, HIGGINS, & SPEED, Yarra-street, Geelong, proctors for the said Eva Elsie Bath Higgins and John George Penberthy. 1829

NOTICE TO CREDITORS.

PURSUANT to the *Trusts Act 1915*, notice is hereby given that all persons having claims against the estate of Horace Alexander Wilcox, late of Rotherwood, Marshall-street, Ivanhoe, in the State of Victoria, formerly general manager of the Melbourne Tramway Board, but lately retired, deceased (who died on the 15th day of October, 1920, and probate of whose will was granted by the Supreme Court of the said State, in its probate jurisdiction, on the 21st day of February, 1921, to Frederick Percy Stokes, of 1 Queen-street, Melbourne, in the said State, accountant, and Robert Lindsay Wingrove, of 103 William-street, Melbourne, in the said State, solicitor, the executors named in and appointed by the said will), are hereby required to send particulars, in writing, of such claims to the said executors, care of the undersigned proctors, at the undermentioned address, on or before the 31st day of May, 1921, after which date the said executors will proceed to distribute the assets of the said deceased which shall have come to their hands or possession amongst the persons entitled thereto, having regard only to the claims of which the said executors shall then have had notice; and the said executors will not be liable for the assets, or any part thereof, so distributed to any person of whose claim they shall not then have had notice.

Dated this 17th day of March, 1921.

NOTICE TO CREDITORS.

NOTICE is hereby given that Frederick William Leicht, formerly of 157 Queen's-parade, Clifton Hill, but now of 149 Pigeon-street, Carlton, in the State of Victoria, cabinetmaker, has, by deed dated the seventeenth March, One thousand nine hundred and twenty-one, conveyed and assigned all his estate, property, and effects whatsoever and wheresoever, as set out in such deed, to me, William Tennyson Forster, of 360 Collins-street, Melbourne; in trust for the benefit of his creditors, as is in the deed mentioned. Persons having claims against the estate must forward sworn proofs of debt to me, as such trustee, on or before Monday, the 4th day of April, One thousand nine hundred and twenty-one.

Dated this 21st day of March, 1921.

W. T. FORSTER, Trustee.
W. T. Forster, incorporated accountant, 360 Collins-street, Melbourne. 1810

The Insolvency Act 1915.—In the Court of Insolvency, at Camperdown.—In the matter of ELIZABETH KELLY, of Camperdown, in the State of Victoria, married woman, insolvent.

THE above-named Elizabeth Kelly intends to apply to the Court of Insolvency, at Camperdown, on the 11th day of May, 1921, at Ten o'clock in the forenoon, for a certificate of discharge and dispensation of the condition of section 233 of the Insolvency Act 1915, pursuant to the provisions of the Insolvency Act 1915.

Dated the 23rd day of March, 1921.

ELIZABETH KELLY.
Arthur G. George, of Cobden and Camperdown, solicitor for the said insolvent. 1823

In the Court of Insolvency, at St. Arnaud, Western District.—In the matter of ALEXANDER HARVEY, of Berrivillook, labourer, an insolvent.

THE above-named Alexander Harvey intends to apply to the Court of Insolvency, at St. Arnaud, on the nineteenth day of April, 1921, at Ten o'clock in the forenoon, for a certificate of discharge, pursuant to the provisions of the Insolvency Act, and to dispense with the condition mentioned in section 233 of the Act.

Dated the eleventh day of March, 1921.

ALEXANDER HARVEY.
William Mitchell, St. Arnaud, solicitor for applicant. 1825

The Insolvency Act.—In the Court of Insolvency.—In the matter of JOSEPH MUCCI, of 108-110 Lonsdale-street, Melbourne, in the State of Victoria, formerly Australian wine licensee.

NOTICE is hereby given that I, Thomas Closson Walker, of Collins House, 360 Collins-street, Melbourne, in the State of Victoria, accountant, have been duly appointed to fill the office of trustee of the property of the above-named insolvent, and that such appointment was duly confirmed by order of the Court of Insolvency at Melbourne, made on the 17th day of March, 1921. All persons having in their possession any of the effects of the insolvent must deliver them to me as such trustee, and all debts due to the insolvent must be paid to me as such trustee. Creditors who have not yet proved their debts must forward their proofs of debt to me as such trustee.

Dated this 23rd day of March, 1921.

T. C. WALKER, accountant and registered trustee, Collins House, 360 Collins-street, Melbourne. 1872

The Insolvency Acts.—In the Court of Insolvency, Central District, at Melbourne.—Notice to Creditors.

NOTICE is hereby given that Sydney Reginald Octavius Allen, of Scottish House, No. 90 William-street, Melbourne, in the State of Victoria, and at Waltham Buildings, Bond-street, Sydney, in the State of New South Wales, importer, has, by deed dated the 18th day of March, One thousand nine hundred and twenty-one, conveyed and assigned all his estate, property, and effects whatsoever and wheresoever as set out in such deed, to me, John Vivian Montgomery Wood, of 34 Queen-street, Melbourne, in the State of Victoria, in trust for the benefit of his creditors as in the said deed mentioned. Persons having claims against the estate must forward sworn proofs of debt to me as such trustee on or before Friday, the 8th day of April, One thousand nine hundred and twenty-one.

Dated this 23rd day of March, 1921.

J. V. M. WOOD, F.I.C.A., Trustee.
J. V. M. Wood and Co., incorporated accountants, official liquidator, registered trustee, &c., 34 Queen-street, Melbourne.
Messrs. Pavey, Wilson, and Cohen, solicitors, 360 Collins-street, Melbourne. 1866

The Insolvency Acts.—In the Court of Insolvency, Central District.—In the matter of the application of WILLIAM TENNYSON FORSTER, of Collins House, 360 Collins-street, Melbourne, in the State of Victoria, public accountant under section 74 of the Insolvency Act 1915 as qualified to the office of trustee under the Insolvency Acts.

TAKE notice that I, William Tennyson Forster, of Collins House, 360 Collins-street, Melbourne, in the State of Victoria, associate of the Commonwealth Institute of Accountants and Licensed Companies' Auditor, intend to apply to the Court of Insolvency, at Melbourne, on the eighth day of April, One thousand nine hundred and twenty-one, at half-past Ten of the clock in the forenoon, to be registered as qualified to be appointed to the office of trustee under the Insolvency Acts, pursuant to section 74 of the Insolvency Act 1915.

Dated the seventeenth day of March, One thousand nine hundred and twenty-one.

(Sgd.) WILLIAM TENNYSON FORSTER.
Elder and Graham, solicitors for the said William Tennyson Forster. 1856
