## Cemeteries Act 1915.

## BRIGHTON GENERAL CEMETERY.

## RULES AND REGULATIONS.

IN pursuance of the powers vested in them, the Trustees of the Brighton General Cemetery rescind the Rules and Regulations published previously in the *Government Gazette*, and make the following Rules and Regulations, that is to say:—

1. All fees and charges shall be paid when applications are made or orders given.
2. Any person desiring ground for a private grave or a vault, tomb, monument, cenotaph, tombstone, or for any other purposes in the Cemetery under the above Act, shall apply to the Trustees thereof. If approved, the Trustees, on the payment of the required fees, shall issue to such person so applying a certificate of right of burial in the form specified in Schedule A.
3. Any person desiring to construct a brick grave, vault, or tomb, or to erect a monument, tombstone, cenotaph, wall, fence, or any other erection in any part of the Cemetery, shall apply in writing to the Trustees for permission to do so, and, at the same time, submit a plan, design, or drawing of such with full particulars for approval. Every permission will be subject to sections 21 and 26 of the *Cemeteries Act 1915*, and no label is to be removed from any grave without written permission from the surveyor or other officer, and must be again replaced under their direction.
4. For the information of the Trustees, an English translation must accompany any inscription in a foreign language. No proposal to erect a tombstone or a monument in the portion of the Cemetery allotted to the Jews will be entertained by the Trustees unless the design and the inscription (if any) accompanying such design has previously received the approval, expressed in writing, of a duly qualified minister of a Jewish congregation.
5. Any order for interment shall be given at the office of the Trustees at least eight working hours prior to the time fixed for the burial, otherwise an extra charge shall be made.
6. The name, age, late place of residence, probable cause of death of the deceased, and other particulars mentioned in Schedule B, shall be furnished at the time of giving the order.
7. The Trustees shall cause all ordinary graves to be dug, but any person wanting a brick grave or vault shall be permitted to construct the same, under the direction of the surveyor or other officer, on payment of the required fees, and every coffin placed therein shall be bricked in, cemented, and covered by a slab of stone or iron, securely cemented.
8. Every grave shall be at least 7 feet deep, and no interment shall be allowed in any grave with a less depth than 4 feet from the top of the coffin to the original surface of the ground after such interment.  
In the portion of the Cemetery allotted to the Jews one corpse only shall be interred in each grave of whatever character.
9. No interment shall be permitted in any private grave or vault without the production of the certificate of right of burial, or other satisfactory evidence, that the person desiring to bury therein is entitled to do so, except as provided for in the next rule.
10. In the case of an application for interment in any private grave or vault, to which during life the deceased person had no claim, the written consent of the owner shall be given in with the order.
11. No burial shall be permitted to take place in said Cemetery without a certificate from a registrar of deaths, coroner, or justice of the peace. Such certificate shall be delivered to the gatekeeper before the funeral enters the Cemetery.
12. Any public grave may, on approval of the Trustees, be converted into a private grave on payment of the fees or balance of fees as per scale of charges.
13. In the case of it being desired to exhume any body, the same shall only be done on the production, at the office of the Trustees, of the licence of the Minister of the Crown authorized in that behalf, and at such hours and on payment of such charges as the Trustees may determine.
14. In case of reinterment or removal from another cemetery or burial-ground, a verified copy of the licence of the Minister of the Crown authorized in that behalf must be produced at the office of the Trustees, and the usual fee paid before such reinterment.
15. Until otherwise ordered, the usual hours fixed for the performance of funerals will be from 8 a.m. to 4.30 p.m., except on Sundays, when the only hours for funerals will be from 9 to 10.30 a.m., throughout the year. No interment will be allowed on Sunday except in such cases as a medical practitioner or a magistrate certifies, in writing, that for sanitary reasons it is necessary that the burial take place on that day.
16. No burials shall be allowed to take place between the hours of 7 p.m. and 7 a.m., except by special permission of the Trustees.
17. The time fixed for any funeral shall be the time when the funeral is to be at the Cemetery, and the same shall be punctually observed.
18. Every funeral shall enter by the principal entrance gates to the Cemetery, and no vehicle, except the hearse and mourning-coaches, shall be permitted to pass the said entrance. Breaking out of the procession after passing the said gates is forbidden. Horses shall not be allowed to proceed faster than at a walking pace within the Cemetery.
19. Any person desiring to place any inscription or epitaph in any part of the Cemetery shall apply to the Trustees for permission to do so, and at the same time submit a copy thereof.
20. Any person putting up any erection or placing any inscription or epitaph in any part of the Cemetery without the permission of the Trustees shall be liable to the penalties imposed by the Act for so doing, and to be further dealt with as a trespasser.
21. Every erection shall be placed on proper and substantial foundations (extending to the bottom of the grave when ordered). No bath, caen, oamaru, or other soft stone shall be allowed to be used in any work. All stones, refuse, and rubbish remaining after any work is completed shall be removed at once. Copper cramps only shall be allowed in the erection of tablets or other exposed stonework.
22. All materials required in the completion of any stone or other work shall be fully prepared before being taken into the Cemetery, and shall be admitted only at the principal entrances. No person shall be allowed to bring work into the Cemetery on a vehicle having wheels of less than 4 inches in width, unless by special permission.
23. No catacomb shall be allowed.
24. No wooden erection shall be allowed.
25. No dogs shall be admitted into the Cemetery, and any found there are liable to be destroyed.
26. Any person violating the rules of propriety and decorum, or committing any nuisance or any trespass, or injuring any tree, shrub, flower, border, or any erection, or otherwise infringing the Act, or any rule, regulation, or by-law made for protecting the Cemetery, shall be prosecuted as the law directs.
27. No person shall be allowed to take any flower or plant out of the Cemetery.
28. No person, other than the owner or his agent, duly authorized in writing, shall be permitted to interfere in any way whatever with a grave or enclosure, unless by special direction of the Trustees.
29. The surveyor or other officer so directed shall exercise a general supervision and control, under the Trustees, over all matters pertaining to the Cemetery.
30. Any person who shall promote, or advertise, or carry on within the Cemetery or its approaches any trade, business, or calling, either by solicitation, distribution of circulars or cards, or otherwise, or by any other system of advertisement whatsoever, shall be liable to the penalties imposed by the Act for so doing.
31. No person employed under the Trustees shall be permitted to accept any gratuity whatever in discharge of his duty, nor shall he be allowed to be pecuniarily interested in any work in the Cemetery other than that for which he receives payment from the Trustees.
32. Any person employed under the Trustees accepting any such gratuity, or being pecuniarily interested in any such work, shall be liable to be summarily dismissed.
33. A plan of the Cemetery, showing the situation of the purchased and other graves, is kept at the office, and may be inspected there, and registers of all grants are kept by the secretary.
34. The office of the Trust shall be open daily (Sunday, Christmas Day, and Good Friday excepted) from 10 a.m. to 4 p.m.
35. In the event of a certificate of right of burial being lost or destroyed, or becoming so obliterated as to be useless, the person claiming to be entitled thereto shall supply a statutory declaration setting forth the facts upon which such claim is based, and the Trustees, upon proof to their satisfaction of such claim, may issue a fresh certificate in the place of the one so lost, destroyed, or obliterated, subject, however, to the payment of the charge provided in the scale of fees and to such further conditions as the Trustees in their discretion may deem necessary.
36. Every coffin shall have on the lid a lead or copper plate with name of deceased stamped thereon.
37. The Trustees reserve the right to make any alteration from time to time in these charges and regulations.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box on or before Noon on Friday, 29th September, 1922.

TENDERS will be received on or before Noon on Friday, 29th September, 1922, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 121 of the *Land Act* 1915 shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

#### CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions

of the Land Acts, except under the 121st section of the Land Act 1915, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the Land Act 1915 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible therefor.

#### SPECIAL CONDITIONS.

1. The period of occupation will, except where otherwise specified, be for twelve (12) months from 1st October, 1922, to 30th September, 1923.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. *Tenders to be addressed to the Secretary for Lands* (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. *Tenderers must give their full name, occupation, and ordinary postal address.*

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove, within one month, any existing fencing erected with the permission of the Minister, or to require the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act 1915*.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the incoming tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act 1915*, provides:—

1. Where a licensee under section 121 of the *Land Act 1915* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

\* Deliveries to be made within 2 weeks of orders.

Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet for firewood, including delivery at the offices and all charges. Prices should only be quoted for requirements where estimates are shown above.

Tenders, which must be upon the printed form, will be received for either one or more of the above-mentioned places, and tenders for such places may be accepted or rejected separately; but if all lengths of firewood be included in one tender it may be accepted for one length only, if advisable.

Where the kind or kinds of wood are not mentioned in the tender form, tenderer must specify the kind or kinds of firewood they offer to supply.

Telegrams, or tenders not complying with the terms of advertisement, will not be entertained. The successful tenderer will be required to enter into a bond for £10, with two approved sureties, for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at \_\_\_\_\_" as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice and by letter to accepted tenderers.

## CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.
2. All the firewood supplied under these contracts must be split out of large timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet. If the firewood is obtained from a State forest timber reserve, or ordinary Crown lands, persons cutting or removing same must be provided with a licence or permit from the State Forests Department.
3. Orders will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly); but the contractor must have 24 hours' notice before purchases are made at his risk.
4. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 5 feet for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack that delivered, at the risk of the contractor, from whose account any expense incurred thereby will be deducted.
5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.
6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.
7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 4.
8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the account. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may desire.
9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.
10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
11. Under no circumstances will a contractor be permitted to abandon his contract.
12. No subletting will be allowed; all work must be carried out by the contractor. Every person engaged in any business or occupation connected with the preparation of the firewood for sale or connected with the sale or distribution of the firewood tendered for in this schedule shall be paid such wages and employed subject to such conditions as are or may be determined by the Fuel and Fodder Board, or the Country Fuel and Fodder Board, as the case may be, under the Factories and Shops Acts; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which are or may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
