The Medical Acts.
THE PHARMACY BOARD OF VICTORIA.

FURTHER REGULATIONS.

WHEREAS by section 11 of the *Pharmaceutical Chemists Act 1920* the Pharmacy Board of Victoria is empowered, with the approval of the Governor in Council, to make Regulations for or with respect to (a) the recording by Pharmaceutical Chemists of prescriptions dispensed, compounded, or made up by them; (b) the conditions under which medicines are to be dispensed, compounded, or made up; (c) the acceptance (in lieu of part or whole of the requirements specified in paragraph (b) of section 95 of the Principal Act) of a course of training as in said section 11 set out; and (d) generally as to any matter or thing necessary or convenient to be prescribed for carrying the *Pharmaceutical Chemists Act 1920* into effect.

And whereas in the opinion of the Board it is necessary that the conditions set out in the following Regulations should be observed in recording prescriptions, and in the dispensing, compounding, and making up medicines, and the acceptance of a course of training in lieu of that specified, and that in carrying the said Act into effect it is necessary and convenient that the other matters therein referred to should be provided for and subject to the approval of the Governor in Council is desirous of making under the powers so conferred the regulations following: Now therefore the Board doth make Regulations as set forth hereunder, and His Excellency the Governor

in Council has, by Order made on the twenty-first day of February, 1922, approved the said Regulations, that is to say:—

(1) These Regulations may be cited as the Pharmacy Regulations 1921 and shall be read and construed as one with the Regulations made by the Board and approved by the Governor in Council numbered One to Eighty-one and may be cited together as the Pharmacy Regulations.

(2) After clause 81 of the said Regulations there shall be inserted the following Regulations namely:—

Recording of Prescriptions.

82. Except in the case of a prescription for a member of a registered friendly society every prescription of a legally qualified medical practitioner which is dispensed compounded or made up by a pharmaceutical chemist shall be recorded by him as follows:—

(a) Each prescription before delivery of the medicine to the purchaser shall be copied in full into a book kept for the purpose (called the prescription book). The records shall bear an identifying letter or number and shall be dated with the day of the month and the year when the prescription was dispensed and where possible the name of the medical practitioner. Each record shall be signed or initialed by the actual dispenser. For the purpose of this regulation any card system approved of by the Board shall be deemed to be a book.

- (b) The prescription itself shall be stamped or indorsed indelibly with the number, date of dispensing and the name and address of the pharmaceutical chemist who is the proprietor of the pharmacy in which it is dispensed. It shall also be initialed by the person who actually dispensed it.
- (c) In the case of repeated prescriptions the entry in the prescription book initialed by the actual dispenser with the date of the repeated prescription shall be a sufficient compliance with this regulation.
- (d) In the case of medicines extemporaneously dispensed a record shall be kept as provided in regulation 82 (a).
- (e) The label on the bottle or package containing any medicine or drug prescribed must bear a corresponding mark or number identifying it with the entry in the prescription book.
- (f) The prescription book shall be kept in the pharmacy or dispensary and shall be produced on demand to any inspector of the Board who is authorised in writing.
- (g) In the case of a prescription for a member of a registered friendly society it shall be a sufficient compliance if the pharmaceutical chemist inserts in the patient's prescription book his initials and the date on which the prescription was dispensed.
- (h) Where any prescription for a member of a registered friendly society is presented on a loose sheet of paper and not in the patient's prescription book such prescription shall be entered in full as provided by regulation 82 (a).

It is however recommended by the Board that pharmacists should if possible keep a record for reference of all prescriptions dispensed and that members of friendly societies presenting prescriptions to be dispensed should have a lodge prescription book. In cases where the prescription is written on a loose sheet of paper it should be gummed into such prescription book as soon as possible after it has been dispensed.

83. Every registered pharmaceutical chemist in charge of any Friendly Society's Dispensary shall keep a register of the employees employed in the dispensary in a book to be kept for the purpose together with a specimen copy of their signatures and their initials.

84. The conditions under which medicines shall be dispensed compounded or made up are the following:—

- (a) Medicines shall not be dispensed compounded or made up except by a registered pharmaceutical chemist or by a *bona fide* assistant or apprentice to a pharmaceutical chemist in the course of his employment and under the actual personal supervision of a pharmaceutical chemist.
- (b) Each receptacle containing any drug or medicine in the custody or possession of a pharmaceutical chemist which is intended for use in dispensing compounding or making up medicines shall be clearly labelled with the name of the drug or medicine contained therein.
- (c) The drug or medicine prescribed in any prescription shall be used in dispensing or compounding it and no other drug or substance shall be substituted in its place except with the prior consent of the medical practitioner whose prescription or order is being dispensed or compounded.
- (d) Each bottle box package or container in which any drug or medicine is contained shall before delivery to the purchaser be clearly labelled with the name of the drug or medicine and the name and address of the seller thereof.

At the Executive Council Chamber, Melbourne, the twenty-first day of February, 1922.

PRESENT :

His Excellency the Governor of Victoria.

Mr. Lawson | Mr. Oman.

HIS Excellency the Governor of the State of Victoria, with the advice of the Executive Council thereof, and pursuant to the petition of the Council of the municipality of the Shire of Wimmera, doth by this Order, under the provisions of section 148 of the *Local Government Act 1915* (No. 2686) as amended by section 3 of the *Local Government Act 1918* (No. 2981), direct that the provisions of Division 14 of Part V. of *The Constitution Act Amendment Act 1915*, applicable and severally hereinafter set out, shall apply to the election of councillors for the said municipality, with the alterations of such provisions as are shown below, the same being alterations deemed necessary for the purpose of carrying into effect such provisions as so applied.

The Constitution Act Amendment Act 1915.

COMPULSORY PREFERENTIAL VOTING.

(Part V.—Division 14.)

How Votes to be Marked by Voter.

292. (1) When at any election for the municipality a person receives a ballot-paper instead of striking out the name of any candidate for whom he does not intend to vote he shall mark his vote on the ballot-paper by placing the figure 1 opposite the name of the candidate for whom he votes as his first preference and shall give contingent votes for all the remaining candidates by placing figures 2, 3, 4 (and so on as the case requires) opposite their names so as to indicate by such numerical sequence the order of his preference.

(2) The candidate opposite whose name the figure 1 is so placed shall be deemed to be the candidate to whom the elector gives his vote for the purpose of the election.

Marking of Ballot-paper where only Two Candidates.

293. Notwithstanding anything contained in this Division, at any election where there are only two candidates—

- (a) the requirements of this Division as to the marking of ballot-papers by electors shall be deemed to be sufficiently complied with in the case of any ballot-paper marked so as to indicate the elector's first preference only; and
- (b) in the case of a postal ballot-paper the elector's first preference shall be deemed to be sufficiently indicated if the surname of only one candidate is written thereon.

Invalid Ballot-papers.

294. (1) A ballot-paper shall under this Division be rejected at the close of the poll if it does not indicate the elector's first preference for one candidate and in the case of any election where there are more than two candidates his contingent votes for all the remaining candidates.

Ballot-papers Not Invalid.

(2) Except as otherwise expressly provided a ballot-paper shall not be rejected for any reason other than the reasons enumerated in this section but shall be given effect to according to the elector's intention so far as his intention is clear.

Returning Officer to ascertain Results of Polling.

295. The returning officer (for the Riding) shall in manner hereinafter provided ascertain the total number of votes given for each candidate.

Procedure where only Two Candidates.

296. At elections where there are only two candidates section one hundred and forty-four of the *Local Government Act 1915* shall have full force and effect.

Procedure where more than Two Candidates.

297. At elections where there are more than two candidates the procedure by the returning officer and deputy returning officers for each Riding to ascertain the number of votes for each candidate shall be as follows:—

(1) Immediately upon the close of the poll the returning officer and every deputy returning officer at the polling place at which each presides shall in the presence and subject to the

inspection of such of the scrutineers as choose to be present and the poll clerk (if any) and of no other persons—

- (a) open the ballot-box at the polling booth at which he presides; and
- (b) arrange the ballot-papers by placing in separate parcels all those on which a first preference is indicated for the same candidate and the full contingent votes are also given for all the remaining candidates omitting ballot-papers which require to be rejected; and
- (c) count all such first preference votes given for each candidate respectively; and
- (d) make and keep a record of the number of votes counted from each ballot-box; and
- (e) abstain himself from inspecting the writing upon the back of the ballot-papers and take care that the same is not seen by any person.

(2) Each deputy returning officer shall—

- (a) certify a list of the number of such first preference votes given for each candidate at the polling place at which he presides and transmit such certified list to the returning officer together with the ballot-papers and copy of voters' roll as required by section 144 of the *Local Government Act 1915*.

(3) The returning officer shall—

- (a) make out in respect of the polling booth at which he presides a list of first preference votes given for each candidate; and
- (b) seal up in separate parcels in respect of the said polling booth the ballot-papers and voters' rolls in like manner as is required in the case of deputy returning officers.

(4) The returning officer shall as soon as practicable—

- (a) ascertain from the certified lists received from deputy returning officers the number of first preference votes given for each candidate; and
- (b) add the first preference votes so given for each candidate to the votes counted by himself in favour of each such candidate so as to ascertain for the whole Riding the number of first preference votes polled by each candidate respectively.

(5) The candidate who has received the greatest number of first preference votes shall if such number constitutes an absolute majority of votes (including the casting vote of the returning officer if necessary) be declared by the returning officer duly elected.

Counting of Votes by Returning Officer.

(6) If no candidate has an absolute majority of votes the returning officer shall upon receipt of the several sealed parcels from the deputy returning officers declare the candidate who has obtained the fewest first preference votes to be a defeated candidate, and with the assistance of such officers as he deems necessary shall (notwithstanding anything contained in the Act) in the presence and subject to the inspection of such of the scrutineers as choose to be present and the poll clerk (if any) but of no other persons then—

- (a) open all the sealed parcels containing used ballot-papers as well as the sealed parcel of used ballot-papers made up by himself; and
- (b) arrange such ballot-papers by placing in separate parcels all those on which a first preference is indicated for the same candidate and the full contingent votes are also given for all the remaining candidates omitting ballot-papers which require to be rejected; and the ballot-papers counted to such defeated candidate shall be distributed among the non-defeated candidates next in order of the voters' preference.

(7) After such distribution the number of votes given to each non-defeated candidate shall again be ascertained.

(8) If no candidate then has an absolute majority of votes the process of declaring the candidate who has the fewest votes to be defeated and distributing his ballot-papers amongst the non-defeated candidates next in order of the voters' preference shall be repeated and the votes recounted after every such redistribution until one candidate has obtained an absolute majority of votes, and such candidate shall then be declared duly elected.

Casting Vote for Exclusion during Progress of Count.

(9) If on any count two or more candidates have an equal number of votes and one of them has to be declared defeated the returning officer shall decide which is to be declared defeated.

Adjournment of Count of Votes to be Announced.

(10) If on the polling day the count of the votes by the returning officer cannot be completed he shall adjourn such count and inform the scrutineers and the officers appointed to assist him at such count as regards the time and place when and where such count will be continued and conducted by him.

(11) The count of the votes may from time to time be adjourned as the returning officer may deem necessary until it has been duly completed; and each adjournment shall be announced by the returning officer to the scrutineers and the officers assisting him.

Before Adjournment Ballot-papers, &c., to be Sealed in Ballot-boxes.

- (12) Before every adjournment of the count of the votes—
- (a) all ballot-papers and other documents connected with such count shall be placed in one or more ballot-boxes; and
 - (b) the returning officer shall then in the presence of such scrutineers and officers as are present seal such ballot-box or boxes; and before re-commencing the count the seal on such ballot-box or boxes shall be exhibited unbroken to such of the scrutineers and officers as are present.

(13) In declaring a candidate duly elected under this section the provisions of sub-section (5) of section 144 of the *Local Government Act 1915* shall have full force and effect.

Separate Parcels to be Enclosed in Packets according to Class and Sealed, &c.

298. At the conclusion of the count of votes the returning officer shall comply with the provisions of section 145 of the *Local Government Act 1915*.

Deposit Moneys.

299. The moneys paid to the returning officer by or on behalf of the candidates shall be dealt with in manner provided by section 154 of the *Local Government Act 1915* as altered as if in the said section for the word "votes" wherever occurring there were substituted the words "first preference votes."

Voting by Post.

300. When an elector votes by post, then (in lieu of writing on his ballot-paper the surname of the candidate for whom he votes) such elector shall in the presence of the person authorized to witness his signature, but so that the witness cannot see the vote—

- (a) first write on the ballot-paper the surname of the candidate for whom he votes in the first instance and mark the figure 1 against such surname; and
- (b) also write the surnames of all the remaining candidates underneath such name and record contingent votes for such remaining candidates numbering them 2, 3, 4, and so on in the order of his preference.

(2) Any instructions to electors required by the Act relating to voting by post to be printed on postal ballot-papers shall for the purposes only of this section be altered so far as is necessary to make them correspond with the provisions of this section, and shall as so altered be printed on the ballot-papers accordingly.

All such sales as aforesaid shall be subject to and within the time limits set out in section 9 of this By-law, and if any salesman shall have concluded the sale or offering of his lot before the time allowed as a time for such sale (as to which the decision of the Inspector shall be final) the salesman next in order shall immediately begin his sales.

The first salesman shall be entitled to summon his customers five minutes before the time appointed for commencing the sale. Each succeeding salesman shall commence to sell as soon as the salesman immediately preceding him in the order of priority shall have concluded his sale, or if such preceding salesman shall not have concluded his sale at the expiration of the time limit appointed by the next succeeding section of this By-law, then at the expiration of such time limit. In all cases the time shall be taken from the watch of the Inspector who shall act as timekeeper, and whose decision shall be final.

9. The limit of time to be allowed each auctioneer or salesman in selling or offering for sale the various kinds of cattle

shall be as follows, and no auctioneer or salesman shall exceed any such limit of time:—

For cows in milk, springing cows and springing heifers—
Two minutes for each lot.

But no auctioneer or salesman shall, in selling or offering for sale cows in milk and springing cows and springing heifers, exceed twenty minutes in all from the time when he shall be entitled to start his sales thereof till finishing the same. Upon the expiration of such period of twenty minutes, or earlier if the salesman first in order shall have earlier concluded his sale of cows in milk, springing cows, and springing heifers, the salesman next in order of priority shall proceed to sell upon the like conditions and limits as those hereinbefore mentioned, and so until all the salesmen entitled to sell shall, subject to the said conditions and limits according to their right of priority, have disposed of the cows in milk, springing cows, and springing heifers which they respectively have for sale.

But no auctioneer or salesman shall, in selling or offering for sale fat sheep and fat lambs, exceed twenty minutes in all from the time when he shall be entitled to start his sales thereof till finishing the same. Upon the expiration of such period of twenty minutes, or earlier if the salesman first in order shall have earlier concluded his sale of such fat sheep and fat lambs the salesman next in order of priority shall proceed to sell upon the like conditions and limits as those hereinbefore mentioned and so until all the salesmen entitled to sell shall, subject to the said conditions and limits, according to their right of priority, have disposed of the fat sheep or fat lambs which they respectively have for sale.

For store sheep (including rams) and lambs—For a pen of ten or under, one minute; a lot over ten, but not exceeding 150, two minutes; a lot over 150, three minutes.

But if any ten sheep belonging to one owner are offered singly then three minutes only in all shall be allowed for sale or offer of the ten. Provided further that any salesman having only one lot shall be allowed five minutes in all. The total maximum time limit for each salesman of store sheep shall be thirty minutes.

For store cattle—Lots of ten or under, two minutes; a lot exceeding ten, three minutes per lot.

Provided that lots known as singles, being less than three in number, shall not be offered till after the larger lots have been offered. The total maximum limit for each salesman of store cattle shall be thirty minutes.

For horses—The limit of time for each salesman of horses shall not exceed three minutes a lot, and twenty minutes in all.

For pigs—The time limit for each salesman of pigs shall not exceed ten minutes in all.

Any auctioneer or salesman who shall have sold his lot or lots before the expiration of his time limit shall at once give place to the salesman next entitled to sell, which salesman shall forthwith proceed to offer his lot or lots.

10. At any special sale on other than the ordinary market days, the auctioneers and salesmen interested shall arrange amongst themselves as to the order and time of selling. Should they fail to do so, the provisions of clauses 6 and 8 and 9 of this By-law shall apply.

11. Each auctioneer shall declare to the Inspector the correct number and the description of the lot or lots of stock he intends to offer before he shall start selling. The Inspector shall allot the times for selling such lot or lots. No auctioneer shall neglect or omit to give the Inspector the correct number and description of any lot or lots of stock as aforesaid.

12. All cattle brought to the Market for sale shall be placed in such pens or yards as the Inspector may direct. No person shall remove cattle from pen or yard to another without the consent of the Inspector. After allotment each pen and yard and all pens and yards allotted which is or are unoccupied or unused after the hour of half-past Eleven a.m. is and are to revert to the Inspector who may re-allot same. In case of any dispute arising as to the overcrowding of pens or yards, or as to priority or occupancy, the Inspector alone shall be competent to decide, and the disputants shall be bound by his decision. The Inspector shall have authority to remove, or order to be removed, cattle from one pen or yard to another, and any order he may give in that respect shall be promptly carried out and obeyed by any auctioneer, salesman, or other person placing or who has placed cattle in the said pens or yards or any of them.

13. The Inspector shall, two minutes before the expiration of the time limit for selling any kind of cattle, give the auctioneer selling notice of the time, and shall at the expiration of the said time ring a bell and thereupon the auctioneer selling must immediately cease selling.

14. No auctioneer shall offer or attempt to offer any kind of cattle for the second time on the same sale day unless such cattle are offered in conjunction with another lot not previously offered.

15. No person shall on any day sell or offer for sale by auction in the said Market any kind of cattle before sunrise or after sunset.

16. Every person placing cattle in the Market for sale shall be responsible for all tolls, dues, and charges due or accruing due thereon. No cattle shall be taken out of the Market until all tolls, dues, and charges payable in respect thereof shall have been first paid and satisfied.

17. No cattle which have been placed in any auctioneer's hands for sale shall be permitted to leave the market without the production and delivery of a written authority from the auctioneer in whose hands they were placed for sale in the Market.

18. All cattle of any kind not removed from the said Market by the hour of Ten o'clock on the morning next after any sale day may be removed by the Inspector at the expense and risk of the owner of any such cattle.

19. In all matters not specially provided for in this By-law and relating to the conduct of sales and the control of the Market, the Inspector's decision shall be final and binding on all persons.

20. No person shall obstruct the Inspector of the said Market in the performance of his duties, or release or remove any cattle from the said Market or from one part of the said Market to any other part thereof without the consent of the Inspector, nor shall any person willfully break down or damage any of the gates, fences, buildings, fixtures, appurtenances or chattels of the said Market, or cause any riot or disturbance, or curse or swear, or use any profane or indecent language, or be guilty of any indecent or gross conduct within the said Market, or in the immediate approaches thereto.
