THE land adjoins the western boundary of the recent subdivision at Patchewollock and is served by the Walpeup, Tempy, Speed, and Turriff Railway Stations.

The proposed extension of the Railway line to Patchewollock will bring railway facilities nearer the land.

The land is available for general selection, but no person who has not reached the age of eighteen is eligible to apply.

Applications (with uncanceled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any local Land Office or to the Under-Secretary for Lands, Lands Department, Melbourne, on or before Saturday, 29th September, 1923.

Applicants may apply for one or more allotments on one application form.

The term of the lease shall be for twenty years, and no free period will be allowed.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under selection purchase lease, and at the end of six years, if the residence, cultivation, improvement, and all other conditions have been complied with, the lease will be indorsed under the seal of the Board of Land and Works to the effect that such conditions have been complied with, and at any time within the remaining period of fourteen years a Crown Grant will be issued on payment of the full amount of the purchase money.

The survey fee ranges from £12 10s. to £13 15s. per allotment.

A deposit of £5 will be accepted on account of survey fee, the balance to be paid with half-yearly rents in equal half-yearly instalments during the first six years of the lease.

In accordance with section 16, *Land Act 1920*, provision for water storage must be made on the land to the extent of approximately 4 cubic yards per acre within two years from date of lease.

The lease will contain (*inter alia*) conditions to the effect as follows:—

That substantial and permanent improvements shall be made on the land; if in the second class, to the value of Two shillings and sixpence per acre before the end of the second year from the date of lease, another Two shillings and sixpence per acre before the end of each year of the third and fourth years, and the balance of Seven shillings and sixpence per acre before the end of the sixth year of the lease. If in the third class, improvements to the value of Five shillings per acre must be made on the land before the end of the third year from the date of the lease, and the balance of Five shillings per acre before the end of the sixth year of the lease.

That the lessee shall go into residence on the land within twelve months after the date of the lease, and shall reside for at least three years and nine months on, or within 5 miles of, the land during the first six years of the term of the lease, and shall also clear and cultivate at least one-fourth of his allotment within two years from the date of the lease.

That the lessee shall not transfer, assign, mortgage, or sublet or part with the possession, or grant the use of the whole or any part of the allotment during the first six years of the term of the lease, and that after the first six years of the term of the lease the lessee shall not sell, transfer, assign, mortgage, or sublet the whole or any part of the allotment unless and until the lease has been indorsed under the seal of the Board to the effect that all the conditions and covenants of the lease during the first six years thereof have been complied with.

That a special condition shall be inserted in the lease providing that the land referred to therein shall at all times be maintained and used for the purpose of residence or agriculture and grazing, and that no person will be permitted to subsequently acquire or hold, or have an interest in any area in the Mallee country in excess of that quantity of land as set out in section 20 of the *Land Act 1921*.

That the lessee or grantee or owner shall preserve the timber on, or plant an area of, not less than three per cent. of the total extent of his holding. (N.B.—Along the exposed boundary lines, viz., the western and southern, would be preferable.)

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purpose of roads and wind-breaks.

The value per acre on each allotment set out in the Schedule hereto includes loading for Water Supply and Road purposes.

The land is made available on the understanding that it is not permanently supplied with water by channels and is distant from railway facilities at present.

Plans can be obtained at the Inquiry Office, Lands Department, Melbourne, and at Land Offices, St. Arnaud and Bendigo.

Intending applicants may obtain warrants from any Land Officer authorizing the issue of a railway ticket at half fares for the purpose of inspecting the land.
