Except as provided in clause 31 above, no scholarship under clause 1, 7, 12, 17, 22, or 23 above and no free place under clause 31 (a) and (b) above shall be awarded to any candidate or applicant who, during the two years immediately preceding the first day of January in the year in which the scholarship or free place is awarded, has not been in continuous and regular attendance at a school in Victoria; but candidates or applicants who have not resided in Victoria for a period of two years may be granted permission to compete in the division or subdivision in which the school they have attended is placed.

(a) Where the holder of a scholarship under clause 1 or clause 12 above attends a higher elementary school or a district high school, he shall receive free tuition thereat; and, in addition, there shall be granted to his head teacher an allowance of £4 per annum towards the holder's expenses for school requisites.

(b) Where it is necessary that the holder of a scholarship under clause 1, 12, or 17 above shall reside apart from his parents or guardians, the Minister may, if he considers the circumstances warrant it, grant, in lieu of the cost of transit of such holder, an allowance for maintenance up to £26 per annum. If, however, the parents or guardians are in necessitous circumstances, the Minister may grant this allowance to holders not residing apart from their parents or guardians.

(c) The allowances mentioned in sub-clauses (a) and (b) of this clause shall not be granted to any scholarship holder if the total amount of net profits, emoluments, and income received by his parents or guardians

during the preceding year exceeded £250 or a quota of £50 for each member of the family, including such parents or guardians and excluding children earning a wage of Ten shillings or more weekly.

40. (a) Payments of allowances will be made quarterly, with the exception of those mentioned in clauses 21 and 38 (a) above which will be made to the head teacher at the beginning of the school year. All payments and all awards of scholarships by the Minister will be conditional on moneys being placed at his disposal by the Legislature.

(b) Applications for the Minister's approval of the allowance mentioned in clause 34 or 39 above must be made on a prescribed form and must be forwarded early in each year.

41. The Minister may at any time cancel any scholarship or free place if he is satisfied—

45. The Minister may remit the tuition fees at district high schools and technical schools in the cases of children of sailors or soldiers who, as a result of service in the Australian Imperial Force, lost their lives or now suffer serious disablement to such a degree as to interfere materially with their opportunities of earning a living.

INSTRUCTIONS.

1. All communications relating to scholarships should be so headed, and should be addressed to the Secretary, Education Department, Melbourne.

2. Details of the requirements in the subjects of the competitive examinations for Junior, Teaching, and Junior Technical scholarships will be announced, from time to time, in the *Education Gazette and Teachers' Aid*. Candidates from State elementary schools where an approved modified course for Grades VII. and VIII. is taken will have reserved for them a proportionate number of Junior and Teaching scholarships. The subjects of examination will be English, elementary mathematics, history and civics, geography, drawing, and one other subject (French or Latin or German or elementary science), as prescribed for the second year of the course in district high schools.

3. Applications to compete for scholarships or free places must be made on a prescribed form. Those for Junior, Senior, Teaching, and Junior Technical scholarships must be forwarded through the head teacher before the 7th of October; those for Senior Technical scholarships must be forwarded before the 1st of November; and those for free places must be forwarded before the 1st of December.

4. If a holder resigns his scholarship before the expiration of its term, he should at once notify the Department, at the same time stating the date and reason of resignation or withdrawal from school. The principal or head-master also should immediately report any case of resignation or withdrawal of the holder of a scholarship, at the same time giving the date and reason; and he should also report immediately any case where the conditions of tenure of a scholarship are not being fulfilled.

5. Holders of Teaching scholarships enter into an agreement with the Minister that they will observe the conditions of tenure of their scholarships, that they will not relinquish their scholarships without his permission, and that they will serve the Department as teachers in State schools during the three years next after the termination of their scholarships. If any of these scholarship holders withdraw from school or otherwise fail to observe the terms of their agreement, the principal or head master should at once forward to the Department a special report giving full particulars of the case.

6. If the holder of a Junior, Teaching, or Junior Technical scholarship wishes to transfer from one approved school to another, the parent or guardian should forward, through the principal or head-master, for his endorsement or comment, an application (including reasons) for the necessary permission.

7. Change in the place of residence of the holder of a scholarship or free place or of his parents or guardians should be immediately notified to the Department, together with the date of such change.

Payment of Allowances.

8. Allowances (with the exception of the allowance mentioned in 9 below) on behalf of holders of scholarships and free places are as a general rule payable quarterly to the parent or guardian. The allowance in connexion with Senior and Senior Technical scholarships and free places, however, may be claimed by the holder; and, in the case of scholarship holders attending approved registered secondary schools, the principal or head-master may claim, if he is duly authorized, on a prescribed form, by the parent or guardian. Claims should be rendered on the prescribed account forms, and should be forwarded to the Department in time to enable payment to be made by the end of the quarter. The quarters end 31st March, 30th June, 30th September, and 31st December. Applications for the Minister's approval of the allowance mentioned under clauses 34 and 39 should be made on a prescribed form by the parent or guardian, and must be forwarded early in each year.

9. The allowance of £4 per annum for school requisites on behalf of holders of Junior and of Teaching scholarships attending district high schools and higher elementary schools and of holders of Junior Technical scholarships is payable to the head-master at the beginning of the school year. The head-master should, early in the first term, submit a claim for the allowance on the prescribed amount form. As soon as he receives the allowance, he should purchase the necessary school-books, &c., and supply them to the scholars concerned. He should keep a book showing how he expends the allowance in each case. If, after payment of money for school-books, games, &c., there should remain any balance from the £4, such balance should be paid by the head master to the scholar or to his parent or guardian at the end of the year; but, if the scholar resigns his scholarship before the end of the year, the balance should be returned at once to the Department.

Examination Fees.

10. Each candidate for a Junior, a Teaching, or a Junior Technical scholarship is required to pay, at the time of application, an entry fee of Two shillings and sixpence. A candidate for one of these scholarships may obtain a list of the marks gained by him in each subject of the examination on payment of an additional fee of Two shillings and sixpence.

11. Candidates for Senior scholarships under clause 7 (a) are not required to pay any fee; but each candidate under clause 7 (b) only is required to pay to the University of Melbourne a fee at the rate of Five shillings per subject where such subject is taken solely for the purpose of the examination for Senior scholarships. In the case of a candidate who enters for a subject or subjects of the School Leaving Certificate examination (honors standard) and pays the ordinary fee, no extra fee is charged in respect of such subject or subjects if taken also for the purpose of the examination for Senior scholarships.

Senior Scholarships.

12. The approved course of study mentioned in clause 9 must qualify for matriculation by the end of the year in which the candidate competes for a Senior scholarship. Except in special cases where a modification is required in the interests of a candidate's future work at the University, this course must include, in the first year (that is, the year preceding that in which the candidate competes for a Senior scholarship), at least two subjects (pass standard) of the School Leaving examination and either three subjects, not previously passed, of the School Intermediate examination or two other subjects of higher standard, and, in the second year (that is, the year in which the candidate competes for a Senior scholarship), four subjects of the School Leaving examination of which three must be of honors standard. If the fourth subject of the second year of the course (i.e., the subject not being taken at the competitive examination for Senior scholarships) is not of School Leaving honors standard or is not being taken for the first time, it must be of a higher standard than previously taken. The condition that candidates must make satisfactory progress in the fourth subject must be strictly observed. The principal or head-master should submit early in the first term of each year a list, on a prescribed form, of

the pupils of his school who intend to compete for Senior scholarships at the examination in the following December, together with a statement showing when the pupil passed the School Intermediate examination and also the course of study (including University Public examination results) taken during the preceding two years and that proposed to be taken during the current year. The school examination papers of candidates in the second year of the course should be preserved for reference. In the case of each candidate, the principal or headmaster should forward, not later than the third Monday in December, a complete copy of the questions set at the last school examination in the fourth subject (i.e., the subject not being taken at the competitive examination for Senior scholarships) of the second year of the course, together with the number of marks allotted for each question or part of a question. The candidate's answer to those questions, the number of marks obtained by the candidate in each question or part of a question, and the total number of marks obtained in the subject should also be forwarded. The packet containing these examination papers and particulars should also include a list showing the name of each candidate concerned, together with the name of the fourth subject of study. If the candidate has also entered for the University Public examination in the fourth subject, a notification to this effect together with the candidate's number should also be forwarded. The packet should be endorsed with the name of the school and the words "Senior Scholarship—Fourth Subject."

13. Holders of Senior scholarships who desire to attend a district high school or a registered secondary school for another year may receive the Minister's authority for suspension, provided that they will not be more than 18½ years of age on the first day of January of the year in which they propose to enter upon their course at the University of Melbourne.

14. As a general rule, a Senior scholarship is not tenable in more than one course of study, and expires as soon as the holder completes the final year of the course upon which he entered at the University when he was awarded the scholarship. Exceptions to this rule are the following cases:—

(a) A holder who has completed the course for the degree of Bachelor of Arts or Bachelor of Science may have his scholarship continued for a fourth year to enable him to qualify for the Diploma of Education.

(b) A holder who has completed the course for the degree of Bachelor of Science may have his scholarship continued for a fourth year to enable him to qualify for the Diploma of Analytical Chemistry or for the degree of Master of Science.

If a holder desires to have his Senior scholarship continued for the purpose of completing one of these additional courses, he should notify his desire at the commencement of his scholarship, and, as soon as he has completed the course for the degree of Bachelor of Arts or Bachelor of Science, forward an application, stating full particulars, for the necessary permission.

Junior Technical Scholarships.

15. Winners of Junior Technical scholarships must be prepared to complete the full course of study prescribed for them, and will not be allowed to compete for Junior or Teaching scholarships.

Senior Technical Scholarships.

16. Applicants for Senior Technical scholarships may be called upon to submit evidence that they have received the preliminary training necessary to enable them to profit by the instruction given in the course selected by them.

17. Should the competitive examination referred to in clause 26 be held, applicants for Senior Technical scholarships in evening courses or in engineering subjects must show proficiency in English, mathematics, drawing, and manual work; applicants for scholarships in industrial art must show proficiency in English, drawing, and other subjects which may be regarded by the Board as requisite for the efficient carrying out of the particular course proposed to be taken; and applicants for scholarships in domestic arts must show proficiency in English, drawing, and elementary science.

18. When considering applications for Senior Technical scholarships, the Board will take into consideration the age of the applicant.

19. One of the conditions under which Senior Technical scholarships in evening courses are tenable is that the holder shall be in regular employment in the same kind of work as that in which the scholarship is granted. In the event of any of these scholarship holders failing to satisfy this condition, the Principal of the technical school should at once notify the Department.

20. In cases where holders of Senior Technical scholarships in evening courses change their employment, the Principal of the technical school should at once notify the Department.

21. A Senior Technical scholarship is not tenable in more than one course of study and expires as soon as the holder completes the final year of the course in which he was originally awarded his scholarship.

22. As a general rule, a holder, in order to have his Senior Technical scholarship continued each year, must complete all necessary examinations during each year of his course.
