#### THE MELBOURNE HARBOR TRUST COMMISSIONERS.

IN pursuance of the *Melbourne Harbor Trust Act 1915*, the Melbourne Harbor Trust Commissioners make the following Regulations:—

1. These Regulations shall come into operation on the 10th day of March, 1924.
2. In these Regulations "Principal Regulations" means the Regulations made by the Melbourne Harbor Trust Commissioners and approved by the Governor in Council on the 18th day of December, 1916, and published in the *Government Gazette* on the 5th day of January, 1917.
3. These Regulations shall, unless a contrary intention appears, be read and construed as one with the Principal Regulations and as part thereof.
4. Regulation 159 of the Principal Regulations is hereby repealed.
5. The following Regulation is made in place of Regulation 159 of the Principal Regulations:—

#### MINERAL SPIRITS.

159. The following special conditions shall apply to mineral spirits in addition to any of the Principal Regulations for the time being in force applicable thereto:—

- (a) The term "mineral spirits" shall be deemed to mean and include all mineral oils and all productions therefrom, and all admixtures containing mineral oil which have a flashing point of under 73 degrees Fahrenheit, and such other mineral oils and productions therefrom and admixtures containing mineral oil as may from time to time be defined as "mineral spirits" under the provisions of the *Customs Act 1901* of the Commonwealth of Australia or any amendment thereof.
- (b) No mineral spirits shall be shipped or unshipped except at a wharf or anchorage which may from time to time be set apart for the purpose by the harbor master.
- (c) No mineral spirits shall be shipped or unshipped until the master of the vessel concerned shall have given to the harbor master twenty-four hours' notice in writing of his intention so to do.
- (d) No mineral spirits contained in casks, barrels, tins, or other containers shall be shipped or unshipped until the hold or holds of the vessel has or have been thoroughly ventilated to the satisfaction of the harbor master.

(e) No mineral spirits contained in casks, barrels, tins, or other containers shall be shipped or unshipped unless such casks, barrels, tins, or other containers are staunch and free from leakage and are of such strength and construction as will prevent breakage or leakage.

(f) No mineral spirits shall be shipped or unshipped except between sunrise and sunset (unless such spirit is pumped through pipe lines at a berth and in a manner approved by the Commissioners).

(g) No mineral spirits shall be unshipped until the trucks or other vehicles into which such mineral spirits are to be loaded shall be placed in readiness to receive the same and no truck or other vehicle carrying mineral spirits shall be taken on any wharf until the vessel into which such spirits are to be shipped has moored alongside such wharf and is ready to receive such spirits.

(h) During the time from which the holds or tanks of any vessel carrying mineral spirits are first unsealed or opened for the purpose of shipping or unshipping mineral spirits until such time as all such mineral spirits have been shipped or unshipped and all tank heads or hatches have been closed and sealed down, no fire, or light other than a fire or light approved by the Commissioners shall be lit or used either on board the vessel or on shore within one hundred (100) feet of any place at which such mineral spirits are being shipped or unshipped, but this shall not prevent vessels whose construction shall have been approved by the Commissioners from heating their main boilers for the purpose of supplying power necessary for the working of machinery or appliances for the shipping or unshipping of such mineral spirits.

(i) No person shall while mineral spirits are in the course of being shipped into or unshipped from any vessel smoke thereon or within one hundred (100) feet thereof or of any place at which any such mineral spirits shall be, and no person engaged in such operations shall carry any fusee match or other appliance whatsoever which might produce ignition.

(j) No mineral spirits shall be allowed to discharge or escape on to any wharf or into the waters of the port.

(k) The master, agent, and owner of every vessel engaged in shipping or unshipping mineral spirits shall take every precaution to insure safety during the progress of the operations of shipping or unshipping, and shall be liable to the Commissioners for any loss of or damage to any property of the Commissioners occasioned by fire in connexion with the shipping or unshipping of mineral spirits into or from such vessel. The master of every such vessel shall—

(1) Display on the wharf adjacent to and on the gangways of the vessel into or from which mineral spirits are being shipped or unshipped notices of a size approved by the harbor master bearing the words—

"No Admittance Except on Business."  
"No Smoking Allowed."

(2) Have a competent person on the wharf to watch pipe lines and shut down valves whenever necessary to prevent the escape of any mineral spirits.

(l) No vessel carrying or shipping mineral spirits shall, except for the purpose of transshipment, lie at any wharf within one hundred (100) feet of any other vessel carrying or shipping mineral spirits at any wharf unless in the opinion of the harbor master it is impracticable to maintain such distance. A vessel carrying in tanks with properly secured tank heads mineral spirits for use as fuel on board only shall not by reason thereof be regarded for the purpose of this sub-clause or of sub-clauses (m) or (n) hereof as carrying mineral spirits.

(m) The master of every vessel engaged in shipping or unshipping mineral spirits shall not permit any repair work of any nature to be done to such vessel whilst so engaged.

(n) The master of every vessel carrying mineral spirits shall, immediately on the vessel being berthed, have a steel wire hawser sufficiently strong to enable the vessel to be hauled away from the wharf thereby placed over the fore and after ends of such vessel, and such hawser shall so remain during the whole of the time the vessel remains alongside the wharf.

(o) Every vessel from which mineral spirits are being shipped or unshipped shall have a competent person on board in charge of the operations until the whole of the mineral spirits have been shipped or unshipped, and every such vessel shall at all times have a responsible person on board to carry out and give effect to the provisions of these Regulations.

(p) The master of every vessel shall when required so to do by the harbor master afford him every reasonable facility to inspect and examine the mineral spirits on such vessel and all appliances in connexion therewith, so as to ascertain whether the provisions of these Regulations have been and are being observed.

This Regulation shall not apply to shipments of less than fifty tons in measurement.

6. Regulation 310 of the Principal Regulations is hereby repealed.

7. The following Regulation is made in place of Regulation 310 of the Principal Regulations:—

#### WHARFAGE RATES.

310. There shall be paid to the Commissioners in respect of all goods landed from any vessel within the port, unless exempted by any Act of Parliament or these Regulations, the rates specified in the schedule to this Regulation, provided—

(1) That goods which have been produced or manufactured within the Commonwealth, and which arrive at this port from any port in the Commonwealth, shall pay only 50 per cent. of the rates specified.

(2) That goods arriving from any port within the Commonwealth, but not produced or manufactured within the Commonwealth, shall pay the same rate as they would be liable to if imported direct from outside the Commonwealth.

(3) That goods arriving from any place within Port Phillip Heads shall pay only 25 per cent. of the rates specified.

(4) That goods brought in a vessel from any other place within the port of Melbourne shall when landed pay the same rate as goods arriving from any place within Port Phillip Heads.

## SHIRE OF COLAC.

## PROPOSED SEVERANCE AND CONSTITUTION OF A NEW MUNICIPALITY.

IN pursuance of the provisions of the *Local Government Act* 1915 (No. 2686), section 46, the substance and prayer of a petition in accordance with the said Act, which has been presented to His Excellency the Governor, are published, viz.:—

The petitioners purport to constitute a majority of the rate-payers in the portion of the Shire of Colac which is described in their petition, and they desire that the area so described may be severed from the Shire of Colac and constituted a new municipality under the name and title of "The Shire of Corangamite".

## Area Described in Petition

Commencing at a point on the western boundary of the shire on the eastern shore of Lake Corangamite due west of the south-west angle of allotment 28, Parish of Dreeite; thence due east to and by a road to the south-east angle of allotment 25a; thence northerly by a road to the south-east angle of allotment 24a; thence east by a road to the south-east angle of allotment 94A, Parish of Ondit; thence south by the west boundary and east by the south boundary of the said parish to the western shore of Lake Colac; thence southerly and easterly by the shore of the said lake to the north-west angle of the Colac township reserve; thence south by the west boundary and east by the south boundary of the said reserve to the south-east angle thereof; thence by a line due south to the south boundary of the shire; thence following the shire boundary westerly and northerly to the point of commencement.

The petitioners state that:—

1. The extent of the Colac Shire as at present defined has, owing to increased settlement and development in primary production, become too unwieldy, and supervision of various activities, such as road repair and construction, has been more or less neglected.

2. With the large increases in settlement in the Corangamite Riding the demand for repairs of existing roads and construction of new ones makes it imperative to have a localized government, and constant and efficient supervision. Under present conditions this is impossible, with the result that roads are fast getting beyond repair and new roads are not following the trend of population. Furthermore, as a result of the construction of the Colac Alvie railway line, heavy road traffic is tending to concentrate on three station areas within the riding.

3. The proposed new shire at present forms the Corangamite Riding of the Shire of Colac, and, although its revenue almost equals the whole of the remainder of the shire, the Corangamite Riding has only three representatives in the Council; while the remainder of the shire, divided into three ridings, has nine representatives.

The petitioners further state that the extent of the proposed new shire would lend itself to economic and sound government.

The petitioners therefore pray that His Excellency in Council may be pleased to sever the area above described, and constitute it a separate municipality under the name and title of "The Shire of Corangamite," such municipality to be subdivided into three ridings to be called the South Riding, East Riding, and West Riding.

Notices for the petitioners may be served on R. T. McCarthy, Bullock Swamp, *via* Colac.
