(2) Where the supply is solely for other than domestic purposes, a quantity which, if charged as provided by the last preceding section, would give a sum of Twenty shillings for any continuous period of three months.

Security.—Ten per cent. on total amount of tender accepted, except when otherwise specified in the tender form, but in no case will security of less than £5 be received.

Schedules as above, with full particulars, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information afforded to persons tendering.

If the tenderer is in a position to supply a suitable substitute of Commonwealth production or manufacture in place of the sample at the Tender Board Office he may tender for such substitute under column A in the schedule, but he must submit with his tender a sample of the article offered.

Preference will be given by the Tender Board, provided the quality of the articles offered is satisfactory, and the rates charged are considered reasonable—

(a) to tenders for articles manufactured within the Commonwealth;

(b) to tenders for articles manufactured within any other part of the British Empire;

In all cases the country of origin of the articles offered must be stated, and the total cost of each item extended in the columns provided.

Tenders must be accompanied by the preliminary deposit, as shown above, in bank notes, or a bank draft in favour of the Secretary to the Tender Board. *Cheques, Savings Bank deposit books, fixed deposit receipts, State or Commonwealth Treasury bonds or Government debentures, or references to securities on existing contracts will in no case be received or entertained as preliminary deposits.* Preliminary deposits will be returned within ten days to unsuccessful tenderers on their application.

The amount of the deposit required with each tender must be enclosed and the amount must be carefully written in and the designation stated, whether marked cheque, bank draft, or bank notes, as the case may be.

Security will be required, either in Victorian or Commonwealth Government debentures, Savings Bank deposit book, or bank deposit receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

In the event of tenderers withdrawing their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited, and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for a breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and having the words "Tender for ——" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne; or, if sent by post, postage must be prepaid; and the tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, which office they must reach by first post on the date of closing of tenders.

Conditions of Contract are those published under General Stores, in the *Victoria Government Gazette* of 31st December, 1924, pages 4180 and 4181.
