1.	Stationery, General	£5
2.	Stationery, General	£5
3.	Stationery, General	£10

Security.—Ten per cent. on total amount of tender accepted, except when otherwise specified in the tender form, but in no case will security of less than £5 be received.

If the tenderer is in a position to supply a suitable substitute of Commonwealth production or manufacture in place of the sample at the Tender Board Office he may tender for such substitute under column A in the schedule, but he must submit with his tender a sample of the article offered.

Preference will be given by the Tender Board, provided the quality of the articles offered is satisfactory, and the rates charged are considered reasonable—

In all cases the country of origin of the articles offered must be stated, and the total cost of each item extended in the columns provided.

Security will be required, either in Victorian or Commonwealth Government debentures, Savings Bank deposit book, or bank deposit receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

In the event of tenderers withdrawing their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited, and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for a breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and having the words "Tender for ——" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne; or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, which office they must reach by first post on the date of closing of tenders.

Conditions of Contract are those published under General Stores, in the *Victoria Government Gazette* of 6th January, 1926, pages 26 and 27.

Tenders, enclosed in a separate envelope, and having the words "Tender for" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, they must be prepaid and addressed to the Chairman of the Tender Board, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample where so stated, and of the particular description indicated in the schedules of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In the event of a tender being accepted for goods of Commonwealth or British manufacture (as the case may be), all such goods supplied shall bear evidence that they are of the particular manufacture tendered for, and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied. The supplies are to be the best quality of their several kinds or manufacture.

3. The value of all packages, cases, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, &c. The net quantity only will be paid for. Contractors must provide, without extra charge, whatever labour may be required in the packing of stores, and the stores shall be packed in such a manner as shall secure them from injury during transit, and until delivery such stores shall be at the risk of the contractor.

4. All orders for supplies will emanate from the Education Department. The goods shall be delivered as may be directed by the officer ordering the supply.

5. Supplies ordered for delivery in Melbourne are to be delivered free of all charges (whether cartage, freight, &c.), and; for the purposes of this contract, Melbourne will include a radius of 6 miles from the General Post Office.

6. Arrangements as to time of delivery and inspection of goods will be made by the Secretary for Education or such other officer whom he may appoint.

7. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in Condition 6, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

8. All orders, duly received, shall be returned to the Education Department at the end of each month, accompanied by an account under the Audit Act and Regulations for the articles supplied during the month, and, on receipt of same, the contractor shall be entitled to payment, due time being allowed for the examination and verification of the claim.

9. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. Delivery of the articles will not be deemed to be made until they have been handed in good order and condition to the head teacher of the school or such other person as may be authorized to accept delivery, &c. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made; give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

10. All goods forwarded under this contract shall, where practicable, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor by whom consigned.

11. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any department, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Department or such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be forwarded to consignee in accordance with Clause 12. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition will subject the contractor to such mulct as the Tender Board may recommend under Clause 17 of these conditions. Such mulct may be deducted as in Clause 7.

12. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay

to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred for same will be deducted as in Clause 7.

13. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners under special freight conditions, the contractor shall in such instance provide, in writing, on the consignment note an intimation to that effect, failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount being deducted from the contractor's account or the security money.

14. The official order issued by the Education Department shall be, by the contractor, forwarded by post to the teacher to whom each parcel is directed, for him to sign and return.

15. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 7.

16. The members of Boards of Survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in Condition 7.

17. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount may be deducted as in Condition 7. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any portion of the security money.

18. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

19. Notwithstanding anything contained to the contrary in section 152 of the Customs Act 1901-24, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. The foregoing provision, however, shall not apply to contracts for imported goods in which fixed and definite quantities to be delivered at stated times are expressed in the Schedules. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

20. Should an increase or reduction take place in the prices at present charged for books and school requisites contained in the said schedule hereto by the publishers or manufacturers, a corresponding increase or reduction shall be made to or by the contractors in the prices of the articles supplied by them. In case of any disagreement as to the amount of increase or reduction the same shall be decided and settled by the Director of Education.

21. Under no circumstances will the contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

22. Should the Minister of Public Instruction for the time being decide to discontinue the use of any book, map, or any other article in the schedule, or to direct that any book, map, or any other article other than those enumerated therein be taken into use, he shall at any time give six months' notice of such intention or decision to the contractor, and after the expiration of the period of such notice the Education Department shall not be bound to take any further supply of such book, map, or any other article, nor shall the contractor be bound to supply the same, and all books or maps not in the schedule, but which it may be decided to introduce, shall be supplied by the contractor after expiration of such notice at a price to be agreed on between the Minister of Public Instruction for the time being and the contractor.

TENDERS FOR GRAZING LANDS.

FOR THE PERIOD 1ST OCTOBER, 1926, TO 30TH SEPTEMBER, 1927,
EXCEPT WHERE OTHERWISE STATED.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box on or before Noon on Thursday, 30th September, 1926.

NOTE.—No tender will be accepted unless the fee for the full period and fee of Five shillings for licence are forwarded.

TENDERS will be received on or before Noon on Thursday, 30th September, 1926, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 121 of the Land Act 1915 shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 121st section of the Land Act 1915, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the Land Act 1915 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the Government Gazette, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1922* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

SPECIAL CONDITIONS.

1. The period of occupation will, except where otherwise specified, be for twelve (12) months from 1st October, 1926, to 30th September, 1927.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. *Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.*

5. The highest or any tender not necessarily accepted.

6. *Tenderers must give their full name, occupation, and ordinary postal address.*

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. *The outgoing tenant has the option to remove any existing fencing owned by him within one month, or to require the incoming tenant to pay for it in accordance with the provisions of section 124, Land Act 1915.*

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the incoming tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act 1915*, provides—

1. Where a licensee under section 121 of the *Land Act 1915* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

on behalf of the Mayor, Councillors, and Citizens of the said city, for the purpose of carrying the said Act into execution within their jurisdiction, make the following By-law (that is to say):—

1. By-law No. 53, made by the Council of the City of Hawthorn under the *Health Act 1890*, is hereby repealed.

2. This By-law shall come into force and operation on its approval by the Governor in Council, and immediately after its publication in the *Government Gazette*.

3. This By-law shall apply to and have operation throughout the whole of the municipal district of Hawthorn.

4. In this By-law, unless inconsistent with the context or subject-matter—

“Proprietor” means the proprietor of any premises, and includes the owner, the occupier, or any person having the management or control thereof.

“Refuse” includes all wastes (except sewerage and manure) produced or accumulated in or about any house, building, or premises.

5. The proprietor of every house, building, or premises shall provide, keep, and maintain at all times upon his premises a properly constructed receptacle in which he shall from time to time cause to be deposited all refuse produced or accumulated in or about such house, building, or premises.

6. Such receptacle shall be constructed of galvanized iron of not less than 24 gauge, or other approved material, in such a manner as to prevent any absorption by any part of such receptacle of any offensive matter which may be deposited therein, or any escape by leakage or otherwise of any part of the contents of such receptacle.

7. Each such receptacle shall have a capacity of not more than 3 cubic feet, and shall be so constructed as to be capable of being easily and conveniently carried by one man.

8. It shall be strongly constructed, and provided with properly attached side lifting handles.

9. Such receptacle shall be provided with a suitable close-fitting lid, with a flange overlapping the top of such receptacle, and shall be kept constantly covered (except when such refuse is being deposited therein or discharged therefrom), and a sufficient quantity of some efficient deodorant shall be from time to time introduced therein when necessary to keep such refuse in an inoffensive condition.

10. No person shall place, or cause or permit to be placed, any slops or liquid waste in such receptacle, nor shall deposit any moist refuse in such receptacle unless such moist refuse has been previously strained and effectually wrapped in waste paper.

11. The proprietor shall cause such receptacle to be kept at all times in good order and sweet condition, and shall coat the inside of such receptacle with tar or other suitable substance when deemed necessary by the Council.

12. The proprietor shall cause, at such hours and on such days as may be appointed by the Council for the removal of refuse, such receptacle to be deposited inside the yard of such house, building, or premises, at a distance not exceeding 10 feet from the entrance to such house, building, or premises from the street, land, or right-of-way on which such house, building, or premises abut, in order that the contents of such receptacle may be conveniently removed by the contractor or person authorized or employed in that behalf by the Council.

13. No person shall place, or cause to be placed, any such receptacle in or upon any street, land, or right-of-way, except in the case of business premises built on the street alignment, where such premises do not abut on a suitable right-of-way or land on which such receptacle could be placed for collection and emptying.

14. If any person or persons commit a breach of this By-law, he or they shall for every breach be liable to a penalty of not more than Twenty pounds, and in the case of continuing offence a further daily penalty of not more than Five pounds.

1. All former By-laws, as far as they relate to the matters and things provided for in this By-law, are hereby repealed.
2. This By-law shall come into force and operation on its approval by the Governor in Council, and immediately after its publication in the *Government Gazette*.
3. This By-law shall apply to and have operation within the municipality of Williamstown.
4. In this By-law, unless inconsistent with the context or subject-matter—

6. Such receptacle shall be constructed of galvanized iron of not less than twenty-four (24) gauge, or other material approved of by the Council, in such manner as to prevent any absorption by any part of such receptacle of any offensive matter which may be deposited therein, or any escape by leakage or otherwise of any part of the contents of such receptacle.

7. Each such receptacle shall have a capacity of not less than two and a-half (2½) nor more than four (4) cubic feet, and shall be so constructed as to be capable of being easily and conveniently carried by one man.

11. The proprietor shall cause such receptacle to be kept at all times in good order and sweet condition, and shall coat the inside of such receptacle with tar or other suitable substance as often as occasion may require, or when directed to do so by the Council.

12. The proprietor shall cause, at such hours and on such days as may be appointed by the Council for the removal of refuse or rubbish, such receptacle to be deposited close to and inside of the entrance to each house, building, or premises from the street, lane, or right-of-way on which such house, premises, or building abut, in order that the contents of such receptacle may be conveniently removed by the contractor or person authorized or employed in that behalf by the Council, but the Council shall determine at which entrance such receptacle shall be placed.

17. Such vehicle shall as far as practicable be rendered watertight by means of an impervious lining, or by painting the inside thereof with tar, or by other suitable and effective means.

18. Such vehicle when full shall be taken by the quickest possible route to the dépôt, incinerator, or destructor, where as soon as practicable the refuse and rubbish shall be rendered innocuous by means of fire or such other method as may be approved by the Council, and in such manner as not to create a nuisance.

19. The contractor or person authorized or employed by the Council for the removal of such refuse or rubbish shall cause all vehicles used for the reception and removal of such refuse and rubbish to be properly constructed, kept clean, and thoroughly disinfected with approved disinfectant, and maintained in a proper state of repair.

20. If any refuse or rubbish is authorized to be deposited or disposed of in or on any land, hole, quarry, or indentation, such refuse and rubbish shall be deposited in a regular and orderly manner, and, at the conclusion of each day's depositing, the contractor or the person or persons authorized or employed by the Council shall blind the surface with clean earth, lime, or other approved material, so as not to create a nuisance.

21. If any person or persons commit a breach of this By-law, he or they shall for every such breach be liable to a penalty of not more than Twenty pounds, and in the case of a continuing offence a further daily penalty of not more than Five pounds.
