1. All former By-laws, as far as they relate to the matters and things provided for in this By-law, are hereby repealed.

2. This By-law shall come into force and operation on its approval by the Governor in Council, and immediately after its publication in the *Government Gazette*.

3. This By-law shall apply to and come into operation in the area enclosed by Maryvale-crescent (east side), between Ann-street and Commercial-road; Commercial-road (both sides), between Maryvale-crescent on the west and Chapel-street on the east; Station-street (both sides) between the La Trobe-road on the west and Church-street on the east, in the Township of Morwell, and to such further area or areas that the Council may by resolution add from time to time to such above-mentioned area.

4. In this By-law, unless inconsistent with the context or subject-matter, "proprietor" means the proprietor of any premises, and includes the owner, the occupier, or any person having the management or control thereof.

5. The proprietor of every house, building, or premises shall provide, keep, and maintain at all times upon his premises a properly constructed receptacle, in which he shall from time to time cause to be deposited all rubbish or refuse produced or accumulated in and about such house, building, or premises.

6. Such receptacle shall be constructed of galvanized iron of not less than 24 gauge or other approved material in such manner as to prevent absorption by any part of such receptacle of any offensive matter which may be deposited therein, or any escape by leakage or otherwise of the contents of such receptacle.

7. Each such receptacle shall have a capacity of not less than 2½ nor more than 4 cubic feet, and shall be so constructed as to be capable of being easily and conveniently carried by one man.

8. It shall be strongly constructed, and provided with properly attached side lifting handles.

9. Such receptacle shall be provided with a tight-fitting lid with a flange overlapping the top of such receptacle, and shall be kept constantly covered (except when such refuse or rubbish is being deposited therein or discharged therefrom), and a sufficient quantity of some efficient deodorant shall from time to time be introduced therein when necessary to keep such refuse or rubbish in an inoffensive condition.

10. No person shall place, cause or permit to be placed, any slops or liquid waste in such receptacle, nor shall deposit any moist refuse or rubbish in such receptacle, unless such moist refuse or rubbish has previously been strained and effectually wrapped in waste paper.

11. The proprietor shall cause such receptacle to be kept at all times in good order and sweet condition, and shall coat the inside of such receptacle with tar or other suitable substance when deemed necessary by the Council.

12. The proprietor shall cause, at such hours and on such days as may be appointed by the Council for the removal of rubbish or refuse, such receptacle to be deposited close to and inside of the entrance to such house, building, or premises from the street, lane, or right-of-way on which such house, building, or premises abut, in order that the contents of such receptacle may be conveniently removed by the contractor or person authorized or employed in that behalf by the Council.

13. No person shall place or cause to be placed such receptacle in or upon any street, lane, or right-of-way unless with the consent, in writing, of the Council, which consent shall only be given in the case of business premises built on the street alignment where such business premises do not abut on a suitable right-of-way or land upon which such receptacle could be placed for collection and emptying.

14. The contractor or person authorized or employed by the Council for the removal of such refuse or rubbish shall be responsible for the complete emptying (without spilling any of the contents) of such receptacle or receptacles directly into the vehicle provided for its reception, at such hours and on such days as may be appointed by the Council.

15. Such contractor or person shall also be responsible for the replacement of such receptacle properly covered with its lid, and shall also close the gate or gates of the premises from which such receptacle is taken.

16. The contractor or person authorized or employed by the Council for the removal of such refuse or rubbish shall, at least once in every week or at such greater frequency as may be necessary, collect and remove such refuse or rubbish in a suitable covered vehicle in such manner as not to cause a nuisance, danger to health, or offensiveness.

17. Such vehicle shall be provided with a cover which shall open in sections from either side of the vehicle, and only the section which shall be in actual use shall be uncovered at a time.

18. Such vehicle shall as far as practicable be rendered watertight by means of impervious lining, or by painting the inside thereof with tar, or other suitable or effective means.

19. Such vehicle shall, when full, be taken by the quickest possible route to the dépôt, incinerator, or destroyer, where as soon as practicable the refuse and rubbish shall be rendered innocuous by means of fire or other such method as may be approved by the Commission, and in such manner as not to create a nuisance.

20. The contractor or person authorized or employed by the Council for the removal of such refuse or rubbish shall cause all vehicles used in the reception or removal of such refuse and rubbish to be properly constructed, kept clean, and thoroughly disinfected with approved disinfectant, and maintained in a proper state of repair.

21. If any refuse or rubbish is authorized to be deposited or disposed of in or on any land, hole, quarry, or indenture, such refuse and rubbish shall be deposited in a regular and orderly manner, and at the conclusion of each day's depositing the contractor or person or persons authorized or employed by the Council shall blind the surface with clean earth, lime, or other approved material, so as not to create a nuisance.

22. Land upon which refuse or rubbish has been deposited shall be seasonably planted or sown with grass, or any forage or cereal crops or other vegetable life as the Council shall direct or approve.

23. To provide for the proper removal and disposal of refuse and rubbish as above set out, the proprietor of every house, building, or premises situated within the boundaries of the areas provided for in this By-law shall pay to the Council of the Shire of Morwell, at the Shire Office, Morwell, such sum or sums as shall from time to time be fixed by the said Council for such work, in such manner as the Council shall direct.

24. If any person or persons commit a breach of this By-law, he or they shall for every such breach be liable to a penalty of not more than Twenty pounds (£20), and in the case of a continuing offence a further daily penalty of not more than Five pounds (£5).
