TRIENNIAL GENERAL RENEWAL OF ELECTORS' RIGHTS.

Important Notice to Electors.

IT is hereby notified that all persons who are holders of electors' rights issued before or on the 1st December, 1925, must, not later than the 1st December next, obtain renewed rights in lieu thereof, in order to have their names retained upon the new General Electoral Lists, which will be made up forthwith after that date.

Neglect of this action will result in the omission of the names of the persons so neglecting from such Lists.

The old right must in every case be delivered up to the Registrar, but the renewed right will be equally available for any election that may take place before the coming into force of the new rolls in February, 1927.

Intending applicants for electors' rights are advised to apply early to the Registrar. If application be postponed until the last day allowed for the purpose, the Registrar may be unable to issue rights to all applicants, and those to whom rights are not issued will not be enrolled, and will lose their title to vote.

No person whose name is on, or entitled to be on, any roll of ratepaying electors for any division of a province may obtain an elector's right for such province.

Persons of foreign birth who desire to obtain electors' rights must, if not already naturalized, obtain letters of naturalization, without which they are not qualified.

Each applicant for an elector's right for the Legislative Council should provide himself with a Sixpenny duty stamp necessary for payment for the right.

No person shall be awarded a studentship in any of the courses of training mentioned above until he has submitted a certificate from the school medical officer or from a qualified medical practitioner approved for this purpose by the Director that he is of sound constitution, and is free from any physical defect likely to impair his usefulness as a teacher. When the medical examination of such persons discloses minor defects of a remediable character, such as unsound teeth, post-nasal growths, or defects in eyesight or hearing, such student may, at the discretion of the Director, be allowed to enter upon his studentship for a period of three months on probation. At the end of such probationary period, the studentship may be withdrawn from such student if satisfactory treatment of the defects referred to has not been carried out.
