## GENERAL REGULATIONS FOR PASSENGER TRAFFIC.

1. **ALL TRAFFIC** is carried subject to the Railways Acts and to the By-laws of the Commissioners, as well as to the following Regulations.

2. **Times of Trains.**—The times stated in the published time tables are those at which it is intended, so far as the circumstances will permit, that the trains should arrive at, and depart from, the various stations; but the Commissioners do not guarantee the departure or arrival of trains at the times stated, nor will they be responsible for delay or any consequences arising therefrom.

The Commissioners reserve the right to cancel wholly or in part any of the trains shown in the published time tables, or to vary the stations at which the trains will pick up or set down passengers, and the times of arrival or departure, as shown in such time tables must be taken to be subject to such right.

3. **Before commencing their journey**, passengers should refer to the published time tables, or make inquiry from the officer in charge, to ascertain whether they can reach their destination on the desired date.

4. **Passengers should procure Tickets** before the arrival of the train at the station from which they intend travelling, as no tickets will be issued after the arrival of the trains at the platform, except at Refreshment Room stations, where tickets will be issued up to five minutes before the advertised time of departure of trains.

5. **Tickets issued at intermediate stations when there is room in Trains.**—Where passengers are booked at an intermediate station for any train, it is in all cases on condition that there is room on such train in the class of carriage for which the passengers are booked, and when there is not sufficient room for all such passengers, those booked for the longest distance shall have the preference, and those booked for the same distance shall have priority according to the order in which they are respectively booked.

6. **Passengers to have Tickets Ready.**—Passengers are requested to have their tickets in readiness for inspection at the places where they are required to be shown.

7. **Suburban Passengers not to travel by Country Trains.**—Passengers shall not be conveyed to or from stations within the suburban area by country trains unless specially so provided in the published time table.

8. **Entering Stations.**—No person, other than those provided in General Regulation No. 9, shall be allowed to enter upon the platform at any station at which the barrier system is in force unless such person be—

- (i) an intending passenger provided with a proper ticket, or
- (ii) in possession of a current platform ticket available at such station.

Tickets must be produced at the barrier.

9. **Platform Tickets.**—At such stations as the Commissioners may determine, tickets for admission to railway platforms will be issued at the undermentioned charges, but the Commissioners reserve the right to limit the number of such tickets which shall be issued, and to decline to issue such tickets on any day or in connexion with any train.

Tickets for one admission	3d.
Yearly platform tickets for admission to the station platforms specified on the ticket, issued only as from the first day of January, April, July, and October	12s. 6d. per annum

Yearly platform tickets may be permanently transferred, in the event of the death, sickness, resignation, or dismissal of the holder, to another person engaged in the business of the same individual, firm, or company, on payment of a fee of 1s. 7d. for each transfer, subject to a maximum of two transfers.

No allowance will be made in respect of yearly platform tickets not used for the full period of their availability.

The holder of an All-lines or Sectional Periodical Ticket may, without additional payment, be allowed to enter on any platform on the section of line covered by and during the period of availability of such periodical ticket, provided that at stations where there are a number of platforms (such as Spencer-street) the holder of such a periodical ticket will only be allowed to enter on the platform from which the train is to be dispatched to the section of line covered by his periodical ticket. If admission is desired to another platform, a platform ticket must be purchased.

10. **Tickets Lost or Misaid.**—The Commissioners do not undertake to refund money or to make allowance in respect of any ticket, pass, or symbol which has been lost or misaid, except as provided by General Regulation No. 16 for Periodical Tickets.

# GENERAL REGULATIONS—continued.

## 11. Refunds on Surrendered Tickets—

- (i) *Portions of Return Tickets.*—In bona fide cases in which the holders of return halves of tickets are prevented from travelling on the return journey, a refund will be allowed of the difference, if any, between the return fare paid and the single fare (subject to the deduction specified in Clause (iii)) provided that application is made to, and the ticket lodged with, the General Passenger and Freight Agent, before the expiry of the period for which it is available.
- (ii) *Periodical Tickets.*—Substituted tickets issued under General Regulation No. 16 excepted.—Refunds, as under (subject to the deduction specified in clause (iii)), will be allowed on periodical tickets surrendered to the General Passenger and Freight Agent during their currency, provided that, if any reduction has been made on account of or in connexion with a surrendered ticket, the value of such reduction shall be deducted from the amount, if any, to be refunded.

*Monthly Tickets.*—One return journey (Suburban Lines) or two single journeys (Country Lines) for each day the ticket is in the possession of the passenger will be charged for at the ordinary fare, and the balance, if any, refunded.

*Quarterly Tickets.*—The time during which the ticket is in the possession of the passenger will be charged for on the daily or monthly fare basis, as the case may be, and the balance, if any, refunded.

*Half-yearly Tickets.*—The time during which the ticket is in the possession of the passenger will be charged for on the daily, monthly, or quarterly fare basis, as the case may be, and the balance, if any, refunded.

*Yearly Tickets.*—The time during which the ticket is in the possession of the passenger will be charged for on the daily, monthly, quarterly, or half-yearly fare basis, as the case may be, and the balance, if any, refunded.

When refunds are allowed on Yearly or Half-yearly All Lines or Country Sectional Tickets on which the right of transfer fee has been paid the amount to be retained shall be based on the ordinary charges for the period during which the ticket has been in the possession of the holder or on the number of transfers that have been granted calculated as for one month for each transfer, whichever shall give the greater amount, plus the transfer fees paid.

- (5) Between Ballarat and stations to North Creswick and Newtown inclusive (see page 70).
- (6) Between Sulky and Creswick, and Sulky and North Creswick (see page 70).
- (7) That the mileage between—

- (8) (i) When computing the fare for a sectional ticket available for two routes between the same two stations, the mileage shall be calculated at the full mileage for the longer, and half the mileage for the shorter route, when this method is cheaper than the fare for the mileage for the section via both routes.

For the purpose of computing the mileage on this basis, the station nearest the mean mileage of the two routes shall be taken as a basing station as shown in the following examples:—

## Exceptions:—

- (A) Tickets covering the section between Melbourne and Ballarat, which shall be calculated on the mileage via Bacchus Marsh, are available via both the Geelong and Bacchus Marsh routes.
- (B) Tickets covering the section between Melbourne and any station on the Whittlesea line, which shall be calculated on the mileage via Clifton Hill, are available via both the Clifton Hill and Royal Park routes.

PERIODICAL TICKETS—*continued*.

(iii) When computing the fare for a sectional ticket, available by more than two routes between any two stations, the fare shall be computed on full mileage for each route.

In computing the mileage for a sectional ticket, a section of line is not to be charged for twice, except as provided in clause (8), sub-clauses (i) and (ii), and the mileage for lines radiating from junction stations is to be charged via the intermediate junction if one exists. For list of intermediate junctions, see page 180.

Example.—The fare for a sectional ticket Maffra to Sale shall be computed on the mileage Maffra to Stratford and Stratford Junction to Sale.

For tickets including Albury, N.S.W., see page 146.

Requisitions for tickets between stations to which there are two or more routes must indicate the route for which the tickets are available in order that the tickets may be printed accordingly.

The free luggage allowance does not apply in the case of any Coach, Motor, or Boat journeys for which the Commissioners issue Combination Tourist tickets, and passengers will require to make their own arrangements as to luggage with the Coach, Motor, or Boat Proprietors, as the case may be.

2. In the absence of negligence on their part or on the part of their servants or agents the Commissioners will not be accountable in damages or otherwise for or in respect of any loss, miscarriage, detention, non-delivery, or damage howsoever arising of or to any package, parcel, or portion of a passenger's luggage carried or handed to the Commissioners' servants or agents for carriage by rail free or at excess rates:—

- (ii) unless the passenger has obtained a luggage check for such package, parcel, or portion as hereinafter provided, and
- (iii) unless excess rates (if any) payable under these conditions in respect of the passenger's luggage or any portion thereof have been previously paid, and

The omission of a passenger to satisfy the requirements of the By-laws shall not be excused by reason of the same being imputable to any alleged insufficiency of time or any other cause not attributable to the default of the Commissioners, their servants, or agents."

3. Passengers must have their names, and the name of the station to which they are proceeding, distinctly marked on their luggage; and if the luggage be left behind and forwarded by a subsequent train, through neglect of this precaution, ordinary parcels rates shall be charged. To prevent mistakes, passengers should also have all old labels and addresses removed from their luggage.

To facilitate recovery in the event of luggage going astray owing to address labels becoming detached in transit, passengers should place *inside their luggage* particulars of the same address as appears on the outside.

4. Luggage shall not be accepted unless otherwise provided (see clause 5)—

PARCELS AND LUGGAGE RATES—*continued.*

5. Luggage booked on Tourist Tickets. (a)

0. Luggage booked on tourist tickets. (a)
- (i) Passengers holding tourist tickets covering a journey passing through Melbourne may, if they so desire and notwithstanding they purpose breaking the journey at Melbourne for the period provided for, on both the forward and return journey, have their total luggage or a portion of it booked through to the destination station as shown on the ticket.
- (ii) Passengers holding tourist tickets entitling them to break of journey at any other station, may have their luggage booked similarly.
- (iii) Such luggage may be booked in advance. The weight of the luggage shall be endorsed on the back of each ticket, and those stations which are authorized to book tourist tickets in advance will use a special rubber stamp, as under, for the purpose :—
- Lugg. chkd.  
..... lb.
- (iv) Care must be exercised to ensure that, provided that the weight of the luggage (i.e., the total of luggage booked in advance and that which accompanies a passenger) exceeds the prescribed free allowance the freight charges due shall be collected.

**6. Luggage checks are issued—**

For each package of free luggage which a passenger is entitled to carry with him when the quantity is within the free allowance,

provided that luggage checks shall not be issued—

- (i) for any of the articles specified in Clause "1" which, in limited quantities, passengers are entitled to carry with them without charge;
- (ii) for any package when the weight of luggage exceeds the free allowance;
- (iii) for any article or package in respect of which it is provided that freight shall be paid;
- (iv) for Commercial Travellers' Samples or Theatrical paraphernalia;
- (v) to stations where there is no official in charge except on the condition that the passenger claims delivery immediately on arrival of the train, and that if delivery be not taken, luggage will be carried on to the nearest station where there is an official in charge.

It is optional for passengers to require checks for luggage according to these Regulations, but should they omit to do so their luggage will be received entirely at their own risk whether lost, miscarried, or left behind.

7. **Excess Luggage.**—If the quantity exceeds the free allowance, parcels rates on the bulk weight must be paid for the excess weight, and a receipt showing the amount paid, the number of packages, and the destination, shall be given to the passenger. The receiving porter shall affix an "excess" luggage ticket, also the ordinary luggage label showing the passenger's destination to each package of luggage. The receipt takes the place of the luggage check or checks in respect of the whole of the passenger's luggage for portion of which excess rates have been paid.

**8. Delivery at Station.**—Luggage must be delivered at the station thirty minutes before the time fixed for the departure of the train by which the passenger desires the luggage to be carried.

9. **Passengers' Tickets** must be presented to the proper employe of the Commissioners before luggage will be checked or labelled, and if luggage nippers are provided the letter "L" shall be nipped on the tickets, and if special nippers are not provided the letter "L" shall be written on the face of the tickets in ink or indelible pencil.

10. After Luggage Checks are issued, or a receipt for excess rates given for luggage about to be carried free, no package may be delivered, even temporarily, at any station to the owner thereof, unless the check or checks or excess luggage receipt is surrendered.

**11. Passengers should claim their luggage** at the place of destination on arrival of the train and prove the ownership by giving up the numbered check or checks for each article or the receipts for the excess rates that have been paid, or give such other proof of ownership as may be considered necessary.

12. For all purposes of proving ownership or obtaining delivery of luggage carried free or at excess rates, the checks issued represent the articles carried free, one check for each, and receipts for excess rates represent the whole of the passengers' luggage, for portions of which excess rates have been paid. Both checks and receipts are transferable, and passengers are not bound personally to deliver their luggage for despatch or take delivery on arrival at their destination station. No employé of the Commissioners is however authorized to act as an agent of the passengers in collecting checks or "excess" receipts at a station for the purpose of obtaining luggage from the guard, and the passengers, personally or by their agents, must give up the checks or receipts and claim delivery.

(a) The purpose of this regulation is to convenience passengers making tourist journeys, by removing the necessity to book their total luggage to the station at which the journey will be broken, claim it there and subsequently re-book it to the destination station; and Stationmasters and Officers-in-charge are enjoined to avail themselves of every opportunity to bring this added advantage of rail travel under notice, and thus endeavour to encourage rail travel as against other means.

### PARCELS AND LUGGAGE RATES—*continued.*

13. Luggage for which Checks or Receipts for Excess Rates have been issued shall not, except as provided hereunder, be delivered unless such checks or receipts are produced: Any passenger losing his checks or excess receipts will be required, before he can obtain his luggage, to make a statutory declaration to that effect, giving the numbers of the checks and a description of the luggage; also to indemnify the Commissioners against any loss or claim from wrong delivery, and, should the evidence of ownership appear to the Commissioners insufficient, it will be in the power of the Commissioners to detain the said luggage. A charge of 1s. shall be made in cases where luggage is released on receipt of a statutory declaration on account of luggage checks or excess receipts having been lost.

14. No employe of the Commissioners has any authority to undertake charge of or any responsibility in connexion with luggage left temporarily at a station unless each package has been booked at the cloak-room charges; or to place luggage in the van at the risk of the Commissioners, or to take any responsibility whatever, unless the luggage has been checked or paid for at excess rates as prescribed in these regulations.

15. All luggage, except luggage booked in advance on Tourist Tickets (see clause 5), kept at a station twelve hours after its carriage by railway will be charged cloak-room rates for each package, and if unclaimed the luggage will be subject to the conditions of clause 1 on page 116.

16. Passengers' Luggage intended for despatch by rail which is left at a station more than two hours previous to the time fixed for the departure of the train, shall, unless otherwise specially provided, be charged cloak-room rates for each package.

#### SPECIAL TRANSFER AT MELBOURNE BY THE DEPARTMENT.

Passengers booking from any country station on the Northern, Midland, Western, South-Western, or North-Eastern lines may, if they so desire, have their luggage sent to stations on any of the Suburban lines to which trains run direct from Spencer-street.

A fee of 4d. per package, minimum 7d., shall be charged for transferring such luggage at Spencer-street from the Country to the Suburban train, and such fee must be prepaid.

The luggage is to be way-billed on a parcels way-bill, and the transfer fee entered on a separate line on the way-bill.

Any luggage in excess of the free allowance shall be charged the excess luggage rate plus the transfer fee of 4d. per package, minimum 7d.

Luggage checks shall be issued subject to the conditions and charges shown above, and the numbers of the luggage checks shall be inserted on the transfer way-bill.

In all cases where a transfer fee is charged, the proper (red) label shall be attached to each package, and special effort shall be made to insure prompt despatch being given to such luggage at Spencer-street.

In every case in which luggage is forwarded under these conditions the passengers must be distinctly informed that the luggage will be forwarded from Spencer-street, North Melbourne, or Footscray, as the case may be, as soon after the arrival of the country train as may be found practicable, and that the Department will not undertake to transfer such luggage in time to catch any particular Suburban train. This is very important, and must be invariably attended to.

#### PORTERAGE CHARGES FOR LUGGAGE, ETC., AT PORT MELBOURNE PIER.

The following charges shall be imposed for portorage of passengers' luggage, &c., between the Port Melbourne station and vessels berthed alongside the Railway Pier at Port Melbourne:—

The samples must be contained in approved tins, hampers or leather sample trunks, each weighing not more than 2 cwt., nor measuring more than 30 cubic feet (see clause 3 regarding suit cases).

### 3. Labelling and Branding—

Each tin, hamper or leather trunk must have the name of the firm or company and home station legibly painted thereon in 2-inch letters and the name of the traveller in 1-inch letters at each end.

In the case of tins and leather trunks a painted space measuring not less than five inches square or a space of similar dimensions enclosed by painted lines shall be provided at one end to accommodate the railway parcels label, to be placed at the right hand corner under the names of the firm or company and traveller.

For the same purpose hampers must be provided with a tin or leather plate of the above dimensions to be attached in the position indicated in the preceding paragraph.

If samples be contained in paper or fabric coverings or suit cases, or other receptacles usually used for personal luggage, or in containers in which articles of merchandise are generally packed, ordinary parcels rates shall be charged, provided that commercial travellers holding the permit or certificate specified in clause (1) may carry not more than two suit cases. If both suit cases be used for the carriage of samples the name of the firm or company and home station and name of traveller must be legibly painted on the side or end of each suit case; if one of the suit cases be used for the carriage of luggage the information regarding name of the firm, &c., is not necessary on the case so used.

Only one suit case containing samples may be taken by the traveller in the compartment in which he is travelling; the second suit case, if used for the carriage of samples, shall be carried in the guard's van.

### 4. Permits—

Upon production of an authority from the firm or company concerned, the General Passenger and Freight Agent will issue samples permits, which will be available for the duration of the travellers' tickets, to commercial travellers who are not members of the Commercial Travellers' Association engaged in the exclusively wholesale trade, and also to commercial travellers engaged in the combined wholesale and retail trade on the approved undertaking being signed by the principals of the firms or companies which the travellers represent, and the deposit as security of a sum of One hundred pounds, in cases where Interstate samples are carried, and the sum of Fifty pounds in cases where samples are carried in one State only. A deposit of 5s. will be collected on each permit and this deposit less 1s. booking fee will be refunded if the permit be surrendered to the issuing officer during its currency, or within seven days of its expiry. Unless the permit be returned or satisfactorily accounted for another permit will not be issued.

### 5. Free Allowance—

Commercial travellers who are in possession of permits or certificates (as prescribed in clause 1) holding first class tickets, shall be allowed 2 cwt. of samples free; those who hold second class tickets shall be allowed 1½ cwt. free. Such allowance includes personal luggage.

The same allowance shall be made to assistants travelling with commercial travellers on production of a permit from the General Passenger and Freight Agent (see clause 14).

### 6. Excess Rates—

Commercial travellers holding the following descriptions of periodical tickets may pay for excess samples at the following rates, for the period covered by their tickets, viz. :—

Half-yearly ticket holders ..	8 6s. 0d. per half-year.
Quarterly ticket holders ..	4 16s. 6d. per quarter.

\* Any portion of 1 cwt. shall be charged for as 1 cwt.

The maximum weight for any traveller shall be 17 cwt., inclusive of the free luggage allowance, and any excess of this weight shall be charged for at full parcels rates on both the outwards and homeward journeys.

## PARCELS AND LUGGAGE RATES—*continued.*

All samples in excess of the free allowance, or in excess of the weight paid for at the periodical rate, as the case may be, shall be charged for at half parcels rates on the bulk weight, subject to the prescribed maximum, on the outwards and homeward journey by goods or passenger trains.

Excess samples may be either prepaid or forwarded "to pay" provided the traveller intimates at the dispatching station that he has excess weight to be invoiced and arranges for the samples to be way-billed accordingly. If, however, samples are found in excess at the end of the journey full rates shall be charged.

### 7. Trains Conveyed by—

The free allowance of samples will be carried by any ordinary passenger train, and, provided there is room in the brake van, and the train will not be delayed thereby, excess samples may also be forwarded by the same train, otherwise they will be forwarded by a following train. The Commissioners reserve the right to limit the quantity of samples which may be carried by any passenger train if the conditions render it necessary.

The provisions of this clause do not apply to samples tendered for despatch at Spencer-street after the departure of the early passenger trains on Saturday mornings, and such samples will only be received at and forwarded from the Melbourne Goods Sheds.

Unless otherwise provided, commercial travellers other than half-yearly or yearly ticket holder must travel by the train by which their samples are carried.

### 8. Method of Consigning—

Samples must be consigned on the prescribed consignment note at the parcels office at least 30 minutes before the time fixed for the departure of the passenger train by which the samples are to be conveyed, every information being given as to whether the traveller accompanies them or not. Samples consigned by goods train must be delivered at the goods sheds before the hour published as the closing time for the receipt of goods for despatch by the goods train by which they are to be conveyed.

### 9. Alternative Rates—

The Commissioners have two rates for the carriage of Commercial Travellers' samples at either of which rates such samples may be consigned at the sender's option; one the ordinary rate termed the Commissioners' Risk rate, when the Commissioners take the ordinary liability of a common carrier, the other a lower rate termed the Owner's Risk rate, which is adopted when the sender undertakes or agrees to relieve the Commissioners from all liability in the case of detention, loss, injury, delay or damage except upon proof that such detention, loss, injury, delay or damage arose through the wilful misconduct of the Commissioners' servants.

The rates chargeable for the carriage by passenger or goods train of Commercial Travellers' samples consigned at the Commissioners' Risk rate are the General Parcels Rates specified on page 120, and the rates chargeable for the carriage of such samples consigned at the Owner's Risk Rate are the free and excess rates specified in these regulations.

### 10. Break of Journey—

Commercial travellers holding all lines or sectional periodical tickets for the journey may book their excess samples through on a straight "up" or "down" route (but not for circular journeys), and the journey may be broken for a period not exceeding fourteen days. A receipt (on the prescribed Break-of-Journey Note) for the charges, which must be prepaid, and on which shall be shown the stations at which the journey will be broken, shall be issued to the traveller at the original dispatching station. A duplicate of the Break-of-Journey Note shall be forwarded by the issuing station to the General Passenger and Freight Agent with the weekly return, and the original shall be handed to the traveller and shall be collected and forwarded to the General Passenger and Freight Agent by the station way-billing the samples to the final destination. At stations where the journey is broken, the samples shall be carefully re-weighed. They shall be way-billed through to the final destination by the station where they are originally consigned, the remark "journey broken" made on the way-bill and the way-bill signed by the way-billing clerk. The samples shall also be way-billed to the first station at which the journey is broken, and the traveller shall sign for his samples at each station where he breaks his journey when taking delivery, and on presenting the samples again for transmission shall hand the consignment note to the stationmaster, who will issue a separate parcels way-bill for the next stage of the journey.

Charges shall be computed separately for branch lines.

Samples shall not be booked from one main line to another when the journey is being broken at Melbourne. If it be intended to break the journey at Melbourne, the samples must be booked to that station and re-booked when resuming the journey.

# PARCELS AND LUGGAGE RATES—*continued.*

## 11. Cloak Room Privileges—

Where any samples are deposited in any cloak room the ordinary cloak room charges and conditions specified in the regulations relating to cloak room charges shall apply, provided that no charge shall be imposed on any samples deposited by commercial travellers if such samples be removed within forty-eight hours in the case of holders of yearly and half-yearly tickets, or in the case of holders of other tickets, within twelve hours from the time when the same are deposited as aforesaid, and that the samples remain during the period covered by such free cloak-room storage at Owners' Risk.

## 12. Sample Machines—

The commercial travellers' sample privileges are only granted in respect of machines such as bicycles, typewriters, cash registers, bacon slicers, &c., when a special permit from the General Passenger and Freight Agent is held. A permit will not be issued entitling a commercial traveller to carry more than two such machines.

These permits are issued at the discretion of the General Passenger and Freight Agent in bona fide cases where an approved undertaking is furnished that the machines are to be carried for exhibition as samples only.

The permit must be presented on each occasion the articles are consigned.

The weight of the articles, which must be suitably cased, shall be included in the prescribed luggage allowance.

## 13. Samples not to be disposed of—

These regulations apply only to goods used *bona fide* as samples. If the goods or any portion of them be sold, or otherwise disposed of, ordinary parcels rates shall be charged on the weight originally consigned, and if any samples be not booked in accordance with these regulations, they shall be charged full parcels rates.

## 14. Tickets to be held to entitle to Commercial Travellers' privileges.

The benefit of these regulations shall not apply to holders of holiday or week-end excursion, cheap excursion, or any other form of concession tickets, but shall apply to the holders of single tickets, which must be produced with the consignment note.

## 15. Samples not to be opened on Railway premises.—

### Lost Property—

The following charges shall be collected in connexion with Lost Property :—

- (1) An inquiry fee of 1s. when telegraph communication is necessary and 3d. in all other cases shall be collected before inquiry is made with any station other than that at which the loss is made known.
- (2) Cloak Room charges shall be enforced on all lost articles placed in Lost Property Office, according to scale.
- (3) When transit by rail is involved, ordinary stamped parcels rates (no booking fee) shall apply.

When lost property is forwarded to another station in response to an inquiry the nature and time of such inquiry shall be shown on the way-bill, i.e., Telegram 3 p.m., or Telephone 3 p.m.

### CONDITIONS IN RESPECT OF THE CARRIAGE OF EXHIBITS FOR SHOWS ETC.

1. The undermentioned conditions shall be applicable in respect of agricultural machines and implements, machinery, produce, live stock (including dogs, poultry and other birds), buggies, motor cars, drays, waggons, trotting sulkies, (a) which accompany trotting horses, and other goods of a like nature, sent for exhibition at Shows and to poultry competing at Egg-laying competitions.

They may also, by special arrangement with the General Passenger and Freight Agent, be made operative in respect of :—

Agricultural machinery, sent for field trials.  
Ploughs sent for ploughing matches.  
Horses sent for horse parades.

2. The exhibits will be carried at the convenience of the Commissioners by Passenger, Mixed, or Goods trains as may be desired by the consignors.

Valuable animals may be sent by passenger trains in horse boxes if this class of vehicle be available, and charged the same rate as if loaded in cattle trucks and forwarded by goods trains. Each three-stalls in an F or FF horse box to be regarded as equivalent to one full cattle truck.

3. When the exhibits are consigned on the forward journey, the consignors will require to declare, on the consignment note therefor, that they are for exhibition, specifying the Show for which they are intended, and the way-bill must be indorsed accordingly.

The ordinary freight charges shall be imposed and prepaid in respect of the forward journey in all cases.

4. On the backward journey any exhibits or portion thereof, which have been exhibited, and not sold, will, on production of the approved certificate signed by the Secretary of the Show, be carried "free" to the station whence they were forwarded, provided the journey is completed at any time within one month from the date of despatch on the forward journey. The certificate must be handed in when the exhibits are consigned, and attached to the way-bill.

If on the backward journey a greater number of vehicles be used for the carriage of exhibits than was used on the forward journey, ordinary freight charges shall be imposed in respect of the exhibits carried in the additional vehicles.

All exhibits, or part thereof, which have been sold, or are not accompanied by the aforesaid certificate, shall be subject to the ordinary freight charges on the backward journey.

5. Exhibits, accompanied by the aforesaid certificate, may be forwarded on from one Show to another, subject to payment of the freight charges, as prescribed in clause 3 of this regulation which freight charges must be prepaid, and when the final destination is reached, they may be returned "free" to the original despatching station, subject to the conditions of clause 4 of this regulation. If, however, in proceeding to another Show, such exhibits be returned over any portion of the line in respect of which the full freight charges have been paid on the forward journey, the exhibits may be sent free over such portion of the line.

6. All exhibits are carried solely at the risk of the owner, and must be loaded and unloaded by or at the expense of the consignors or consignees.

7. Exhibits may be consigned on the forward journey at owners' or Commissioners' risk, as desired by the consignors; but when carried free on the return journey they must be accepted only at owners' risk.

(a) Whenever practicable these trotting sulkies are to be afforded similar transport on the return journey to that given on the forward journey, in order that as far as conveniently possible the sulkies may accompany the horses.

### PARCELS AND LUGGAGE RATES—*continued.*

8. Owners of stock going to and returning from shows may be allowed free carriage each way of fodder, as specified hereunder, if it be loaded in the trucks with the animals:—

- 1 cwt. for each horse or head of cattle.
- 20 lbs. for each pig or sheep.

9. Exhibits from the Department of Agriculture, viz., wheat, straw in bulk, olive oil, wine, honey, &c., fruit (preserved), charts, &c., fibres, including flax, hemp (dressed and undressed), willows, manures, vegetable oil, eggs, flax exhibits from the Commonwealth Flax Industry Committee, also the necessary marquees, poles and pegs, tables, trestles, and fittings, forwarded to the various Agricultural Shows in the State, shall be carried free both on the forward and backward journeys.

10. Consignors should give not less than four days' notice to the Stationmaster of the number and description of live-stock trucks, and 48 hours for other trucks, &c., required to load exhibits.

11. Judges appointed to act at Agricultural Shows will, on presentation of an approved certificate be granted the concession in fares provided on page 95.

12. When Holiday Excursion Tickets are issued in connexion with a Show, exhibitors and live stock attendants travelling in charge of stock for exhibition may, if required, obtain such tickets up to four days, and employees of catering firms one day, before they are on issue to the public.

13. If full truck rate is paid for a consignment of sheep, horses, cattle or pigs on the forward journey, and the whole of the stock has been returned free in accordance with Clause 4 of these regulations, one stock attendant in respect of each truck will be granted a refund of the return fare paid.

He must travel in the truck, or in the van of a goods train with the stock, and must provide himself with a copy of Form P.69, duly completed by the Stationmaster at the forwarding and destination station respectively.

A receipt for the refund must be given on the certificate by the attendant, after which it shall be treated in the same manner as a Passenger Refund Order.

This refund shall, however, only be allowed provided a straight up and down journey is made between two stations. When the stock is returned from any station other than that to which it was way-billed by the original despatching station, the stock attendant certificates for the journeys made must be retained by the stock attendant, until he returns to the original despatching station, and forwarded by the Stationmaster at that station to the General Passenger and Freight Agent, where any refund due will be adjusted.

3. The Commissioners will not be bound to receive any live stock for carriage to or from any railway station which is not equipped with platforms, yards, and other suitable facilities for loading and unloading live stock, provided that, at the option of the Commissioners, live stock may be received for carriage to or from such places, if the owners accept all risk and undertake the loading and unloading, and sign the approved requisition form.

4. The number of animals must be so limited that the gross weight in any one vehicle shall not exceed its weight-carrying capacity.

5. No live stock shall be brought to any railway station except on the condition that the owner accepts all risk of injury to such live stock on the premises not arising from negligence on the part of the Commissioners, and the Commissioners shall be held free from all risk and responsibility, in respect of loss of or damage to such live stock arising in connexion with loading or unloading, or from suffocation, or being trampled on, bruised or otherwise injured in transit, or from fire, or where the loss or injury arises from fear or restiveness, or from any other cause whatsoever, not arising from negligence as aforesaid; and all fastenings in either horse boxes or trucks, must be made secure by the consignor, upon whom shall rest the sole responsibility therefor.

10. The Commissioners may refuse to carry any horse, cattle, sheep, swine, bird, or other live stock, which they reasonably believe to be diseased. No person shall wilfully or negligently drive or bring, or cause, or permit to be driven or brought upon or into any station yard, shed, or premises of the Commissioners any horse, cattle, sheep, swine, bird, or other live stock, having or suffering from any disease whatsoever. REGULATIONS.

## INTERSTATE PARCELS AND LUGGAGE RATES.

The conditions and rates under which parcels, etc., are carried for interstate journeys are :—

1. **All traffic** is carried subject to the Railways Acts and to the By-laws of the Commissioners in each State as well as to the general conditions prescribed on pages 106 to 109.

2. Unless otherwise specially provided, Interstate parcels, &c., must not be stamped, and each article shall be charged for separately.

3. **Luggage**.—Regulations Nos. 1 to 4 and 6 to 16, prescribed on pages 110 to 113 for State traffic, shall apply also to Interstate traffic.

4. **Commercial Travellers' Samples**.—The regulations prescribed on page 113 in respect of State traffic shall apply to Interstate traffic between Victoria, New South Wales, and South Australia, except where they conflict with the following, in which case the latter shall have effect :—

### (1) *Inter-capital journeys*—

(i) Commercial Travellers making Inter-capital journeys must hold an Inter-capital Permit before the Commercial Travellers' samples allowance shall be granted. Application for a permit must be made by the firm or company concerned to the proper officer in the State concerned at least seven days before the date on which the samples are required to be conveyed.

(ii) A permit will be issued by the proper officer in the respective States for one return journey only at any one time, except that permits will be granted for single journeys in respect of samples booked as part of a round trip to New Zealand and Tasmania by rail and boat. Other than the exception provided above, the Commercial Travellers' Samples regulations shall not apply to samples booked for single journeys.

(iii) The permit must be presented by the approved representative with the railway ticket and consignment note when the samples are delivered for carriage at the despatching station both on the forward and return journeys.

In the event of the samples carried on the forward journey not being returned by rail to the original despatching station, the amount of the freight which would have been payable if such goods had been consigned with the railway authority concerned on the forward journey for carriage as an ordinary parcel or parcels shall be paid, and, in the event of the samples delivered for carriage on the return journey not being precisely the same samples as were carried on the forward journey, or, if any discrepancy exists in the weight of the samples delivered for carriage on the return journey, as compared with the quantity carried on the forward journey, ordinary freight charges shall be imposed for the carriage of the samples both on the forward and on the return journeys, as if such goods had been consigned with the Commissioners as an ordinary parcel or parcels; and the onus of proof that a breach of the regulations has not been committed or that an attempt has not been made to commit a breach of the regulations shall rest with the firm or company concerned, and which has given the approved undertaking where such undertaking is required and on whose behalf the samples are being carried.

(iv) These regulations shall also apply to the carriage of articles of merchandise for exhibition as samples and not for sale or disposal consigned with the Commissioners for carriage between the capital cities of Victoria, New South Wales, and South Australia by an approved representative of a retail firm or company, provided that such firm or company has executed the prescribed undertaking and has obtained for its representative a permit issued by the proper authority in the State concerned. A permit will not be issued to more than two representatives of any one retail firm or company for any one particular journey.

(2) *Other than Inter-capital journeys*.—A local permit available for travel in the other State concerned will be issued by the proper officer in the State where the journey is commenced to commercial travellers representing (a) exclusively wholesale firms or companies, or (b) combined wholesale and retail firms or companies, proceeding outside that State to make a series of journeys in Victoria, New South Wales, or South Australia.
