21. It shall be lawful for any person appointed by the Trust for such purpose to request permission from any owner or occupier to make an inspection of the water service to ascertain if the water is being allowed to run to waste, and, if such owner or occupier refuse permission for such inspection, the Trust may, if it think fit, refuse to supply such premises with water; and such refusal on their part will in no way relieve the owner or occupier from payment of any rate or rates as may be levied on such property.

22. If the person appointed for such inspection shall ascertain that any owner or occupier is allowing water to waste by reason of leaky taps or otherwise, he shall be empowered to authorize the repair of such taps or pipes and to notify such owner or occupier that the waste of water must at once cease.

23. No person shall affix any service-pipe to any pipe of the Trust, or alter or repair or in any way interfere with any pipe of the Trust or any service-pipe, cock, or fitting connected with the pipes of the Trust until he shall have obtained from the Trust permission to execute such work, and such permission shall be at and during the pleasure of the Trust, who may at any time cancel such permission.

25. All connexions from the Trust mains to property shall be made at the expense of the owner or occupier of the property to be supplied, and all repairs or renewals shall, when necessary, be made by the owner or occupier, and such pipes shall at all times be under the control of the Trust.

26. All connexions, pipes, and fittings shall be of the best quality, and approved by the secretary and chairman of the Trust.

27. The service-pipes from the main being the property of the owner or occupier of the tenements supplied by such service-pipes, the occupier (if any), and, if none, the owner, shall, upon receiving notice that his service-pipe requires repairing, immediately proceed to repair the same, and he shall be responsible for any loss of water or other damage which shall be caused by reason of such service-pipe being leaky or otherwise out of repair or broken, and the Trust may stop the water from flowing into such premises in any way it may seem fit until such repairs have been effected.

28. Fire-plugs shall not be used except for the purpose of extinguishing fires unless any other use of them be allowed by the Trust, and they shall at all times be under the control of an officer of the Trust.

29. Any person watering any street or footpath by means of a hose except under the direction of an officer of the Trust shall be guilty of an offence against these Regulations.

30. For any breach of these Regulations a penalty not exceeding Five pounds (£5) shall be imposed.

31. 1. No person shall lay any pipe or communicate with the pipes of the Trust without giving three days' notice of the day and hour when such pipe is intended to be made to communicate with pipes of the Trust nor shall make such communication except under the superintendence and according to the direction of a duly authorized officer of the Trust appointed for the purpose.

2. No person shall open, make any communication with the pipes of the Trust by opening any road or street under the control of the Shire of Rodney, until he has obtained the permission of the said Shire to open such road and street, and deposited with the Engineer of the Trust the sum of £1 in cash as security for the proper repair of the said road or street.

3. No owner or occupier shall allow to be laid, and no person shall lay any pipes to communicate with the pipes of the Trust, less than two feet below the surface level of the road or street, without the express permission in writing of the Trust.

4. No owner or occupier shall allow to be fitted, and no plumber shall fit any fittings in connexion with supply of water from the works of the Trust, other than fittings duly tested and passed by the Melbourne and Metropolitan Board of Works.

5. The service pipes for conveying water from the pipes of the Trust into the premises of the consumers shall, in no case, exceed the following diameters:—For the domestic supply of premises not exceeding Twenty pounds annual value,  $\frac{3}{4}$ -inch diameter; for domestic supply of premises exceeding Twenty pounds annual value,  $\frac{3}{4}$ -inch diameter; for the supply of water for other than domestic purposes, and for all supplies by meter, such diameter as the Trust shall authorize in each case. The Trust may contract with any occupier or owner of any lands or tenements who is entitled to be supplied with water from its works, or who is desirous of being so supplied for the provision and laying of the service pipe from the pipes of the Trust to the boundary of such land or tenement abutting upon the street or road in which are the pipes of the Trust.

6. If any person shall waste water of the Trust by neglecting to repair any service pipes conveying water from the pipes of the Trust into the premises of such person, after having received notice from any officer of the Trust that such service pipe requires repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service pipe or otherwise, as the Trust may seem fit until the necessary repairs shall have been effected.

7. No person supplied with water by the Trust shall permit or suffer water to run to waste.

10. No meter shall be affixed unless the dial of the same is capable of registering one million gallons. Such licence shall be at and during the pleasure of the Trust, and the Trust may at any time cancel such licence in the event of the holder thereof being judged by the Trust to be incompetent, or by himself, or his employees, committing any breach of the Acts or of this By-law. Before any such licence shall be granted by the Trust the person applying for the same shall satisfy the Trust that he is a competent plumber, and that he is thoroughly conversant with the provisions of the By-laws of the Trust and with the sections of the Water Acts affecting his work; but the Trust may, if it so sees fit, refuse to grant such licence. The fee to be paid for a plumber's licence shall be One pound.

13. Any person being dissatisfied with the dial reading of the meter registration of the consumption of water on his premises may make complaint in writing to the secretary of the Trust within fourteen days after the date of such reading, and such person shall be entitled at his own expense to have the meter tested by the Trust, and the result of such test shall be binding and conclusive on such person and on the Trust.

14. If any person supplied with water by the Trust does, or causes, or permits to be done, anything in contravention of the By-laws of the Trust, or fails to pay his rates, or any lawful charge imposed by the Trust when due, or fails to do anything which, under any of the By-laws of the Trust, ought to be done, or permits or suffers water to run to waste, the Trust may cut off the supply of water from the premises of such person either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

15. The Trust may by notice intimate to the occupier or owner of any premises within its Waterworks District using water for domestic or other than domestic purposes that the supply is to be charged for by measure, and by such notice require such occupier or owner to provide a suitable meter for measuring the supply within one month from the date of such notice, and thereupon such occupier or owner, within the time specified, at his own expense, shall provide such meter, with a certificate from some approved authority to the satisfaction of the Trust, that same is in proper order, and shall so maintain same, and if any person neglects to comply with such notice such person shall be liable to a penalty not exceeding Five pounds.

16. The water supply in the Waterworks District of the Trust shall be received and consumed under and in accordance with the By-laws of the Trust, and not otherwise through pipes and meters laid, placed, and being under and in accordance with the said By-laws, and not otherwise.

17. If any person be guilty of any offence or misfeasance, or act of commission or omission, contrary to any provision contained in this By-law, he shall forfeit a sum not exceeding £5.

The service-pipes from the main being the property of the occupier or owner of the tenement supplied by such service-pipes, the occupier (if any), and if none, the owner shall in every instance in which damage shall be caused by reason of such service-pipe being leaky, or otherwise out of repair, or broken, be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Council.

Every licence granted under section 121 of the *Land Act 1915* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

#### CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 121st section of the *Land Act 1915*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon; and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act 1915* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1922* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing owned by him within one month, or to require the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act 1915*.

This does not apply to cases where the Land was the subject of an expired Grazing Area Lease. In all such cases, the ingoing tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act 1915*, provides—

1. Where a licensee under section 121 of the *Land Act 1915* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.
