FOR THE PERIOD 1ST JULY, 1927, TO 30TH SEPTEMBER, 1928,  
EXCEPT WHERE OTHERWISE STATED.

**Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.**

Tenders should be placed in the Crown Lands Office Tender-box on or before Noon on Thursday, 30th June, 1927.

NOTE.—No tender will be accepted unless the fee for the full period and fee of Five shillings for licence are forwarded.

**TENDERS** will be received on or before Noon on Thursday, 30th June, 1927, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 121 of the *Land Act* 1915 shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

## CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 121st section of the *Land Act* 1915, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act* 1915 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act* 1922 in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

## SPECIAL CONDITIONS.

1. The period of occupation will, except where otherwise specified, be for fifteen (15) months from 1st July, 1927, to 30th September, 1928.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing owned by him within one month, or to require the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act* 1915.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the incoming tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act* 1915, provides—

1. Where a licensee under section 121 of the *Land Act* 1915 has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

## PRIVATE ADVERTISEMENTS.

## SHIRE OF COLAC.

## BY-LAW No. 100.

THE President, Councillors, and Ratepayers of the Shire of Colac, in pursuance of the powers conferred by the *Local Government Act 1915*, and every other power thereto enabling in that behalf, do hereby make the following By-law, numbered 100, of the said Shire for regulating the construction of crossings over footways and channels and for repealing By-laws numbers 59 and 95.

1. By-laws 59 and 95 of the Shire of Colac are hereby repealed.

2. This By-law shall apply to and have operation throughout the Shire of Colac.

3. Every person who wilfully and without lawful excuse rides, drives, or leads any horse or other animal, or drives or wheels any carriage, cart, or other vehicle upon, along, or across any footway or any water channel or gutter, herein called channel, by the side of any street or road, save in each such case upon and by or at some crossing to be made as hereinafter mentioned, shall forfeit a sum not exceeding Five pounds, and shall also pay to the Council such sum not exceeding Ten pounds by way of compensation for any damage done by him to the footway or channel as the justices adjudicating upon the information shall on the hearing thereof order.

4. If any land fronts to, adjoins or abuts upon the footway of any street or road, and if access with horses and vehicles from such street or road to such land or to some sufficient way appurtenant thereto cannot be had without riding, driving, leading, or wheeling the same respectively upon or across the said footway, or the channel (if any) lying along the outer edge thereof, and if the owner of such land desires that a crossing for horses or other animals and for vehicles be made as herein provided over such footway and channel and gives a notice in writing of such his desire to the Council, and in such notice describes the land in question and the proposed work by reference to the specification deposited as hereinafter mentioned, such specification being in accordance with the provisions hereof and with such regulations as may be in force in that behalf, it shall be lawful for such owner, after seven clear days from the giving such notice and not before (with no unnecessary delay or obstruction) at his own cost and under the inspection of such officer as the Council appoint for the purpose, to make such crossings according to the tenor of such notice and specification, and not otherwise, and the owner of such land shall afterwards in like manner maintain the same.

5. Every such person who desires as aforesaid that any such crossing be made shall before giving notice to the Council as herein provided deposit with the municipal clerk a specification describing the proposed work with respect to each of the several matters hereby or by any such regulation in force in that behalf required or provided and in accordance with the specification in the schedule hereto.

6. If any crossing has been made in any respect contrary to this By-law or any regulation in force hereunder, it shall be lawful for the Council, if they see fit, to cause the same to be altered so as to conform hereto and to such regulation respectively, and to recover in manner in the *Local Government Act 1915*, provided the expenses of such alteration from the owner of the land to which such crossing leads, but they shall not so recover in those cases of departure from the notice or specification which the Council or their officers might respectively have given notice of or reported, but failed to give notice of or report respectively in manner and within the time provided in the preceding sections hereof.

7. If any private street, or road, or right-of-way meets at an angle the footway of any public street or road, and there is no crossing upon and across such footway and the channel adjacent thereto from such private street, road, or right-of-way to such public street or road, it shall be lawful for the Council if they see fit to make, in accordance with any regulation in force in that behalf and the schedule hereto, a crossing upon and over such footway and channel of the description hereinbefore provided with respect to other crossings, and to recover from the owner of each of the properties abutting on such private street, road, or right-of-way such portion of the expenses of such making as bears to the whole of such expenses the same proportion as the rateable value of such tenement bears to the whole rateable value of all the properties so abutting.

8. If any crossing across or over any footway or channel to any land or way appurtenant thereto, or to any private street, or road, or right-of-way has been made before the coming into operation of this By-law, but is in any respect not in accordance with any regulation made hereunder and the schedule hereto, the Council may, if they see fit, cause the same to be altered so as to conform to such regulation or such schedule, and if such crossing has been made contrary to any By-law

in force at the time of making the same, the Council may recover the expenses of such alteration in manner in the last two preceding sections mentioned, according as one or the other may be applicable to the case.

9. If any crossing be out of repair and the person liable hereunder to maintain or repair the same for seven days after notice from the Council to that effect neglects properly and completely to repair the same, he shall forfeit for every day that such crossing remains so unrepaired a sum of Forty shillings, and the Council may, if they see fit, effect such repair and recover the same from such person before any justice.

10. It shall be lawful for the Council from time to time to make regulations for all or any of the purposes following, that is to say:—

For regulating the width, depression, and inclination of crossings across or over footways and channels, and the materials for making and constructing the same; the mode of laying and bedding such materials; the length, width, size, strength, and fall of bridge crossings, and the said inclination and fall, either absolutely or with relation to the levels, inclinations, or fall of the footway or channel, or otherwise in like manner.

11. In any case where the owner of any land fronting to or adjoining or abutting upon the footway of any street or road desires that a crossing for use of foot passengers only be made over the channel, the provisions of this By-law shall apply with the following modifications:—

The specification for such crossing shall be in accordance with the schedule referred to in the aforesaid clauses 4 and 5 hereof, save and except that the width of such crossing measured longitudinally with the street or road shall not be more than ten feet nor less than six feet, and the slabs used in the construction of such crossing shall not be required to be more than four inches in thickness, and the period for which such slabs must be cured shall not be less than twenty-one days.
