SHIRE OF SWAN HILL.

PROPOSED RE-SUBDIVISION.

IN pursuance of the provisions of the *Local Government Act 1915* (No. 2686), section 46, the substance and prayer of a petition in accordance with the 36th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll for the Shire of Swan Hill, and they desire that the said shire be re-subdivided into four ridings, viz.: North, West, East, and South, in lieu of three ridings as at present.

The petitioners state that the reasons for desiring re-subdivision are that the existing North Riding is too large and unwieldy for its requirements to be adequately attended to by three councillors. The main centres of population are located in the portion of the riding proposed to be retained as the North Riding, and these are able to monopolize the representation. The proposed West Riding is now extensively settled, and its many roads and other problems cannot be properly attended to by outside representatives, who are not in close touch with requirements there and whose interests are not identical with those of ratepayers in that area. It is considered that by subdividing the existing North Riding into the North and West Ridings as proposed herein, and thus creating a new riding, the newly-settled areas in the West Riding will be given added and more direct representation, and so be substantially benefited, while ratepayers' representation in the shire as a whole will be better distributed.

The petitioners therefore pray that His Excellency the Governor in Council may be pleased to re-subdivide the shire by dividing the existing North Riding into two separate ridings, to be known as the North Riding and the West Riding.

Notices for the petitioners may be served on F. B. Womersley, Shire Secretary, Swan Hill.
