- (a) For prescribing areas within the municipal district as residential areas, and prohibiting or regulating within the whole of such residential areas the use of any land, or the erection, adaptation for use, or use of any building for the purposes of trades, industries, manufactures, businesses, or public amusements.
- (b) Authorizing the Council to pull down and remove buildings erected or constructed contrary to this By-law, and to sell the materials and apply the proceeds in reimbursing the expenses of pulling down and removing such buildings, and in paying into the municipal fund any fees or penalties due by the owner thereof.

(c) This By-law shall not preclude the continuance of the use of any land or any building for any purpose for which the same was used immediately before the coming into operation of this By-law, or the enlargement, re-building, or extension of any building used for any such purpose, whether or not such enlargement, re-building, or extension involve the use of adjoining land which immediately before the coming into operation of this By-law was in the same ownership or for such other purpose as the Council thinks reasonable in the circumstances.

(d) In this By-law and in the schedule "alignment" means the line (whether straight or curved) between a public or private street or road, and land abutting thereon which is not part of a public or private street or road.

5. Any person who shall be guilty of any breach of any of the provisions of this By-law, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than One pound and not exceeding Twenty pounds. And if such offence is a continuing one, to a further penalty not exceeding One pound per day for each day such offence is continued; but this clause shall not be taken to limit the penalties hereinbefore specially provided.
