At the Executive Council Chamber, Melbourne, the eleventh day of August, 1931.

PRESENT:

His Excellency the Lieutenant-Governor of Victoria.
Mr. Williams | Mr. McNamara.

HIS Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth, in pursuance of the provisions of section 16 of the *Cultivation Advances Act 1930*, hereby make the following Regulations, that is to say:—

1. Applications by cultivators for advances under the provisions of the *Cultivation Advances Act 1930* shall be made in the form prescribed in the First Schedule hereto (Form A or Form B) and shall be verified by statutory declaration.
2. Such applications when duly completed shall be forwarded to the District Inspector of Land Settlement, who shall report thereon in the place provided for that purpose and forward the same to the Secretary for Lands.
3. The Secretary for Lands shall submit all applications received by him to a Board consisting of not less than three nor more than five persons appointed by the Minister, which, after due inquiry and investigation, shall report thereon to the Minister, who shall thereupon approve or refuse the same.
4. Where an application is made by a cultivator for an advance of seed, fodder, manure, building or fencing materials, or of all or some or any of them, and the same has been approved by the Minister, the cultivator shall, upon giving to the Board of Land and Works security as hereinafter provided for the repayment of the amount of such advance and interest thereon at the rate of Six pounds per centum per annum, receive from the Secretary for Lands an order in accordance with the form prescribed in the Second Schedule hereto, entitling him to purchase such things as are indicated and to the value of the sum shown therein.
5. Where an application is made for an advance for the purpose of effecting necessary improvements or for the sustenance of the cultivator and his dependants while work on fallowing or on cropping or on the said improvements is being done by him, or for such other purposes as the Minister considers necessary to enable the cultivator during the period before the completion of the harvesting of the next crop to continue working or residing on the farm, and the same has been approved by the Minister as aforesaid, the cultivator shall, upon giving security as is hereinafter provided, receive payment of the amount of money or in such other manner as the Minister has thought fit to approve.
6. The improvements referred to in the foregoing clause 5 shall be deemed to include the erection of buildings or fences, the clearing of land, and the sinking of tanks or dams and such other improvements of a permanent character as may be from time to time decided upon by the Board referred to in clause 3 hereof.

8. Notwithstanding anything contained in these Regulations any person who (whether before or after the commencement of the said Act) has entered into an agreement with the owner or occupier of a farm to cultivate the same or any part thereof on shares or under a lease and whose application for an advance has been approved, shall be required to give to the Board of Land and Works as security for the repayment thereof and the payment of interest thereon a preferable lien in the form prescribed in the Fourth Schedule hereto, together with such other security or securities, if any, deemed necessary in the forms prescribed in the Eighth, Ninth, and Tenth Schedules hereto.
9. If required by the Minister a cultivator shall before any advance is made to him in pursuance of the said Act and these Regulations execute any security or securities lawfully required of him to secure, not only the repayment of the amount of the said advance and the payment of interest thereon, but also the repayment of any previous advance or advances or part thereof (with interest) made to him by the Board of Land and Works in respect of seed, or fodder, or manure, or building or fencing material, or of an amount of money, or for sustenance, or for any other purpose, or all or some or any of them.
10. District Inspectors of Land Settlement shall make regular inspections of the farms of cultivators to whom advances under the provisions of the said Act have been made, and shall forthwith report to the Secretary for Lands any contravention of the said Act.

(d) For work done during meal hours and thereafter until a meal-hour break is allowed, time and a half rates shall be paid. No male employee 18 years of age or over shall be compelled to work for more than 6 hours without a break for a meal.

(e) An employee working overtime shall be allowed a cribtime of 20 minutes, without deduction of pay, after each 4 hours of work; but this provision shall not prevent any arrangement being made for the taking of a longer meal period without pay.

(f) Before starting overtime after working ordinary hours a meal break of at least 45 minutes shall be allowed, unless the period of overtime is less than $1\frac{1}{2}$ hours.

Any employer and his employees may mutually agree to any variation of this sub-clause to meet the circumstances of the work in hand.

(g) Any employee residing more than half a mile from his work, required to work overtime for more than 2 hours without being notified before the previous meal-hour break that he will be so required, shall either be supplied with a meal by the employer or be paid 2s.

(h) Any employee engaged in the maintenance of plant shall, when breakdowns occur, work meal hours at the ordinary rates herein prescribed whenever instructed so to do.

(8) ALLOWANCES.—All employees working in wet places, $1\frac{1}{2}$ d. per hour extra.

Wet place means a place in which water is continually dripping from overhead to such an extent as to saturate the clothing of a workman, at a place in which water accumulates underfoot to a depth exceeding 2 inches.

All employees working in confined spaces, 3d. per hour extra.

Confined place means a working place, the dimensions of which necessitate an employee working continuously in a stooped or otherwise cramped position, or without proper ventilation, or where confinement within a limited space is productive of unusual discomfort.

All employees working in ships' bilges or in boiling-down works, lead works, sanitary works, or slaughteryards shall be paid 1d. per hour extra.

Patternmakers engaged on *lignum vitae* outside the workshop and fitting to stern bushes, shall be paid 3d. per hour extra.

Employees working on repairs to smoke-boxes or fire-boxes of locomotives, or on repairs to the smoke-box, uptake funnel, flue furnaces, or combustion chamber of marine type boilers, or on repairs to smoke-boxes, fire-boxes, furnace or flues of other types of boilers, 1d. per hour extra.

Employees working on repairs in oil tanks or meat digestors, $1\frac{1}{2}$ d. per hour extra.

Dirty work, i.e., work which a foreman and workman shall agree is of an unusually dirty or offensive nature, $1\frac{1}{2}$ d. per hour extra.

Tradesmen employed in large operating power houses, i.e., power houses developing more than 8,000 kilowatts, shall be paid 6s. per week extra; such amount shall be deemed to include all special rates provided in this clause.

Compensation to the extent of damage sustained shall be made for work in which clothing or tools are damaged or destroyed by the use of acids.

Except when dismissed for misconduct, or when leaving employment of his own accord, a patternmaker employed for less than three weeks at a workshop, or job, shall, to the extent of 6s. be reimbursed by his employer any expense incurred in the carting of tools.

The ordinary hours of employment of forgers and forge furnacemen shall be five shifts per week of nine and a half hours each, including crib time, for which no deduction of pay shall be made.

Shift workers working eight hours per shift without any break for meals on six days in each week shall be deemed to work 44 hours per week, provided that they are given one fortnight's holiday in each year on full pay as compensation for working on Saturday afternoons, holidays, or Sunday shifts.

(9) MISCELLANEOUS PROVISIONS.—

(a) Tools.—The employer shall provide for each employee all necessary tools. The employee shall replace, or pay for any tools so provided if lost through negligence.

(b) Suitable asbestos sheets and coloured glasses shall be provided by employers for the protection of electric arc and oxy-acetylene operators and their assistants, and suitable mica or other goggles for emery-wheel operators.

(c) Suitable canvas or leather gloves shall be provided by employers for the operators of pneumatic tools.

(10) CONTRACT OF EMPLOYMENT.—

(a) With the exceptions hereafter stated, employment may be by the week or by the hour. If by the week, it shall be terminable on either side by one week's notice given on any day, or (if the employer terminates it without such notice) by payment of one week's wages. Except in establishments mainly engaged in shipbuilding or ship repairing, any employee (unless continuing on after working through the night) commencing a day's work at the usual starting time of the workshop shall be paid at least a day's wages: but any employer may engage an employee to start work at any time during the day, provided the work continues as overtime or is resumed the next day until a full day's pay is earned.

A contract for weekly employment may be terminated by any employer, without liability to pay for more than actual time worked, for misconduct or for absence from work without reasonable excuse.

If an employee, engaged by the week, absents himself from duty, except on public holidays or on days for which he produces a certificate from a medical practitioner, or other proof satisfactory to his employer of sickness (aggregating four days of sickness in each year), a sum proportionate to his time of absence may be deducted from his pay, i.e., one sixth of the weekly wage, for each day of absence, including Saturday, in shops working six days, and one-fifth in shops working five days per week.

(b) If the contract of employment is for hourly hiring, the rates prescribed in clause (3) shall be increased 4s. 6d. per week as compensation for time lost on public holidays and unavoidable absences through sickness.

(11) TRAVELLING TIME.—Persons employed on work away from the workshop shall receive—

(a) The fares necessarily expended in going to and fro.

(b) For time occupied in travelling either during or outside the usual working hours—

Payment at rates fixed in clause (3) up to a maximum of twelve hours, except on Sundays, when time and a half shall be paid.

(12) SUNDAYS AND HOLIDAYS.—For all time of duty, on Sundays or holidays, employees not in a continuous process shall be paid at double rate, except in the case of employees effecting repairs to or renewals to plant or machinery—which it is necessary to effect on Sundays or holidays to enable work to be safely resumed on Monday or the earliest working day—in which case payment shall be made at the rate of time and a half. This exception does not apply to work installing new machinery. Holidays mentioned in this determination shall include:—New Year's Day, Foundation Day (26th January), Good Friday, Easter Saturday, Easter Monday, King's Birthday, Eight Hours Day (21st April), Christmas Day, and Boxing Day; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.

Employees, other than on shifts or engaged in maintaining the continuity of electric light and power, required to work on Sundays or public holidays, shall be paid for a minimum of three hours' work.

(13) PIECE-WORK.—The Board determines, under the provisions of section 150 of the *Factories and Shops Act 1928* (No. 3677) that any employer may fix and pay piece-work prices to any person or persons or classes of persons employed at any work for which the Board has fixed the minimum wage, provided that any such employer shall base such piece-work prices on the earnings of an average worker working under like conditions, and such piece-work prices shall be fixed so that an average worker can earn not less than the wages that are fixed by the Board for such work.

(14) GRINDING TOOLS.—Each patternmaker, at the end of his employment, shall be allowed an hour at ordinary rates for the purpose of grinding his tools.

(15) CONTINUOUS PROCESS.—Means a process in which work is carried on continuously, except for breakdowns, with successive shifts of men throughout the days and nights for at least six days in each week.
