(7) TERMS OF ENGAGEMENT.—Except as herein in this Determination provided, all employees shall be employed by the week. Employees to become entitled to the weekly wage prescribed by this Determination must be available and ready and willing to perform such work as the employer shall from time to time require on the days and during the hours usually worked by the class of employees affected. Where the majority of the employees of any establishment or of any department of such establishment agree to work part time for any period or to close down for any period on days other than the prescribed holidays, the provisions of the weekly wage shall not apply to any employee of such establishment or department during such periods.

Employment for the first two weeks of service at any time shall be from hour to hour at the weekly rate fixed.

(8) TERMINATING EMPLOYMENT.—Employment to be terminated only by a week's notice on either side, and such notice may be given at any time during the week. This shall not affect the right of the employer to dismiss any employee without notice for malingering, inefficiency, neglect of duty, or misconduct, or to deduct payment for any time the employee cannot be usefully employed because of any strike, or through any breakdown of machinery, or any stoppage of work by any cause for which the employer cannot reasonably be held responsible.

An employer shall not terminate the employment of an employee for the purpose of evading payment for the holidays prescribed by this Determination.

Where an employee is dismissed within seven days prior to any such holiday the re-engagement of such employee within seven days after such holiday shall be prima facie evidence that the employment was terminated for the purpose of evading payment for such holiday.

Where the employer terminates the employment within one week of a day on which a holiday occurs, the employee shall be paid for such holiday or holidays prescribed by this Determination, provided that such employee had been employed by the employer for a period of at least one week prior to the termination of the employment.

Should an employee be dismissed during the course of a week, any wages due to him or her shall be paid to him or her forthwith, or shall be posted to him or her within 24 hours.

(9) SPECIAL RATES FOR SUNDAYS AND HOLIDAYS.—Any employee who is employed on any holiday specified in clause (14) shall be paid for at the rate of the ordinary time in addition to the usual rate.

The interval shall be as part of the time of duty, without deduction of time-work pay. During such rest period the employees may leave their seats, but not the premises.

(12) MATERIALS TO BE PROVIDED.—Any person employed in wholly or partly preparing or manufacturing any article of furniture or in preparing any new or second-hand article of furniture shall be paid 6d. per hour in addition to the lowest rate fixed by this Determination, unless the following are provided by the employer if required in the performance of the work:—Benches, wood or iron clamps over 2 ft. 6 in., hand screws (in excess of four), glue pots, and glue brushes and varnish brushes. Any employee engaged at frenchpolishing shall be supplied with all materials, including rags, brushes, and kit-box.

(13) ALLOWANCES FOR TRAVELLING TIME AND BOARD.—All time reasonably occupied by an employee in travelling to or from work outside the factory and outside ordinary hours and in travelling to and from work in a country district if engaged in the metropolitan district for employment in a country district shall be treated as time of duty and paid for at ordinary rates up to a maximum of eight hours for the journey, except on Sundays, when time and a half rates shall be paid up to a maximum of eight hours for the journey. Provided that, where an employee proceeds direct from his or her home to a job outside the factory, he or she shall be paid for all time reasonably occupied in travelling to the job in excess of the time usually taken to go from his or her home to the factory.

All fares and reasonable travelling expenses incurred by an employee in such travelling, including the cost (if any) incurred for meals—together with the reasonable cost of board and lodging if the employee has to be away from his or her home for a night—shall be paid to the employee.

The fares allowed shall be first class where the employee has to travel all night in connexion with his or her employer's business, and in other cases the fares shall be second class.

The foregoing travelling and accommodation allowances shall be paid additional to the usual rates for the time employees are working.

When it is more convenient for the employee to go direct to the job from his or her home he or she shall do so, and start and cease work at the usual times customary at the factory, provided that any extra expense incurred by him or her in travelling shall be borne by the employer.

(14) HOLIDAYS.—All weekly wage employees shall be granted the following holidays without deduction of pay:—The days observed as New Year's Day, 26th January, Good Friday, Easter Monday, Eight Hours Day, Anzac Day, King's Birthday, Christmas Day, and Boxing Day.

All employees working on piece-work or task-work shall be granted the same holidays as are granted to weekly wage workers, and they shall, subject as hereinafter provided, be paid for such holidays the amount for each holiday based on the minimum weekly wage as set out in this Determination for the class of work performed.

If any of the above holidays occur on a Sunday or Saturday and are not observed on any other day, then employees shall not be paid for such Sunday, and shall be paid for such Saturday as for a half-day, but not otherwise.

All other weekly employees shall be paid for the above holidays an amount for each holiday based on the actual weekly wage paid to them by the employer.

Any employee absenting himself or herself from work on any portion of the working day preceding a holiday provided for herein other than Boxing Day and New Year's Day without permission from the employer or without having reasonable cause for having absented himself or herself from work shall not be entitled to payment for such holiday.

(15) SICKNESS, ACCIDENTS.—Any employee not attending duty shall lose his or her pay for the actual time of non-attendance unless he or she produces or forwards within 24 hours of the beginning of his or her absence evidence satisfactory to the management that his or her non-attendance was due to personal accident arising out of or in the course of his or her employment or to personal ill health sufficient to incapacitate him or her for his or her usual work.

An employee shall not be entitled to payment for non-attendance on the ground of accident or ill health for more than six days in each year.

For the purpose of this clause a year shall mean a period of twelve months commencing on the 17th day of August in each year.

(16) PAY DAY.—All employees shall be paid weekly on any other day than Saturday.

No employer shall hold more than two days' pay in hand.

Any employee kept waiting for his or her pay on pay day for more than a quarter of an hour after the usual time for ceasing work shall be paid overtime rates after that quarter of an hour and as for a quarter of an hour at least.

(17) PIECE-WORK.—The employer may fix his own piece-work prices or task rates, provided such prices or rates enable an employee of average capacity working under like conditions to earn at least 10 per cent. more than the minimum weekly wage prescribed for the class of work performed. The same piece-work prices shall be paid to all piece-workers doing the same operation in the factory, whether they be apprentices or improvers on piece-work, or otherwise.

All piece-workers who are available and ready and willing to work during the ordinary working hours shall be paid in each week, in the case of males not less than 75s., and in the case of females not less than 50s.
