[1931

PUBLIC HOLIDAY.

FOUNDATION DAY.

IT is hereby notified that on
MONDAY, THE 26TH JANUARY, 1931,
the Public Offices will be closed, that day being appointed by
the *Public Service Act 1928* to be observed as a Holiday in
the public offices throughout Victoria.

T. TUNNECLIFFE,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 2nd January, 1931.

BANK HOLIDAYS.

PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of
Victoria and its Dependencies in the Commonwealth of
Australia, &c., &c., &c.

IN pursuance of the provisions contained in Part III. of the
Banks and Currency Act 1928, I, the Lieutenant-Governor
of the State of Victoria, in the Commonwealth of Australia, do
by this my Proclamation appoint the days and dates named
hereunder as special days to be observed as Bank Holidays or
Bank Half-Holidays (as the case may be) at the places respec-
tively specified, that is to say:—

HIS Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, and in pursuance of the provisions of section 9 of the *Unemployment Relief Amendment Act 1930* (No. 3948), doth by an Order made on the 13th day of January, 1931, hereby appoint the undermentioned gentlemen to be an Employment Relief Works Board, viz.:—

The Honorable EDMOND JOHN HOGAN, M.L.A., Treasurer and Minister of Markets, who shall be Chairman;

The Honorable JOHN PERCY JONES, M.L.C., Commissioner of Public Works, Minister of Mines, Minister in Charge of Immigration, and a Vice-President of the Board of Land and Works, who shall be Deputy Chairman;

JOHN HANCOCK, Esq., representative of rural industries;
SAMUEL MCKAY, Esq., representative of commerce;
ALBERT EDWARD MONK, Esq., representative of employees;
ATLEE ARTHUR HUNT, Esq., C.M.G., a member of the Charities Board of Victoria.

C. W. KINSMAN,

Acting Clerk of the Executive Council.

At the Executive Council Chamber,
Melbourne, 13th January, 1931.

Mining Development Act 1928.

DEPARTMENT OF MINES.

ADVANCES TO MINERS FOR PROSPECTING.

IN pursuance of the provisions of Part VII. of the *Mining Development Act 1928*, His Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, has, by Order made on the 7th day of January, 1931, granted advances by way of loans to the parties of miners named hereunder, for the purpose of enabling and assisting the said parties to prospect for gold, or any minerals or metals other than gold, in the localities mentioned:—

Name of Foreman of Party, Locality, Amount.

L. Anderson, Neerim South	£10
J. Yates, Maiden Gully	20
W. Hickey, Yandoit	30
A. Sheppard, Golden Square	40
			£100

C. W. KINSMAN,

Acting Clerk of the Executive Council.

At the Executive Council Chamber,
Melbourne, the 7th January, 1931.

DEPARTMENT OF MINES.

ADVANCES TO MINERS FOR PROSPECTING.—ORDER AMENDED.

HIS Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth, by an Order made on the 7th day of January, 1931, amend the Order in Council of the 25th day of November, 1930, and published in the *Gazette* of the 3rd December, 1930, whereby advances by way of loans to certain parties of miners were granted under the provisions of the *Mining Development Act 1928*, for the purpose of enabling and assisting them to prospect for gold, &c., in so far as it relates to G. Bench, by substituting the name of J. P. Larkins for that of G. Bench appearing therein.

C. W. KINSMAN,

Acting Clerk of the Executive Council.

At the Executive Council Chamber,
Melbourne, the 7th January, 1931.

Business Agents Act 1930 (No. 3897).

REGULATIONS.

At the Executive Council Chamber, Melbourne, the thirteenth day of January, 1931.

PRESENT:

His Excellency the Lieutenant-Governor.

Mr. Tunnecliffe

Mr. Webber.

UNDER the powers in that behalf conferred by the *Business Agents Act 1930* (No. 3897), the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council of the same, doth hereby make the following Regulations:—

1. These Regulations may be cited as the *Business Agents Licensing Regulations 1931*.

2. In these Regulations, unless inconsistent with the context or subject-matter—

“Act” means the *Business Agents Act 1930*.

“Licence” means a licence under the said Act.

“Prescribed” means prescribed by the Act or these Regulations.

“Registrar” means the registrar appointed under the Act.

3. An application for a licence or a transfer of a licence or for a certificate under section 3 (3) of the Act shall be made in the form or to the like effect of the one appropriate to the case contained in the First Schedule hereto.

4. The notice of every application for a licence or for the transfer of a licence required by the Act to be posted by a Clerk of Petty Sessions in a conspicuous place inside and also outside of the Court Building shall be in the form or to the effect of the one contained in the Second Schedule hereto.

5. A person desiring to object to the grant or transfer of a Business Agent's Licence or to the grant of a Sub-agent's Licence shall lodge with the Clerk of Petty Sessions, at the Court where the application is to be heard, a notice in the form or to the effect of the one contained in the Third Schedule hereto.

6. The fidelity bond required to be lodged with an application for a Business Agent's Licence or for the transfer of such a licence from one individual to another, or from one corporation to another, shall be in the form applicable to the case contained in the Fourth Schedule hereto.

7. The Clerk of Petty Sessions of the Court at which an application for a licence is granted shall, on payment of the prescribed fee, prepare and issue to the person entitled a licence in the form applicable to the case contained in the Fifth Schedule hereto.

8. In the case of the grant of an application for the transfer of a Business Agent's Licence the Clerk of Petty Sessions, on payment of the prescribed fee, shall endorse the licence transferred with a memorandum in the form contained in the Sixth Schedule hereto.

9. Every duplicate licence ordered to be issued by a Court on the loss or destruction of the original shall, before issue, be endorsed by the Clerk of Petty Sessions issuing it, with the words “Duplicate of licence No. , issued by Order of the Court of Petty Sessions at this day of 19 Signed—Clerk of Petty Sessions.”

10. The Clerk of Petty Sessions at each Court shall forward to the Treasury, with his Revenue Statement of Collections, returns in the form or to the effect of those contained in the Seventh Schedule hereto of all issues, transfers, or cancellations of licences made during the time covered by the Revenue Statement which they accompany.

11. The record required to be kept in the Treasury of Business Agents' Licences issued, transferred or cancelled, and of Sub-agents' Licences issued or cancelled, shall be in the appropriate form contained in the Eighth Schedule hereto.

In the case of a licence issued to a person nominated by a corporation the issue of the licence shall be recorded under the name of the corporation concerned.

12. The certificate of exemption provided for in section 3 (3) of the Act shall be in the form or to the like effect of the one contained in the Ninth Schedule hereto.

13. The statement, in writing, provided for in section 25 of the Act, containing particulars of the name and work or services of and the salary, wages, or commission paid each month to every person employed by a Business Agent in connexion with his business shall be kept in the following form:—

Month of— 19	Name of Employé.	Capacity in which Employed.	If Licensed as a Sub-Agent.	Remuneration Paid.	
				Salary or Wages.	Commissions.
				£ s. d.	£ s. d.

14. The authority in writing to be given by a licensed Business Agent to a Sub-agent under section 38 of the Act shall be in the form or to the like effect of the one contained in the Tenth Schedule hereto.

15. The holder of any authority referred to in the last preceding clause shall on demand produce it to the Registrar or to any member of the Police Force or to any person with whom he is transacting or attempting to transact any business as a sub-agent.

(FORM A.)

BOND.

(*Fidelity of an Individual.*)

Know all men by these presents that [in case of a person or persons insert "I" or "we"; if made by a corporation insert its name and registered office; when made by an individual or individuals insert full name or names, addresses, and additions of approved surety]; ["am" or "are jointly and severally" or in case of a corporation insert "is"] bound to the Honorable [*name of Treasurer*] His Majesty's Treasurer in and for the State of Victoria and his successors and his and their assigns in the sum of Five hundred pounds sterling to be paid to the said Treasurer his successors or assigns for the due payment whereof ["I" or "we" or "the company"] hereby bind(s) [myself my heirs executors and administrators" or "ourselves and each and any two of us, our respective heirs executors and administrators" or "itself"] firmly by these presents.

Whereas one [*name of applicant for a licence with address*] of is an applicant for the grant or "by transfer from [*setting out name of holder of transferred licence*]" of a Business Agent's Licence under the *Business Agents Act 1930* under the terms of which Act each applicant is required to lodge with his application a fidelity bond for Five hundred pounds from some insurance company or other surety approved for the purpose by the Treasurer of Victoria. And whereas the above bounden [*name of surety followed by word "has" or "have"*] agreed to enter into the above-written bond for the fidelity of the said [*name of person whose fidelity is answered for*] as a business agent, as well as each and every sub-agent and every other person employed by him in all matters and things connected with arising out of or incidental to his behaviour conduct or dealings in relation to such business during the year ending the 31st day of December, 19 _____.

Now the condition of this obligation is such that if the said [*name of person whose fidelity is answered for*] is granted [*but if it be by way of transfer insert "by transfer from (setting out name of holder of transferred licence)"*] a Business Agent's Licence under the *Business Agents Act 1930* he as well as each and every sub-agent and every other person employed by him shall during the currency of the said licence in all things in relation to the conduct of the business of a business agent behave himself in an honest and lawful manner and observe and comply with the requirements of the law for the time being in force governing the case of the business agents more especially the provisions of the said Act which require that every business agent who as such (whether by himself or by an Employee or Sub-agent) receives any money on behalf of any person in his capacity as a business agent in respect of any transaction or who holds any money so received as a stakeholder or in trust—pending the completion of any such transaction shall as soon as is practicable pay such moneys into a bank to a trust account in the name of the business agent and shall not withdraw such moneys therefrom save for the purpose of paying the same to the person or persons entitled thereto and that all such moneys shall be kept and accounted for separately from the moneys of the business agent then this bond shall be void of none effect or else to remain in full force and virtue.

F. G. G. HYNES,
 Secretary, Surveyors Board.

Department of Lands and Survey,
 Melbourne, 7th January, 1931.

SURVEYORS BOARD, VICTORIA.

REGULATIONS FOR THE GUIDANCE OF SURVEYORS
 UNDER THE TRANSFER OF LAND ACT 1928.

THE following Regulations for the guidance of surveyors under the *Transfer of Land Act 1928*, made under the provisions of the *Land Surveyors Act 1928*, section 9 (f), are hereby promulgated in lieu of the Regulations approved by the Governor in Council on the 23rd November, 1920, which are hereby rescinded:—

1. Every survey or subdivision made or used for the purpose of any application or dealing in the Office of Titles must be made by or under the immediate personal supervision of a surveyor licensed under the *Land Surveyors Act 1928*, and in strict accordance with these Regulations.

The surveyor must certify to the accuracy of the survey by signing on the plan purporting to represent the same a certificate in the following form:—

I (name in full), a surveyor duly licensed under the *Land Surveyors Act 1928*, certify that the parcels of land herein delineated and coloured have been surveyed and marked on the ground by me, or under my immediate personal supervision, in strict accordance with the Regulations for the guidance of surveyors made under the said Act, and that this plan is in all respects accurate, and correctly represents the occupation and features existing on the day of 19 , Licensed Surveyor.

Date—

2. Where two years have elapsed since the completion of the survey the following certificate must also be made on the plan, and signed by the surveyor:—

I certify that this plan (as amended in) correctly represents the occupation and features existing at this date, and that the survey has been brought up to date.

, Licensed Surveyor.

Date—

3. No surveyor shall sign any certificate required by these Regulations in respect of any survey not actually made by him, or under his immediate personal supervision, and a surveyor acting in contravention of this rule will be liable to have his plans rejected and his licence suspended or cancelled under the provisions of section 8 of the *Land Surveyors Act 1928*.

4. The surveyor will be expected to disclose all doubts, discrepancies, and difficulties, and to afford all other information obtainable by him, relative to the property, that may aid in securing accuracy and completeness in the certificate of title to the land. In these matters he will consider himself rather an agent and adviser of the Government than of the person incidentally employing him, nor will a regard for the interests of such employer be considered as excusing in any degree the withholding of any information affecting the merits of the application, even though the description supplied be literally and technically correct.

5. The surveyor must adhere to the principle of the unchangeableness of original lines and corners established by Government or other duly authorized surveyors, done in good faith; in other words, where the lines and corners have originally been established on the ground in pursuance of the survey system authorized by the law of the time, and can be identified, they must be regarded as the true lines and corners which they represent, even if subsequent surveys show that the posts, pegs, or marks are out of line, and that the corners are out of position, according to the original description contained in the Crown grant or title.

6. The surveyor shall, if practicable, measure the actual boundaries of blocks under survey; but should insuperable difficulties render this impracticable, the method adopted in measuring and obtaining distances must be clearly shown in the field notes.

7. The datum for the survey should generally be the road frontage from cross road to cross road, and the assumed bearing should accord with the title or the bearing given on the map showing the allotment issued by the Department of Lands and Survey. In country surveys, where the cross roads are far apart, the line along the frontage road from the nearest cross road to the far side of the next defined Crown allotment or property beyond the one under survey may be accepted as datum; this must also be measured. The edge of constructed footpaths, kerbs, or channels (if any) on both sides of the road opposite the ends of the datum and opposite the corners of the land under survey, and any objects suitable for reference marks must be picked up and recorded.

8. All bearings must be observed with a serviceable theodolite in good adjustment, and all measurements must be made with a steel or Invar tape, and shall be in terms of the standard deposited at the Melbourne Observatory. Where the

value of the land under survey is based on acreage, the measurements on the plan and field notes should be recorded in links and decimals of a link, but in town or suburban surveys these should be recorded in feet and inches. (Feet and hundredths of a foot will be accepted on the field notes only, provided the notes clearly indicate this.)

9. The actual measurements made in the field must be given notwithstanding that they may not agree with the Crown grant, title, or public charts, and in addition to a complete survey of the allotment or parcel being dealt with, the surveyor shall supply such further information as may be deemed necessary by the Office of Titles.

10. Every survey must show the position and description of the occupation constituting possession at the date of the survey, and the definition of the adopted corners. The description of all points measured to, such as peg, post, plinth, base, wall, &c., &c., and the position of the occupation relative to the adopted boundaries must be clearly indicated on the plan and field notes, and in all cases (particularly in adverse possession) the position of all gates or other means of access to the allotment under survey must be shown.

11. When an irregular boundary is defined by offsets and insets measured thereto from traverse lines, such traverse lines must form part of the geometrical figure used in computing the area, and the areas of the portions lying between the traverse lines and the boundary are to be computable from such offsets and insets.

12. Except on plans of subdivision under section 211 of the *Transfer of Land Act 1928* (where only the abutments appurtenant to the land and public highways should be shown), all abutments, and the names and widths of all streets and roads adjoining the block under survey must be recorded in the field notes and on the plan, the greatest care being taken to ascertain correctly the actual lines and widths of such streets, roads, or other abutments. All suitable reference marks and the width of footpaths where defined must also be noted.

13. All plans lodged or deposited at the Office of Titles must be prepared on drawing paper of good quality, in no case cut to less than foolscap size. (The standard size for plans of subdivision is 20 inches by 27 inches.) The quality of the drawing, printing, figuring, and writing must be satisfactory to the Chief Draughtsman. Plans on which erasures or alterations have been made, or which in any way have become damaged or defaced, will be liable to rejection.

14. All plans must be drawn to a scale sufficiently large to admit of the necessary details, dimensions, and area being clearly inserted. The dimensions to be in links or feet and inches.

15. Every plan must bear upon its face the full Crown description of what it purports to represent—for example:—Plan of survey of (part of) Crown allotment (section or portion as the case may be), City or Town of _____, Parish of _____, County of _____, and bear the date of the completion of the survey and the date of the signing of the plan.

16. The area of every allotment must be shown on the plan, except on plans of subdivision, where areas of less than an acre are not to be shown.

17. The parcel being dealt with on any plan of survey should be coloured pink, and if further colours are required, blue, green, purple, or yellow may be used.

18. Every plan of subdivision for lodgment under section 211 of the *Transfer of Land Act 1928* must be of the standard size of 20 inches by 27 inches, and a 3-in. margin free from survey information should be preserved all round.

The scale should be such that no series of lots except occasional shop sites shall be of less width than one-third of an inch each. Two or more sheets may be used for the one subdivision.

Plans of subdivision must show all the lots with the dimensions thereof into which the land has been divided marked with distinct numbers or symbols.

All public roads and the roads, streets, passages, reserves, and drainage ways appurtenant to the subdivided land and/or set apart for the use of the purchasers of the lots on the plan should also be shown, and the plan must bear the certificate prescribed in Regulation 1.

19. Proper field notes of all surveys are kept in convenient form, and any corrections in the entries made for practical errors are to be shown in red, with an explanatory note on the page on which they occur. Such field notes shall be given up for inspection when required by the Chief Draughtsman. A certified copy of the field notes bearing the date of the survey and including corrections must be furnished with the plan, and if required by the Chief Draughtsman a copy of the surveyor's computation sheets must also be supplied.

20. All surveys for the purposes of the *Transfer of Land Act 1928* are, where practicable, to be marked on the ground by substantial pegs, such pegs to be not less than two by two inches scantling, of sound seasoned durable timber, not less than 12 inches long, and driven 12 inches into the ground. At the pegs, where practicable, trenches at least 5 inches deep and 8 inches wide, commencing 1 foot from the pegs, are to be cut in the direction of the boundary line for the distance

indicated below. At splayed corners a peg or spike should be placed at the intersection of the alignments.

21. In all subdivisional surveys—in addition to the marking in accordance with Regulation No. 20—at least three reference marks must be placed in suitable positions (usually 8 to 10 feet off the alignment) on the survey and properly connected to and shown on the plan and field notes.

Where the subdivision consists of more than twenty lots two reference marks for every twenty lots must be put in by the surveyor. The reference marks may consist of blocks of concrete not less than 12 inches by 4 inches by 4 inches, or iron spikes or galvanized-iron pipes not less than 12 inches long and $\frac{1}{2}$ of an inch in diameter, driven into the ground with the top below the level of the surface.

22. Where pegging is impracticable the manner of marking to the satisfaction of the Commissioner of Titles must be shown, and surveyors shall observe and comply with any special directions from time to time given by the Commissioner of Titles in respect to the mode of marking and conducting any survey.

23. The necessity for the greatest possible accuracy in surveys and plans cannot be too strongly impressed upon surveyors, as in many cases no means exist by which errors can be immediately detected. If it is found, therefore, that the work of any surveyor is not up to the standard of accuracy required by the Office of Titles, or that he has in other respects neglected to comply with the foregoing Regulations, his plans will be rejected, and he will be dealt with under the provisions of section 8 of the *Land Surveyors Act 1928*.

24. The special attention of surveyors is directed to the fact that every survey acted upon under the *Transfer of Land Act* must sooner or later be compared with other surveys, and in order that satisfactory comparisons can be made, every survey should be connected to at least two reference marks of a permanent nature, such as bench marks (M.B.W. and others), special buildings, monuments, mile posts, or other objects likely to remain in position, or which can be re-established from other marks.

The above Regulations were adopted at a meeting of the Surveyors Board, held on 10th December, 1930.

A. E. W. TOBIN, Chairman.
JAMES PATERSON, Member.
F. G. G. HYNES, Secretary.

Approved by the Governor in Council,
the 7th January, 1931.

C. W. KINSMAN,
Acting Clerk of the Executive Council.

Water Act 1928.

CORRYONG WATERWORKS TRUST.

RATING BY-LAW FOR 1931.

THE Commissioners of the Corryong Waterworks Trust do hereby, pursuant to and in exercise of the powers and authorities conferred by the *Water Act 1928*, make the following By-law:—

A General Rate of Two shillings and ninepence in the pound is hereby made for the year 1931 upon all lands and tenements adjoining the Trust's mains within the Waterworks District of the Trust, and such rate shall be based on the municipal valuation of the Upper Murray Shire Council for the year 1930-1931, with a minimum rate of £3 (Three pounds) on any tenement of an annual municipal valuation of £20 or under, and a minimum rate of Fifteen shillings on land on which there is no building of an annual value of £5 or under.

The said rates and charges shall be due and payable on the 1st day of January, 1931.

Such persons or persons as the Commissioners shall appoint shall be authorized to demand, collect, sue for, and recover the rates hereby made.

The foregoing By-law was made and adopted by the Trust on the 1st day of December, 1930.

(SEAL) A. W. ACOCKS, Chairman.
D. J. CRONIN, Commissioner.
C. W. C. FARRAN, Secretary.

GLENROWAN WATERWORKS TRUST.

BY-LAW FOR 1931.

THE Commissioners of the Glenrowan Waterworks Trust do hereby, pursuant to and in exercise of the powers and authorities conferred by the *Water Act 1928*, make the By-law following:—

The following are the rates for 1931 which the occupiers or owners of lands, tenements, or vacant allotments within the Waterworks District of the aforesaid Trust, and liable to be rated, shall pay to the Trust in respect to every such property:—

1. For every house or tenement of more than Fifteen pounds eleven shillings and one penny annual municipal valuation, a rate of Two shillings and threepence in the pound shall be paid.

2. For every house or tenement of Fifteen pounds eleven shillings and one penny annual municipal valuation and under, a sum of One pound fifteen shillings shall be paid.

3. The minimum rate on every vacant allotment shall be Fifteen shillings for each allotment of an annual municipal valuation under Seven pounds, and on Seven pounds and over the general rate of Two shillings and threepence in the pound shall apply.

4. For all lands and tenements situated otherwise than in streets in which pipes are laid down, and which are not supplied with water, and being within a quarter of a mile of a main, one-half of the before-mentioned rates, and where tenements are over a quarter of a mile and under half a mile from a main, one-quarter the before-mentioned rates to be paid.

5. Water supplied by meter shall be charged for at the rate of Two shillings per 1,000 gallons, and shall be paid for at such time or times as may be demanded by the Trust.

6. The foregoing rates are hereby made payable in advance on the first day of January, 1931.

7. Such person or persons as the Trust may from time to time appoint for that purpose are hereby authorized to demand, collect, and recover the said rates and charges.

The seal of the Trust was hereto affixed in the presence of—

(SEAL) G. LEE, Chairman.
T. C. MUNTZ, Secretary.

KERANG WATERWORKS TRUST.

RATING BY-LAW FOR 1931.

THE Chairman and Commissioners of the Kerang Waterworks Trust, the Waterworks District of which has been proclaimed an Urban District for the purpose of the *Water Act 1928*, do hereby, in pursuance of and in exercise of the powers conferred by the said Act, make the following By-law:—

By-law No. 32, Making a Rate for 1931.

The following are the rates which the occupiers or owners of land and tenements within the district of the Kerang Waterworks Trust shall pay for water supplied by the said Trust:—

For every house or tenement of the annual value of over Sixteen pounds, according to the municipal valuation, an amount of One shilling and threepence in the pound of such valuation.

For every house or tenement of the annual value of Sixteen pounds or under, according to the municipal valuation, an amount of One pound sterling per annum.

For all water sold by meter by the Trust, the sum of One shilling per thousand gallons will be charged, except in the case of special agreement.

For a temporary supply during the erection of new buildings, repairs, or additions, Ten shillings per centum on the amount of contract for stonework, brickwork, or plastering, or, if in the absence of a contract, on the sum paid for stonework, brickwork, or plastering, or the Trust may require a meter to be fixed, when the charge shall be by measurement. Minimum charge—One pound.

The above-mentioned rates and charges are made for one year, commencing on the 1st day of January, 1931, and ending on the 31st day of December, 1931, and shall be due and payable on the 1st day of July, 1931.

Such person or persons as the Commissioners of the Kerang Waterworks Trust may appoint from time to time for the purpose shall be authorized to demand, and receive, and collect rates and charges hereby made.

Passed this 22nd day of December, 1930.

The seal of the Trust was affixed in the presence of—

(SEAL) FRED. J. TAVERNER, Chairman.
A. K. LYALL, Secretary.

KYNETON SHIRE WATERWORKS TRUST.

RATING BY-LAW NO. 21 FOR THE YEAR 1931.

THE Commissioners of the Kyneton Shire Waterworks Trust, the Waterworks District having been proclaimed an Urban District, in pursuance of the powers conferred by the *Water Act 1928*, do make the following By-law:—

The rates and charges herein specified are those which the occupiers and owners of tenements situated within the aforesaid District are liable to be rated shall pay for the year 1931 in respect of water supplied for domestic purposes.

A rate of Sixpence in the pound on all tenements, according to their annual municipal valuation, with a minimum charge of Ten shillings on those tenements where water is supplied.

The above rates are for the year ending 31st December, 1931, and are payable in advance in one instalment on 1st January, 1931.

Such person or persons as the Trust may appoint for the purpose are hereby authorized to demand, receive, collect, and recover the said rates and charges.

Dated at Kyneton this 17th day of December, 1930.

(SEAL) J. G. SPAIN, Chairman.
T. C. ROWAN, Commissioner.
GEO. SWANSON, Secretary.

LEONGATHA WATERWORKS TRUST.

RATING BY-LAW FOR 1931.

THE Commissioners of the Leongatha Waterworks Trust, the Waterworks District of which has been proclaimed an Urban District for the purposes of the *Water Act 1928*, pursuant to and in exercise of the powers and authorities conferred by the said Act, do hereby make the following By-law:—

By-law No. 27.

1. For determining the rates to be paid for the several lands and tenements to be supplied otherwise than by measure with water for domestic use.

2. For making and levying such rate—

(i) For every house or tenement situate in any street or road where pipes have been laid for the supply of water thereto, such house or tenement being used either wholly or partially as a domicile, a rate of One shilling and sevenpence in the pound sterling upon the municipal valuation for the time being of such house or tenement shall be paid; provided that the rate for the supply of water aforesaid to any tenement shall not be less than the sum of Twenty-two shillings and sixpence per annum, except in the case of land on which there is no building.

(ii) For every occupied or unoccupied allotment or vacant lot situate in any street or road where pipes have been laid, the rate to be paid shall be One shilling and sevenpence in the pound sterling, according to the municipal valuation of such allotment; provided that in no case shall a less rate than Ten shillings be payable except where the municipal valuation is less than Three pounds each, in which case the said rate shall not be less than Seven shillings and sixpence.

(iii) For all lands and tenements situated otherwise than in the streets and roads in which pipes are laid down, and which are within a quarter of a mile of a stand-pipe of the Trust, there shall be paid one half of the above rates; and for all such lands and tenements being over a quarter of a mile, but within half a mile from such stand-pipe, one quarter of the full rates shall be paid.

The rates herein made are for the year ending 31st December, 1931, and shall be due and payable, in advance, on the 31st March, 1931.

Such person as the Commissioners shall appoint from time to time for that purpose shall be authorized to demand, collect, and recover such rates.

Passed this 22nd December, 1930.

(SEAL) WM. WATSON, Chairman.
C. A. BOND, Commissioner.
E. T. MUNRO, Commissioner.
CHAS. A. CHAMBERLAIN, Secretary.

LILLYDALE WATERWORKS TRUST.

RATING BY-LAW FOR 1931.

THE Commissioners of the Lillydale Waterworks Trust, the Waterworks District of which has been proclaimed an Urban District, do hereby, in exercise of the powers conferred by the *Water Act 1928*, make the following By-law:—

By-law for the making of a rate for the year 1931 on the rateable property within the Waterworks District of the Lillydale Waterworks Trust, also for dealing with the charges for the sale of water by measure from the works of the Trust.

1. A rate of One shilling and threepence in the pound sterling shall be paid on the annual value of all rateable property in the Waterworks District, according to the valuation for the time being, of all lands and tenements for the municipal rate of the Shire of Lillydale, but no such rate for tenements of £20 net annual value and under shall be less than Twenty-five shillings per annum.

2. A rate of Five shillings per annum shall be charged on all vacant lands facing the mains.

3. Where water is supplied by measure for domestic and other than domestic use the charge shall be One shilling per 1,000 gallons, except in cases of special agreement with the Trust, and the minimum quantity to be charged for shall be the quantity which, at One shilling per 1,000 gallons, would be equal to the amount of the assessed rate payable for the year in respect of the premises supplied. Where water is supplied for other than domestic use solely, the charge shall be One shilling per 1,000 gallons, and the minimum quantity to be charged for yearly shall be 20,000. Charges for water shall be due and payable on the 1st January, 1931.

4. The foregoing rates and charges are made for the year ending 31st December, 1931, and are payable in advance on the 1st January, 1931.

5. Such person or persons as the Commissioners of the said Trust may from time to time appoint shall be authorized to demand and receive the said rates and charges.

Passed by the Commissioners of the Lillydale Waterworks Trust on the 17th of December, 1930.

The seal of the Lillydale Waterworks Trust was hereto affixed in the presence of—

(SEAL) H. HUGHES, Chairman.
E. A. JANSON, Commissioner.
E. WINTERBOTTOM, Secretary.

MAFFRA WATERWORKS TRUST.

RATING BY-LAW No. 19.

A By-law of the Maffra Waterworks Trust, under and in exercise and execution of the powers and authorities conferred by the *Water Act* 1928, and numbered 19, for making a rate for water supply purposes and for other purposes.

IN pursuance of the powers conferred by the *Water Act* 1928, the Commissioners of the Maffra Waterworks Trust do hereby order as follows:—

1. The following rates and charges are those which the owners or occupiers of lands and tenements liable to be rated shall pay in respect of water supplied for the year 1931 within the Urban District of the Trust:—

- (a) On every house or tenement of Twenty pounds rateable annual value or under, Twenty-five shillings per annum.
- (b) On every house or tenement above the annual rateable value of Twenty pounds, a rate of One shilling and threepence in the pound per annum on the amount of the municipal valuation.
- (c) On each allotment or piece of land rated for the ordinary municipal rate separately from any building, the annual rate of Five pounds per cent. on the amount of the annual valuation of same; provided that no allotment or piece of land shall be rated at less than Five shillings per annum.
- (d) For every steam boiler supplied with water by the Trust the sum of Twelve shillings and sixpence per annum for each horse-power of such steam boiler.
- (e) For water supplied by the said Trust by measurement (except in cases of special agreement with the Trust) the charges shall be—
 - (i) In the case of lands and tenements, at the rate of Two shillings per thousand gallons for such quantity as will be equal to the amount of the water rate which, under the Trust's By-law, would be payable for the said lands and tenements, and for any excess quantity at the rate of One shilling per thousand gallons.
 - (ii) In all other cases, at the rate of One shilling per thousand gallons.
- (f) Water supplied for irrigation of gardens, nurseries, and to manufactories, aerated water and cordial makers, livery and coachhouse stables, and to hotel premises (unless otherwise herein provided), shall be charged for by measurement.
- (g) For water supplied from stand-pipes or hydrants, One shilling per load of one hundred gallons or less.
- (h) For water supplied temporarily to buildings in the course of progress, Twenty shillings per centum on the amount of the contract for stonework, brickwork, and plastering; or, in the absence of a contract, of the sum paid for stonework, brickwork, and plaster-

ing; or the said Trust may require a meter to be fixed, when the charge shall be by measurement. Provided that the minimum charge hereunder shall not be less than One pound:—

- (i) For all lands or tenements in the said District situate otherwise than in streets in which the pipes for the supply of water have been laid down and in which tenements are not supplied with water from such pipes, and being within a quarter of a mile from any stand-pipe or hydrant for the supply of water, one-half of the above-mentioned rates; and where such tenements are more than a quarter of a mile and less than half a mile from such stand-pipe or hydrant, one-fourth of the above-mentioned rates, or such other lesser rate as the Trust may in its discretion think fit.

2. The minimum quantity of water to be charged for in each case where water is supplied by measure (excepting in the case of Government departments, hospitals, cricket clubs, and bowling greens, and for ornamental purposes), shall be—

- (a) If for domestic and other purposes, the quantity for which at the charge of Two shillings per thousand gallons would produce an amount equal to the amount of the water rate which, under the Trust's By-law, would be payable for the said lands and tenements if so supplied otherwise than by measure.
- (b) Syphon pumps will not be allowed unless the water is supplied by measure.

3. Notwithstanding anything contained in this By-law, the Trust may grant special supplies of water (the charges for which shall be in addition to the assessment rates aforesaid) according to the following terms and conditions:—

- (a) To manufactories, railways, livery-stables, public gardens, and clubs, or for other than domestic purposes, at such special rates as the Trust in its absolute discretion shall determine.
- (b) To gardens not exceeding 150 square yards in area, in which one tap only is erected, on payment of a special rate of Fifteen shillings per annum, and for each additional tap a further amount of Five shillings. Any garden above such area shall be supplied only by measurement.
- (c) For every private water trough, the sum of One pound per annum, unless such water be supplied by measurement. Provided that in the case of vacant allotments of land the rate payment shall be considered as part payment of such charge.
- (d) For using a hose for stable watering, the sum of One pound per annum.

4. Otherwise than herein provided, no person shall use water by means of a hose or otherwise for watering gardens, washing horse-drawn vehicles, motor cars, or motor vehicles, or for other than domestic purposes, unless such water is duly measured by a meter approved and erected in accordance with the Trust's requirements.

5. For every plumber's licence there shall be paid the fee of One pound for the year ending 31st December, or for any portion of such year.

6. In the event of the supply of water being cut off or disconnected by the Trust for any breach of its By-laws, the owner or occupier shall pay a sum of One pound for re-connection with the main.

7. No water shall be used for gardens, lawns, or for other than domestic purposes between the hours of 8 p.m. and 6 a.m., nor between the hours of 11 a.m. and 5 p.m., unless the Trust shall otherwise direct or permit, in writing. For the purpose of conserving water, or for extension or repairs, the Trust may, at its discretion, cut off the supply of water at or during such hours as it shall deem expedient.

8. The rates and charges for water and all sums due to the Trust under this By-law shall be paid by and be recoverable from the owner of the premises or the occupier or person requiring, receiving, or using the supply of water.

9. The said rates and charges shall be payable, in advance, on the first day of February, 1931 (except in the case of water supplied by meter or by agreement, which shall be payable at such time or times as may be determined by the Trust from time to time).

Interest at the rate of Six pounds per centum per annum, calculated as from the first day of February, One thousand nine hundred and thirty-one, will be charged on sums six months overdue.

The above By-law was passed at the ordinary monthly meeting of the Trust, held on the 27th day of November, 1930.

The seal of the Maffra Waterworks Trust was affixed hereto in the presence of—

(SEAL) A. D. MATTHEW, Chairman.
JAMES FRENCH, Secretary.

OMEO WATERWORKS TRUST.

RATING BY-LAW FOR YEAR 1931.

THE Commissioners of the Omeo Waterworks Trust do hereby, pursuant to and in exercise and execution of the powers and authorities conferred by the *Water Act 1928*, make and levy the following rates and charges for the year 1931 upon all lands and tenements within the Waterworks District, that is to say:—

1. On every tenement above the annual municipal value of Fifteen pounds, a rate of Two shillings in the pound.
2. On every tenement of the annual municipal value of Fifteen pounds or under, the sum of One pound ten shillings.
3. On land of the annual municipal value of Five pounds or under, the sum of Ten shillings.
4. In all cases not herein provided for, the Trust shall make such provision as may be deemed necessary.
5. Such rate shall be payable yearly, in advance, on the first day of January, 1931.

Such person or persons as the Commissioners of the Trust may from time to time appoint for that purpose shall be authorized to demand, collect, receive, and recover the rates and charges hereby made.

Passed this 19th day of December, 1930.

(SEAL) W. GROSE, Chairman.
A. N. PRESWELL, Secretary.

ROSEDALE WATERWORKS TRUST.

RATING BY-LAW FOR THE YEAR ENDING 31ST DECEMBER, 1931.

THE Commissioners of the Rosedale Waterworks Trust, pursuant to and in exercise of the powers and authorities conferred by the *Water Act 1928*, hereby make the following By-law:—

A By-law for Making the Rate for the Year 1931.

A rate of Two shillings and threepence in the pound shall be paid on the net annual value of the rateable properties within the Waterworks District according to the valuation for the time being of all lands and tenements for the municipal rates for the Shire of Rosedale, but no such rate shall be less than the sum of Two pounds five shillings for any such property built upon.

For every piece or allotment of vacant land, a rate of Ten shillings shall be paid.

For water supplied by measure from the works of the Trust, a sum of Two shillings and sixpence shall be paid for every thousand gallons, but the minimum quantity to be supplied or charged for shall be ten thousand gallons for the year ending 31st December, 1931.

The Trust may at any time, when found necessary, repair or have removed any pipe or stop-cock laid for supplying water to any land or tenement, and may charge the occupier or owner with the cost of providing, laying, repairing, or removing the same, and such costs shall be a debt due to the Trust, and shall be recoverable in any court of competent jurisdiction.

In all cases not herein provided for, the Trust shall make a special provision.

The before-mentioned rates and charges shall be for the year ending on the 31st day of December, 1931, and shall be payable at the office of the Trust, Rosedale, on the 1st day of January, 1931, and any such person or persons as the Trust may appoint from time to time shall be authorized to demand and collect such rates and charges; and, further, if such rates and charges are not paid before the 1st day of July, 1931, interest at the rate of Six pounds per centum shall have accrued as from the 1st day of January, 1931, and must be paid.

The above By-law was passed and the seal of the Trust affixed hereto this 15th day of December, 1930, in the presence of—

(SEAL) H. R. ANDERSON, Chairman.
A. ALLEN, Commissioner.
JAS. STEEL LESTER, Secretary.

TRAFALGAR WATERWORKS TRUST.

RATING BY-LAW FOR THE YEAR 1931.

THE Chairman and Commissioners of the Trafalgar Waterworks Trust, the Waterworks District of which has been proclaimed an Urban District for the purpose of the *Water Act 1928*, do hereby, pursuant to and in exercise of the powers and authorities conferred by such Act, make the following rate for the year ending 31st December, 1931, upon all lands and tenements within the Waterworks District of the aforesaid Trust, also for dealing with charges for the sale of water by measure from the works of the Trust:—

1. A rate of Two shillings in the pound shall be paid on the annual value of all rateable property in the Waterworks District, according to the valuation for the time being of all lands and tenements for the municipal rate of the Shire of Narracan, but no such rate for tenements shall be less than £2 (Two pounds).

2. For every unoccupied piece or allotment of land the municipal value of which does not exceed Five pounds per annum, the sum of Ten shillings (10s.). When such value is over Five pounds, a rate of Two shillings in the pound.

3. For every public water trough, the sum of £2 (Two pounds).

4. When water is supplied by measure for domestic or other than domestic purposes, a charge of One shilling and sixpence per 1,000 gallons shall be made, and the minimum quantity to be charged for shall be the quantity which, at the rate named, would be equal to the rate payable in respect of such property if water were supplied otherwise than by measure.

5. When water is supplied solely for other than domestic purposes, the charge shall be One shilling per 1,000 gallons for the minimum quantity of 300,000 gallons, and for water in excess of such minimum there shall be a charge of Threepence per 1,000 gallons, or such price as may be specially agreed upon.

6. The Trust may, by notice in writing, intimate to any owner or occupier using water for other than domestic purposes solely that the water supplied is to be charged for by measure, and may by such notice require such owner or occupier to provide a meter within one month after the receipt of such notice, and thereupon such owner or occupier shall, within the time specified, at his own expense, provide a meter.

7. In all cases not herein provided for, the Trust shall make such special provision as may be deemed necessary.

8. The foregoing rates are payable on the 1st day of April, 1931.

9. Such person or persons as the Commissioners of the said Trust may from time to time appoint shall be authorized to demand and receive the said rates and charges.

Passed on the 13th day of December, 1930.

(SEAL) M. MCGREGOR, Chairman.
A. D. SMITH, Commissioner.
J. SHANAHAN, Secretary.

TRENTHAM WATERWORKS TRUST.

RATING BY-LAW (NO. 19) FOR THE YEAR 1931.

THE Commissioners of the Trentham Waterworks Trust, the Waterworks District having been proclaimed an Urban District, in pursuance of the powers conferred by the *Water Act 1928*, do make the following By-law:—

The rates and charges herein specified are those which the occupiers and owners of land and tenements situated within the aforesaid District and liable to be rated shall pay for the year 1931 in respect of water supplied for domestic purposes.

A rate of One shilling and ninepence in the pound on all land and tenements, according to their annual municipal valuation, with a minimum of Twenty-five shillings per annum on those properties where water is supplied.

The above rates are for the year ending 31st December, 1931, and are payable in advance in two moieties on the 1st January, 1931, and the 1st July, 1931, respectively.

Such person or persons as the Trust may appoint for that purpose are hereby duly authorized to demand, receive, collect, and recover the said rates and charges.

Dated this 16th day of December, 1930.

(SEAL) JOHN ROTHE, Chairman.
W. J. ANDERSON, Commissioner.
GEO. SWANSON, Secretary.

VIOLET TOWN WATERWORKS TRUST.

RATING BY-LAW, 1931.

THE Commissioners of the Violet Town Waterworks Trust, the Waterworks District of which has been proclaimed an Urban District, in pursuance of the powers conferred by the *Water Act 1928*, do hereby make the following By-law:—

The rates and charges herein specified are those which the occupiers and owners of lands and tenements situated within the aforesaid District and liable to be rated shall pay for the year 1931 in respect of water supplied for domestic purposes.

A rate of Two shillings (2s.) in the £1 on all houses and tenements according to the net annual municipal valuation, with a minimum charge of Two pounds.

A rate of Two shillings (2s.) in the £1 on vacant land, according to the net annual municipal valuation.

A charge for water troughs within the said District shall be Two pounds for each trough.

Such rates and charges are made for the year ending the 31st December, 1931, and are payable, in advance, on the 1st day of January, 1931. Such person or persons as the Commissioners may from time to time appoint for the purpose are hereby authorized to demand, receive, collect, and recover the said rates and charges.

Passed this 22nd day of December, 1930.

The common seal of the Violet Town Waterworks Trust was hereunto affixed in the presence of—

(SEAL) JNO. BEARD, Chairman.
J. W. BALES, Secretary.

YATCHAW WATERWORKS TRUST.

RATING BY-LAW NO. 25

THE Commissioners of the Yatchaw Waterworks Trust, in pursuance of the powers conferred by the *Water Act 1928*, do make the following By-law:—

A rate of Three shillings and sixpence sterling on the annual value of rateable property within the Waterworks District of the Yatchaw Waterworks Trust, according to the value for the time being of all lands and tenements for the municipal rates of the Shires of Dundas and Mt. Rouse, is hereby made for the year One thousand nine hundred and thirty-one, commencing on the first day of January, One thousand nine hundred and thirty-one, and ending on the thirty-first day of December, One thousand nine hundred and thirty-one.

Such rate is made payable on the twenty-first day of March, One thousand nine hundred and thirty-one.

Such person or persons as the Commissioners of the said Trust may from time to time appoint for the purpose shall be authorized to demand and receive the said rate.

The foregoing By-law No. 25 was made by the Commissioners of the Yatchaw Waterworks Trust, under and by virtue of the *Water Act 1928*.

The common seal of the Trust was affixed hereto in the presence of—

(SEAL) T. H. LAIDLAW, Commissioner.
T. BROWN, Commissioner.
FRANK HAMMOND, Secretary.

WERRIBEE SHIRE COUNCIL WATER SUPPLY DISTRICT.

RATING BY-LAW FOR THE YEAR ENDING 30TH SEPTEMBER, 1931.

THE President and Councillors of the Shire of Werribee, being a local governing body appointed under the *Water Act 1928*, make the following By-law:—

By-law No. 4.

This By-law shall apply to the Water Supply District of Werribee, as such District is proclaimed and defined in an Order in Council bearing the date the 7th day of January, 1930.

The following are the rates and charges which the occupiers or owners of land and tenements liable to be rated, or other persons, shall pay for the year ending the 30th day of September, 1931, in respect of water supplied by the Council in the Werribee Water Supply District:—

1. For every house or other tenement fronting any street wherein the water pipes of the Council have been laid, a rate of Two shillings in the pound on the amount of the municipal valuation of such property shall be paid. The minimum amount charged shall be Three pounds per annum.

2. For every allotment upon which there is no building, but which fronts any street wherein water pipes of the Council have been laid, the rate shall be Two shillings in the pound on the amount of the municipal valuation thereof. In no case shall an amount of less than Ten shillings be charged for every 60 feet frontage, or part thereof.

3. On all land and tenements situated elsewhere than in a street in which water supply pipes are laid down, but being within a quarter of a mile of a stand-pipe of the Council, a charge of one half the rates above specified; and on all such land and tenements situated over a quarter of a mile, but within half a mile from any such stand-pipe, a charge of one quarter of the rate above specified.

4. The foregoing rates are hereby made payable in one amount, on 1st January, 1931.

5. For water supplied for domestic or other than domestic purposes by the Council by measure, the charge shall, except where otherwise agreed by the Council, and save as hereinafter provided in the By-law, be Two shillings per 1,000 gallons. The minimum charge in such cases shall be Three pounds per annum.

6. *Water Rate Outside Water Supply District.*—Such occupiers or owners of tenements not within the Water Supply District, but which are connected with the Council's mains, shall pay at such a rate as the Council shall in each case determine, but not less than Two shillings per 1,000 gallons, with a minimum charge of £3 per annum.

7. The charge for private water troughs shall be Twenty shillings per annum, except where, in the opinion of the Council, a meter is necessary or advisable, in which case the consumer shall be charged and must pay at the rate charged for water supplied by measure.

8. For the supply of water during the erection of a new building, or alterations to, or additions to existing buildings, the charge shall be—For a stone or brick building, Five shillings per centum on the cost of the stone or brick buildings, including plastering, or the same shall be fixed by agreement

with the Council. For the supply of water for the erection of a wooden building with plastered walls, the charge shall be Two shillings and sixpence for each room or passage, and Five shillings for each chimney. For a supply of water for wooden buildings where no plaster is used, the charge shall be Five shillings for each chimney in such building. All payments shall be made in advance. No person shall take or use any water for or in connexion with the erection of any new buildings, or alterations to, or additions to existing buildings, till he has obtained the receipt of the Council's officer for payment of the amount payable for the use of such water, or the consent, in writing, of the Council or its officer. Any persons offending against the provisions thereof shall be liable to a penalty not exceeding Five pounds for such offence. All charges shall be additional to all rates or other charges payable by the owner or occupier of the premises upon which the building is being erected, and shall, in the first instance, be payable by the builder or contractor, and, if unpaid by the builder or contractor, shall be charged to and paid by the owner of the premises whereon such building is being erected; but such charge to the owner shall not prejudice the right of the Council to proceed at its option against either the builder or the contractor or the owner or occupier for the amount payable.

9. For the water used or supplied for gas engines, oil-engines, or steam boilers, the charge shall be by measure, the minimum amount to be charged and paid shall be Twenty shillings, to be paid and payable in advance in each case. No water shall be supplied to any such engine or boiler until a meter shall have been affixed to the supply pipe of such engine or boiler to the satisfaction of the Council's engineer, and no water will be supplied to any engine unless such engine is fitted with mechanical appliances to circulate and re-use the water to the satisfaction of the Council's engineer.

10. The minimum quantity of water to be charged for yearly in each case where water is supplied by measure for other than domestic purposes shall (except where otherwise provided or implied in this By-law) be 30,000 gallons, and such water shall (where it is not otherwise provided in this By-law or otherwise specially agreed by the Council), be charged at the rate of Two shillings per 1,000 gallons.

11. Supplies of water for purposes not specified herein are to be paid for at such charges as the Council shall in each case determine, and the preliminary payments appointed by the Council on account of such charge shall be made at the office of the Council before a supply shall be taken or used.

12. When water is supplied for use on any land exceeding 1 acre in area, such water will be supplied by measure only, and the owner or occupier of such land must provide a meter.

13. The minimum charge in such cases shall be Three pounds per annum. All accounts for water supplied under special agreement or by measure shall be paid as agreed upon.

14. *Excess Payments.*—Where water meters are affixed, the excess payments shall be made at the end of each year, or at such time or times as may be demanded by the Council.

15. The service-pipes from the main, being the property of the owners or occupiers of the tenements supplied from such service-pipes, the owner or occupier shall in every instance in which damage is caused by reason of such service-pipe being leaky or otherwise out of repair or broken, be guilty of an offence. If any person neglect to repair any such service-pipe conveying water from the pipes of the Council into the premises of such person after having received notice from the proper officer of the Council that such service-pipe requires repairing, the Council may stop the water flowing into the premises either by cutting off the service-pipe or otherwise, as the Council may see fit, until the necessary repairs have been effected. The Council may at any time when found necessary repair or renew any pipes and stop-cocks laid for conveying a supply of water to any tenement, and may charge the owner thereof with the cost of providing and laying, repairing, or renewing the same, and such cost shall be a debt due by such owner to the Council, and shall be recoverable in any Court of competent jurisdiction.

16. Such person or persons as the Council may from time to time appoint for the purpose shall be authorized to demand, receive, collect, and recover the rates and charges aforesaid, and each of them.

17. In construction of this By-law, the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole, and the word "Council" shall mean the Werribee Shire Council, and the meaning which in the *Water Act 1928* is assigned to any word shall be the meaning of the same word where occurring in this By-law, unless inconsistent with the subject-matter or context.

Resolution for passing this By-law agreed to at a meeting of the Council held on the eleventh day of December, 1930.

(SEAL) JOSEPH RYAN, President.
P. HICKEY, Councillor.
G. P. MUIRHEAD, Secretary.

**BOROUGH OF STAWELL WATER SUPPLY.
MAKING A RATE FOR WATER SUPPLY PURPOSES FOR THE
YEAR 1930-1931.**

1st October, 1930, to 30th September, 1931.

THE Council of the Borough of Stawell doth hereby, pursuant to and in exercise of the powers and authorities conferred on it by the *Water Act 1928*, make the following rate from the 1st day of October, 1930, upon all lands and tenements within the Water Supply District of the Borough of Stawell, that is to say:—

The rate and charge hereunder specified are those which owners and occupiers of lands and tenements shall pay in respect of water supplied other than by measure for domestic purposes:—

Of every house or tenement of less than an annual value of Thirteen pounds (£13), the annual sum of One pound ten shillings (£1 10s.), except all surveyed allotments on which no dwelling is erected, and where no water is laid on or used, the annual charge shall be Fifteen shillings per allotment.

Of every house or tenement above the annual value of Thirteen pounds (£13), the annual sum of Two shillings and three-pence (2s. 3d.) in the pound of the amount of the annual valuation.

The foregoing By-law was made and passed by the Council of the Borough of Stawell on the 3rd day of December, 1930, and to take effect from the 1st day of October, 1930, and shall be payable within the space of fourteen days after demand shall have been made.

(SEAL) CHAS. BROWN, Mayor.
W. G. SHARPLEY, Town Clerk.

The foregoing Rating By-laws made by the Corryong, Glenrowan, Kerang, Kyneton, Leongatha, Lillydale, Maffra, Omeo, Rosedale, Trafalgar, Trentham, Violet Town, and Yatchaw Waterworks Trust Commissioners, the Werribee Shire Council, and the Stawell Borough Council, respectively were approved by the Governor in Council on the 7th January, 1931.

C. W. KINSMAN,
Acting Clerk of the Executive Council.

THE MILDURA SEWERAGE AUTHORITY.

BY-LAW No. 1.

THE Mildura Sewerage Authority, pursuant to and in exercise and execution of the powers and authorities conferred on it by the Sewerage Districts Acts, and of any and every other power or authority in any wise enabling it in that behalf, doth hereby make and prescribe the following By-law, that is to say:—

1. DEFINITIONS.

In the construction of this By-law, unless inconsistent with the context or subject-matter:—

"Authority" shall mean the Mildura Sewerage Authority.
"Engineer" shall mean the Engineer of the said Authority.
"The Acts" shall mean the Sewerage Districts Acts.
"Sewerage District" shall mean the Mildura Sewerage District.

2. GENERAL.

(a) No person shall cause or permit the admission to any drain or sewer of the Authority of any land drainage, surface or otherwise, or rain-water from roofs, yards, streets, or other surfaces, whether by inlets specially designed to admit it, or by any other inlets or openings so placed that such water may get access thereto, and no inlet or opening shall be placed or permitted to remain in such a position that any extraneous water from any river, lake, gully, or creek, or any other source, whether in flood or otherwise, has access to any drain or to any sewer of the Authority.

(b) Under no circumstances shall any acid drainage be discharged into the sewers of the Authority. If the P.H. value of any drainage is less than 7, it shall be brought up to 7 or more by the addition of an alkali or an alkaline earth.

3. PERSONS AUTHORIZED TO CARRY OUT WORKS.

No person shall tender for or enter into a contract for any plumbing or draining work relating to sewerage within the sewerage district who does not hold either a Master Plumber's Licence or a Working Plumber's Licence, unless by permission of the Authority. And no person other than the holder of a Working Plumber's Licence or Drainer's Licence shall actually perform any plumbing work or draining work respectively.

4. MASTER PLUMBERS' LICENCES.

"Master Plumbers' Licences" may be granted by the Authority to any person who is a master plumber who shall satisfy the Authority, either by passing an examination by examiners appointed by the Authority, or in such other manner as the Authority may from time to time or in any particular case direct, that he has a thorough knowledge of sanitary and general plumbing, and of the By-laws and provisions of the

Acts relating thereto. The general conditions under which Working Plumbers' Licences are issued shall also apply to Master Plumbers' Licences.

5. WORKING PLUMBERS' LICENCES.

The conditions under which "Working Plumbers' Licences" will be issued by the Authority are:—

(a) That every such licence will be subject to suspension or cancellation at the will of the Authority, and that all such licences will be granted to expire on the 30th day of September of each year.

(b) A special condition of every consent issued to an owner or agent shall be that if a licensed plumber in his employ upon any such work prove, according to the judgment of the Authority's inspecting officer, to be incapable as a workman, or transgress the By-laws or regulations of the Authority, and the "Working Plumber's Licence" of such workman be for any such cause suspended or cancelled by the Authority, and notice of such suspension or cancellation, in the form prescribed by the Authority, or to the like effect, be given by the Authority in writing, by registered letter addressed to the said owner or agent, the said owner or agent shall cease to employ such workman upon any such work immediately after and during the continuance of such suspension or cancellation. And any such owner or agent who shall neglect or fail to comply with this condition shall be guilty of an offence against this By-law.

(c) "Working Plumbers' Licences" will be issued on payment of a fee of 10s. to candidates for original licence, and for each renewal 5s., who shall have successfully passed an examination by examiners appointed by the Authority, in the following subjects, that is to say:—

Materials.—The use of lead, tin, copper, and their alloys, wrought and cast iron, stoneware or cement concrete, bricks, tiles, Portland cement, and other materials used by the plumber and drainer.

Plumbing Practice.—As to solder and soldering, lead burning, lead laying, pipe and joint making, pipe bending, and general plumbers' practice.

Water Supply Work.—Knowledge of the Water Acts and Water Supply By-laws, general water supply works, water supply fittings, hot-water connexions.

Sewerage Work.—Knowledge of the Acts and Sewerage By-laws or Regulations thereunder, in so far as the same relate to the work and duties of plumbers or others in regard to the construction, maintenance, and protection of the general sewerage system, construction and use of traps, soil, waste, and vent pipes, house fittings, water-closets, kitchen sinks, baths, lavatories, housemaids' sinks, urinals, latrines, and other sewerage apparatus and appliances.

General Principles of Sanitary Work, Flushing, Ventilation, Disconnexion.—Candidates for examination in plumbing practice must provide themselves with their own tools, and may be required to submit samples of work done by themselves, and also to make any pipe, bend, joint, or other plumbing appliance which may be required to satisfy the examiners.

(d) Candidates for "Working Plumbers' Licences" must give notice in writing to the secretary of the Authority of their intention to submit themselves to examination at such time as shall be appointed for the same by the Authority's examiners.

(e) Every candidate who shall have successfully passed the before-mentioned examination and given proof to the satisfaction of the examiners of practical ability as a plumber, will be furnished with a licence from the Authority to do practical work as a working plumber upon and in connexion with the sewers, drains, and all fittings, appliances, and apparatus appurtenant thereto within the Mildura Sewerage District, subject to and in accordance with the Authority's By-laws or Regulations. And he will likewise be furnished with a certificate from the Authority that he is duly qualified to do the work in connexion with the sewerage system under the control of the Authority, and in accordance with the Authority's Regulations.

(f) "Working Plumbers' Licences" will, at the discretion of the Authority, be issued without previous examination to any practical plumber who shall be the holder of, and shall produce, a licence from any other sewerage Authority equal in value to the standard established by the Authority's examination, and who shall satisfy the Authority's examiners that he is conversant with the By-law according to the judgment of the Authority's

examiners, which shall be final. Prior to the issue of any "Working Plumber's Licence," the person to whom the same is to be issued must sign a register containing a declaration that he accepts such licence, subject to and in conformity with the conditions thereof, and the By-laws or Regulations of the Authority, and that he will conform to and comply therewith.

- (g) Whilst none but the holders of "Working Plumbers' Licences" are allowed to be engaged or employed in the performance of plumbing work for sewerage, the holders of licences for water supply work may do water supply work necessary to the sanitary work, such as fixing cisterns and water-closets in outside buildings where lead is not used, and work for water supply.
- (h) The examination for a "Working Plumber's Licence," or for a "Drainer's Licence" only, may be held by the Authority separately or in conjunction with any Technical School, as may be determined by the Authority.

6. DRAINERS' LICENCES.

Drainers' Licences will be issued to candidates who have successfully passed an examination in the following subjects:—

- (a) Plans.—How to read plans; meaning of scales—the scales commonly used in drainage plans; meaning of elevation, plan, and section drawings.
- (b) Levels, &c.—Laying off levels for drains; the straight edge; spirit-level, and boning rods; tools generally used in drain laying; preparing bottom of trenches to receive pipes.
- (c) Excavating, Timbering, and Re-filling.—Protecting the trench by timbering; different treatment of different soils, as loam, clay, loose and wet sand, &c.; tunnelling and tunnel timbering; precautions when near buildings; importance of care in re-filling trenches and tunnels.
- (d) Drain Laying.—Junctions to sewers, laying and jointing of stoneware or cement concrete pipes, cement joints, bitumen joints, self-fitting joints, drains under houses and in soft ground; cast-iron drains, laying and jointing, method of jointing stoneware and cast-iron drains; minimum depth below surface for safety.
- (e) Drainage Details.—The boundary or main disconnecting traps; diminishing of pipes by various methods; gully traps or sinks; self-cleansing form and arresting form, and where each should be used; the reflux gully trap; grease or grease interceptor trap; S trap; pedestal W.C., access eyes and access pipes; cast-iron drainage details.
- (f) Materials.—Salt-glazed stoneware; qualities of lime, mortar, and cement mortar, and where each should be used; concrete, proportioning, mixing, and usage; brick; brick bond for junction pits, manholes, &c., cast-iron pipes.
- (g) Hints on Work.—Laying-off work; drain testing by water, smoke, air pressure, &c., clearing of chokages.

The condition under which working plumbers' licences are issued will also apply to drainers' licences.

7. PREPARATION OF PLANS, AND EXECUTION OF HOUSE CONNEXION WORKS, AND CONSENT TO WORKS

(a) All drains, sinks, traps, urinals, water-closets, grids, water or sewerage pipes, apparatus, appliances, stables, cow-houses, yards, and other works or places on any premises within the sewerage district, shall be made, affixed, and constructed in compliance with the requirements of the Acts, and any Regulations thereunder, and this By-law, but any drain, sink, trap, urinal, water-closet, grid, water or sewerage pipe, apparatus, appliance, stable, cow-house, yard, or other work or place on any such premises at the date of this By-law, which the owner may desire to remain unaltered, and which, in the opinion of the Engineer, is so constructed and kept so as not to be a nuisance or injurious to health, and so that there is no overflow or leakage, or soakage therefrom, may, with the consent of the Authority, remain unaltered until the Authority otherwise orders, notwithstanding that it does not comply with any of such requirements.

(b) Save as provided by sub-clause (a) of this clause, if any drain, sink, trap, urinal, water-closet, grid, water, or sewerage pipe, apparatus, appliance, stable, cow-house, yard, or other work, or place on any such premises (whether made or affixed, or constructed before or after the date of this By-law), does not comply in every respect with the requirements of the Acts, and all Regulations made thereunder, and this By-law, the owner and occupier of such premises shall (without affecting the liability of any other person) be severally guilty of an offence against this By-law.

(c) All drains in and from properties to and as far as the point of connexion of the branch drain with the sewer must be repaired and cleansed by, or at the cost of, the owner or owners.

(d) In the case of any obstruction taking place in a combined drain, the Authority will determine between the respective owners or occupiers of the premises drained thereby, by whom and in what proportion the cost of removing any such obstruction shall be paid.

(e) Application for the Authority's consent to connect with the sewerage system, or to do plumbing and drainage work connected therewith, must be made in writing by the owner of the property to be so connected, or by his authorized agent. Such application shall give the precise location of the property, the name of the owner, and the name of the person employed to do the work, and shall be made in form prescribed by the Authority. No person shall in any such application knowingly make any untrue or incorrect statement. No consent shall be deemed to authorize anything not stated therein.

(f) An approval by the Authority of a plan under section 133 of the *Sewerage Districts Act 1928*, or any consent under section 121, shall not be deemed to authorize or to confer or grant the right to lay a drain through any land intervening between the premises proposed to be connected and the sewer of the Authority, and any owner or applicant for the approval of such plan or consent shall satisfy himself as to his legal right to drain through such intervening land, and shall be solely responsible for any trespass or damage thereon or thereto.

(g) Consents to make connexions with the sewerage system will be issued only when the plumbing and draining in the property to be connected is planned to be made in accordance with the rules for plumbing and draining herein prescribed, and after such plan has been inspected and approved of by the inspector appointed by the Authority for the purpose, or, in the case of new buildings, when a proper plan of the plumbing and of the drainage of the building into the branch, of which the Authority shall have fixed the position, has been approved of in writing by the Authority. All connexions with drains or sewers, and all plumbing and drainage connexions therewith, shall be made under and in accordance with the directions of the Engineer or the superintending officer of the Authority.

(h) Consent will not be given for the performance of any such work except upon condition that no person shall be engaged or employed as a workman in the actual performance of any plumbing or drainage work unless he be the holder of a "Working Plumber's Licence," or "Drainer's Licence" from the Authority. No person shall at any time, or at any place, make up, form, affix, or repair any fitting, pipe, bend, trap, or other thing connected or intended to be connected with the Authority's sewerage system, unless he be the holder of a licence from the Authority authorizing him to do such work.

(i) No person, whether licensed as aforesaid or not, shall alter, remove, or in any way interfere with any drain-fitting, pipe, bend, trap, or other thing connected with the Authority's sewerage system, unless the Authority's previous written consent to do such work has been given.

8. FEES FOR PLAN OF DRAINAGE, DESIGN, AND INSPECTION.

For the various works performed by the Authority, upon the application of owners, the following fees shall be charged:—

(a) Where owners design and carry out their own work—

- (i) For the supply of a block plan, Two shillings and sixpence (2s. 6d.).
- (ii) For the examination of the owner's plan of design, a minimum fee of Seven shillings and sixpence (7s. 6d.).
- (iii) For making or examining any alterations or addition to a plan previously issued or approved of by the Authority, a minimum charge of Five shillings (5s.) shall be made by the Authority.
- (iv) For the inspection of drains and testing by the Authority's inspector, Ten shillings (10s.).
- (v) For the inspection of plumbing by the Authority's inspector, Ten shillings (10s.).
- (vi) For the final inspection by the Authority's engineer and charting the work on the Authority's plans, Ten shillings (10s.).

(b) Where the Authority designs the work for the owner and the owner then carries out his own work—

- (i) For plan of design, Ten shillings (10s.), plus Two shillings and sixpence (2s. 6d.) for each fitting.
- (ii) For the inspection of drains and testing by the Authority's inspector, Ten shillings (10s.).
- (iii) For the inspection of plumbing by the Authority's inspector, Ten shillings (10s.).
- (iv) For the final inspection by the Authority's engineer and charting the work on the Authority's plans, Ten shillings (10s.).

- (c) Where the Authority designs the work and has same carried out for the owner, a charge shall be made equal to the amount incurred by the Authority in the designing and supervizing of all details in connexion with such work.

9. INSPECTION.

(a) The owner or his authorized agent, or the plumber, drainer, or contractor carrying out the work, must give at least twenty-four hours' notice to the Authority of his intention to commence work, and also when any work is ready for inspection. All work must be left uncovered and convenient for examination until inspected and approved of by an inspector appointed by the Authority. Such inspection shall be made within twenty-four hours of such notification being received at the office of the Authority, except when notification is received on Saturdays, when sixty hours must be allowed.

(b) The inspecting officer may apply the ether, peppermint, water, smoke, or air test, the air test to be applied at a pressure of not less than 3 inches of water; and the plumber or drainer shall furnish all the necessary tools, apparatus, labour, and assistance required for such tests. The owner or his authorized agent shall remove or repair any defect when so ordered by the inspecting officer, and if he neglects to do so shall be liable, upon conviction, to a penalty not exceeding Five pounds, and to a penalty not exceeding One pound for every day thereafter during which such neglect or failure shall continue.

(c) Before the fittings are connected with the plumbing of any house or building, or after, if so ordered, and before the soil or waste pipe is connected with the sewer, the outlet of the soil or waste pipe and all openings into it below the top shall be hermetically sealed. The pipes shall then be filled with water to such height as may be ordered, or with smoke, &c., as the superintending officer of the Authority may direct, and every joint and pipe carefully examined for leaks. Defective pipes must be removed and replaced by sound ones, and all defective joints made tight, and every part of the work made to conform to this By-law, and subject to the approval of an officer appointed by the Authority.

(d) House drains, whether laid by the Authority's workmen or others, must be thoroughly tested in every case before being passed by the Authority's officers. When being tested with water there must be a head of at least six (6) feet above every part of the drain.

(e) Before a licensed plumber or drainer commences to clear a stoppage in a drain he must notify the Authority in writing of the time when he intends to clear the stoppage, so that an inspector may attend and pass the work in accordance with the provisions of the Acts.

10. DEFECTIVE FITTINGS.

Any drain pipe, soil pipe, trap, water-closet, urinal, sink, or other fitting laid, used, or constructed otherwise than in accordance with this By-law, or which shall, in the opinion of the Authority, be or become bad, or of defective quality, shall, upon notice in writing from the Authority to the owner or occupier of the property, be by such owner or occupier removed or repaired in the manner determined, and within the time fixed by the Authority; and in case such owner or occupier fails to comply with the requirements of such notice, he shall be liable to prosecution and penalty for an offence against the Act, or the Authority will, if it think fit, remove or repair the said defective fitting and charge such owner or occupier of the premises with the cost so incurred, and will proceed for recovery of the same in manner provided by the said Acts.

11. QUALITY OF MATERIALS AND WORKMANSHIP.

(a) All materials used must be of good quality and free from defects, and all pipes and sewerage fittings of every description must be tested and branded by the Authority. No sanitary fittings shall be allowed to be connected to the sewers of the Authority unless it be of a type previously approved by the Authority, or unless special permission has been given by the Engineer for connexion of such fitting. The utmost care must be exercised on all house connexion work to ensure that only materials which are in accordance with the Authority's By-laws and Regulations are used.

(b) All work must be executed in a thorough and workmanlike manner, and to the satisfaction of the Authority.

12. DRAINS.

(a) The drainage of each house is to be arranged for separately, unless, in the Authority's opinion, special reasons exist for draining by a combined operation. Owners desiring to have the drainage of their properties combined must sign a request for a combined drain. When the drainage of more than two properties is combined, an inspection chamber must be provided, if shown on plan or ordered.

(b) Boundary traps will only be allowed by permission of the Engineer. All the drains must, wherever considered necessary by the Authority, join in a manhole at least three feet (3 feet) long and two feet (2 feet) wide, fitted with a closed cover. The portions of the drains crossing the floor of the

manhole must be in a straight line or by curved junctions in the floor of the manhole. All manholes to be cement rendered (two parts sand and one part cement) to a smooth surface, and made watertight. The manhole must be provided with a closed cover, and special ventilation must also be provided if considered necessary by the Engineer.

(c) The drains outside of the house or building, or from isolated water-closets, to the street sewer shall be constructed of pipes of approved quality and manufacture.

(d) Cast-iron pipes jointed with lead, as is usual in water pipes, or reinforced cement concrete pipes where approved by the Engineer, or other approved pipes surrounded with at least four inches (4 inches) of Portland cement concrete, such concrete to be composed of one part of Portland cement, two parts of clean sand, and four parts of stone of 1½-in. gauge, or gravel approved by the inspector, shall be used in the following cases:—

- (i) In yards or places liable to heavy traffic, where the cover over the drain is less than 2 ft. 6 in.
- (ii) In cases where the construction of drains under buildings is unavoidable.
- (iii) Where drains and fittings are to be laid and fixed at a distance of less than 6 feet from any cellar, water, tank, or other excavation.
- (iv) In soft, bad, waterlogged, or made-up ground.
- (v) Adjacent to trees, where damage to drain is likely to be caused by roots.

13. PIPE TRENCHES.

The trenches for the drains from all properties shall be dug so as to meet the public sewers at the position of the branches and O.B.'s indicated by the Authority. The material from the trench shall be placed so as not to obstruct, and so as to cause the least possible inconvenience to the public. Proper barriers and lights must be maintained on the banks of the trenches during the progress of the work, to guard the public against accident. In refilling the trench, the earth must be rammed or flooded carefully, so as to keep the pipe in position and avoid settling. No stone shall be used in refilling until there has been a depth of at least 2 feet of earth or gravel placed over the pipe.

14. SUBSOIL DRAINAGE.

Subsoil drainage connexions to the sewerage system are prohibited.

15. BASEMENT AND CELLAR DRAINAGE.

(a) No water-closet or urinal shall be placed in any cellar, basement, room, or apartment unless at least 5 feet of the walls of such cellar, basement, room, or apartment are above the surrounding land. In all cases where it is proposed to place a water-closet or urinal below the level of the surrounding land, plans and sections showing provision for light and ventilation must be lodged with the application, under section 133 of the *Sewerage Districts Act 1928*, for approval of plan, or with the application, under section 122, as the case may be.

(b) Where any house shall have its lowest floor, cellar, or basement at a lower level than the sewer of the Authority into which such house would otherwise drain, the owner shall, pending pulling down or alteration of such house, cause the drainage from such lowest floor, cellar, or basement to be raised by means of a syphon, or some other method approved by the Authority, so that it shall discharge into a drain communicating with the sewer of the Authority.

(c) Where, in the opinion of the Authority, a cellar or basement is so situated that it can be drained by gravitation to the Authority's sewers free from any risk of backflow in the event of the sewers becoming surcharged, the Authority may permit such connexion, provided a sluice valve be fixed between the cellar or basement connexion, and the sluice valve be kept closed as hereinafter mentioned; and provided the owner apply in writing for same, and furnish the Authority with an undertaking that such connexion is made at his risk, and indemnify the Authority against all damage in connexion therewith. In such cases the soffit of the pipe draining the cellar shall at its highest point be at least 1 ft. 6 in. below the cellar or basement at its lowest point.

(d) Sluice valves must be kept closed, and only opened when it is necessary to allow an accumulation of water to drain to sewers. Spindles of sluice valves must be fitted with permanently attached extension rods of sufficient length and diameter to enable the valves to be opened or closed from above the level of the ground floor of building.

16. RAIN WATER.

Under no circumstances shall rain-water conductors be permitted to be connected with the sewers.

17. STABLES, ETC.

(a) All stables, dairies, cow-sheds, and all areas considered by the Engineer polluted areas must be paved with approved material, graded and drained to the satisfaction of the Authority, and the drain therefrom must be trapped with an approved silt trap connected with the drain inside the boundary line. The joints of stable floors and paved areas connected

with the sewers of the Authority must be filled to full depth with either (1) good cement mortar in the proportion of one part of cement to not more than two and a half parts of clean sharp sand; or (2) an admixture of pitch and sand, mixed as directed; or (3) with other jointing material which may be approved by the Engineer.

(b) All stables and cow-sheds in actual use must be paved and graded to the satisfaction of the Authority, and connected with the Authority's sewers. The drainage of those not in use must be provided for, but they need not be connected with the sewers while they are unused.

(c) The drainage from stable floors must discharge over an approved silt trap, which must be provided with a top of brickwork or Portland cement concrete, and fitted with a heavy grating.

(d) All stables, dairies, cow-sheds, and polluted areas must be roofed over to the satisfaction of the Authority.

18. MANURE BINS.

(a) Manure bins must be provided for all stables or cow-yards where the local Council's By-laws demand their construction, or where the locality is closely built on.

(b) All the manure bins must have the inside surfaces rendered with cement mortar, and must be made impervious throughout, and provided with an approved close-fitting cover. Walls of new manure bins must, unless otherwise approved, be at least 9 inches in thickness, built of brickwork laid in cement mortar. If an outlet pipe be provided for a manure bin, it must be properly connected with the Authority's sewers. Branches in house drains must be provided in all cases where manure bins exist, for their connexion whenever the Authority shall deem it necessary.

19. LAYING DRAINS.

(a) All drain pipes must be at least 4 inches in diameter, except where otherwise ordered by the Authority, and unless obtained from the Authority's store yard, must be taken to one of the Authority's depots to be tested by the officer appointed by the Authority in the machines provided for the purpose.

(b) The cover of the branch on the sewer shall be carefully removed so as not to injure the socket. The first length of the pipe attached to the branch and O.B. shall be curved and set so as to give a good fall into the sewer, and shall be provided with a cleaning eye.

(c) An inspection opening attached to the drain, inside and within 5 feet of the boundary line or such other distance as may be deemed necessary by the Engineer, must be provided. A manhole giving access to the inspection opening at the sewer end of the drain to be provided if considered necessary by the engineer.

(d) All pipes shall be carefully bedded on the barrel in the solid ground.

(e) Where in the opinion of the Authority it is necessary, cast-iron pipes, or approved reinforced cement concrete pipes, must be used, or stoneware or cement concrete pipes bedded in concrete of dimensions approved by the Engineer, such concrete to be composed of one part of Portland cement, two parts of clean sand, and four parts of stone of 1½-in. gauge or gravel approved by the inspector.

(f) Unless otherwise directed by the Engineer, stoneware or unreinforced cement concrete pipes must not be laid less than fourteen (14) inches deep from the surface of the ground to the top of the socket of the pipe. Where this amount of covering cannot be obtained, the stoneware or cement concrete pipes must be entirely surrounded with not less than 4 inches of Portland cement concrete, as previously specified, or the surface of the ground must be raised to the satisfaction of the Authority's inspector.

(g) All stoneware or unreinforced cement concrete pipe drains near roots of trees must be surrounded with not less than 4 inches at all points of cement concrete as previously specified.

(h) Jump-ups, where allowed, must be bedded on and surrounded with 6 inches of Portland cement concrete to full height of drop, if so ordered by the Engineer.

(i) The drain pipes shall be laid and jointed by a method approved by the Engineer, and on an even grade of not less than 1 in 40 if a 4-in. pipe be used, or of 1 in 60 if a 6-in. pipe be used, unless by special permission of the Engineer, in which case special provision must be made for regular and efficient flushing. As far as possible, all drains shall be laid in straight lines; where changes of direction occur, they shall be made either by suitably curved pipes with inspection openings or in manholes.

(j) Stoneware or cement concrete pipes may be substituted for cast-iron or reinforced cement concrete drain pipes in every case except where the ground is soft or liable to heavy traffic; but in all cases where stoneware or cement concrete is substituted for cast iron, the pipes must be entirely surrounded by not less than 4 inches of Portland cement concrete, as previously specified. Notwithstanding as heretofore, cast-iron pipes only to be used under buildings, except where the pipe is laid in the earth or by the special permission of the Engineer.

(k) All drain pipes carried through walls must have a space of about 3 inches clear left over the pipes. If a pipe be cut out to clear a stoppage, or if a pipe be broken, it must be replaced by a new inspection of opening pipe. The old pipe must not be patched up.

(l) Portland cement concrete brought to a smooth surface must be used in each of the following cases:—

(i) Around and under gully basins, the exposed surfaces to be rendered in cement mortar, two parts sand, one cement.

(ii) Around the top and for 6 inches below the surface of the ground of vent pipe sockets where exposed.

(iii) Around the top and for 6 inches below the surface of the ground of disconnection traps when the surface is exposed.

(iv) Under and around bends rising vertically off oblique branches, and under all drainage traps.

(m) Cement concrete stops to be provided in all cases where the slope of the drain is such that it may be deemed necessary by the Engineer. In all cases where concrete is mixed, approved mixing boards to be used where an approved concrete mixer is not provided.

(n) All cast-iron pipes must be sound, free from holes or cracks, and coated with tar or asphaltum, and the following weights will be accepted as standards for cast-iron drainage pipes:—

4-in. diameter, 16 lb. per lineal foot.

5-in. diameter, 20 lb. per lineal foot.

6-in. diameter, 23½ lb. per lineal foot.

All fittings used in connexion with such pipes shall correspond with them in weight and quality. All junctions must be curved. Right-angled junctions must not be made.

(o) Where outside closet buildings require repairing or removing, the necessary work within the space covered by the closet buildings must be carried out before the water-closet branch is laid; but other portions of the drain may be laid, provided provision be made for effectually testing the closet branch when laid.

(p) Whenever a paved, asphalted, or tar-paved yard is broken, the surface so broken must be restored as nearly as possible to the same condition as it was in previously, unless the owner, in writing, otherwise requires.

20. JOINTS.—DRAINAGE.

(a) Cast-iron pipes shall be jointed with gasket and lead, and caulked to make the joints gas and water tight. The gasket shall not after being caulked into the socket exceed ¼ inch in depth. Wrought-iron pipes shall be screw-jointed with white lead and hemp.

(b) All connexions of lead pipes with iron pipes must be made with a brass sleeve or ferrule of the same size as the lead pipe, put in the socket of the branch of the iron pipe, and caulked with lead. The lead pipe must be attached to the sleeve or ferrule by a wiped joint.

(c) Joints of stoneware and cement concrete pipes shall be made with cement or other approved joints; gaskets will not be allowed unless by permission, and in no case will cement or other projection extend from inside the joint.

(d) The ends of all private drains not immediately connected with the plumbing fixtures shall be securely closed with watertight imperishable materials. If stoneware or cement concrete, a stoneware, cement concrete, or cast-iron disc must be cemented in; if wrought iron, a plug must be screwed on the end; if cast iron, a cast-iron plug must be caulked in with lead.

(e) Connexions of galvanized sheet-iron vent pipes to cast iron do not require a brass sleeve, unless ordered by the Engineer.

21. VENT PIPES.—DRAINAGE.

(a) The main drain must be vented at its upper end by a pipe or shaft erected vertically to such a height that the mouth of the pipe or shaft shall be at least 6 feet higher than any window, door, or other opening situated within a distance of 30 feet therefrom.

(b) Branch drains need not be vented if the drainage traps be within 15 feet of the main drain.

(c) When two or more vents are fixed on the same line of drain, the diameter of one may be reduced to 3 inches by permission of the Engineer.

(d) Every vent pipe extending upwards from a soil or drain pipe must be carried to such a height as may be deemed necessary by the Engineer, and in any case at least 2 feet above the highest part of the roof or coping, whichever is the higher.

Every vent pipe must be of undiminished size, without return bend, with basket end or educt or induct cowl as may be ordered, and it must not open near a window, a chimney or an air-shaft which ventilates living rooms.

All vent pipes in an extension of a main building when otherwise they would open within 30 feet of the windows, doors, or

other openings into the main building or the adjoining building, must be extended to such a height above the roof of the main building as may be deemed necessary by the Authority.

(e) All the main educt vents on house drains shall be of the same diameter as the drains, unless special permission be given to vary their dimensions.

(f) No chimney flue shall be used as a sewer ventilator, or to ventilate any drain, soil, or waste pipe.

(g) All inlets to drains or openings for ventilating shall be efficiently protected by proper gratings of ample area. The aggregate area of the apertures in any grating covering a ventilating opening shall not be less than the sectional area of the pipe or drain to which such grating is fixed. All openings for ventilation made in accordance with this By-law, or upon order of the Authority, shall at all times be kept open and perfectly free from obstruction.

(h) All galvanized sheet-iron vent pipes used to ventilate the drainage system, or used as anti-syphonage pipes to soil or waste pipes from closets, slop sinks, or urinals, must be coated with hot tar or asphaltum inside before erection. All drainage sheet-iron vent pipes must be double galvanized.

(i) Whenever vent pipes from drains are not more than 9 feet above the offset they will not require staying; if longer, they must be stayed with $\frac{1}{4}$ -in. galvanized wrought-iron pipe.

When a galvanized sheet-iron pipe, with or without an offset, is carried up above the brick wall of a building, a galvanized wrought-iron pipe clip shall be used, leaded to the wall near the top wherever possible, and bolted against vent pipe. All band-iron clips of vent pipes to brick walls must be fastened with nuts and bolts, leaded in.

A length of 15 feet of straight vent pipe without offset may be fixed without stays.

The minimum height measured from the ground level of all vent pipes to be not less than 21 feet.

There shall be at least one pipe hook or clip to each 6-ft. length of vent pipe.

When vent pipes terminate more than 6 feet from chimney openings at the same level, the ordinary rules as to height are to apply; but when the distance is 6 feet and under, the vent pipe must terminate 2 feet below the chimney opening. Vents must, as far as possible, be kept away from chimneys.

(j) When it is not possible to carry a vent pipe above the parapet or ridge, the pipe must be carried up as high as it will stand without staying, provided it is 30 feet from a window or door. When it is at a less distance than this, it must be carried up 6 feet higher than any window or door opening within a radius of 30 feet of the vent pipe, and have sufficient stays to support it.

(k) Wooden blocks for vent pipes will not be allowed on walls; when used on posts, they must be of redgum or jarrah.

22. TRAPS.—DRAINAGE.

(a) Traps of three (3) classes shall be used:—

- (i) "Traps" for intercepting gases only, to be of round section and self-cleansing form, but not so easy as to empty by momentum or suction.
- (ii) "Silt traps" for intercepting both gases and solids, to have slightly tapering sides, flat bottom, and rounded, not sharp angles, and provided with trays fitted with handles for catching and removing solids.
- (iii) "Grease traps" for solidifying and collecting grease or other semi-fluid matter liable to foul the pipes to be of such form as may from time to time be approved. "Triple interceptor traps" for collecting oil.

The term "gully" is applied to traps (i) and (ii) in cases where they are used externally, and fitted with dished tops and gratings. In such case the dish must be in one piece with the trap, or jointed thereto spigot and socket, and the depth of the dish from the top to the grating must not be less than 6 inches, and the grating must be removable.

(b) The term "disconnector" is applied to traps in cases where provision has to be made for inlet ventilation to the pipe or pipes discharging therein.

(c) All traps must have a water-seal of at least half the diameter of the outlet pipe, but in no case of less than 2½ inches.

(d) Unless a slop sink be fixed inside the building, a gully trap must be provided in the yard of every house, placed as near as possible to the kitchen door, with a tap placed over it at a height of about 2 feet, except in cases where the owner desires the tap to be placed higher.

(e) Gully trap basins and tops of silt traps must be surrounded with brickwork or concrete neatly rendered inside and on top with cement mortar. The internal diameter of brickwork around gully traps measured from face of cement rendering must not be less than 15 inches, and must be neatly rounded to meet the gully top. The walls at rear of gully and silt traps, if of brick or stone, must be cement rendered to height of tap: if traps abut against a wooden wall, a sheet galvanized-iron apron must be fixed.

(f) The top of all traps must be at least 6 inches above the surface of the surrounding ground.

(g) Grating to gully traps must not be less than 6½ inches over all, and the gratings to all disconnector traps to be convex in section, with openings of suitable outlet capacity. All gratings must be fixed down in an approved manner with bitumen or wedges of lead.

(h) When the connecting drain is considerably deeper than the depth at which the private drain will be required to be laid to provide for existing or future cellar drainage, the private drain, instead of being connected directly to the connecting drain, may, if approved, be connected to a jump-up or vertical extension from the same.

23. WATER SUPPLY.

(a) All water-closets and other plumbing fixtures must be provided with a sufficient supply of water for flushing purposes to keep them at all times in a proper and cleanly condition. All water pipes to be laid in the ground unless by permission of the Engineer.

(b) Every owner of property who shall desire, or who shall have been ordered by the Authority to provide, sanitary appliances for his property, and to connect the same with the sewers of the Authority, must, prior to or at the commencement of the work of making such connexion, provide piping approved by the Authority for the conveyance of water, and cause the same to be jointed to the most convenient water supply main, or, with the permission of the Engineer, to some pipe already jointed thereto, which piping must be of capacity sufficient to supply all sanitary fittings on the premises freely and continuously, and convey to the flushing cistern of each water-closet upon the property enough water to fill cistern within five minutes, and he shall cause such piping to be connected with such cistern prior to the completion of the work.

(c) No water service pipe shall be laid to supply any sanitary fitting in any property in the Drainage Area unless such fitting be connected with the sewers of the Authority; or unless the special permission of the Authority, in writing, shall have been previously given to lay on such water supply.

(d) The piping to convey a supply of water to the tenement for sanitary uses shall not, for the purpose of obtaining such supply, be jointed to the piping which conveys water to another tenement for general purposes.

(e) Water supply pipes to storage tanks for internal closets must be $\frac{1}{2}$ inch diameter for tanks of up to 20 gallons, and $\frac{3}{4}$ inch for tanks of larger size, and be provided with high-pressure ball-taps, except where the height of the storage tank is not sufficient to allow of high-pressure ball-taps being used; when low-pressure ball-taps may, with the consent of the Engineer, be used.

(f) Outlets from storage tanks must not be less than $\frac{1}{2}$ inch when supplying one or two cisterns, and 1 inch for three to six cisterns. Whenever a larger number than six cisterns is fixed, the size of the outlet must be increased. The overflow from storage tanks must be $1\frac{1}{4}$ inches in diameter, and a stop-tap must be fixed on the rising supply pipe to tank.

(g) Where any deviation from these provisions is desired, in special circumstances, an application in writing (in addition to the plumber's notice) must be made, and must distinctly state the reasons why such deviation is required, and pending the consent of the Authority the work must not be undertaken.

(h) In all water-closets a piece of lead pipe not less than 12 inches in length, or specially approved copper connexion, must be used between the flushing cistern and the supply pipe, unless allowed to be dispensed with by the Engineer after special application.

24. PLUMBING RULES.—GENERAL.

(a) Separate internal wastes shall be provided for each of the following classes of polluted waters, except by permission of the Engineer:—

- (i) Dirty water from baths, pantry, and china closet sinks, lavatories, and wash-troughs, and other waters with a small proportion of soap and dirt.
- (ii) Greasy water from kitchen and scullery sinks where grease traps are required.
- (iii) Soil water from closets, and other water containing faecal matter, and urinal water from housemaids' slop sinks and public and private urinals.

Each of these separate waste pipes, except those specified in Class (iii) must be connected with the drains through a gully or disconnector trap, unless by permission of the Engineer.

(b) The ends of waste pipes discharging into gully basins to finish flush with the internal face of the basin. No waste pipe shall be laid on the ground, outside any building, unless by special permission.

(c) No material shall be used within the building for soil, vent, or waste pipes other than wrought or cast-iron pipes with securely screwed or leaded joints, or lead pipes with wiped joints. Cement or putty joints, or tin or sheet-iron pipes, whether galvanized or not, shall not be used.

(d) In all cases the upward extension from the soil pipe for ventilation must pass in as direct a manner as possible above, and, if necessary, through the roof.

(e) The following are the minimum sizes of soil, waste, and vent pipes, and weights of lead, soil, waste, and vent pipes, which must be used throughout, unless otherwise specially ordered by the superintending officer:—

Fitting.	Diameter of Waste Pipe.	Minimum Weight of Lead Waste Pipe.	Diameter of Vent Pipe.	Minimum Weight of Lead Vent Pipe.
	Inches.	lb. per foot.	Inches.	lb. per foot.
One Wash Basin ..	1½ to 1½	6	1½	6
Row of Wash Basins ..	1½ to 2	6	1½	6
Wash Basin Overflow ..	1½ to 1½	6	—	—
One Bath ..	2	6	1½	6
Combined Waste for Baths	2 to 3	6	2 to 2½	6
Bath Overflows ..	1½ to 2	6	—	—
Wash Tub ..	2	6	1½	6
Set of Tubs ..	2	6	1½ to 2	6
Kitchen Sink ..	2	6	2	6
Pantry Sink ..	2	6	2	6
Slop Sink ..	3 to 3½	7	2 to 2½	7
One Urinal ..	1½	7	1½	7
Row of Urinals ..	2	7	1½ to 2	7
Soil Pipes ..	4	7	2 to 3	7

(f) All cast-iron pipes must be sound, free from holes, and cracks, and coated with Dr. Angus Smith's solution, tar, or asphaltum, or other coating approved by the Engineer.

The following weights will be accepted standards:—

2 inches diameter, 5½ lb. per lineal foot.

3 inches diameter, 8 lb. per lineal foot.

4 inches diameter, 13½ lb. per lineal foot.

(g) All wrought-iron pipes must be of approved standard weight and quality, and galvanized or coated to the satisfaction of the Authority. All fittings used in connexion with such pipes shall correspond with them in weight and quality. All junctions must be curved; right-angled junctions must not be made.

(h) Where lead pipe is used for waste or vent pipes, such lead pipe must weigh not less than 6 lb. per foot; but where, in the opinion of the Engineer, a heavier weight may be required, such heavier weight, as the Engineer shall desire must be used.

(i) No cast-iron pipe laid in the ground shall be less than the standard weights given in this By-law, but for cast-iron soil, waste, and vent pipes in other positions, and for glass-enamelled pipes, the following modifications of the By-law will be allowed, viz:—

(i) Cast-iron soil and waste pipes, minimum thickness, ½ inch.

(ii) Cast-iron ventilation pipes, 2 inches, 3 inches, and 4 inches diameter, minimum thickness, 3-16th inch.

(iii) Glass-enamelled pipe, if not under heavy pressure, may be 3-16th inch in thickness, without coating, for 3 or 4 inch soil or waste pipes. Glass-enamelled pipes shall be measured without enamel.

(j) All soil pipes shall be at least 4 inches in diameter.

(k) Where lead, cast-iron, wrought-iron, soil, waste, or vent pipes are fixed outside a wall for upstairs fittings, the cast-iron, lead, or wrought-iron pipes must be carried up above the level of the highest fittings attached to the pipe.

Sufficient inspection and cleaning eyes must be provided in such positions on cast or wrought iron or lead wastes as to be easy of access for proper cleansing of every part or portion of these wastes.

Where inspection openings are provided to cast-iron soil and waste pipes, preference must be given to insertion cloth washers before red lead, and the inspection openings must have a flange at least ½ inch wide.

The soil, waste, and vent pipes, and traps must, where practicable, be exposed to view at all times, for ready inspection, and for convenience of repairing. When unavoidably placed within partitions or recesses of walls, soil, waste, or vent pipes must be covered with woodwork so fastened with screws as to be readily removable.

(l) Bolted Clips.—Soil, waste, and vent pipes must be fixed to brick or stone walls with approved bolted clips, to be let into wall and properly run with molten lead and well caulked.

(m) The arrangements of soil and waste pipes must be as direct as possible.

(n) The following are the minimum gradients to be adopted:—

Sizes of Pipes.	Gradients.	Sizes of Pipes.	Gradients.
in.		in.	
6 ..	1 in 60	1½ ..	1 in 15
4 ..	1 in 40	1½ ..	1 in 12
3 ..	1 in 30	1 ..	1 in 10
2 ..	1 in 20		

No variation will be allowed except by permission of the Engineer.

(o) The area of openings in gratings to any waste must not be less than will fully charge the waste pipe to which it is attached, and must be in accordance with the Authority's standard drawings.

Traps to be connected to outlets of fittings by means of a cap and lining where possible.

A main waste pipe into which lavatories, baths, or sinks discharge must be at least two inches (2 inches) in diameter.

(p) External vent pipes of galvanized sheet iron must be of not less gauge than the following:—

Diameter—

1½-in., 2-in., and 2½-in. 22-gauge galvanized iron.

3-in. and 4-in. 20-gauge galvanized iron.

6-in. 18-gauge galvanized iron.

Vent pipes, if inside a building, must in all cases be of cast or wrought iron or lead. Grooved or riveted double galvanized-iron vent pipes may be used where they are entirely outside a building, and these must be connected with the traps or waste pipes with brass ferrules, or other joints approved by the Engineer.

The various vent pipes may be branched into a soil or waste pipe of the same class above the level of the highest fixture. They may be combined by branching together those which serve several traps of the same class.

Vent pipes must always have a continuous slope, to avoid collecting water by condensation.

Vent pipes shall not be used as waste or soil pipes.

Galvanized sheet-iron vent pipes may be used inside stables or open sheds in place of cast-iron pipes, except where liable to blows from vehicles or other external damage.

(q) In all cases where the vertical stack of soil pipe provides for closets 4 feet or more above ground level, a short length of pipe, with inspection opening cover close to the ground, clamped to a flange on the pipe with bolts, must be fixed. All vertical soil pipes branched into a horizontal soil pipe must do so at an angle of 45 degrees, unless by special permission.

(r) Lead pipes must not be used under ground floors where they are inaccessible or in the soil. In such places cast or wrought iron must be used.

(s) Anti-syphonage vent pipes of fittings discharging into gully or disconnector traps must be carried above the eaves of the building, unless special permission to the contrary be granted by the Engineer. These vent pipes must be branched to the waste as near as possible to the trap.

Where an additional vent branch is required to a galvanized sheet-iron vent pipe already fixed, a brass saddle piece, bolted and soldered to the existing vent, must be used.

(t) Waste pipes from disconnected fittings need not be ventilated unless they exceed 12 feet inclined, or 18 feet vertical, in length (or their equivalent); branch wastes to such fittings, if connected with the ventilated main waste, provided there be no other fittings attached to the line of waste, may be 6 feet in length without being ventilated, unless syphonage occurs in a trap, in which case a vent pipe must be supplied to the waste of that trap.

Concealed standing wastes are not allowed.

(u) Spacing of lead tacks must be arranged as nearly as possible, thus:—

4-in. vertical lead pipes, 2-ft. 6-in. centres.

4-in. horizontal lead pipes, 2-ft. centres.

Less than 4-in. vertical lead pipes, 3-ft. centres.

Less than 4-in. horizontal pipes, 2-ft. 3-in. centres.

One pair of tacks fixed opposite is sufficient for lead-flush pipes for cisterns with lugs; in other cases an extra tack must be fixed as near to the cistern as possible.

(v) Where water might otherwise percolate to the floor, baths, troughs, and the like fittings must be flashed with sheet lead of not less than 4 lb. per square foot weight, or other approved material. All flashings must be turned up walls at least 4 inches, properly secured, and made watertight. This provision shall not apply to the sinks, which are specially provided for under this By-law.

(w) Whenever a fitting is abolished, the soil, waste, vent, and water supply pipes to such fitting must be removed, or if allowed by the Authority to remain, the ends of pipes must be sealed with watertight imperishable materials. Wrought-iron pipe must be sealed with screwed plug; a cast-iron pipe must have cast-iron plug caulked in with lead; lead pipe must have end securely closed with properly wiped joint; stoneware or cement concrete pipe must have a disc cemented in.

25. JOINTS.—PLUMBING.

(a) All connexions of lead waste and vent pipes shall be made by means of wiped joints.

All connexions of galvanized sheet-iron pipes to cast-iron pipes shall be made with molten lead, and be lightly caulked.

(b) Brass sockets or sleeves must be used in connecting galvanized sheet-iron to wrought-iron pipes, and proper brass sleeves must be used in connecting galvanized sheet-iron pipes to lead pipes. Sheet-iron pipes must not be soldered to lead pipes.

(c) In connecting galvanized wrought-iron waste pipes, the ends of the pipes must be butted by means of short sockets of a minimum length of 1½ inches, and the pipes must be sufficiently threaded to allow of the butting being done, and all burrs must be removed before the pipes are fitted.

(d) The flushing pipe from cistern to water-closet must be connected by a lead cap-piece with red-lead packing.

(e) Vent pipes must be connected to the vent horn of the water-closet trap by a lead cap-piece with red-lead packing.

26. TRAPPING FITTINGS.

(a) Every water-closet, urinal, lavatory, slop, or other sink, bath, and wash-trough, or set of wash-troughs, must be separately and effectively trapped.

Traps must be placed as near to the fittings as possible, and in no case shall a trap be more than 2 feet from a fitting, unless specially allowed by the Engineer.

(b) In the event of trap syphoning, it must be prevented by a special pipe connected to the waste pipe at a point not less than 3 nor more than 12 inches from the highest part of the trap, and on that side of the water seal which is nearest to the soil or waste pipe.

(c) All lead traps must be drawn lead pipe weighing 7 lb. to the foot, and all traps must have a water seal of at least half the diameter of the outlet pipe, but in no case of less than 2½ inches.

(d) The P form of traps, with wastes above floors, and with joints visible and accessible all round, must be used in all internal fittings where possible.

(e) The S form of traps, with wastes under floors, shall only be used by special permission. Where used, facilities for periodical inspection must be provided.

In detached closets and urinals, approved S forms in earthenware, with joints visible and accessible all round, may be used.

(f) All closet pans must be provided with a vent horn attached to the trap.

(g) All fittings inside of main building, and also in buildings directly attached to a main building with doors or windows opening directly into living rooms, workrooms, or kitchens, must be trapped.

(h) Baths, lavatories, and clean-water sinks may remain untrapped when fixed under any of the following conditions, provided the length of the waste pipe does not exceed 3 feet, and wash-troughs may remain untrapped provided the waste pipe, measured from the centre of the furthest inlet to the end of the outlet does not exceed 6 feet:—

(i) In an apartment not forming part of the main building and entered only from an open verandah, but having no opening communicating directly with the main building; or

(ii) in an outbuilding not used as a living room or for cooking, and not connected directly by openings with the main buildings.

27. GREASE TRAPS.

(a) Every grease trap shall be fixed outside the premises, wherever possible, and (if not portable) must be of stoneware, slate, or cement concrete, and attached directly to the drain or disconnector trap.

(b) The size of grease traps in ordinary cases must be as nearly as possible the following, viz.:—Portable copper, 21 inches in length; stoneware or cement concrete, 27 inches in length; or otherwise as ordered by the Engineer.

(c) Wherever a copper grease trap is used inside a building, it must be fitted so as to be easily movable.

(d) The size of grease trap discharge pipes, except in special cases, must not be less than 3 inches for copper, and 4 inches for stoneware or cement concrete.

(e) All large grease traps which are built in brick or slate must be constructed according to the Authority's drawings and specifications, and must have provision made for inlet and outlet ventilation.

(f) Sinks in all such places as food-packing houses, butchers' shops, lard-rendering establishments, hotels, restaurants, boarding-houses, and laundries, and wherever ordered by the Engineer, shall be provided with suitable approved grease traps.

28. WATER-CLOSETS AND LATRINES.

(a) The area of any external water-closet must not be less than 13½ square feet, with a minimum internal dimension of 3 feet inside measurements. The minimum heights to be not

less than 8 feet at back and 7 feet at front, measured from the floor to the top of wall plate. The floors of all water-closets must be constructed of concrete, tiles, or other approved impervious and non-absorbent material. Seats must be either flap or hinged tip-up. The area of any internal water-closet must not be less than 15 square feet, with a minimum internal dimension of 3 feet inside measurements, except by permission of the Engineer.

(b) Every internal water-closet shall be constructed in such a position that one of its sides at least shall be an external wall which shall abut immediately upon the street, or upon a yard, or garden, or open space of not less than 100 square feet of superficial area, measured horizontally at a point below the floor of such closet. Such water-closet shall not be constructed so that it is entered directly from any room used for the purpose of human habitation, or for the manufacture, preparation, or storage of food for man, or used as a factory, workshop, or work place. Such water-closet shall be constructed so that on any side on which it would abut on a room intended for human habitation, or use for the manufacture, preparation, or storage of food for man, or used as a factory, workshop, or work place, it shall be enclosed by an airtight partition of brick or other approved material, extending the entire height from floor to ceiling. Such water-closet apartment must be entered only from a well-lighted and well-ventilated hall, passage, lobby, or staircase; or, if proposed to be fixed in or adjoining a room used for the purpose of human habitation, or as a factory, workshop, or work place, must be cut off from such room, factory, workshop, or work place by a separate enclosure adjoining the closet apartment. Such enclosure must have a floor area of at least 20 square feet per closet, and must be enclosed on all sides with airtight partitions extending from floor to ceiling, or ceiled over with an air-tight ceiling at an approved height from floor. Such halls, passage, lobby, staircase, or enclosure must be provided with a window having an area of at least 2 square feet, opening directly into the external air. If such method of lighting enclosure be impracticable, other methods of naturally lighting same must be provided. Such water-closet apartment must be provided with a window of such dimensions that an area of at least 2 square feet, exclusive of frame, shall open directly into the external air. In addition to a window, such water-closet apartment, and such hall, passage, lobby, staircase, or enclosure must be provided with independent adequate means of constant inlet and outlet ventilation, by means of air-bricks built in external wall of such water-closet apartment, hall, passage, lobby, staircase, or enclosure, or by combination of an air-brick and an air-shaft louvred openings, or by some other effectual method or appliance for ventilation. The effective area provided for outlet ventilation of each water-closet apartment, hall, passage, lobby, staircase, or enclosure must not be less than 27 square inches, and where the level of the floor of closet is lower than the outside surface of the ground, exhaust ventilation must be provided by means of a tube at least 6 inches in diameter, carried up through roof and furnished with cowl.

(c) The water-closets shall be furnished with a basin of non-absorbent material of such shape, capacity, and mode of construction as to receive and contain a sufficient quantity of water, and to allow all filth which may from time to time be deposited in such basin to fall free of the sides thereof, and direct into the water received and contained in the basin. To prevent fouling of pan, the closet seat openings must not be larger than 10½ inches x 9 inches, and seats with holes so large as to cause fouling of the pan must not be used. Pans must measure at least 12 inches between the lower edge of the front and back faces of flushing rims. Water-closet seats must be provided with approved buffers to prevent damage to the pan, and an approved buffer clip must be fixed to the flush pipe at a suitable height from the pan.

(d) Closet pans and fittings thereto must be entirely open to inspection without any enclosure.

(e) A suitable apparatus must be provided for the effective application of water to the basin of the water-closet, and for the effective flushing and cleansing of such basin, and for the prompt and effective removal therefrom of any solid or liquid filth which may from time to time be deposited therein.

(f) Every closet pan shall be furnished with a separate flushing cistern or other apparatus approved by the Authority, of at least 2 gallons capacity, which shall be so constructed, fitted, and placed as to admit of the supply of water for use in such closet pan without any direct communication with any service pipe upon the premises.

(g) The flush pipe from such cistern shall in no case be less than 1½ inches internal diameter, and shall be fitted as straight as possible under the circumstances. The bottom of every such cistern shall be at least 5 feet above the closet seat, but in cases where this distance cannot be obtained in existing buildings without structural alteration, 4 feet will be allowed, but the internal diameter of the down pipe must then be 1½ inches. Every cistern must be fixed so that the ball-tap shall be accessible. Cisterns of all closets must have a separate stop-tap to each. Cistern boards must be in one piece, not less than 10 inches deep and 1½ inches thick.

(h) All water-closets inside a main building must be vented either by a soil vent pipe, or, if considered necessary by the Engineer, by back venting the trap at a point near the crown of the trap where directed.

(i) In every case where there is more than one closet on an upstairs floor, provision must be made for ventilating in an approved manner to prevent syphonage, and so as to have a current of air continually passing through the soil pipes.

Where a closet branch does not exceed fifteen (15) feet in length, a two (2) inch back vent may be substituted for soil vent pipe.

Where there are more than three closets on the ground floor, special provision must be made to prevent syphonage.

Where the branch from the closet to the main soil pipe is not more than 3 feet in length, and such closet is the only one attached to the soil pipe, the branch may be allowed to remain without any further ventilating.

(j) Internal water-closets must be provided with storage tanks capable of holding 6 gallons of water for each occupant of the building. These tanks may be of 22-gauge galvanized sheet iron, or 24-gauge corrugated iron. The storage tanks may be placed in the closet room itself, on the roof over a flat or gutter, or in an accessible place between the ceiling and the roof, in which latter case a galvanized sheet-iron or lead safe, with overflow, must be fixed, under the storage tank, unless the owner, in writing, otherwise requires. If the owner desires not to provide storage tanks, he must make a request, in writing, accepting all responsibility in the matter.

(k) In wooden closet buildings the base must be constructed or repaired according to the Authority's drawings and specifications. Such closets must be made rigid, and not attached to fences.

(l) On tiled floors the pan must be secured to approved wooden plugs fixed in the floor. On concrete floors the pan must be secured by cast-lead dowels. In each case the pan must be bedded on cement mortar and neatly pointed up. External closet doors to be saw-toothed on top, and a space of 3 inches left between bottom of door and floor, or other approved means of ventilation provided.

(m) In hotels and lodginghouses, one water-closet must be provided for every ten lodgers the house can accommodate, placed in suitable positions for males and females separately; and in hotels urinal conveniences must also be provided for the public frequenting the premises. In all other cases, water-closets must be provided where required, and in accordance with orders issued by the Authority.

(n) A pedestal pan must be used wherever combined water-closet, housemaids' slop sink, and internal urinals are required, and in such case must be provided with hinged tip-up seat. A lead safe of suitable area must be fixed under the pan.

29. URINALS.

(a) Internal cradle urinals will only be allowed by permission of the Engineer, and, where permitted, they must be small, free from projecting ornament, and of non-absorbent material. The waste pipes shall be of pottery ware, lead, or glass enamelled, or coated cast iron, and be kept as short and free from bends as possible. The waste pipes must be trapped, and discharge direct into the drain or soil pipe, except where special permission is given to do otherwise. The urinals must be provided with approved flushing apparatus.

(b) The floors under urinals must be covered with non-absorbent material. The floors of the urinals must be tiled or paved, with a fall towards a drain against the wall. The walls behind, and screens between urinals, must be of a non-absorbent material, and of approved height. The screens must also be free from the floor for a portion of the width of the division, must project at least $1\frac{1}{2}$ feet, and be not less than 2 feet apart. Approved forms of stall urinals will be allowed.

(c) The following materials will be considered impervious:—

(i) *For Urinal Walls.*—Slate, white or brown porcelain, enamelled fireclay or stoneware, salt-glazed stoneware, and enamelled cast iron. Portland cement mortar composed of equal parts of cement and sand, finished with approved material.

(ii) *For Floors.*—Glazed tiles, Portland cement mortar composed of equal parts of sand and cement, brought to an approved finish with an approved finishing material, slate, and marble.

(d) Urinals inside a building must only be fixed in well-lighted and well-ventilated rooms having at least one external wall, and separated from any other portion or portions of building by a well-lighted and well-ventilated passage or air chamber.

The positions, approaches, arrangement of lighting, ventilation, &c., for internal urinals must comply as nearly as possible with this By-law as to internal closets.

(e) In outside urinals, where a floor or urinal disconnecting trap is used, the waste water from a single urinal must discharge into the drain or soil pipe.

(f) Outside urinals may discharge into open channels leading to disconnector traps without further trap.

(g) Open channels must not be provided for urinals inside main buildings, except where approved by the Engineer and where there is ample ventilation and light. Wherever inside urinals are provided, the traps must be fitted with ventilating pipes having an internal diameter of not less than $1\frac{1}{4}$ inches.

(h) Urinal wastes must be connected directly to the drain if no soil pipe is convenient, and must be trapped and vented in an approved manner.

(i) Wherever urinals are provided with wastes and traps, and drippings may become a nuisance, provision must be made to prevent the nuisance by one of the following methods:—

(i) By a urinal floor trap, with the floor graded to the trap where the floor is tiled or cemented.

(ii) By a suitable sunken trap, trapped and connected with the waste, where the floor is covered with lead.

In either case suitable provision must be made for retaining the seal of the floor trap and for flushing the surface of the trap.

A separate trap must be provided to each urinal basin.

30. URINAL CISTERNS.

(a) Flush pipes for cisterns generally must not exceed—

1-gallon cistern, $\frac{3}{4}$ -in. diameter	} With branches as directed by the Engineer.
2-gallon cistern, $1\frac{1}{4}$ -in. diameter	
3-gallon cistern, $1\frac{1}{2}$ -in. diameter	

The height of cisterns must, except by special permission, be at least 6 ft. 6 in. from the floor to the bottom of the cistern. The cistern must be so fixed that the ball-tap shall be accessible.

Pull and chain flushing cisterns, or other approved apparatus operated by hand, must be fixed on all urinals.

The discharge must be equal to 1 gallon for each urinal stall, except where otherwise allowed by the Engineer.

In a combination of two urinals, one 2-gallon cistern may be allowed.

A separate stop-tap must be provided for each urinal cistern.

(b) Where the sparge pipe system of flushing urinals is adopted, such sparge pipes must be of brass or copper, with gunmetal fittings.

(c) Flush pipes connecting urinal cisterns to spreaders must be of brass or copper tube, and connected to the brass union coupling attached to the cistern with a brass reducing socket screwed to the coupling.

31. HOUSEMAIDS' SLOP SINKS.

(a) Slop sinks must be of approved material, and be provided with approved flushing arrangements.

The waste pipes from slop sinks must be branched into a soil pipe, or connected directly and independently to the drain. Draw-off taps must not be used directly over slop sinks, unless at least 18 inches above the sink.

(b) A slop sink must be treated in the same way as a closet. All insanitary slop sinks must be abolished, and only approved pedestal slop sinks will be allowed.

32. KITCHEN AND SCULLERY SINKS AND TROUGHS.

(a) Unless where otherwise specially approved, kitchen and scullery sinks and wash-troughs must discharge into the open air over a gully trap or into a disconnector trap. The trap, main, and branch waste pipes must not be less than 2 inches in diameter.

(b) The brass strainer must be sunk to the level of the trough. The grating openings must be of ample size to fill the waste pipe full bore.

(c) Where sinks and draining boards thereto abut against walls or partitions of living rooms, they must, except by special permission, have suitable lead flashing, weighing not less than 5 lb. per square foot, carried up the walls not less than 2 inches, and securely fastened and made watertight. Sinks may be fixed on brackets, and the space between floor and the under portion of sink must be entirely open, without any enclosure.

(d) Where the distance between the outlets of troughs exceeds 21 inches centres, and lead pipe is used, the pipe must be supported either by a lead tack wiped on the top of the pipe or by wooden blocks screwed to the bottom of the trough and clamped to the pipe. The pipe passing through the troughs must have a lead flange wiped on.

(e) Wherever the end of a wash-trough abuts against the brickwork of washing copper, the space between the end of trough and the brickwork must be made thoroughly watertight.

(f) The use of unlined wooden boxes as kitchen or scullery sinks is prohibited. Before their connexion with the Authority's sewers will be permitted, wooden boxes must be lined inside with sheet lead weighing not less than 6 lb. per square foot, or with sheet copper weighing not less than $1\frac{1}{2}$ lb. per square foot.

32. BATHS AND LAVATORIES.

(a) The waste pipe from a bath or set of lavatories must be at least 2 inches in diameter, properly trapped and provided with a 1½-in. vent pipe for the bath, and 1½-in. vent pipe for the lavatory. The waste pipe must be carried separately to the open air, and delivered over a gully trap or into a disconnector trap.

(b) The waste pipe and trap from a single lavatory must be at least 1½ inches in diameter, and the area of the grating must be sufficient for the water to effectually scour the waste pipe. The waste pipe must be as short as possible, and discharge over a gully trap or into disconnector trap.

(c) From two to six lavatories must have at least 1½-in. combined waste pipe; and from seven to twelve, a 2-in. waste.

(d) In all internal lavatories, where syphoning occurs, separate trap ventilation must be provided. In ranges of lavatories in external buildings or rooms isolated from the main building, the waste may be ventilated by single pipe at its upper end.

(e) The erection or use of tip-up basins is prohibited.

(f) Where it is necessary to fix new wastes to galvanized-iron baths, the bottoms of which are unsupported, efficient supports for the bath must be provided before the wastes are fixed.

(g) Where a bath trap is fixed on the outside of a wall, it must in no case be more than 2 feet from outlet of bath, unless with special permission of the Engineer.

(h) Where pedestal baths are to be fixed, and it is not desired to flash them, they must be fixed with a space of at least 6 inches clear of walls. Where existing baths are fixed in position contrary to this clause, and the owner desires such bath to remain in such position, he shall apply to the Authority in writing and the Engineer shall allow such bath to so remain if he sees fit.

33. SAFES, OVERFLOWS, ETC.

(a) Unless where otherwise allowed by the Engineer, every safe under a water-closet, urinal, lavatory, bath, refrigerator, sink, or other fixture, must be drained by special pipe not directly connected with any waste pipe, soil pipe, drain, or sewer. It must be provided at the outlet, into the open air, with flap valves of brass or other approved metal.

(b) All lead safes must be laid with sheet-lead weighing not less than 5 lb. per square foot, and where the whole floor is not laid with lead, the safe to extend 12 inches beyond the sides, and 15 inches beyond the front of the pan, measured from the outside of the basin, and shall extend back to and 3 inches up the wall and overflashed if necessary.

(c) In the case of baths, sinks, and lavatory basins, the lead, where directed, to extend 6 inches beyond the ends or sides, measured from the extreme edge of the fitting, and to be carried back to and up the wall as for closets.

(d) Pipes draining safes may discharge into the open air only when the discharge will not cause any inconvenience or nuisance. In all other cases the pipes must be brought to the ground surface, or be arranged to discharge where they will not prove a source of annoyance or inconvenience.

Pipes for bath safes must be of 2 inches diameter, and those from closet and urinal safes must be of 1½ inches or 1½ inches, as directed.

A brass grating must be fixed to the inlet of each safe pipe.

(e) No steam exhaust, blow-off, or drip pipe shall be connected with the drain or sewer, or with any soil or waste pipe. Such pipes must discharge into the rain-water channels.

(f) On special application of the owner, lead safes already in position may be retained only under the conditions stipulated for existing fittings.

Lead safes for slop sinks to be laid the same as for closets. It shall be compulsory to fix a lead safe or other impervious material under a bath or basin on an upstairs floor, unless the owner in writing otherwise requires.

(g) Existing bath floors must be regraded if necessary in the opinion of the Authority's inspecting officer, and a proper waste pipe and flap valve must be fixed.

(h) On ground floors where cisterns are fixed over concrete or tiled floors graded to drain outside of the room, the overflow may discharge on to them, provided no damage is likely to arise therefrom.

(i) Overflows from cisterns, wherever possible, must be taken through external walls, and must discharge inside the owner's property, but in exceptional cases permission may be given to discharge into a slop sink, or other fitting, or on to a lead safe, which has a drainage pipe attached.

No. 4.—218.—3

34. GRATINGS.

The entrance to exit pipes to all fixtures, except water-closets, shall be furnished with suitable permanently attached gratings.

35. CONSENT, SANCTION, ETC., OF THE AUTHORITY.

(a) Where the sanction, permission, authority, consent, approval, satisfaction, order, direction, opinion, indication, or notice of or from the Authority is necessary, whether special, in writing, or otherwise, with regard to any Act, matter, or thing mentioned in this By-law, the same may be given by and under the hand of the secretary of the Authority, or of the Engineer personally, or through an inspecting officer appointed under him, who severally shall be competent to give the same, and authorized on behalf of the Authority, to prescribe any conditions attaching thereto, and subject to and in accordance with which only the same shall be deemed to have been given.

(b) Every person guilty of an offence against this By-law shall be liable for every such offence to a penalty not exceeding Twenty pounds, and to a further penalty of One pound for each day during which such offence is continued by such person.

(c) In addition to a penalty, any expense incurred by the Authority in consequence of a breach of this By-law or in the execution of work directed by this By-law, to be executed by any person, and not executed by him, shall be paid by the person committing such breach or failing to execute such work.

36. INTERPRETATION.

In the construction of this By-law the meaning which, in the Acts, is assigned to any word shall be the meaning of the same word where occurring in this By-law, unless inconsistent with the subject-matter or context.

The foregoing By-law was made and passed by the Mildura Sewerage Authority on the 8th day of August, 1930, and was confirmed on the 19th day of September, 1930.

In witness whereof the common seal of the said Authority was affixed hereto in the presence of—

(SEAL) JNO. PATTERSON, Chairman.
S. R. MANSELL, } Members.
H. HARRISON, }
T. J. NIHILL, Secretary.

Approved by the Governor in Council,
the 7th day of January, 1931.

C. W. KINSMAN,
Acting Clerk of the Executive Council.

Public Service Act 1928.
REGULATION AMENDED.

At the Executive Council Chamber, Melbourne, the seventh day of January, 1931.

PRESENT:

His Excellency the Lieutenant-Governor of Victoria.

Mr. Slater Mr. Webber.
Mr. Williams

REGULATION XII. (A).—TEACHERS' COLLEGES.

HIS Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby amend clause 19 of Regulation XII. (A)—Teachers' Colleges, by the addition of the following new clause, viz.:—

Clause 19A. (1) Holders of studentships shall be paid allowances (which shall include expenses for travelling, games, &c.) during their course of training at the following rates:—

	Men and Women.
(a) In residence at a college	£20 per annum.
(b) Non-resident living at home	£40 per annum.
(c) Non-resident living away from home	£72 per annum.

(2) The provisions of this clause shall come into force as and from the first day of January, 1931, and shall apply to all holders of studentships awarded from and after that date.

And the Honorable John Lemmon, His Majesty's Minister of Public Instruction for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Acting Clerk of the Executive Council.

Water Act 1928.

STATE RIVERS AND WATER SUPPLY COMMISSION.

At the Executive Council Chamber, Melbourne, the seventh day of January, 1931.

PRESENT:

His Excellency the Lieutenant-Governor of Victoria.

Mr. Slater
Mr. Williams

Mr. Webber.

GLENROWAN WATERWORKS TRUST.

MINIMUM WATER RATE FOR 1931.

WHEREAS by section 148 of the *Water Act 1928*, it is enacted that the Governor in Council may from time to time fix a sum which shall be the minimum amount of rates to be paid annually by the occupier or owner of any land or tenement liable to be rated by any Waterworks Trust: Now therefore His Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council of the said State, and in pursuance of the now in part recited Act, doth order and direct that the minimum rates to be paid for the year 1931 by occupiers or owners of any land or tenement liable to be rated by the Glenrowan Waterworks Trust shall be Thirty-five shillings (35s.) under clause 2 and Fifteen shillings (15s.) under clause 3 of the said Trust's Rating By-law for the said year.

VIOLET TOWN WATERWORKS TRUST.

MINIMUM RATE FOR 1931.

WHEREAS by section 148 of the *Water Act 1928*, it is enacted that the Governor in Council may from time to time fix a sum which shall be the minimum amount of rates to be paid annually by the occupier or owner of any land or tenement liable to be rated by any Waterworks Trust: Now therefore His Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council of the said State, and in pursuance of the now in part recited Act, doth order and direct that the sum of Two pounds (£2) shall be the minimum amount of rates to be paid for the year 1931 by every occupier or owner of any land or tenement liable to be rated by the Violet Town Waterworks Trust.

AVOCA TOWNSHIP WATERWORKS TRUST.

ADDITIONAL LOAN OF £800.

UNDER the powers conferred by the *Water Act 1928* and all other powers enabling him in that behalf, His Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council of the said State, doth hereby grant an additional loan of Eight hundred pounds (£800) to the Avoca Township Waterworks Trust for the purpose of completion of new pipe mains at Avoca, as set forth in the detailed statement bearing date the 24th December, 1930, and verified under the seal of the State Rivers and Water Supply Commission.

The loan hereby granted shall be subject to the provisions of the *Water Act*, and the amount shall be charged to the *Water Supply Loans Application Act 1930* (No. 3882).

SHIRE OF RIPON WATER SUPPLY DISTRICT.

ADDITIONAL LOAN OF £9,000.

UNDER the powers conferred by the *Water Act 1928* and all other powers enabling him in that behalf, His Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council of the said State, doth hereby grant an additional loan of Nine thousand pounds (£9,000) to the President, Councillors, and Ratepayers of the Shire of Ripon for the purpose of providing new pipe mains for water supply, as set forth in the detailed statement bearing date the 24th December, 1930, and verified under the seal of the State Rivers and Water Supply Commission.

The loan hereby granted shall be subject to the provisions of the *Water Act*, and the amount shall be charged to the *Water Supply Loans Application Act 1930* (No. 3882).

And the Honorable Henry Stephen, Bailie, His Majesty's Minister of Water Supply for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Acting Clerk of the Executive Council.

COUNTRY ROADS BOARD.

At the Executive Council Chamber, Melbourne, the eighteenth day of December, 1930.

PRESENT:

His Excellency the Lieutenant-Governor of Victoria.

Mr. Webber

Mr. Pollard.

AMENDMENT OF ORDER IN COUNCIL FOR THE DECLARATION OF A DEVIATION IN THE SHIRE OF KORUMBURRA.

HIS Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby amend the following Order in Council, viz.:-

The Order in Council of the 26th August, 1929, and published in the *Gazette* of the 4th September, 1929, page 3197, declaring the deviation from an existing road in the Shire of Korumburra to be a main road, by the substitution of the words and figures following namely:-

"9. *Poowong-Ranceby Road*.—All that piece of land in the Parishes of Poowong and Jeetho, the boundaries of which are as follow:-

Commencing at the north-eastern angle of allotment 33, Parish of Jeetho; thence by lines bearing respectively 270 deg. 25 min. 804 links, 312 deg. 36 min. 453 links, 269 deg. 11 min. 639 links, 325 deg. 49 min. 295.3 links, 114 deg. 52 min. 246.2 links, 144 deg. 34 min. 12.5 links, 92 deg. 22 min. 16.2 links, 114 deg. 52 min. 36.6 links, 84 deg. 57 min. 108.5 links, 92 deg. 22 min. 286.4 links, 313 deg. 21 min. 49.3 links, 84 deg. 57 min. 178.1 links, 85 deg. 42 min. 90.6 links, 133 deg. 21 min. 397 links, 90 deg. 0 min. 348.8 links, 122 deg. 28 min. 4.1 links, 90 deg. 45 min. 396 links and 180 deg. 0 min. 192 links to the point of commencement: which said piece of land is particularly delineated and shown coloured blue on survey plan No. 693, lodged in the office of the Country Roads Board."

for the words and figures appearing in lines 31 to 38 on page 2, and lines 1 to 4 on page 3, of the said Order.

And the Honorable John Percy Jones, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Acting Clerk of the Executive Council.

(Published in lieu of Order appearing in *Gazette* of 24th December, 1930, page 3590).

The Game Act 1928.

CLOSE SEASON FOR WILD DUCKS AND TEAL, ETC.

PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

I, THE Lieutenant-Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in pursuance of the provisions of the *Game Act 1928*, and all other powers me enabling in that behalf, do by this Proclamation prescribe that the "Close Season" for—

Land Rail, and all other members of the Rail family, Porphyrio, Coots, &c.;
Mand Geese or Wood Ducks; and
Wild Ducks and Teal of all kinds (except the Mountain Duck or Chestnut-breasted Shelduck)

shall be from the fifteenth day of March in each year to the thirtieth day of February next following (both days inclusive), and I hereby direct that such period shall be set opposite the names of such birds in the Third Schedule to the *Game Act 1928*, in lieu of the period set opposite such names in the said schedule.

I do further direct that this Proclamation shall come into operation after the expiration of a period of one week from the date of its publication in the *Victoria Government Gazette*.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this thirteenth day of January, in the year of our Lord one thousand nine hundred and thirty-one, and in the twenty-first year of the reign of His Majesty King George V.

(L.S.)

W. H. IRVINE.

By His Excellency's Command,

T. TUNNECLIFFE,

Chief Secretary.

GOD SAVE THE KING!

The Game Act 1928.
"BAG" FOR WILD DUCKS AND TEAL.

PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

I, THE Lieutenant-Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in pursuance of the provisions of the *Game Act 1928*, and all other powers me enabling in that behalf, do by this Proclamation revoke the Proclamation dated the second day of February, 1921, and published in the *Victoria Government Gazette* of the ninth day of February, 1921, page 519, respecting the "Bag" Limit for Wild Ducks and Teal, and do hereby prescribe—

Ten (10) Birds

as the maximum number of birds, whether wild ducks or teal of any kind, either alone or together, which any person may kill or destroy, or have in possession on any one day during the open season for such native game; and I do also hereby prescribe a sum of not less than Two pounds (£2) nor more than Ten pounds (£10) as the penalty for any contravention of this Proclamation.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this thirteenth day of January, in the year of our Lord One thousand nine hundred and thirty-one, and in the twenty-first year of the reign of His Majesty King George V.

(L.S.)

W. H. IRVINE.

By His Excellency's Command,

T. TUNNECLIFFE,

Chief Secretary.

GOD SAVE THE KING!

The Game Act 1928.

PROTECTION OF THE MOUNTAIN DUCK OR CHESTNUT-BREADED SHELDUCK.

PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

I, THE Lieutenant-Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in pursuance of the provisions of the *Game Act 1928*, and all other powers me enabling in that behalf, do hereby name the bird specified hereunder as a bird which shall be included in the Third Schedule to the *Game Act 1928*—

Mountain Duck or Chestnut-breasted Shelduck;

and do hereby set opposite the name of such bird so included in the said schedule the period "the whole year."

This Proclamation shall come into force after the expiration of a period of one week from the publication thereof in the *Victoria Government Gazette*.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this thirteenth day of January, in the year of our Lord One thousand nine hundred and thirty-one, and in the twenty-first year of the reign of His Majesty King George V.

(L.S.)

W. H. IRVINE.

By His Excellency's Command,

T. TUNNECLIFFE,

Chief Secretary.

GOD SAVE THE KING!

The Game Act 1928.

SANCTUARY FOR NATIVE GAME AT STONY CREEK CATCHMENTS AND RESERVOIRS AND KORWEINGUBOORA RESERVOIR.

PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

I, THE Lieutenant-Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in pursuance of the provisions of the *Game Act 1928* and all other powers me

enabling in that behalf, do hereby repeal the Proclamation made the thirteenth day of December, 1911, and published in the *Victoria Government Gazette* of the twentieth day of December, 1911, respecting a sanctuary for native game at Number One Swamp, Upper Stony Creek and Korweinguboorra Reservoir sites, and do by this Proclamation direct that the parts of Victoria hereunder described shall be localities in which, from the first day of January to the thirty-first day of December (both days inclusive) in each year, it shall be unlawful for any person to kill or destroy any native game included in the Third Schedule to the *Game Act 1928*:—

PARTS OF VICTORIA REFERRED TO.

Parishes of Ballark, Beremboke, Moreep, and Anakie,
County of Grant.

(A) Commencing at a point on the east side of the Ballan and Geelong road at the intersection of the southern boundary of allotment 18A, Parish of Ballark; thence easterly, southerly, south-easterly, and easterly along the south and south-west boundaries of allotment 18A, 20C, 21A, and 22A; thence by a line bearing south 28 deg. E. across a road to the northern boundary of the Geelong Waterworks and Sewerage Trust catchment area; thence easterly, south-easterly, southerly, and easterly by the northern boundary of the said catchment area bearing respectively S. 89 deg. 37 min. E. 316 links, S. 72 deg. 1 min. E. 1,784 links, S. 26 deg. 45 min. E. 930 links, S. 0 deg. 22 min. W. 1,291 links, and S. 89 deg. 53 min. E. 2,186 links to the north-west corner of allotment 51, Parish of Beremboke; thence by the northern boundary of the said allotment 51, a line across the intersecting road, and the northern boundary of allotment 51A; thence by the eastern boundary of the said allotment and a line in continuation thereof across a road to the northern boundary of allotment 27, Parish of Moreep, and easterly by the said northern boundary of allotment 27 to the north-east corner thereof; thence by the northerly boundaries of the Geelong Waterworks and Sewerage Trust catchment area bearing respectively S. 89 deg. 36 min. E. 1,164 links, N. 12 deg. 2 min. E. 659 links, N. 0 deg. 20 min. E. 776 links, S. 89 deg. 49 min. E. 2,065 links, S. 1 deg. 5 min. W. 1,146 links, S. 89 deg. 59 min. E. 1,103 links, S. 1 deg. 7 min. W. 1,602 links, S. 89 deg. 46 min. E. 786 links, N. 66 deg. 16 min. E. 681 links; and thence south-easterly, southerly, south-westerly, southerly, and south-easterly along the boundary of the Geelong Waterworks and Sewerage Trust catchment area to the boundary between the Parishes of Moreep and Anakie; thence easterly a distance of about 16 chains, and southerly and south-westerly along the boundary fence of the Geelong Waterworks and Sewerage Trust catchment area, in the Parish of Anakie, to the boundary between the Parishes of Anakie and Moreep, further south-westerly and north-westerly in the Parish of Moreep, along the said boundary of the Geelong Waterworks and Sewerage Trust catchment area and a line across the Ballan and Geelong road to the western side thereof; thence south-easterly along the western side of the said Ballan and Geelong road to the southern boundary of the Geelong Waterworks and Sewerage Trust catchment area, which is also the boundary between the Parishes of Moreep and Durdidwarrah; thence westerly along the said parish boundary a distance of 92 chains; thence northerly a distance of 128 chains and westerly 104 chains along the east and north boundaries of the State Forest to the eastern side of the Steiglitz road; thence following the said eastern side of the Steiglitz road and a line in continuation thereof north-westerly and north-easterly bearing N. 12 deg. 21 min. W., N. 27 deg. 15 min. E., and N. 44 deg. 23 min. E. to the boundary of the Geelong Waterworks and Sewerage Trust catchment area; thence north-westerly, northerly, north-westerly, and north-easterly along the western boundaries of the aforesaid catchment area to the north-west corner thereof; thence easterly along the northerly boundary of the aforesaid catchment area and a line in continuation thereof to the east side of the Ballan and Geelong road; and thence northerly along the east side of the said Ballan and Geelong road to the point of commencement—including all intersecting roads, streams, channels, and aqueducts, but excluding allotments 54, 55, and A, Parish of Moreep.

(B) Parish of Korweinguboorra, County of Grant: Commencing at a point on the northern boundary of allotment 5, section 14, Parish of Korweinguboorra, being distant 3,726 links bearing S. 82 deg. 11 min. W. from the north-east corner of the said allotment; thence by a line bearing N. 31 deg. 52 min. W. 832 links; thence N. 35 deg. 46 min. W. 1,223 links; thence N. 9 deg. 57 min. W. 194 links; thence N. 19 deg. 44 min. W. 386 links; thence N. 41 deg. 58 min. W. 460 links; thence N. 56 deg. 6 min. W. 1,419 links; thence N. 36 deg. 26 min. W. 1,924 links; thence N. 28 deg. 0 min. W. 1,422 links; thence N. 40 deg. 2 min. W. 1,035 links; thence N. 62 deg. 14 min. W. 614 links; thence N. 86 deg. 35 min. W. 263 links; thence N. 64 deg. 31 min. W. 1,119 links; thence S. 47 deg. 23 min. W. 830 links; thence S. 40 deg. 53 min. W. 1,046 links; thence S. 45 deg. 29 min. E. 1,824 links; thence S. 29 deg. 24 min. E. 1,619 links; thence S. 44 deg. 36 min. W. 833 links; thence S. 39 deg. 38 min. E. 1,886 links; thence S. 33 deg. 49 min. E. 3,562 links; thence S. 43 deg. 11 min. E. 700 links; thence S. 42 deg. 55 min. E. 1,330 links; thence S. 80 deg. 25 min. E. 975 links; thence N. 51 deg. 35 min. E.

1,575 links; thence N. 6 deg. 3 min. E. 54 links; thence N. 82 deg. 11 min. E. 124 links, crossing eastern Moorabool River; thence N. 82 deg. 11 min. E. 793 links; thence N. 7 deg. 49 min. W. 1,863 links; thence S. 82 deg. 11 min. W. 551 links to the point of commencement.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this seventh day of January, in the year of our Lord One thousand nine hundred and thirty-one, and in the twenty-first year of the reign of His Majesty King George V.

(L.S.)

W. H. IRVINE.

By His Excellency's Command,

T. TUNNECLIFFE,

Chief Secretary.

GOD SAVE THE KING!

The Game Act 1928.

SANCTUARY FOR NATIVE GAME AT "GLENMONA PARK," BUNG BONG.

PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

I, THE Lieutenant-Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in pursuance of the provisions of the *Game Act 1928* and all other powers me enabling in that behalf, do by this Proclamation direct that the part of Victoria hereunder described shall be a locality in which, from the first day of January to the thirty-first day of December (both days inclusive) in each year, it shall be unlawful for any person to kill or destroy any native game included in the Third Schedule to the *Game Act 1928* :—

PART OF VICTORIA REFERRED TO.

Parishes of Bung Bong, Lillieur, and Yalong, Counties of Talbot and Gladstone, and more particularly described as

follows:—Commencing at the north-west corner of allotment 27 of section 3, Parish of Bung Bong; thence generally easterly by the northern boundaries of allotments 27 and 28 and the Glenmona pre-emptive section to the north-east corner thereof; thence south by the east boundary of the said pre-emptive section to its junction with the most northerly corner of allotment 1 of section 1, Parish of Lillieur; thence by the east and south boundaries of the said allotment 1 to the south-west corner thereof; thence southerly by a line across the three-chain Avoca to Amherst road to the north-west corner of allotment 3A; thence south by the west boundary of the said allotment, which is also the east boundary of the recreation reserve and west by the south boundary of the said reserve to the eastern bank of the Dulapwhang waterhole on the Bet Bet Creek; thence southerly by the eastern bank of the said waterhole and the Bet Bet Creek to the north-west corner of allotment 7 of section 1, Parish of Lillieur; thence east by the north boundary of the said allotment 7 to the north-east corner thereof; thence south-westerly by the east boundaries of allotments 7 and 21A to the most southern corner of the latter allotment; thence north-westerly by the boundary of the said allotment bearing N. 39 deg. W. to the south boundary of allotment 7; thence westerly by that boundary to the Bet Bet Creek; thence westerly by a line across the said creek and the southern boundary of allotment 8 of section 1, Parish of Yalong, to the south-west corner thereof; thence north by the west boundaries of allotments 8, 7, 6, 5, and 4 to the north-west corner of the last-named allotment; thence by a line bearing north across the Avoca to Amherst road to the south boundary of allotment 29 of section 3, Parish of Bung Bong; thence west by the south boundaries of allotments 29 and 28 to the south-west corner of the latter allotment; thence north by the west boundaries of allotments 28 and 27 to the point of commencement.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this seventh day of January, in the year of our Lord One thousand nine hundred and thirty-one, and in the twenty-first year of the reign of His Majesty King George V.

GOD SAVE THE KING!

Land Act 1928.

AREAS OF LANDS COMPRISED IN CERTAIN CLASSES DIMINISHED AND INCREASED.

PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

WHEREAS by the *Land Act 1928* it is amongst other things enacted that the Governor in Council may, by Proclamation to be published in the *Government Gazette*, at any time diminish or increase the area of land comprised in any of the classes mentioned in Part I., Division 1, section 5, of the said *Land Act 1928*, but that the area of lands which may be sold by auction (Class 6) shall not be increased except as in certain cases in the said Act provided: Now therefore I, the Lieutenant-Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in accordance with the provisions of sections 94 and 117 of the *Land Act 1928* aforesaid, do hereby diminish or increase (as the case may be) the areas of Crown lands comprised in Classes 2, 3, and 4 respectively of the classes mentioned in section 5 of the *Land Act 1928* aforesaid to the extent set forth in the subjoined Schedules (that is to say):—

Schedules referred to.

DECLARING VOID, AS TO PART, A MINING LEASE.

IN pursuance of the powers conferred by sections 117 (c) and 90 of the Mines Act (No. 3737), the Governor in Council has, by an Order made on the 7th January, 1931, declared void gold mining lease No. 4953, Gippsland, as to such part of

land demised as is indicated by red colour on the plan endorsed on the said Order, and containing an area 4 acres and 7 perches, and has fixed the rental in respect of the 3 rods of land remaining in the lease at Five shillings every half year and the labour covenant at two men.

The said lease is entered in the register-book at the Office of Titles, volume 291, folio 32413

J. P. JONES,
Minister of Mines.

APPROACHING LAND SALES.

	No. of Gazette.
Beechworth.—Friday, 13th February, 1931	2
Daylesford.—Tuesday, 17th February, 1931	4
Koo-wee-rup.—Thursday, 22nd January, 1931	159
Queenscliff.—Friday, 23rd January, 1931	161
Seymour.—Thursday, 5th February, 1931	169
Tallangatta.—Wednesday, 11th February, 1931	2
Werrimull.—Thursday, 29th January, 1931	159

Lands and Survey Office, Melbourne.

SALE (No. 9878) OF CROWN LANDS IN FEE SIMPLE AT DAYLESFORD, ON 17th FEBRUARY, 1931. TO BE CONDUCTED BY J. W. McPHERSON, LAND OFFICER.

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to direct that a sale by auction of the undermentioned Crown lands will be held at Ten o'clock in the forenoon on Tuesday, the 17th day of February, 1931, at the Court House, Daylesford, and that such lands be offered for sale in the lots hereinafter specified, and at the upset price fixed to each lot respectively.

The lands will be sold in fee simple, and subject to the covenants, conditions, exceptions, and reservations directed by the Governor in Council by an Order in Council dated the 5th August, 1930, and published in the *Government Gazette* of the 8th August, 1930.

A deposit of twelve and a half per centum of the price at which each lot is sold must be paid by the purchaser at the time of sale, and all such payments shall be made only in gold, silver, or bank notes, or cheques approved of by the officer conducting the sale, and the residue of such price will be payable in equal instalments, in accordance with the scale hereunder, on the last day of each successive period of six months from the time of sale, or, if the purchaser choose, at any earlier time or times, being one of such last days of any of the periods of six months stated above; such residue of payment will bear interest at the rate of £5 per centum per annum, to be computed from the time of sale to the time of payment of such residue or instalment of such residue.

The Governor in Council may, if he think fit, register the transfer of the interest of any purchaser of an allotment sold by public auction prior to the final payment of the purchase money being made. The fee for such registration shall be One pound.

SCALE OF PAYMENTS.

- £20 and under, 6 instalments.
 Over £20, and not exceeding £50, 8 instalments.
 Over £50, and not exceeding £100, 10 instalments.
 Over £100, and not exceeding £200, 12 instalments.
 Over £200, and not exceeding £300, 14 instalments.
 Over £300, and not exceeding £400, 16 instalments.
 Over £400, and not exceeding £500, 18 instalments.
 Over £500, 20 instalments.

H. S. BAILEY,

Commissioner of Crown Lands and Survey.

Office of Lands and Survey,
Melbourne, 13th January, 1931.

Closer Settlement Act 1928.

SALE OF CROWN LANDS BY PUBLIC TENDER.

TENDERS are invited for the purchase, in fee simple, of the undermentioned Crown lands, and will be received up to Noon on Tuesday, 20th January, 1931, addressed to the Secretary, Closer Settlement Board, Melbourne, and endorsed "Tender for Elston's Land."

Each tenderer is to state his full name, occupation, address, and the amount offered for the land, including all improvements; also to enclose a deposit of 5 per cent. of the purchase money.

PARISH OF WARRANDYTE, COUNTY OF EVELYN.

Area 26a. 3r. 18p., allotment 9a, situated $\frac{1}{2}$ mile from Wonga Park P.O. and 5 miles from Croydon R.S., known as Elston's. About 6 acres of orchard in fair condition. House, 4 rooms, 2 sheds, 2 dams, fencing. All cultivable. Suitable for orchard or poultry farm.

TERMS AND CONDITIONS.

Deposit to be lodged with tender: 5 per cent. of price offered.
 Balance of purchase money payable in 40 equal half-yearly instalments, plus interest on the unpaid balance at 6 per cent. per annum. Purchaser may transfer his interest in the purchase, or may pay full balance, with interest, prior to due date.

Immediate possession. No residence condition. Crown grant on completion of purchase.

Improvements to be maintained and insured. The highest or any tender not necessarily accepted.

Full particulars are obtainable from Lands Department, Melbourne.

CHAS. WEIR,

Acting Secretary, Closer Settlement Board.

Melbourne, 13th January, 1931.

PROPOSED REVOCATION OF ORDERS IN COUNCIL TEMPORARILY RESERVING LANDS.

IN pursuance of the provisions of the Land Act 1928, notice is hereby given that it is the intention of the Governor in Council to revoke the Orders in Council hereunder referred to, viz.:-

The following Notices were gazetted 1° on 24th December, 1930, pursuant to Orders of the 18th December, 1930.

BARING.—The temporary reservation, by Order in Council of 16th May, 1928, of 1 acre of land in the Parish of Baring, County of Karkaroo, as a site for a Public Hall, and excepting from occupation for mining purposes, or for residence or business under any miner's right or business licence, is about to be revoked.—(B.784†), (C.75272).

GIFFARD.—The temporary reservation, by Order in Council of 7th January, 1878, of 225 acres 25 perches of land, in the Parish of Giffard, County of Buln Buln, as a site for Recreation purposes, also withheld from sale, leasing, and licensing, and excepted from occupation for residence or business under any miner's right or business licence, revoked as to part by Orders in Council of 19th October, 1915 (*Government Gazette* of 1915, page 4195), and 20th January, 1923 (*Government Gazette* of 1923, page 172), is about to be revoked so far as regards the portion thereof hereinafter described, viz.:—9 acres 3 roods 23 9-10 perches, Township of Seaspray, Parish of Giffard, County of Buln Buln: Commencing at the south-west angle of allotment 6 of section 22, Parish of Giffard; bounded thence by the said allotment, bearing S. 89 deg. 51 min. E. 1,172 2-10 links; by lines bearing S. 9 min. W. 800 links, and N. 89 deg. 51 min. W. 1,302 7-10 links; and thence by a road bearing N. 9 deg. 25 min. E. 810 6-10 links to the commencing point.—(G.63 (*), (Rs.4068).

WARRAYURE.—The temporary reservation, by Orders in Council of 13th November, 1883, and 22nd March, 1887, of 20 acres, more or less, of land in the Village of Warrayure, Parish of Warrayure, as a site for Public purposes, and for Water Supply purposes, and excepting from occupation for mining purposes or for residence or business under any miner's right or business licence, and partly revoked by Order in Council of 13th November, 1916, is about to be revoked so far as regards the portion hereinafter described, viz.:—1 acre 2 roods 9 perches: Commencing at a point bearing north 1,233 links from the south-western angle of allotment 16, section 18; bounded thence by a line bearing west 584 links to the left bank of the Nine-Mile Creek; by that bank bearing north-easterly to the western boundary of allotment 15; and thence by that boundary, bearing south 548 links to the commencing point.—(W.62 (A)) (Rs.776).

WHOROUPLY.—The Order in Council of 20th June, 1892 (*vide Government Gazette*, 1892, page 2712), temporarily reserving 4 acres 1 rood 13 6-10 perches of land, in the Parish of Whorouply, County of Delatite, as a site for Watering purposes, and excepting from occupation for residence or business under any miner's right or business licence, is about to be revoked.—(W.143 (*), (01049/121).

The following Notices were gazetted 1^o on 2nd January, 1931, pursuant to Orders of the 24th December, 1930.

WOOLAMAI (GRIFFITHS POINT).—The Order in Council of 16th June, 1873, temporarily reserving 3 roods 36 perches of land, more or less, in the Parish of Woolamai, County of Mornington, at Griffiths Point, as a site for State School purposes.—(S.463 (3) (C.70640).

H. S. BAILEY,

Commissioner of Crown Lands and Survey.

Department of Lands and Survey, Melbourne.

The Closer Settlement Act 1928, Part I.

MOUNTAINOUS AREAS SCHEME.

CALLIGNEE ESTATE.

THE Farm Allotments mentioned in the schedule hereunder are hereby proclaimed available for application, and may be taken up under Conditional Purchase Lease, subject to the mountainous areas provisions:—

TERMS, CONDITIONS, ETC.

Applications must be made on the prescribed form, and lodged with the Secretary, Closer Settlement Board, Public Offices, Melbourne, or with the officer conducting the Inquiry Board, on or before the 14th of February, 1931. An applicant may apply for more than one allotment, but only one can be granted to any one person. The sum of Five shillings (5s.), fee for registration, must accompany the application, and the successful applicants will be required to pay £1, fee for lease, before the issue of permit to occupy the land.

Intending applicants must satisfy the Land Board that they have sufficient assets and experience to enable them to successfully work the land, if granted.

The lease will be for a period not exceeding 4½ years.

Improvements must be effected to the value of at least two instalments of the purchase money before the end of the first year from the date of lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year.

The lessee must reside on his allotment until the land becomes freehold. A Crown grant may issue after twelve years (provided the full amount of the purchase money is paid) if the conditions of lease have been complied with.

Advances to a maximum amount of £625 may be made on permanent improvements effected by the lessee up to 80 per cent. of the value of such improvements as determined by the Board.

The lessee cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first three years of the lease.

In respect of the land, no instalment of purchase money shall be payable during the first five years, provided the lessee complies with conditions and the allotment is satisfactorily worked. The lessee shall, during each and every year of the five-year period, reduce at least one-tenth part of the allotment to a state of clean grass or cultivation, and maintain same. After the five-year period, the capital value, including interest at 5 per cent. per annum, will be repayable over a term of 36½ years by equal half-yearly instalments, including principal and interest.

Notwithstanding any provision in any Act, no transfer of the interest in the lease shall be approved by the Board unless the deferred interest to the date of transfer has been paid.

H. S. BAILEY,

Commissioner of Crown Lands and Survey.

Department of Lands and Survey,
Melbourne, 13th January, 1931.

PUBLIC HEARINGS BY PERSONS APPOINTED UNDER THE 34TH SECTION OF THE LAND ACT 1928.

NOTICE is hereby given that at the times and places mentioned in the schedule hereunder, applications for leases and licences under the Land Acts, objections to such applications, objections to proposed proclamations, alterations, additions, diminutions, revocations, or unions of commons, and reasons against forfeiture of any leases or licences under the Land Acts deemed liable to forfeiture, will be publicly heard by the persons whose names are set opposite such places respectively in such schedule, being persons appointed by me,

the responsible Minister of the Crown administering the Land Acts, to hear the same and report thereon in writing to me.

H. S. BAILEY,

Commissioner of Crown Lands and Survey, and
President of the Board of Land and Works.

Department of Lands and Survey,
Melbourne, 13th January, 1931.

SCHEDULE.

ORBOST, Thursday, 29th January, 1931, at half-past Nine a.m., L. W. Birch.
STAWELL, Tuesday, 10th February, 1931, at Nine a.m., W. M. Crawford.
STAWELL, Wednesday, 11th February, 1931, at Nine a.m., W. M. Crawford.

HEARING OF REASONS AGAINST THE FORFEITURE OF CERTAIN LICENCES AND LEASES BY PERSONS APPOINTED UNDER 34TH SECTION OF THE LAND ACT 1928.

NOTICE is hereby given that reasons against the forfeiture of the licences and leases in the schedule hereto, which are deemed liable to forfeiture under the provisions of the Land Acts, will be publicly heard by the persons appointed by me,

the responsible Minister of the Crown administering the said Acts, to hear the same and report thereon in writing to me, when the persons in the said schedule mentioned as holders of such licences and leases will be allowed to show cause against the same at the places and on the dates mentioned in the schedule hereto.

H. S. BAILEY,

Commissioner of Crown Lands and Survey,
being the Responsible Minister of the Crown
administering the Land Acts.

Department of Lands and Survey,

Commissioner of Crown Lands and Survey.

CROWN LANDS AVAILABLE (MALLEE LANDS).

THE undermentioned areas are available for application as provided by various sections of the *Land Act 1928*, and all applications received on or before Wednesday, the 11th February, 1931, will be deemed to have been simultaneously made, but any application lodged after such date may be considered if received in time for inclusion in the advertisement of the cases to be heard at the Local Land Board.

Applications on proper form, accompanied by 5s. duty stamp, unaccompanied (registration fee), may be delivered or forwarded by post to the Local Land Officer or to any Crown Lands Office in Victoria.

Applicants may obtain from Local Land Officers, or the Enquiry Office, Lands Department, Melbourne, a certificate authorizing the issue by the Railway Department of a return ticket at concession fares to enable them to inspect available areas or to attend Local Land Boards. When an applicant is granted an allotment he may, if travelling by rail, obtain reduced fares for his family and also freight concessions in regard to some of his effects.

Marked plans of any particular area, application forms, and any further information may be obtained from the Enquiry Office, Lands Department, Melbourne, and Land Officers, Ararat, Bairnsdale, Ballarat, Beechworth, Benalla, Bendigo, Geelong, Hamilton, Horsham, Mildura, Omeo, Seymour, Stawell, and St. Arnaud.

Department of Lands and Survey.

Melbourne, 14th January, 1931.

PRIVATE ADVERTISEMENTS.

CITY OF CAULFIELD.

BY-LAW No. 54.

Petrol Pumps.

NOTICE is hereby given by the Council of the City of Caulfield that a By-law, No. 54, relative to petrol pumps in or on footways has been made by the Council and approved by the Governor in Council.

The title and summary of the provisions of such By-law are as follows:—

A By-law of the City of Caulfield, made under Part VII. of the *Local Government Act 1928*, and section 6 of the *Petrol Pumps Act 1928*, and numbered 54, for or with respect to—

- (a) the placing, fixing, and maintaining of petrol pumps in or on the footway and of any apparatus, pipes, and appliances in, on, or under the footway for the supply of motor spirit to such petrol pumps; and the

removal of such petrol pumps, apparatus, pipes, and appliances;

- (b) the granting, renewal, and transfer of licences and applications therefor;

- (c) licences and conditions to be contained in licences;

- (d) prescribing fees—

- (1) for the granting or renewal of a licence in respect of every petrol pump other than a portable petrol pump on or under any footway—Three guineas (£3 3s.);

- (2) for the granting or renewal of a licence in respect of every portable petrol pump which is used on any footway—Three guineas (£3 3s.);

- (3) for the transfer of a licence—Ten shillings and sixpence (10s. 6d.);

- (e) providing for the proportionate reduction of fees payable in respect of licences granted for any number of months less than twelve months;

- (f) insurance by licensees against liability which may be incurred by them in respect of petrol pumps.

The said By-law was approved by the Governor in Council on the 18th day of December, 1930.

A copy of the said By-law is open for inspection to or by any person, free of charge, at the office of the Council, Town Hall, Caulfield, during office hours.

JAMES R. BRIGGS, Town Clerk.

Town Hall, Caulfield, S.E.S., 6th January, 1931. 4997

CITY OF PRAHRAN.

BY-LAW No. 178.

A By-law of the City of Prahran, made under Part VII. of the *Local Government Act 1928*, and numbered 178, for the purpose of altering By-law No. 170.

IN pursuance of the powers conferred by the *Local Government Act 1928*, and every other power it thereunto enabling, the Mayor, Councillors, and Citizens of the City of Prahran order as follows:—

For the words "Shipley-street," in clause 1 of By-law No. 170, there shall be read the words "Shipley-street (save and except that portion of the south side of Shipley-street which commences at a point 113 ft. 4 in. east from the south-east corner of Punt-road and Shipley-street and extends easterly for a distance of 76 ft. 6 in. along the south side of Shipley-street by a depth of 200 feet)."

Resolution for passing this By-law agreed to by the Council the fourteenth day of April, 1930.

The common seal of the Mayor, Councillors, and Citizens of the City of Prahran was hereunto affixed in the presence of—

WM. M. McILWRICK, Mayor.
(SEAL) JOHN M. ELLIS, Councillor.
JOHN ROMANIS, Town Clerk.

Confirmed the thirteenth day of October, 1930.

Approved by the Governor in Council.
the 31st day of December, 1930.

C. W. KINSMAN,
Acting Clerk of the Executive Council.

4998

SHIRE OF BARRARBOOL.

BY-LAW No. 8.

A By-law of the Shire of Barrarbool, made under Part VII. of the *Local Government Act 1928* and section 6 of the *Petrol Pumps Act 1928* and numbered eight (8) for or with respect to—

- (a) the placing, fixing, and maintaining of petrol pumps in or on footways and of any apparatus, pipes, and appliances in, on, or under footways, for the supply of motor spirit to such petrol pumps, apparatus, pipes, and appliances;

- (b) the granting, renewal, and transfer of licences, and applications therefor;

- (d) prescribing fees—

- (1) for the granting or renewal of a licence;
- (2) for the transfer of a licence;

- (e) providing for a proportionate reduction of fees payable in respect of licences granted for any number of months less than twelve months; and

- (f) insurance by licensees against liabilities which may be incurred by them in respect of petrol pumps.

IN pursuance of the powers conferred by the *Local Government Act 1928* and the *Petrol Pumps Act 1928*, the President, Councillors, and Ratepayers of the Shire of Barrarbool order as follows:—

1. In this By-law—

"Council" shall mean the Council of the Shire of Barrarbool.

"Licence" shall mean a licence granted in accordance with the *Petrol Pumps Act 1928*.

"Licensee" shall mean the holder for the time being of a licence granted in accordance with the *Petrol Pumps Act 1928*.

"Municipality" shall mean the municipality of the Shire of Barrarbool.

"Petrol pump" shall mean any pump for supplying motor spirit, and shall include a portable petrol pump.

"Portable petrol pump" shall mean a petrol pump which is constructed on wheels and is not fixed in or on the footway and is not allowed to remain on the footway.

"Regulations" shall mean the Regulations from time to time made and in force under the *Petrol Pumps Act 1928*.

2. Any person may apply for a licence in respect of any petrol pump placed or to be placed in, on, or under any footway in any highway within the municipal district of the Shire of Barrarbool used or to be used by such person for the purpose of the business carried on or to be carried on by such person of selling and supplying motor spirit. Every such application shall be in the form of the First Schedule to this By-law. Every licence granted shall be in the form of the Second Schedule to this By-law.

3. It shall be the duty of every person to whom a licence has been granted under the provisions of the *Petrol Pumps Act 1928* to maintain in a safe and efficient condition, and free from leakage and in accordance with this By-law, all petrol pumps, apparatus, pipes, and appliances in, on, or under footways for the supply of motor spirit to such petrol pumps.

4. Every licence shall expire on the 30th day of September next following the date of issue, and shall after such 30th day of September be of no force and effect:—

(a) There shall be paid to the Council in respect of every licence for a petrol pump other than a portable pump in or on any footway a licence-fee of One pound ten shillings (£1 10s.).

(b) There shall be paid to the Council in respect of every licence for a portable petrol pump which is used on any footway for the purposes of selling or supplying motor spirit a licence-fee of One pound one shilling per annum.

(c) Provided that where a licence is granted for any number of months less than twelve months a proportionate reduction of the fee based on the number of months unexpired shall be made by the Council.

5. No licence or renewal of a licence shall be granted unless the fee prescribed in such case has first been paid.

6. Where a licence granted under the provisions of this By-law is about to expire the Council may, upon application being made to it in the form of the Third Schedule to this By-law, renew such licence for a further term of one year.

7. Every application for the renewal of a licence shall be lodged with the Council at least fourteen days before the expiration of the licence, and shall be accompanied by the annual licence-fee hereinbefore prescribed.

8. The Council may refuse to grant or renew or transfer any licence where the pump in respect of which an application for a licence or transfer or renewal of a licence is made is not placed or proposed to be placed in front of premises occupied or to be occupied by the applicant for the purpose of carrying on the business of selling or supplying motor spirit.

9. No licence shall be transferred save in accordance with the following provisions:—The person desiring to transfer the licence shall first make application in writing to the Council for the approval of the Council to such transfer, and shall enclose with such application a transfer of the licence, in writing, signed by the licensee, and an acceptance of such transfer (conditional upon the approval of the Council being granted thereto) by the transferee, and shall pay to the Council a transfer-fee of Ten shillings.

10. Immediately on the approval by the Council of any transfer of licence being given, the policy of insurance hereinafter referred to taken out by the transferor shall be transferred to the transferee, or the transferee shall effect a new policy in a company of repute to the same effect.

11. Every licensee under the provisions of this By-law shall, before the petrol pump is erected in respect of which such licence is granted, or if erected prior to the application, before the petrol pump is used for the sale or supply of motor spirit, insure himself, and thereafter at all times keep himself insured during the currency of such licence and any renewal thereof, in some insurance company of good repute against all damages and liabilities for which he may become liable to any person arising from the use, control, or possession by him of such petrol pump in the sum of at least £500. Every licensee shall, on demand, produce to the Council or any duly appointed officer of the Council, the said policy of insurance and the receipt for the premium for the then unexpired period of licence.

12. A licensee shall make good any damage to conduits, drains, or pipes under any footway caused by or arising from the installation or removal of a petrol pump on any part thereof, or any apparatus, pipes, or appliances for the supply of motor spirit to such pump, and shall make good any portion of the footway broken up for the purpose of such installation or removal.

13. Every licensee whose licence shall have expired and has not been renewed, or whose licence shall have been cancelled under the provisions of the *Petrol Pumps Act 1928*, shall within seven days after such expiry or cancellation remove the petrol pump referred to in such licence, and all apparatus, pipes, and appliances connected therewith in, on, or under the footway.

14. No licensee shall cause or permit the petrol pump in respect of which his licence is granted, or the apparatus, pipes, or appliances connected therewith, to be altered in design or position without first obtaining the consent of the Council.

15. This By-law shall apply to and have operation throughout the whole of the municipal district of the Shire of Barrarbool.

Resolution for passing this By-law agreed to by the Council the 19th day of November, 1930, and confirmed the 17th day of December, 1930.

The common seal of the President, Councillors, and Ratepayers of the Shire of Barrarbool was hereto affixed the 17th day of December, 1930.

SIDNEY H. McCANN, President.

(SEAL) JOHN W. PROWSE, Councillor.

HENRY E. MOORS, Shire Secretary.

Approved by His Excellency the Governor in Council at a meeting of the Executive Council held on 24th December, 1930. 4986

SHIRE OF BRAYBROOK.

PROCLAMATION UNDER BY-LAW NO. 51.

Non-parking Area.

NOTICE is given that the portion of streets, at the junction of Hampshire-road and Dickson-street, in front of Sunshine Post Office, as indicated by road lines, is hereby proclaimed a "Non-parking Area," and the parking of vehicles therein is prohibited.

By order of the Council,

E. HARGREAVES, Shire Secretary.

8th January, 1931.

4989

SHIRE OF ELTHAM.

BY-LAW NO. 18.

A By-law of the Shire of Eltham made under Part VII. of the *Local Government Act 1928* and section 6 of the *Petrol Pumps Act 1928*, and numbered 18, for or with respect to—

(a) The placing, fixing, and maintaining of petrol pumps in or on footways and of any apparatus, pipes, and appliances in, on, or under footways for the supply of motor spirit to such petrol pumps, and the removal of such petrol pumps, apparatus, pipes, and appliances;

(b) the granting, renewal, and transfer of licences and applications therefor;

(c) licences and conditions to be contained in licences;

(d) prescribing fees—

(1) for the granting or renewal of a licence;

(2) for the transfer of a licence;

(e) providing for a proportionate reduction of fees payable in respect of licences granted for any number of months less than twelve months; and

(f) insurance of licensees against liabilities which may be incurred by them in respect of petrol pumps.

IN pursuance of the powers conferred by the *Local Government Act 1928* and the *Petrol Pumps Act 1928*, the President, Councillors, and Ratepayers of the Shire of Eltham order as follows:—

1. In this By-law—

"Council" shall mean the Council of the Shire of Eltham.

"Licence" shall mean a licence granted in accordance with the *Petrol Pumps Act 1928*.

"Licensee" shall mean a holder for the time being of a licence granted in accordance with the *Petrol Pumps Act 1928*.

"Municipality" shall mean the municipality of the Shire of Eltham.

"Petrol pump" shall mean any pump for supplying motor spirit, and shall include a portable petrol pump.

"Portable petrol pump" shall mean a petrol pump which is constructed on wheels and is not fixed in or on the footway, and is not allowed to remain on the footway.

"Regulations" shall mean the Regulations from time to time made and in force under the *Petrol Pumps Act 1928*.

2. Any person may apply for a licence in respect of any petrol pump placed or to be placed in, on, or under any footway in any highway within the municipal district of the Shire of Eltham used or to be used by such person for the purpose of the business carried on or to be carried on by such person for selling and supplying motor spirit. Every such application shall be in the form of the First Schedule of this By-law. Every licence granted shall be in the form of the Second Schedule of this By-law.

3. It shall be the duty of every person to whom a licence has been granted under the provisions of the *Petrol Pumps Act 1928* to maintain in a safe and efficient condition and free from leakage and in accordance with this By-law all petrol pumps, apparatus, pipes, and appliances in, on, or under footways for the supply of motor spirit to such petrol pumps.

4. Every licence shall expire on the 30th day of September next following the date of issue, and shall after such 30th day of September be of no force and effect.

(a) There shall be paid to the Council in respect of every licence for a petrol pump other than a portable petrol pump in or on any footway, a licence fee of One pound one shilling (£1 1s.) per annum.

(b) There shall be paid to the Council in respect of every licence for a portable petrol pump which is used on any footway for the purpose of selling or supplying motor spirit a licence fee of Two pounds (£2) per annum.

(c) Provided that where a licence is granted for any number of months less than twelve months a proportionate reduction of the fee based on the number of months unexpired shall be made by the Council.

5. No licence or renewal of a licence or transfer of a licence shall be granted unless the fee prescribed in such case has first been paid.

6. Where a licence granted under the provisions of this By-law is about to expire the Council may, upon application being made to it in the form of the Third Schedule to this By-law, renew such licence for a further term of one year.

7. Every application for the renewal of a licence shall be lodged with the Council at least fourteen days before the expiration of the licence and shall be accompanied by the annual licence fee hereinbefore prescribed.

8. The Council may refuse to grant or renew or transfer any licence where the pump in respect of which an application for a licence or transfer or renewal of a licence is made is not placed or proposed to be placed in front of premises occupied or to be occupied by the applicant for the purpose of carrying on the business of selling or supplying motor spirit.

9. No licence shall be transferred save in accordance with the following provisions:—The person desiring to transfer the licence shall first make application in writing to the Council for the approval of the Council to such transfer, and shall enclose with such application a transfer of the licence in writing, signed by the licensee, and an acceptance of such transfer (conditional upon the approval of the Council being granted thereto) by the transferee, and shall pay to the Council a transfer fee of Ten shillings (10s.).

10. Immediately on the approval by the Council of any transfer of licence being given the policy of insurance hereinbefore referred to taken out by the transferor shall be transferred to the transferee; or the transferee shall effect a new policy in an insurance company of repute to the same effect.

11. Every licensee under the provisions of this By-law shall before the petrol pump is erected in respect of which such licence is granted, or if erected prior to the application before the petrol pump is used for the sale or supply of motor spirit, insure himself, and thereafter at all times keep himself insured during the currency of such licence and any renewal thereof, in some insurance company of good repute against all damages and liabilities for which he may become liable to any person arising from the use, control, or possession by him of such petrol pump, in the sum of at least £500. Every licensee shall on demand produce to the Council or any duly appointed officer of the Council the said policy of insurance and the receipt for the premium for the then unexpired period of the licence.

12. A licensee shall make good any damage to conduits, drains, or pipes under any footway caused by or arising from the installation or removal of a petrol pump or any part thereof or any apparatus, pipes, or appliances for the supply of motor spirit to such pump, and shall make good any portion of the footway broken up for the purpose of such installation or removal.

13. Every licensee whose licence shall have expired and has not been renewed or whose licence shall have been cancelled under the provisions of the *Petrol Pumps Act 1928*, shall within seven days after such expiry or cancellation remove the petrol pump referred to in such licence, and all apparatus, pipes, and appliances connected therewith in, on, or under the footway.

14. No licensee shall cause or permit the petrol pump in respect of which the licence is granted, or the apparatus, pipes, or appliances connected therewith, to be altered in design or position without first obtaining the consent of the Council.

15. This By-law shall apply to and have operation throughout the whole of the municipal district of the Shire of Eltham.

FIRST SCHEDULE.

Application No.

SHIRE OF ELTHAM.

Petrol Pumps Act 1928 (No. 3613).

Application to the Council of the Shire of Eltham for a Licence in respect of a Petrol Pump to be placed or retained or used on the Footway of a Highway within the Municipality of the Shire of Eltham.

This application must be fully filled up in accordance with the following instructions before it can be considered by the Council.

If a licence is required for more than one petrol pump, it will be necessary for the applicant to make separate applications in respect of every such licence so required.

State Christian name and surname of applicant. If a firm, the name of each member in full. If a company, the name of the company and its secretary.

State occupation of the applicant.

State postal address of the applicant.

State if licence or licences have already been granted by the Council in respect of any petrol pump or pumps.

If so, state fully the number and where such petrol pump or pumps are situate.

State name, number, and part of the street on which the petrol pump is or on which it is proposed to erect the petrol pump, and attach plan showing clearly the position on the footway where it is proposed to erect the petrol pump.

State class or type of petrol pump for which a licence is applied for. If a portable petrol pump (which is allowed to remain on the footway only during the period of selling or supplying motor spirit), state class or type of such pump.

Signature of applicant—

SECOND SCHEDULE.

SHIRE OF ELTHAM.

*Petrol Pumps Act 1928 (No. 3613).**Petrol Pump Licence.*

Pursuant to the provisions of section 3 of the *Petrol Pumps Act 1928* (No. 3613), the Council of the Shire of Eltham doth hereby grant a licence to _____, for the period of _____ months from the _____ to the 30th September, 19____, in respect of a petrol pump to be placed _____ on the footway of _____ street _____ portable petrol pump to be used _____ in _____ situate _____ in the municipal district of the Shire of Eltham, subject to the conditions following, that is to say:—

That this licence is issued subject to the provisions of the *Petrol Pumps Act 1928*, and of any Regulations made by the Governor in Council under the powers conferred by section 7 of the said Act and of any By-laws made by the Council under section 6 of the Act aforesaid.

That every authorized officer of the Council shall be at all times allowed free access to the premises of the licensee, for the purpose of ascertaining whether the conditions of the licence have been properly observed, and that the licensee shall by himself or his representatives, give every assistance for that purpose which such officer may require.

This licence is in respect of an application made to the Council on the _____ and numbered _____

Dated this _____ day of _____ 19____

By order of the Council,
Shire Secretary.

Licence fee paid, £

THIRD SCHEDULE.

Application for Renewal of Licence.

Whereas a licence numbered _____ was, on the _____ day of _____ 19____, issued under the provisions of By-law No. _____ to Mr. _____ in respect of a petrol pump to be placed or retained or used on the footway in front of premises _____ (such petrol pump being fully described in application No. _____ for licence), and whereas such licence will expire on the 30th day of September, 19____, I/we, the undersigned, hereby apply for renewal of such licence for the year ending 30th September, 19____.

Dated at _____ this _____ day of _____ 19____.

Signature(s) —

A resolution for passing this By-law was agreed to by the Council on the 6th day of October, 1930, and confirmed on the 3rd day of November, 1930.

The seal of the President, Councillors, and Ratepayers of the Shire of Eltham was hereunto affixed in the presence of—

(SEAL) WILLIAM LORIMER, President.
HERBERT HEWITT, Councillor.
J. RYAN, Councillor.
P. J. McMAHON, Shire Secretary.

The foregoing By-law was approved of by the Governor in Council at a meeting of the Executive Council held on the 18th December, 1930. 4987

SHIRE OF EUROA.

BY-LAW No. 18.

NOTICE is hereby given that the Council has made a By-law, No. 18, under the provisions of the *Local Government Act 1928*, for the following purposes:—

- (a) Regulating and restraining the erection and construction of buildings and erections.
- (b) Requiring the pulling down and removal of buildings and erections.
- (c) Regulating the making of alterations and additions to buildings.
- (d) Authorizing the Council to pull down and remove buildings or erections erected or constructed contrary to this By-law or not pulled down or removed as required by or under this By-law, and to sell the materials and apply the proceeds in reimbursing the expenses of pulling down and removing such buildings and erections, and in paying into the municipal funds any fees or penalties due by the owner thereof.
- (e) Regulating and restraining the erection of removed wooden buildings.
- (f) Appointing any fees to be charged and received by the Council of the municipality for any act done or to be done by any of its officers under this By-law, and for any permit or licence to be issued by the Council.
- (g) Providing that every dwelling-house hereafter erected shall have attached thereto for the exclusive use of the occupiers thereof a prescribed area of open land.
- (h) Prescribing the minimum area and the minimum width of frontage of land upon which any dwelling-house may hereafter be erected.
- (i) For other purposes in connexion with the foregoing.
- (j) Providing with respect to buildings hereafter erected for—
 - (1) Regulating the heights of the walls of rooms and of attics.

The By-law was confirmed by the Governor in Council on the 28th day of October, 1930.

A copy of the By-law is open for inspection free of charge at the Shire Hall, Euroa, during office hours.

By order.

T. J. CARROLL, Shire Secretary.
Shire Hall, Euroa, 10th January, 1931. 5017

SHIRE OF WANNON.

BY-LAW No. 25.

Petrol Pumps.

NOTICE is hereby given by the Council of the Shire of Wannon that a By-law (No. 25), relative to Petrol Pumps in or on footways has been made by the Council and approved by the Governor in Council.

The title and summary of the provisions of such By-law are as follows:—

A By-law of the Shire of Wannon, made under Part VII. of the *Local Government Act 1928*, and section 6 of the *Petrol Pumps Act 1928*, and numbered 25, for or with respect to—

- (a) the placing, fixing, and maintaining of petrol pumps in or on footways, and of any apparatus, pipes, and appliances in, on, or under footways for the supply of motor spirit to such petrol pumps, apparatus, pipes, and appliances;
- (b) the granting, renewal, and transfer of licences and applications therefor;
- (c) licences and conditions to be contained in licences;
- (d) prescribing fees—
 - (1) for the granting or renewal of a licence in respect of every petrol pump other than a portable petrol pump in or on any footway—One pound one shilling (£1 1s.) per annum;
 - (2) for the granting or renewal of a licence in respect of every portable petrol pump which is used on any footway—One pound one shilling (£1 1s.) per annum;
 - (3) for the transfer of a licence—Ten shillings (10s.).
- (e) providing for a proportionate reduction of fees payable in respect of licences granted for any number of months less than twelve months; and
- (f) insurances by licensees against liabilities which may be incurred by them in respect of petrol pumps.

The said By-law was approved by the Governor in Council on the 24th day of December, 1930.

A copy of the said By-law is open for inspection to or by any person, free of charge, at the office of the Council, Council Chambers, Coleraine, during office hours.

4998 D. WALLS, Shire Secretary.

Local Government Act 1928.

SHIRE OF BERWICK.

BY-LAW No. 20.

A By-law of the Shire of Berwick, made under the provisions of the *Local Government Act 1928*, and numbered 20, with reference to street traffic, and for prohibiting motor cars standing in a certain area of the Township of Berwick.

IN pursuance of the powers conferred by the *Local Government Acts* and by every other Act or power enabling it in that behalf the Council of the Shire of Berwick order as follows:—

1. The driver of every vehicle whilst driving same along the Prince's Highway in the Township of Berwick shall, between Clyde-road and a point three chains east of Irby-street, observe the following route:—The driver shall, when proceeding in an easterly direction, keep to the north of the plantations and gardens in the said township between the specified points, and when proceeding in a westerly direction along the said Prince's Highway, shall, between the said specified points, keep to the south of the said plantations and gardens.
2. No motor car shall stop except for such period of time as may be reasonably required for the purpose of taking up or setting down passengers, or for loading or unloading goods, or in obedience to the direction of a member of the Police Force or officer of the said Council within the following area in the Township of Berwick, namely, on the Prince's Highway south of the gardens between the Post Office corner and Wheeler-street.

Resolution for passing this By-law agreed to by the Council of the Shire of Berwick the 21st day of November, 1930, and confirmed at a meeting of the said Council held on the 19th day of December, 1930.

In witness whereof the common seal of the President, Councillors, and Ratepayers of the Shire of Berwick was affixed hereunto in the presence of—

(SEAL) MATHEW CUNNINGHAM, President.
D. M. MACGREGOR, Councillor.
JAMES J. AHERN, Secretary.

THE "VICTORIA GOVERNMENT GAZETTE."

SUBSCRIPTIONS.—The Subscription, including Postage, is £1 10s. 4d. per annum, or 7s. 7d. per quarter, payable in advance.

Subscriptions are required to commence and terminate with a month.

A lesser period than three months cannot be subscribed for.

Subscribers do not receive the Acts of Parliament with the Gazette.

ADVERTISEMENTS are charged at the rate of EIGHTPENCE per line throughout.

The title (£5 Reward, Dissolution of Partnership, &c.) forms one or more lines, as a heading.

On an average, eleven words make a line.

Every signature must likewise be counted as a line.

The final words of a paragraph, though only portion of a line, must be counted as one line.

Signatures (in particular) and proper names must be written very plainly in the text; ONE SIDE ONLY of each slip of paper should be WRITTEN UPON.

ALL COMMUNICATIONS should be addressed to "The Government Printer, Melbourne."

ALL DOCUMENTS illegibly written will be returned unpublished, and, where brands occur unprovided for by the ordinary letters of the alphabet, a worded explanatory description must be furnished.

THE VICTORIA GOVERNMENT GAZETTE is published on WEDNESDAY EVENING in each week, and Notices for insertion will be received by the Government Printer at or before Two p.m. at ordinary rates, and late advertisements between Two p.m. and Five p.m., at double rates, on the day preceding the day of publication.

Single copies of the VICTORIA GOVERNMENT GAZETTE are Sixpence, posted Sevenpence, each.

No GAZETTES prior to January, 1908, in stock.

* * ALL PAYMENTS ARE REQUIRED IN ADVANCE. Remittances should be made by postal note, money order, or draft in favour of the Government Printer. Advertisements unaccompanied by a remittance sufficient to cover the cost of insertion will be returned unpublished.
