BRIDGEWATER WATERWORKS TRUST.

BY-LAW No. 6.

Water Supply by Meter.

THE Bridgewater Waterworks Trust doth hereby, pursuant to and in exercise of the powers and authorities conferred upon it by the *Water Act 1928*, and whose Waterworks District has, for the purpose of the said Act, been proclaimed an Urban District, make the By-law following:—

1. The Trust will, if it so thinks fit, but not otherwise, affix and let for hire water meters. No meter for measuring the water supplied to any tenement shall be affixed until it shall have been examined, tested, and approved by the proper officer of the Trust. Every such meter shall be capable of registering at least 1,000,000 gallons. The rent for such meters shall be at the rate per annum of—

For $\frac{3}{4}$ -inch meters—Ten shillings.

For any meter of larger size than $\frac{3}{4}$ inch—12½ per cent upon the cost of such meter, fixed complete.

2. Such rents shall be exclusive of and in addition to the amount chargeable for the recorded consumption of water, and shall become due and be paid yearly, in advance, on the first day of the month of January in each year. Such hired meters shall be kept in repair at the cost of the Trust, except as to external injuries, the cost of repairing which shall be borne by the hirer.

3. In the event of the hirer being dissatisfied with the registering of the meter hired from the Trust, he may, by notice in writing, require the Trust to cause such meter to be removed and tested, and, together with such notice, shall forward a sum of Ten shillings, which, if the meter be found to register correctly, shall be applied in paying the cost of removing, testing, and replacing, and the balance (if any) shall be returned to him; but if such meter be found to fail to register or be found to register incorrectly, it shall be repaired or replaced, or another meter shall be placed instead thereof at the cost of the Trust, and the amount deposited by the hirer shall be returned to him. Any person so hiring a meter from the Trust who shall cease to occupy the premises on which such meter is fixed without having previously given, in writing, at least two days' notice to the Trust of his intention to do so, shall be guilty of an offence.

4. If any meter cease registering, or be found to be out of repair, or registering inaccurately, the Trust may estimate and charge for the water consumed during the period such meter was not in working order and until repaired and refixed, by taking it as equal to the quantity used during the previous quarter, or during the corresponding period of the previous year.

5. Meters used for measuring the water supplied to consumers, other than such as are hired from the Trust, will be tested on delivery thereof at the office of the Trust; a fee of One shilling will be charged for each test.

6. The Trust, by its officers, may at any time after six days' notice, in writing, of its intention, attach a check meter to the service pipes of any consumer, either inside or outside the premises of such consumer, and may for such purpose enter such premises at any time between the hours of Ten in the forenoon and Four in the afternoon, and then and there do all things necessary therefor.

7. The minimum quantity of water to be charged for by measure in each case where water is supplied from the pipes of the Trust shall be as follows:—

Where the supply is for domestic as well as for other than domestic purposes, the quantity which, if charged for at Twenty pence per 1,000 gallons, would give the amount equal to that payable in respect of the premises so supplied under the provisions of any By-law of the Trust for making and levying rates, if such premises were supplied otherwise than by measure.

8. Such excess water used shall be paid for at the rate of Ninepence per 1,000 gallons; such payment must be made on or before the 15th day of March in each year, otherwise the water will be cut off from such premises.

9. Any person guilty of an offence against this By-law shall be liable to a penalty not exceeding Five pounds, recoverable summarily before any court of competent jurisdiction.

10. In the construction of this By-law the word "person" shall extend to and include a corporation, whether aggregate or sole. The expression "proper officer" shall mean an officer or servant of the Trust authorized to perform any act or to accept service of any notice, or to execute any function on behalf of the Trust.

The Resolution for passing this By-law was agreed to by the Commissioners the 31st day of January, 1931, and confirmed the 10th day of February, 1931.
