Local Government Act 1928.

CITY OF COBURG.

PROPOSED SUBDIVISION.

IN pursuance of the provisions of the Local Government Act 1928 (No. 3720), section 46, the substance and prayer of a petition, in accordance with the 36th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz:—

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the City of Coburg, and they desire that the said City be subdivided into four separate wards, to be called the North, East, Centre, and South Wards.

The description of the proposed wards is as follows:—

North Ward.—By the northern boundary, Northumberland-road to Sydney-road south to Bell-street, excluding Sydney-road; west to the western boundary (Moonee Ponds Creek) excluding Bell-street; north via the western boundary Moonee Ponds Creek and Northumberland-road to the northern boundary.

East Ward.—By the northern boundary, Sydney-road east to the eastern boundary; thence south to Moreland-road via the eastern boundary; west via Moreland-road to Sydney-road north to Bell-street, excluding Sydney-road; thence to Boundary-road including Sydney-road, both sides.

Centre Ward.—By Sydney-road both sides Bell-street to Reynard-street west to Reynolds-parade, excluding Reynard-street; east side Reynolds-parade north to Bell-street (opposite York-street); Bell-street both sides; York-street east to Sydney-road.

South Ward.—By Sydney-road both sides Reynard-street to Moreland-road; west via Moreland-road to the western boundary; by the western boundary north to Bell-street; Bell-street both sides east to York-street; west side Reynolds-parade south to Reynard-street; Reynard-street both sides east to Sydney-road.

The petitioners state that the reasons for the petition are:—

That with three councillors for each subdivision there will be equal representation for the ratepayers of the City.

That owing to the large area of the City, viz., 74 square miles, and the present population of 40,000 persons, the petitioners consider it highly desirable for the welfare of the residents to subdivide the City.

The petitioners therefore humbly pray that His Excellency the Governor in Council may be pleased to subdivide the City of Coburg in accordance with the request of the petitioners.

Notices for the petitioners may be served on Mr. R. W. Thomson, of 5 Harriet-street, Coburg.

Marine Act 1928.

MARINE BOARD OF VICTORIA.

REGULATIONS FOR THE LICENSING OF SAILING, MOTOR AND STEAM BOATS AND OF PERSONS IN CHARGE THEREOF, AND FOR THE EQUIPMENT THEREOF WHEN PLYING FOR HIRE OR LET OUT FOR HIRE FOR THE CARRIAGE OF PASSENGERS.

IN pursuance of powers conferred upon it by the *Marine Act 1928*, the Marine Board of Victoria, with the approval of His Excellency the Governor of Victoria, acting by and with the advice of the Executive Council thereof, doth hereby make the Regulations following, that is to say:—

GENERAL.

1. *Short Title.*—These Regulations may be cited as the "Passenger (Sailing, Motor and Steam) Boat Regulations 1931."

2. *Commencement and Repeal.*—These Regulations shall take effect on and from the date of publication hereof in the *Government Gazette*, from which date all previous Regulations relating to the licensing of boats and boatmen and the equipment of boats plying for hire or let out for hire for the carriage of passengers shall be and stand repealed.

3. *Definitions.*—For the purpose of these Regulations the words following shall have the meaning set opposite to each:—

"Boat" shall include any craft or vessel of any kind whatsoever which may be used for or engaged in the carriage of any passenger or passengers for hire or reward of any kind, but shall not include a boat exclusively propelled by oars, and for the purposes of these Regulations the boats to which such Regulations apply shall be divided into four classes, namely:—

(a) Boats propelled by sails only, hereinafter referred to as "Sailing Boats."

(b) Boats propelled only by power generated by gas, oil, fluid, electricity, or other mechanical power other than steam, hereinafter referred to as "Motor Boats."

(c) Sailing Boats fitted with auxiliary motor engines, hereinafter referred to as "Motor Sailing Boats."

(d) Boats not exceeding fifteen (15) tons gross tonnage propelled by steam power, hereinafter referred to as "Steam Boats."

"Boatman" shall mean any person who may be engaged in the navigation of any sailing boat.

"Motor Boatman" shall mean any person having the control and management of a Motor Boat not exceeding fifteen (15) tons gross tonnage.

"Marine Motor Driver" shall mean any person having charge of the propelling machinery of any Motor Boat or Motor Sailing Boat.

4. *Licence Fees.*—Every application for any licence to be granted under these Regulations shall be accompanied by the amount of the appropriate fee as prescribed by Schedule I hereto.

5. *Licences.*—Licences issued under these Regulations shall be in the forms respectively prescribed in Schedules XIV. to XIX.A. hereto inclusive.

6. *Refusal of Licence.*—The Board may refuse to issue a licence under these Regulations without assigning any cause for such refusal.

7. *Suspension or Cancellation of Licence.*—The Board may at any time suspend or cancel any licence issued under any Regulations heretofore in force or under these Regulations without assigning any cause for such suspension or cancellation, and when such suspension or cancellation is in respect of any boat licensed under these Regulations, or under Regulations repealed as hereinbefore provided, the owner thereof shall forthwith remove from the boat any marks purporting to imply that such boat is licensed.

Any licence which has been suspended or cancelled shall be delivered by the holder to any officer of police, or of the Board, on demand being made therefor.

8. *Licence Lost or Destroyed.*—When any licence issued by the Board has been lost or destroyed, and satisfactory proof of such loss or destruction has been furnished, a duplicate may be issued on payment of a fee of One shilling. A statutory declaration as to such loss or destruction must be made by the applicant, and forwarded to the Secretary to the Marine Board.

9. *Penalty.*—Any breach of these Regulations shall be punishable by a fine not exceeding Fifty pounds.

10. *Boats to be Licensed.*—No boat in Victoria outside the Port of Melbourne, as defined in the Second Schedule to the *Melbourne Harbor Trust Act 1928*, or outside the Port of Geelong, as defined in the First Schedule (Part I.) of the *Geelong Harbor Trust Act 1928*, shall in any waters ply for hire for the carriage of passengers, or shall be let out on hire, unless such boat be duly licensed by the Board in accordance with these Regulations to ply or be let out within such waters.

11. *Duration of Licence.*—A licence issued in respect of any boat, whether a Sailing Boat, Motor Boat, Motor Sailing Boat, or Steam Boat, shall, unless sooner suspended or cancelled by the Marine Board, continue in force from the date of the issue of the same until the 30th day of September then next, and no longer.

12. *Application for Licence.*—Any person desiring to obtain a licence under these Regulations for any boat shall make application to the Secretary to the Board on the form appropriate thereto as prescribed in Schedules II., IV., X., and X.A to these Regulations, as the case may be.

13. *Inspection of Boat before Issue of Licence.*—Before any boat can be licensed, the same must be inspected by such officer or person as the Board may appoint for the purpose, and such officer or person shall, if he considers any boat suitable for the purpose of carrying passengers within the port or limits named, and properly equipped therefor, give his certificate accordingly in the form appropriate thereto, as provided in Schedules III., V., XI., and XI.A to these Regulations, as the case may require; but such officer or person shall not give the prescribed certificate in respect of a boat the dimensions of which are less than 20 feet length by 6 feet breadth amidships by 2 ft. 6 in. depth amidships, unless he is satisfied that such boat has sufficient stability and freeboard when loaded to carry such number of passengers as he may determine as safe, which number shall be set out on the face of the certificate, and represent the maximum number of passengers which may lawfully be carried on such boat notwithstanding any provision to the contrary contained in clause 15 (1) of these Regulations.

14. *Inspection of Boat from Time to Time.*—Any officer or person appointed by the Board for that purpose may, from time to time, inspect any boat licensed under any Regulations heretofore in force or under these Regulations, and shall be afforded every facility by the owner or person in charge to make such inspection.

15. *Number of Passengers—How Determined.*—Before being licensed every boat shall be measured by an officer of the Board or person appointed for the purpose, and the number of adults which the said boat may carry shall be determined as follows.—

(1) Sailing Boats, Motor Sailing Boats, Motor Boats and Steam Boats, the last two being open boats or partially decked and fitted with cockpits, shall be permitted to carry adults in the proportion of one to each eighteen (18) inches of seating accommodation furnished, provided that such seating accommodation shall be clear of all interference with the proper working of the boat, and shall not be in closer proximity to the motor, boilers or engines, as the case may be, in any boat than in the opinion of the Inspecting Officer or person may be safe and proper.

(2) Motor Boats or Steam Boats which are entirely decked—

(a) If plying on rivers or land-locked lakes only shall be permitted to carry adults in the proportion of one for every three (3) square feet of the clear deck area, and one for every nine (9) feet of the superficial area of the tops of saloon houses or of bridge decks, or of any one saloon or cabin under the main deck.

(b) If plying in waters other than on rivers or land-locked lakes only, the number of adults which may be carried shall be ascertained in the same manner as prescribed in (a) hereof, with the exception that the divisor for ascertaining the number of adults in respect of the clear deck area shall be six (6) instead of three (3).

The foregoing procedure is subject to the measuring officer or other person as aforesaid being satisfied that the boat will be sufficiently stable with the full number of passengers on board; if the officer or such other person has any doubt on this point he shall submit full particulars, in writing, to the Board, which may determine the number of passengers in respect of which a licence may be issued. For the purpose of this Regulation two (2) children under twelve (12) years of age shall be reckoned as equal to one (1) adult.

16. *Particulars to be Painted on Boat.*—Each boat licensed under these Regulations shall be assigned a number by the Secretary, which number the owner of such boat shall cause to be painted upon the bows thereof in figures of not less than 4 inches in height. Each boat, whether licensed under any Regulations heretofore in force, or under these Regulations, shall have the name thereof painted plainly on the outside of the stern, and, subject to the exception hereinafter contained, on the inside thereof there shall be painted in letters or figures of not less than 2 inches in height the maximum number of passengers such boat is licensed to carry. Provided that where the number of passengers which may be carried cannot be conveniently painted on the inside of the stern, then in lieu thereof the licence issued by the Board shall be put up by the owner or person in charge in some conspicuous part of the boat where it will be visible to all persons on board, and such licence, being a licence then in force, shall be so exhibited at all times when carrying passengers; provided that in the case of a double-ended boat the name thereof shall be painted on each side of the outside of the stern. The particulars herein required shall not be altered during the currency of any licence except with the sanction of the Marine Board duly applied for and obtained.

16A. *Prohibition of Smoking.*—On each Motor Boat and Motor Sailing Boat licensed under these Regulations there shall be exhibited in a conspicuous position a notice containing the following words painted in letters not less than one-half inch in height, namely:—“No smoking allowed near engine or petrol tank.”

17. *Particulars—How to be Painted.*—All letters or figures required to be painted shall be painted in white paint on a dark ground, or in black paint on a light ground.

18. *Certificate of Officer.*—No licence in respect of any boat shall be issued until a certificate appropriate thereto as prescribed in Schedules III., V., XI. and XI.A to these Regulations, as the case may require, has been forwarded to the Board by the proper officer, that the requirements of these Regulations have been fully complied with.

19. *Condition of Boats.*—If any owner or person having charge of any boat shall permit such boat to be used in the conveyance of any passengers for hire or reward of any kind, or to be let out on hire, such boat not being in good order and condition in respect of hull or hull and machinery, as the case may be, or without being properly fitted or equipped in every respect for the carriage of passengers as required by these Regulations, he shall be deemed guilty of a breach of these Regulations, and punishable accordingly, and the licence for such boat may be suspended or cancelled.

20. *Boat to be in Charge of Licensed or Certificated Person.*—Every boat used in the conveyance of passengers for hire, or reward of any kind must be in charge of a duly licensed or certificated person, as follows:—

- (a) A Sailing Boat in charge of a boatman.
- (b) A Motor Sailing Boat in charge of a boatman, who must also be in possession of a licence as a motor boatman appropriate to the class of engine installed in such boat, provided that if the boatman in charge be not also the holder of such a licence, then the machinery of any such boat shall be in charge of a person possessing the requisite licence.
- (c) A Motor Boat not exceeding fifteen (15) tons gross tonnage in charge of a motor boatman holding a licence appropriate to the class of engine installed in any such boat, and when carrying passengers in excess of fifteen (15) a competent assistant must also be on board, whose age must not be less than fifteen (15) years on his last birthday.
- (d) A Motor Boat exceeding fifteen (15) tons gross tonnage in charge of a duly certificated master in accordance with the provisions of sub-section 2 (a) of section 59 of the *Marine Act 1928*, and for the purpose of these Regulations the holder of a certificate of competency as a master applicable

to steamships in the river and bay service shall be deemed to be duly certificated. In addition, the propelling machinery thereof must be in charge of a marine motor driver.

- (e) A Steam Boat not exceeding 15 tons gross tonnage in charge of a third-class engine-driver holding a certificate of competency, appropriate to the class of engine installed in any such boat, and when carrying passengers in excess of fifteen (15) a competent assistant must also be on board whose age must be not less than fifteen (15) years on his last birthday.

21. *Equipments*.—No boat shall be licensed under these Regulations unless such boat is furnished to the satisfaction of the certifying officer with the equipments, appropriate thereto, as set out hereunder, that is to say:—

- (a) A Sailing Boat or a Motor Sailing Boat must be furnished with an approved life belt for every person licensed to be carried on board including the person or persons in charge, two (2) approved life buoys, a full complement of masts, sails, oars, seats, and all other gear necessary for the safe navigation of the boat, including a lantern with a green glass on one side and a red glass on the other for exhibition in sufficient time to prevent collision on approaching or being approached by another vessel, so that the green light shall not be seen on the port side nor the red light on the starboard side.
- (b) A Motor Boat or Steam Boat plying on any river or on any lake or other land-locked water only must be furnished with two (2) approved life buoys, an approved life belt for every person licensed to be carried on board, including the person or persons in charge, and with a lantern similar to that described in subdivision (a) hereof unless in the case of a Motor Boat or Steam Boat intended to ply on shallow waters exclusively the Board in its discretion think fit to dispense with the obligation to provide all or any of such furnishings.
- (c) A Motor Boat or Steam Boat plying in waters other than on rivers or land-locked lakes only must be furnished with an approved life belt for every person licensed to be carried on board, two (2) approved life buoys, a suitable anchor and cable, a sea anchor with fifteen (15) fathoms of line attached thereto, one (1) oil bag, and one (1) gallon of oil for same, one (1) fog-horn, one (1) efficient bell, four (4) approved oars, four (4) rowlocks, and apparatus necessary for the proper exhibition of lights between sunset and sunrise in accordance with the requirements of Article 7 of the "Regulations for Preventing Collisions at Sea" for the time being in force under the provisions of section 127 of the *Marine Act* 1928.
- (d) A Motor Boat plying in waters other than on rivers or land-locked lakes only must, for the purpose of making signals of distress in emergency, be also furnished with, and at all times carry in a position approved by the inspecting officer, six (6) self-igniting red marine signal lights, effectively water proofed, and so constructed that the part containing the composition shall be 6 inches in length and firmly secured to a wooden handle 6 inches long with igniting surface fitted in the end; the six signals shall be enclosed in a water-tight zinc case so constructed as to prevent friction of the signals even should one or more be removed.
- (e) Every Boat the depth of which amidships exceeds three (3) feet shall be provided with means for baling consisting of at least one (1) approved hand bilge pump.

No owner or person in charge of any licensed boat shall allow her to be used in the carriage of passengers, or be let out for hire or valuable consideration when not carrying the furniture and equipment required by these Regulations.

22. *Buoyancy*.—No Motor Boat or Steam Boat shall be licensed under these Regulations unless such boat is provided with internal buoyancy fittings equal to 25 per cent. in excess of the weight of the propelling machinery, ballast, and all equipments of a non-buoyant nature, either in the form of muntz metal or copper casings, or enclosed water-tight air spaces. Sealed oil drums secured in position to the boat will, according to their capacity, nevertheless be accepted as portion or the whole of the buoyancy fittings required, provided they are painted or otherwise prevented from rusting, and are readily removable for periodical inspection and testing.

Air cases not exceeding thirty-nine inches (39 in.) in length shall be constructed of muntz metal or copper of not less than seventeen ounces (17 oz.) to the superficial foot, and those exceeding thirty-nine inches (39 in.) in length shall be constructed of similar metals of not less than eighteen ounces (18 oz.) to the superficial foot.

Any air case exceeding twenty-four inches (24 in.) in length constructed of seventeen-ounce (17 oz.) metal shall be supported by a diaphragm in the middle of its length.

All joints of air cases must be rolled hook joints, and soldered.

23. *Engine to Stand in Metal Tray.*—The engine of every Motor Boat and every Motor Sailing Boat shall stand in a metal tray which can be readily cleaned, such tray to project three inches (3 in.) all round the engine, and be turned up at least three inches (3 in.) at the edge in such a manner as to prevent the oil from saturating the woodwork or spreading to the bilges.

The engine and tray shall be enclosed in a well-fitting casing rendered fire-resisting, if of wood, by metal lining throughout. The flooring boards shall be removable in order to facilitate cleaning and inspection.

24. *Petrol Pipes and Fittings.*—The pipe conveying the petrol to the carburettor shall be of solid drawn copper, and shall be provided with a flexible bend or bends; a cock or valve shall be fitted to each end of the pipe, one at the tank and the other at the carburettor or float chamber. All joints and couplings must be readily accessible, and shall be such that they can be made and kept perfectly oil-tight. The cock at the carburettor end of the petrol pipe must be outside the motor-casing as near as possible to the carburettor, and easily accessible in the event of fire in the carburettor.

25. *Ventilation when Engine is in an Enclosed Space.*—When the engine or petrol tank of any Motor Boat, or any Motor Sailing Boat is fitted in an enclosed space, such space shall be ventilated in such a manner as will effectively prevent the accumulation of oil vapour therein.

26. *Extinguishing Fire.*—(1) Every Motor Boat and every Motor Sailing Boat fitted with an engine generating power by petrol or other oil, and in respect of which application is made for the granting of a licence under these Regulations, shall for the purpose of extinguishing fire, be furnished with, and at all times carry, in a position approved by the inspecting officer, a proportionate quantity of sand equal to one-half of a cubic foot for every complete twelve (12) feet in length of hull; such sand, together with a suitable scoop or shovel, shall be kept in a box readily accessible for use in case of emergency.

(2) Every Motor Boat, Motor Sailing Boat, and every Steam Boat in respect of which application is made for the granting of a licence under these Regulations, shall be furnished with an approved chemical fire extinguisher, also a fire-bucket, painted red, with a suitable lanyard attached to be used only in case of fire.

27. *Position of Life Buoys and Life Belts.*—All life buoys and life belts shall be so placed as to be readily accessible to all persons on board, so that their position may be known to those for whom they are intended in case of emergency.

28. *Boat, &c., to be Maintained in Good Order.*—The hull, gear, equipments, and machinery, if any, of every licensed boat shall, while she continues to be licensed, be kept in good order and condition by the owner or person in charge thereof; and if at any time the officer appointed by the Board to make an inspection of such boat shall report to the Board that this Regulation has not been complied with, the licence may be immediately suspended or cancelled.

29. *Boat to be Ballasted.*—Every boat in respect of which application may be made for the granting of a licence under these Regulations shall, as a condition precedent to the issue of such licence, be ballasted to the satisfaction of the officer or person appointed by the Board for that purpose, and such ballast shall be properly secured to prevent the same from shifting, and shall be maintained in position whenever such boat is engaged in the carriage of any passenger or passengers.

30. *Property of Passengers left in Boat.*—All goods and property left in any licensed boat shall be handed over by the person in charge thereof to the nearest officer of police as soon as practicable after such has been found.

31. *Care of Boats Let Out on Hire.*—The person or persons to whom a boat licensed under any Regulations heretofore in force or under these Regulations is let on hire shall be held responsible for such boat, and also for the observance of these Regulations until such boat is taken back and returned to the owner or other person from whom hired.

32. *Change of Ownership.*—In all cases change of ownership of any boat licensed under any Regulations heretofore in force, or under these Regulations shall be immediately reported, in writing, to the Secretary to the Marine Board, by the owner whose name appears upon the licence issued in respect of such boat, and if he fail to comply with this requirement, he shall be deemed to have committed a breach of these Regulations, and shall be punishable accordingly.

33. *Change of Name of Boat.*—Any owner desirous of changing the name of any licensed boat shall transmit the licence of such boat to the Secretary to the Marine Board, accompanied by a fee of Two shillings and sixpence, and shall notify the name which he desires inserted upon such licence, in lieu of the name recorded thereon, whereupon, if approved by the Board, such alteration shall be duly made and recorded by the Secretary, and the said licence shall thereupon be returned to the owner.

34. *Endorsement of Licence.*—A licence issued in respect of any Sailing Boat, Motor Boat, Motor Sailing Boat, or Steam Boat restricting the carriage of passengers within certain limits, may be endorsed as applicable to other limits upon application being made by the owner of any such boat to the Secretary to the Board, provided that an officer of the Board or other person appointed for the purpose shall report that any such boat is fit in all respects to carry passengers in accordance with these Regulations in such other limits.
