"The Council" means the Council of the Municipality within the municipal district of which the subject-matter arises or the work concerned is situate.

4. In every case in which a Council proposes to install or is the owner of a septic tank system these Regulations shall be read and construed as though "person" means and includes "the Council" and for "the Council" is substituted "the Commission" and generally in such case a Council shall stand in the same relation of responsibility towards the Commission as does a person by virtue of the provisions of section fifty-six of the *Health Act* 1928 towards a Council and these Regulations shall be interpreted accordingly.

5. (1) No person shall install or alter or use or suffer or permit to be used any septic tank system without the approval with or without modifications or conditions of the Council, nor shall any person use such septic tank system after such approval shall have been withdrawn by the Council.

(2) Every application for such approval shall be in the form prescribed for that purpose in the Schedule A hereto shall be submitted by the owner to the Council and shall be accompanied by plans and specifications and particulars in duplicate of the proposed works of each of which documents as approved with or without modifications or conditions by the Council a copy shall be retained by the Council and preserved for purposes of reference and record.

6. Before approval to use a septic tank system or any part thereof is issued the Council shall cause at least one inspection of the actually or nominally finished work of the system to be made by an authorized officer who shall duly report in writing to the Council whether the necessary works and equipment and provision for the proper operation of such works have been constructed provided and made and are in all respects in accordance with the intents of the plans and specification declarations description information and particulars submitted to and approved by the Council and in case of default the Council may refuse to issue such approval until the matters in default have been remedied to its satisfaction.

7. No person shall construct or cause or permit to be constructed any septic tank wholly or partly under any building nor shall any person construct or cause or permit to be constructed any building over the whole or any part of an existing septic tank.

Provided that the Council may approve of plans providing for a septic tank to be partly under a building on condition that the manhole or other means for access to and cleaning of the septic tank is outside the walls of such building.

8. No person shall install or use or cause or permit to be installed or used any septic tank in any part of a sewerage district where a sewer is available except for the purpose of purifying or treating sewage prior to its discharge into a sewer of the sewerage authority and then only with the consent of the Commission and of the sewerage authority.

9. No person shall construct or use or cause permit or allow to be used any septic tank system which is fitted with any pipe or other appliance capable of being used for discharge of the contents or of any portion of the contents of such system to any outlet other than the approved outlet of the system.

10. In any case where it is proposed to discharge the effluent from a septic tank system into any river creek stream watercourse water-channel lake lagoon swamp or waterhole or into the waters of the sea the Council on receiving the application for its approval shall thereupon and before approving refer the said application together with all accompanying plans and specifications to the Commission for examination and recommendation.

Provided that when in any such case the Council is satisfied that the application should not be approved the application need not be submitted to the Commission and the Council shall refuse to grant the application accordingly.

11. Plans and specifications of any septic tank system the effluent from which is proposed to be discharged into any river creek stream watercourse water-channel lake lagoon swamp or waterhole or into any street or road or other drainage channel shall not be approved unless the said plans and specifications provide for the inclusion in the system of a device for the effective oxidation of the said effluent before its discharge nor unless there be attached to the approval the following conditions:—

- (a) In the case of discharge of effluent into any source of water supply the effluent shall not contain as discharged more than three parts per 100,000 of suspended matter and with its suspended matter included shall not take up at a temperature of 65° Fahrenheit more than two parts per 100,000 of dissolved oxygen in five days.
- (b) In the case of discharge of effluent into any street or road or other drainage channel the effluent as discharged shall be at all times non-putrescible and free from organisms dangerous to health and from offensive odour.

Without prejudice to the use of any other recognized test it shall be accepted as evidence that an effluent (not being chlorinated or otherwise disinfected or sterilized) is non-putrescible if a sample treated with methylene blue according to the method described in Schedule B hereof retains its blue colour for five days.

- (c) In the case of discharge of effluent into the waters of the sea or into any tidal estuary or into any salt lake or salt lagoon the effluent as discharged shall be free from offensive odour and shall not contain more than ten parts per 100,000 of suspended matter. Provided that in no such case shall approval be given if the outfall proposed would not have its discharge below low water mark or would be improperly adjacent to any bathing grounds or shellfish bed.

Provided further that the standards of this paragraph may be modified by the Commission if it is satisfied that there exists at the outfall an offshore current adequate to prevent offensive or putrescible matter in such sewage being cast on the shore.

12. (1) No person shall cause permit or suffer:—
- (a) Any surface or subsoil drainage or any rainwater from paving or roofs or any overflow water from rainwater storage tanks or from flushing cisterns or other relatively clean water or any waste liquids or refuse products of any manufacturing process or any hot liquids or steam at a temperature higher than 100° Fahrenheit to enter any septic tank system without the previously obtained written permission with or without qualification of the Council.
 - (b) Any inflammable or explosive material that will not readily mix with water or any other material or materials which separately or when mixed with water or sewage are liable to form explosive compounds or to interfere with the treatment of the sewage or any insoluble matter or articles dead animals or rubbish whatsoever to be spilt cast thrown or put down or deposited in any septic tank system or into any water closet or other fitting connected with such system.
 - (c) Any water-closet urinal slop-hopper or slop-sink connected to a septic tank system to be installed elsewhere than in a compartment having at least one external wall with provision therein for adequate natural lighting and ventilation and being air-disconnected from any habitable room by one of the following methods, viz.:—
 - (i) Being so arranged that it is entered from the outer air;
 - (ii) having interposed between it and any habitable room an airlock having a floor area of at least 20 square feet for each water-closet urinal stall or basin slop-hopper or slop-sink in the said compartment and adequately lighted and ventilated from an external wall and communicating with the said compartment and habitable room by means of doorways fitted with self-closing and closely-fitting doors; and
 - (iii) being so arranged that it is entered from a lobby hall passage or stairway which is amply lighted and ventilated from an external wall or walls.

(d) Any water-closet or other fitting or appliance to be connected to any septic tank system after the completion of such system without the written approval of the Council.

(2) In case of any breach of the conditions laid down in paragraph (c) it shall be lawful for the Council to call upon the responsible person by notice in writing to completely disconnect and remove within a time to be specified in such notice any such fitting or appliance and all drains and parts of drains used exclusively in connexion with such fitting or appliance.

13. Every person being the owner of a septic tank system shall cause:—

- (a) The tank thereof to be properly and substantially constructed of bricks or stone laid in cement mortar or of plain or reinforced cement concrete or of approved metal coated with firmly adherent and incorrodible enamel or other approved hard impervious coating protecting the metal against the action of air earth water or sewage;
- (b) The sides and bottom of the tank to be impervious to moisture and smoothly faced internally;
- (c) The tank of such system intended or adapted for reception of domestic sewage or industrial waste liquids for the sedimentation or other treatment thereof to contain at least one compartment of dimensions bearing proper relation to such purpose and to the volume and strength of the said sewage or liquids to be passed therein;
- (d) All man-holes inspection-openings cleaning-eyes screens and gratings as far as practicable to be exposed to view and readily accessible for purposes of inspection cleaning or effecting repairs or renewals;
- (e) All sanitary fittings pipes traps or other appliances used in connexion with such system and all work done and materials used in connexion with the fixing laying alteration or repair of such sanitary fittings pipes traps or other appliances to be in accordance with the by-laws or regulations of the Sewerage Authority whose district is most convenient to the premises on which such system is situated or of the Melbourne and Metropolitan Board of Works.
- (f) Whenever required by the Council the working faces of any gear for operating penstocks flaps or other valves in a septic tank system to be formed of non-corrodible material; and
- (g) Provision whether in the form of weirs submerged pipes of sufficient number and size and suitably placed and scum-boards or other device for preventing sewage from entering or leaving a tank with a velocity or a momentum calculated to unduly interfere with the process of sedimentation or with the proper separation retention or other treatment of matter in suspension or of sludge and scum to be made to the satisfaction of the Council.

14. Whenever required by the Council adequate provision shall be made by the owner—

- (a) For the interception and retention of grease conveyed in sewage before the admission of the latter to a septic tank system and for removal as frequently as may be necessary of the grease so intercepted and for the proper disposal thereof;
- (b) For covering in the tanks or other receptacles or conduits of a septic tank system: Provided that in every such case the gas space in such tanks or other receptacles or conduits shall be adequately ventilated to the outer air and proper manholes and manhole covers and inspection openings shall be supplied and that when the top of the tank is below ground level manhole shafts shall be provided extending up to or above ground level and constructed of materials as described in Regulation 13 (a) hereof and fitted with all necessary foot-irons internally and with covers at the upper ends; provided further that no manhole cover shall be cemented or otherwise fixed in position so as to be incapable of being readily removed by an authorized officer;
- (c) For subjecting the whole or any part of any septic tank system to a pressure or other test for disclosing the watertightness or otherwise of such system;

- (d) In the shape of a sump or well in any sedimentation or other treatment tank of such system to facilitate collection and removal of sludge from time to time;
- (e) Of means suitable for the purpose of facilitating the inspection and withdrawal of samples of sewage or sewage scum sludge or effluent from any part of a septic tank system for the purposes of examination of such samples; and
- (f) For the automatic disinfection of the effluent from any septic tank system by the application thereto of chlorine chloride of lime hypochlorite of soda or other approved sterilizing agent in sufficient proportion to destroy all harmful organisms; and for the retention of the effluent after the application thereto of the said sterilizing agent in a tank pit or other receptacle for a sufficient time to allow the action of the said sterilizing agent to become effective.

15. No person shall remove or cause to be removed any portion of the contents of a septic tank system except with the written permission with or without qualification of the Council.

16. The Council may by notice in writing direct the owner or other responsible person to remove from any septic tank system within seven days or any longer period set out in such notice the whole or any portion of the sludge or scum or sludge and scum contained therein and to dispose of it as provided in these Regulations.

17. Any person removing sludge scum or other matter from any tank well pit or other receptacle in any septic tank system shall carry out such removal by such means as the Council may direct or approve after taking into consideration the location of the tank and the offensiveness or otherwise of its contents.

18. Notwithstanding anything elsewhere herein contained no person shall place deposit or spread or cause permit or suffer to be placed deposited or spread any sludge scum or other matter removed from a septic tank system in under or on any land situated within 100 feet of any dwelling house children's playground camp public building or public place or within the distances prescribed in any regulations in force relating to disposal of nightsoil as being those within which nightsoil shall not be buried in relation to any "source of water supply."

19. In every case in which the number of septic tank installations in use in a village hamlet township borough or town exceeds twenty (20) the Council shall cause the sludge or scum or other solid or partially solid contents of such installations to be disposed of at depots or disposal grounds provided by it and complying with any regulations in force relating to disposal of nightsoil.

20. (1) Unless otherwise approved or directed by the Council the sludge or scum removed from a septic tank system shall be promptly placed in a shallow trench having the bottom thereof well loosened with the pick and formed in soil favorable in character and in a suitable state for effecting nitrification of the organic solids in such sludge or scum and overlying a subsoil suitable or capable of being made suitable for the drainage of such sludge or scum and shall within 24 hours in Spring or Winter and within 12 hours in Summer or Autumn be thoroughly covered with a layer not less than 6 inches in depth of soil as aforesaid well broken up and so placed in position as to prevent flies from obtaining access to such sludge or scum.

(2) The drying or de-watering of sewage sludge upon artificially formed sand filters or by centrifugal action or by other methods may be adopted only when specially approved with or without qualification by the Council.

21. No person shall cause permit or allow the sewage contents or any portion of the sewage contents of any septic tank system to be discharged on to or into or under any land except under conditions first approved by the Council nor shall approval of such method of disposal be given unless and until the Council has received from its engineer or other specially authorized officer a certificate declaring that the locality the superficial area of the land and the depth character and condition (especially with reference to facilities for draining) of the soil and subsoil are such as to render the land reasonably suitable for the proper purification of the sewage or sewage effluent intended to be applied to such land.

22. In every case in which disposal of sewage or sewage effluent by means of subsoil absorption is adopted measures satisfactory to the Council shall be taken for the intermittent application of such sewage or sewage effluent in such manner and at such intervals of time as in the opinion of the Council will secure adequate distribution of such sewage

or effluent throughout the absorption area and as will prevent the interstices in the soil of such area from becoming unduly clogged with solid matter or inadequately aerated or drained or the land from becoming sewage sick.

23. In no case shall soakaway-pits leaching wells or leaching cess-pools or similar devices be used for dispersal of sewage or sewage effluent below ground if the site of such device be within 300 feet of any "source of water supply" within the meaning of the Health Acts or within 100 feet of any underground water storage tank or water storage cistern nor unless under conditions first approved of in writing by the Council upon receipt from its authorized officer of a certificate declaring the site to be in conformity with the provisions of this clause.

24. (1) After use of any septic tank system has begun the Council shall cause such system to be inspected by an authorized officer at least once in every year so long as such use continues and such officer shall as soon as practicable after each inspection by him of such system make to the Council a report in writing as to whether or not the use of such system is or appears to be attended with any and if so what conditions causing nuisance injury to health or offensiveness in which case the Council shall issue to the owner notice in writing of the existence of such conditions and shall require him to remedy the conditions to the satisfaction of the Council within a period specified in such notice.

(2) When such notice has been served on the owner and has not been complied with within such time as the Council has allowed the Council may in its uncontrolled discretion order use of such system to be discontinued after a date to be determined by the Council and if in its opinion the circumstances of the case so require the works to be dismantled and removed and the site thereof to be purified to its satisfaction.

25. Where the effluent from a septic tank system is discharged into any river creek stream watercourse water-channel lake lagoon swamp or waterhole or into any street or road or other drainage channel and where the Council is satisfied on the advice of the Medical Officer of Health that the premises served by such septic tank system contain any case of disease capable of being transmitted through the agency of the sewage the Council shall by notice in writing direct the occupier of the said premises to disuse the said septic tank system until means for the continuous and effective sterilization of the effluent have been provided to the satisfaction of the Council and no person shall use or cause or permit to be used such septic tank system while the said notice remains in force.

26. No person shall damage remove wholly or in part any works or equipment of any septic tank system or alter or change the approved mode of operating such system without first obtaining the written permission of the Council so to do.

27. Every owner of a septic tank system is hereby required to maintain in proper order and condition the works and equipment of such system to adopt a proper mode or modes of operating the same and a method or methods of treating and disposing of the contents of such system in conformity with the plans specifications and other documents as approved with or without modification or conditions by the Council and every such owner is also hereby required in the event of the escape from such system of offensive vapours or gases or leakage of liquids or other matter therefrom or of occurrence of injury to or derangement of such system wholly or in part to forthwith in writing notify the Council of the occurrence of such event.

28. Every person being the owner of a septic tank system shall cause every occupier for the time being of the premises on or in connexion with which such system is wholly or in part provided for use by such occupier to be informed in writing of the conditions attaching to the use and care of such system and every such occupier is hereby required to make himself acquainted with the purport of and to fulfil or cause to be fulfilled such conditions.

29 (1) Samples of sewage or sewage effluent so drawn from any part of a septic tank system as to be in the opinion of the Council reasonably representative in volume character condition and strength of the sewage or sewage effluent as the case may be may at any time be taken by any authorized officer of the Council for the purpose or purposes of physical chemical microscopical or bacteriological examination.

(2) In the event of the results of any such examination showing that any condition attached by the Council to its approval of the construction or use of the works of such system is not being fulfilled the expense entailed in the procuring of such samples and of making such examination thereof shall be recoverable from the owner of such system but not otherwise.

30. Every Council shall and is hereby required to superintend and see to the execution of these Regulations, and at its own cost do and provide all such acts matters and things as are necessary for such purpose.

31. Every Council architect civil engineer builder plumber carpenter mason bricklayer contractor sub-contractor foreman employee or other person whatsoever who does not do anything directed to be done or does anything forbidden to be done under these Regulations shall be guilty of an offence and upon conviction shall be liable to a penalty of not more than Twenty pounds and in the case of a continuing offence a further daily penalty of not more than Five pounds.

SCHEDULE B.

METHYLENE BLUE TEST FOR PUTRESCIBILITY OF SEWAGE EFFLUENTS.

1. REAGENT.

Methylene Blue.—Dissolve 0.5 grams of the double zinc salt or the commercial variety in distilled water and dilute to 1 litre. Keep in a glass-stoppered bottle in the dark.

2. COLLECTION OF SAMPLE.

Collect the sample of sewage effluent in a narrow-necked glass-stoppered bottle of clear glass, avoiding entrainment or absorption of oxygen. Allow the bottle to overflow for several minutes to remove air-bubbles, add the appropriate number of drops of the standard methylene blue solution, and carefully replace the glass stopper so that no air-bubble remains beneath it.

To prevent loss or absorption of oxygen during the test, either seal the stopper in the bottle or slip over the neck of the bottle before filling a short collar of rubber tubing forming a small reservoir above the neck. Then insert the stopper, allowing the reservoir to remain full, to form a water-seal.

3. DOSAGE.

The standard methylene blue solution shall be added to the sample at the rate of 0.40 cubic centimetres to 150 cubic centimetres of the sample to be tested. Converted to drops, this is equivalent to:—

| Capacity of Bottle. | Dose. | Capacity of Bottle. | Dose. |
|---------------------|------------|---------------------|------------|
| 150 c.c. | .. 8 drops | 6 fluid ounces | .. 9 drops |
| 170 " | .. 9 " | 8 " | .. 12 " |
| 200 " | .. 11 " | 10 " | .. 15 " |
| 250 " | .. 14 " | 12 " | .. 18 " |

4. INCUBATION.

Hold the bottle at a temperature of as nearly as possible 20° Centigrade (equal to 68° Fahrenheit), observe it at least twice daily, and note the time taken for complete disappearance of the blue colour.

A sample which retains any blue colour for 5 days or longer may be accepted as being for the purpose of these Regulations non-putrescible, while one that retains its colour for 10 days is good, and one that retains it for 21 days is absolutely non-putrescible.

And the Honorable Sir Stanley Seymour Argyle, His Majesty's Minister of Public Health for the State of Victoria, shall give the necessary directions herein accordingly.

| Mr. Goudie | Mr. Manifold |

DECLARATION OF A DEVIATION FROM THE MIRBOO-YARRAGON AND ALLAMBEE-THORPDALE ROADS IN THE SHIRE OF MIRBOO, AND DISCONTINUANCE OF PART OF THE OLD ROAD.

WHEREAS by section 58 of the *Country Roads Act 1928* (No. 3062) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has by Resolution declared a deviation to be a developmental road the said Board may also declare that such deviation shall be in lieu of any existing road or part thereof named in such Resolution and that on publication in the *Government Gazette* of the Order confirming such resolution the existing road or part thereof shall cease to be a developmental road or be discontinued as provided in the Resolution: And whereas the said Board has by Resolution declared the deviation on the land described in the First Schedule to such Resolution to be a developmental road and has also declared that such deviation shall be in lieu of the existing road being the land described in the Second Schedule to such Resolution, and that such part of the existing road shall be discontinued: Now therefore His Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby confirm the said Resolution.

Resolution for a Declaration of a Deviation under the Country Roads Act.

Whereas the land the site of the road the course of which is below set out was taken by the Board under the provisions of the *Country Roads Act 1928* for the purpose of constructing such road deviation which road deviation has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the road aforesaid is fit to be used as a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 58 of the said Act doth by this present Resolution hereby declare the said road deviation the course of which is described in the First Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a developmental road within the meaning and for the purposes of the *Country Roads Act 1928*: And the said Board doth also declare that such deviation shall be in lieu of the existing road or part thereof described in the Second Schedule hereto and further that such part of the said existing road shall be discontinued.

FIRST SCHEDULE.

Shire of Mirboo.

Mirboo-Yarragon and Allambree-Thorpdale Roads.—All that piece of land in the Parish of Allambree East the boundaries of which are as follow:—Commencing at the southern angle of allotment 78f of the said parish; thence by lines bearing respectively 336 deg. 21 min. 75 links, 3 deg. 16 min. 1,052.1 links, 295 deg. 14 min. 362 links, 60 deg. 2 min. 64 links, 108 deg. 18 min. 237 links, 127 deg. 50 min. 131 links, 185 deg. 26 min. 710 links, 106 deg. 48 min. 451.4 links, 29 deg. 0 min. 264.8 links, 59 deg. 0 min. 543.7 links, 42 deg. 19 min. 604 links, 191 deg. 26 min. 125.7 links, 174 deg. 49 min. 27.4 links, 239 deg. 0 min. 478.1 links, and 209 deg. 0 min. 330 links to the southern boundary of allotment 78c, on the northern boundary of the Tarwin River Reserve; thence south-westerly along the boundary of that reserve for a distance of approximately 5.3 chains to the point of commencement—which said piece of land is particularly delineated and shown coloured red on survey plan No. 2609 lodged in the office of the Country Roads Board.

SECOND SCHEDULE.

Shire of Mirboo.

Mirboo-Yarragon and Allambree-Thorpdale Roads.—All that piece of land in the Parish of Allambree East the boundaries of which are as follow:—Commencing at the north-western

angle of allotment 78c of the said parish; thence by lines bearing respectively 60 deg. 2 min. 64 links, 108 deg. 18 min. 237 links, 127 deg. 50 min. 131 links, 185 deg. 26 min. 710 links, 152 deg. 46 min. 168.51 links, 62 deg. 1 min. 1,101 links, 27 deg. 52 min. 20.5 links, 191 deg. 26 min. 84 links, 174 deg. 49 min. 50.6 links, 242 deg. 1 min. 545 links, 235 deg. 30 min. 714 links, 174 deg. 0 min. 36 links, 336 deg. 21 min. 75 links, 3 deg. 16 min. 1,052.1 links, and 209 deg. 14 min. 362 links to the point of commencement, excepting so much of the land described in this Second Schedule as is included in the description of land set out in the First Schedule hereof.

The piece of land above described is particularly delineated and shown coloured blue on survey plan No. 2609, lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed, at Melbourne, this first day of August, One thousand nine hundred and thirty-two, in the presence of—

R. JANSEN, Secretary.

ORDER APPROVING OF A NEW STATE HIGHWAY IN THE SHIRE OF WODONGA.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3062) has represented to His Excellency the Governor in Council that it appears to it desirable that the new Omeo Highway in the Shire of Wodonga should be made by the said Board: And whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said highway is proposed to be made and the cost of acquiring the land and constructing the said highway: And whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said highway: Now therefore be it known by this present Order that His Excellency the Lieutenant-Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All those pieces of land in the Parishes of Wodonga and Bonegilla, the boundaries of which are as follow:—

- Commencing at a point on the north-western boundary of allotment 4, section 25, of the parish first named, distant 42 deg. 36 min. 5,270 links from the south-western angle of the said allotment; thence by a line bearing 60 deg. 30 min. 1,520 links to the northern boundary of the allotment at the south bank of the Kiewa River; thence north-westerly along the said river bank for a distance of approximately 600 links to the north-western angle of the said allotment; thence along the north-western boundary aforesaid by a line bearing 222 deg. 36 min. 1,040 links to the point of commencement.
- Commencing at the most westerly angle of allotment 41, Parish of Bonegilla; thence by lines bearing respectively 99 deg. 9 min. 312 links, 79 deg. 51 min. 897 links, 230 deg. 36 min. 50 links, and 240 deg. 30 min. 700 links to the southern boundary of the said allotment at the northern bank of the Kiewa River; thence generally north-westerly along the said river bank for a distance of approximately 600 links to the point of commencement—

which said pieces of land are particularly delineated and shown coloured red on survey plan No. 2733, lodged in the office of the Country Roads Board.

And the Honorable John Percy Jones, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

| Mr. Goudie | Mr. Manifold. |

HIS Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby, by virtue of the power conferred by the *Mines Act 1922*, except from occupation for mining purposes or for residence or business under any miner's right or business licence, or from being leased under mining lease, all that piece of land in the Parish of Painswick occupied by what is known as the Goldsborough Dam, situated at the old Queen's Birthday Mine, in the Township of Goldsborough.

And the Honorable J. P. Jones, His Majesty's Minister of Mines for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Clerk of the Executive Council.

WOODEND WATERWORKS TRUST DISTRICT
PROCLAIMED AN "URBAN DISTRICT."

PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

UNDER the powers conferred by the *Water Act 1922*, and all other powers enabling me in that behalf, I, the Lieutenant-Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, do hereby proclaim that on and from the first day of January, 1932, the whole of the Waterworks District of the Woodend Waterworks Trust shall be and become an "Urban District" for the purposes of and within the meaning of the said Act.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this ninth day of August, in the year of our Lord One thousand nine hundred and thirty-two, and in the twenty-third year of the reign of His Majesty King George V.

Tenders to be addressed to the Honorable the Commissioner of Public Works, and marked "Tender for ———."

J. P. JONES,
Commissioner of Public Works

Melbourne, 17th August, 1932.

TENDERS FOR NUMBER PLATES FOR CYCLES, ETC.

GENERAL STORES.

TENDERS will be received until Eleven o'clock a.m. on Friday, 26th August, 1932, from persons willing to furnish number plates for motor cycles, &c., of Commonwealth manufacture, required by the Victorian Government, as per Schedule No. 100.

Sales Tax must not be included in the prices tendered.

Schedules as above, with full particulars, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information afforded to persons tendering.

Tenders must be accompanied by the preliminary deposit of £10, in a bank draft or marked cheque, in favour of the Secretary to the Tender Board. Cheques, Savings Bank deposit books, fixed deposit receipts, State or Commonwealth Treasury bonds or Government debentures, or reference to securities on existing contracts will in no case be received or entertained as preliminary deposits. Preliminary deposits will be returned within ten days of acceptance of tenders to unsuccessful tenderers on their application.

The amount of the deposit required with each tender must be enclosed and the amount must be clearly written in and the designation stated, whether bank draft or bank cheque, as the case may be.

Security.—Five per cent. on total amount of tender accepted.

Security will be required, either in Bank Guarantee (Bank to be approved by the Tender Board), Victorian or Commonwealth Government debentures, Savings Bank deposit book, or bank deposit receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

In the event of tenderers withdrawing their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited, and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for a breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and having the words "Tender for ———" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, which office they must reach by first post on the date of closing of tenders.

Conditions of Contract are those published in the Tender form.

STANLEY S. ARGYLE,
Treasurer.

CITY OF FITZROY.

BY-LAW No. 89.

A By-law of the City of Fitzroy made under Part VII. of the Local Government Act 1928, for the purpose of appointing in Streets and Roads Standing Places for Motor Cars.

IN pursuance of the powers conferred by the Local Government Act 1928, the Mayor, Councillors, and Citizens of the City of Fitzroy order as follows:—

1. In this By-law, unless the context otherwise requires—

- "City" means the City of Fitzroy.
- "Council" means the Council of the City of Fitzroy.
- "Driver" means the person in charge of a motor car.
- "Licensed" means licensed by the Council.
- "Motor car" means any conveyance propelled by mechanical power, and includes a motor cycle, but does not include a tram or car running on fixed rails.
- "Parking area" means any standing place for motor cars duly appointed by the Council under any By-law.
- "Public place" includes and applies to every public highway, road, street, footway, footpath, court, alley, passage, or thoroughfare, notwithstanding that such public highway, road, street, footway, footpath, court, alley, passage, or thoroughfare may be formed on private property, and also any public park, garden, or reserve.
- "Street" includes every highway, road, carriage-way, lane, thoroughfare, or other public place within the City other than a footway.

Words importing the masculine gender include females, and words in the singular include the plural, and words in the plural include the singular.

2. The streets and public places or parts thereof respectively mentioned or set forth in the schedule hereto (hereinafter called "Parking Areas") shall be and are hereby appointed by the Council as standing places for motor cars within the City.

3. A driver may park his car in any Parking Area within such times only as are prescribed by the Council upon payment of the prescribed fee and not otherwise.

4. The Council may appoint from time to time such officers as it thinks proper to supervise such Parking Areas and to carry out the duties provided for in this By-law, and every driver shall pay to the Town Clerk or to the officer in charge of any Parking Area a fee of One shilling per day or portion of a day for each vehicle parked by such driver in any such Parking Area or Areas within the hours hereunder mentioned. Provided that the person next driving or taking charge of any such motor car, or the registered owner of any such motor car parked as aforesaid, shall until the contrary is proved be deemed to be the driver who parked such motor car on any such Parking Area.

5. The days and hours during which such Parking Areas shall be available for occupation shall be as follows, viz.:—

- On Mondays—from 8.30 a.m. to 11.30 p.m.
- Tuesdays—from 8.30 a.m. to 11.30 p.m.
- Wednesdays—from 8.30 a.m. to 11.30 p.m.
- Thursdays—from 8.30 a.m. to 11.30 p.m.
- Fridays—from 8.30 a.m. to 11.30 p.m.
- Saturdays—from 8.30 a.m. to 11.30 p.m.

6. Any person who upon any Parking Area or upon any street without authority shall on any pretext pretend to be a Parking Area attendant or other officer appointed by the

Council to receive fees from drivers for parking motor cars, or who shall in any way assume the duties of a Parking Area attendant or such other officer as aforesaid, or who shall otherwise obstruct, hinder, or delay any Parking Area attendant or other officer as aforesaid in the execution of his duty under this By-law, shall be guilty of an offence against this By-law.

7. A driver shall in any Parking Area park his motor car—

- (a) As directed by the officer in charge of the Parking Area, or
- (b) If no such officer be present shall take up his position thereon in order of his arrival thereat and in such manner as will enable him to take up or leave such position without disturbance to other motor cars already parked, and also in such a way as will permit the latter to leave their respective positions without difficulty and not otherwise.

8. Openings may be provided through any such Parking Areas for the purpose of facilitating traffic and for cross traffic, and it shall be lawful for any officer in charge of any Parking Area from time to time as may be convenient or necessary to fix or appoint openings through any such Parking Area for such purposes, and also from time to time to vary the same or any of them, and also in like manner pursuant to any resolution of the Council in that behalf from time to time to alter or vary the hours during which such Parking Areas or any of them shall be available for use or to discontinue the same or any of them.

9. No person shall obstruct any such opening as aforesaid by placing his vehicle therein or otherwise.

10. Any wilful contravention of any of the foregoing clauses by act or omission shall be an offence against this By-law.

11. Every person who is guilty of an offence against this By-law shall be liable on conviction to a penalty, not exceeding Ten pounds.
