## Architects Act 1928.

## REGULATIONS No. 2.

**R**EGULATIONS No. 2, made by the Architects Registration Board of Victoria, pursuant to and under the authority conferred by section 20 of the *Architects Act 1928*, for amending Regulations No. 1, made by the Architects Registration Board of Victoria, and approved by the Governor in Council on the 19th June, 1923, and gazetted on the 20th June, 1923, in the manner following, that is to say:—

In clause 3, the words "than fourteen nor more" shall be repealed. For the words "to be also stated in such notice" there shall be substituted the words "which shall be a day nine days prior to the day specified therein for the holding of an election".

For clause 9 there shall be substituted the following clause:—

The returning officer shall forthwith cause ballot-papers to be printed with the surnames and christian names of all candidates in full in Form H of the schedule hereto, also giving particulars of the number of the vacancies to be filled, and such other particulars and directions as regards voting as the Board shall from time to time determine.

The Registrar shall immediately supply the returning officer with a correct list of registered architects, showing their full names and addresses, and the returning officer shall then, not later than seven clear days before the day appointed by the Board for the taking of the poll, post a ballot-paper to each registered architect, and before posting the returning officer shall initial each ballot-paper near the left-hand lower corner, and at the same time check off the name of the voter to whom it is being posted on the list supplied to him by the Registrar as an indication that such ballot-paper has been duly posted. With each ballot-paper the returning officer shall send two envelopes, one envelope to be endorsed "Voting Papers" and be addressed to the Registrar, and have a place marked for the insertion of the full name of the voter and his signature on the outside of the envelope flap; the other envelope shall be of a smaller size, to enable it to be put inside the other envelope, and shall have marked on the front "Architects Registration Board," "Ballot-paper".

A registered architect shall vote by inserting the number 1 in the square in the ballot-paper opposite to the name of the candidate for whom he votes as his first preference, and by placing the numbers 2, 3, 4, and so on (as the case may require) in the squares respectively opposite the names of the other candidates in the order of his preference, and shall then fold up the ballot-paper and place it in the smaller of the two envelopes sent to him (i.e., the one marked "Ballot-paper" on the outside), and then place the envelope containing the ballot-paper inside the larger envelope (i.e., the one endorsed "Voting Papers") and fill in his full name and sign in the place denoted for that purpose on the outside of the flap of the envelope endorsed "Voting Papers," and seal it up and either hand it to the returning officer before 5 o'clock in the afternoon of the day appointed for the taking of the poll, or post it, properly stamped, so as to reach the returning officer in the ordinary course of post before 5 p.m. on the polling day.

All the envelopes endorsed "Voting Papers" as and when received by the returning officer shall be deposited by him unopened in a locked ballot-box, the key of which shall remain his possession, with a cleft or opening therein capable of receiving them.

Immediately after the close of the poll the returning officer shall, in the presence of the scrutineers, remove from the ballot-box all the envelopes endorsed "Voting Papers," and open them and replace unopened in the ballot-box all the envelopes marked "Ballot Paper," and in any case where a voter has failed to fill in his full name and sign in the proper place on the flap of such envelope his vote shall be deemed informal and not counted in the taking of the poll.

When all envelopes endorsed "Voting Papers" have been opened and the envelopes containing ballot-papers replaced in the ballot-box, the returning officer or deputy shall, in the presence and subject to the inspection of any scrutineer, proceed to ascertain the number of votes for each candidate.

Each candidate shall be entitled to appoint, in writing, one scrutineer.

The returning officer shall, in the presence of such scrutineers as choose to be present, deal with the ballot papers in manner as follows:—

(a) He shall arrange the ballot-papers under the names of the respective candidates by placing in a separate parcel all those which have the figure 1 set opposite to the name of the same candidate, rejecting all informal ballot-papers.

(b) If any candidate has an absolute majority of first preference votes he shall be declared as nominated for appointment to the Board.

(c) If no candidate has received an absolute majority of first preference votes a second count shall be made, and the candidate who has received the fewest first preference votes shall be excluded and each ballot-paper counted to him shall be counted to the candidate next in the order of the voter's preference, and if a candidate then has an absolute majority of votes he shall be declared nominated, but if no candidate then has an absolute majority of votes the process of excluding the candidate who has the fewest votes, and counting each of his ballot-papers to the continuing candidate next in the order of the voter's preference shall be repeated until one candidate has received an absolute majority of votes, and the candidate who has received an absolute majority of votes shall be declared nominated.

(d) A second vacancy for nomination shall be filled in the following manner:—All the ballot-papers shall be re-arranged under the name of the respective candidates in accordance with the first preference indicated thereon, except that each ballot-paper on which a first preference for the elected candidate is indicated shall be placed in the parcel of the candidate next in order of the voter's preference. If a candidate then has an absolute majority of votes he shall be declared as nominated, but if no candidate then has an absolute majority of votes the returning officer shall proceed as provided in the last preceding sub-clause until one candidate has received an absolute majority of votes, except that the candidate to be excluded shall be the candidate who has received the fewest of the votes counted to a candidate in pursuance of this sub-clause.

(e) "Continuing candidate" means a candidate not already declared nominated or excluded from the count, and an "absolute majority" means a greater number than one-half of the whole number of ballot-papers other than informal ballot-papers.

(f) If on a count two or more candidates have an equal number of votes and one of them has to be excluded the returning officer shall decide which shall be excluded, and if on the final count for filling any vacancy two candidates have an equal number of votes the returning officer shall decide by his casting vote which candidate shall be nominated, but otherwise he shall not vote at the election, and the casting vote of the returning officer shall be included in reckoning an absolute majority of votes.

In clause 10 the word "if" in the first line, and the word "may" in the second line shall be repealed, and after the word "candidate" in the first line there shall be inserted the word "may".

In clause 11, for the words "number of votes given to each candidate" there shall be substituted the words "result of the election".

Form "H" in the schedule.—For Form "H" there shall be substituted the following form:—
