UPPER YARRA YARRA RIVER.
HENLEY-ON-YARRA.

Notice to Boatmen and Others.

BOATMEN and others are hereby notified that permission has been granted to the Melbourne Amateur Regatta Association, in connexion with the Annual Regatta, to row races on the Henley Course on the Upper Yarra on the 25th November, 1933, and that motor and other boats permitted to be on the river during the day must observe the following Regulations, viz. :—

Boat races must not be obstructed, nor public safety or order endangered.

Every motor boat must have a supply of dry sand, with shovel or scoop, and carry a bucket with rope attached for fire extinguishing purposes, and no inflammable oil or spirit shall be exposed.

All non-competing boats must be kept off the course during the racing programme.

No boats (except racing boats) will be allowed to land or take up passengers at the boat stagings (south bank), or from the bank along the Henley Reserve except at the landing stage.

Passengers on any boat overcrowded or incompetently managed may be ordered to disembark.

No boat deemed by the River Officer or his Deputy to be too large or deemed to be offensive, dangerous, unsuitable, or unsightly shall remain on the river along the course or adjacent waters.

The direction of the officers in charge of the course must be strictly attended to.

All boats (except racing boats) must move up stream along the right hand (south) bank, and must move down stream along the opposite (north) bank.

No advertisement or objectionable device will be permitted to be shown on any boat.

No fireworks or firearms will be allowed to be discharged from any boat, except where permission of the River Officer or his Deputy has been given.

All motor boats shall hold a permit from the River Officer to enter or remain on that part of the River Yarra between Prince's-bridge and the Punt-road bridge, between the hours of 10 a.m. and 12 midnight on Henley Day.

No motor or other boats will be allowed to ply for hire between Prince's-bridge and Punt-road bridge between the hours of 10 a.m. and 12 midnight on Henley Day.

All motor boats shall be moored in the positions allotted to them by 12.30 p.m., and shall remain moored until the finish of the racing programme.

All motor boats on south bank must moor bow up stream, and all motor boats on north bank must moor bow down stream.

An applicant for permit must apply at the office of the River Officer, 110 Spencer-street, Melbourne, and furnish the name and dimensions of the boat for which a permit is required; also the name and address of the owner, and of the person taking charge of the boat on Henley Day. If the boat is unnamed, some identification number must be affixed to each bow of the boat.

No permit shall be given to a motor boat exceeding a length of 35 feet from stem to stern, or with a beam exceeding 9 feet over all, unless the River Officer shall see fit to do so. It is recommended that row boats be in attendance on large motor boats for transporting passengers, also that a gangway be provided for each motor boat to enable passengers to reach the bank.

No permit shall be given for boats burning other than liquid fuel.

A permit shall not be transferable by the holder or in respect of motor boats.

A limited number of moorings will be available along the Henley Reserve, and early application to the River Officer for same is invited. An applicant must give name and dimensions of boat, and must provide his own mooring ropes. Pegs will be supplied.

Acceptance of a permit shall be a guarantee that its holder and the boat it is issued for will observe the regulations, whether general or special.

Motor boats not moored along the Henley Reserve must use the mooring pegs provided on the north or south side of the river, and must moor at post bearing same number as shown on permit.

Mooring or holding on to the booms or buoys will be strictly forbidden.

After sunset on Henley Day motor boats shall exhibit a red light and go slow in the centre of the river only. Motor boats shall not tow any boat.

On Henley Day the length of oars used by any boat, other than racing boats, between Punt-road bridge and Prince's-bridge, shall not exceed 8 feet.

TENDERS will be received before Noon on Wednesday, 25th October, 1933, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions:

Every licence granted under section 121 of the *Land Act* 1928 shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 121st section of the *Land Act* 1928, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act* 1928, the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act* 1928 in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of sawmillers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

SPECIAL CONDITIONS:

1. The period of occupation, except where otherwise specified, will be for eleven (11) months from 1st November, 1933, to 30th September, 1934.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing owned by him within one month, or to require the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act* 1928.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the incoming tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act* 1928, provides—

1. Where a licensee under section 121 of the *Land Act* 1928 has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.
