1. All previous By-laws and Regulations relating to the subject-matter herein shall be and the same are hereby revoked, but not so as to relieve, discharge, or absolve any person from liability to pay any rate or charge made in accordance with the provisions of the revoked By-laws or Regulations for payment of which rate or charge such person may have become liable prior to or at the date of this By-law coming into operation; or to abrogate or diminish the power of the said Commission to recover and enforce payment of any such rate or charge, or to annul or stay any proceedings taken or business initiated as in conformity with the provisions of the By-laws or Regulations hereby revoked prior to the date of this By-law coming into operation, but the same respectively may be continued and carried to completion.

2. Every person using or supplied with water for other than domestic purposes solely shall, at his own expense, provide a meter and keep and maintain the same in good working condition to the satisfaction of the Commission or its proper officer.

3. No hose or pipe shall be attached to any pipe or tap for the purpose of watering ground, or trees, or plants, or washing house walls or carriages, or for any similar purpose, except where the water is charged for by measure. Syphon pumps will not be allowed except where the water is supplied by measure.

4. Before any plumber, workman, or other person affix any meter or any service-pipe to any pipe of the Commission, or alter, repair, or in any manner interfere with any meter or pipe of the Commission, or any service-pipe, cock, or fitting connected with the pipes of the Commission, he shall obtain from the Commission a licence to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such meter, pipe, service-pipe, cock, or fitting as aforesaid shall be guilty of an offence.

5. Any person, whether licensed as aforesaid or not, who shall open any ground so as to uncover any pipe the property of the Commission, without giving three days' notice to the Commission or its proper officer of his intention so to do, or who shall in any way tamper with or alter any pipe the property of the Commission, without the permission, in writing, of the Commission or its proper officer being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, valve, pipe, or other work the property of the Commission, shall be guilty of an offence.

6. 7. No meter for measuring the water supplied to any tenement shall be affixed until it shall have been examined, tested, and approved by the proper officer of the Commission. Every such meter shall be capable of registering at least 1,000,000 gallons.

Such hired meters shall be kept in repair at the cost of the Commission, except as to external injuries, the cost of repairing which shall be borne by the hirer.

9. In the event of the hirer being dissatisfied with the registering of any meter hired from the Commission, he may, by notice in writing, require the Commission to cause such meter to be removed and tested; and, together with such notice, shall forward a sum of Ten shillings, which, if the meter be found to register correctly, shall be applied in paying the cost of the removing, testing, and replacing, and the balance, if any, shall be returned to him; but if such meter be

Any person so hiring a meter from the Commission who shall cease to occupy the premises on which such meter is fixed without having previously given, in writing, at least six days' notice to the Commission of his intention to do so, shall be guilty of an offence.

10. If any meter cease registering, or be found to be out of repair or registering inaccurately, the Commission may estimate and charge for the water consumed during the period such meter was not in working order and until repaired and refixed, either by taking an average of the quantity used during the previous quarter, or during the corresponding period of the previous year.

11. Meters, other than such as are hired from the Commission, will be tested on delivery thereof at the office of the Commission, at Queenscliff, and a fee of One shilling shall be charged for each test.

12. The Commission, by its officers, may, at any time after six days' notice, in writing, of its intention, attach a check meter to the service-pipe of any consumer, either inside or outside the premises of such consumer; and may, for such purpose, enter such premises at any time between the hours of Ten in the forenoon and Four in the afternoon, and then and there do all things necessary therefor.

13. Any person supplied with water by the Commission who shall wilfully or negligently allow such water to run to waste shall be guilty of an offence; and, in the event of continuing the same, shall be guilty of a further offence for each day, after notice from the Commission, on which such waste is continued.

14. All water troughs supplied from the pipes of the Commission shall be lined with metal, so as to be watertight, and shall have proper and efficient fittings for supplying them automatically and for preventing overflow. All such troughs and fittings shall be kept in proper order and repair. No water trough shall be of greater capacity than twenty-five gallons. Should any trough or fitting thereof be out of repair or leaking, the supply thereto may be cut off until efficiently repaired.

15. If any person supplied with water by the Commission does, or causes to be done, anything in contravention of this By-law, or fails to pay any rates or charges lawfully due by him, or fails to do anything which under this By-law ought to be done, or wilfully or negligently allows water to run to waste, the Commission may, in addition to any other remedy, cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

16. The charge to be paid for water supplied by measure from the pipes of the Commission shall be Twelve pence per 1,000 gallons.

17. The minimum quantity of water to be charged for by measure in each case where water is supplied from the pipes of the Commission shall be as follows:—

(1) Where the supply is for domestic as well as for other than domestic purposes, the quantity which, if charged for at Twelve pence per 1,000 gallons, would give an amount equal to that payable in respect of the premises so supplied under the provisions of any By-law of the Commission for making and levying rates, if such premises were supplied otherwise than by measure.

(2) Where the supply is solely for other than domestic purposes, a quantity which, if charged for as provided by the last preceding clause, would give the sum of Twenty shillings, for any continuous period of three months.

18. In the construction of this By-law the word "person" shall extend to and include a corporation, whether aggregate or sole; the expression "proper officer" shall mean an officer or servant of the Commission authorized to perform any act or to accept service of any notice or to execute any function on behalf of the Commission.

19. Any person guilty of an offence against this By-law shall be liable to a penalty not exceeding Five pounds, recoverable summarily before any Court of competent jurisdiction.

The foregoing By-law was made by the State Rivers and Water Supply Commission on the 31st day of January, 1933, and the common seal of the said Commission was hereunto affixed the 20th day of February, 1933, in the presence of—

## TENDERS FOR GRAZING LANDS.

FOR THE PERIOD 1ST APRIL, 1933, TO 30TH SEPTEMBER, 1933; EXCEPT WHERE OTHERWISE ORDERED.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box, State Treasury Buildings, Melbourne, on or before noon on Wednesday, 22nd March, 1933.

NOTE.—No tender will be accepted unless the fee for the full period and fee of Seven shillings and sixpence for licence are forwarded.

**TENDERS** will be received before Noon on Wednesday, 22nd March, 1933, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 121 of the *Land Act 1928* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

## CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*; except under the 121st section of the *Land Act 1928*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed; and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act 1928* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1928* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

#### SPECIAL CONDITIONS.

1. The period of occupation, except where otherwise specified, will be for six (6) months from 1st April, 1933, to 30th September, 1933.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing owned by him within one month, or to require the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act 1928*.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the incoming tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act 1928*, provides—

1. Where a licensee under section 121 of the *Land Act 1928* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

- (1) *Turns to be Observed.*—In slack times the employer shall observe turns of employment for weekly workers and piece-workers (including outside workers) in the respective class or classes of work at which they are engaged, provided always that journeymen and journeymen having apprentices under their control shall be allowed in their turn extra work equivalent to the wages of the apprentice during the time the turn system is in operation. The employer shall keep in the workroom a true record of every turn, which shall be open to the inspection of the employees.
- (2) *Standing Off Employees in Turn.*—Should any employer during slackness of trade desire to stand off his employees in turn, then the employer on any day during any week shall inform every person whom it is proposed to stand off of any day or days in the following week (other than a Saturday or holiday) upon which his or her services will not be required; but an employee shall not, except under the conditions provided in sub-clause (3) of this clause, be stood off for part of a day without being paid for a whole day.
- (3) *Employees Working Shortened Hours.*—If it is desired to work a week of shorter hours in slack times, instead of standing the employees off in turn, the employer may make an arrangement to work his employees for shortened hours, but such arrangement shall be made only where, on the vote of the employees being taken, a majority of the whole of the employees vote in favour of such arrangement.  
Where such an arrangement is made, the employees shall be informed on the day ending each week of the shortened hours to be worked in the following week.

(e) *Terminating Employment in Relation to a Holiday.*—Where the employer terminates the employment of an employee within one week of a day on which a holiday occurs, the employee shall be paid for such holiday or holidays prescribed by the Determination, provided that such employee has been employed by the employer for a period of at least one week prior to the termination of employment.

(f) *Employees Absenting Themselves.*—No employee shall, without just cause, be absent from his or her place of employment during the prescribed hours whilst there is work ready to be done by such employee, and where weekly wages are fixed the employee to be entitled to the sums so fixed must be available and ready and willing to do the work on the days and during the hours fixed by this Determination.

Provided that no such outside worker shall employ any other person or persons whatsoever in wholly or partly preparing or manufacturing such articles of clothing or wearing apparel save and except members of such worker's own family.

In factories where no such task rate is fixed for the class of work performed by outside workers, then such outside workers shall be paid such a price as will enable an outside worker to earn at least 1s. 5d. per hour in the case of a female and 2s. 1d. per hour in the case of a male.

No increase in wages granted to any employee, after the date of operation of this Determination, above the rates herein prescribed shall be deemed to be in contravention of this clause if the same be paid for a period of three months, or for the term of employment, whichever period is the shorter; provided, however, that such increased wages may, at the discretion of the employer, be adjusted according to the wages rates prescribed from time to time by this Determination.

In all factories and workshops where a minimum task is set for a minimum wage the following shall be observed:—

- (a) Until after the termination of six months from the coming into operation of this Determination the minimum task in operation in any workshop or factory on the date on which this Determination becomes operative shall be the minimum task for the minimum wage after the date of operation of this Determination, and shall not during the said period of six months be increased or decreased because of any increase or decrease in wages, and shall not during the said period of six months be increased unless an altered or improved method of working is introduced.
- (b) The task rate in respect of all garments or parts of garments or other articles or parts of articles shall be determined in the manner following:—

## TERMS OF ENGAGEMENT.

(a) The week shall terminate on a day other than Monday or Saturday, and all employees shall be paid all moneys due to them in full during the ordinary working hours not later than two working days following the termination of the week. In order to terminate employment of a weekly employee, two days' notice shall be given on any day, with payment to date of termination, or in lieu thereof two days' pay shall be paid or deducted. When employment is terminated by an employer, the employer shall, upon the date of such termination, pay to the employee (weekly employee or piece-worker) all moneys due to him or her, and, when employment is terminated by an employee in accordance with the terms of this Determination, the employer shall pay to the employee (weekly employee or piece-worker) all moneys due to him or her.

(b) All weekly wages shall be paid to the employees in full, with the following exceptions:—

(1) *Turns to be Observed.*—In slack times the employer shall observe turns of employment for weekly workers and piece-workers (including outside workers) in the respective class or classes of work at which they are engaged, provided always that journeymen and journeywomen having apprentices under their control shall be allowed in their turn extra work equivalent to the wages of the apprentice during the time the turn system is in operation. The employer shall keep in the workroom a true record of every turn, which shall be open to the inspection of the employees.

(2) *Standing Off Employees in Turn.*—Should any employer during slackness of trade desire to stand off his employees in turn, then the employer on any day during any week shall inform every person whom it is proposed to stand off of any day or days in the following week (other than a Saturday or holiday) upon which his or her services will not be required; but an employee shall not, except under the conditions provided in sub-clause (3) of this clause, be stood off for part of a day without being paid for a whole day.

(3) *Employees Working Shortened Hours.*—If it is desired to work a week of shorter hours in slack times, instead of standing the employees off in turn, the employer may make an arrangement to work his employees for shortened hours, but such arrangement shall be made only where, on the vote of the employees being taken, a majority of the whole of the employees vote in favour of such arrangement.

Where such an arrangement is made, the employees shall be informed on the day ending each week of the shortened hours to be worked in the following week.

Where an arrangement is made in compliance with this provision the employer shall pay each employee for the actual hours worked on each day on the basis of his or her weekly wage.

(4) *Vacation Periods.*—Nothing contained in this sub-clause shall apply in the case of the usual vacation period at Christmas or Easter.

(c) *Classes of Employees.*—For the purpose of this clause (but subject to the provisions of sub-clause (b) hereof), in operating the turn system the various classes of employees shall be taken separately, and "classes of employees" shall mean each class of employee in respect of which a classification of work has been provided under this Determination, but in all cases, male improvers and journeymen or female improvers and journeywomen doing the same class of work, shall be deemed to be one class of employee.

(d) *Stoppage of Work or Breakdown of Machinery.*—In the event of the work of a factory or workshop being stopped by a breakdown of machinery or a stoppage of supply of power, or for any cause for which the employer cannot reasonably be held responsible, all weekly hands who present themselves for work shall be found work for that day, or paid one day's wages in lieu thereof, but when such breakdown or stoppage occurs the employer may give notice to an employee that his or her services will not be required on the following day or days, and the employee shall not be entitled to any further payment in respect of any further days that he or she is out of employment by reason of such break-down or stoppage.

(e) *Terminating Employment in Relation to a Holiday.*—Where the employer terminates the employment of an employee within one week of a day on which a holiday occurs, the employee shall be paid for such holiday or holidays prescribed by the Determination, provided that such employee has been employed by the employer for a period of at least one week prior to the termination of employment.

(f) *Employees Absenting Themselves.*—No employee shall, without just cause, be absent from his or her place of employment during the prescribed hours whilst there is work ready to be done by such employer, and where weekly wages are fixed the employee to be entitled to the sums so fixed must be available and ready and willing to do the work on the days and during the hours fixed by this Determination.

(11)

## OUTSIDE WORKERS.

(a) No person who is or is deemed to be the occupier of a factory within the meaning of section twenty-three of the *Factories and Shops Act 1928* (No. 3677) shall issue or give out or authorize or permit to be issued or given out any material whatsoever for the purpose of being wholly or partly prepared or manufactured outside a factory as articles of clothing or wearing apparel for trade or sale, except to a person who has been registered with the Chief Inspector of Factories as an outside worker. Provided that no such outside worker shall employ any other person or persons whatsoever in wholly or partly preparing or manufacturing such articles of clothing or wearing apparel save and except members of such worker's own family.

(b) In factories where a task rate is fixed in respect to the same class of work as that given to outside workers, then, in every such case, the rate so fixed shall be the piecework price to be paid to such outside workers. In factories where no such task rate is fixed for the class of work performed by outside workers, then such outside workers shall be paid such piecework price as will enable an outside worker to earn at least 1s. 6d. per hour in the case of a female and 2s. 1d. per hour in the case of a male.

(c) Every outside worker shall be provided, free of charge, with cotton, silk thread and all other sewings and trimmings used in the manufacture of garments.

(d) In the case of an employer delivering or collecting the work of such outside worker, the same shall be done without charge to such outside worker.

(e) Every employer who has work done elsewhere than in his factory or workshop shall keep a record book, which shall contain a correct account written in ink as follows:—

(i) The name and full address of the outside worker.

(ii) The number of articles and description of work given out.

(iii) The price paid for such work.

(iv) The record book shall be signed each week by each outside worker, verifying the accuracy of the amount of wages received.

(f) The record book mentioned in the preceding sub-clause shall be open for inspection at any time by any authorized officer of the Department of Labour.

(12)

(a) shall be in the English language and shall contain a correct account of the hours worked each day, and the wages received each week, by each employee;

(b) shall be kept correctly entered up in ink; and

(c) shall record clearly the actual date of each day, of each week, and also the date of the day on which the week ends.

(2) The employer shall provide in each factory, workshop, or place where there are not fewer than 30 employees, and where work is carried on for him, a time-book, or sheet, or record. Such time-book, or sheet, or record shall be in the English language and shall contain a correct account of the hours worked each day and the wages received each week by each employee. (b) *Chairs to have Backs.*—(1) Where it is necessary for employees to sit at their work, seats shall be provided for the employees by the employer. Such seats shall be reasonably comfortable seats.

(2) A seat provided for any female employee shall have a back to it, unless the work of such employee cannot be conveniently done in such a seat, or unless the employee requests to be allowed to use a seat without a back to it.

(c) *Collecting Logs.*—Where piece-work is in operation, the employer shall make arrangements for collecting the logs, and the employees need not leave their places.

(d) *Rest Period.*—When any spell of duty is for more than four hours, an interval of ten minutes, to be selected by the employer, shall be allowed in the third hour to females and apprentices for refreshment. The interval shall be as part of the time of duty, without deduction of time-work pay. During such rest period, the employees may leave their seats, but not the premises.

(13)

## PIECE-WORK.

(a) Subject to the conditions hereinafter set out, the employer, in conjunction with his employees, may fix his own piece-work prices, provided such prices enable a journeyman or journeywoman of average capacity working under like conditions to earn at least 10 per centum more than the minimum weekly wage in their respective classes. The same piece-work prices shall be paid to all piece-workers doing the same operation in the factory or workshop whether they be improvers or apprentices or juveniles on piece-work or otherwise.

(b) All piece-workers who are available and ready and willing to work during the ordinary working hours, shall be paid in each week:—In the case of journeymen and journeywomen who at the piece-work prices so fixed are unable to earn the rate fixed for "All others," not less than such rate; and in the case of apprentices or improvers, not less than the amount prescribed by this Determination for an apprentice or improver of like experience.

(c) The piece-work price in respect of all garments or parts of garments or other articles or parts of articles shall be determined in the following manner:—

(i) Where there are fewer than twenty employees involved in the work to be performed the employer, or his representative, in conference with one employee chosen by and from such employees, shall fix the prices.
