## PORTS IN VICTORIA.—ALTERATION TO PORT RULES.

## PROCLAMATION

By His Excellency the Lieutenant-Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

WHEREAS by Part II. of the *Marine Act 1928* (19 Geo. V. No. 3723) it is amongst other things enacted that the Governor in Council, by Proclamation published in the *Government Gazette*, may from time to time define the limits and boundaries of ports in Victoria, and frame rules and regulations for the government and preservation of the said ports respectively, and for the regulation of shipping in the same, and also for the due protection and preservation and the good government and management of all public wharfs; and that any such regulation may from time to time be in like manner altered, amended, or repealed, and others substituted in their stead: Now therefore I, the Lieutenant-Governor of the State of Victoria in the Commonwealth of Australia, with the advice of the Executive Council of the said State, do hereby repeal the Port Rules for the management of Patent Slips and Motor Boat Slips, which Rules were made by Proclamation dated the 26th day of April, 1932, and published in the *Government Gazette* of 4th May, 1932, pp. 1016-1017, and to substitute the following Rules in lieu thereof, that is to say:—

## RULES FOR THE MANAGEMENT OF PAYNESVILLE SLIP AND OTHER SLIPS.

*Hours.*

1. Except on Sundays and holidays, the gates of the slipyard will be opened at 7.30 a.m., and closed at 5 p.m. daily, exclusive of Saturdays, when they will be closed at 11.45 a.m. Should any extension of hours be required in consequence of continuous repairs to a vessel on the slip, such may be obtained on application to the officer in charge, and on payment of the requisite overtime, viz., time and a half.

*Admittance to Slipyard.*

2. Only those persons employed in connexion with operations in progress within the slipyard, officers and crew of vessels on slip or moored at the slip wharf, and persons having special permission, will be admitted into the slipyard.

*Dues.*

3. All vessels will be required to pay dues according to the schedules hereunto annexed, the said dues including and covering the cost of hauling up, and launching, shoring, wedges, and blocks, as hereinafter provided, the cost of all labour on shore connected with the slipping or launching of a vessel, and the use of the warp required for warping a vessel on or off the slip. Sundays and holidays will not be counted as lay days, except when work is carried out on vessels.

*Blocks, Shores, &c.*

4. Blocks, shores, and stages will be provided by the Government.

All necessary stage planks and cross-bearers, with the use of the yard during the carrying on of repairs, will be allowed the persons effecting the repairs without any additional charge; but any damage occurring to the same, or to the slip-cradle, or other material, shall be made good at the expense of the applicant for registration of the ship, and all such materials lent by the Government to the person using the slip shall be returned in the same order as received, and stacked to the satisfaction of the officer in charge previous to the vessel being launched, and no such materials will be allowed to be taken from the slip premises whilst effecting repairs after the vessel is launched.

*Registration.*

5. The owner, master, or agent of any vessel desiring the use of the slip should make his application to be registered on the form to be obtained from the officer in charge of the slipyard, such application to be lodged between the hours of 9 a.m. and 5 p.m. on week days, and from 9 a.m. until 11.45 a.m. on Saturdays, which will be duly registered in order of receipt. Should any dispute arise as to priority for registration, such shall be submitted to and decided by the Commissioner of Public Works, or other Minister acting in his behalf, whose decision shall be final. With the application for registration, and before registration is made, minimum charges shall be paid to the officer in charge as "entrance fee" for all slips, which sum shall be allowed as part payment of slip dues, provided that such slip dues shall be settled within seven days after delivery of the account for the same, otherwise such fee shall be liable to forfeiture, and slip dues to be paid in full. No vessel will be taken on the slip until all claims due in respect

of such vessel, or other vessels belonging to the same owners, or having the same master or agent, shall have been paid. The officer in charge of the slipyard will duly intimate to the applicant the date when the slip will be available.

*Turns Lapsing.*

6. Should any vessel not be in a position and ready to be warped over slip-cradle at such time as may be specified in writing by the officer in charge of the slipyard, and addressed to the person making the application, the turn of such vessel will lapse, and fresh application for registration must be made, the entrance fee being also forfeited, and the applicant will be responsible for any expenses already incurred in connexion with the slipping, unless the inability to slip shall have occurred through stress of weather, which the officer in charge of the slipyard shall determine, when such vessel may retain her position upon the register without forfeiture of the entrance fee.

*Accidents and Delays.*

7. The Government will not hold itself responsible for any delay or accident occurring to any vessel during hauling up or launching, nor while on the slip, the vessel being during the whole of such time entirely at the risk of the owners, except such may occur by the fault or negligence of any of its servants.

*Control of Vessels.*

8. So soon as any warp shall have been made fast to any vessel by instruction of the officer in charge of the slipyard, such vessel having been placed in position by and at the expense of the master or owner in line with the fairway and within 20 feet of the entrance of the slipway, and until relieved by the withdrawal of such warp, such vessel shall be held to be under the control of the officer in charge, whose directions must be implicitly and promptly attended to.

*Sufficient Crew.*

9. There shall be a sufficient number of officers and crew on board every vessel while warping her between the platforms and steadying her on the cradle, and assisting on board and attending to such orders as may be given by the officer in charge.

*Changes of Turns.*

10. Changes of turns between vessels will be allowed with the written sanction of the officer in charge of the slipyard, but not otherwise.

*Breaking up or Scuttling.*

11. No vessel shall be broken up or scuttled while on the slip, except with the written permission of the officer in charge of the slipyard; and should any master, owner, or agent commence to break up or scuttle any vessel on the slip without such permission, the officer in charge of the slipyard may at once remove such vessel from the slip, and the master, owner, or agent shall be responsible, in addition to slip dues, for any expenses which may be incurred by such officer in charge of the slipyard in so doing.

*Delay in Launching.*

12. Should wind and weather or tide not permit of a vessel being launched when the repairs are completed, she may be allowed to remain on the slip, without any additional charge, subject to the decision of the officer in charge of the slipyard, but no demand for demurrage can be entertained.

*Dues Charged by Tonnage.*

13. Sailing ships are to be charged dues on their net registered tonnage, and steam or motor propelled vessels on their gross tonnage; tonnage in both cases to be British measurement.

*Regulations and Cleanliness to be Observed.*

14. The officers, crew, and workmen of any vessel while on the slip shall strictly comply with the printed rules and regulations of the establishment, copies of which will always be posted at the slip gates and in the slip office. Any workman committing any breach of the regulations will be liable to be prohibited from entering the slip premises. Before any vessel be launched from the slip, the slipway must be cleaned up to the satisfaction of the officer in charge by or at the expense of the person who registered the vessel.

Contractors having the right of entry for their employees engaged on any work in the slipyard will be held responsible for their proper conduct, and any complaint made by the officer in charge must be promptly inquired into and satisfaction given, otherwise such workman or workmen will be refused further admission to the slipyard.

*Special Arrangements.*

15. Should the slip be engaged for the purpose of slipping any vessel requiring extensive repairs for a period of not less than six working days, the Commissioner of Public Works may remit such portion of the slip dues as he may deem fit. Vessels using the slip under this rule shall be kept in such a condition as to be able to leave the slip (if required for another vessel) within a period of two (2) days after notice has been given to leave, otherwise full dues will be charged for every day the vessel remains on the slip after the date of notice has expired.

16. Vessels are to be trimmed, so far as may be possible, to float upright on an even keel before being submitted to the officer in charge for slipping purposes, and the masters or owners of vessels which are not floating upright when taken on to the slip shall be responsible for all expense and delay caused by righting such vessels. Cargo of any description or coals shall not be shipped or moved within vessels whilst such vessels are supported on the slip-cradle.

*Repairs.*

17. Repairs will be undertaken by the Government, if so desired.
