STIPULATIONS FOR SUPPLIES OF PROVISIONS.

(All items must be manufactured or prepared within the Commonwealth.)

No sub-letting allowed.

Under all Sub-schedules particular attention is drawn to Clause 1 of the Conditions of Contract as to quality.

BREAD.

A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality for fine wheaten and pure wheaten Meal Bread. *Pure wheaten Meal Bread of first quality may be substituted, wholly or in part, for fine wheaten Bread at such times and in such quantities as, in the opinion of the Medical Superintendent, may be deemed necessary, and the contractor will be required to supply such Bread at the contract rate. Reasonable notice, however, of the intention to substitute wheaten Meal Bread must be given to the contractor by the officer ordering the supply.* Bread may be baked at any Government establishment without infringing these contracts. At the Gaols, Ballarat, Beechworth, Geelong, Bendigo, and Castlemaine, if required, bread must be supplied one day old, due notice to be given to the contractor of such requirement.

In the event of bread being made at any Government establishment in the Melbourne District during the currency of these contracts, the flour required will be drawn under the flour and maize meal sub-schedule. The maize meal for all the country gaols is included in the sub-schedule for flour and maize meal, Melbourne District, and delivery of same will be required to be made at the Victorian Railways, Spencer-street.

GROCERIES.

As a guarantee of quality, Rice, when ordered in quantities of 56 lb. and over, must be supplied in original bags as delivered by the miller or dresser. Such bags must be branded "Rice, Dressed," and shall also have stencilled thereon the miller or dresser's name and the distinguishing mark indicative of the quality or grade. The bags thus stencilled shall contain Rice milled or dressed by the miller or dresser whose name appears thereon. Supplies not in conformity with the foregoing condition will be rejected. Oatmeal must be supplied in original bags as delivered by millers.

Candles, except those for prison cells, must be supplied in 1-lb. packets. Candles for prison cells must be delivered in boxes containing from 25 to 50 lb. per box, the boxes for which must be legibly stencilled on one end, showing the estimated burning time and the gross, tare, and net weight of contents.

The soap supplied must be hard throughout, ready for immediate use without waste. Soap for Hospitals for the Insane is not included in these contracts.

When the quantity admits, Tea must be supplied in original and unopened packages, labelled, as landed.

Raisins and currants must be present season's, and where the quantity admits, be supplied in original boxes labelled 3 crowns.

For s.s. *Rip* a certain quantity of Biscuits and Preserved Meats are sometimes required in lieu of fresh bread and fresh meat, and are included to meet such contingency only.

BUTTER, CHEESE, AND JAMS.

Butter is to be delivered to the s.s. *Rip* in 1-lb. pats, in such quantities as may be ordered, and no excess over the quantity ordered will be received.

All supplies of 56 lb., or multiples of 56 lb., must be supplied in boxes as originally packed. The butter as well as the boxes in which it is packed must bear the impress stamp of the creamery where produced, otherwise it will not be accepted.

Where the Store or Butter Factory of the Contractor is situated in the Metropolitan area all Butter to the quantity of 56 lb. and over to be supplied in any one consignment under this contract shall before despatch from the Store or Factory be first examined and passed by the Government Butter Grader, for and on behalf of the officer authorized to accept delivery. The boxes containing butter so examined and found satisfactory in quality and description will be stamped by the Government Butter Grader. No butter from a contractor located in the Metropolitan Area shall be accepted unless the boxes bear the stamp of the Grader. For

the purposes of the foregoing condition the Metropolitan Area is defined as being not outside the radius visited by the Government Grader.

No Butter ex Cool Store will be examined by the Grader until thermally it is in suitable condition therefor.

Where the Store or Factory from which the Butter is despatched is not within the area visited by the Grader a sample of any supplies may be forwarded to the Government Butter Grader for examination, should the supply be considered by the officer authorized to accept delivery as not being equal in quality or description to that contracted for.

The Cheese supplied to be fairly or fully matured, as ordered, and, if the quantity admits, boxed for transport.

Jams.—The weight stamped on the tins in accordance with the regulations under the Commerce Act, as indicating the minimum net quantity that each tin contains, shall for the purpose of this contract be taken as the actual contents when computing the quantity supplied.

When Jam is supplied in jars the jars remain the property of the contractor, and must be removed by the contractor at his own expense when empty.

MEAT.

Fore and hind quarters of beef for Hospitals for the Insane are to be supplied in equal proportions of each, and must be delivered as a whole respectively, also extra buttocks separately when ordered. Meat for other institutions must be supplied as ordered. Where hind-quarters or buttocks are ordered, 9 inches must be cut off from the end of the leg from the hock upwards, i.e., the end of the leg from which the shank has been removed at the abattoirs; and when fore-quarters form a portion of the supply, 6 inches from the end of the neck and the whole of the shin at the clodbone joint must be removed. The sticking pieces also must be trimmed off, and the point and end of the brisket rendered free from blood and blood stains.

Fore and hind quarters of beef, for convenience of handling, may be cut into two parts, but each part is to bear evidence of having been cut from the same fore or hind quarter.

Corned beef, rolled or round, as ordered, must be supplied without bone or cartilage and will be received, whether pumped or prepared in the ordinary way by pickling, but in the former case must have been soaked after pumping for at least 48 hours, in a good pickle, and then thoroughly drained before supply. No flank, chuck, sticking piece, shin, leg of beef, or piece under 7 lb. will be received.

Should the local supply of fresh meat become scarce, or the price of same become abnormally high, chilled meat may, with the consent of the Tender Board, on the recommendation of the head of the Department, be supplied.

All meat shall have been slaughtered in Victoria, and shall be well fed, good, sound, sweet, and wholesome.

In cases of emergency, or on such other occasions as in the opinion of the Inspector-General of the Insane may seem advisable, other forms of meat such as rabbits, tinned meats, &c., may be purchased apart from the contract for Hospitals for the Insane, in lieu of the meat mentioned in the schedule, and substituted therefor, provided 24 hours' notice (except in cases of emergency) be given to the contractor of such intention.

Meat derived from the carcasses of Bulls, Stags, or Rams, or Mutton weighing more than 70 lbs. in the carcass, will not be received, and shall not be tendered for delivery.

For Sub-schedules 9 and 10, in the Melbourne District, in addition, the following clauses apply:—

The beef must be supplied in quantities as ordered from Ribs, Sirloin, and Thick Flanks. Chuck Ribs, i.e., the first to fourth inclusive, will not be accepted.

Mutton must be delivered in sides. All kidney fat to be removed.

Meat containing an undue proportion of bone or fat will not be accepted.

The parts to be removed by the contractor are indicated by the shaded portions of the annexed diagram

For Beechworth samples (corresponding to the description given in the schedule) of meat ordinarily retailed to the public will be considered as a test for quality.

As regards supplies for s.s. *Rip*, all meat must be of prime quality, and must be supplied in equal quantities from ribs, sirloin, and thick flanks; mutton to be delivered in sides; all kidney fat to be removed; meat containing an undue proportion of fat will not be accepted. Chuck ribs will not be accepted in lieu of prime ribs. Live sheep to be supplied when required.

MILK.

The milk must be fresh, pure, and of the best quality, and subject to test when required by the Department, and supplied at such times as the Department may require. Should the

contractor fail to supply at the time specified in the order or at such times as may be indicated in any general notice to the contractor his contract may be cancelled forthwith and his security forfeited, or should the supply prove to be not of contract quality it will be rejected, and any expense incurred will be charged to the contractor.

POTATOES.

Potatoes to be dry and free from dirt. Contractors to supply 117 lb. of potatoes for each cwt. credited to them, and, in addition, to take back all rejected before being cooked.

If the price of potatoes becomes abnormally high, the heads of the various departments concerned may, if they think fit, cause rice or any other suitable food to be occasionally substituted in lieu thereof.
