The installation may be either an interrupted continuous wave, or spark transmitter. Provided that no spark transmitter may be installed which has an audio frequency input to the supply transformer of more than 300 watts.
- (b) An emergency wireless installation provided with a source of energy which is independent of the main steam and electricity supply of the ship, and is capable of being worked continuously for six hours, and providing a normal range by reckoning of fifty (50) nautical miles. Provided that where the main installation complies with the requirements as to emergency installation, as well as to the requirements for the main installation, the main installation alone shall suffice.

(2) Every ship of Class "B" may be equipped with the installation prescribed for ships of Class "A," or alternatively shall be equipped with an automatic distress sender.

5. The installation, whether main or emergency, shall be placed in a position approved by the Board, or an authorized officer of the Board, as high as practicable above the deepest load water line of the ship, and where the installation is elsewhere than on the bridge, there shall be provided efficient means of communication with the bridge by means of voice pipe, telephone, or other means equally efficient.

- (a) Transmitting on a frequency of 500 kilocycles (600 metres), and also on an alternative frequency within the band of 500 to 333 kilocycles (600 to 900 metres).
- (b) Receiving signals without interference on frequencies from 1,570 to 333 kilocycles (190 to 900 metres).
- (c) Rapid changes from transmission to reception and vice versa when communication is established, and also rapid changes of frequency.

(2) All transmitters, whether main or emergency installations or automatic distress senders, shall have a note of frequency of not less than one hundred (100).

8. The emergency installation and the automatic distress sender shall be capable of being put into operation rapidly.

9. There shall be available at all times while the ship is at sea a supply of electrical power from the ship's dynamo sufficient for operating the main installation over the range required by these Regulations. Power shall also be available at a definite time each day for charging any batteries forming part of the installation.

10. A person shall not be deemed to be an operator or a wireless signaller within the meaning of these Regulations unless he is the holder of a valid certificate as is required by the following sub-Regulations, or one of a higher class, that is to say:—

- (a) In the case of an operator on board a ship, a certificate of proficiency in radiotelegraphy of the second class granted by the Postmaster-General, or by some authority empowered in that behalf by the laws of the United Kingdom, or of some part of His Majesty's Dominions, and recognized by the Postmaster-General as equivalent to the like certificate granted by him; and
- (b) In the case of a wireless signaller on board a ship, a signaller's certificate granted by the Postmaster-General, or by the authority empowered in that behalf by the laws of the United Kingdom or of some part of His Majesty's Dominions, and recognized by the Postmaster-General as equivalent to the like certificate granted by him.

11. In the case of vessels classified in Class "A," watches shall be maintained by an operator whilst the ship is at sea at those times prescribed in the schedules of the Commonwealth Navigation (Wireless Telegraphy) Regulations.

12. In the case of ships classified in Class "B" which are equipped with manually operated installations, watch shall be maintained by an operator whilst the ship is at sea at those times prescribed in the schedules of the Commonwealth Navigation (Wireless Telegraphy) Regulations.

13. The master of every ship to which these Regulations apply shall take all necessary steps to ensure that the wireless telegraph service of the ship is maintained in accordance with these Regulations, and with the conditions of the licence granted by the Postmaster-General under the Wireless Telegraphy Act and Regulations. Every operator or wireless signaller, as the case may be, shall go on watch punctually at the times prescribed, and no operator or wireless signaller being on duty shall leave the wireless telegraph room during any such time as a watch is, by these Regulations, required to be maintained.

14. The emergency installation shall not be used otherwise than for the purpose for which it is installed, except when it is necessary or desirable that communication should be limited to very short ranges.

15. The Board may exempt from any or all of the provisions of these Regulations, either unconditionally or subject to such conditions as it may think fit, any ships or classes of ships on which, having regard to the nature of the voyages on which the ships are engaged, or other circumstances of the case, it is of opinion that these provisions, or any of them, are unnecessary or unreasonable.

16. The Board shall appoint a Committee of advice to investigate and report to the Board cases where it is claimed vessels should be exempted from the provisions of these Regulations. The said Committee shall consist of the President or Vice-President of the Marine Board, who shall be chairman, a representative of the shipowners, and a representative of the maritime organizations.

17. Any breach of these Regulations shall be punishable by a fine not exceeding Fifty pounds (£50), except in cases of continuing offence, when a penalty of Ten pounds (£10) for every day, after notice of the offence, may be affixed.

The Closer Settlement Act 1928, Part I.

MOUNTAINOUS AREAS SCHEME.

THE Farm Allotment mentioned in the Schedule hereunder is hereby proclaimed available for application, and may be taken up under Conditional Purchase Lease, subject to the mountainous areas provisions:—

TERMS, CONDITIONS, ETC.

Applications must be made on the prescribed form and lodged with the Secretary, Closer Settlement Commission, Public Offices, Melbourne, or with the officer conducting the Inquiry Board. An applicant may apply for more than one allotment, but only one can be granted to any one person.

The capital value, including interest at $4\frac{1}{2}$ per cent. per annum, is repayable by half-yearly instalments of 6 per cent. per annum over a term of $31\frac{1}{2}$ years. The first ten years will be free as provided hereunder and term of lease extended accordingly.

Improvements must be effected to the value of at least two instalments of the purchase money before the end of the first year from the date of lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year.

The lessee must reside on his allotment until the land becomes freehold. A Crown grant may issue after twelve years, provided the full amount of the purchase money is paid, if the conditions of lease have been complied with.

The lessee cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first three years of the lease.

MOUNTAINOUS AREAS PROVISIONS.

No instalment of purchase money shall be payable during the first ten years, provided the lessee complies with conditions and the allotment is satisfactorily worked. The lessee shall during each and every year of the free period reduce at least one-tenth part of the allotment to a state of clean grass or cultivation and maintain same.

Interest at the rate of $4\frac{1}{2}$ per cent. per annum shall be added to the capital value of the allotment and shall be repaid as part of the instalments of purchase money, and notwithstanding any provisions in any Act, no transfer of the interest in the lease shall be approved by the Board unless the deferred interest to the date of transfer has been paid.

EXCEPT WHERE OTHERWISE STATED.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Lands Department Tender-box, State Treasury Buildings, Melbourne, C.2, at or before Noon on Wednesday, 24th July, 1935.

TENDERS will be accepted at or before Noon on Wednesday, 24th July, 1935, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 121 of the *Land Act* 1928 shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 121st section of the *Land Act* 1928, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miner's rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act* 1928 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act* 1928 in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

SPECIAL CONDITIONS.

1. The period of occupation, except where otherwise stated, will be for fourteen (14) months from 1st August, 1935, to 30th September, 1936.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender. Otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing owned by him within one month, or he may arrange with the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act* 1928.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the ingoing tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act* 1928, provides—

1. Where a licensee under section 121 of the *Land Act* 1928 has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

TENDERS FOR THE SERVICE 1935-37.

GENERAL STORES.

TENDERS will be received until Eleven o'clock a.m. on Friday, 12th July, 1935, from persons willing to furnish the undermentioned articles from 1st October, 1935, to 30th September, 1937. Delivery must be made as indicated in the schedule:—

Schedule No. 101.—Overcoats and Cloaks (Waterproof) for Police. Preliminary deposit, £10.

Security.—Ten per cent. on total amount of tender accepted. Schedule as above, with full particulars and conditions of contract, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information afforded to persons tendering.

If the tenderer is in a position to supply a suitable substitute of Commonwealth production or manufacture in place of the sample at the Tender Board Office he may tender for such substitute under column A in the schedule, but he must submit with his tender a sample of the article offered.

Preference will be given by the Tender Board, provided the quality of the articles offered is satisfactory, and the rates charged are considered reasonable:—

(a) to tenders for articles manufactured within the Commonwealth;

(b) to tenders for articles manufactured within any other part of the British Empire.

In all cases the country of origin of the articles offered must be stated, and the total cost of each item extended in the columns provided.

Tenders must be accompanied by the preliminary deposit, as shown above, in a bank draft or bank cheque, in favour of the Secretary to the Tender Board. Cheques, Savings Bank deposit books, fixed deposit receipts, State or Commonwealth Treasury bonds or Government debentures, or references to securities on existing contracts will in no case be received or entertained as preliminary deposits. Preliminary deposits will be returned within ten days to unsuccessful tenderers on their application.

Security will be required, either in bank guarantee (bank to be approved by the Tender Board), State or Commonwealth Treasury Bonds, Government debentures, Savings Bank deposit book, fixed deposit receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

In the event of tenderers withdrawing their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited, and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for a breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and having the words "Tender for —" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, C.2; or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, C.2, which office they must reach by first post on the date of closing of tenders.

Conditions of Contract are those published in the *Victoria Government Gazette* of 27th February, 1935, pages 769 and 770.
