[1936

## PUBLIC HOLIDAYS.

### PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

IN pursuance of the provisions contained in Part VII. of the *Public Service Act 1928* (19 Geo. V. No. 3757), I, the Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, do by this my Proclamation appoint the days and date hereunder mentioned to be observed as a Public Holiday or a Public Half-Holiday (as the case may be) at the places respectively specified, viz.:—

#### Public Holiday:—

WEDNESDAY, THE 15TH DAY OF JULY, 1936, throughout the Walpeup Riding of the Shire of Walpeup.

Public Half-Holiday from the Hour of Twelve o'clock noon:—

WEDNESDAY, THE 15TH DAY OF JULY, 1936, throughout the City of Geelong\*.

\* Races.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this twenty-third day of June, in the year of our Lord One thousand nine hundred and thirty-six, and in the first year of the reign of His Majesty King Edward VIII.

(L.S.)

HUNTINGFIELD.

By His Excellency's Command,

H. S. BAILEY,  
Chief Secretary.

GOD SAVE THE KING!

#### The Fisheries Acts.

PROHIBITION OF ALL FISHING IN OR THE TAKING OF FISH FROM PORTION OF THE COLIBAN RIVER UNTIL THE 31ST AUGUST, 1938.

### PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

I, THE Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said state, and in pursuance of the No. 128.—7777. —PRICE 6d.; Quarterly, 7s. 7d.; Half-Yearly, 15s. 2d.; Yearly, 30s. 4d.

provisions of the Fisheries Acts and all other powers me enabling in that behalf, do by this Proclamation prohibit all fishing in, or the taking of fish from, the Coliban River from the Coliban Falls upstream to the railway viaduct until the thirty-first day of August, 1938 (inclusive).

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this thirtieth day of June, in the year of our Lord One thousand nine hundred and thirty-six, and in the first year of the reign of His Majesty King Edward VIII.

(L.S.)

HUNTINGFIELD.

By His Excellency's Command,

H. S. BAILEY,  
Chief Secretary.

GOD SAVE THE KING!

#### The Fisheries Acts.

NOTICE OF INTENTION RESPECTING THE USE OF FISHING NETS IN SHALLOW INLET NEAR WARATAH BAY.

IT is hereby notified, for general information, that it is intended, after the expiration of one month from the date of publication of this notice in the *Government Gazette*, to move His Excellency the Governor in Council to make a Proclamation providing as follows respecting the waters of Shallow Inlet, within or inside an imaginary line running from the extreme seaward or outward point of either bank or side to the opposite extreme seaward or outward point where the waters of such inlet enter the ocean:—

- (a) The use of trammels, trawls, or other nets or engines whether fixed or unfixed, to be employed in fishing, shall be prohibited from the fifteenth day of December in each year to the fifteenth day of February in the following year (both days inclusive).
- (b) The use of mesh or set nets to be employed in fishing shall be prohibited during the whole of each year.

H. S. BAILEY,  
Chief Secretary.

F. LEWIS,  
Chief Inspector of Fisheries and Game.

24th June, 1936.

No. 128.—7777. —PRICE 6d.; Quarterly, 7s. 7d.; Half-Yearly, 15s. 2d.; Yearly, 30s. 4d.

## APPOINTMENTS.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, has, by Orders made on the 23rd day of June, 1936, been pleased to make the undermentioned appointments:—

## DEPARTMENT OF AGRICULTURE.

*Lanternist and Assistant,*

HAROLD FREDERICK THOMPSON  
to be Lanternist and Assistant, General Division; a vacancy having occurred, and the Public Service Commissioner having certified on the 12th June, 1936, that an appointment is required, that there is no person available and fit in the Public Service to be promoted or transferred to fill the vacant office, and that the person named is entitled, under the provisions of the *Public Service Act 1928*, to be appointed to fill such vacancy on probation for six months.

## DEPARTMENT OF CHIEF SECRETARY.

*Electoral Registrars,*

JOHN CARLILE GIBBS  
to be Electoral Registrar for the Whittlesea Division of the Southern Province, to date from 1st June, 1936, *vice* Herbert Frederick Ewart, resigned;

FREDERICK WILLIAMSON MCKENZIE  
to be Electoral Registrar for the Welshpool Division of the Gippsland Province, to date from 1st June, 1936, *vice* Fred Fisher, resigned;

ROBERT TOWNSEND  
to be Electoral Registrar for the Ballarat Division of the Wellington Province, to date from 1st June, 1936, *vice* William Arthur Christy, resigned; and

JOHN INGOMAR HENRY  
to be Electoral Registrar for the Sunshine Subdivision of the Electoral District of Footscray, to date from 1st July, 1936, *vice* Trevor William Lovett, resigned.

*Chaplain,*

WILLIAM HENRY CLAY  
to be Church of Christ Chaplain to His Majesty's Gaol, Pentridge (honorary), *vice* James E. Thomas, resigned.

*Registrars of Births and Deaths,*

MERLE WOOD  
to be Registrar of Births and Deaths at Yallourn, with fees, *vice* George R. A'Court, resigned; and

GEORGE JOHN BRUNNEN  
to be Registrar of Births and Deaths at Nyah West, with fees.

## DEPARTMENT OF MENTAL HYGIENE.

*Clerk, Class V.,*

GORDON READ SLEEMAN  
to be a Clerk, Class V., in pursuance of the provisions contained in the *Public Service Act 1925* and the Lunacy Acts, the Permanent Head of the Department having requested that a vacancy which has occurred should be filled, and the Director of Mental Hygiene having certified, on the 22nd May, 1936, that an appointment is required, that there is no person available and fit in the Public Service to be promoted or transferred to fill the vacant office, and that the person named is entitled, under the provisions of the *Public Service Act 1925* and the Lunacy Acts, to be appointed to fill such vacancy on probation for twelve months.

## DEPARTMENT OF LANDS AND SURVEY.

*Bailiff of Crown Lands,*

JAMES PATRICK DEAGAN, First Constable, No. 6489,  
to be a Bailiff of Crown Lands, without salary, in and for the State of Victoria.

## DEPARTMENT OF LAW.

*Draughtsmen,*

PERCIVAL ARTHUR JORDON,  
WILLIAM SYDENHAM SNEDDEN, and  
RAYMOND DUDLEY STEELE  
to be Draughtsmen, Class "E," Professional Division, Survey Branch, Office of Titles; vacancies having occurred, and the Public Service Commissioner having certified on the 15th June, 1936, that appointments are required, that there are no persons available and fit in the Public Service to be promoted or transferred to fill the vacant offices, and that the persons named are fit and proper persons and duly qualified to be appointed to fill such vacancies on probation for three months.

*Magistrates,*

STANLEY JOHNSON, 16 Crisp-avenue, East Brunswick, and  
HUBERT GEORGE PRICE, Werribee South,  
to Keep the Peace in the Central Bailiwick of the State of Victoria;

WILLIAM THOMAS HUTCHESON, Metcalfe,  
to Keep the Peace in the Midland Bailiwick of the State of Victoria; and

ALBERT EDMUND JAMES DEAN MAYGAR, Euroa,  
to Keep the Peace in the Northern Bailiwick of the State of Victoria.

*Commissioners for Taking Declarations, &c.,*

The undermentioned persons to be Commissioners for taking Declarations and Affidavits under the provisions of Division 8 of Part I. of the *Evidence Act 1928*, on the conditions set out opposite their respective names:—

JAMES ADAM DUDLEY GILLESPIE, Lara—to resign upon removing from the neighbourhood of Lara;

ALFRED JAMES CLAYTON MUNDAY, 162A Clarke-street, Northcote—to resign upon removing from the neighbourhood of 162A Clarke-street, Northcote;

ALEXANDER SYDNEY ANDERSON, 68 Bent-street, Northcote—to resign upon removing from the neighbourhood of 68 Bent-street, Northcote; and

JOHN SCULLY, Victoria-road, Northcote—to resign upon removing from the neighbourhood of Victoria-road, Northcote.

*Probation Officers,*

Pursuant to the provisions of section 8 of the *Children's Court Act 1928*, the undermentioned to be Probation Officers for the Children's Courts shown opposite their respective names, *viz.*:—

GILL INGLIS, Salvation Army Headquarters, Bourke-street, Melbourne—Melbourne;

THOMAS DAVID BEYER, Morwell—Morwell; and

ARTHUR WRIGHT, 22 Steele-street, Newport—Williamstown.

*Sworn Valuators,*

The undermentioned persons to be Sworn Valuators, pursuant to the provisions of section 14 of the *Transfer of Land Act 1928* (No. 3791), for the districts mentioned opposite their respective names:—

FRANCIS JOHN DOOLAN, 100 Queen-street, Melbourne—limited to the Counties of Bourke, Evelyn, and Mornington; and

JOHN FRASER McDONALD, Kaniva—limited to the County of Lowan.

*Registrar of County Court, &c.,*

RICHARD HAMILTON GOSS  
to be also Registrar of the County Court and Clerk of Petty Sessions at Ararat, and Clerk of Petty Sessions at Beaufort and Willaura; and as Registrar of the County Court at Ararat, appointed by virtue of section 92 of Act 3707, to do and perform with respect to the Court at that place, in the place and stead of the Sheriff, all such acts and things as the Sheriff is by the said Act authorized or required to do or perform, during the absence on annual leave of C. V. Reddie.

*Bailiff of County Court,*

JAMES JERALD WILSON, Senior Constable of Police, Yarrawonga,  
to be also a Bailiff of the County Court at Yarrawonga, *vice* A. F. A. De La Rue, resigned.

*Sheriff's Bailiff, &c.,*

DAVID HENRY KILMAN GOWER, First Constable of Police, Colac,  
to be also a Sheriff's Bailiff and a Bailiff of the County Court at Colac, *vice* P. V. Corbett, resigned.

## DEPARTMENT OF MINES.

*Mining Registrar,*

VERONICA ALICE WALKER  
to act, as from the 9th June, 1936, as Mining Registrar for the Jamieson Division of the Beechworth Mining District, *vice* R. Wray, resigned, fees received to be the only remuneration.

*Deputy Mining Registrar,*

CHARLES TOBIN, Senior Constable of Police,  
to act, as from the 18th June, 1936, as Deputy Mining Registrar at Mansfield, for the Alexandra Division of the Beechworth Mining District, *vice* E. C. Cahill, relieved, fees received to be the only remuneration.

## DEPARTMENT OF TREASURER.

*Receiver of Revenue,*

AUSTIN JAMES COLLINS  
to act as Receiver of Revenue, Benalla, during the absence of C. E. Elvish on leave.

*Collector of Imposts,*

THOMAS RIDER  
to act as Collector of Imposts, Government Printing Office, during the absence of H. J. Green on leave.

STATE RIVERS AND WATER SUPPLY COMMISSION.  
Waterworks Trust Commissioners.

The undermentioned persons re-appointed Commissioners of the Waterworks Trusts named, for a further period of four years from the 23rd June, 1936, their former term of office having expired by effluxion of time:—

WILLIAM RANDALL COMBINS—Rutherglen.  
WILLIAM JOHN ANDERSON—Trentham.

Auditor,

HERBERT EMBERLIN POOLE,  
in pursuance of the provisions of the *Sewerage Districts Act 1928*, to complete the audit commenced by Francis Richards, deceased, of the accounts of the Ballarat Sewerage Authority for the year ending 31st December, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

At Parliament House,  
Melbourne, the 23rd June, 1936.

RESIGNATIONS.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, has, by Orders made on the 23rd day of June, 1936, accepted the resignations of the persons named hereunder of the offices mentioned, viz.:—

DEPARTMENT OF CHIEF SECRETARY.

TREVOR WILLIAM LOVETT, as Electoral Registrar for the Sunshine Subdivision of the Electoral District of Footscray, to date from 30th June, 1936.

JAMES MICHAEL DUGGAN, as Electoral Registrar for the Casterton Division of the Western Province.

JAMES E. THOMAS, as Church of Christ Chaplain to His Majesty's Gaol, Pentridge (honorary).

GEORGE ROBERT A'COURT and WILLIAM SYDNEY HAEVEY, as Registrars of Births and Deaths at Yallourn and Nyah respectively.

DEPARTMENT OF LAW.

HAROLD WALLACE BOYD, as an Officer of the Fifth Class, Clerical Division, Courts.

PATRICK VICKERS CORRETT, as a Sheriff's Bailiff and a Bailiff of the County Court, at Colac.

ARTHUR FRANCIS ANDREW DE LA RUE, as a Bailiff of the County Court, at Yarrawonga.

C. W. KINSMAN,  
Clerk of the Executive Council.

At Parliament House,  
Melbourne, the 23rd June, 1936.

STATE COAL MINE INDUSTRIAL TRIBUNAL.

AWARD No. 27 OF 12TH JUNE, 1936, RELATING TO RATES OF PAY OF CERTAIN EMPLOYEES.

THE State Coal Mine Industrial Tribunal, in pursuance of the powers in that behalf conferred by the provisions of the *State Coal Mine Industrial Tribunal Act 1932* (No. 4030), and constituted as provided by the said Act and the Order in Council made thereunder dated 21st August, 1934, hereby determines and awards as follows (that is to say):—

Stone Drive Contract Work.

When workers are engaged in driving stone drives on contract the following rates shall be substituted for the existing rates of 3.9d. per cubic foot, power boring, and 4.3d. per cubic foot, hand boring:—

	Power Boring. per cub. ft.	Hand Boring. per cub. ft.
Drives over 8 feet in width	3.9d.	4.5d.
Drives 8 feet and over 7 feet in width	4.1d.	4.5d.
Drives 7 feet and over 6 feet in width	4.3d.	4.7d.
Drives 6 feet and under in width	4.5d.	4.9d.
Airholes under 5 feet in width	4.9d.	5.4d.

The above rates are based on measurements inside timber.

Dated this twelfth day of June, One thousand nine hundred and thirty-six.

H. C. WINNEKE, Chairman,  
State Coal Mine Industrial Tribunal.

Approved by the Governor in Council  
(to come into operation on the 25th June, 1936),  
30th June, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

Act No. 3757, Section 66 (VIII.).

REGULATIONS.—CLASSIFICATION OF GENERAL DIVISION.

G. G. SINCLAIR,  
Secretary, Country Fire Brigades Board,  
Melbourne, 25th June, 1936.

## RULES OF THE COUNCIL OF LEGAL EDUCATION.

RULES RELATING TO THE QUALIFICATION OF CANDIDATES TO PRACTISE AS BARRISTERS AND SOLICITORS, AND FOR THE ADMISSION OF SUCH CANDIDATES TO PRACTISE.

The 21st day of May, 1936.

IN pursuance of the authority in this behalf conferred upon the Council of Legal Education by the *Legal Profession Practice Act 1928*, the said Council hereby makes the following Rules:—

1. (a) These Rules may be cited as the Rules of the Council of Legal Education 1936.
  - (b) The Rules of the Council of Legal Education made on the 29th day of December, 1932, and the Rules of the Council of Legal Education made on the 26th day of March, 1935, are herein referred to as "the existing Rules."
  - (c) The existing Rules as amended by these Rules may be cited as the Rules of the Council of Legal Education 1932-1936.
2. Rule 23 of the existing Rules is hereby repealed and the following Rule inserted in its stead:—
- "23. (1) (a) A pupil may serve articles of clerkship in the State of Victoria.
- (b) Subject to the approval of the Supreme Court or a Judge thereof, which approval may be given at any time before the pupil applies to be admitted as a Barrister and Solicitor, and upon such terms and conditions as such Court or Judge imposes, a pupil may—
- (i) serve articles of clerkship in another State of the Commonwealth or in a Territory of the Commonwealth,
  - (ii) serve articles of clerkship with the Crown Solicitor for the Commonwealth or a Deputy Crown Solicitor for the Commonwealth,
  - (iii) serve articles of clerkship for a period not exceeding one year in England, Scotland, Northern Ireland, or the Irish Free State.
- (2) With the approval of the Supreme Court or a Judge thereof, which approval may be given at any time before the pupil applies to be admitted as a Barrister and Solicitor and subject to such conditions as such Court or Judge imposes, the period of service may be divided so that periods served in more than one State, Territory, or place may be added together to make up the full time of service required by these Rules.
- (3) (a) Articles of clerkship shall be served—
- (i) in Victoria with a Barrister and Solicitor,
  - (ii) in any other State or part of the Commonwealth with a legal practitioner howsoever styled,
  - (iii) in England, Scotland, Northern Ireland, or the Irish Free State, with a British practitioner.
- (b) Such practitioner shall during the whole of such service be practising and entitled to practise in the place in which such articles are served.
- (4) Service under articles if in Victoria shall be in accordance with the provisions of this Division and if elsewhere than in Victoria shall be in accordance with the law in force in the place in which such articles are served."
3. Rule 24 of the existing Rules is hereby repealed and the following Rule inserted in its stead:—
- "24. (1) Every person required by these Rules to serve under articles of clerkship shall within one month or (in the case of articles entered into in England, Scotland, Northern Ireland, or the Irish Free State) three months after entering into articles of clerkship (including supplementary articles) produce to the Board of Examiners (a) such articles; (b) an affidavit of verification thereof in the form or to the effect of Schedule B hereto; (c) the certificate referred to in paragraph (b) of Rule 5 or the certificate referred to in paragraph (d) of Rule 5 or evidence of having obtained the degree of Bachelor of Laws.
- (2) Such person shall deliver to the said Board a copy of such articles, affidavit, certificates, and evidence, which copy shall be retained by the Secretary subject to the direction of the Board.

(3) The Board of Examiners shall consider such articles, affidavit, certificates, and evidence, and if it is satisfied as to the truth of the matters therein contained and that such person has duly complied with such of these Rules as are applicable to him and is qualified under these Rules to enter into articles and that such articles have been in fact duly entered into, it shall certify its approval on such articles by the signature of a member of the Board and the Secretary, and production of the articles so certified shall be sufficient evidence for all purposes of the truth of the matters in this sub-clause mentioned.

(4) This Rule shall not apply to any person who at the date of its coming into operation is already serving under articles pursuant to these Rules."

4. Rule 29 of the existing Rules is amended by inserting at the end thereof the following:—

"Save as aforesaid an article clerk shall not enter into supplementary articles except by leave of the Supreme Court or a Judge thereof."

5. Rule 31 of the existing Rules is amended by inserting at the beginning thereof the following:—

"Save with the approval of the Board of Examiners no clerk shall enter into articles in Victoria with any Barrister and Solicitor who has not been in practice for a continuous period of five years and."

6. Rule 41 of the existing Rules is amended by omitting the words "and the Secretary to the Board of Examiners".

7. Rule 42 of the existing Rules is hereby repealed and the following Rule inserted in its stead:—

"42. Upon application made for that purpose the Supreme Court or a Judge thereof shall have power, subject to such conditions as it or he imposes, to enlarge or abridge the time appointed by any of these Rules for doing any act or taking any proceeding and to dispense with the performance or observance of any requirement of these Rules. Any enlargement, abridgment, or dispensation as aforesaid may be made either before or after such requirement should be performed or observed or the expiration of the time appointed, provided that in the opinion of the Supreme Court or a Judge thereof such enlargement, abridgment, or dispensation will not diminish the substantial value of the training or qualifications required by these Rules, and a refusal thereof would involve undue hardship."

8. After Rule 42 of the existing Rules there shall be inserted the following Rules:—

43. Notice of every application or proceeding in the Supreme Court or before a Judge thereof under this part or under Rule 23, 29, 32, or 35, and a copy of every notice of appeal or other document to be used upon such application or proceeding shall be served on the Board of Examiners at least two days before such application or proceeding is heard.

44. All notices to be served on or papers to be produced or delivered to the Board of Examiners may be served or produced or delivered, as the case may be, by delivering the same to the Secretary to the Board of Examiners, or in his absence to the Assistant Librarian of the Supreme Court at the office in the Supreme Court Library.

9. Schedule B of the existing Rules is amended by inserting therein after paragraph 5 the following paragraph:—

"6. I have been in practice as a Barrister and Solicitor as aforesaid for a period of five years and upwards, namely \_\_\_\_\_ and (here state number of article clerks in appropriate detail to show that Rule 31 is being observed)."

10. Schedule E of the existing Rules is hereby amended by striking out the words "filed by me with the Secretary to the Board of Examiners" in Clause 1 and substituting the words "delivered in accordance with Rule 35".

On behalf of the Council of Legal Education,

F. W. MANN, President.  
J. B. HARPER, Secretary.

Transmitted to the Governor in Council the 23rd June, 1936.

A. L. BUSSAU,  
Attorney-General of Victoria.

Approved by the Governor in Council,  
the 23rd June, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

## THE COUNCIL OF PUBLIC EDUCATION.

IN pursuance of the provisions of section 90 of the *Education Act 1928*, the Council of Public Education hath, on this the 9th day of June, 1936, appointed the following members of the said Council to be the Registration Committee, that is to say:—

HAROLD JOHN STEWART, Esq., M.A.;  
Miss KATHLEEN ANNIE GILMAN JONES;  
GEORGE RAYMOND KING, Esq., O.B.E., F.R.V.I.A., J.P.,  
Professor BERNARD THOMAS HEINZE, Degré Supérieure,  
Schola Cantorum, Paris;  
The Reverend MATTHEW BEOVICH, D.D., D.Ph.;  
ERNEST PERCY ELTHAM, Esq., B.E.L.E.;  
RICHARD PENROSE FRANKLIN, Esq., M.A.;  
JOHN ARNOLD SEITZ, Esq., M.A., B.C.E.;  
Miss JULIA TERESA FLYNN, B.A.

The appointment of the above Registration Committee shall be for the period from the first day of July, 1936, to the thirtieth day of June, 1937.

J. McRAE, President.  
A. F. GRAHAM, Registrar.

Education Office, Melbourne.

*Children's Court Act 1928.*

## CHILDREN'S COURT, RICHMOND.—DAY AND HOUR ALTERED.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, and pursuant to the provisions of the *Children's Court Act 1928*, has, by an Order made on the 23rd day of June, 1936, directed that the day and hour for the holding of the Children's Court at Richmond be altered to alternate Fridays, at Two p.m., in lieu of the day and hour heretofore appointed, to take effect as from and inclusive of the 3rd July, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

At Parliament House,  
Melbourne, the 23rd June, 1936.

## EXECUTION.

THE subjoined certificate and declaration touching the execution of Edward Cornelius at His Majesty's Gaol, Pentridge, are published pursuant to the provisions of the *Crimes Act 1928*, section 555.

W. A. W. KELL,  
Prothonotary.

Prothonotary's Office, Melbourne, C.1, 22nd June, 1936.

*Crimes Act 1928.—Section 551.**Eighth Schedule.*

## CERTIFICATE OF MEDICAL OFFICER.

I, Albert John William Philpott, being the medical officer in attendance on the execution of Edward Cornelius at His Majesty's Gaol, Pentridge, do hereby certify and declare that I have this day witnessed the execution of the said Edward Cornelius at the said gaol; and I further certify and declare that the said Edward Cornelius was, in pursuance of the sentence of the Supreme Court at Melbourne, hanged by the neck until his body was dead.

Given under my hand this twenty-second day of June, One thousand nine hundred and thirty-six, at His Majesty's Gaol, Pentridge.

A. J. W. PHILPOTT,  
Government Medical Officer.

*Crimes Act 1928.—Section 551.**Ninth Schedule.*

## DECLARATION.

We do hereby testify and declare that we have this day been present when sentence of death was carried into execution on the body of Edward Cornelius, convicted at the Criminal Sittings of the Supreme Court held at Melbourne on the sixteenth day of March, 1936, and sentenced to death, and that the said Edward Cornelius was, in pursuance of the said sentence, hanged by the neck until his body was dead.

Dated this twenty-second day of June, One thousand nine hundred and thirty-six, at His Majesty's Gaol, Pentridge.

A. E. BLACKLOW, Sheriff.  
T. SLEETH, Acting Governor.  
T. A. KEELY, Deputy Sheriff.  
E. ROSS, Senior Chief Warder.  
F. G. WHITING, *Sun News-Pictorial*.  
R. J. LAWSON, the Age.  
J. O'CONNELL LEEMING, *Truth*.  
C. C. EAGER, the *Herald*.  
F. R. ASHFORD, Senior Warder.  
D. McINNES, Senior Warder.

## DEPARTMENT OF CHIEF SECRETARY.

## ROYAL COMMISSION RE SUPERINTENDENT J. O'C. BROPHY—MAXIMUM EXPENDITURE.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, has, by an Order made on the 23rd day of June, 1936, directed that the sum of Three hundred pounds (£300) be fixed as the maximum expenditure to be incurred by the Royal Commission appointed to inquire into the alleged shooting at and wounding of John O'Connell Brophy, a Superintendent of Police, being an addition of One hundred and twenty-five pounds (£125) to the amount fixed by the Governor in Council on the 16th June, 1936, as the maximum expenditure.

C. W. KINSMAN,  
Clerk of the Executive Council.

At Parliament House,  
Melbourne, the 23rd June, 1936.

## CHILDREN'S WELFARE ACT 1928.

WHEREAS by section 51 of the *Children's Welfare Act 1928* it is enacted as follows, that is to say:—

Applications to fix or increase the sum payable by any parent, or to vary or revoke any order suspending or dispensing with payment or to recover payment of the same, may be made by or on behalf of any person authorized by any general or special order of the Minister:

Now I, Henry Stephen Bailey, The Chief Secretary of the State of Victoria and the responsible Minister of the Crown administering the said Act, do by this General Order authorize the Secretary of the Children's Welfare Department, all superintendents of police, all inspectors and sub-inspectors of police, all sergeants of police, and all police constables, and all clerks of petty sessions now holding office or hereafter to be appointed, to make application to fix or increase the sum payable by any parent, or to vary or revoke any order suspending or dispensing with payment, or to recover payment of the same.

Dated this twenty-second day of June, 1936.

H. S. BAILEY,  
Chief Secretary.

Chief Secretary's Office, Melbourne.

## RE REAL ESTATE AGENT NAMED WILLIAM ARTHUR WISE, OF 150 QUEEN-STREET, MELBOURNE.

PERSONS having claims against the fidelity bond issued under the provisions of the Real Estate Agents Acts in connexion with the real estate agent's licence of the above-named William Arthur Wise, are required to forward full particulars and proof thereof to the Registrar under the Real Estate Agents Acts, at the Treasury Buildings, Melbourne, not later than Friday, the 17th day of July, 1936.

F. MADDERN,  
Registrar.

The Treasury,  
Melbourne, 25th June, 1936.

19 Geo. V. No. 3632, Section 106.  
19 Geo. V. No. 3792, Section 27.

## NOTICE.

A RULE to administer the estate of each of the under-mentioned deceased persons has been granted to me, and creditors, next of kin, and all others having claims against the estate of any of the persons so mentioned are required to send particulars of their claims to the Curator of the Estates of Deceased Persons, No. 267 Queen-street, Melbourne, on or before the 9th September, 1936, or they may be excluded from the distribution of the estate when the assets are being distributed:—

QUALLE, ELIZABETH, late of 57 Alfred-street, Prahran, spinster, died on the 13th May, 1936, intestate.

WATERSTONE, SAMUEL, late of Glen Forbes, imperial pensioner, died on the 16th May, 1936, intestate.

WATTS, EDMUND FRANCIS (also known as Edmund Watts), late of 33 Tyne-street, Carlton, formerly of No. 145 Barkly-street, pensioner, died on the 25th May, 1936, intestate.

M. M. PHILLIPS,  
Curator of the Estates of Deceased Persons.

Melbourne, 23rd June, 1936.

Marine Act 1928.

MARINE BOARD OF VICTORIA.

REGULATIONS FOR THE MANNING OF VICTORIAN INTRA-STATE SHIPS.

IN pursuance of powers conferred upon it by the *Marine Act 1928*, the Marine Board of Victoria, with the approval of His Excellency the Governor of Victoria, acting by and with the advice of the Executive Council thereof, doth hereby make the Regulations following, that is to say:—

GENERAL.

1. *Short Title*.—These Regulations may be cited as the "Manning of Victorian Intra-State Ships Regulations 1936."

2. *Commencement*.—These Regulations shall take effect on and from the date of publication hereof in the *Government Gazette*.

3. *Definitions*.—For the purpose of these Regulations, the words following shall have the meaning set out opposite to each:—

"*Victorian Intra-State Ship*" means any ship, boat or any other description of vessel used in navigation within the limits of the State of Victoria.

"*Limited Coast Trade Ship*" means a ship exclusively engaged in Victorian Intra-State trade making voyages in open waters beyond the limits of a port.

"*River and Bay Ship*" includes every ship which trades exclusively within the limits of any Victorian port or river.

"*Seaman*" means every person employed or engaged in any capacity on board a ship, except masters and persons temporarily employed or engaged in loading or unloading, effecting overhaul or repair.

"*Deckhand*" means a seaman rated as Boatswain, A.B., O.S., apprentice or deckboy.

"*Boatswain or A.B.*" means a deckhand who has served at least three years as a deckhand on a ship (or ships) making voyages in open waters beyond the limits of a port.

"*O.S.*" means a deckhand who has served at least one year as a deckhand on a ship (or ships) making voyages in open waters beyond the limits of a port.

"*Fireman*" means a seaman who has served at least six months as trimmer or fireman at sea.

"*Greaser*" means a seaman who has served at least six months as fireman at sea.

"*Go to sea*" includes the getting under way for the purpose of going to sea, plying, or running of a ship, or proceeding on a voyage.

"*Take to sea*" and "*Send to sea*" have meanings corresponding with "*Go to sea*."

"*The Board*" means the Marine Board of Victoria.

4. *Penalty*.—Any breach of these Regulations shall be punishable by a fine not exceeding Fifty pounds (£50) except in case of continuing offence, when a penalty of Ten pounds (£10) for every day after notice of the offence may be affixed.

5. *Ship's Complement of Crew*.—No owner shall send to sea, and no Master shall take to sea, a ship that does not carry, in addition the certificated Master, deck and engineer officers prescribed by sections 59 and 60 of the *Marine Act 1928*, the number and description of persons specified in the scales set out in Schedules I. and II. hereto.

Provided that, on application by an owner, owner's agent, or Master, or by an authorized representative of any rating or ratings mentioned in Schedules I. and II. for a variation of the number of persons specified in any such schedule or schedules, the Board, after consideration of any statements or evidence which may be tendered in support of and/or adverse to such application, may, if it thinks fit, specify a greater or less number of persons than is required by any such schedule or schedules.

Provided also that the Board may exempt any ship from the operations of Schedule II. in regard to carrying boys or apprentices.

6. *Coal Consumption, Means of Ascertaining*.—For the purpose of determining under the provisions of Schedule II. the total number of firemen and trimmers to be carried by a steamship fired with coal, the amount of coal consumed per diem by the steamship shall be ascertained by the following formula:—

$A \times C \times H \times 24 =$  coal consumption per diem; A C H being the average weight of coal consumed per hour, based upon the consumption (as recorded in the engineer's log) taken over the last 720 hours' steaming time (not necessarily continuous) at sea.

Provided that, in the case of a steamship which has not been in the aggregate 720 hours under steam at sea, the coal consumption per hour shall, until the steamship has been 720 hours at sea under steam, be deemed to be as follows:—

(a) For steamships having water-tube or other externally fired boilers—

Under natural draught.—For each square foot of grate area, 15 lb. of coal per hour;

Under forced draught.—For each square foot of grate area, 22 lb. of coal per hour; and

(b) For other steamships—

Under natural draught.—For each square foot of grate area, 20 lb. of coal per hour;

Under forced draught.—For each square foot of grate area, 27 lb. of coal per hour.

The grate area of a furnace shall, for the purposes of this regulation be arrived at by multiplying the total length of fire-bar surface by the mean diameter of the furnace.

The foregoing Regulations were made and passed at a meeting of the Marine Board of Victoria held this eighth day of April in the year of our Lord One thousand nine hundred and thirty-six.

(L.S.) L. J. BOLGER, Vice-President.  
H. STEWART, Member.  
R. S. ROHNER, Secretary.

SCHEDULE I.

Every Victorian Intra-State ship (except River and Bay ships of less than 15 tons gross registered tonnage) shall be provided with greasers according to the following scale:—

Nominal H.P. of Engines.	Greasers.
(i) River and Bay steamships under 100 n.h.p. over 55 and under 100	1
(ii) River and Bay steamships, 100 n.h.p. and over, running under 20 miles from place of departure— 100 and under 200	1
(iii) River and Bay ships, 100 n.h.p. running 20 miles and over from place of departure— 100 and under 200	1
(iv) Limited coast-trade steamships running under 100 miles from place of departure— 200 and over	2
(v) Limited coast-trade steamships running over 100 miles from place of departure— Under 50	1
100 and under 200	1
200 and under 250	2
250 and under 300	3
(d) 300 and under 400	3 (d)

(d) If more than one screw, three greasers additional. N.H.P. (Nominal horse-power) to be calculated as follows:—

(a) *Reciprocating Engines*.—The sum of the squares of the diameters in inches of all the engine-room steam cylinders  $\div 30 =$  N.H.P.

(b) *Rotary Engines*.—Grate area in square feet  $\times 14 =$  N.H.P.

SCHEDULE II.

SCALE OF CREW.

Note.—This schedule does not apply to River and Bay ships. STEAMSHIPS.

Firemen and Trimmers.

The number of firemen and trimmers required for steamships fired with coal shall be in the proportion of at least one fireman or trimmer for every three and a half tons of coal consumed per diem. Provided that, in the case of any particular ship, the Board may specify a greater or less number of firemen and trimmers to be required. The amount of coal consumed per diem to be ascertained by such means as are prescribed.

Provided that, out of the total number of persons carried in any such steamship rated as firemen or trimmers, one-half at least of such total number shall be firemen; and that no seagoing steamship running more than one hundred (100) miles shall in any case carry less than two firemen.

In regard to any class of ship not provided for in the above scale, the number of firemen and trimmers to be employed shall be such as the Board may require in each case, and the Board may prescribe in reference to any particular class of ships what hands other than firemen and trimmers (rated as such) shall be carried in lieu of the latter.

LIMITED COAST-TRADE SHIPS.

DECKHANDS.

Steamships Carrying Not More than Ten Passengers.

- Under 15 tons net register.—Not less than 1 A.B.
- 15 tons and under 50 tons net register.—Not less than 2 A.B.'s
- 50 tons and under 100 tons net register.—Not less than 2 A.B.'s, 2 O.S.'s, and 1 apprentice or deck boy.
- 100 tons and under 200 tons net register.—Not less than 4 A.B.'s, 1 O.S., and 1 apprentice or deck boy.
- 200 tons and under 400 tons net register.—Not less than 5 A.B.'s, 1 O.S., and 1 apprentice or deck boy.
- 400 tons and under 600 tons net register.—Not less than 6 A.B.'s, 1 O.S., and 1 apprentice or deck boy.
- 600 tons and under 1,000 tons net register.—Not less than 7 A.B.'s, 1 O.S., and 1 apprentice or deck boy.
- For every additional 500 tons net register or part of 500 tons net register.—1 A.B.

Approved by the Governor in Council.  
30th June, 1936.  
C. W. KINSMAN,  
Clerk of the Executive Council.

ORDERS IN COUNCIL.—(Series 1935-36.)

COUNTRY ROADS BOARD.

Country Roads Board Fund—

1272. Purchase of rolled steel joists, £180.—Edward Campbell and Son Pty. Ltd.

Approved by the Governor in Council, the 23rd June, 1936.—  
C. W. KINSMAN, Clerk of the Executive Council.

COUNTRY ROADS BOARD.

## TOWN OF NEWTOWN AND CHILWELL.

IN pursuance of the powers conferred by sections 521 and 525 of the *Local Government Act 1928*, the Council of the Town of Newtown and Chilwell doth order that the lands hereinafter described, which have been taken, purchased, or acquired by it, shall be a public highway from and after the date of publication of this Order in the *Government Gazette*:—

All that piece of land being part of Crown allotment 7, section 10, Parish of Moorpanyal, County of Grant, commencing at a point on the north side of Elderslie-terrace, distant 801 ft. 6½ in., from Minerva-road; thence bounded by lines bearing N. 0 deg. 5 min. E. 201 ft. 11½ in., S. 89 deg. 55 min. E. 50 feet, S. 0 deg. 5 min. W. 201 ft. 11½ in., N. 89 deg. 53½ min. E. 50 feet to the commencing point.

And declares that the land described above shall be a public highway in lieu of the piece of land described hereunder:—  
 All that piece of land being part of Crown allotment 7, section 10, Parish of Moorpanyal, County of Grant, commencing at a point on the north side of Elderslie-terrace, distant 801 ft. 6½ in. from Minerva-road; thence bounded by lines bearing N. 89 deg. 53½ min. W. 805 feet, S. 1 deg. 12½ min. E. 45 ft. 1 in., S. 89 deg. 53 min. E. 804 feet, N. 0 deg. 5 min. E. 45 ft. 3 in. to the commencing point.

In witness whereof the common seal of the Municipality was hereto affixed this 11th day of March, 1936, in the presence of—

(SEAL) JAMES F. F. FRIER, Mayor.  
LEWIS HIRST, Councillor.  
T. S. LANCASTER, Town Clerk.

Confirmed by the Governor in Council,  
the 23rd June, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

## BAIRNSDALE SEWERAGE AUTHORITY.

BY-LAW NO. 1, RELATING TO CONSENTS, LICENCES, ETC., ALSO LEVELS, DIMENSIONS, CONSTRUCTION, MAINTENANCE, VENTILATION, AND CLEANSING OF SEWERS AND OTHER MATTERS RELATING TO HOUSE CONNECTION WORK.

THE Bairnsdale Sewerage Authority, pursuant to and in exercise and execution of the powers and authorities conferred on it by the Sewerage Districts Acts and of any and every other power or authority in any wise enabling it in that behalf, doth hereby make and prescribe the following By-law, that is to say:—

In the construction of this By-law, unless inconsistent with the context or subject-matter—

“Acts” means the Sewerage Districts Act and any amendment thereof, and any Act incorporated therein, or amendment of such Acts.

“Anti-syphonage vent” (or “back vent”) means any vent pipe from an individual trap to the open air, or a main or branch vent pipe having for its purpose the prevention of loss of water seal in the trap.

“Authority” means the Bairnsdale Sewerage Authority.

“Bore,” “diameter,” or “size,” in reference to any pipe, means the nominal diameter thereof, in accordance with accepted trade practice.

“Building” means any building used as a work place, residence, place of business, place of amusement, or place of human habitation, or for the storage of food intended for human consumption, but does not include outbuildings unless such are used for any of the above purposes.

“Disconnecter trap” means a trap for isolating or disconnecting waste pipes from the house drain and soil pipes and providing inlet ventilation to the waste pipe or pipes discharging into it.

“Drain” means any drain used for the drainage of one building only or of premises within the same curtilage and includes any drain for draining any group or block of houses by a combined operation under the order of the Authority.

“Educt vent” means an opening or pipe for the exit of air from and the induction of draught in a soil pipe, waste pipe, or house drain.

“Fittings” mean all apparatus or appliances, together with their necessary appurtenances and connexions, for use in connexion with the plumbing or drainage system of any property, with the exception of fixtures and straight piping.

“Fixtures” means all apparatus or appliances, together with their necessary appurtenances and connexions, which may be attached to the plumbing or drainage system of any property, and which are intended for the collection or retention of any wastes or waste waters for ultimate discharge into the sewerage system.

“Housemaids’ slop sink” means any fixture other than a closet pan or urinal used for the discharge of soil waters and provided with a flushing apparatus in accordance with Division 33 of this By-law.

“Induct vent” means an opening or pipe for the admission of air to a soil pipe, waste pipe, or house drain.

“Interceptor trap” (or “boundary trap-”) means a trap for preventing the passage of air or gases from the sewer to the house drain, and situated on the house drain at some point between the sewer and the lowest inlet to the house drain.

“Occupier” means the person for the time being in actual or constructive occupation of the premises.

“Owner” includes the person for the time being who receives or is entitled to receive the rent of the lands or premises in connexion with which the word is used, whether on his own account or as agent of or as trustee for any other person, or who if such lands or premises were let to a tenant at a rack rent would be entitled to receive the rack rent from the occupier thereof.

“Premises” includes any house and any building whatsoever and any part of any house or building and any garden stable yard or other offices used together or in connexion with any house or building and every part thereof.

“Responsible officer” means any officer authorized by the Authority to act as its representative in the particular matter to which the reference is made.

“Sewer” means any sewer or underground gutter or channel which is not a drain within the meaning of the Acts and any drain or portion of a drain laid between a sewer and the boundary line of any allotment or curtilage.

“Sewerage district” means any portion of the Shire of Bairnsdale to which the Acts apply and which under the Acts is proclaimed a sewerage district and includes any area which is added to and forms part of the sewerage district.

“Sewered property” means as well as any sewered land or premises any land or premises which have been declared by a general notice given by the Authority under the Acts to be deemed and taken to be a sewered property within the meaning of the Acts.

“Sewerage system” includes all sewers, fittings, fixtures, appliances, plant, machinery, and any other sewerage works vested in the Authority.

“Soil pipe” means any pipe which conveys the discharge from water closets, housemaids’ slop sinks, or urinals to the house drain.

“Stack” means any vertical line of soil, waste or vent piping with its offsets, if any.

“Trap” means any fitting designed to retain a quantity of water to arrest the passage of air or gases through such fitting.

“Waste pipe” means any pipe which conveys the discharge from any fixture (except water closets, housemaids’ slop sinks, or urinals) to a disconnecter trap.

“Water seal” or “trap seal” means the vertical distance between the dip and the crown weir of a trap.

## PART 1.

## GENERAL REGULATIONS.

## Division 1.—Applications for Consents, &amp;c.

Section 1. Application for the Authority’s consent to connect with the sewerage system, or to do plumbing and drainage work connected therewith, must be made in writing by the owner of the property to be so connected, or by his authorized agent.

Section 2. Such application shall give the precise location of the property, the name of the owner, and the name of the person employed to do the work, and shall be in the form prescribed by the Authority. For any wilful misrepresentation in such application the owner or authorized agent as aforesaid shall be guilty of an offence against this By-law. No consent given by the Authority shall be deemed to authorize anything not stated in the application, nor to confer or grant the right to lay a drain through any land intervening between the sewer of the Authority and the land proposed to be connected, and every owner or agent applying for the Authority’s consent shall satisfy himself as to his legal right to drain through such intervening land, as he shall be solely responsible for any trespass or damage thereon or thereto.

Section 3. Consents to make connexions with the sewerage system will be issued only when the plumbing and draining in the property to be connected is planned to be made in accordance with the rules for plumbing and draining hereinafter prescribed, and after such plan has been inspected and approved of by the responsible officer appointed by the Authority for the purpose, or, in the case of new buildings, when a proper plan of the plumbing and of the drainage of the building into the branch, of which the Authority shall have fixed the position, has been approved of in writing by the Authority. All connexions with drains or sewers, and all plumbing and drainage connexions therewith, shall be made under the direction of the responsible officer of the Authority. Consent will not be given for the performance of any such work except upon condition that no person shall be engaged or employed as a workman in the actual performance of any plumbing or drainage work unless he be the holder of a licence issued by the Authority to do such work. Any person who shall at any time or at any place make up, form, affix, alter, or repair any fitting, pipe, bend, trap, or other thing connected or intended to be connected with the Authority’s sewerage system, unless he be the holder of a licence from the Authority authorizing him to do such work, shall be liable to a penalty not exceeding ten pounds. Any person, whether licensed as aforesaid or not, who shall alter, remove, or in any way interfere with any drain, fitting, pipe, bend, trap, or other thing connected with the Authority’s sewerage system, unless the Authority’s written consent has been previously issued to do such work at the premises concerned, shall be liable to a penalty not exceeding ten pounds.

Section 4. Where the sanction, permission, authority, consent, approval, satisfaction, order, direction, opinion, indication, or notice of or from the Authority is necessary, whether specified in writing or otherwise, with regard to any act, matter, or thing mentioned in the By-law, the same may be given by and under the hand of the chairman of the Authority, or of the responsible officer, personally or through an inspecting officer appointed under him, who severally shall be competent to give the same and authorized on behalf of the Authority, to prescribe any conditions attaching thereto, and subject to and in accordance with which only the same shall be deemed to have been given.

Section 5. In any case in which the Authority shall be of the opinion that a compliance with any of the provisions of this By-law would in any particular case be vexatious or be needless in the interest of public health, it shall be lawful for the Authority, by resolution, to dispense with or forbid such compliance in whole or in part as it shall think fit, or to authorize or direct such a modification or alteration of such provisions as shall, in its opinion, most nearly adapt the principle of those provisions to the particular case. It

shall be unlawful to comply with any provision, or part of any provision, of which compliance shall have been forbidden, or to act contrary to or otherwise than as directed by such modification or alteration.

*Division 2.—Penalties, Recovery of Cost of Work, &c.*

Section 6. Where anything is by this By-law directed to be done, or forbidden to be done, or where any authority is given to the Authority or any of its officers to direct or to forbid anything to be done, and such act so directed to be done remains undone, or such act so forbidden to be done is done, then, and in every such case, the person making default as to the said direction or prohibition respectively shall be guilty of an offence against this By-law.

Section 7. Every person guilty of an offence against this By-law, not otherwise specially provided for by or under the authority hereof, shall be liable for every such offence, besides any costs or expenses which may be incurred in the taking of proceedings against such person guilty of such offence, as well as any costs or expenses which may be incurred in remedying such default, as particularly provided for in this By-law or the Acts, to a penalty not exceeding Ten pounds, and to a further penalty of One pound for each day during which such offence is continued by such person after notice of the offence shall have been given by the Authority to him; and such penalty shall be recoverable, notwithstanding that the Authority may not have chosen to exercise any power given to it by the Acts or by this By-law to remedy such default.

*Division 3.—House Drainage Plans—Alterations.*

Section 8. Copies of the Authority's plans of individual house drainage will be furnished by the Authority upon application and payment for the same, as follows:—

- (a) Plan of drainage, including surveys, &c., for every house, shop, factory, or other building—a minimum charge of 10s., plus 2s. 6d. for each fitting as specified.
- (b) For the supply of a block plan, where the owner desires to design his own house drainage—a fee of Two shillings and sixpence shall be charged.
- (c) For making or examining any alterations or additions to a plan previously issued or approved of by the Authority—a minimum charge of Five shillings shall be made by the Authority.
- (d) For the examination of owner's plan of drainage—a minimum charge of Seven shillings and sixpence shall be made.
- (e) For the inspection and testing of house connexions—a minimum fee of Twenty shillings, plus a further fee of Two shillings and sixpence for each fixture.
- (f) For all other work, a fee equal to the amount incurred in respect to such work.

Consent for additions and/or amendments to approved plans or to works previously approved will be made only on the application of the owner or his authorized agent.

*Division 4.—Maintenance and Defective Work.*

Section 9. Any drain pipe, soil pipe, trap, water closet, urinal, sink, or other fitting laid, used, or constructed otherwise than in accordance with this By-law, or which shall in the opinion of the Authority be or become bad or of defective quality, shall, upon notice in writing from the Authority to the owner or occupier of the property, be by such owner or occupier removed or repaired in the manner determined and within the time fixed by the Authority; and in case such owner or occupier fails to comply with the requirements of the notice, he shall be liable to prosecution and penalty for an offence against the Acts, or the Authority will, if it thinks fit, remove or repair the said defective fitting and charge such owner or occupier of the premises with the cost so incurred, and will proceed for recovery of the same in a manner provided by the said Acts.

*Division 5.—Licences.*

Section 10. No person shall tender for or enter into any contract for or undertake any plumbing work relating to sewerage within the Bairnsdale Sewerage District or connected or to be connected with the sewers of the Authority who does not hold either a master plumber's or a working plumber's licence issued by the Authority.

Section 11. No person shall tender for or enter into any contract for or undertake any draining work relating to sewerage within the Bairnsdale Sewerage District, or connected or to be connected to the sewers of the Authority who does not hold either a master plumber's or working plumber's licence or a drainer's licence issued by the Authority.

Section 12. No person other than a holder of a working plumber's licence issued by the Authority shall actually do or perform any such plumbing work.

Section 13. No person other than the holder of a working plumber's or a drainer's licence issued by the Authority shall actually do or perform any such draining work.

Section 14. At the discretion of the Authority, a master plumber's licence may be granted to any master plumber or master builder, building contractor, or other person, firm, or corporation who is approved by the Authority, but such licence will only entitle the holder to tender for or enter into contracts for or otherwise undertake plumbing and drainage work under these By-laws, but shall not entitle the holder to personally do any actual plumbing or drainage work under these By-laws.

Section 15. Holders of master plumber's licences not themselves licensed plumbers or licensed drainers must continuously employ on all and every plumbing work carried out by them under these By-laws licensed plumbers, and on all and every drainage work licensed drainers.

Section 16. Working plumber's licences will be issued at the discretion of the Authority to persons who hold and produce to the Authority a certificate of competency issued by the Sanitary Plumbers' Examination Board of Victoria. Such licence will permit the holder to do practical work as a working plumber upon all fittings, appliances, and apparatus connected or to be connected with the sewers of the Authority, subject to and in accordance with the Authority's By-laws and Regulations.

Section 17. Drainer's licences will be issued to any person who shall satisfy the Authority by passing an examination by examiners appointed by them or in such other manner as the Authority from time to time or in any particular case may direct that he has a thorough knowledge of the following subjects:—

Plans.—The reading of plans and the meaning of scales and of elevation, plan, and section drawing.

Levelling.—The use of the straight-edge, spirit-level, and boning rods.

Excavation, Timbering, and Refilling.—The use of tools for excavation, the protection of trenches by timbering, the treatment of different soils, tunnelling, and tunnel timbering, precautions near buildings, and manners of refilling of trenches and tunnels.

Drain-laying.—The preparation of the bottom of trenches, the laying and jointing of stone-ware, cement, concrete, and cast-iron pipes, cement, bitumen, lead, and self-fitting joints, laying of drains under houses and in soft ground, and the depth of drains below surface.

Drainage Details.—Junctions to sewers, diminishing of sizes of pipes, yard gullies, grease and other traps, inspection openings, and cast-iron drainage details.

Drainage Work.—Knowledge of the provisions of this By-law and of the Acts, insofar as same relate to the work and duties of drainers in regard to the construction, maintenance, and protection of the sewerage system and the construction and use of drains and drainage traps.

Candidates for drainer's licences shall give notice in writing to the Authority of their intention to submit themselves to examination, and this examination shall be at such a time and at such place as shall be appointed by the Authority. Candidates must provide themselves with their own tools and materials, and pay a fee of 10s. for each examination.

Section 18. The conditions upon which all master plumber's licences, working plumber's licences, and drainer's licences will be issued are—

(1) That every licence will be subject to suspension or cancellation at the will of the Authority, and that all such licences or renewals thereof will expire on the 30th day of September next following.

(2) That every holder of a licence from the Authority who shall have received the consent of the Authority to execute any works in connexion with sewerage or drainage, or who shall (where such consent of the Authority is not required before the execution of any such works) have notified the Authority of his intention to carry out such works—

(a) shall obtain permission when necessary for the execution of such works on, over, or through any private property, or any streets, roads, parks, reserves, or other public places or properties; and

(b) shall pay any fees demanded by the Council or Authority for opening any street, road, or thoroughfare or otherwise in connexion with the work; and

(c) shall execute such works in accordance with the provisions of the Acts and of the By-laws made thereunder, and of any special directions or orders given or issued by the Authority or proper officer; and

(d) shall use materials of good quality only and free from defects; and

(e) shall employ only competent operatives or assistants; and

(f) shall execute such works in a thorough and tradesmanlike manner to the satisfaction of the Authority as expeditiously as practicable, and leave site clean and undefaced; and

- (g) shall in the execution of such works take such proper and necessary precautions that no accident or damage or unnecessary inconvenience may be directly or indirectly occasioned thereby; and
- (h) shall restore any part of any street, road, or thoroughfare interfered with by the work to the satisfaction of the municipal authority having control thereof upon the completion of the work; and
- (i) shall restore any other property interfered with by the work to the satisfaction of the responsible officer of the Authority; and
- (j) shall in all cases notify the proper officer immediately upon completion of any work in hand, promptly amend any defects therein, and again at once notify the said officer, and subsequently take steps forthwith to secure the certificate of satisfactory completion and give same to owner; and
- (k) shall, when so directed by the Authority, make good at his own expense any defect found within three months of the date of completion of any such work which, in the opinion of the Authority, is due to bad workmanship or defective material.

Section 19. Prior to the issue of any licence the person to whom the same is to be issued must sign a register containing a declaration that he accepts such licence subject to and in conformity with the conditions of such licence and of this By-law and that he will conform to and comply therewith, and shall pay to the Authority the fee named hereunder:—

	s.	d.
For every master plumber's licence .. .. .	10	0
For every working plumber's licence .. .. .	7	6
For every drainer's licence .. .. .	5	0
For the renewal of any licence .. .. .	2	6

*Division 6.—New Buildings, Additions, etc.*

Section 20. Every person who shall intend to erect a building on any property within the Sewerage District, or to rebuild or to make any alterations or additions to any such buildings, shall, before commencing such work, give to the Authority seven days' notice in writing of such intention; and such notice shall be accompanied by plans and sections of such intended buildings, alterations, or additions, showing their positions, dimensions, depths, and levels of foundations, cellars, or basements, all appurtenant walls and fences, the intended lines of drainage, and the boundary of the land, which plans, &c., shall become the property of the Authority.

*Division 7.—General.*

Section 21. Any work or thing in respect of or in connexion with sewerage under the Act that is not specifically mentioned in this By-law shall be performed in accordance with the directions of the Authority.

PART 2.

GENERAL REGULATIONS.

*Division 8.—Use of Sewers and Drains—Prohibition of Certain Discharges.*

Section 22. *Use of Sewers and Drains.*—The owner and the occupier of any sewerage property shall discharge into the sewerage system all faecal matter, urine, household slops and household liquid refuse from such property, and such other polluted water from stables, washing areas, manure bins, basements, cellars, and roofed yards, and such trade or manufacturing liquid refuse as the Authority may authorize or require, subject in each and every case to such conditions as it may impose.

Section 23. *Prohibited Discharges.*—The deposition or discharge of any of the following substances into any house drain is prohibited:—

- (a) Any animal matter other than is specified in section 22, fleshings, wool, hair, dead animal, grease, dust, ashes, rubbish, garbage, offal, vegetable and fruit or their parings, rags, oil, silt, mud, sand, gravel, or like substances, or any other substance which is, in the opinion of the Authority or its responsible officers, liable to be injurious to any part of the sewerage system or to the employees of the Authority engaged in the operation or maintenance of same.
- (b) Any petrol or other inflammable or explosive substance, whether solid, liquid, or gaseous.
- (c) Any rain, roof, surface, or flood waters, except by special permission of the Authority.
- (d) The contents of any night-soil cart, cesspool, or privy.
- (e) Any waste water, liquid, trade waste, or other substance which has not been neutralized to the approval of the responsible officer of the Authority, or which is above the temperature of 100 deg. Fahrenheit, or such lower temperature as may be prescribed by the Authority, having regard to the special circumstances of the case.

- (f) Any liquid which contains such percentage of common salt or any other mineral salt, acid, or gas, as is, in the opinion of the responsible officer of the Authority, injurious to, or liable to form compounds injurious to, any part of the sewerage system or to employees of the Authority engaged in the operation or maintenance of same.

*Division 9.—Trade Wastes.*

Section 24. *Conditions of Discharge.*—No person shall discharge any trade or manufacturing liquid, refuse, or waste into any sewer, unless and until the following conditions are complied with:—

- (a) Application for permission to discharge any such trade wastes shall be made in writing and accompanied by plans and specifications of the work to be done and of the apparatus to be used, and shall include such details concerning the nature of the waste and the quantity and rates of discharge of the proposed effluent as considered necessary by the responsible officer of the Authority.
- (b) The permission of the Authority in writing shall be obtained and an agreement containing a covenant to comply with the By-law and with any further stipulations required by the Authority shall be executed.
- (c) The volume of liquid refuse or waste discharged shall, if ordered, be measured and determined by meter or by some other approved means of measurement. The maximum aggregate daily quantity of effluent which may pass from any trade premises into a sewer, the maximum permissible rate of such discharge, the size and capacity of the drain for conveying such effluent from the trade premises to the sewer, and the hours during which such flow will be permitted, shall be determined by the Authority.
- (d) All such liquid refuse or waste shall be passed through such settling, screening, and/or neutralizing chambers and/or such other appliances and/or otherwise treated as ordered or approved by the Authority to ensure that the resulting effluents shall comply with the conditions of the agreement.
- (e) Every settling, screening, neutralizing, or other chamber, appliance, or apparatus for the treatment of trade wastes in accordance with this By-law shall be cleansed and maintained by the occupier at his own expense and at such intervals as may be considered necessary by the Authority or its responsible officer to ensure the efficient operation of such chamber, appliance, or apparatus, and in no case shall such chamber, appliance, or apparatus be altered without the approval in writing of the Authority first obtained.

*Division 10.—Sub-soil Water.*

Section 25. The discharge of sub-soil water into sewers shall be prohibited except by permission of, and under conditions approved by, the Authority.

*Division 11.—Inspection Tests.*

Section 26. *Notice.*—The owner or his authorized agent, or the plumber, drainer, or contractor shall give at least forty-eight hours' notice to the Authority, in writing, of his intention to commence work and of work ready for inspection. All work shall be left uncovered and accessible for examination until inspected and approved. Inspection shall be made within twenty-four hours of the receipt of such notification except when the notification is received on a Saturday, when seventy-two hours shall be allowed.

The contractor carrying out any work shall, within seven days of the completion of such work, file in the office of the Authority, on forms furnished for this purpose, a correct statement of the work done and the cost thereof. Such statement shall be countersigned by the responsible officer of the Authority, and a certificate embodying such statement shall be forwarded to the contractor.

Section 27. *Inspection.*—All drains, wastes, fittings, joints, fixtures, &c., will be inspected by the responsible officer of the Authority to ensure compliance with the By-law and approved plan.

Section 28. *Tests.*—Drains, whether laid by the Authority's workmen or others, must be thoroughly tested in every case before being passed by the Authority's officers. The responsible officer of the Authority may require the application of the water or smoke test, or such other tests as he may order or approve.

Section 29. *Water Test.*—The water test may be applied to the drainage and/or plumbing systems and their fittings in their entirety or in sections. It shall be applied by hermetically sealing all openings below the top of the section to be tested. The system shall then be filled with water to a height of 6 feet above the highest point of the section, or, if considered necessary, to such additional height as the responsible officer may order, and every joint carefully examined for leaks.

Section 30. *Smoke Test*.—The smoke test shall be applied by hermetically sealing all openings into the section to be tested, and forcing into the system thick smoke to a pressure equivalent to 1 inch of water, by means of a smoke test apparatus. Every joint shall then be carefully examined for leaks.

Section 31. *Equipment, &c.*—The equipment, material, power, and labour necessary for the inspection and tests shall be furnished by the contractor, plumber, or drainer.

Section 32. *Defective Work*.—Any drain, pipe, fixture, fitting, &c., which is laid, used, or constructed otherwise than in accordance with this By-law or with the approved plans, or which, in the opinion of the responsible officer of the Authority, is or has become bad or of defective quality or condition, shall, upon notice, in writing, to the owner or occupier of the property, or his authorized agent, be removed and/or repaired by such owner or occupier in the manner determined, and within the time fixed by the Authority. In case the owner or occupier fails to comply with the requirements of that notice he shall be guilty of an offence against this By-law, and the Authority may, if it so think fit, remove and/or repair the defective drain, pipe, fixture, fitting, &c., and charge the said owner or occupier with the cost so incurred, and may proceed for the recovery of the said cost in the manner provided.

Section 33. *Maintenance*.—Every person holding a licence from the Authority who shall execute any work in connexion with sewerage drainage and/or sanitary plumbing shall, when so directed by the Authority, make good at his own expense any defect found within three months of date of completion of any such work due, in the opinion of the Authority, to bad workmanship or defective material.

#### Division 12.—Materials and Workmanship.

Section 34. *Materials*.—All materials, pipes, bends, junctions, fittings, fixtures, and apparatus shall be of the best of their respective kinds, sound and free from defects, and shall comply with such Australian standard specifications as apply and are accepted by the Authority; otherwise to be approved by the Authority.

Section 35. *Testing*.—All materials, pipes, bends, junctions, fittings, fixtures, and apparatus shall be submitted for examination and/or test, and shall not be placed in position until passed and stamped by the Authority. Such testing of materials shall be paid for by the person submitting same, whether passed or rejected, and shall be done at such time and place, and at such rates, as may from time to time be fixed by the Authority.

Section 36. *Workmanship*.—All work shall be executed in a thorough and workmanlike manner, and to the satisfaction of the Authority.

Section 37. *Precautions*.—Adequate precautions shall be adopted by the person carrying out the work to prevent injury to workmen, property, or public, and the Authority will accept no responsibility for claims for injury arising from the inadequacy of such precautions.

Section 38. *Concrete*.—Concrete, unless otherwise ordered, shall consist of one part Portland cement, two parts clean sharp sand, and four parts hard metal, shingle, or gravel not exceeding ¾-in. gauge, and shall be thoroughly mixed with clean water to such consistency as ordered or approved by the responsible officer of the Authority.

Section 39. *Cement Mortar*.—Cement mortar, unless otherwise ordered, shall consist of one part Portland cement and two parts clean sharp sand, properly mixed with an approved proportion of clean water.

### PART 3.

#### DRAINAGE.

##### Division 13.—Drainage, General.

Section 40. (1) Every premises shall be separately drained unless a combined drain shall have been ordered or approved by the Authority. Owners desiring to have the drainage of their properties combined must sign a request for a combined drain, and obtain the approval of the Authority. In any case in which it appears to the Authority that any properties may be drained more advantageously in combination than separately the Authority may order that those properties be drained by a combined operation.

(2) In any case where a combined drain serves two or more properties the Authority, with the consent of the owners of the properties served by such combined drain, may take over such combined drain, and thereafter such combined drain shall be and remain a sewer of the Authority.

(3) In every case of a combined drain the Authority will determine, as between the respective owners and occupiers of the properties drained thereby, the proportions in which the cost of such combined drain shall be paid. In every case of the occurrence of an obstruction in a combined drain the Authority will also determine by whom and in what proportion the cost of removing such obstruction shall be paid.

(4) Owners and occupiers of premises are responsible for clearing stoppages in drains within their premises, or between their premises and the sewers into which the branches lead, but must employ only licensed plumbers or drainers to clear same.

(5) Before a licensed plumber or drainer commences to clear a stoppage in a drain he must notify the Authority in writing of the time when he intends to clear the stoppage, so that the Authority's proper officer may attend and pass the work in accordance with the provisions of the Act.

Section 41. *Size of Drains*.—Every drain shall be of adequate size for the drainage of the property to be served, in accordance with the requirements of section 84, with a minimum diameter of 4 inches.

Section 42. *Materials*.—All drain pipes, bends, junctions, and fittings used shall be of glazed stoneware, concrete, cast-iron, or other approved material, provided that the responsible officer of the Authority may prohibit the use of any of the above-mentioned where the circumstances or conditions are considered unfavorable.

Section 43. *Cast-iron Pipes*.—Cast-iron drainage pipes and their fittings shall comply with the Australian standard specification, or, in the event of no such standard being in existence, with the standard approved by the Authority for cast-iron water pipes and their fittings of similar diameters.

Section 44. *Interceptor Traps*.—Where directed by the Authority, an interceptor trap shall be fixed in the drain laid from any property to the sewer. Such trap shall be fixed as near as practicable to the boundary, and wherever practicable shall be within the boundaries of the property. The interceptor trap shall be provided with an inspection cap on the sewer side of the trap. If ordered, an approved manhole shall be provided for the trap.

Section 45. *Inspection Chambers*.—All drains shall, wherever considered necessary by the Authority, join in an inspection chamber at least 3 feet long by 2 feet wide, fitted with a closed cover. The portions of the drains crossing the floor of the inspection chamber shall be connected either in a straight line or by curved junctions in the floor of the chamber.

Section 46. *Inspection Openings*.—Every line of drain shall be provided with an inspection opening—at each junction not provided with an inspection chamber, at each change of direction, at each fixture, and in no case at greater than 30-ft. intervals, and in paved areas these shall, if considered necessary by the responsible officer of the Authority, be brought to the surface and furnished with approved airtight covers. The area of an inspection opening shall be not less than the area of the drain.

Section 47. *Drain Openings Not in Use*.—The ends of all house drains not immediately connected with the plumbing fixtures and all inspection openings shall be securely closed with watertight imperishable materials.

Section 48. *Replacing or Inserting Pipes*.—Where it becomes necessary to remove a pipe to clear a stoppage or to insert a pipe or branch in an existing drain, such pipe so removed shall be replaced by an inspection pipe or inspection junction of the same length by one of the following methods:—

- (a) The top half of the socket of the new pipe and of the existing downstream pipe may be removed, but the bottom half shall in each case be left intact and the joints surrounded with concrete.
- (b) An approved split pipe with double collar surrounded with concrete may be used.
- (c) A length of not less than three pipes may be removed, the centre pipe replaced by an inspection pipe, and the pipes dropped back into place without springing or cutting.

Junctions in existing metal pipes shall not be made unless an approved closure pipe is used in each case. Springing pipes into position shall not be resorted to or allowed.

##### Division 14.—Basement and Cellar Drainage.

Section 49. *Fixtures*.—No water-closet, urinal, and/or other fixture shall be placed in any cellar or basement, or on any floor below ground level, unless by consent of the Authority, and then only when, in the opinion of the Authority, other provision cannot be made. The owner shall submit such plans and/or other information as the Authority may require, and shall undertake in writing to accept all risk of damage that may occur. If satisfied that the ventilation and lighting provided are in accordance with section 151 or 152 of these By-laws, and all other conditions have been complied with, the Authority may give its consent: provided always that such consent may be revoked by the Authority at any time, and that upon fourteen days' notice of revocation such fixture shall be abolished by the owner.

Section 50. *Risk of Back Flow*.—Where such cellar, basement, or floor below ground level is at such a level as may, in the opinion of the Authority, involve risk of back flow in the event of the sewer becoming overcharged, the sewage from all fixtures therein shall be raised by ejector, syphon, or other approved mechanical appliance to such height as ordered and discharged into the sewer as and where directed.

Section 51. *Seepage Drains*.—In no case shall seepage drains from cellars, basements, or any floor below ground level be discharged into a sewer without the consent of the Authority.

Where such discharge is permitted by the Authority, the seepage shall be raised by ejector, syphon, or other approved mechanical appliance to such height as ordered, and discharged into the sewer as and where directed.

*Division 15.—Polluted Areas.*

Section 52. *Connexion.*—The Authority may, if it thinks fit, authorize or require that any of the following places:—namely, stables, cow-sheds, dairies, market places, areas for washing vehicles, and any other polluted place, be connected with the sewers, subject to such conditions as the Authority may impose.

Section 53. *Conditions Governing Connexion.*—No such connexion shall be made unless the following conditions have been complied with:—

- (a) The place to be connected shall, if required, be so roofed as to prevent the entry of rain water from it to the sewers, and in no case shall rain water be permitted to discharge on to such place from adjoining surfaces.
- (b) The place to be connected shall be paved with approved materials and graded to the satisfaction of the responsible officer of the Authority.
- (c) The drain from any such place shall be provided with an approved silt trap with a removable grating and connected with the drain above the interceptor trap where such is used.

*Division 16.—Pipe Trenches.*

Section 54. The trench for the house drain from any property shall be so dug as to meet the Authority's sewer at the position provided or to be provided for the connexion.

The material from the trench shall be so placed as to cause the least possible obstruction and inconvenience to the public.

Proper barriers and lights must be maintained where necessary to guard against accident during the progress of the work.

In refilling the trench selected refilling shall first be deposited around and over the pipe to a depth of 12 inches and carefully consolidated after which the remainder of the trench shall be filled in in layers and rammed or flooded, as ordered or approved.

No stone shall be used in refilling until earth or gravel has been placed over the pipe to a depth of 1 foot, or more if directed.

On no account shall any water, sand, earth, &c., be allowed to enter the sewer during the progress of the work.

On completion of refilling the surface shall be restored as nearly as possible to the same condition as it was in before operations were commenced, unless the owner in writing otherwise requires.

*Division 17.—Laying Drains, &c.*

Section 55. *Position and Line.*—Every drain and every fitting, &c., connected therewith shall be laid and fixed where directed by the responsible officer of the Authority. As far as possible, all drains shall be laid in straight lines; where changes of direction occur they shall be made in manholes, or by a suitably curved pipe with an inspection opening on each straight pipe next adjoining the curve.

Section 56. *Oblique Junctions.*—Where any drain joins another drain the junction shall be made obliquely at an approved angle with the direction of flow of such drain. Right-angled junctions shall not be made.

Section 57. *Connexion to Sewer.*—The position of the Authority's connexion to any premises shall be located prior to the commencement of any drain excavation. The disk stopper at the point of connexion to the sewer shall be carefully removed so as not to injure the socket or allow any debris to enter the sewer.

The first length of the drain at the branch shall be an inspection opening.

Section 58. *Gradients.*—All drains shall be laid on an even grade, and, except by special permission in writing, from the Authority, such gradients shall in no case be less than the following minimum permissible gradients:—

4-in. diameter .. .. .	1 in 40
6-in. diameter .. .. .	1 in 60

In cases where the grades of 4-in. and 6-in. drains are steeper than 1 in 10 and 1 in 15, respectively, concrete stops shall be placed as and where directed by the responsible officer of the Authority.

Section 59. *Depth of Drains.*—Drains of stoneware or concrete pipe, unless bedded in and encased in concrete of not less than 3 inches thickness over any part of the drain, shall be laid at a depth to the socket of the pipe of not less than the following:—

- (a) In public thoroughfares, rights-of-way, or other open spaces subject to vehicular traffic—2 feet.
- (b) In private property not subject to vehicular traffic—1 foot.

No person shall alter the surface over any drain so as to deprive it of the minimum depth of cover specified by the preceding paragraph, unless approved measures are adopted to protect the drain.

Section 60. *Laying Drains.*—All pipes shall be laid to such lines and grades as may be shown on the plans or directed, and, except where otherwise ordered, holes shall be cut in the bottom of the pipe trench to receive the sockets of the pipes, and all the pipes shall be carefully bedded with the barrel on the solid ground.

In the case of rock-bottomed trench, or where directed, the pipes shall be bedded up to the horizontal diameter upon not less than 2 inches thickness of approved sand or other approved material measured from the barrel of the pipe.

In water-charged ground, or where the foundation is bad, or where directed, the drain shall be formed of cast-iron pipes; or, if of stoneware or concrete pipes, they shall be bedded on and encased in concrete as ordered, and, if ordered, supported upon approved timber foundations as directed.

Drops or bends in vertically-inclined drains shall have a concrete support placed under and around as directed.

*Division 18.—Drains Under Buildings.*

Section 61. Every drain shall, as far as practicable, be so constructed as not to pass under any building. Where a drain does pass under a building it shall, if practicable, be laid in a direct line for the whole distance beneath such building, and shall have approved means of access for rodding outside the walls of the building, and also, if directed, beneath the building. The pipes used shall be of stoneware or concrete, surrounded by not less than 4 inches of concrete or 3 inches of cement mortar, or of cast-iron.

In any case in which pipes pass through or under walls, approved provision shall be made to prevent injury to the pipes by settlement, and, in outer walls, to prevent the ingress of vermin.

*Division 19.—Joints, Drainage.*

Section 62. *Stoneware and Cement Pipes.*—Joints of stoneware and cement pipes shall be filled in solidly with cement mortar neatly splayed off, or with other approved material. After each joint is made the interior of the joint shall be wiped clear of surplus mortar before the next pipe is laid.

Section 63. *Cast-iron Pipes.*—All joints in cast-iron pipes must be stemmed with approved gaskets and so filled and caulked with lead or other approved material as to make them gas and water tight.

All connexions between stoneware or concrete pipes and cast-iron pipes shall be made as for joints in stoneware or concrete pipes.

*Division 20.—Drainage Ventilation.*

Section 64. *Vents on Main House Drain.*—The main drain shall be ventilated at its upper end by a pipe ventilator erected vertically, and such ventilator may be a soil pipe.

If the drain is provided with an interceptor trap there shall be in addition a ventilator connected to the interceptor trap shaft.

In such cases there shall, wherever practicable, be a difference in height of not less than 6 feet between the tops of the vents at the upper and lower ends of the drains respectively.

Section 65. *Vents on Branch Drains.*—Branch drains need not be vented if the drainage traps are within 20 feet from the main house drain, measured along the line of pipes, including the drop, if any, from the centre line of the main drain to the centre of the outlet side of the water seal of the drainage trap, unless otherwise ordered by the Authority, in which case they must be vented as directed.

Section 66. *Height of Vents.*—Every vent pipe extending upwards from a soil or drain pipe shall be carried not less than 6 feet higher than any window or door within a distance of 30 feet thereof, and in any case at least 18 feet above ground level and 6 feet above the level of the eaves or coping, or to such additional height as may be necessary to prevent effectually the escape of foul air into any building within the vicinity.

Where the vent pipe extends into a gable of the building it shall further be carried at least 2 feet above the point of intersection with the roof.

Such pipes shall, where necessary, be provided with sufficient clips or stays to support them effectively.

Section 67. *Chimneys.*—No chimney shall be used as a ventilator to any drain, soil, or waste pipe.

Section 68. *Vents Near Chimneys.*—Vents must, as far as possible, be kept away from chimneys and ventilating air shafts. Where a ventilator pipe terminates 6 feet or more from a chimney opening or ventilating air shaft, the requirements of section 66 shall apply, but where the distance is less than 6 feet the vent pipe shall, unless otherwise ordered, terminate not less than 2 feet below the top of such chimney or air shaft.

Section 69. *Vents Adjoining High Buildings.*—In any case in which a building is erected next to a previously existing building of less elevation, and any windows of the new building are located within 30 feet of any existing vent stack on the lower building, the owner of such new building shall defray the cost of or shall himself make such alterations to the vents of the previously existing building as necessary to conform with section 66.

The owner of the lower or existing building shall make such alterations upon the receipt of money, or security therefor sufficient for the purpose, from the owner of the new or higher building, or shall permit at the election of the owner of the new or higher building, the making of such alteration by the owner of such new or higher building.

Section 70. *Size of Drainage Vents.*—Drainage vent pipes shall, unless otherwise ordered, be of not less than 4 inches diameter in the case of educt vents and not less than 3 inches diameter in the case of induct vents, with the provision that where more than one educt vent is provided the vent on the longest line of drain shall be of not less than 4 inches diameter and all others of not less than 3 inches diameter; but in no case shall a drainage vent be of smaller diameter than necessary to comply with the requirements of section 85.

Unless otherwise ordered or approved every such vent pipe shall be without return bend and provided with basket end or educt or induct cowls as directed.

Section 71. *Materials, &c.*—Drainage vent pipes situated wholly outside of buildings shall be of cast-iron, galvanized wrought iron, double galvanized sheet iron, or other approved material above ground, and of stoneware or concrete beneath the surface of the ground. Galvanized sheet-iron vent pipes shall not be less gauge than 20 for 3-in. and 4-in. diameter pipes and 18 for 6-in. pipes, and where ordered the first 6 feet above ground shall be of cast-iron or other approved material. Drainage vent pipes inside a building shall, unless otherwise approved, be of cast-iron or of galvanized wrought iron. The circumferential joints of galvanized sheet iron vent pipes shall be riveted and soldered.

Section 72. *Gratings.*—Openings for ventilation shall be effectively protected by approved gratings of ample area. The aggregate area of apertures in any such grating shall not be less than the sectional area of the pipe or drain to which such grating is fixed. Every opening for ventilation shall at all times be kept perfectly free from obstruction.

Section 73. *Pipe Clips, &c.*—There shall be at least one pipe clip to each 6-ft. length of vent pipe.

For cast-iron or wrought-iron pipe approved coated wrought-iron clips and for galvanized sheet iron pipe 1½-in. x 14-gauge galvanized band iron clips shall be provided. Wherever it is necessary to fix pipes clear of the wall approved extension clips shall be used.

Clips in the case of cast-iron pipes must be placed tight up against the head or underside of collar.

Section 74. *Attachment to Walls.*—Where a galvanized sheet iron pipe, with or without offset, is carried up above the brick wall of a building, a galvanized wrought-iron clip must be used, leaded into the wall near the top wherever possible and bolted against the vent pipe.

All band iron clips of vent pipes to brick walls shall be fastened with nuts and bolts, leaded in, or by means of T-headed bolts passed through the brick joints and turned at right angles to the joints.

Section 75. *Supporting Vents.*—Wherever a vent pipe with offset is not more than 12 feet long above such offset it need not be stayed; if longer, it shall be stayed as directed with ½-in. galvanized wrought-iron piping.

An unsupported length of 15 feet above highest clip of straight vent pipe without offset will be permitted.

Section 76. *Induct Vents.*—Every induct vent shall be securely supported in an approved manner.

Division 21.—Drainage Traps.

Section 77. *Trapping of Inlets.*—Every inlet to any drain other than inlets provided for ventilation in accordance with the By-law shall be provided with an approved trap. No inlets to any drain connecting directly with a sewer shall be constructed within a building other than such inlets necessary for the apparatus of any water-closet, urinal, or housemaid's slop sink.

Section 78. *Classes of Traps.*—Four classes of traps shall be used—

- (a) "Traps" for intercepting gases only, to be of round section and self-cleansing form, but not such as to empty by momentum or suction.
- (b) "Silt traps" for intercepting both gases and solids, to have slightly tapered sides, flat bottom, and rounded angles, and provided with approved means for catching and removing solids.
- (c) "Grease traps" for solidifying and collecting grease or other semi-fluid matter liable to foul the pipes, to be of such form as approved.
- (d) "Oil traps" for collecting all kinds of oil and to be of such form as approved.

The term "yard gully" is applied to traps (a) in cases where they are used externally and fitted with dished tops and gratings.

Section 79. *Water Seal.*—Every drainage trap must have a water seal not less than 2 inches in depth.

Section 80. *Provision of Yard Gullies.*—A yard gully must, wherever practicable, be provided in the yard of every property as near as practicable to the kitchen or back door, with a tap

placed over it at a height of not less than 2 feet. No yard gully shall be situated within a building. Where it is not practicable to provide a yard gully, a slop sink must be provided within the building.

Section 81. *Details of Yard Gullies.*—Yard gullies shall be fitted with dished tops and gratings, the dished top being in one piece with the trap or jointed thereto spigot and faucet, or as otherwise approved.

The depth of the dished top to the grating must be not less than 6 inches, and the grating must be so fixed as to be removable with reasonable facility.

Section 82. *Kerbing, &c., to Yard Gullies.*—Yard gully basins and the dished tops of silt traps must be so surrounded with an approved impervious kerbing as to prevent the access of surface water to the drains, and, if directed, the wall at the rear of the gully or silt trap, if of brick or stone, must be cement rendered to the height of the tap over same, and if of wood the wall must be provided with an approved galvanized sheet iron apron.

PART 4.  
PIPE CAPACITIES.

Division 22.—Capacities of Soil, Waste, Drain, and Vent Pipes.

Section 83. *Fixture Units.*—For the purpose of determining the size of any drain, waste soil, or vent pipe, the following equivalent fixture units shall be adopted, unless otherwise directed.

Fixture.	Nominal Outlet Diameter.	Fixture Units.
One lavatory basin .. .. .	1½ inch	1
One lavatory basin .. .. .	1½ inch	1½
One kitchen sink (up to 6-in. depth to overflow) .. .. .	2 inches	3½
One bath .. .. .	1½ inch	3½
One bath .. .. .	2 inches	5½
One wash trough set with common trap .. .. .	1½ inch	3½
One wash trough set with common trap .. .. .	2 inches	5½
One urinal .. .. .	1½ inch	3
One slop sink .. .. .	2½ inches	3
One slop sink .. .. .	3 inches	4½
One shower bath .. .. .	2 inches	3
One water closet .. .. .	4 inches	6
One bathroom group, consisting of one lavatory basin, one bath, and one shower .. .. .	—	7

The equivalent fixture units to be adopted for fixtures other than those shown shall be determined by the Authority. One fixture unit denotes a rate of discharge equal to 1 cubic foot per minute.

Section 84. *Sizes of Soil, Waste, and Drain Pipes.*—Except by special permission the required sizes of soil, waste, and drain pipes shall be determined on the basis of the total number of fixture units drained or likely to be drained in accordance with the following table:—

Diameter of Pipe (Inches).	Minimum Permissible Grade.	Permissible Maximum Number of Fixture Units.										Vertical.	Maximum Number of Fixture Units Permitted in any 8-ft. Length of Vertical Stack.		
		Grade not less than—													
		1 in 60	1 in 50	1 in 40	1 in 30	1 in 25	1 in 20	1 in 15	1 in 12½	1 in 10	1 in 5				
1½	1 in 12½	..	..	..	..	..	..	..	..	..	..	1½	1½	14	14
1½	1 in 15	..	..	..	..	..	..	..	..	..	..	1½	1½	9	6
2	1 in 20	..	..	..	..	..	..	..	..	..	..	2	2	23	13
2½	1 in 25	..	..	..	..	..	..	..	..	..	..	2½	2½	37	22
3	1 in 30	..	..	..	..	..	..	..	..	..	..	3	3	50	32
4	1 in 40	..	..	..	..	..	..	..	..	..	..	4	4	140	140
5	1 in 50	..	..	..	..	..	..	..	..	..	..	5	5	280	280
6	1 in 60	330	..	370	..	430	..	520	..	590	730	1,100	6	590	590

Provided that—

- (a) Waste and soil pipes shall not be diminished in diameter in the direction of flow.
- (b) The diameter of trap, waste, or soil pipe receiving the discharge from any fixture shall in no case be less than the nominal outlet diameter of such fixture.
- (c) No water-closet shall discharge into a drain or soil pipe of less than 4 inches in diameter.
- (d) All connexions between inclined pipes and vertical stacks shall be through 45 degrees junctions.
- (e) Soil and waste stacks shall be as direct as possible and free from sharp bends. Where such are unavoidable approved provision shall, if necessary, be made to safeguard fixtures immediately above and below the bend.

Section 85. *Sizes of Vents.*—(1) *Main Vents.*—Except by special permission, the required sizes of main vents shall be determined from the size of the soil, or waste pipe, or stack to be vented, the total number of fixture units drained into it, and the developed length of the vent, in accordance with the following table, interpolating where necessary between permissible lengths of vent given in the table.

MAXIMUM PERMISSIBLE LENGTH OF MAIN VENTS (IN FEET) FOR SOIL AND WASTE PIPES.

Diameter of Soil or Waste Pipe (Inches).	Number of Fixture Units.	Diameter of Main Vent (in inches).							
		1½	2	2½	3	4	5	6	
1½	Up to 9	44	55	66	77	88	99	110	121
	10	40	50	60	70	80	90	100	110
2	Up to 23	40	50	60	70	80	90	100	110
	24	54	69	84	99	114	129	144	159
2½	Up to 10	15	20	25	30	35	40	45	50
	11	11	14	17	20	23	26	29	32
	12	9	11	13	15	17	19	21	23
	13	8	9	11	12	14	15	17	18
3	Up to 25	20	27	34	41	48	55	62	69
	26	16	21	26	31	36	41	46	51
	27	12	16	20	24	28	32	36	40
	28	10	13	16	19	22	25	28	31
	29	8	10	12	14	16	18	20	22
4	Up to 100	35	45	55	65	75	85	95	105
	150	27	34	41	48	55	62	69	76
	200	25	31	37	43	49	55	61	67
	250	20	25	30	35	40	45	50	55
	300	18	22	26	30	34	38	42	46
5	Up to 150	22	28	34	40	46	52	58	64
	200	14	18	22	26	30	34	38	42
	250	12	15	18	21	24	27	30	33
	300	10	12	14	16	18	20	22	24
	350	8	9	11	12	14	15	17	18
6	Up to 270	22	28	34	40	46	52	58	64
	300	14	18	22	26	30	34	38	42
	330	12	15	18	21	24	27	30	33
	360	10	12	14	16	18	20	22	24
	390	8	9	11	12	14	15	17	18

Provided that—

- (a) No vent shall be less than 1½ inches in diameter, and in no case shall a vent have a diameter less than one half that of the soil or waste pipe which it serves.
- (b) For 2-in. and 2½-in. waste pipes the vent shall have a diameter of not less than 1½ inches.

(2) *Sizes of Branch Vents.*—The required sizes of branch vents shall be determined from the number of fixture units served by the branch vent and the developed length of the vent from the point of connexion of the anti-syphonage vent from the last fixture served by the branch vent to the outlet to the open air at the upper end of the main vent, in accordance with the following table, interpolating where necessary between permissible lengths of vent given in the table:—

Diameter of Branch Vent.	Number of Fixture Units Served by Branch Vent.	Maximum Permissible Length.	Diameter of Branch Vent.	Number of Fixture Units Served by Branch Vent.	Maximum Permissible Length.
1½	Up to 9	55	3	Up to 6	300
	10	50		12	272
2	Up to 23	80	4	15	238
	24	80		18	204
	25	80		21	182
	26	80		24	158
	27	80		27	138
2½	Up to 6	114	4	Up to 6	300
	12	100		12	300
	18	104		18	300
	24	94		24	300
				30	280
				60	244

Provided that—

- (a) Branch vents shall conform to provisions (a), (b), for main vents.
- (b) No branch vent need be larger in diameter than the soil or waste pipe which it serves.

(3) *Individual Anti-syphonage Vents.*—The required sizes of individual anti-syphonage vents shall be determined from the diameter of the fixture trap served in accordance with the following table:—

Diameter of Fixture Trap.	Minimum Permissible Size of Anti-Syphonage Vent.	Diameter of Fixture Trap.	Minimum Permissible Size of Anti-Syphonage Vent.
Inches.	Inches.	Inches.	Inches.
1½	1½	2½	2
2	2	3	2
2½	2½	4	2

PART 5.

PLUMBING.

Division 23.—General.

Section 86. *Waste Pipes.*—Separate waste pipes shall be provided for each of the following classes of polluted water, viz:—

- (a) Dirty water from baths, sinks, lavatory basins, and wash troughs, and other waters containing a small proportion of soap and/or dirt.
- (b) Greasy water from kitchen and scullery sinks or other fixtures, in such cases where grease traps are ordered or required.

Section 87. *Soil Pipes.*—Soil pipes shall be provided for soil water from closets and other waters containing faecal matter, and for urinal waters from slop sinks and urinals, and, where directed, for discharges from operating theatres and morgues, and in no case shall such waters be discharged into any waste pipe as defined by this By-law.

Section 88. *Connexions to Drain.*—All waste pipes shall discharge under the grating of a yard gully or into a disconnector trap. All soil pipes, including those for urinals and housemaids' slop sinks, must be connected direct to the drain. No waste pipe shall be laid in the ground outside any building unless by special permission.

Section 89. *Flashing, &c.*—All troughs, sinks, and other fixtures which are placed less than 3 inches, and all bath-fixture less than 6 inches clear from any wall shall be flashed with 5-lb. lead, 24-gauge copper, bronze, brass, nickel, silver, or monel metal, or other approved material. Galvanized sheet iron may be used for fixtures other than sinks.

All such flashings shall be turned up the walls at least 4 inches, except where the walls are tiled, when the flashings shall be carried up at least 1 inch behind the tiles. Baths and other fixtures having turned-up flanges for use against tiled walls in lieu of sheet metal flashing shall be properly supported to prevent settlement, and the flange shall lap at least 1 inch behind the tiles, which shall be brought hard down on to the surface of the fixture. All flashing shall be properly secured and made watertight, and shall be bedded for a width of not less than 1 inch along the edge nearer the fixture in red or white lead.

Section 90. *Fixtures Not to Abut Against Walls.*—Unless otherwise directed or permitted, sinks, tubs, and similar fixtures situated in premises other than private houses where food for human consumption is prepared, manufactured, or stored for sale, and draining boards, slabs, and plates used in connexion with such fixtures, shall not abut against any wall but shall have a clear space of not less than 3 inches between such fixtures and any wall surfaces or obstructions.

Section 91. *Bib-cocks.*—Internal bib-cocks shall not be permitted unless a sink, lavatory basin, or other approved fixture, or a properly drained impervious floor, is provided underneath.

Division 24.—Soil, Waste, and Vent Pipes.

Section 92. *Materials.*—No material shall be used for soil pipes other than cast-iron, lead, or brass, and for waste pipes other than wrought-iron, cast-iron, lead, brass, or copper.

Section 93. *Lead Pipes.*—The minimum permissible weight of lead for soil, waste, or vent pipes for water closets, urinals, and slop sinks shall be 7 lb. per square foot, and for all other fixtures 6 lb. per square foot.

Section 94. *Wrought-iron Pipes.*—All wrought-iron pipes and their fittings shall be approved standard weight and quality and galvanized or lined to the approval of the Authority.

Section 95. *Cast-iron Pipes.*—All cast-iron pipes shall be sound, free from holes and cracks, and coated with approved bituminous composition, or lined with glass enamel to the approval of the Authority.

Cast-iron pipes and their fittings, where laid in the ground, shall comply with the Australian standard specifications, or in the event of no such standard being in existence, with the standard approved by the Authority for cast-iron water pipes and their fittings of similar diameter. Cast-iron pipes for use in other situations shall have a minimum thickness of 8-16 inch measured in the case of glass-enamelled pipes without the enamel, and their fittings shall correspond with them in weight and quality. All junctions shall be curved, right-angled junctions shall not be made.

Section 96. *Galvanized Sheet Iron Pipes.*—External vent pipes of galvanized sheet iron shall be of a gauge not less than the following:—

- 1½ inch, 2 inch, 2½ inch diameter—22-gauge.
- 3 inch and 4 inch diameter—20 gauge.
- 6 inch diameter—18-gauge.

Section 97. Where lead, copper, brass, or cast-iron soil or waste pipes are fixed outside a wall for upstairs fixtures, the lead, copper, brass, or cast-iron pipes shall be carried at least 2 feet above the level of the highest fixtures attached to the pipe.

Section 98. *Vent Pipes.*—Vent pipes, if inside a building, shall in all cases be of cast-iron, wrought-iron, lead, copper, or brass. Grooved, welded, or riveted double galvanized sheet iron vent pipes may be used where they are entirely outside a building, and shall be connected with the traps or waste or soil pipes with brass ferrules or other joints approved by the responsible officer of Authority.

Section 99. *Vents in Shed, &c.*—Galvanized sheet iron vent pipes may be used inside stables or open sheds, except where liable to damage.

Section 100. *Use of Lead Pipes.*—Lead pipes shall not be used, except where exposed to view and/or not liable to damage.

Section 101. *Supporting Lead Pipes.*—Lead pipes shall be supported by cast lead tacks of approved dimensions, wiped on to the pipe or by other approved fastenings, and such fastenings shall be arranged as nearly as possible thus—

4-in. vertical lead pipes—2-ft. 6-in. centres.

4-in. horizontal lead pipes—2-ft. centres.

Less than 4-in. vertical pipe—3-ft. centres.

Less than 4-in. horizontal pipe—2-ft. 3-in. centres.

Two pairs of tacks, fixed opposite, is sufficient for fixing lead flush pipes from cisterns.

Section 102. *Minimum Permissible Gradients.*—The following are the minimum gradients to be adopted for soil and waste pipes:—

Diameter of Pipe.	Minimum Gradient.
1½ inch	1 in 12½
1½ inch	1 in 15
1¾ inch	1 in 17½
2 inches	1 in 20
2½ inches	1 in 25
3 inches	1 in 30
4 inches	1 in 40
5 inches	1 in 50
6 inches	1 in 60

Section 103. *Length of Unvented Waste Pipes.*—Waste pipes need not be ventilated unless they exceed 10 feet in inclined length or 12 feet in vertical length, provided that there is only one fixture attached to the waste pipe, and provided that the water seal of the trap is not reduced by syphonage or other cause. Where there is more than one fixture, or the water seal is reduced, a vent pipe shall be supplied to the fixture trap or traps.

Section 104. *Junctions.*—Where a waste or soil stack is branched into a graded waste, soil, or drain pipe, the branch fitting shall have an angle of not less than 45 degrees to the horizontal, and the length of the branch of the fitting shall be such that the vertical projection of the attached stack will be wholly outside of the area of the junction with the graded pipe.

Section 105. *Sealing of Pipes.*—Wherever a fixture is abolished, the soil, waste, vent, and water supply pipes to such fixture shall be removed, or, if allowed by the Authority to remain, the ends of the pipes shall be sealed with water-tight imperishable materials.

Section 106. *Soil Vent Pipes.*—In all cases the upward extension from the soil pipe for ventilation shall pass in as direct a manner as possible above, and, if necessary, through the roof.

Section 107. *Vent Pipe Grades.*—All vertical lines of vent pipe shall connect, full size, at their bases with a soil, waste, or drain pipe at an angle of not less than 45 degrees to the horizontal, and shall extend in undiminished size above the roof or be connected to the soil, waste, or vent stack, in compliance with the requirements of section 109, on a grade sufficient to avoid the collection of water.

All intermediate bends or offsets shall be at a grade of not less than 45 degrees to the horizontal.

Vent pipes shall not be used as waste or soil pipes.

Section 108. *Anti-syphonage Vents.*—Traps must be prevented from syphoning by proper ventilation, in accordance with the requirements of section 85. Such anti-syphonage vents from fixtures shall be carried above the eaves of the building or joined to the branch or main vent above the level of the fixture, unless special permission to the contrary is granted.

These vent pipes shall be connected to the waste or soil pipe at a point not less than 3 inches nor more than 12 inches from the crown of the trap and on the opposite side of the water seal to the fixture.

Section 109. *Combining of Vents.*—The various vents may be combined by branching together those which serve traps of the same class. The vent pipes may be branched into a soil or waste pipe of the same class above the level of the highest fixture.

Section 110. Where a branch is required to a galvanized sheet iron vent pipe, a brass saddle piece bolted and soldered to the vent must be used.

Section 111. *Sheet Metal Bends and Offsets.*—All sheet metal bends and offsets for flush and vent pipes shall be bent or pressed. Mitred elbows will not be permitted.

Section 112. *Pipes to be Accessible.*—All soil, waste, and vent pipes and traps shall, where practicable, be accessible at all times for ready inspection and convenience of repairing. When placed within partitions or recesses of walls they shall be covered with woodwork or other approved material, so fastened as to be readily removable. No junctions shall be built in except with special permission from the Authority in writing.

Section 113. Concealed standing wastes will not be permitted.

Section 114. *Painting.*—All external plumbers' work and all cast-iron cisterns and brackets, woodwork in connexion with plumbing installations, sheet iron flush pipes, and sheet iron storage tanks and trays, shall be painted, after inspection, to the approval of the Authority.

No. 128.—7777.—2

#### Division 25.—Joints.

Section 115. *Stoneware, Cement, or Cast-iron Pipes.*—Joints of stoneware, cement, or cast-iron pipes shall conform with the requirements of sections 62 or 63.

Section 116. *Lead Pipe.*—All joints in lead pipe shall be plumber's wiped joints.

Section 117. *Wrought-iron Pipe.*—The screwed ends and sockets of each particular size of wrought-iron or wrought steel pipe shall be so formed and the threads so cut that the ends of the pipe will butt against each other when screwed home in the sockets; bends, junctions, and similar fittings shall be similarly formed and screwed so that when the pipe ends are screwed home the bore will be continuously uniform and without breaks or pockets. The burr shall be neatly filed off on the inner edge of all pipe ends. All screwed joints shall be made with the approved jointing material.

Section 118. *Wrought-iron Pipe to Lead Pipe.*—All joints between wrought-iron and lead pipes shall be made by means of brass unions screwed to iron and wiped to lead.

Section 119. *Brass or Copper Pipes.*—Joints of brass or copper pipes shall be made in accordance with the Australian Standard Specification B36—"Compression joints and copper alloy screwed fittings for standard copper tubes."

Section 120. *Lead Pipe to Cast-iron Pipe.*—The connexion of lead pipes or traps to cast-iron pipes shall be made by means of brass ferrules. The brass ferrules shall be lined with and connected to the lead pipe or trap by means of a wiped joint and connected to the cast-iron by inserting ferrule in socket thereof and making the joint in the same way as in cast-iron pipe.

Section 121. *Sheet-iron Pipe to Cast-iron Pipe.*—All connexions of galvanized sheet iron to cast-iron pipes shall be made with molten lead, lightly but tightly caulked in to cast-iron sockets.

Section 122. *Sheet-iron Pipe to Wrought-iron Pipe.*—Galvanized sheet iron pipes shall be connected to wrought-iron pipes by means of brass unions or sleeves soldered to the sheet iron and screwed to the wrought-iron, or by means of a wrought-iron socket screwed to the wrought-iron pipe, into which the sheet-iron pipe shall be lightly but tightly caulked with molten lead.

Section 123. *Sheet-iron Pipe to Lead Pipe.*—Connexions of sheet-iron pipes to lead pipes shall be made by means of brass sleeves wiped to the lead pipe and soldered to the sheet-iron pipe, or by means of a cast lead collar wiped to the lead pipe, into which the galvanized sheet-iron pipes shall be caulked to approval.

Section 124. *Concrete or Stoneware Pipe and Traps to Lead Pipe.*—Connexions of lead pipe to stoneware or concrete pipe shall be made by means of a brass ferrule connected to the lead pipe by means of a wiped joint and connected to the stoneware or concrete pipe by inserting it in the socket thereof and making a cement mortar joint.

The connexion of a stoneware or concrete trap to a lead pipe shall be by means of a cast lead or brass socket, and the joint made with bitumen or other approved material. The lead pipe shall be connected to the tail end of the brass or lead socket by means of a plumber's wiped joint.

Section 125. *Connexion of Closet Pan Traps to Soil Pipe or Drain.*—Connexion of a closet pan to a soil or drain pipe shall be made by means of a bituminous jointing material, consisting of a mixture of approved bitumen and finely graded inert mineral filler in equal proportions, filled in solidly into faucet of soil or drain pipe, and neatly splayed off, or by other approved method. In the case of lead soil pipes, a cast lead or brass faucet shall be used and connected to the lead pipe by means of a wiped joint.

Section 126. *Cistern Flush Pipe to Closet Pan.*—The flushing pipe from cistern shall be connected to the water-closet pan by a lead cap piece of not less than 4-lb. lead packed with red lead or other approved material. The cap piece shall be jointed to galvanized sheet iron, copper, brass, or drawn steel pipe by means of a soldered joint and to lead flush pipe by wiped or soldered joint. The connexion of the flushing pipe to cistern shall be by means of a brass union, wiped to lead pipe or soldered to sheet-iron pipe. Copper or brass pipe shall be connected, to cistern by means of a brass ring, with nut brazed to pipe, or by other approved means.

Section 127. *Vent Pipe to Closet Pan.*—Vent pipe shall be connected to the vent horn of water-closet trap by a lead cap piece with red lead packing or by other approved methods. The cap piece shall be jointed to copper or brass pipe by means of a soldered joint and to lead flush pipe by a soldered or wiped joint.

Section 128. *Outlet Fittings to Fixtures.*—Connexions between outlet fittings and such fixtures as baths, sinks, basins, &c., when the latter are constructed of cast-iron, plate-iron, ceramicware, or concrete, shall be made with lock nuts. The outlet fitting shall in all cases be connected to the waste pipe by means of a union.

When these fixtures are made of sheet metal lighter than 20-gauge soldered connexions may be used in lieu of lock nuts.

Section 129. *Waste Pipes to Troughs.*—Connexions of waste pipes to wash troughs shall be made as under:—

(a) Cement troughs, unless otherwise approved, shall have cast-in outlets.

(b) Sheet-metal troughs shall be connected to the waste pipes in compliance with section 128.

(c) For wooden troughs, lead, copper, or brass, waste pipes shall have flanges connected to the waste in accordance with the provisions of this By-law, and fastened to the underside of the trough with copper tacks. The waste pipe shall then be turned over inside the trough and the plug casting bedded over it with red lead putty and screwed to trough with brass wood screws.

Where wrought-iron or other screwed pipes are used the plug must be connected to the trough by means of a lock nut in lieu of flange.

#### Division 26.—*Fixture Traps.*

Section 130. *Fixtures to be Trapped.*—Every water-closet, urinal, slop, or other sink, lavatory or wash basin, bath, wash trough or set of wash troughs, and any other fixture, shall be separately and effectively trapped, unless otherwise specially permitted by the Authority.

Section 131. *Omission of Traps.*—Baths, lavatory basins, wash troughs, and sinks may remain untrapped where fixed in the open air or detached outbuildings not used as a living room, workroom, or room for the preparation, cooking, or storage of food, and not connected directly by openings with the main building or residence. Provided that the length of the waste pipe, measured in the case of wash troughs from the centre of furthestmost inlet to end of waste pipe outlet, does not exceed 6 feet.

Section 132. *Position of Traps.*—Traps shall be placed as near the fixtures as possible, and in no case shall a trap be more than 2 feet from its fixture, except as provided in section 179, unless otherwise specially permitted by the Authority.

Section 133. *Depth of Water Seal.*—Every trap shall have a water seal of not less than 2 inches.

Section 134. *Closet Pan Traps.*—Outlets from closet-pan traps shall be of not less than  $3\frac{1}{2}$  inches nor more than 4 inches diameter, except in the case of syphonic pans.

Section 135. *Sealed Disconnecter Traps.*—Where approved by the Authority, sealed disconnecter traps may be fixed outside or inside the building, but in such cases breather pipes or fresh air inlets of the same diameter as disconnecter traps shall be taken above the level of the lowest fixture, or to such other height as directed, and when trap is inside shall be led to the outside of the building. The material for such breather pipes shall be the same as for waste pipes; sheet-iron will not be allowed. Inspection openings to such traps shall be sealed with screwed plugs, or as otherwise approved by the Authority.

Section 136. *Form of Trap.*—The "P" form of trap, with joints visible and accessible all round, must, unless otherwise permitted, be used in preference to the "S" form of trap for all internal fixtures wherever practicable. Where the "S" form of trap is used facilities for periodical inspection must be provided.

Section 137. *Lead Traps.*—All lead traps must be of the weights specified in section 93 for lead pipes of the same diameter.

#### Division 27.—*Gratings.*

Section 138. Fixtures discharging into waste pipes and all urinals shall have non-corrodable outlet gratings of approved design and material, in accordance with the Australian Standard Specification B.38, "Metal alloy sanitary fittings."

#### Division 28.—*Cleaning Eyes and Inspection Openings.*

Section 139. *Provision for Inspection and Cleaning.*—Sufficient inspection and cleaning eyes shall be provided in such positions on all soil and waste pipes as to be easy of access for proper inspection and cleansing.

Traps for fixtures, other than water closets, urinals, and housemaids' slop sinks, shall be provided with approved screwed brass plugs for cleaning purposes fixed under the water line of the trap.

Section 140. *Inspection Openings on Soil Pipes.*—In all cases where the vertical stack of soil pipe provides for closets 4 feet or more above the ground level, measured from floor level of water-closet to ground level at foot of stack, an inspection opening having a cover fixed to a flange with bolts or studs shall be provided in such a position as directed by the responsible officer of the Authority.

#### Division 29.—*Grease Traps.*

Section 141. *Provision of Grease Traps.*—Every fixture or area from which grease or any other objectionable matter is likely to be discharged or conveyed into waste or soil pipes, or house-drains, and every sink in all such places as food-packing houses, butchers' shops, lard rendering establishments, hotels, restaurants, and boarding-houses, and such fixtures, areas, apparatus, or appliances as the Authority may direct, shall first discharge into an approved apparatus for preventing the objectionable matter from reaching the soil pipe or drain. Such apparatus shall be of such dimensions, design, and construction and in such position as the Authority, or its responsible officer, may in each case approve.

Section 142. *External Grease Traps.*—Every grease trap shall be fixed outside the premises whenever practicable, and (if not portable) shall be of glazed stoneware, concrete, slate, or brick in cement, and the outlet shall be connected to the drain through a disconnecter trap.

Section 143. *Internal Grease Traps.*—Whenever a grease trap is used inside a building it shall be so fitted as to be easily removable, and, if directed, fixed upon a tray. All internal grease traps shall be of copper or other approved material, provided with a close fitting cover, and shall be independently ventilated as required by the Authority, or its responsible officer.

Section 144. *Grease Trap Ventilation.*—Every grease trap shall have provision made for inlet and outlet ventilation if and as directed by the Authority or its responsible officers.

Section 145. *Size of Grease Trap.*—The dimensions of grease trap, to be provided shall be such as to ensure the congealing and retention of all grease entering such trap.

Section 146. *Outlet Pipes.*—The outlet pipe from any grease trap must be at least one size larger than that size of pipe which has a cross sectional area equivalent to the total area of incoming waste pipes. In no case, except by special permission, shall the outlet pipe be less than 3 inches diameter for grease traps of copper or other approved metal and 4 inches for stoneware.

Section 147. *Maintenance.*—Every grease trap shall be maintained by the occupier at his own expense, and shall be cleaned at such intervals as may be necessary to ensure that such trap operates in an efficient and hygienic manner.

#### Division 30.—*Water Closets and Flushing Apparatus.*

Section 148. *Water-closets, General.*—At least one water-closet shall be provided for each house or building within a sewerage area, and also in such other cases as may be directed by the Authority.

In every shop, factory, office, flat, or building containing more than one tenement, at least one water-closet shall be provided for the use of the occupier of each tenement, or as otherwise directed by the Authority, and shall be so placed, either within or without such building, as to ensure the due observance of decency and to be easily accessible to the occupiers.

Section 149. *Water-closets at Hotels, Shops, &c.*—In hotels, offices, lodging-houses, shops, and, if so directed, in any other premises, closets for different sexes shall not adjoin each other unless separated by a soundproof wall of such material and of such thickness as shall be approved by the Authority.

Section 150. *Water Closets for Factories.*—The owner of any building which is used for the purpose of a factory shall provide water-closets for the use of employees at such building in accordance with the Factories Act.

Section 151. *Light, Ventilation, &c., for Water-closets.*—Except as herein provided in section 152, every water-closet in a building shall comply with the following conditions:—

- (a) One of its sides at least shall be an external wall of such building, abutting on to a street or lane, or an open space of not less than 100 square feet in area, such space being portion of the premises.
- (b) It shall not be entered directly from any room used for human habitation or for the manufacture, preparation, or storage of food for human consumption, or used as a factory, workshop, or work place. In cases where otherwise such closet would be directly entered from any such room, an ante-chamber, or airlock having a floor area of not less than 20 square feet shall be provided and effectively lighted, and shall be ventilated by an air shaft or some approved method to the open air. The doors of such closet and ante-chamber or airlock shall be close fitting and self-closing, and all internal walls constructed of brick or other approved airtight material, extending the entire height from floor to ceiling. For closets in private residences opening on to a well-lit and well-ventilated hall passage, lobby, or staircase, no airlock is required, but where these conditions do not exist the airlock as above shall be provided.
- (c) Each water-closet apartment, ante-chamber, or airlock shall be provided with adequate means of constant fresh air ventilation, and shall be lighted by a window or glazed louvres of not less than 2 square feet of clear light area per water-closet opening directly into external air. The effective area provided for outlet ventilation of each water-closet apartment, ante-chamber, or airlock shall be not less than 27 square inches, and where the level of the floor of the water-closet apartment is lower than the outside surface of the ground, exhaust ventilation shall be provided by means of a tube of at least 6 inches diameter, carried up through the roof and furnished with a cowl. Approved provision for inlet ventilation shall be made as near the floor level as possible.
- (d) The floors of all water-closet apartments shall be constructed of concrete of not less than 4 inches thickness, or of other approved impervious material, and graded as directed, or they shall be provided with lead safes in accordance with the requirements of sections 184, 185, and 187. The frame of every wooden closet shall be securely fastened to the floor and made rigid, without attachment to fences.
- (e) Each closet apartment shall be not less than 3 feet wide and 5 feet long, inside measurements, and the walls shall be at least 7 feet high at the lowest part.

Section 152. *Mechanical Ventilation and Artificial Light.*—Subject to the approval of the Authority in writing the requirements of section 151 may be waived, provided that the following conditions be complied with, viz.:—

- (a) In every such case a mechanical system of exhaust ventilation in duplicate, approved by the Authority, and capable of changing the air contents of such water closet eight times per hour shall be installed in connexion therewith.
- (b) Upon completion the owner or his representative shall carry out such tests of the mechanical system referred to as the Authority may deem necessary.
- (c) Such mechanical system shall at all times be underneath the continuous supervision of one or more properly qualified persons, and shall be continuous in operation.
- (d) Any such mechanical system shall be open to inspection by the Authority at all reasonable times, and shall be subject to such tests as the Authority shall from time to time direct. The air and pipe shafts shall be readily accessible, and shall have a minimum width of 2 ft. 6 in., and a minimum area of 12 square feet.
- (e) The failure of any such mechanical system at any time to pass such tests shall be an offence by the owner of such a building against this By-law, and the owner thereof shall also, in respect of such failure, be guilty of an offence against this By-law.
- (f) Every such water-closet shall be provided with an efficient system of electric lighting to the approval of the Authority, and same shall be maintained at all times in good working order.

Section 153. *Wooden Water-closets.*—In wooden water-closets buildings the bottom plates and plinths must be of approved timber. In repairs to studs they shall be cut to sound timber with a new plate, supported on a concrete dwarf wall extended up from the floor level.

Section 154. *Fixing Closet Pan.*—On concrete floors, or floors of tiles set in concrete, the closet pan shall be securely bedded upon concrete or cement mortar and fixed with brass screws to approved lead dowels set in the floor. Where the floor is of timber covered with an approved impervious material the closet pan shall be secured to the timber by means of brass screws as directed or by other approved means.

Section 155. *Closet Pans.*—Every water-closet shall be furnished with a pan of non-absorbent material of such shape, capacity, and construction as approved by the Authority. Water-closet pans and fittings thereto shall be entirely open to inspection and without any enclosure. Vent horns shall be provided on all pans even if no anti-syphonage vent is required. If not used for a vent such vent horn shall be sealed with a lead disc, bituminous filler, and a lead cap piece, or by other approved method.

Section 156. *Closet Pan Seats.*—Except as approved by the Authority, all hinged closet pan seats shall be not less than 1 inch in thickness and constructed of approved material. When constructed of wood, four-piece seats shall be glued and either dowelled or bolted, and one-piece seats shall be reinforced with two wood or brass slips let in flush on the underside.

Section 157. *Flushing Apparatus.*—Approved apparatus shall be provided for the effective application of water to the pan of the water-closet and for the efficient flushing and cleansing of the pan, and effective removal therefrom of any solid or liquid matter which may from time to time be deposited therein. Such apparatus shall have a flushing capacity of 2½ gallons, and shall be so constructed, fitted, and placed as to supply water for use in the pan without any direct communication with any service water pipe upon the premises.

Section 158. *Flushing Cisterns.*—Flushing cisterns shall be fixed at such height as will effectively flush the pan; but except by special permission, no cistern shall be fixed at a less height, measured from top of seat to bottom of cistern, than 5 feet where 1½-in. flush pipe is used, or 4 feet where 1¼-in. flush pipe is used. There shall be a distance of at least 9 inches between top of cistern and ceiling of closet.

Every cistern shall have a separate stop-tap and an overflow of ¾-in. internal diameter, and shall be fixed to cistern boards not less than 12 inches deep and 1¼ inches thick, or fixed in other approved manner.

Water supply pipes to cisterns shall be adequate to fill any cistern at the rate of not less than 1 gallon per minute.

Section 159. *Flush Pipes.*—Flush pipes to closet pans shall be of brass, copper, 6-lb. lead, galvanized-iron of not less than 22-gauge, or other approved material, and shall have a minimum diameter of 1¼ inches.

Section 160. *Flushing Apparatus Other Than Cisterns.*—Notwithstanding anything contained in this By-law, closet pans in any building may be flushed by means of any apparatus which—

- (a) automatically controls the amount of water used, and/or
- (b) is approved by the Authority.

Section 161. *Storage Tanks.*—Except where otherwise allowed by the Authority, on request in writing, by the owner accepting all responsibility in the matter, internal water-closets shall be provided with storage tanks capable of holding 6 gallons of water for each occupant of the building, with a minimum of 60 gallons per closet for all buildings

except private residences, which shall have a minimum capacity of 30 gallons.

Unless otherwise directed by the Authority, the storage tanks may be placed in the water-closet apartment itself, on the roof over a flat or gutter, or in an accessible place between the ceiling and the roof, in which latter case a safe of galvanized iron, lead, or other approved impervious material, with overflow, shall be fixed under the storage tank.

Section 162. *Venting Closet Pans.*—Unless otherwise directed or permitted, every closet pan on an upstairs floor shall discharge into a soil-ventilator pipe, except that any closet pan on a floor which is not more than 8 feet in height from the ground surface level may be ventilated by an anti-syphonage vent only, in accordance with the requirements of sections 85 and 108, and discharge into a soil pipe without extension as a ventilator pipe; provided that no fixtures at a lower level are connected to such soil pipe.

Any closet pan where ordered, and, also, unless otherwise directed, every internal closet pan which is more than 4 feet from a fully vented soil pipe drain as measured horizontally, between the centre of soil pipe and centre of pan, shall be ventilated by an anti-syphonage vent in accordance with the requirements of section 85 sufficiently close to prevent syphonage, and in no case more than 18 inches from the trap. Notwithstanding the above, all "S" trap pans must be provided with anti-syphonage vents.

Section 163. *Grouped External Closets.*—Where there are more than three external water-closet pans grouped on the ground floor or in the yard of any premises special provision must be made to prevent syphonage.

#### Division 31.—Urinals and Flushing Apparatus.

Section 164. *Urinals, General.*—Every urinal on premises licensed for the sale of fermented or spirituous liquors, and on premises used as a factory, workshop, work place, manufactory, shop, office, or school where persons of the male sex are employed or in attendance, shall be of such size as the Authority requires. Provided that when the number of persons of the male sex does not exceed ten, a urinal need not be fixed if the closet has a pedestal pan with a hinged tip-up weighted seat.

Section 165. *Internal Urinals.*—The positions, approaches, arrangement of lighting, ventilation, &c., for internal urinals shall comply as nearly as possible with the provisions as to internal water-closets.

Section 166. *Details of Construction, &c.*—Except by special permission, only round-backed stall type urinals of approved impervious material shall be used. The soil pipes shall be of lead, stoneware, or glass, enamelled or coated cast-iron, or other approved material, shall be kept as short and free from bends as possible, and shall be trapped. Inspection openings shall be provided on soil pipes as directed, with clamped covers. The urinals shall be provided with approved flushing apparatus, and a hose tap shall be provided in a suitable position for hosing down.

Section 167. *Treatment of Floors.*—The floor in front of a urinal shall be covered with approved impervious material for a width of not less than 2 feet, or, if raised above floor level of urinal apartment, not less than 1 ft. 6 in., and graded to drain to urinal.

*Impervious Materials.*—The following materials will be considered impervious:—

- (a) For urinals: glazed fire clay or salt glazed stoneware.
- (b) For floors in front of urinals: Glazed tiles set in cement mortar (composed of equal parts of cement and sand), concrete 6 inches thick rendered with ½-in. thick cement mortar, slate, marble or asphaltum.

Section 168. *Flushing Apparatus.*—Pull and chain flushing cisterns or other approved apparatus operated by hand shall be fixed on all urinals except where automatic flushing cisterns are permitted or directed by the Authority.

Section 169. *Flushing Cisterns.*—The discharge from a cistern shall be equal to 1 gallon for each urinal stall, except where otherwise allowed by the Authority, but in no case shall larger than a 3-gallon cistern be used.

The height of a cistern shall, unless otherwise allowed by special permission, be at least 8 feet from the floor to the top of the cistern. The cistern shall be so fixed that the ball tap is accessible.

A separate stop tap shall be provided for each urinal cistern.

Section 170. *Flush Pipes.*—Flush pipes for urinals shall be of brass or copper with gunmetal fittings, and shall have a minimum diameter of 1¼ inches, except that flush pipes for automatic flushing cisterns generally shall not exceed—

- for 1-gallon cistern, ¾-in. internal diameter,
- for 2-gallon cistern, 1-in. internal diameter,
- for 3-gallon cistern, 1½-in. internal diameter,

with branches as directed by the responsible officer of the Authority.

#### Division 32.—Housemaids' Slop Sinks.

Section 171. *General.*—Housemaids' slop sinks shall be made in one piece of approved impervious material and provided with approved flushing apparatus of 2-gallon capacity.

Section 172. *Ventilation, Light, &c.*—Housemaids' slop sinks shall be so placed and ventilated as to comply with the requirements for water-closets as set out in sections 151 (a), (b), and (c), and 162.

Section 173. *Bibcock over Slop Sink*.—A bibcock shall be fixed directly over a housemaids' slop sink, and at least 18 inches above such sink.

*Division 33.—Wash Troughs.*

Section 174. *General*.—Wash troughs shall be of approved pattern and material, securely fixed and graded to outlet pipe, fitted with brass strainer sunk to level of bottom of trough.

Section 175. *Support for Lead Waste Pipe*.—Where the distance between outlets on troughs exceeds 21 inches and lead waste pipe is used, the pipe shall be supported either by a lead tack wiped on the top of the pipe or by a wooden block screwed to the bottom of the trough and clamped to the pipe.

Section 176. *Troughs Abutting Against Brick Wash Copers*.—Wherever the end of a wash trough abuts against the brickwork of a wash copper the space between the end of trough and the brickwork shall be filled with approved waterproof material.

*Division 34.—Sinks; Baths, Showers, and Lavatory Basins.*

Section 177. *Sinks*.—All new sinks shall be fixed on brackets and traps and wastes left readily accessible.

Section 178. *Galvanized Sheet-iron Baths*.—The bottoms of galvanized sheet iron baths shall be effectively supported. Such baths shall not be enclosed. Longitudinal joints in the bottoms of baths shall not be permitted.

Section 179. *Bath Traps*.—Where a bath trap is fixed on the outside of a wall it shall in no case be more than 3 feet from the outlet of the bath, unless by special permission of the Authority.

Section 180. *Showers*.—All showers on the ground floor shall be provided with a 4-in. stoneware or concrete trap, fitted with brass grating. All showers above the ground floor shall be provided with drainage in accordance with the requirements for baths.

The floors of shower compartments shall be well graded to the trapped outlet and shall be constructed of not less than 4 inches of concrete, trowelled smooth or covered with tiles set in cement mortar, or of other approved impervious materials, or if constructed of timber shall be covered with enamelled cast-iron; approved non-corrosive sheet metal or other approved material turned up at the edges and flashed in accordance with the requirements of section 89.

The walls of shower compartments shall be constructed of brickwork or concrete, cement rendered to a smooth finish or covered with tiles set in cement mortar or of other approved impervious materials, or if constructed of timber shall be lined with approved non-corrosive sheet metal or other approved impervious material and with impervious joints.

Section 181. *Venting of Lavatory Basins*.—All lavatory basins, placed singly, shall be provided with anti-syphonage vents; except where the length of waste pipe does not exceed 4 feet, measured from crown of trap to outlet and of waste pipe and syphonage does not occur.

In ranges of lavatory basins ventilation by means of a single vent pipe at the upper end of the range will be permitted, provided that the vent and main waste pipe are sufficiently large to prevent syphonage.

Section 182. *Tip-up Basins*.—Tip-up lavatory basins shall not be permitted.

*Division 35.—Safes and Overflows.*

Section 183. *Safes, Where Directed*.—Safes of lead or other approved impervious material shall be fitted under housemaids' slop sinks and internal water-closets, and in such other positions as directed.

Section 184. *Lead Safes in Water-closets*.—All lead safes shall be laid with sheet lead weighing not less than 5 lb. per square foot; and where the whole floor is not covered with lead the safe shall extend 12 inches beyond the sides and 15 inches beyond the front of the pan, measured from the outside of the basin, and shall extend back to and 3 inches up the wall and over flashed, if directed. The roll of such safe shall be 2 inches wide and  $\frac{1}{2}$  inch high.

Section 185. *Safe Overflows*.—Unless otherwise permitted, every safe shall be drained by a separate 2-in. diameter pipe, provided at the inlet with a brass grating and at the outlet into the open air with a flap valve of brass or other approved metal; and shall not connect with any waste pipe, soil pipe, drain, or sewer.

Section 186. *Cistern Overflows*.—Every cistern supplied with water shall, unless otherwise approved, have an overflow pipe of adequate size, discharging in a position where it will not cause damage, but where it will act as a warning pipe. On ground floors where cisterns are fixed over impervious floors graded to drain outside of the room the overflow may discharge on to such floors, provided no damage is likely to arise therefrom.

Section 187. *Discharges From Overflows*.—Overflows may discharge into the open air above ground floor level only when the discharge will not cause any inconvenience or nuisance. In all other cases the pipes must be brought to the ground surface or be arranged to discharge where they will not prove a source of annoyance or inconvenience.

Section 188. *Existing Floors*.—Where necessary, in the opinion of the responsible officer of the Authority, every existing floor under a fixture shall be regraded and a proper waste pipe and, if directed, a flap valve fixed.

*Division 36.—Existing Fixtures.*

Section 189. All existing fixtures, fittings, and appliances not in accordance with this By-law which the owner may desire to retain unaltered, and which, in the opinion of the Authority, will be inoffensive, may at the distinct request in writing of the owner only remain unaltered until such time as the Authority shall otherwise order. Existing fixtures, fittings, and appliances which, in the opinion of the Authority, are offensive shall be removed at once.

PART 6.

WATER SUPPLY.

Section 190. *Supply of Water to Fixtures*.—All water-closets and other plumbing fixtures shall be provided with a sufficient supply of water for flushing purposes to keep them at all times in proper and cleanly conditions.

Every owner of property who desires, or has been ordered by the Authority, to provide sanitary appliances for his own property, and to connect his property with the sewers of the Authority, shall before or at the commencement of the work of making such connexion, provide piping approved of by the Authority for the conveyance of water, and shall cause the piping to be joined at the most convenient water supply main, or, with the permission of the Authority, to some pipe already joined to the main. Such piping shall be of capacity sufficient to supply all sanitary fittings on the property freely and continuously, and convey to the flushing cistern, flushing tank, or other flushing apparatus of each water-closet on the property enough water to fill the same at a rate of not less than 1 gallon per minute, and the owner shall cause such piping to be connected with the cistern before the completion of the work.

The water supply to any fixture shall be so arranged that there shall be an actual physical discontinuity between the water stored or used in any such fixture and that in the water service pipe.

Section 191. *Material Condition, Capacity, &c. of Water Supply Piping*.—The entire length of the water supply piping from its connexion with the water supply main to the water-closet flushing cistern or other fixture shall be such as is, in the opinion of the Authority, suitable in regard to material, condition, and capacity to convey a sufficiency of water for the sanitary requirements of the particular tenement.

The owner shall keep the piping from becoming, whether by reason of corrosion or other cause, of insufficient capacity to fill the flushing cistern, storage tank, or other flushing apparatus at the rate of not less than 1 gallon per minute.

Section 192. *Fixtures Not Connected With Sewers*.—No water service pipe shall be laid to supply any fixture in any property in any sewerage area unless such fixture is connected with the sewers of the Authority, or unless special permission in writing has been previously given to lay such service pipe.

Section 193. *Storage Tanks*.—Water supply pipes to storage tanks for internal closets shall be of not less than  $\frac{1}{2}$ -in. diameter and be provided with stop taps and high-pressure ball valves, except where the elevation of the storage tank is not sufficient to allow of high-pressure ball valves being used. In such cases the permission of the Authority shall be obtained to fix low-pressure ball valves where the head of the water supply of the storage tank to the flushing cistern is less than 20 feet, a low-pressure ball valve shall be provided to the cistern.

Outlets from storage tanks shall not be less than  $\frac{1}{2}$  inch for one or two cisterns, and 1 inch for three to six cisterns.

Wherever a larger number than six cisterns is fixed, the size of the outlet shall be proportionally increased. The overflow from a storage tank shall be  $1\frac{1}{2}$  inches in diameter, and a stop tap shall be fixed on the rising supply pipe to the tank.

Full way gate valves shall be provided between storage tank and flushing apparatus.

Section 194. *Supply Pipe Connexion With Flushing Cistern*.—In all water-closets, where directed, a piece of lead or copper pipe not less than 12 inches in length shall be used between the flushing cistern and the supply pipe.

The foregoing By-law was made and passed by the Bairnsdale Sewerage Authority at a meeting held on 16th April, 1936, and confirmed at a subsequent meeting of the Authority held on 21st May, 1936.

In witness whereof the common seal of the said Authority was affixed hereto in the presence of—

(SEAL) R. JEFFREYS, Chairman.  
J. W. PEART, Member.  
R. STAVELY, Secretary.

Approved by the Governor in Council,  
the 23rd June, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

ORDER OF THE COUNCIL OF THE SHIRE OF ALBERTON,  
MADE THE 14TH DAY OF FEBRUARY, 1935.

IN pursuance of the powers conferred by sections 521 and 525 of the *Local Government Act* 1928, the Council of the Shire of Alberton doth hereby order that the lands respectively hereinafter described shall be a public highway from and after the publication of this Order in the *Government Gazette*, namely:—

All that piece of land being part of Crown allotment 77, Parish of Devon, County of Buln Buln, commencing at a point south 89 deg. east 1,556 links from the north-west corner of said Crown allotment 77; thence south 49 deg. 3 min. west 276 4-10 links; thence south 2 deg. 23 min. east 1,360 links; thence south 20 deg. east 2,435 links; thence south 89 deg. 6 min. east 107 links; thence north 20 deg. west 2,457 7-10 links; thence north 2 deg. 23 min. west 1,296 4-10 links thence north 49 deg. 3 min. east 239 6-10 links; thence north 63 deg. 52 min. east 146 links; thence north 89 deg. west 205 links home to the point of commencement.

And the said Council doth hereby declare that the land above described shall from the said date of publication in the said *Government Gazette* be a public highway in lieu of the following pieces or parcels of land respectively, that is to say:—

Firstly.—All that piece of land in the said parish and county, being the old Government-road bounding the said Crown allotment 77 on the west, commencing at the north-west corner of said Crown allotment 77; thence in a line bearing south 55 min. west 3,820 links; thence north 89 deg. 6 min. west 100 links; thence north 55 min. east 3,820 links; thence south 89 deg. east 100 links home to the point of commencement.

Secondly.—All that piece of land in the said parish and county, being part of the old Government-road bounding the said Crown allotment 77 on the south, commencing at the south-east angle of said allotment 77; thence by line bearing north 89 deg. 23 min. west 2,649 links; thence north 89 deg. 6 min. west 10 links; thence south 20 deg. east 26 4-10 links; thence south 17 min. west 175 links; thence south 89 deg. 23 min. east 2,650 links; thence north 14 min. east 200 links to the point of commencement.

The common seal of the Shire of Alberton was affixed hereto by order of the Council of the said Shire in the presence of—

(SEAL) BERNARD R. JEFFS, President.  
WM. MACAULAY, Councillor.  
G. W. BLACK, Shire Secretary.

Confirmed by the Governor in Council,  
the 23rd day of June, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

ORDER OF THE COUNCIL OF THE SHIRE OF ALBERTON,  
MADE THE 11TH DAY OF JULY, 1935.

IN pursuance of the powers conferred by sections 521 and 525 of the *Local Government Act* 1928, the Council of the Shire of Alberton doth hereby order that the land hereinafter described shall be a public highway from and after the publication of this Order in the *Government Gazette*, namely:—

All that piece of land being part of Crown allotment 73r, Parish of Binginwarri, County of Buln Buln, commencing at a point 758 7-10 links 317 deg. 27 min. from the most easterly angle or corner of said Crown allotment 73r; thence by a line bearing 287 deg. 33 min. 94 links; thence by a line bearing 296 deg. 35 min. 313 links; thence by a line bearing 310 deg. 9 min. 175 links; thence by a line bearing 325 deg. 36 min. 371 links; thence by a line bearing 339 deg. 14 min. 121 links; thence by a line bearing 126 deg. 6 min. 420 4-10 links; thence by a line bearing 137 deg. 27 min. 615 3-10 links home to the point of commencement.

And the said Council doth hereby declare that the land above described shall from the said date of publication in the said *Government Gazette* be a public highway in lieu of the following piece of land, that is to say: All that piece of land being part of the old Government-road bounding said Crown allotment 73r in the Parish of Binginwarri, County of Buln Buln, commencing at a point 758 7-10 links 317 deg. 27 min. from the most easterly angle or corner of said Crown allotment 73r; thence by a line bearing 107 deg. 33 min. 203 4-10 links; thence by a line bearing 131 deg. 20 min. 243 links; thence by a line bearing 168 deg. 165 4-10 links; thence by a line bearing 146 deg. 56 min. 295 links; thence by a line bearing 185 deg. 11 min. 612 5-10 links; thence by a line bearing 174 deg. 5 min. 276 3-10 links; thence by a line bearing 207 deg. 39 min. 529 5-10 links; thence by a line bearing 242 deg. 45 min. 713 links; thence by a line bearing 264 deg. 30 min. 19 links; thence by a line bearing 261 deg.

56 min. 588 links; thence by a line bearing 62 deg. 45 min. 1,222 6-10 links; thence by a line bearing 27 deg. 39 min. 452 links; thence by a line bearing 9 deg. 53 min. 889 links; thence by a line bearing 317 deg. 27 min. 758 7-10 links home to the point of commencement.

The common seal of the Shire of Alberton was affixed hereto by order of the Council of the said Shire in the presence of—

(SEAL) BERNARD R. JEFFS, President.  
A. C. DAVIS, Councillor.  
G. W. BLACK, Shire Secretary.

Confirmed by the Governor in Council,  
the 23rd day of June, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

APPLICATIONS FOR MINING LEASES:

SUBJECT to any necessary excisions, &c., it is proposed to grant the following:—

8518, Ballarat; Buninyong Rand Mines No Liability; 52a. 2r. 37p; Parish of Buninyong.

8592, Ballarat; Sidney William Russell; 79a. 3r. 1p; Parish of Borhoneyghurk.

8754, Ballarat; Samuel Edwin Burrows, Murdock Alexander Burrows, and William Isaac Burrows; 160 acres; Parish of Burrumbett.

8812, Ballarat; Leon Henri Joseph Desire Gropper and John Cleveland Best; 43a. 1r. 13p; Parish of Clarkesdale.

7871, Beechworth; Gerald Sheehan; 31a. 0r. 10p; Parish of Bungil.

7873, Beechworth; Gerald Sheehan; 17a. 0r. 37p; Parish of Bungil.

8535, Castlemaine; John Till; 98a. 3r. 2p; Parish of Fryers.

5336, Gippsland; Donald Ross, Stephen Geraghty, Frederick George Hawley and Robert Weston Riddell; 50a. 0r. 37p; Parish of Winyar.

APPLICATIONS FOR MINING LEASES ABANDONED.

2634, Ararat; David Martin Cheesman; 1,912a. 3r. 5p; Parish of Barkly.

8619, Ballarat; Walter Duncombe Dawson; 3a. 1r. 27p; Parish of Clarkesdale.

8683, Ballarat; Charles Robert Strachan; 59a. 0r. 26p; Ballarat East.

8710, Ballarat; Thomas Vurlow; 52a. 3r. 8p; Parish of Kerrit Baret.

8792, Ballarat; Robert Sargant; 37a. 1r. 38p; Parish of Mannibadar.

7823, Beechworth; Charles Alfred Darling; 200 acres; western side of Basin Creek.

7867, Beechworth; Beechworth Alluvials Limited; 1,846a. 3r. 12p; Parish of Wooragee.

5276, Gippsland; William Denis Farrington; 500 acres; Crooked River.

6511, Maryborough; John D. Morrison (transferred to Bora Gold No Liability); 2,826a. 2r. 16p; Parish of Warrenmang.

6731, Maryborough; Bora Gold No Liability; 2,458a. 0r. 4p; Parishes of Warrenmang, Bolerch and Avoca.

10794, Bendigo; Victor John Hird; 8a. 3r. 28p; Parishes of Knowsley East and Dargile.

APPLICATIONS FOR MINING LEASES REFUSED.

10556, Bendigo; Samuel Nixon; 10 acres; Long Gully Creek.

10857, Bendigo; Samuel Nixon; 12 acres; Ironbark Gully.

10858, Bendigo; Samuel Nixon; 6 acres; Long Gully Creek.

LICENCES GRANTED TO TRANSFER MINING LEASES.

7724, Beechworth; F. Folks to John Edward Bush, Alfred Bush, Albert Edgar Hotchkiss and Annette Elizabeth Douglas.

5020, Gippsland; John Speers to John Speers, Alexander William Speers and John Henry Zimmer.

5141, Gippsland; Alexander William Speers and John Speers to John Speers, Alexander William Speers and John Henry Zimmer.

5281, Gippsland; John Speers to John Speers, Alexander William Speers and John Henry Zimmer.

E. J. HOGAN,  
Minister of Mines.

MINING LEASES DECLARED VOID.

8338, Castlemaine; Frederick Nomens.

\*10242, Bendigo; Sedgwick Gold Mining Syndicate No Liability.

\*Applicant for forfeiture will be granted a new lease under section 91 of the *Mines Act* 1928.

GEORGE BROWN,  
Secretary for Mines.

## STATE RIVERS AND WATER SUPPLY COMMISSION.

## AUTHORITY TO OBTAIN BANK OVERDRAFTS.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, has, by Orders made on the twenty-third day of June, 1936, authorized, in pursuance of section 271 of the *Water Act 1928* (No. 3801), each of the Waterworks Trusts mentioned in the first column of the schedule hereunder to obtain an advance or advances from the bank named in the second column, by overdraft of the Trust's current account thereat, such overdraft not to exceed at any one time the sum specified in the third column, viz.:

SCHEDULE.		
Name of Trust.	Bank.	Amount.
Shire of Shepparton*	Commonwealth, Shepparton	£ 200 0 0
Drouin	Commercial of Australia, Drouin	750 0 0

\* During the year 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

At Parliament House,  
Melbourne, the 23rd June, 1936.

## BOROUGH OF HORSHAM WATERWORKS TRUST.

## RATING BY-LAW FOR YEAR 1936.

THE Commissioners of the Borough of Horsham Waterworks Trust do hereby make the following By-law, in pursuance of the provisions of the *Water Act 1928*:

1. That the water-rate for the year 1936 on all lands and tenements within the Borough of Horsham Waterworks Trust District shall be One shilling and threepence in the pound on the municipal valuation of the Town of Horsham for the year 1935-1936, with a minimum of £1 (One pound) upon all tenements valued at or under £16 (Sixteen pounds), and upon which a building is erected except such as are entitled to the provisions of section 237 of the above-mentioned Act.

2. For water supplied by the Trust for domestic and other than domestic use by measurement (except in cases of special agreement with the Trust), the minimum quantity of water to be charged for in respect of lands and tenements within the Trust district shall be the quantity for which the charge of One shilling and threepence per thousand (1,000) gallons would be equal to the amount of the assessed rate which would be payable for the premises so supplied if supplied otherwise than by measure. All water supplied by the Trust by measure in excess of such aforesaid quantity shall be charged at the rate of Ninepence (9d.) per 1,000 gallons.

3. For water supplied by measurement for other than domestic purposes solely, a charge of Ninepence for every 1,000 gallons shall be made (except in cases of special agreement with the Trust), and for water supplied for railway purposes, which shall be at the rate of Ninepence (9d.) per One thousand (1,000) gallons. Provided that the minimum charge shall not be less than the amount payable under the assessed rate as specified in clause 1 hereof.

4. All rates and charges shall be payable in advance, on the 1st day of January, 1936, at the office of the Trust, Wilson-street, Horsham, where payments will be received during office hours.

5. Such officers as the Trust may from time to time appoint for the purpose are hereby authorized to demand, receive, and recover the said charges.

The foregoing By-law was passed by the Commissioners of the Borough of Horsham Waterworks Trust on the 19th day of December, 1935, and the common seal hereunder affixed in the presence of—

(SEAL) F. J. LANGLANDS, Chairman.  
W. BOLTON, Commissioner.  
W. P. PRYOR, Secretary.

Approved by the Governor in Council,  
the 23rd June, 1936.

C. W. KINSMAN,  
Clerk of the Executive Council.

## DEPARTMENT OF LANDS AND SURVEY.

At Parliament House, Melbourne, the twenty-third day of June, 1936.

## PRESENT:

His Excellency the Governor of Victoria.  
Mr. Hogan | Mr. Tuckett  
Mr. Bussau | Mr. Pye  
Mr. Old | Mr. Mackrell  
Dr. Harris | Mr. Hyland.

## UNUSED AND UNMADE ROADS CLOSED.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby direct that, in pursuance of the provisions of section 304 of the *Land Act 1928* (No. 3700), the unused and unmade roads referred to hereunder be closed, viz.:

Borough of Stawell, Parish of Illawarra, County of Borung, being the roads hereinafter described, viz.:(1) The road lying between sections 1, 2, 3, and 4, and sections 26, 25, 24, and 23; (2) the road lying between sections 5, 6, and 7, and sections 22, 21, 20, and 18; (3) the 50-link road intersecting sections 7, 18, 17, and 19; (4) the roads lying between sections 1 and 2, 2 and 3, 3 and 4, 5 and 6, 26 and 25, 25 and 24, 24 and 23, 22 and 21, 21 and 20, 20 and 19, and 17 and 18; (5) the road lying between sections 7, 18, and 17, and sections 6, 20, and 19; the 100-link road intersecting section 6.—(S.329 (12 13) (Z.23695).

Parish of Strangways, County of Talbot, being the road lying between allotments 20, 22, and 32, and allotments 16 and 19 of section 2.—(S.335 (\*) (C.S2947).

Parish of Jancourt, County of Heytesbury, being the road lying between allotment 3B and allotment 70A.—(J.24 (\*) (C.83274).

## LAND TEMPORARILY RESERVED FROM SALE.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby, in pursuance of the provisions of the *Land Act 1928*, reserve, temporarily, and also except from occupation for mining purposes, or for residence or business, under any miner's right or business licence, the land hereinafter described:—

DIMBOOLA.—Site for Supply of Gravel.—6 acre 3 roods 7 perches, Town of Dimboola, Parish of Dimboola, County of Borung, commencing at a point bearing N. 36 deg. 40 min. W. 1,038 links from the western angle of allotment 142; bounded thence by Ellerman-street bearing N. 36 deg. 40 min. W. 800 links, by the town boundary bearing N. 53 deg. 20 min. E. 850 links, and S. 36 deg. 40 min. E. 799 links; and thence by the Higher Elementary School reserve bearing S. 53 deg. 16 min. W. 850 links to the commencing point.—(D.150 (7) (Rs.4580).

## LAND TEMPORARILY RESERVED FROM SALE.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby, in pursuance of the provisions of the *Land Act 1928*, reserve, temporarily, and also except from occupation for mining purposes under any miner's right, the land hereinafter described:—

DIMBOOLA.—Site for State School purposes (Higher Elementary School), in addition to and adjoining the site temporarily reserved therefor by Order in Council of the 11th July, 1923.—3 acres 35 perches, Town of Dimboola, Parish of Dimboola, County of Borung, commencing at a point bearing N. 36 deg. 40 min. W. 820 links from the western angle of allotment 142; bounded thence by Ellerman-street bearing N. 36 deg. 40 min. W. 218 links, by the gravel reserve and town boundary bearing N. 53 deg. 16 min. E. 1,528 5-10 links, by a road bearing S. 8 deg. 56 min. E. 248 3-10 links; and thence by the existing site bearing S. 53 deg. 20 min. W. 1,413 links to the commencing point.—(D.150 (7) (Rs.2780).

## LAND TAKEN OVER BY THE CLOSER SETTLEMENT COMMISSION.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby, in pursuance of the provisions of section 95 of the *Closer Settlement Act 1928*, approve of allotments as described hereunder being taken over by the Closer Settlement Commission at a valuation of One hundred and thirty pounds (£130):—

Allotment 47, section A, Parish of Mildura.

And the Honorable Albert Eli Lind, His Majesty's Commissioner of Crown Lands and Survey for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,  
Clerk of the Executive Council.

## MINES ACT 1928.

At Parliament House, Melbourne, the twenty-third day of June, 1936.

## PRESENT:

His Excellency the Governor of Victoria.

Mr. Hogan	Mr. Tuckett
Mr. Bussau	Mr. Pye
Mr. Old	Mr. Mackrell
Dr. Harris	Mr. Hyland.

## REGULATIONS FOR THE INSTALLATION AND USE OF ELECTRICITY.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, and in pursuance of the provisions conferred by the *Mines Act 1928* (No. 3737), doth hereby make the Regulations following, that is to say:—

## DEFINITIONS.

- "Pressure" means the difference of electrical potential between any two conductors through which a supply of electrical energy is given or between any conductor and earth.
- "Extra low pressure" means pressure normally not exceeding 32 volts alternating current or 115 volts direct current.
- "Low pressure" means pressure normally exceeding 32 volts alternating current or 115 volts direct current, but not exceeding 250 volts in either case.
- "Medium pressure" means pressure normally exceeding 250 volts, but not exceeding 650 volts.
- "High pressure" means pressure normally exceeding 650 volts, but not exceeding 6,600 volts.
- "Extra high pressure" means pressure normally exceeding 6,600 volts.
- "Earthed" means connected to the general mass of earth in a manner that will ensure at all times an immediate and safe discharge of electricity.
- "Active conductor" or "active" means a conductor which is or may be maintained at a difference of potential from the neutral conductor of the supply system, or from earth. Where the supply system does not include a neutral or earthed conductor, all conductors, other than earthing conductors, shall be considered to be active conductors.
- "Neutral" (neutral conductor) means that conductor of a 3-wire or multi-wire system which is maintained at an intermediate and approximately uniform potential in regard to the active conductors.
- "Source of supply" shall mean the generator where the supply is taken from a generator or the transformer where the supply is taken from a transformer.
- "Cutout" (fusible cutout) means a device for opening a circuit in the event of over-current, by the fusion of a specially designed part thereof. It comprises all the parts which, together with their mounting, base and containing case or cover (if any) form the complete device.
- "Fuse link" means that part of a cutout which is designed to melt and thus open the circuit. It comprises the fusible metal and any end connexions forming part thereof.
- "Inspector" means the Inspector appointed by the Minister of Mines to carry out inspections.
- The expression "a gassy place" means any place which is either—

- any place or part of a mine where General Rule 5 of section 51 of the *Coal Mines Regulation Act 1928* applies; or
- any place or part of a mine where any quantity, however small (capable of being detected by an ordinary safety lamp), of inflammable gas has been given off within the previous six months;
- any working which is within 20 yards of, or is being advanced towards, any locality where it is doubtful whether or not there may be an accumulation of inflammable gas, or any place in the same district on the return airway side of such working.

## EXEMPTIONS AND MODIFICATIONS.

In any case where the Chief Inspector for Mines, upon application being made to him in writing by any mine manager proposing to make an installation, is satisfied that strict compliance with these Rules would involve expenditure out of proportion to the degree of freedom from electrical hazard, the Chief Inspector may excuse compliance with these Rules, with or without conditions.

## GENERAL.

1. All electrical apparatus and conductors shall be sufficient in size and power for the work they may be called upon to do, and efficiently covered or safeguarded, and so installed, worked and maintained, as to reduce the danger, through accidental shock or fire or over-heating, to the minimum, and shall be of such construction, and so worked, that the rise in temperature caused by ordinary working will not injure the insulating materials.

All metal sheathing, metallic armouring of cables, metal boxes and conduits, frames of generators, transformers (including bell transformers), motors (including portable motors), metal cases and metal framework (if any) of switchgear, the neutral point of three phase generators and transformers, the neutral conductor of a 3-wire system and one conductor on the secondary side of any single phase transformer shall be connected to earth. These connexions shall be made irrespective of the voltage of the supply.

All other portions of the electric lines and apparatus shall be kept effectively insulated from earth.

The minimum size of earthing conductor shall be 7/064-in. copper cable, except in the case of trailing cables of smaller cross sectional area than .0225 inch, in which case the size of the earthing conductor shall be not smaller than that of the current carrying conductors in the cable. Where the current carrying capacity of the active conductors exceeds 100 amperes, the current carrying capacity of the earthing conductor shall be at least one-half that of the active conductor. The earthing conductor shall be run in such a manner that it will not be liable to mechanical damage, and shall be connected to an earthing system at the surface of the mine. Joints, if any, shall be soldered and be of equal conductivity to that of the rest of the cable.

2. Where a medium-pressure supply is used for power purposes or for arc lamps in series, the conductors which form the connexions to the motors, transformers or lamps, or are otherwise used in connexion with the supply, shall be completely enclosed in strong armouring or metal casing effectively connected with earth; or they shall be fixed at such a distance apart, or in such a manner, that danger from fire or shock shall be reduced to the minimum. This rule shall not apply to trailing cables, which are dealt with under Rules 31 to 38 inclusive.

3. Motors of coal-cutting and other portable machines shall not be used at a pressure higher than a medium pressure.

4. Cables carrying a higher pressure than a medium pressure shall not be run underground except for transmission of electrical energy to transformers and induction motors in which the whole of the high pressure circuit is stationary.

The high pressure conductors (other than overhead lines above ground) which form the connexions of such motors or transformers, or are otherwise used in connexion with the supply shall be armoured cable, the armouring and lead sheathing of which shall be effectively connected with earth.

All high pressure machines and apparatus shall be so marked by the use of the word "Danger" and the voltage in large block letters, as to clearly indicate that they are supplied at high pressure.

For work underground, when furnished with a current at a pressure higher than medium pressure, a transformer shall not be of less normal rating than 10 kilowatts, nor shall a motor be of less normal rating than 20 brake horse-power.

5. A test of the insulation of every complete lighting and power circuit, including all machinery, apparatus, and devices forming part of or in connexion with such circuit (either collectively or in parts), shall be taken at least once a month; and a record of such test shall be made in a book kept for the purpose and signed by the person making the test. The insulation of every such circuit shall be so maintained that when tested with an instrument designed for measuring insulation resistance, and the testing pressure of which is 500 volts, the insulation resistance shall not be lower than 1 megohm, and in the event of that value not being obtained suitable steps shall be taken to localize and remedy the defect.

6. In every completely insulated system, earth or fault detectors shall be kept connected up in every generating and transforming station, to show immediately any defect in the insulation of the system. These instruments shall be inspected daily by a competent person.

7. No repair or cleaning of the current carrying parts of any electrical apparatus shall be done when the apparatus is alive.

Gloves, mats, or shoes of indiarubber or other non-conducting material, shall be supplied by the manager, and shall be used where necessary by the attendants.

8. Where electricity is used below ground for power or lighting purposes, there shall be employed a competent person, who shall be subject to the authority of the manager, and, in his absence, the under-manager, and shall have charge of all electrical machinery and apparatus in or about the mine, and who is in these Rules called "the electrician" or "electrician."

Where the supply is taken from a supply authority no electrical wiring work shall be carried out under these Rules except by a person who holds a licence or permit under the regulations of the State Electricity Commission relating to the Licensing of Electrical Mechanics, and any such work carried out on the surface of the mine shall comply with the provisions of the State Electricity Commission Wiring Regulations for the time being in force.

The electrician or some other competent person shall be on duty at the mine when the electrical apparatus or machinery is in use.

Every person appointed to work any electrical apparatus shall have been instructed in his duty, and be competent for the work that he is set to do.

9. A notice prohibiting any person other than an authorized person from handling or interfering with apparatus, shall be posted at every motor room. No person other than an authorized person shall enter a machine room or motor room; and no person shall wilfully damage, interfere with, or without proper authority, remove or render useless, any electric line, or any machine, apparatus or part thereof, used in connexion with the supply or use of electricity.

10. Fire buckets, filled with clean dry sand, or a chemical fire extinguisher, shall be kept in every electrical machine room, ready for immediate use in extinguishing fires.

11. Instructions shall be posted up at the pit-top or mine entrance, and in every generating, transforming and motor house, containing directions as to the restoration of persons suffering from electric shock. All employees working in connexion with the electrical apparatus shall be required to acquaint themselves with the instructions in question.

12. In every mine where electricity is used below ground for power or lighting purposes, direct telephonic or other equivalent means of communication shall be provided between the surface and the shaft bottom or main distributing centre underground.

13. Within three months after the coming into force of these Rules, notice in writing of any existing electrical installation must be sent to the District Inspector of Mines.

14. A plan, of a scale not smaller than 2 chains to 1 inch, shall be kept at the mine, showing the position of all electrical machinery permanently installed and fixed cables in the mine, and shall be corrected as often as may be necessary to keep it as nearly as practicable up to date, and never more than three months in arrears; and the Inspector shall be entitled to examine the plan, and for official purposes only, to make a copy of every part thereof.

#### RECORDS OF ELECTRICAL ACCIDENTS.

15. Every personal accident occurring in connexion with the operation of the electrical equipment (including electric shocks and burns) shall be promptly reported by the person injured or by some other person on his behalf at the office of the mine, and shall be there recorded. This record shall be produced to the Inspector on demand.

#### REPORT OF BREAKDOWNS, ETC.

16. In the event of breakdown of, or damage or injury to, any portion of the electrical equipment in the mine, or of overheating, or of the appearance of sparks or arcs outside the enclosing casings; or in the event of any portion of the equipment (not being a part of the electrical circuit proper) becoming alive; every such occurrence shall be promptly reported in a book, kept at the mine for the purpose, and signed by the person making such report.

#### GENERATING STATIONS, MACHINE ROOMS, AND OTHER SITUATIONS.

17. Where the generating station under the control of the owner or manager of the mine is not within 400 yards of the shaft mouth, or mine entrance, a switchbox or boxes, effectively enclosed and locked, or a locked switch-house, shall be provided near the mine entrance, and a linked isolating switch shall be installed there for cutting off the supply of electricity to the mine.

18. Switchboard panels shall consist wholly of durable non-ignitable, non-hygroscopic materials which, unless all live parts of apparatus mounted on or in contact with the panels are adequately insulated therefrom, shall also be insulating materials of permanently high electric strength and insulation resistance.

Marble and slate panels shall be used only provided all conducting parts to be mounted thereon are insulated from the panel by a coating of suitable varnish or other non-hygroscopic insulating material.

Switchboards must be fixed in as dry a situation as possible. Every sub-circuit shall be protected by a cutout or linked circuit-breaker on each pole; except in the case of a system with an earthed neutral conductor, in which case the cutouts shall be on the actives only.

All such cutouts must be of the safe handle type, and circuit-breakers, where used, must be of a type which will prevent remaking of the circuit while a fault exists.

No cable shall be run across the space at the back of the board except below the floor, or at a height of not less than 7 feet above the floor.

The space at the back of a switchboard shall be properly floored, accessible from each end, and shall be kept locked up; but the lock must allow of the door being opened from the inside without the use of a key. The floor at the back of the switchboard shall be firm and even.

Switchboards having live metal at the rear thereof shall be erected with minimum spaces between the live metal and the supporting wall as specified hereunder:—

Where the area of the switchboard does not exceed 1 square foot—1 inch.

Where the area of the switchboard does not exceed 4 square feet—4 inches.

Where the area of the switchboard does not exceed 16 square feet—1 foot.

Where the area of the switchboard exceeds 16 square feet—2 ft. 6 in.

Where a switchboard is mounted within 1 foot of an inflammable wall, the wall shall be protected by a fire resisting insulating material not less than 1-16 inch thick.

There shall be a passage way in front of any switchboard not less than 3 feet in width, and this space and any space at the rear of a switchboard shall be kept clean and free from obstructions of every kind.

19. Every generator shall be provided with a linked switch connected on each active conductor between the generator and the busbars.

Suitable instruments shall be provided for measuring the current and pressure of each generator.

Every feeder connected to the busbars in the generating station shall be connected through an ammeter on the main switchboard.

20. Circuit breakers must be so mounted that when the operating lever opens outwards, no danger exists of its striking the attendant.

Where the supply is at a high or extra high pressure there shall be no live metal work on the front of the main switchboard within 8 feet of the floor or platform, and the space provided under Rule 18 shall be not less than 4 feet in the clear. Insulating floors or mats shall be provided for switchboards where medium or higher pressure is used.

21. (a) Transformers and switchgear shall be placed in such positions as to ensure safety from danger by accidental contact or mechanical damage.

(b) Unless the apparatus is so constructed, protected, and worked as to obviate the risk of fire, no inflammable material, unless properly protected, shall be used in the construction of any room or chamber in which the apparatus is placed, within 3 feet of the current-carrying parts of any motor, transformer, or switchgear contained therein. Every such room or chamber shall be kept as dry as practicable and free from debris.

(c) Adequate working space and means of access clear of obstruction and free from danger shall be provided for all apparatus worked or attended to by any person, and all handles intended to be operated shall be conveniently placed for that purpose.

22. All terminals and live metal on machines shall be protected with insulating covers or with metal covers connected with earth or be otherwise protected to the approval of the Inspector.

23. If the transmission lines from the generating station to the shaft or mine entrance are overhead, lightning arresters shall be installed and be connected to each active conductor.

#### CABLES.

24. All conductors inside the mine shall conform to Australian Standard Specification No. C.50 and, except as hereinafter provided, shall be continuously covered with insulating material, and guarantees shall be obtained from the makers that the cables have been subjected to the tests detailed in that specification.

25. The size of the conductor (except in the case of overhead wires upon the surface and conductors inside motors) will be determined in accordance with the table appended to these Rules showing maximum current for copper conductors, column 3 of which refers to cables having insulation of Class A, and column 4 to cables having insulation of Class B, according to the following descriptions:—

Class A.—A dielectric which is impervious to moisture and only needs mechanical protection ("Dielectric" does not include the braiding or taping).

Class B.—Dielectric which, to be effective, must be kept perfectly dry, and therefore needs to be encased in a waterproof sheath, generally of soft metal such as lead, drawn closely over the dielectric.

Below ground, however, column 4 may be applied to cables having insulation of Class A, in cases where the atmospheric temperature never exceeds 100°F.

For the purpose of applying the table, the current in the conductor must be taken as equal to that required for the maximum number of motors, or other current-using apparatus, that are at any time used simultaneously on the circuit. Provided that, in the case of coal cutters, not in a longwall working, 20 per cent. shall be deducted from the normal working current. This proviso does not apply to trailing cables.

26. Unless fixed out of reach of injury, all conductors other than armoured cables, must, in addition to the insulation, be protected by a suitable covering. Where lead-covered cable is used the lead shall be protected from mechanical damage, be electrically continuous throughout and be connected to earth.

The exposed ends of cables, where they enter the terminals of switches, fuses, and other appliances, shall be properly protected and sealed so that moisture cannot creep along the insulating material within the waterproof sheath or the insulating material, if of an oily nature, leak out of the cable.

27. All joints must be mechanically and electrically efficient. They must be suitably soldered, or be connected by an approved connector. The insulation of joints must be equal to that of the original cable.

28. Overhead bare wires on the surface shall be properly secured to insulators 16 feet above ground and 7 feet from any building and clear of any traffic, and provided with efficient lightning arresters, if so required by the Inspector.

29. All cables used in shafts must be highly insulated and substantially fixed. Shaft cables not capable of sustaining their own weight shall be properly supported at intervals, varying according to the weight of the cable. The cables shall be boxed in or otherwise guarded and protected from falling material.

30. Where the cables in main haulage roads cannot be kept at least 1 foot from any part of the tub or tram, they shall be specially protected. When separate cables are used, they shall be fixed on opposite sides of the road, unless it is safer to have them on the same side, in which case they shall be kept as far apart as possible.

Cables and wires, unless provided with metallic coverings, shall not be fixed to walls or timbers by means of metallic fastenings.

Cables underground, when suspended, shall be supported by leather or other flexible material in such manner as to allow of their readily breaking away when struck, before the cables themselves can be seriously damaged.

Where main or other roads are being repaired, or blasting is being carried out, suitable temporary protection must be used, so that the cables are reasonably protected from damage.

31. Trailing cables for portable machines shall be specially flexible, heavily insulated, and protected with extra stout braiding, or hose pipes or be tough rubber compound cable or cable with equally effective covering. Trailing cables with bare metal armouring shall not be used for carrying current except at low pressure. Every trailing cable must contain an earthing conductor in addition to the current carrying conductor.

32. The separate conductors of a multiple trailing cable shall be divided at the motor end only for such a length as is necessary for the making of connections to the motor; and the multiple cable with its outer covering complete shall be securely held by a suitable clamp on the motor frame in such manner as to protect the trailing cable from injury, and to prevent any mechanical strain being borne by any separate conductor electrically connected to the motor.

33. At points where the flexible conductors are joined to the main cables, a fixed terminal box shall be provided; and a switch and fuses shall be fitted in the terminal box capable of entirely cutting off the supply from the trailing cable.

34. A spare trailing cable shall be kept in each district of the mine where electric coal-cutting machines are in use; and in the event of the trailing cable in service breaking down, or being damaged in any way, or of its inflicting a shock upon any person, it shall be at once put out of service, and the spare cable shall be substituted therefor. The faulty cable shall not again be used until after it has been repaired and tested, at the surface of the mine, and passed by some competent person.

35. Each trailing cable in use shall be examined daily by a competent person for abrasions and other defects; and the result of such examination shall be recorded daily in a book, kept at the mine for the purpose, and shall be signed by the person making such report.

The machine men shall also be required to carefully observe the trailing cable, while in use, so as to detect defects; and, in the event of any defect becoming apparent, notice of the same shall at once be sent to an official of the mine.

36. All horse traffic shall be suspended on the part of every road along which a trailing cable is extended for the purpose of fitting a machine.

37. Trailing cables shall at all times be kept clear of the rails and traffic, except when fitting.

38. Each trailing cable shall have a distinguishing number, which shall be clearly indicated on a suitable label securely attached to the cable.

The insulation resistance of each conductor of every trailing cable shall be measured and recorded at least once per month; the resistance being taken between the conductor and the surrounding water after the whole cable with the exception of the ends has been immersed at least six hours.

The trailing cable must not be put into service unless the insulation resistance of each conductor measures at least 1 megohm after immersion as aforesaid.

For this test the manager must supply an instrument suitable for measuring resistances up to at least 100 megohms.

#### CUTOUPS, CIRCUIT-BREAKERS, AND SWITCHES.

39. Cutouts and automatic circuit-breakers shall be so constructed as to effectually interrupt the current when a short circuit occurs, or when the current through them exceeds twice the maximum working current in the case of motors, or twice the maximum permissible current of the cables which the cutouts protect. Cutouts shall be stamped or marked with the rated current of the circuit in which it is to be used, except that where there is no standard size of cutout of the same rating as the circuit, the cutout shall be rated and marked at the next higher standard rating.

Fuse links and the automatic trips for limiting the rupturing current of circuit-breakers shall only be adjusted and, except as provided in Rule 42, fuse links shall only be replaced by a competent person authorized by the manager.

40. All switches, circuit-breakers, and cutouts must have incombustible bases of marble, slate, or porcelain, or other suitable incombustible insulating material. All live parts of switches, circuit-breakers, and cutouts not in generating rooms or in compartments specially arranged for the purpose, must be covered. These covers must be of incombustible material, and must be either non-conducting or of rigid metal clear of all internal mechanism and connected to earth.

All switches and circuit-breakers shall be sufficiently robust as to withstand rough usage, the contacts shall have ample contact surface to prevent overheating, and the live parts shall be so guarded and protected that a person cannot come into contact therewith, nor an arc be formed during the normal operation.

41. All points at which a circuit (other than those for signals) has to be made or broken shall be fitted with proper switches.

#### RECORD OF GENERATOR CIRCUIT-BREAKER OR GENERATOR FUSE OPENING.

42. Cutouts shall not be replaced by any one except the electrician, or some other competent person appointed by the manager. A record of each instance of a generator circuit-breaker or generator cutout opening shall be made in the book kept in each generating station or room and signed by the person making the record.

#### MOTORS.

43. Every motor, together with its starting resistance, shall be protected by a cutout in accordance with Rule 18, and controlled by a switch capable of entirely cutting off the pressure. The switch shall be fixed in a convenient position near the motor; and every motor of 10 h.p. or over in a machine room underground shall be provided with a suitable ammeter to indicate the load on the machine. Where the rated horsepower of a motor installed underground exceeds 20 h.p., an automatic over-current circuit-breaker which opens on all poles simultaneously shall be provided to control the motor instead of the switch before-mentioned.

44. Where unarmoured cables or wires pass through metal frames or into boxes or motor casings, the holes shall be substantially bushed with insulating collars, and where necessary, with gas-tight bushings which cannot readily become displaced.

45. Terminal boxes of portable motors shall be securely attached to the machine, or must form a part thereof.

46. Where the insulation of a motor is found to become damp during a stoppage, it shall be tested to ensure that the insulation is dry before the working of the motor is resumed, in order that its base may not become alive.

**WEEKLY REPORT OF EXAMINATION OF ALL PORTABLE MOTORS UNDERGROUND.**

47. The casing or inspection doors of all portable motors used underground, and the casings of their switches and other appliances, shall at least once a week be opened by a competent person appointed by the manager, and the parts so disclosed shall be cleaned and examined before the coverings are replaced. In special cases requiring a motor to run continuously longer than one week, the motor shall be examined at the end of the run. A report of all such examination shall be entered in a report book and signed by the person who made the examination.

**ELECTRIC LOCOMOTIVES.**

48. Electric haulage by locomotives on the trolley-wire system shall not be permitted in coal mines, but in other mines shall be permitted provided that the supply is direct current.

49. In underground roads the trolley wires, unless sufficiently guarded, must be placed so that they are throughout at least 7 feet above the highest part of the road or track, or the pressure must be cut off from the wires at all times when such roads are used for travelling on foot. The hours during which travelling on foot therein is permitted shall be clearly indicated by notices and signals placed in conspicuous positions at the ends of and at all entrances into the roads. At other times no one except a person duly authorized by the manager shall be permitted to travel on foot along such roads.

50. Under the conditions indicated in the foregoing Rule, trolley wires may be used with current at a pressure not exceeding low pressure; but a pressure not exceeding medium pressure may be used on roads on which travelling on foot is not at any time permitted, except in the case of drivers of locomotives or of persons duly authorized by the management to travel only for the purposes of inspection and to effect repairs.

51. In connexion with the use of electric locomotives, either insulated returns or uninsulated metallic returns of low resistance may be employed, but in the case of an uninsulated metallic return, the drop in volts from the end to the source of supply must not exceed 7 volts per mile of track and not exceed 20 volts maximum.

**LIGHTING.**

52. Arc lamps shall be so guarded as to prevent pieces of heated carbon falling from them, and shall not be used in situations where there is likely to be danger from the presence of explosive dust. They shall be so screened as to prevent risk of contact with persons.

53. Wires for lighting circuits shall either be conveyed in conduits or casings; or they may be suspended from porcelain insulators, or tied to them with some non-conducting material which will not cut the covering, and so that they do not touch any timbering or metal work. On no account shall staples be used. Provided that where such wires are not protected by conduits or casings, stranded cable, not less than 7/029 inch, must be used. If metallic conduits are used, they must be electrically continuous and earthed. If separate unceased wires are used, they shall be kept at least 2 inches apart and not brought together except at lamps, switches, or fittings.

54. Electric lamps shall be replaced by a duly authorized competent person only, and while the lamps are being replaced the current shall be switched off.

55. Where portable lamps are used, the lampholder shall not be in metallic contact with the guard or other metal work of the fitting.

56. In all machine rooms and other places underground, where a failure of electric light is likely to cause danger, an adequate number of safety lamps or other proper lights shall be kept for use in the event of such failure.

57. Electric signal and telephone wires, whether insulated or not, shall be prevented from coming into contact with other electric conductors either by having both securely attached to insulators so that a clearance of 1 foot is maintained, or by the interposition of an insulating spacer which will maintain a distance of 2 inches between the conductors. Such spacer must extend at least 1 foot on both sides of the crossing conductor.

**SPECIAL PRECAUTION IN GASSY PLACES.**

58. In gassy places, gas and flameproof covers must be provided to enclose motors, lamps, switches, and cutouts. The fusable links shall be replaced by a competent person authorized

by the manager to carry out such work. This proviso shall also apply to the adjusting of circuit breakers. Any plug fitting used in such a place must be of the interlocking type, interlocked with a gas-proof switch.

Conductors may be joined only in a gas-proof joint box by means of screwed connexions.

No flameproof cover on any piece of apparatus shall be removed except by a competent person.

**SHOT FIRING.**

59. Current for shot firing purposes shall not be taken from any light or power circuit.

**SIGNALLING.**

60. The pressure used for aural signalling purposes shall not exceed 25 volts and, if alternating current, shall be obtained from a double wound transformer, one terminal on the secondary side of which shall be connected to earth. The use of auto-transformers, is strictly prohibited.

Bell pushes used for signalling shall be so constructed as to prevent accidental closing of the circuit.

Conductors for signalling purposes connected on the secondary side of a transformer shall not be run in the same conduits as the conductors for power or lighting circuits.

**TABLE SHOWING MAXIMUM CURRENT FOR COPPER CONDUCTORS.**

1.	2.	3.	4.
Gauge.	Section.	Amperes.	Amperes.
Number of Wires and Gauge in S.W.G. or Inches.	Nominal Size of Conductors in Square Inches.	Maximum Amperes for Conductors with Class "A" Insulation.	Maximum Amperes for Conductors with Class "B" Insulation.
1/18	001810	3.2	4.2
3/22	001825	3.3	4.3
1/17	002463	4.0	5.4
3/20	003016	4.7	6.4
1/16	003217	4.9	6.8
1/15	004072	5.9	8.2
7/22	004266	6.2	8.5

## COUNTRY ROADS BOARD.

At Parliament House, Melbourne, the twenty-third day of June, 1936.

## PRESENT:

His Excellency the Governor of Victoria.

Mr. Hogan	Mr. Tuckett
Mr. Bussau	Mr. Pye
Mr. Old	Mr. Mackrell
Dr. Harris	Mr. Hyland.

## DECLARATION OF A DEVIATION FROM THE ROSE RIVER ROAD IN THE SHIRE OF OXLEY.

WHEREAS by section 58 of the *Country Roads Act 1928* (No. 3662) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has by Resolution declared a deviation to be a developmental road the said Board may also declare that such deviation shall be in lieu of any existing road or part thereof named in such Resolution and that on publication in the *Government Gazette* of the Order confirming such Resolution the existing road or part thereof shall cease to be a developmental road or be discontinued as provided in the Resolution: And whereas the said Board has by Resolution declared the deviation on the land described in the First Schedule to such Resolution to be a developmental road and has also declared that such deviation shall be in lieu of the part of the existing road being the land described in the Second Schedule to such Resolution and that such part of the said existing road shall be discontinued: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

*Resolution for Declaration of a Deviation under the Country Roads Act.*

WHEREAS the land the site of the road the course of which is below set out was taken by the Board under the provisions of the *Country Roads Act 1928* for the purpose of constructing such road deviation which road deviation has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the road aforesaid is fit to be used as a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 58 of the said Act doth by this present Resolution hereby declare the said road deviation the course of which is described in the First Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a developmental road within the meaning and for the purposes of the *Country Roads Act 1928*: And the said Board doth also declare that such deviation shall be in lieu of the existing road or part thereof described in the Second Schedule hereto and further that such part of the said existing road shall be discontinued.

## FIRST SCHEDULE.

*Shire of Oxley.*

✓ 6. *Rose River-road* (12956).—All that piece of land in the Parish of Wabonga, the boundaries of which are as follow:—Commencing at an angle in the south-western boundary of allotment 22c of the said parish formed by the intersection of lines bearing 353 deg. 35 min. and 293 min. and 10 min.; thence by lines bearing respectively 147 deg. 35 min. 3,067 links, 276 deg. 28 min. 192.7 links, 327 deg. 35 min. 2,638.5 links, and 353 deg. 35 min. 342.2 links to the point of commencement—which said piece of land is particularly delineated and shown coloured red on survey plan No. 3352 lodged in the office of the Country Roads Board.

## SECOND SCHEDULE.

*Shire of Oxley.*

✓ 6. *Rose River-road*.—All that piece of land in the Parish of Wabonga, the boundaries of which are as follow:—Commencing at a point on the south-western boundary of allotment 22c of the said parish distant 173 deg. 35 min. 342.2 links from an angle in the south-western boundary of the said allotment formed by the intersection of lines bearing 353 deg. 35 min. and 293 deg. 10 min.; thence by lines bearing respectively 173 deg. 35 min. 1,254.8 links, 131 deg. 44 min. 1,430 links, 96 deg. 28 min. 201.3 links, 147 deg. 35 min. 103.9 links, 160 deg. 38 min. 76.9 links, 276 deg. 28 min. 348 links, 311 deg. 44 min. 1,544 links, 353 deg. 35 min. 1,567 links, 113 deg. 10 min. 40.9 links, and 147 deg. 35 min. 261.1 links to the point of commencement—which said piece of land is particularly delineated and shown coloured blue on survey plan No. 3352 lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed at Melbourne this fifteenth day of June, One thousand nine hundred and thirty-six, in the presence of—

(SEAL)

W. McCORMACK, Chairman.  
W. L. DALE, Member.  
R. JANSEN, Secretary.

## DECLARATION OF THE NEW MOUNT KORONG ROAD IN THE BOROUGH OF EAGLEHAWK.

WHEREAS by section 21 of the *Country Roads Act 1928* (No. 3662) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has taken the land necessary for constructing a road or deviation it shall as soon as it thinks such road or deviation is fit to be used as a public highway by Resolution declare the road or deviation to be a main road or part thereof and that upon publication in the *Government Gazette* of the Order of the Governor in Council confirming such Resolution such road or deviation shall thereupon be a main road or part thereof within the meaning of the said Act: And whereas the said Board has by Resolution declared the road on the land described in the Schedule to such Resolution to be part of a main road: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

*Resolution for Declaration of a New Main Road under the Country Roads Act.*

WHEREAS the land the site of the road the course of which is below set out was taken by the Board under the provisions of the Country Roads Act for the purpose of constructing such new road which new road has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the road aforesaid is fit to be used as part of a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 21 of the *Country Roads Act 1928* doth by this Resolution hereby declare the said new road the course of which is described in the Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a main road within the meaning and for the purposes of the Country Roads Act.

## SCHEDULE.

*Borough of Eaglehawk.*

✓ 1. *Mount Korong-road* (5301).—All that piece of land in the Parish of Sandhurst, the boundaries of which are as follow:—Commencing at the north-eastern angle of allotment 1b, section 6, at Eaglehawk, in the said parish; thence by lines respectively 203 deg. 0 min. 12.1 links, 309 deg. 38 min. 71.8 links, and 120 deg. 0 min. 69.3 links to the point of commencement—which said piece of land is particularly delineated and shown coloured red on survey plan No. 3279 lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed at Melbourne this fifteenth day of June, One thousand nine hundred and thirty-six, in the presence of—

(SEAL)

W. McCORMACK, Chairman.  
W. L. DALE, Member.  
R. JANSEN, Secretary.

## DECLARATION OF THE NEW PRAIRIE ROAD IN THE SHIRE OF EAST LODDON.

WHEREAS by section 21 of the *Country Roads Act 1928* (No. 3662) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has taken the land necessary for constructing a road or deviation it shall as soon as it thinks such road or deviation is fit to be used as a public highway by Resolution declare the road or deviation to be a main road or part thereof and that upon publication in the *Government Gazette* of the Order of the Governor in Council confirming such Resolution such road or deviation shall thereupon be a main road or part thereof within the meaning of the said Act: And whereas the said Board has by Resolution declared the road on the land described in the Schedule to such Resolution to be part of a main road: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

*Resolution for Declaration of a New Main Road under the Country Roads Act.*

WHEREAS the land the site of the road the course of which is below set out was taken by the Board under the provisions of the Country Roads Act for the purpose of constructing such new road which new road has now been laid out and formed

on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the road aforesaid is fit to be used as part of a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 21 of the *Country Roads Act 1928* doth by this Resolution hereby declare the said new road the course of which is described in the Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a main road within the meaning and for the purposes of the Country Roads Act.

SCHEDULE.

*Shire of East Loddon.*

✓ 5. *Prairie-road* (5041).—All that piece of land in the Parish of Dingee, and being a roadway 50 links wide, the southern boundary of which commences at the south-eastern angle of allotment 8 of the said parish; thence westerly along the southern boundaries of the said allotment 8 and allotments 7, 6, 5 and 4B, across a 2-chain Government road and further westerly along the southern boundary of allotment 3 to the south-western angle of the allotment last-named.

NOTE.—The route of the roadway above described is more particularly delineated and shown coloured red and yellow on survey plans Nos. 3135 and 3235 lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed at Melbourne this fifteenth day of June, One thousand nine hundred and thirty-six, in the presence of—

(SEAL) W. McCORMACK, Chairman.  
W. L. DALE, Member.  
R. JANSEN, Secretary.

DECLARATION OF THE NEW LOCH-NYORA ROAD IN THE SHIRE OR KORUMBURRA.

WHEREAS by section 21 of the *Country Roads Act 1928* (No. 3662) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has taken the land necessary for constructing a road or deviation it shall as soon as it thinks such road or deviation is fit to be used as a public highway by Resolution declare the road or deviation to be a main road or part thereof and that upon publication in the *Government Gazette* of the Order of the Governor in Council confirming such Resolution such road or deviation shall thereupon be a main road or part thereof within the meaning of the said Act. And whereas the said Board has by Resolution declared the road on the land described in the Schedule to such Resolution to be part of a main road: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

*Resolution for Declaration of a New Main Road under the Country Roads Act.*

WHEREAS the land the site of the road the course of which is below set out was taken by the Board under the provisions of the Country Roads Act for the purpose of constructing such new road which new road has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the road aforesaid is fit to be used as part of a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 21 of the *Country Roads Act 1928* doth by this Resolution hereby declare the said new road the course of which is described in the Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a main road within the meaning and for the purposes of the Country Roads Act.

SCHEDULE.

*Shire of Korumburra.*

✓ 12. *Loch-Nyora road* (9012).—All that piece of land in the Parish of Jeetho West, the boundaries of which are as follow:—Commencing at a point on the southern boundary of the northern portion of allotment 31 of the said parish distant 306 deg. 7 min. 631 links from the south-eastern angle of the said northern portion; thence by lines bearing respectively 306 deg. 7 min. 412.7 links, 316 deg. 22 min. 196.2 links, 126 deg. 15 min. 533 links, and 150 deg. 50 min. 80 links to the point of commencement—which said piece of land is particularly delineated and shown coloured red and yellow on survey plan No. 3181 lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed at Melbourne this fifteenth day of June, One thousand nine hundred and thirty-six, in the presence of—

(SEAL) W. McCORMACK, Chairman.  
W. L. DALE, Member.  
R. JANSEN, Secretary.

DECLARATION OF A DEVIATION FROM THE SOUTH GIPPSLAND HIGHWAY IN THE SHIRE OF CRANBOURNE.

WHEREAS by section 58 of the *Country Roads Act 1928* (No. 3662) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has by Resolution declared a deviation to be a State highway the said Board may also declare that such deviation shall be in lieu of any existing highway or part thereof named in such Resolution and that on publication in the *Government Gazette* of the Order confirming such Resolution the existing highway or part thereof shall cease to be a State highway or be discontinued as provided in the Resolution: And whereas the said Board has by Resolution declared the deviation on the land described in the First Schedule to such Resolution to be a State highway and has also declared that such deviation shall be in lieu of the part of the existing highway being the land described in the Second Schedule to the said Resolution: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

*Resolution for Declaration of a Deviation under the Country Roads Act.*

WHEREAS the land the site of the highway the course of which is below set out was taken by the Board under the provisions of the *Country Roads Act 1928* for the purpose of constructing such highway deviation which highway deviation has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the highway aforesaid is fit to be used as a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 58 of the said Act doth by this present Resolution hereby declare the said highway deviation the course of which is described in the First Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a State highway within the meaning and for the purposes of the *Country Roads Act 1928*: And the said Board doth also declare that such deviation shall be in lieu of the existing highway or part thereof described in the Second Schedule hereto.

FIRST SCHEDULE.

*Shire of Cranbourne.*

✓ 8. *South Gippsland Highway*.—All that piece of land in the Parish of Sherwood, and being a roadway generally three chains wide, the eastern boundary of which commences at a point on the western boundary of allotment 19 of the said parish distant 9 deg. 23 min. 844 links from the south-western angle of the said allotment; thence by lines bearing respectively 158 deg. 51 min. 646 links and 131 deg. 43 min. 550.7 links to a point on the southern boundary of allotment 19 distant 99 deg. 52½ min. 793.5 links from the south-western angle of the said allotment 19.

Also, all that piece of land in the Parish of Koo-wee-rup, the boundaries of which are as follow:—Commencing at the south-eastern angle of allotment 11D of the said parish; thence by lines bearing respectively 251 deg. 35 min. 777 links, 62 deg. 57 min. 1,038.4 links, and 222 deg. 55 min. 340.7 links to the point of commencement.

Also, all that piece of land in the Parish of Yallock, the boundaries of which are as follow:—Commencing at the south-western angle of allotment 14 of the said parish; thence by lines bearing respectively 347 deg. 20 min. 300 links, 141 deg. 46 min. 274 links, 147 deg. 24 min. 257.6 links, and 301 deg. 51 min. 300 links to the point of commencement.

Also, all that piece of land in the Parish of Lang Lang, the boundaries of which are as follow:—Commencing at a point on the southern boundary of allotment 41C of the said parish distant 284 deg. 49 min. 300 links from the south-eastern angle of the said allotment; thence by lines bearing respectively 315 deg. 21 min. 200 links, 120 deg. 5 min. 385.9 links, and 284 deg. 49 min. 200 links to the point of commencement—which said pieces of land are particularly delineated and shown coloured red and yellow on survey plans Nos. 2072, 3009, 3115, and 3116 lodged in the office of the Country Roads Board.

SECOND SCHEDULE.

*Shire of Cranbourne.*

8. *South Gippsland Highway*.—All that piece of land in the Parish of Sherwood, and being a roadway generally three chains wide, the north-eastern boundary of which commences at a point on the western boundary of allotment 19 of the said parish distant 9 deg. 23 min. 244 links from the south-western angle of the said allotment; thence southerly to the said south-western angle and easterly along the southern boundary of the allotment aforesaid for a distance of 125 links.

NOTE.—The route of the portion of the roadway above described is particularly delineated and shown coloured blue on survey plan No. 3009 lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed at Melbourne this fifteenth day of June, One thousand nine hundred and thirty-six, in the presence of—

(SEAL) W. McCORMACK, Chairman.  
W. L. DALE, Member.  
R. JANSEN, Secretary.

#### DECLARATION OF A DEVIATION FROM THE CALDER HIGHWAY IN THE SHIRE OF SWAN HILL.

WHEREAS by section 58 of the *Country Roads Act 1928* (No. 3662) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has by Resolution declared a deviation to be a State highway the said Board may also declare that such deviation shall be in lieu of any existing road or part thereof named in such Resolution and that upon publication in the *Government Gazette* of the Order of the Governor in Council confirming such Resolution the existing road or part thereof shall cease to be a State highway or be discontinued as provided in the Resolution: And whereas the said Board has by Resolution declared the deviation on the land described in the First Schedule to such Resolution to be a State highway and has also declared that such deviation shall be in lieu of the existing road being the land described in the Second Schedule to such Resolution: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

#### Resolution for Declaration of a Deviation under the Country Roads Act.

WHEREAS the land the site of the road the course of which is below set out was taken by the Board under the provisions of the *Country Roads Act 1928* for the purpose of constructing such road deviation which road deviation has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the road aforesaid is fit to be used as a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 58 of the said Act doth by this present Resolution hereby declare the said road deviation the course of which is described in the First Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a State highway within the meaning and for the purposes of the *Country Roads Act 1928*: And the said Board doth also declare that such deviation shall be in lieu of the existing road or part thereof described in the Second Schedule hereto.

#### FIRST SCHEDULE.

##### Shire of Swan Hill.

✓ 3. *Calder Highway*.—All that piece of land in the Parish of Mittyack, and being a roadway two chains or more in width the north-eastern boundary of which commences at a point on the southern boundary of allotment 20 of the said parish distant 90 deg. 3 min. 1,038 links from the south-western angle of the said allotment; thence north-westerly through the said allotment to a point on the western boundary thereof distant 360 deg. 0 min. 1,043 links from the south-western angle aforesaid.

NOTE.—The route of the portion of the roadway above described is more particularly delineated and shown coloured red on survey plan No. 3218 lodged in the office of the Country Roads Board.

#### SECOND SCHEDULE.

##### Shire of Swan Hill.

3. *Calder Highway*.—All that piece of land in the Parish of Mittyack, and being a roadway two chains wide, the northern and eastern boundary of which commences at a point on the southern boundary of allotment 20 of the said parish distant 90 deg. 3 min. 638.8 links from the south-western angle of the said allotment; thence westerly to the said angle and northerly to a point on the western boundary of the said allotment distant 360 deg. 0 min. 642 links from the south-western angle aforesaid.

NOTE.—The route of the portion of the roadway above described is more particularly delineated and shown coloured blue on survey plan No. 3218 lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed at Melbourne this fifteenth day of June, One thousand nine hundred and thirty-six, in the presence of—

(SEAL) W. McCORMACK, Chairman.  
W. L. DALE, Member.  
R. JANSEN, Secretary.

#### ORDER APPROVING OF A NEW DEVELOPMENTAL MAIN ROAD IN THE SHIRE OF SOUTH GIPPSLAND.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3662) has represented to His Excellency the Governor in Council that it appears to it desirable that the new O'Grady's Ridge road in the Shire of South Gippsland should be made by the said Board: And whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road: And whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new road: Now therefore be it known by this present Order that His Excellency the Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All those pieces of land in the Parish of Wonga Wonga South, the boundaries of which are as follow:—

- (a) Commencing at a point on the western boundary of allotment 34A, section C, of the said parish, distant 186 deg. 31 min. 265 links from the north-western angle of that allotment; thence by lines bearing respectively 153 deg. 8 min. 71.7 links, 287 deg. 50 min. 402 links, and 6 deg. 31 min. 52 links to the point of commencement.
- (b) Commencing at an angle in the eastern boundary of the Country Roads Board road through allotment 34A of the said parish, formed by the intersection of lines bearing 309 deg. 51 min. and 28 deg. 43 min.; thence by lines bearing respectively 28 deg. 43 min. 75.7 links, 169 deg. 53 min. 115.5 links, and 309 deg. 51 min. 73.8 links to the point of commencement—

which said pieces of land are particularly delineated and shown coloured red on survey plan No. 3448 lodged in the office of the Country Roads Board.

And the Honorable George Louis Goudie, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,  
Clerk of the Executive Council.

#### DEPARTMENT OF PUBLIC WORKS.

At Parliament House, Melbourne, the twenty-third day of June, 1936.

#### PRESENT:

His Excellency the Governor of Victoria.

Mr. Hogan	Mr. Tuckett
Mr. Bussan	Mr. Pye
Mr. Old	Mr. Mackrell
Dr. Harris	Mr. Hyland

#### ABOLITION OF THE WARRNAMBOOL HARBOR BOARD DISTRICT AND THE WARRNAMBOOL HARBOR BOARD.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, and in pursuance of the provisions of section 5 of the *Harbor Boards Act 1928* (No. 3695), doth hereby repeal the Order in Council made on the 29th day of May, 1928, proclaiming the Warrnambool Harbor Board District, and providing for the constitution of the Warrnambool Harbor Board.

And the Honorable George Louis Goudie, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,  
Clerk of the Executive Council.

## DEPARTMENT OF PUBLIC WORKS.

At Parliament House, Melbourne, the twenty-third day of June, 1936.

## PRESENT:

His Excellency the Governor of Victoria.

Mr. Hogan	Mr. Tuckett
Mr. Bussan	Mr. Pye
Mr. Old	Mr. Mackrell
Dr. Harris	Mr. Hyland.

## TREE RESERVE IN THE SHIRE OF FERN TREE GULLY.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, in pursuance of provisions contained in the *Local Government Act* 1928, section 553, and in compliance with a request made by the Council of the Shire of Fern Tree Gully dated the 2nd day of March, 1936, doth by this Order declare all that piece of land being portion of the untrafficked Government roads abutting on Crown allotments 31A, 35, section B, and 70J, Parish of Narree Worrnan, within the said shire, shown on a plan marked "A," and therein coloured pink, deposited in the office of the Department of Public Works, Melbourne, to be a Tree Reserve.

And the Honorable George Louis Goudie, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,  
Clerk of the Executive Council.

## APPROACHING LAND SALES.

SALES of Crown Lands in fee-simple to be held at the undermentioned places and dates, viz.:

	No. of Gazette.
Avoca.—Tuesday, 14th July, 1936	114
Heathcote.—Wednesday, 8th July, 1936	114
Mansfield.—Monday, 27th July, 1936	124
Maryborough.—Friday, 10th July, 1936	114
Stuart Mill.—Tuesday, 21st July, 1936	114

Lands and Survey Office, Melbourne.

## SALE OF CROWN LANDS BY PUBLIC TENDER.

TENDERS are invited for the purchase in fee-simple of the undermentioned lands, and will be received by the Secretary, Closer Settlement Commission, Melbourne, up to Noon on Thursday, 23rd July, 1936, endorsed "Tender for Closer Settlement Land."

Each tenderer is required to state clearly his full name, occupation, and address, the lot tendered for, and the price offered. He is also to give particulars of his farming experience and means at his disposal for carrying out the conditions of sale.

## COMMISSION TO AGENTS.

A commission of 2 per cent. will be paid to an accredited agent in the event of a sale being effected, on the following condition:—"That the agent entitled to commission shall lodge the necessary deposit with any accepted tender."

## PARISH OF FRANKSTON, COUNTY OF MORNINGTON.

Lot 1. Area 27a. 3r. 37p., allotment 24D, formerly held by M. Kennedy. Situated 1 mile from Somerville. Improvements include house, poultry-shed, garage, orchard and fencing.

## PARISH OF WAARRE, COUNTY OF HEYTESBURY.

Lot 2. Area 207a. 1r. 11p., allotment 1, section C, formerly held by H. C. White. Situated 9 miles from Timboon. Suitable for dairying when cleared. Improvements include house, outbuildings and fencing.

## TERMS AND CONDITIONS.

Deposit to be lodged with tender by bank draft, money order, or non-negotiable cheques as follows:—10 per cent. of price offered.

A further payment equal to 10 per cent. of the purchase price will be payable in each of the following second, fourth, sixth, and eighth years, and the balance of the purchase money in ten years. Interest on the unpaid balance to be paid half-yearly at the rate of 4½ per cent. per annum.

No residence condition.

Improvements to be maintained and insured.

The highest or any tender not necessarily accepted.

J. D. COADY,

Secretary.

Melbourne, 1st July, 1936.

## HEARING OF REASONS AGAINST THE FORFEITURE OF CERTAIN LEASES BY PERSONS APPOINTED UNDER 34TH SECTION OF THE LAND ACT 1928.

NOTICE is hereby given that reasons against the forfeiture of the leases in the Schedule hereto, which are deemed liable to forfeiture under the provisions of the Land Acts, will be publicly heard by the persons appointed by me, the responsible Minister of the Crown administering the said Acts, to hear the same and report thereon in writing to me, when the person in the said Schedule mentioned as holder of such leases will be allowed to show cause against the same at the places and on the dates mentioned in the Schedule hereto.

A. E. LIND,

Commissioner of Crown Lands and Survey, being the responsible Minister of the Crown administering the Land Acts.

Department of Lands and Survey,  
Melbourne, 1st July, 1936.

## SCHEDULE.

ORBOST, 15th July, 1936, Land Officer—  
2559/59-61, Alice and William Preston, 320 acres. Cabanandra; 2567/59-61, Alice and William Preston, 319 acres, Cabanandra.

## PUBLIC HEARINGS BY PERSONS APPOINTED UNDER THE 34TH SECTION OF THE LAND ACT 1928.

NOTICE is hereby given that at the times and places mentioned in the schedule hereunder, applications for leases and licences under the Land Acts, objections to such applications, objections to proposed proclamations, alterations, additions, diminutions, revocations or unions of commons, and reasons against forfeiture of any leases or licences under the Land Acts deemed liable to forfeiture, will be publicly heard by the persons whose names are set opposite such places respectively in such schedule, being persons appointed by me, the responsible Minister of the Crown administering the Land Acts, to hear the same and report thereon in writing to me.

A. E. LIND,

Commissioner of Crown Lands and Survey, and  
President of the Board of Land and Works.

Department of Lands and Survey,  
Melbourne, 1st July, 1936.

## SCHEDULE.

CHILTERN, Friday, the 17th July, 1936, at Ten a.m., C. A. Gourlay.  
ORBOST, Wednesday, the 15th July, 1936, at Nine a.m., L. W. Birch.  
MERBEIN, Friday, the 10th July, 1936, at Three p.m., C. E. Chancellor.

## PROPOSED REVOCATION OF TEMPORARY RESERVATIONS OF LANDS BY ORDERS IN COUNCIL.

IN pursuance of the provisions of the *Land Act* 1928, notice is hereby given that it is the intention of the Governor in Council to revoke the temporary reservations of lands by Orders in Council hereunder referred to, viz.:

The following Notices were published 1° on the 10th June, 1936, pursuant to Orders of the 2nd June, 1936.

MORTLAKE.—The temporary reservation by Order in Council of the 19th December, 1892, of 1 rood 24 perches in the Town of Mortlake, as a site for Museum.—(M.210(2) (Rs.2857).

MORTLAKE.—The Order in Council of the 9th August, 1881, temporarily reserving 32 perches in the Town of Mortlake, as a site for Mechanics' Institute, in addition to and adjoining the site temporarily reserved therefor by Order of the 10th August, 1863, being part of allotment 4 of section 10, and withholding from sale, leasing, and licensing.—(M.210(2) (Rs.2194).

KOO-WEE-RUP.—The temporary reservation by Order in Council of the 27th August, 1918, of 93 acres 1 rood 11 perches in the Parish of Koo-wee-rup, as a site for Supply of Gravel, revoked as to part by Order of the 14th April, 1932, as regards the balance thereof, comprising 49 acres 3 roods 19 perches.—(K.118(1) (Rs.1837).

MORTLAKE.—The Order in Council of the 10th August, 1863, temporarily reserving 32 perches of land at Mortlake, as a site for a Mechanics' Institute.—(M.210(2) (Rs.2194).

LANGWORNOR.—The temporary reservation by Order in Council of the 16th November, 1871 (see *Government Gazette* 1871, page 2083) of 2 acres in the Parish of Langwornor, as a site for Common School purposes.—(L.132(4) (C.83140).

The following Notice was published 1° on the 17th June, 1936, pursuant to Order of the 9th June, 1936.

JEFFCOTT.—The Order in Council of the 22nd November, 1880, temporarily reserving 40 acres 3 roods 22 perches in the Parish of Jeffcott as a site for Public purposes (revoked as to parts by Orders of the 16th February, 1892, and 14th May, 1913), and withholding from sale, leasing, and licensing, so

far as regards the portion thereof hereinafter described, viz.:— 3 acres, Parish of Jeffcott, County of Kara Kara, being allotment 78c: Commencing at a point bearing S. 82 deg. 28 min. W. 500 links from the north-west angle of allotment 77; bounded thence by lines bearing S. 7 deg. 32 min. E. 750 links, S. 82 deg. 28 min. W. 400 links, and N. 7 deg. 32 min. W. 750 links; and thence by a road bearing N. 82 deg. 28 min. E. 400 links to the commencing point.—(J.36(?) (Rs.1465) (081/129).

The following Notice was published 1° on the 24th June, 1936, pursuant to Order of the 16th June, 1936.

MAGEPPA.—The Order in Council of the 5th October, 1874, temporarily reserving 99 acres 3 roods 24 perches in the Parish of Mageppa, being allotment 30, as a site for Public purposes.—(M.460A(\*) (01939/121).

The following Notices were published 1° on the 1st July, 1936, pursuant to Orders of the 23rd June, 1936.

LEAGHUR.—The Order in Council of the 13th September, 1886, temporarily reserving 40 acres 3 roods 7 perches in the Parish of Leaghur, as a site for Public Recreation and Camping purposes.—(L.150(?) (Rs.2863, W.52339).

PORT CAMPBELL.—The Order in Council of the 21st February, 1881, temporarily reserving as a site for the use of the Police Department, also, excepting from occupation for residence or business under any miner's right or business licence, and withholding from sale, leasing and licensing, 3 acres 2 roods, more or less, in the Parish of Paaratte, at Port Campbell.—(P.147(?) (C.34789).

COMMON ABOUT TO BE DIMINISHED.

IN pursuance of the provisions contained in Division 10 of Part I. of the Land Act 1928 (No. 3709), notice is hereby given that it is the intention of the Governor in Council to diminish the common hereinafter mentioned, viz.:—

The following Notice was published 1° on the 10th June, 1936, pursuant to Order of the 2nd June, 1936.

The Branhholme Town Common (see Gazette 1860, page 2238), by the excision therefrom of the areas hereinafter described, viz.:—(1) 2 acres 1 rood 22 perches, Town of Branhholme, Parish of Branhholme, County of Normanby, being allotment 52:—Commencing at the north-east angle of allotment 38; bounded thence by said allotment bearing west 505 5-10 links, by a road bearing north 0 deg. 13 min. east 478 links; and thence by lines bearing east 493 6-10 links and south 1 deg. 13 min. east 478 links to the commencing point. (2) 5 acres 3 roods, Town of Branhholme, Parish of Branhholme, County of Normanby, being allotment 40:—Commencing at the south-west angle of allotment 40; bounded thence by a road bearing west 346 links; by the Gravel Reserve and a road bearing north 1 deg. 13 min. west 1,360 links; by a road bearing south 66 deg. 31 min. east 700 5-10 links; by Charles-street bearing south 1 deg. 6 min. east 381 links; and thence by allotment 40 bearing south 89 deg. 2 min. west 287 links and south 0 deg. 58 min. east 695 links to the commencing point.—(B.461(?) (Z.23974, Z.23975).

Tenders to be addressed to the Honorable the Commissioner of Public Works, and envelope containing tender marked "Tender for  
due

GEO. L. GOUDIE,

Commissioner of Public Works.

Melbourne, 1st July, 1936.

## TENDERS FOR GRAZING LANDS.

FOR THE PERIOD 1ST AUGUST, 1936, TO 30TH SEPTEMBER, 1937.

Tender Forms can be obtained on application to the Lands Department, Melbourne.

Tenders should be placed in the Lands Department Tender-box, State Treasury Buildings, Melbourne, C.2, at or before Noon on Wednesday, 22nd July, 1936.

NOTE.—No tender will be accepted unless one half-year's rent and fee of Seven shillings and sixpence for licence are forwarded.

No provision has been made for the supply of water to these areas, and consequently each licensee will be required to make his own arrangements to obtain water.

\*Special conditions do not apply to Lot 19.

TENDERS will be accepted at or before Noon on Wednesday, 22nd July, 1936, for the right to depasture stock on the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council, and also the sub-joined special conditions.

Every licence granted under section 121 of the *Land Act 1928* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

## CONDITIONS.

1. This licence is subject to the rights of the holders of miner's rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

2. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operations.

3. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

4. No improvements, effected in accordance with section 123 of the *Land Act 1928*, will be recognized unless the licensee obtains the consent in writing of the Minister prior to the work being commenced.

5. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

6. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

7. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor in Council has forfeited this licence shall be conclusive evidence that the licence is forfeited.

8. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber without the consent of the Forests Commission.

9. The licensee shall destroy all noxious weeds on the land and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1928* in like manner as holders of freehold lands.

10. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

11. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfies the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

12. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

\*SPECIAL CONDITIONS.

1. The period of occupation will be for 14 months, from 1st August, 1936, to 30th September, 1937, with the right of renewal for a further 3 years, except where stated otherwise.

2. Separate tenders must be lodged for each block.

3. The highest or any tender not necessarily accepted.

4. Tenderers must give their full name, occupation, and ordinary postal address.

5. Areas are given as more or less, and all appropriated, alienated, or leased lands (if any) within the boundaries are excluded.

6. The Minister may grant permission to cultivate.

7. No advances will be made by the Closer Settlement Commission with respect to these areas which are specially excluded from Closer Settlement.

8. Existing improvements, including clearing, to be maintained to the satisfaction of the Minister.

9. Any allotment or allotments at present occupied within the boundaries of the proposed grazing licence will be included, when vacant, and shall be accepted by the licensee at a rental equal to the average price per acre he will be paying for his original licence.

10. The Closer Settlement Commission reserves the right to sell or remove from each lot the surplus houses or other buildings not required for the reasonable working of the areas.

11. The Minister may grant permission to the licensee to remove any internal fencing to complete the boundary fences. Plans can be seen and information may be obtained in this office.

Section 121, *Land Act 1928*, provides—

1. Where a licensee under section 121 of the *Land Act 1928* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

A. E. LIND,

Commissioner of Crown Lands and Survey.

Department of Lands and Survey,  
Melbourne, 26th June, 1936.

Lot 1 (Block A1846).—

Allotments 18, 19, 20, 21, 21A, Ph. Mournpoul .. 2,869 Acres.

(Hamilton 0185/121.)

## PRIVATE ADVERTISEMENTS.

MELBOURNE AND METROPOLITAN BOARD OF WORKS.  
GENERAL NOTICE.

THE Melbourne and Metropolitan Board of Works having made sewers for carrying off the sewage from each and every property which, or any part of which, abuts on the streets or parts of streets in which such sewers are laid, and which are included within the Sewerage Areas hereinafter described, doth hereby declare that on and after the 24th day of July, 1936, each and every property which, or any part of which, abuts on the said streets, or parts of streets, shall be deemed to be a sewered property within the meaning of the Melbourne and Metropolitan Board of Works Act 1928.

The Sewerage Areas hereinbefore referred to are—

## SEWERAGE AREA No. 1031.

*City of Camberwell.*—Commencing at a point on the south side of Baker-parade, distant about 330 feet west of the west side of Vears-road; thence southerly by a line to Eleanor-street, westerly along Eleanor-street and following the northern boundary of Sewerage Area No. 948, northerly following the eastern boundary of Sewerage Area No. 894 to Baker-parade, and easterly along Baker-parade to the commencing point.

## SEWERAGE AREA No. 1032.

*City of Sandringham.*—Commencing at the north-west corner of lot 4, Fernhill-street, at the junction of Sewerage Areas Nos. 296 and 423; thence easterly and northerly following the southern and eastern boundaries of Sewerage Area No. 296, easterly following the southern boundary of Sewerage Area No. 320 to Le Fevre-street, southerly along Le Fevre-street to the north-eastern corner of Sewerage Area No. 1010, westerly following the northern boundaries of Sewerage Areas Nos. 1010 and 447, and northerly along Fernhill-street to the commencing point.

## SEWERAGE AREA No. 1033.

*City of Malvern.*—Commencing at the intersection of the East Malvern railway line and Winton-road, at the junction of Sewerage Areas Nos. 931 and 781; thence south-easterly along the railway line to a point in line with the southern boundary of lot 15, Malvern-road, south-westerly by a line and the southern boundary of lot 15, Malvern-road (on plan of subdivision No. 12185 lodged in the Office of Titles, Melbourne), north-westerly along Malvern-road, and easterly along Winton-road to the commencing point.

By order of the Board,

F. L. KING, Secretary.

110 Spencer-street, Melbourne, C.1, 23rd June, 1936. 5506

## MELBOURNE AND METROPOLITAN BOARD OF WORKS.

NOTICE TO THE OWNERS OF TENEMENTS IN THE UNDERMENTIONED STREETS, AND THE PRIVATE STREETS, LANES, COURTS, AND ALLEYS OPENING THERETO.

THE main pipe in the said streets being laid down, the owners of all tenements situated as under are hereby required, on or before the 3rd August, 1936, next, to cause a proper pipe and stopcocks to be laid, so as to supply water within such tenements from the main pipe.

23rd June, 1936.

F. L. KING, Secretary.

## CITY OF BRUNSWICK.

## BY-LAW No. 100.

A By-law of the City of Brunswick made under section 197 of the *Local Government Act 1928*, to amend By-law No. 63 of the said City, as amended by By-laws Nos. 64, 65, 69, 70, 71, 72, 75, 77, 78, 80, 82, 84, 85, 86, 91, 93, 97, 98, and 99.

IN pursuance of the powers conferred by the *Local Government Act*, the Mayor, Councillors, and Citizens of the City of Brunswick, with the approval of the Governor in Council, do hereby order as follows:—

1. This By-law shall be read and construed as one with By-law No. 63 of the City of Brunswick and any By-law amending the same, all of which By-laws and this By-law may be cited together as the Residential Area By-laws.

2. By-law No. 63 is hereby amended by inserting after the word "any" and before the word "building" wherever appearing the words "land or".

3. After sub-clause No. 40 of By-law No. 99 there shall be added the following sub-clause:—

(No. 41.) All that piece of land commencing at north-western corner of Albert-street west and Leslie-street; thence westerly along north building line of Albert-street 225 feet; thence northerly 306 feet to south building line of Russell-street; thence easterly along south building line of Russell-street 147 feet; thence southerly 205 feet; thence easterly 78 feet to west building line of Leslie-street; thence southerly along west building line of Russell-street to the point of commencement.

4. This By-law shall come into operation and have effect immediately upon its publication in the *Victoria Government Gazette*.

In witness whereof the common seal of the Mayor, Councillors, and Citizens of the City of Brunswick was hereinto affixed this 20th day of April, 1936, in the presence of—

(SEAL) J. V. HENDRICKSON, Mayor.  
R. L. WYLIE, Councillor.  
H. W. FOLETTA, Acting Town Clerk.

The aforesaid By-law was passed by Special Order of the Council at a meeting held on the 23rd day of March, 1936, and was confirmed at a meeting of the Council held on the 20th day of April, 1936.

H. W. FOLETTA, Acting Town Clerk.

Approved by the Governor in Council, 18th June, 1936.—  
C. W. KINSMAN, Clerk of the Executive Council. 5504

## BOROUGH OF MARYBOROUGH.

NOTICE is hereby given that the Council of the Borough of Maryborough, at a meeting held on 19th day of December, 1935 (of which special notice was given), in pursuance of the powers conferred by the *Local Government Act 1928*, did resolve to make and pass a Building Regulation By-law No. 51, for and with respect to regulations governing the erection of buildings within the Borough and prescribing fees for same.

It is further notified that the Council purposes confirming the Resolution making such By-law at a special meeting to be held in the Council Chamber, Town Hall, Maryborough, on Thursday, 6th February, 1936, at Eight o'clock p.m., and that the purport of the proposed By-law is as follows:—

- (a) Regulating and restraining the erection and construction of buildings, erections, and hoardings.
- (b) Requiring the pulling down and removal of buildings, erections, and hoardings.
- (c) Authorizing the Council to pull down and remove buildings, erections, or hoardings erected or constructed contrary to this By-law, or not pulled down or removed as required by or under this By-law, and to sell the materials and apply the proceeds in reimbursing the expense of pulling down and removing such buildings, erections, and hoardings, and in paying into the municipal fund any fees or penalties due by the owner thereof.
- (d) Regulating and restraining the erection or re-erection of removed buildings.
- (e) Appointing fees which may be charged and received by the Council for any act done, or to be done, by any officers under this By-law, and for any permit or licence to be issued by the Council.
- (f) Prescribing the minimum area and minimum depth and width of frontage of land on which any dwelling house or any shop or any dwelling house and shop combined may be erected.
- (g) Prescribing the area of open land which any dwelling house or any shop or any dwelling house in future to be erected shall have attached thereto for the exclusive use of the occupiers thereof.
- (h) Regulating the size of rooms and dwelling houses.
- (i) For other purposes provided for in the said sections.

A copy of the said By-law is deposited at the office of the Council, Town Hall, Maryborough, and is open for inspection during office hours.

5500

S. C. NICOL, Town Clerk.

## BOROUGH OF SEBASTOPOL.

NOTICE is hereby given that First Constable G. J. Hanlon, No. 7065, was appointed Prosecuting Officer of the Borough of Sebastopol in place of First Constable H. E. Joiner, resigned.

Dated the 26th day of June, 1936.

5616

E. M. WILLS, Town Clerk.

## SHIRE OF HEALESVILLE.

## BY-LAW No. 15.

A By-law of the Shire of Healesville made under the *Local Government Acts*, and numbered 15, for providing for the protection and control of—

- (a) Trees, reserves, and gardens, garden plots, lawns, and ornamental plantations in or upon any street or road;
- (b) Trees, shrubs and plants planted, and tree-guards, statues, monuments, fountains, and seats erected in or upon any street or road; and
- (c) Posts, fences, raised pavings, and places of refuge in or upon any street or road—  
For protecting persons being on or passing along any street or road, or footway; or  
For regulating traffic along any street or road, or on footways; or  
For making the crossing of any street or road less dangerous to any such persons.

IN pursuance of the powers conferred by the *Local Government Acts*, and of every other Act or power enabling it in that behalf, the President, Councillors, and Ratepayers of the Shire of Healesville order as follows:—

1. No person shall ride, drive, lead, tether, place or leave any animal, or drive, wheel, leave, place or park any vehicle in, upon, along or across any tree reserve or garden plot, lawn or ornamental plantation in or upon any street or road.

2. No person shall damage, destroy or in any way interfere with any tree reserve or garden, garden plot, lawn, or ornamental plantation in or upon any street or road.

3. No person shall cut, break, destroy, damage, or in any way interfere with any flower, tree, shrub or plant planted or any tree-guard, statue, monument, fountain or seat erected in or upon any street or road.

4. No person shall without the authority of the Council interfere with or enter in or upon, or climb, jump or walk on or over the beds or borders of any garden or garden plot, or lawn or ornamental plantation in or upon any street or road.

5. No person shall climb, jump, write upon, or remove, destroy, disfigure, damage, or in any way interfere with any fence, wall, shed, building, or other structure in, upon or surrounding any tree reserve or garden, garden plot, lawn or ornamental plantation.

6. No person shall without the previous consent, in writing, of the Council in or upon any tree reserve or garden, garden plot, lawn or ornamental plantation sell or offer for sale any goods, wares or merchandise, or conduct, carry on, or take part in any game, sport, sideshow, entertainment, performance, amusement or ceremony, or light or attempt to light any fire, or burn or attempt to burn any substance whatever, or throw any stones or other missiles, or place or leave any refuse or rubbish whatever.

7. No person shall write upon, remove, destroy, disfigure, damage, or in any way interfere with any post, fence, raised paving or place of refuge erected or placed in or upon any street or road for the purposes of—

- (a) protecting persons being on or passing along any street or road, or footway; or
- (b) regulating traffic along any street or road, or on footways; or
- (c) making the crossing of any street or road less dangerous to any such persons.

8. This By-law shall apply to and have operation throughout the whole of the municipal district of the Shire of Healesville.

Resolution for passing this By-law was agreed to by the Council of the Shire of Healesville on the twenty-seventh day of April, 1936, and confirmed on the twenty-fifth day of May, 1936.

The corporate seal of the President, Councillors, and Ratepayers of the Shire of Healesville was hereunto affixed, in the presence of—

(SEAL) S. B. MOWLE, President.  
E. R. BISSET, Councillor.  
5495 J. HANSEN, Shire Secretary.

SHIRE OF HEALESVILLE.

BY-LAW No. 18.

A By-law of the Shire of Healesville made under Part VII. of the *Local Government Act 1928*, and numbered 18, for preserving good order and decency in any building belonging to the municipality, or under the control and management of the Council, and preventing damage to such building and to the furniture and fittings thereof, and for preserving public decency, and for preventing and extinguishing fires.

IN pursuance of the powers conferred by the Local Government Acts and of every other power enabling it in that behalf, the President, Councillors, and Ratepayers of the Shire of Healesville order as follows:—

1. In this By-law the word "building" shall mean a building belonging to the municipality, or under the control and management of the Council; the word "Council" shall mean the "Council" of the Shire of Healesville; the words "Fire Prevention Appliance" shall mean any appliance, plant, machinery, or thing whether part of, attached to, or placed in any building, and used or intended to be used for the purposes of preventing, controlling, extinguishing, or preventing the extension of fire, and includes, without affecting the generality of the foregoing, any safety curtain or smoke flue to any stage, and the ropes, tackle, windlass, and other gear thereof, or relating thereto, or any hoses, taps, hydrants, sprinklers, or portable fire extinguishers, and the word "municipality" shall mean the municipality of the Shire of Healesville.

2. No person shall in any building—
- (a) behave in a riotous, indecent, offensive, threatening, insulting, violent, quarrelsome, or disorderly manner, or
  - (b) use any threatening, abusive, obscene, indecent, or insulting words.

3. No person shall enter into or remain in any building while in a drunken or intoxicated condition.

4. No person shall expectorate upon the floor, walls, furniture, or fittings, of any building.

5. No person shall obstruct any doorway, passage, or foyer in any building whether by standing or loitering therein, or otherwise.

6. No person shall cut, mark, deface, or otherwise damage or injure any building, or any part thereof, or the furniture or fittings of any building.

7. No person shall in any building stand on any piano, chair, seat, or table, or stand or sit on any window sill, parapet, parapet cornice, roof, gutter, or gable roof of any building.

8. No person shall use any stair handrail otherwise than for support or assistance by hand in ascending or descending such stair.

9. No person shall in any way interfere with, or destroy, damage, or injure any fire prevention appliance, or any switch, fuse, wiring, globe, or any other electrical fitting of or in any building.

10. This By-law shall apply to and have operation throughout the whole of the Municipal District of the Municipality.

Resolution for passing this By-law was agreed to by the Council of the Shire of Healesville this twenty-seventh day of April, 1936, and confirmed this twenty-fifth day of May, 1936.

The corporate seal of the President, Councillors, and Ratepayers of the Shire of Healesville was hereunto affixed in the presence of—

(SEAL) S. B. MOWLE, President.  
A. S. FANCETT, Councillor.  
5497 J. HANSEN, Secretary.

SHIRE OF HEALESVILLE.

BY-LAW No. 20.

A By-law of the Shire of Healesville made under the Local Government Acts, and numbered 20, for—

- (a) prohibiting the deposit or leaving of refuse or rubbish on streets, roads, lanes, or passages;
- (b) prohibiting the deposit or leaving of refuse or rubbish on any land; and
- (c) requiring the removal or destruction by the owner or occupier of any land of refuse or rubbish thereon.

IN pursuance of the powers conferred by the Local Government Acts and of any other power it thereunto enabling, the President, Councillors, and Ratepayers of the Shire of Healesville order as follows:—

1. No person shall deposit or leave any refuse or rubbish on any street, road, lane, or passage.

2. No person shall deposit or leave any refuse or rubbish on any land.

3. The owner or occupier of any land shall remove or destroy all refuse or rubbish thereon (other than refuse or rubbish the removal of which the Council of the Shire of Healesville has undertaken or contracted for under section 39 of the *Health Act 1928*).

4. This By-law shall apply to and have operation throughout the whole of the Municipal District of the Shire of Healesville.

Resolution for passing this By-law agreed to by the Council of the Shire of Healesville on the twenty-seventh day of April, 1936, and confirmed on the twenty-fifth day of May, 1936.

The corporate seal of the President, Councillors, and Ratepayers of the Shire of Healesville was hereunto affixed in the presence of—

(SEAL) S. B. MOWLE, President.  
A. S. FANCETT, Councillor.  
5498 J. HANSEN, Secretary.

SHIRE OF HEALESVILLE.

BY-LAW No. 21.

A By-law of the Shire of Healesville made under the provisions of Part VII. of the *Local Government Act 1928*, and numbered 21, for regulating traffic, regulating the driving of cattle in or along any specified street in the Municipal District, and other purposes.

IN pursuance of the powers conferred by the Local Government Acts, and of any and every other power it thereunto enabling, the President, Councillors, and Ratepayers of the Shire of Healesville order as follows:—

No person shall, except between the hours of Eleven o'clock in the evening and Eight o'clock in the morning, drive or cause to be driven any cattle in or along any street specified in the Schedule hereto.

*The Schedule Hereinbefore Referred to.*

Castella-street, Nicholson-street, and Fernshaw-road, from the intersection of Castella-street and Lilydale-road, and the intersection of Fernshaw-road and Don-road.

Resolution for passing this By-law was agreed to by the Council of the Shire of Healesville on the twenty-seventh day of April, 1936, and confirmed on the twenty-fifth day of May, 1936.

The corporate seal of the President, Councillors, and Ratepayers of the Shire of Healesville was hereunto affixed in the presence of—

(SEAL) S. B. MOWLE, President.  
A. S. FANCETT, Councillor.  
5499 J. HANSEN, Shire Secretary.

SHIRE OF HEALESVILLE.

BY-LAW No. 16.

A By-law of the Shire of Healesville made under Part VII. of the *Local Government Act* 1928, and numbered 16, for preserving public decency, and for other purposes.

IN pursuance of the powers conferred by the *Local Government Act* 1928, and of any and every other power enabling it in that behalf, the President, Councillors, and Ratepayers of the Shire of Healesville order as follows:—

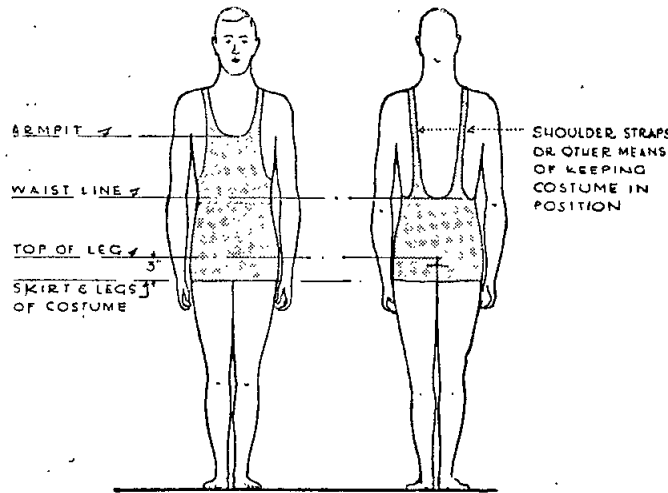

1. No person over four years of age shall bathe in any river, stream, lake, lagoon or baths which is or are visible from any street, road or public place, unless he or she be clad in clothing covering his or her body at least to the extent and in the manner set out in the schedule hereto.

2. In this By-law the words "public place" shall have the same meaning as in the *Police Offences Act* 1928.

3. This By-law shall apply to and have operation throughout the whole municipal district.

THE SCHEDULE HEREINREFORE REFERRED TO.

1. The said clothing (hereinafter called the costume) shall have legs at least 3 inches long.

2. The costume shall completely cover the chest and front of the body from a line at the level of the armpits down to the waist, and below the waist shall completely cover the whole of the body front back and sides to the lower end of the leg covering. The costume shall be provided with adequate shoulder straps or other means of keeping it in position.

3. In the case of a person over the age of twelve years the costume shall in addition have a half skirt attached to the waist, covering the front of the body below the waistline to the lower end of the leg covering.

4. The costume shall cover the body in the manner and to the extent delineated in the diagrams set out below.

Resolution for passing this By-law was agreed to by the Council of the Shire of Healesville the twenty-seventh day of April, 1936, and confirmed on the twenty-fifth day of May, 1936.

The corporate seal of the President, Councillors, and Ratepayers of the Shire of Healesville was hereunto affixed, in the presence of—

S. B. MOWLE, President.  
E. R. BISSET, Councillor.  
J. HANSEN, Shire Secretary.

SHIRE OF RIPON.

BY-LAW No. 49.

A By-law of the Shire of Ripon made under section 197 of the *Local Government Act* 1928, and numbered 49 for the purpose of amending By-law No. 43 of the said Shire.

IN pursuance of the powers conferred by the *Local Government Act* 1928, the President, Councillors, and Ratepayers of the Shire of Ripon order as follows:—

That section 7 and 21, By-law No. 43, of the Shire of Ripon (which imposes a fee for permits for hawkers, &c., in certain streets of the Township of Beaufort, and fixing hours for trading) be amended to read:—

"The charge for permits, as fixed by the Council, shall be payable in advance, and no charge for any single position shall for one day in any week be less than ten shillings."

"The hours of sale shall be between 8 a.m. and 7 p.m."

The resolution for passing this By-law was agreed to by the Council on the 6th day of April, 1936, and confirmed on the 11th day of May, 1936.

The common seal of the Shire of Ripon was hereto affixed in the presence of—

JOHN KIRKPATRICK, President.  
R. A. D. SINCLAIR, Councillor.  
DAVID F. TROY, Councillor.  
NORMAN B. ACTON, Shire Secretary.

(SEAL)

NOTICE is hereby given that the partnership heretofore subsisting between Alfred John Sisely and Harrie Sisely, carrying on business as butchers at Wangaratta under the style or firm of J. Sisely and Sons was dissolved by the death of the said Alfred John Sisely on the fifteenth day of February, 1936, and that the business in future will be carried on by the said Harrie Sisely alone, who will pay and discharge all debts and liabilities incurred by and receive all moneys owing to the said late firm. All persons to whom any moneys are owing by the said firm are requested to forward particulars thereof to P. McSwiney, solicitor, Reid-street, Wangaratta, within fourteen days from the date hereof.

Dated this twenty-fifth day of June, 1936.

(Signed) H. SISELY.  
Witness.—ARTHUR E. MCSWINEY, articled clerk to P. McSwiney, solicitor, Wangaratta. 5507

NOTICE is hereby given that the partnership heretofore subsisting between the undersigned Alexander John Hewetson Gray, George Swinton Gray, and Frances Mary Elizabeth Pennington, carrying on business as graziers at Swinton Station, Glenorchy, in the State of Victoria, under the style or firm name of "Gray Brothers Swinton," has been dissolved by mutual consent as from the seventh day of March, 1936. All debts due to the said late firm will be received by the said Alexander John Hewetson Gray at Swinton Station, Glenorchy aforesaid, and all claims against the said late firm must be forwarded to the said Alexander John Hewetson Gray at Swinton Station, Glenorchy aforesaid. The said Alexander John Hewetson Gray will carry on business as a grazier under his own name at Swinton Station, Glenorchy aforesaid.

NOTICE TO CREDITORS AND OTHERS. — RE JOHANN FRIEDRICH WILHELM ZIEGELER (commonly known as Fritz Ziegeler), DECEASED.

PURSUANT to the *Trustee Act 1928*, notice is hereby given that The Perpetual Executors and Trustees Association of Australia Limited, of 100-104 Queen-street, Melbourne, the sole executor of the will of the said Johann Friedrich Wilhelm Ziegeler (commonly known as Fritz Ziegeler), formerly of 148 Little Collins-street, in the City of Melbourne, in the State of Victoria, manufacturer, but late of 53 Abbott-street, Sandringham, in the said State, gentleman, deceased (who died on the 15th day of April, 1936), intends to convey or distribute the estate of the said deceased to or among the persons entitled thereto, and requires all persons and creditors interested to send to the said The Perpetual Executors and Trustees Association of Australia Limited, on or before the third day of September, 1936, particulars, in writing, of their claims against the said estate, after which date the said The Perpetual Executors and Trustees Association of Australia Limited may convey or distribute the said estate to or among the persons entitled thereto, having regard only to the claims, whether formal or not, of which it shall then have had notice.

Dated the 27th day of June, 1936.

SNOWDEN, NEAVE & DEMAINE, 433 Little Collins-street, Melbourne, proctors for the said executor. 5585

NOTICE TO CREDITORS AND OTHERS.—RE CATHERINE GRAHAM CALVERT, DECEASED.

PURSUANT to the *Trustee Act 1928*, notice is hereby given that James Weir Fleming, of Aylesbury, Yarram, in the State of Victoria, farmer, the administrator of the estate, with the will annexed, of Catherine Graham Calvert, deceased (who died on the twenty-ninth day of September, 1935), intends to convey or distribute the estate of the said Catherine Graham Calvert, deceased, to or among the persons entitled thereto, and requires all persons and creditors interested to send to the said administrator, care of the undersigned Messrs. Robert Best and Hooper, proctors for the said administrator, on or before the fourth day of September, One thousand nine hundred and thirty-six, particulars, in writing, of their claims against the said estate, after which date the said administrator will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which he shall then have had notice. And notice is hereby further given that the said administrator will not be liable for the assets, or any part thereof, so distributed to any person of whose claim he shall not then have had notice.

Dated this 30th day of June, 1936.

ROBERT BEST & HOOPER, of 100 Queen-street, Melbourne, proctors for the said administrator. 5539

PURSUANT to the provisions of the *Trustee Act 1928*, notice is hereby given that all persons having claims against the estate of Patrick Clarke, late of Condah, stock-buyer, deceased (who died on the 23rd day of December, 1935, and probate of whose will was granted by the Supreme Court of Victoria, in its probate jurisdiction, on the 26th day of March, 1936, to Philip Michael Clarke, of Condah, farmer, and Edmund McCormack, of Sandford, clerk), are hereby requested to send particulars, in writing, of their claim to the said executors, care of Slater and Gordon, 422 Collins-street, Melbourne, on or before the 3rd day of September, 1936, after which date the executors will proceed to distribute the assets of the said deceased, having regard to the claims of which they shall then have had notice. And notice is hereby given that the executors will not be liable for the assets so distributed, or any part thereof, to any person of whose claim they shall not have had notice as aforesaid.

Dated the 25th day of June, 1936.

SLATER & GORDON, 422 Collins-street, Melbourne, proctors for the executors. 5544

PURSUANT to the *Trustee Act 1928*, notice is hereby given that The Ballarat Trustees, Executors, and Agency Company Limited, of Lydiard-street, Ballarat, in the State of Victoria, and Effie Jane Elsworth, of 128 Victoria-street, Ballarat East, in the said State, widow, the executor and executrix of the will and codicil thereto of Willie Elsworth, known as William Elsworth, late of 128 Victoria-street, Ballarat East aforesaid, manufacturer, deceased (who died on the 18th day of February, 1936), intend to convey or distribute the real and personal property of the said deceased to or among the persons entitled thereto, and require all persons and creditors interested to send to the said company at its office, Lydiard-street, Ballarat, detailed particulars of their claims in respect of the said property on or before the 2nd day of September, 1936; and notice is hereby given that, after the said date, the said executor and executrix will proceed to convey or distribute the said estate to or among the persons entitled thereto, having regard only to the claims, whether formal or not, of which it and she may then have had notice, and it and she will not be liable for the assets so conveyed or distributed to any person of whose claim it and she shall not then have had notice.

Dated this 24th day of June, 1936.

R. JF. RAMSAY, 38 Lydiard-street, Ballarat, proctor for the said executor and executrix. 5520

NOTICE TO CREDITORS AND OTHERS.—*RE* CHARLES WILLIAM COWPER, DECEASED.

PURSUANT to the *Trustee Act 1928*, notice is hereby given that The Perpetual Executors and Trustees Association of Australia Limited, of 100-104 Queen-street, Melbourne, the sole executor of the will of the said Charles William Cowper, late of 28 Mathoura-road, Toorak, in the State of Victoria, secretary, deceased (who died on the 24th day of May, 1936), intends to convey or distribute the estate of the said deceased to or among the persons entitled thereto, and requires all persons and creditors interested to send to the said The Perpetual Executors and Trustees Association of Australia Limited on or before the second day of September, 1936, particulars, in writing, of their claims against the said estate, after which date the said The Perpetual Executors and Trustees Association of Australia Limited may convey or distribute the said estate to or among the persons entitled thereto, having regard only to the claims, whether formal or not, of which it shall then have had notice.

Dated the twenty-seventh day of June, 1936.

JOHN D. MUIR, 440 Little Collins-street, Melbourne, proctor for the executor. 5545

PURSUANT to the *Trustee Act 1928*, notice is hereby given that all persons having any claim against the estate of Daniel Robert Meaney, late of McKean-street, North Fitzroy, in the State of Victoria, carrier, deceased (who died on the eleventh day of April, 1936, and probate of whose will has been granted to Marianne MacGillcuddy, of 11 Hoddle-street, North Richmond, in the said State, married woman, and Cornelius Michael Hickey, of 97 Heidelberg-road, Clifton Hill, in the said State, gentleman), are required to send particulars, in writing, of their claims to the said executors, in the care of the undermentioned proctors, on or before the fourth day of September, 1936, after which date the executors will proceed to distribute the assets of the said estate amongst the persons entitled thereto, having regard only to the claims of which they shall then have had notice, whether formal or not; and they will not be liable to any person of whose claim they shall not have had such notice.

Dated the twenty-sixth day of June, One thousand nine hundred and thirty-six.

STEWART & DIMELow, 422 Collins-street, Melbourne, proctors for the executors. 5546

In the Supreme Court of the State of Victoria.—*Fi. Fa.*  
NOTICE is hereby given that, under and by virtue of certain process issued out of the Supreme Court of the State of Victoria, and directed to the Sheriff, requiring him to levy certain moneys of the real and personal estate of Lionel Edgar Hartnett, of Bendigo, builder, the said Sheriff will, on Friday, the 31st day of July, 1936, at the hour of three o'clock in the afternoon, cause to be sold at the first-mentioned property, at Graham-street, Quarry Hill (unless the said process shall have been previously satisfied or the said Sheriff be otherwise stayed, all the right, title, estate, and interest (if any) of the said Lionel Edgar Hartnett in and to:—

1. All that piece of land, being part of Crown allotment four, section 98c, City of Bendigo, Parish of Sandhurst, and being the land comprised in certificate of title, volume 5934, folio 1186771, save and except the land transferred thereout by instrument of transfer numbered 1575562.

2. All that piece of land, being Crown allotment eighteen, section 108c, City of Bendigo, Parish of Sandhurst, County of Bendigo, and being the land comprised in certificate of title, volume 4387, folio 877217.

N.B.—Terms: Cash. No cheques taken.

Dated at Bendigo this 26th day of June, 1936.

5557

T. FITZGERALD, Sheriff's Officer.

STATE ACTS, 1935—continued.

Table with columns: No., Description, Price (s. d.). Lists 4296-4361 acts including Supply, Unemployed Relief Tax, Transport Regulation, Local Government (Temporary Reduction of Interest), Sewerage Districts, etc.

H. J. GREEN, Government Printer.

THE "VICTORIA GOVERNMENT GAZETTE."

SUBSCRIPTIONS.—The Subscription, including Postage, is £1 10s. 4d. per annum, or 7s. 7d. per quarter, payable in advance.

Subscriptions are required to commence and terminate with a month.

A lesser period than three months cannot be subscribed for. Subscribers do not receive the Acts of Parliament with the Gazette.

ADVERTISEMENTS are charged at the rate of EIGHTPENCE per line single column, and ONE SHILLING and FOURPENCE per line double column.

The title (£5 Reward, Dissolution of Partnership, &c.) forms one or more lines, as a heading.

On an average, eleven words make a line.

Every signature must likewise be counted as a line. The final words of a paragraph, though only portion of a line, must be counted as one line.

SIGNATURES (in particular) and proper names must be written very plainly in the text; ONE SIDE ONLY of each slip of paper should be WRITTEN UPON.

ALL COMMUNICATIONS should be addressed to "The Government Printer, Melbourne."

ALL DOCUMENTS illegibly written will be returned unpublished, and, where brands occur unprovided for by the ordinary letters of the alphabet, a worded explanatory description must be furnished.

THE VICTORIA GOVERNMENT GAZETTE is published on WEDNESDAY EVENING in each week, and Notices for insertion will be received by the Government Printer at or before Two p.m. at ordinary rates, and late advertisements between Two p.m. and Five p.m. at double rates, on the day preceding the day of publication.

Single copies of the VICTORIA GOVERNMENT GAZETTE are Sixpence, posted Sevenpence, each.

No GAZETTES prior to January, 1921, in stock.

\* ALL PAYMENTS ARE REQUIRED IN ADVANCE.—Remittances should be made by postal note, money order, or draft in favour of the Government Printer. Advertisements unaccompanied by a remittance sufficient to cover the cost of insertion will be returned unpublished.

AGENTS FOR THE "VICTORIA GOVERNMENT GAZETTE."

THE following have been appointed agents to receive Advertisements and Subscriptions for the Victoria Government Gazette:—
