*Agricultural Colleges Act 1928 (No. 3634).*

## REGULATIONS UNDER THE AGRICULTURAL COLLEGES ACT 1928, FOR REGULATING THE TERMS AND CONDITIONS UNDER WHICH STUDENTS MAY BE RECEIVED AT ANY AGRICULTURAL COLLEGE OR EXPERIMENTAL FARM.

WHEREAS by section 24 of the *Agricultural Colleges Act 1928*, it is enacted that the Council of Agricultural Education may specify the terms and conditions under which students may be received at any agricultural college or experimental farm established under the said Act in regulations to be made by the Council and approved by the Governor in Council. Now, therefore, the said Council of Agricultural Education, hereinafter called the Council, doth hereby, in exercise of the powers conferred by the above said recited Act, make the following regulations (that is to say):—

1. Boys of a minimum age of fifteen years in sound health and of suitable physique, who have been educated to the standard of the Merit Certificate of the Education Department of Victoria, may, on agreeing to observe the regulations and the college rules, and on payment of the prescribed fees, be admitted to an agricultural college as resident students. Provided, however, that applicants for admission may be required to submit themselves for examination in any or all of the subjects prescribed for the Merit Certificate of the Education Department of Victoria.

2. Each applicant must produce a satisfactory testimonial of character from his last teacher or employer; a dentist's certificate that he is not likely to require dental treatment for at least six months; and a certificate from a registered medical practitioner that he is in good health, and is physically fit for the work of the college. Any student, may, on arrival, or at any subsequent time, be required by the principal to submit himself for examination by the college medical officer.

3. A student who has gained the Certificate of Competency at the Longerenong Agricultural College may be admitted to Dookie Agricultural College as a third-year student.

4. Each year's course at the Dookie and Longerenong Agricultural Colleges shall be divided into two terms of approximately five months each.

5. Provided that they otherwise comply with the conditions of entrance, applicants of the age of sixteen years and over who have reached the standard of education equivalent to that prescribed for the first term of the college course and who have a practical knowledge of the rudiments of farm work may, at the discretion of the principal, be conceded one term of the first year. Similarly, applicants of the age of seventeen years and over who have passed the School Leaving examination of the University of Melbourne or its equivalent and who have a practical knowledge of the rudiments of farm work may be conceded two terms.

6. Each student is admitted on probation for one term. If, during any term he proves to be unfitted for the college life from any cause whatsoever, or, if in the opinion of the principal, his presence at the college is likely to be unprofitable to the student himself, injurious to other students, or his conduct prejudicial to the discipline or the reputation of the college, he may not be re-admitted.

7. Any student guilty of a breach of the regulations and/or college rules may be punished by expulsion, fine not exceeding twenty shillings, or otherwise as the principal decides.

8. If, within one month after the opening day, a student has failed to go into residence at the college, he may be considered to be disqualified, and, at the discretion of the Council, any fees paid shall be forfeited.

9. Until he can produce a certificate from a registered medical practitioner stating that he can do so with safety, no student will be permitted to go into residence at the college after living in a dwelling in which exists, or has recently existed, any contagious or infectious disease.

10. All college fees are payable in advance, and shall be paid to the Secretary, Council of Agricultural Education, Melbourne.

11. The fee is £25 per term, covering maintenance, tuition, medical attention, laundry, chemicals used in science work, sports fee, college badge, and stationery to the value of 12s. 6d. per term. All stationery in excess of that amount and text books supplied will be charged to the student.

12. Provided that, on the recommendation of the principal, and subject to the approval of the Minister, the Council may grant a concession in fees as may be considered reasonable in order to enable a student to complete the course.

13. A deposit of £1 must be paid by each student in advance toward the cost of text books, note books, extra laundry, damage to college property caused by the student, &c. At the commencement of each subsequent term the deposit must be made up to the original £1.

14. The fees paid by or on behalf of any student cover only the time when the college is in session. Students will not be permitted to remain at the college during the vacations except with the permission of the principal. Such students shall then carry on any practical work assigned to them.

15. Any student entering the college except at the beginning of the college year shall engage in such practical work and studies as the principal may decide.

In this Determination "holiday" means the day observed as any of the following days: New Year's Day, Good Friday, Easter Saturday, Easter Monday, Labour Day, Christmas Day, Boxing Day, Australia Day, King's Birthday, and Melbourne Cup Day.

(b) An employer shall not terminate the employment of a weekly employee for the purpose of evading payment for the holidays prescribed by this Determination.

(c) Where an employee is dismissed within one week before any holiday (or within one week before the first day of several holidays), his re-engagement by the same employer within one week after such holiday (or, as the case may be, within one week after the last day of such several holidays), shall be prima facie evidence that his employment was terminated in breach of sub-clause (b) hereof.

(d) Where the employer terminates the employment within one week of a day on which a holiday occurs, the employee shall be paid for such holiday or holidays prescribed by this Determination, provided that such employee had been employed by the employer for a period of at least one week prior to the termination of the employment.

A junior male shall be paid the time wage appropriate to his age and a junior female the time wage appropriate to her years of experience, provided that a female worker of more than five years' experience shall be deemed to be an adult for the purpose of computing the amount payable to her under this clause.

(g) The provisions of this clause (6) shall apply only to weekly employees.

#### CONSTANT SERVICE LEAVE OR BONUS.

(7) (a) In addition to the holidays provided for by clause (6) hereof, an employee, whether a time-worker or a piece-worker, who remains in the service of the same employer for at least a year, shall, if the employment has not been terminated, be entitled to one day's leave of absence on full pay for every period of two complete consecutive calendar months comprised in his service in respect of which he has not already received leave or bonus hereunder.

(b) The employer shall have the right to fix the time when such leave will be given, but must fix a time so that the leave then accrued due will be wholly given in one continuous period within fifteen months after the beginning of the period of service in respect of which the leave is due, and if he does not so fix the time or so give the leave he shall, for each day of leave then due, forthwith give the employee two days' leave of absence on full pay.

Provided that the employer may, if he think fit, give at any time in advance the period of six or seven days' continuous leave on full pay prospectively due in respect of the six or seven (as the case may be) periods of two months' service comprised within such fifteen months.

Provided further that if the leave be given so that the employee is freed from work for the employer throughout the seven days of a week or throughout a period extended to more than such seven days by reason of holidays as provided in sub-clause (c) hereof, the leave comprised within such seven days or within such extended period shall for the purposes of this clause be deemed to be six days' leave.

(c) Where any of the holidays provided for in clause (6) hereof so falls in the week as in the ordinary course to entitle an employee to be paid in respect of that holiday although he does not work thereon, and that holiday happens to fall within that employee's period of leave of absence, the days in that period shall be reckoned in addition to that holiday.

(d) Any employee who voluntarily leaves or is discharged from his employment after he has been in such employment for at least six complete consecutive calendar months shall be paid a bonus of one day's pay for every period of two complete consecutive calendar months comprised in his service in respect of which he has not already received leave or bonus hereunder, the day's pay to be at the ordinary rate for the class of work usually being done by the employee about the time when he so leaves or is discharged.

Provided that where leave of absence for two instead of one day should have been given in pursuance of sub-clause (b) hereof and has not been so given, such employee shall be paid a bonus of two days' pay in respect of each day of leave of absence that has not been so given.

(e) If the employee is a piece-worker the pay to be given for the period of leave of absence or as a bonus where leave is not given shall be at the rate fixed for a time-worker doing the same class of work as that of the employee.

(f) Where the employer is a successor or assignee or transferee of a business, if an employee was in the employment of the employer's predecessor at the time when he became such successor or assignee or transferee, the employee in respect of the period during which he was in the service of the predecessor shall for the purposes of this clause be deemed to have been in the service of the employer.

(g) In this clause employee means either a male or female employee, and the clause shall be construed accordingly.

(h) For the purposes of this clause the service shall be deemed to have continued and to continue unbroken and constant notwithstanding any interruption or determination of the employment by the employer if such interruption or determination has been or be made merely with the intention of avoiding obligation hereunder in respect of leave of absence or bonus.

(i) For the purposes of this clause, calendar months shall be reckoned as commencing with the beginning of the first day of the employment or period of employment in question, and as ending at the beginning of the day which in the latest month in question has the same date number as that which the commencing day had in its month, and, if there be no such day in such subsequent month, shall be reckoned as ending at the end of such subsequent month.

Provided that persons in employment on the 1st day of January, 1938, shall for the purposes of this clause be deemed to have commenced their service on that date.

(j) This clause shall come into operation on the 1st day of January, 1938.

Reasonable facilities shall be provided by the employer for the employee to have refreshments during such interval if the employee so desires.

#### FIVE-DAY WEEK.

(10) When the employer desires to work the ordinary working hours in a five-day week, he may do so. The employer and the employees may thereupon agree upon the hours of commencing and finishing work with a starting time not earlier than 7.30 a.m., and a finishing time not later than 6 p.m., and in the event of such agreement being made, the hours so agreed shall be substituted for the hours fixed by this Determination, notwithstanding anything to the contrary contained in clauses (11) (b), (13) (b) and (c), and (13) (h) hereof. In default of agreement, such hours may be decided by this Wages Board.

He shall also be provided with at least four hours' work, and in the event of insufficient piece-work being provided to keep him continuously employed for such four hours he shall be paid for any non-working time at the time-worker's ordinary hourly rate.

(iii) Should a weekly time-worker, or weekly piece-worker, who has worked on a holiday within the hours of his ordinary working day, work on such holiday before the ordinary hour of commencing work or after the ordinary hour of finishing work, he shall be paid double the ordinary time-work rate or double the ordinary piece-work rate, as the case may be, for the hours worked before the ordinary hour of commencing work or after the ordinary hour of finishing work.

(h) No employee under 16 years of age shall be employed on overtime. No employee under 17 years of age, nor any female or apprentice, shall be on duty in any event before 8 a.m. or later than 9 p.m. on any working day, subject to clauses (10) and (11) (a) hereof.

(d) The lunch period of any employee shall be between the hours of noon and 2 p.m.

## TERMS OF EMPLOYMENT AND SICK PAY.

(16) (a) No person shall be employed except as—

- (i) a weekly time-worker; or
- (ii) a weekly piece-worker; or
- (iii) a casual time-worker; or
- (iv) a casual piece-worker.

(b) A weekly time-worker, to become entitled to payment of a weekly wage, shall perform such work as the employer shall from time to time require on the days and during the hours usually worked by such employee.

(c) (i) A weekly time-worker not attending for duty shall lose his pay for the actual time lost unless he produces or forwards within twenty-eight hours of the commencement of such absence evidence or a message satisfactory to the employer that his non-attendance was due to personal ill-health necessitating such absence, but notwithstanding that he may be employed by different employers he shall not be entitled to payment for non-attendance on the ground of personal ill-health for more than 44 hours in each year. Such year shall begin on the date on which this Determination came into force.

(ii) A weekly piece-worker shall be excused from presenting himself for employment at the proper time and place each day because of personal ill-health and shall be paid at the corresponding time-worker's wage for the period of ill-health in all respects as if during such period he had been a weekly time-worker employed on such days and during such hours as are usually worked by time-workers upon any day shift, and he shall comply with and be subject to the conditions for time-workers prescribed in paragraph (i) hereof.

(iii) If an employer within 48 hours after the receipt by him of a written message sent by (or on behalf of) an absent employee, alleging that his absence is due to personal ill-health, fails to despatch or give to the employee a written notice that he does not accept the message as satisfactory evidence of the facts alleged by it, it shall be deemed to be prima facie evidence that the absence of the employee was due to personal ill-health.

(iv) If an employer within 48 hours after the receipt by him of such message despatches, or gives to the employee a written notice that he does not accept such message as satisfactory evidence of personal ill-health, but requires further evidence, the employee must within a reasonable time furnish such further evidence. If the employer requires the employee to obtain a medical certificate or other proof of personal ill-health, he shall pay or refund any fee and incidental expenses necessarily paid or incurred by the employee. The employee shall submit to medical examination at the employer's expense if so required, and shall not obstruct or interfere with inquiries deemed to be necessary by the employer.

(v) If an employer rejects a claim for sick pay this Wages Board shall have power, upon application by the Printing Industry Employees Union of Australia, or by the employee concerned, to hear such claim, and to make such order thereon as it thinks appropriate; and the employee, if required to attend this Wages Board on the hearing of his claim, shall, if his claim succeeds, but not otherwise, be entitled to be paid by the employer for the time of his attendance, if a time-worker, at his usual rate, or if a piece-worker, at the corresponding time-worker's rate.

(vi) In any case where the period of 48 hours referred to in paragraphs (iii) and (iv) hereof expires after the finish of the last working day in the calendar week, or on a public holiday, the period shall be deemed to extend to noon of the next ordinary working day, and in any case where illness commences after the finish of such last working day the said period of 48 hours shall be deemed to commence at the starting hour of the next ordinary working day.

(d) A weekly piece-worker is a piece-worker engaged as a weekly employee. The following conditions apply to the employment of a weekly piece-worker:—

- (i) On each working day or night of the week he shall present himself for employment at the usual time for beginning work at the place of business of the employer unless informed before leaving work by the employer that his attendance on any day or any night is not required.
- (ii) If he has not been informed as provided in the foregoing paragraph, and actually presents himself on any such day or any such night he shall receive not less than four hours' continuous employment or be paid for such four hours (or any part of such four hours as would be non-working time) at the appropriate rate for a time-worker. Provided that a weekly piece-worker on day work working on a Saturday shall receive not less than three hours' work or be paid for such three hours (or any part of such three hours as would be non-working time) at the rate aforesaid, and his shift shall finish not later than noon.
- (iii) (1) The provisions of this paragraph (iii) shall have full force and effect notwithstanding anything contained in this Determination, or in the Schedule thereto.
- (2) In this paragraph the words "the corresponding time-worker" mean—
  - (a) As to an adult male, as defined by clause (34) (d) hereof—an adult male weekly time-worker employed in the same calling as the weekly piece-worker who is concerned;
  - (b) As to an adult female, as defined by clause (34) (d) hereof—an adult female weekly time-worker employed in the same calling as the weekly piece-worker who is concerned; and
  - (c) As to a male junior—a male junior weekly time-worker of the same age employed in the same calling as the weekly piece-worker who is concerned; and
  - (d) As to a female junior or any female of less than five years' experience—a female junior weekly time-worker of corresponding experience employed in the same calling as the weekly piece-worker concerned.
- (3) For any week in which he has worked the full hours of duty, the weekly piece-worker shall be paid at least the corresponding time-workers' wage.
- (4) For any week in which, though he has complied with the provisions of paragraph (i) hereof, he is not required to work the full hours of duty, he shall be paid for that week the corresponding time-workers' wage.
- (5) If in any week there occurs a public holiday, as provided in clause (6) hereof, upon which the weekly piece-worker is not required to work, he shall be paid, in addition to his aggregate piece-work earnings for that week, a sum equivalent to that paid to the corresponding time-worker for such public holiday.
- (iv) Notwithstanding anything in this Determination contained, lateness shall not, except as in this condition provided, affect the right of a piece-worker to the benefits of this sub-clause (d). A piece-worker's earnings shall not be subjected to deduction for lateness or lost time unless such lateness or lost time would cause an employer to make a payment which he otherwise would not be required to make. Subject to this condition, where a piece-worker is late or loses time on any day he shall be subject only to such a deduction from any moneys due to him as is proportionate to the time actually lost by him.
- (e) (i) The employment of a weekly time-worker or piece-worker may be terminated by a week's notice on either side, and such notice may be given on any day of the week to take effect one week after the day on which it is given. This shall not affect the right of the employer to dismiss any employee without notice for malingering, inefficiency, neglect of duty or misconduct, and in such case wages shall be paid up to the time of dismissal only, or to deduct payment for any day the employee cannot usefully be employed because of any strike of the Printing Industry Employees Union of Australia, or any other union, or through any breakdown of machinery or any stoppage of work for any cause for which the employer cannot be held responsible.
- (ii) In the event of work being temporarily stopped by a breakdown of machinery, or by any cause for which the employer cannot be held responsible, and the employee has lost at least two days' pay the employee, whether a weekly time-worker or weekly piece-worker, may inform the employer of his intention to terminate his employment, whereupon the employment shall be terminated without the employee being required to give the week's notice mentioned in paragraph (i) hereof, and he shall be paid such moneys as are due to him under this Determination.

Provided that such average and total shall not be so reduced to 43 hours 5 minutes and 172 hours 20 minutes if the employees on such shifts are for each ordinary hour worked thereon by them paid in the case of weekly employees at the rate of one forty-third (1/43) of the prescribed weekly wage, and in the case of hourly employees, at the rate of forty-four forty-thirds (44/43) of the prescribed rate for such employees which payments the employer shall have the option of making; nor shall they be so reduced if, in addition to other holidays (if any) to be given under this Determination to such employees, such employees are given in each year, one week's holiday on full pay, which week's holiday the employer shall have the option of giving.

(d) For all time of duty outside the limits of the ordinary hours prescribed in sub-clause (c) hereof, an employee on continuous work shift shall be paid at double rates. But this shall not apply to arrangements between employees themselves or in cases due to rotation of shift, or when the relief does not come on duty at the proper time: Provided that where not less than eight hours' notice has been given to the employer by the employee that he will be absent from work, and the employee whom he should relieve is not relieved, such unrelieved employee shall be paid time and a half for all time of duty after he has finished his ordinary shift.

(j) (ii) When employees are called on to work afternoon and night shifts only they shall change over week and week about, and shall be paid 10 per cent. above ordinary rates for both shifts.

Where men work day and afternoon shifts only they shall change over week and week about, and shall be paid 10 per cent. extra for afternoon shifts.

#### MIXED FUNCTIONS.

#### OVERTIME.

12. (a) For all work done outside ordinary hours the rates of wage shall be time and a half for the first 4 hours and double time thereafter, such double time to continue to be paid until an employee has been relieved from work for at least 8 hours. Provided that an employee shall not be entitled to payment for such rest period.

(b) Except as provided above in computing overtime each day's work shall stand alone.

(c) An employee recalled after leaving his workshop to work overtime shall be paid for a minimum of three hours' work at the appropriate rate.

(e) An employee (other than on shift) who has worked up to or beyond midnight shall not be bound to continue work on the following day.

(f) As far as practicable employees shall not work overtime while competent labour is available.

(h) An employee working overtime shall be allowed a crib time of twenty minutes without deduction of pay after each 4 hours of work, but this provision shall not prevent any arrangement being made for the taking of a longer meal period without pay.

(i) Before starting overtime after working ordinary hours a meal break of at least 45 minutes shall be allowed, unless the period of overtime is less than one and a half hours.

An employer and his employee may mutually agree to any variation of this sub-clause to meet the circumstances of the work in hand.

(j) An employee required to work overtime for more than two hours without being notified the day before that he will be so required to work, shall either be supplied with a meal by the employer or paid 1s. 6d., or if work extends into a second meal hour 2s. 6d. for the two meals, but such payment need not be made to employees living in the same locality as their work-shop who can reasonably return home for meals.

If an employee pursuant to notice has provided a meal or meals and is not required to work overtime he shall be paid for each meal so provided.

(k) Subject to the provisions of the second part of the sub-clause (g) of this clause an employee shall work during meal breaks at the ordinary rates herein prescribed whenever instructed so to do for the purpose of making good break-downs of plant or upon routine maintenance of plant which can only be done while such plant is idle.

(l) When an employee working overtime finishes work at a time when reasonable means of transport is not available, the employer shall provide him with a conveyance or pay him his current wage for the time occupied in reaching his home.
