2. This By-law shall come into full force and operation on its approval by the Governor in Council, and immediately after its publication in the *Government Gazette*.
3. This By-law shall apply to and have operation in the following areas:—

## WHOLE OF THE BOROUGH OF RINGWOOD.

4. In this By-law unless inconsistent with the context or subject-matter:—

"Inspector" means any officer authorized by the Commission or Council, and includes any acting or assistant inspector.

"Proprietor" means the proprietor of any premises, and includes the owner, the occupier, or any person having the management or control thereof.

"The Commission" means the Commission of Public Health.

5. The proprietor of any premises on which there is erected a pan-closet shall cause the space under the seat of each pan-closet on such premises to be prepared for the accommodation of a pan as prescribed herein, and shall permit the same to be used for the double-pan service hereinafter provided for, and shall cause each pan-closet to be kept in a fit state for such service.

7. Such pan shall be cylindrical in shape, and formed of galvanized iron of not less than 22 gauge, or other approved material or materials presenting on the inside and outside an impervious hard, smooth, and durable surface, and those surfaces which come into contact with night-soil shall also be free from any projections. 9. The proprietor shall provide every urinal with an approved apparatus for the regulated automatic discharge into such urinal of sufficient approved deodorant for the purpose of keeping such urinal constantly deodorized.

10. No person shall place, or cause or permit to be placed, any slops, water, or rubbish in any pan.

11. The proprietor of any premises whereon there is a pan-closet or urinal shall—

- (a) maintain such pan-closet and urinal in good repair and in a cleanly condition; and
- (b) when required by an inspector effectually disinfect such pan-closet and urinal, and/or the contents thereof, and effect any repairs thereto that such inspector may deem necessary.

At least once a week, and, in any case, as often as may be necessary to prevent the level of the contents of such pan approaching within 2½ inches of the brim thereof, the pan in use shall be closed with a lid, and removed by the contractor or person authorized or employed in that behalf by the Council, with its contents from the premises, and another pan thoroughly cleansed and in good order shall be left in its place.

13. Such contractor or person removing such pans shall report to the Council at the earliest available opportunity the discovery of any pan found to be overflowing or leaking, and shall forthwith cause the place whereon the contents have been dropped or spilled to be properly cleansed.

17. No trench shall be used for the disposal of night-soil where the bottom consists of rock or other impermeable material.

18. Immediately after the deposit of the night-soil and washings in any trench, such trench shall be filled in with thoroughly disintegrated earth. The necessary filling shall be obtained by excavation of another trench in a position parallel to but not less than 12 inches from the aforesaid trench required to be filled in, and using the material so obtained as

a covering over the night-soil so deposited. Trenches shall be excavated, and used, and filled in in regular consecutive order.

19. Seed of grass, or any forage or cereal crops, or other such form of vegetable life as the Council shall direct or approve, shall be seasonably planted or sown on any land into which night-soil has been deposited, provided that vegetables, or seeds of vegetables, shall not be planted therein or thereon until three months have elapsed since the last deposit of night-soil in such land.

20. Every pan used for the reception or conveyance of night-soil shall immediately on being emptied be thoroughly washed or otherwise cleansed. The resultant washings or other filth shall be disposed of in a similar manner as the night-soil.

21. Every pan after the disposal of its contents, and after being cleansed in manner aforesaid, and before it again leaves the depot or disposal ground, shall on every such occasion be thoroughly cleansed and disinfected by—

23. The contractor or person authorized or employed by the Council for the removal of night-soil shall cause all vehicles used for the transport of pans to the depot to be properly constructed, kept clean, and disinfected daily at the depot, and maintained in a proper state of repair.

25. The proprietor or any other person within the area defined by this By-law shall not bury, nor cause to be buried, any night-soil in any yard, garden, or other place not being a place set apart for such purpose by the Council.

26.
