Marine Act 1928.

THE PORT PHILLIP PILOT SICK
AND SUPERANNUATION FUND REGULATIONS.

IN pursuance of the powers conferred upon it by the *Marine Act 1928*, the Pilot Superannuation Board, with the approval of His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby make the following Regulations (that is to say):—

1. *Short Title.*—These Regulations may be cited as "The Port Phillip Pilot Sick and Superannuation Fund Regulations 1938."

2. *Repeal and Commencement.*—These Regulations shall be deemed to have come into operation on the 1st day of November, 1938, on, from, and after which date all Regulations heretofore in force governing the maintenance of the Pilot Fund or the Port Phillip Pilot Sick and Superannuation Fund (hereinafter called "The Fund") and the granting of allowances, gratuities, and pensions by the Pilot Board to pilots licensed before the date of commencement of the *Marine Board Act 1887*, and to their widows and children, and by the Pilot Superannuation Board (hereinafter called "The Board") to pilots licensed after the said date and before the commencement of the *Marine Act 1928*, and to the widows and children of such pilots, shall stand repealed. Notwithstanding such repeal, all such allowances, gratuities, and pensions shall, on, from, and after the said 1st day of November, 1938, be, and continue to be, paid to the recipients thereof under, subject to, and at the rates prescribed by these Regulations, and any amendments thereof.

3. *Applications for Allowances, Gratuities, or Pensions.*—Applications for allowances, gratuities, or pensions shall be made in such form as the Board may require, and shall be accompanied by evidence satisfactory to the Board of the truth and substance of the grounds upon which such applications are based.

4. *Sea and Harbor Pilots with less than Ten Years' Service.*—A sea or harbor pilot who has not completed ten years' service as a duly licensed pilot shall not be entitled to a pension from the fund: Provided, however, that where any such sea or harbor pilot, before completing ten years' service, is so disabled by sickness or accident as to necessitate his retirement from the Pilot Service, there shall be paid to him from the fund a gratuity of such amount as shall be determined in accordance with the next succeeding Regulation.

5. *Determination of Amount of Gratuities to Sea and Harbor Pilots.*—The Secretary to the Board shall, at the end of every month, record in a book to be kept for the purpose the amounts which for that month have been contributed to the fund from the earnings of sea and harbor pilots respectively, and shall divide such amounts by the number of pilots for the time being constituting the full complement of licensed pilots in each service; and the sum so ascertained in each case shall be recorded as aforesaid, and shall represent the proportion which for that month is deemed to have been contributed by each sea or harbor pilot, as the case may be. The total amount of gratuity payable to any pilot shall be the sum of the amounts recorded as being contributed for every completed calendar month of his service as a pilot.

6. *Superannuation.*—Any pilot who has served ten years and upwards as a duly licensed pilot, and who has attained the appropriate age of retirement for the time being prescribed by the *Marine Board Regulations*, or who, in consequence of infirmity, sickness, or accident, has become incapable of performing his duties, shall be entitled from the date of his retirement to an annual pension from the fund in accordance with the scale set forth in Schedule 1 hereto.

7. *Computation of Pension in Certain Cases.*—Where a pilot entitled to a pension under these Regulations has, in addition to the completed years of service, served for a further period of less than one year, his pension at the rate prescribed in Schedule 1 hereto, according to the number of such completed years of service, shall be increased by an amount for each completed month of such additional service equal to one-twelfth of the sum representing the difference between the amount of the said pension and that which would have been payable according to the aforesaid Schedule if such additional service amounted to a full year.

8. *Lump Sum in Lieu of Pension.*—(a) Any pilot on becoming entitled to a pension under these Regulations, may, if he thinks fit, elect to receive payment thereof in the form of a lump sum instead of as a pension, whereupon he shall be paid a sum calculated at the rate of £81 18s. for the first completed year of service; £83 3s. 2d. for the second completed year of service, and so on, such rate increasing by £1 5s. 2d. for each additional completed year of service thereafter up to and including 35 years' service.

(b) Where any pilot who has elected under paragraph (a) hereof retires in any year prior to the anniversary of the date upon which his service as a pilot first commenced, he shall be

entitled, in addition to the sum referred to in the said paragraph, to an additional amount for each completed month's service in the incomplete year equal to one-twelfth of the lump sum to which he would have been entitled for that year had he not retired before the completion thereof.

(c) No pension, capitation, or other allowance shall be payable under these Regulations to the widow or in respect to the child of any pilot who dies after having accepted, pursuant to paragraph (a) of this Regulation, a lump sum in lieu of any pension to which he was entitled under these Regulations.

9. *Dependants' Benefits.*—(a) *Widows' Benefits.*—On the decease of a pilot who, at the time of his death, was operating as such under a Pilot Licence issued by the Marine Board of Victoria, or subsequent to his being placed on the superannuation list and leaving a widow him surviving, the said widow shall be entitled to a pension from the Sick and Superannuation Fund in accordance with the scale prescribed in Schedule 2 hereto.

Where the widow of a pilot is entitled to a pension under Schedule 2 hereto, and such pilot had served, in addition to the completed years of service, a further period of less than one year, her pension at the rate prescribed in the aforesaid Schedule, according to the number of such completed years of service, shall be increased by an amount for each completed month of such additional service equal to one-twelfth of the sum representing the difference between the amount of the said pension and that which would have been payable according to the aforesaid Schedule if such additional service amounted to a full year.

Subject to the proviso that the pension payable to the widow of a pilot shall in no case exceed Seventy-five pounds twelve shillings (£75 12s.) per annum unless she shall have been married to him for ten years or upwards at the time of his death of superannuation whichever may first have happened, nor more than One hundred pounds sixteen shillings (£100 16s.) per annum unless she shall have been married to him fifteen years or upwards at the time of his death or superannuation, whichever may first have happened.

If, after these Regulations come into force, a pilot marries, subsequent to being placed on the superannuation list, neither his widow nor the children of such marriage shall be eligible for a pension, capitation, or any other allowance from the Fund.

(b) *Children's Benefits.*—On the decease of a pilot, who, at the time of his death, was operating as such under a Pilot Licence issued by the Marine Board of Victoria or subsequent to his being placed on the superannuation list, leaving a widow or child or children him surviving, a capitation allowance of £63 (Sixty-three pounds) per annum for each child shall be made until the child attains the age of sixteen (16) years. On the death of a pilot's widow, leaving any child or children of the pilot under the age of eighteen (18) years, the capitation allowance, if there is but one child, shall be increased to £75 12s. (Seventy-five pounds twelve shillings) per annum, and shall continue to be paid until such child attains the age of eighteen (18) years. If, however, the said widow leaves more than one (1) child under the age of eighteen (18) years her surviving, the pension payable to the widow shall be divided into as many equal parts as there are children under the age of eighteen (18) years, and each such part shall be added to the capitation allowance of each child payable as aforesaid, and shall likewise continue to be payable until each such child attains the age of eighteen (18) years, but without the benefit of survivorship between the children, and provided that no child shall in any case receive a larger allowance (including the said capitation allowance) than £75 12s. (Seventy-five pounds twelve shillings) per annum.

(c) On the decease of a pilot who, at the time of his death, was operating as such under a Pilot Licence issued by the Marine Board of Victoria or subsequent to his being placed on the superannuation list, leaving a child or children under the age of eighteen (18) years him surviving, but no widow him surviving, the allowance payable in respect of each child shall be calculated as if the pilot had died leaving a widow him surviving for a period of 24 hours.

(d) The Board may, in its discretion, pay the allowance to which any child is entitled under this Regulation to the widow or guardian, or to such other person as to it seems proper, and the receipt of such widow, guardian, or other person shall be good and sufficient discharge to the Board.

Novo-Adopted Child.—Under the foregoing Regulations (b), (c), and (d), a child adopted by a pilot, under the *Adoption of Children Act 1928*, shall be deemed to be the child of the pilot if in the opinion of the Board such child was totally or mainly dependent upon such pilot.

10. *Suspension of Widow's Pension on Her Re-marriage.*—In the event of a widow of a pilot re-marrying, the pension payable to her under these Regulations shall be suspended from the date of such re-marriage, but if she again becomes a widow such pension may be restored to her on proof being adduced to the satisfaction of the Board that she is in circum-

stances needing such assistance and is otherwise deserving of bounty. If such pension is at any time restored as aforesaid, it shall likewise be suspended during all future re-marriages.

11. *Benefits Inalienable.*—The benefits to pilots, their widows, and children conferred by these Regulations are personal to the recipients, and shall not be alienated by assignment, charge, mortgage, executions under judgments, bankruptcy, or other voluntary or involuntary dispositions or encumbrance and notwithstanding any assignment, encumbrance, or alienation which may purport to have been made thereof, the Board shall, irrespective thereof, pay the persons entitled to the said benefits, or, if necessary for the protection of such persons, may in its discretion apply the same for their benefit or for that of other members of their families.

12. *Sick Allowance.*—Any pilot who by accident or physical, mental, or visual unfitness to perform his duties has been granted leave of absence exceeding 24 hours in duration by the Marine Board shall for the duration of such leave be entitled to receive a sickness allowance at the rate of Fifty shillings (50s.) per week.

13. *Increase or Reduction of Pension.*—If at any time after the granting of any pension the scale in accordance with which the same was computed or is being paid (hereinafter referred to as the "old scale") is altered or superseded so as to increase or reduce the amount of pension payable in respect of corresponding periods of service, then all pensions granted in accordance with the old scale shall from the date of such alteration or supersession, and without any further or other authority than this Regulation, be accordingly increased or decreased, as the case may be, and all persons whose rights to pensions accrue after the said date shall be entitled to such pensions only at the rates prescribed in the said altered or new scale.
