Marine Act 1928.

PORTS IN VICTORIA.—ALTERATION TO PORT RULES.

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

WHEREAS by Part II. of the *Marine Act 1928* (19 Geo. V., No. 3723), it is amongst other things enacted that the Governor in Council, by Proclamation published in the *Government Gazette*, may from time to time define the limits and boundaries of ports in Victoria and frame rules and regulations for the government and preservation of the said ports respectively, and for the regulation of shipping in the same, and also for the due protection and preservation and the good government and management of all public wharfs; and that any such regulation may from time to time be in like manner altered, amended or repealed, and others substituted in their stead: Now therefore I, the Governor of the State of Victoria in the Commonwealth of Australia, with the advice of the Executive Council of the said State, do hereby repeal the Port Rules for the management of Patent Slips and Motor Boat Slips which Rules were made by Proclamation dated the 13th day of March, 1933, and published in the *Government Gazette* of the 15th March, 1933, pp. 957-958, and to substitute the following rules in lieu thereof, that is to say:—

RULES FOR THE MANAGEMENT OF PAYNESVILLE SLIP, WELSHPOOL SLIP AND OTHER SLIPS.

Hours.

1. Except on Sundays and holidays, the gates of the slipyard will be opened at 7.30 a.m. and closed at 5 p.m. daily, exclusive of Saturdays, when they will be closed at 11.45 a.m. Should any extension of hours be required in consequence of continuous repairs to a vessel on the slip, such may be obtained on application to the officer in charge, and on payment of the requisite overtime, viz., time and a half.

Admittance to Slipyard.

2. Only those persons employed in connexion with operations in progress within the slipyard, officers and crew of vessels on slip or moored at the slip wharf, and persons having special permission, will be admitted into the slipyard.

Dues.

3. All vessels will be required to pay dues according to the schedules hereunto annexed, the said dues including and covering the cost of hauling up and launching, shoring, wedges and blocks, as hereinafter provided, the cost of all labour on shore connected with the slipping or launching of a vessel, and the use of the warp required for warping a vessel on or off the slip. Sundays and holidays will not be counted as lay days, except when work is carried out on vessels.

Blocks, Shores, &c.

4. Where available, blocks, shores and stages will be provided by the Government.

All necessary stage planks and cross-bearers, where available, with the use of the yard during the carrying on of repairs, will be allowed the persons affecting the repairs without any additional charge; but any damage occurring to the same, or to the slip-cradle, or other material, shall be made good at the expense of the applicant for registration of the ship, and all such materials lent by the Government to the person using the slip shall be returned in the same order as received, and stacked to the satisfaction of the officer in charge previous to the vessel being launched, and no such materials will be allowed to be taken from the slip premises whilst effecting repairs after the vessel is launched.

Registration.

5. The owner, master or agent of any vessel desiring the use of the slip should make his application to be registered on the form to be obtained from the officer in charge of the slipyard, such application to be lodged between the hours of 9 a.m. and 5 p.m. on week days, and from 9 a.m. until 11.45 a.m. on Saturdays, which will be duly registered in order of receipt. Should any dispute arise as to priority for registration, such shall be submitted to and decided by the Commissioner of Public Works or other Minister acting in his behalf, whose decision shall be final. With the application for registration, and before registration is made, minimum charges shall be paid to the officer in charge as "entrance fee" for all slips, which sum shall be allowed as part payment of slip dues, provided that such slip dues shall be settled within seven days after delivery of the account for the same, otherwise such fee shall be liable for forfeiture, and slip dues to be paid in full. No vessel will be taken on the slip until all claims due in respect of such vessel, or other vessels belonging to the same owners, or having the same master or agent, shall have been paid. The officer in charge of the slipyard will duly intimate to the applicant the date when the slip will be available.

Turns Lapsing.

6. Should any vessel not be in a position and ready to be warped over slip-cradle at such time as may be specified in writing by the officer in charge of the slipyard, and addressed to the person making the application, the turn of such vessel will lapse, and fresh application for registration must be made, the entrance fee being also forfeited, and the applicant will be responsible for any expenses already incurred in connexion with the slipping, unless the inability to slip shall have occurred through stress of weather, which the officer in charge of the slipyard shall determine, when such vessel may retain her position upon the register without forfeiture of the entrance fee.

Accidents and Delays.

7. The Government will not hold itself responsible for any delay or accident occurring to any vessel during hauling up or launching, nor while on the slip, the vessel being during the whole of such time entirely at the risk of the owners, except such may occur by the fault or negligence of any of its servants.

Control of Vessels.

8. So soon as any warp shall have been made fast to any vessel by instruction of the officer in charge of the slipyard, such vessel having been placed in position by and at the expense of the master or owner in line with the fairway and within 20 feet of the entrance of the slipway, and until relieved by the withdrawal of such warp, such vessel shall be held to be under the control of the officer in charge whose directions must be implicitly and promptly attended to.

Sufficient Crew.

9. There shall be a sufficient number of officers and crew on board every vessel while warping her between the platforms and steady her on the cradle, and assisting on board and attending to such orders as may be given by the officer in charge.

Changes of Turns.

10. Changes of turns between vessels will be allowed with the written sanction of the officer in charge of the slipyard, but not otherwise.

Breaking up or Scuttling.

11. No vessel shall be broken up or scuttled while on the slip, except with the written permission of the officer in charge of the slipyard; and should any master, owner or agent commence to break up or scuttle any vessel on the slip without such permission, the officer in charge of the slipyard may at once remove such vessel from the slip, and the master, owner or agent shall be responsible, in addition to slip dues, for any expenses which may be incurred by such officer in charge of the slipyard in so doing.

Delay in Launching.

12. Should wind and weather or tide not permit of a vessel being launched when the repairs are completed, she may be allowed to remain on the slip, without any additional charge, subject to the decision of the officer in charge of the slipyard, but no demand for demurrage can be entertained.

Dues Charged by Tonnage.

13. Sailing ships are to be charged dues on their net registered tonnage, and steam or motor propelled vessels on their gross tonnage; tonnage in both cases to be British measurement.

Regulations and Cleanliness to be Observed.

14. The officers, crew and workmen of any vessel while on the slip shall strictly comply with the printed rules and regulations of the establishment, copies of which will always be posted at the slip gates and in the slip office. Any workman committing any breach of the regulations will be liable to be prohibited from entering the slip premises. Before any vessel be launched from the slip, the slipways must be cleaned up to the satisfaction of the officer in charge by or at the expense of the person who registered the vessel.

Contractors having the right of entry for their employees engaged on any work in the slipyard will be held responsible for their proper conduct, and any complaint made by the officer in charge must be promptly inquired into and satisfaction given, otherwise such workman or workmen will be refused further admission to the slipyard.

Special Arrangements.

15. Should the slip be engaged for the purpose of slipping any vessel requiring extensive repairs for a period of not less than six working days, the Commissioner of Public Works may remit such portion of the slip dues as he may deem fit. Vessels using the slip under this rule shall be kept in such a condition as to be able to leave the slip (if required for another vessel) within a period of two (2) days after notice has been given to leave, otherwise full dues will be charged for every day the vessel remains on the slip after the date of notice has expired.

16. Vessels are to be trimmed, so far as may be possible, to float upright on an even keel before being submitted to the officer in charge for slipping purposes, and the masters or owners of vessels which are not floating upright when taken on to the slip shall be responsible for all expense and delay caused by righting such vessels. Cargo of any description or coals shall not be shipped or moved within vessels whilst such vessels are supported on the slip-eradle.

Repairs.

17. Where facilities are provided, repairs will be undertaken by the Government if so desired.

Every licence granted under section 121 of the *Land Act* 1928 shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 121st section of the *Land Act* 1928, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miner's rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act 1928* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1928* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

20. The licensee shall pay shire rates and all other charges for the period of occupation.

SPECIAL CONDITIONS.

1. The period of occupation, except where otherwise stated, will be for ten (10) months from 1st December, 1939, to 30th September, 1940, with the right of renewal annually for a further period as stated.

2. The rent for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the ingoing tenant will be held responsible for the care and maintenance of any improvements.

In addition to the foregoing conditions, the following will apply to lots 32, 33, 34, and 35 only:—
