Cemeteries Act 1928.

ORBOST PUBLIC CEMETERY.

RULES AND REGULATIONS.

IN pursuance of the powers vested in them, the trustees of the Orbost Public Cemetery rescind the Rules and Regulations published previously in the *Government Gazette*, and make the following Rules and Regulations, that is to say:—

1. All fees and charges shall be paid when applications are made or orders given.
2. Any person desiring ground for a private grave or a vault, tomb, monument, cenotaph, tombstone, or for any other purposes in the cemetery under the above Act shall apply to the trustees thereof. If approved, the trustees, on the payment of the required fees, may issue to such person so applying a certificate of right of burial.
3. Any person desiring to construct a brick grave, vault, or tomb, or to erect a monument, tombstone, cenotaph, or any other erection in any part of the cemetery shall apply in writing to the trustees for permission to do so, and at the same time submit a plan, design, or drawing of such with full particulars and a copy of every inscription for approval. Every permission shall be subject to the *Cemeteries Act*, and no label shall be removed from any grave without permission of the Trust, and shall again be replaced under their inspection.
4. Any order for interment shall be given at the office of the trustees at least ten working hours prior to the time fixed for the burial, otherwise an extra charge will be made.
5. The name, age, late place of residence, probable cause of death of the deceased, and other particulars mentioned in Schedule C, together with a certificate from the Registrar of Deaths, Coroner, or Justice of the Peace, shall be furnished at the time of giving the order.
6. The trustees shall cause all ordinary graves to be dug, but any person wanting a brick grave or vault shall be permitted to construct the same, under the direction of an officer of the Trust, on payment of the required fees, and every coffin placed therein shall be bricked in, cemented, and covered by a slab of stone or iron securely cemented.
7. No coffin shall be buried within 4½ feet of the ordinary level of the ground, unless it contains the body of a child under 13 years, when it shall be not less than 3½ feet below that level, and a layer of earth, at least 6 inches thick, shall be left undisturbed above any coffin previously buried in the same grave.
8. No interment shall be permitted in any private grave or vault, or any monument erected thereon, without satisfactory evidence that the person desiring to bury therein or erect a monument thereon, is entitled to do so, except as provided for in the next rule.
9. In the case of an application for interment in any private grave or vault, to which during life the deceased had no claim, the written consent of the owner shall be given in writing to the order.
10. Any public grave may, on the approval of the trustees, be converted into a private grave on payment of the fees or balance of fees as per scale of charges.
11. In the case of it being desired to exhume any body, the same shall only be done on the production, at the office of the trustees, of the license of the Minister of the Crown authorized in that behalf, and at such hours and on payment of such charges as the trustees may determine.
12. In the case of reinterment or removal from another cemetery or burial ground, a verified copy of the licence of the Minister of the Crown authorized in that behalf must be produced at the office of the trustees, and the usual fee paid before such reinterment.

Samples of all the above-mentioned articles specified in the schedules as "to sample" may be seen at the offices of the Tender Board.

Printed forms of tender and the conditions of contract may, in all cases, be obtained from the Secretary to the Tender Board, Gisborne-street, Melbourne; and for the respective districts from the Clerks of Courts at Geelong, Ararat, Ballarat, Beechworth, Bendigo, Castlemaine, and Sale; for Sunbury, from the Medical Superintendent, Mental Hospital; for Greenvale and Gresswell, from the Superintendents at the Sanatoriums; for Aborigines, Lake Tyers, from the Police Stations at Bairnsdale and Cunninghame; for Rutherglen, from the Superintendent, Viticulural College; for the School of Forestry, from the senior master, Creswick; for the McLeod Settlement, from the Officer in charge of Police, Lang Lang; and for the Pleasant Creek Special School, Stawell, from the Secretary—by whom also any information or explanation will be afforded to persons tendering.

Tenders must be accompanied by the preliminary deposit, as shown above, by bank draft or marked cheque, in favour of the Secretary to the Tender Board. The amount of the preliminary deposit required with each tender must be enclosed, and the amount must be clearly written in and the designation stated, whether marked cheque or bank draft, as the case may be. *Cheques, Savings Bank deposit books, fixed deposit receipts, Commonwealth Treasury bonds, or reference to securities on existing contracts will in no case be received or entertained as preliminary deposits, which will be returned within ten days to unsuccessful tenderers on their application.*

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted.

In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that if a tenderer be a member of a firm, and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual, and that for a breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and having the words "Tender for _____ at _____" (as the case may be) written thereon, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and in conformity with the Health Acts, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.
2. As the exact quantity of any article which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.
3. Supplies for country districts for which no local contract may have been taken; or for which the contract has been terminated, may be ordered under the Melbourne contract.

4. The Melbourne District will include places within a radius of 6 miles from the Elizabeth-street Post Office, with the exception of places for which separate contracts are provided; the Ararat, Ballarat, Beechworth, and Sunbury Districts will include the Mental Hospitals, Gaols, and Police Gaols at those places; and the Bendigo and Castlemaine Districts will include the Gaols. The Geelong District embraces a radius of 2 miles from the Geelong Post Office. Delivery must be made at the places, institutions, &c., named in the schedules, or as directed by the officer ordering the supply.

5. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the rate tendered, except butter boxes and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for; the empties to be removed from the place of delivery at the contractor's expense.

6. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

7. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of the Department concerned or any officer authorized by him, and shall be delivered as may be directed by the officer ordering the supply.

8. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, who shall render his account as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. The rates or quantities quoted in the orders cannot be exceeded.

9. Where practicable, the contractor shall use the Railways for the transport of the goods. When a contractor is required to make delivery of goods at a railway station for transmission by rail, except for Commonwealth Departments, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in the triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be forwarded to the consignee and the quintuplicate retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which services the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the Service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the Treasurer of the State for the time being; and the decision of the Board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations or stores are due or by the contractor in waiting for a Board to survey, the head of the Department or officer authorized to take delivery will have power to reject such article or articles as are obviously of

inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it, or any like supply suitable for the Service, will be obtained by the officer requiring it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which it, or any like supply suitable for the Service, will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Mental Hospitals, it will be competent for a Board of Survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being, such appeal to be made in writing within 24 hours of the rejection; but, pending such appeal, he must at once supply others of approved quality; failing which, the supplies required, or any like supplies suitable for the Service, may be obtained by the officer concerned, and the expense charged as in clause 10.

17. In the case of supplies for Mental Hospitals, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. *If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.*

20. It will be competent for the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

22. Notwithstanding anything contained to the contrary in section 152 of the *Customs Act 1901-36*, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

23. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. For the purposes of these contracts the word "Government" shall mean the Government of the State of Victoria; and the word "Treasurer" shall mean the Treasurer of the said State.

Treasurer.

A By-law of the City of Brighton made under the provisions of sections 766 and 767 of the Local Government Acts and under and pursuant to all other powers in that behalf enabling and numbered 102, for regulating the management and use of the Brighton Municipal Baths, situate at Brighton Beach on the shore of Port Phillip Bay to the south of the Brighton Beach pier, and fronting Beach-road within the City of Brighton, and for fixing the amounts to be charged for persons using or entering into the said Baths and for certain conveniences thereon, and for the supply of bathing requisites and refreshments, for fixing the hours during which such baths shall be available to the public, and for fixing the penalty for any breach of this By-law.

In pursuance of the powers conferred by the Local Government Acts, the Mayor, Councillors, and Citizens of the City of Brighton order as follows:—

1. The building erected on the Beach Reserve at Brighton Beach, fronting Beach-road, opposite the intersection of South-road with Beach-road and between Beach-road and the foreshore of Port Phillip Bay in the said city, together with the fence and shark-proof enclosure running from the said building and enclosing part of the shore of Port Phillip Bay and part of the sea, but excepting that part of the said building as is used for a café and for manager's residential quarters, are herein collectively referred to as the Baths.

2. The Baths shall be open to the public the whole year round during the following hours:—7 a.m. to 9 p.m.

Provided that the Baths may be kept open till 11 p.m. on those days during the summer when, in the opinion of the lessee or person in charge, there is a sufficient attendance of the public to render it inexpedient to close the Baths at 9 p.m.

3. No person shall bathe in the Baths unless wearing approved bathing costume, and no person clothed in bathing costume shall enter into or be in or upon any part of the foreshore enclosed in the Baths, or any part of the staging of the Baths, on any part of the Baths open to the public view, unless such bathing costume conforms to the provisions of this By-law, and the lessee or person in charge shall require any person contravening this provision to at once resume his or her ordinary dress. Approved bathing costume is a bathing costume covering the body at least to the extent herein set out:—

The costume shall have legs at least 3 inches long.
The costume shall completely cover the chest and front of the body from a line at the level of the armpits down to the waist.

Below the waistline the whole of the trunk, front, back, and sides shall be covered, and the covering shall descend without a break to the lower end of the leg covering. The costume shall be provided with shoulder straps or other means of keeping it in position.

In the case of a person over the age of twelve years, the costume shall, in addition, have a half-skirt attached to the waist covering the front of the body below the waist line and descending to the lower end of the leg covering.

4. No person shall expectorate on the staging of the Baths, or in the entrance to the dressing rooms, compartments, passages, or conveniences of the Baths.

5. No person shall bring into or cause or allow any dog or other animal to enter or remain in the Baths.

6. No person shall use or interfere with the lifebuoys or life-saving appliances unless in case of accident and danger occurring to a bather rendering their use necessary for the saving of life.

7. The lessee or person in charge of the Baths may charge every person entering the Baths the proper fees or dues for the use of receptacles for clothes and for bathing accommodation and requisites as appear hereunder, or as shall from time to time be fixed by any Resolution of the Council, which fees or dues shall be exhibited in plain figures at the entrance to the Baths.
