HOURS OF EMPLOYMENT.

With the exceptions herein set out the ordinary hours of employment shall be 44 per week, to be worked in five days of eight hours and one day (Saturday) of four hours, or five days of 8 hours 48 minutes each, continuously except for meal hour breaks at the discretion of the employer between 7 a.m. and 5.30 p.m. on Monday to Friday inclusive, and 7 a.m. to noon on Saturday. Provided that the spread of hours herein prescribed may be altered by mutual agreement between an employer and his employees.

By agreement between any employer and his employees ordinary hours may be worked on the basis of 88 per fortnight with one week of 40 and one of 48 hours.

Exceptions.

(a) Shift workers working eight hours per shift without any break for meals on six days in each week shall be deemed to work 44 hours per week, provided that they are given one fortnight's holiday in each year on full pay as compensation for working Saturday afternoon, holiday, and/or Sunday shifts:

Further provided that such shift workers ceasing to be employed on shift before the completion of any year shall be paid one day's pay for each month or part of a month's service in lieu of the fortnight's holiday herein mentioned.

(b) Employees working in country towns where Wednesday afternoon is recognized as the usual half working day of the week shall work the Saturday afternoon at ordinary rates: Provided that for work done after noon on a Wednesday overtime rates be paid.

(6)

SHIFT WORK.
Continuous Processes.

(a) Employees working in establishments carrying on continuous process shall work such shifts, up to six per week, as may be required.

(b) A shift shall consist of eight hours inclusive of such time as by mutual arrangement may be taken for meal breaks.

(c) For all time of duty outside ordinary hours or in excess of eight consecutive hours in 24 or of 44 in one week an employee on shift work in a continuous process shall be paid at double rates. But this shall not apply to arrangements between employees themselves or in cases due to rotation of shift or when the relief does not come on duty at the proper time: Provided that where not less than eight hours' notice has been given to the employer by the employee that he will be absent from work and the employee whom he should relieve is not relieved, such unrelieved employee shall be paid time and a half for all time of duty after he has finished his ordinary shift.

(d) Employees working afternoon and night shifts shall be paid 5 per cent. more than ordinary rates for such shifts.

(e) Employees working any Sunday or holiday shift shall be paid at the rate of time and a half for such shift.

Shift Work in other than Continuous Processes.

(f) In establishments not coming within the definition of continuous processes, any afternoon or night shift which does not continue for five successive working nights or more in a five day workshop, or six successive working nights or more in a six day workshop, shall be paid for at the rate of time and a half.

(g) For any afternoon or night shift which has been in operation for five nights or more and less than one month 10 per cent. more than ordinary rates shall be paid and after such shifts have continued for more than one month 7½ per cent. more than ordinary rates shall be paid.

(h) Shift workers shall be paid overtime at the rate of time and a half for the first four hours and double time thereafter for all time worked in excess of shift hours.

(8)

OVERTIME.

(a) For all work done outside ordinary hours the rates of wage shall be time and a half for the first four hours and double time thereafter, such double time to continue to be paid until an employee has been relieved from work for at least eight hours: Provided that an employee shall not be entitled to payment for such rest period.

(b) Except as provided above in computing overtime each day's work shall stand alone.

(c) An employee recalled after leaving his workshop to work overtime shall be paid for a minimum of three hours' work at the appropriate rate.

(d) An employee occasionally required to hold himself in readiness to work after ordinary hours shall until released be paid standing-by time at ordinary rates from the time from which he is so to hold himself in readiness. But any custom now prevailing under which an employee is required regularly to hold himself in readiness for a call back shall continue.

(e) An employee (other than on shift) who has worked up to or beyond midnight shall not be bound to continue work on the following day.

(f) As far as practicable employees shall not work overtime while competent labour is available.

(g) For work done during meal hours and thereafter until a meal hour break is allowed time and a half rates shall be paid. An employee shall not be compelled to work for more than six hours without a break for a meal.

(h) An employee working overtime shall be allowed a crib time of twenty minutes without deduction of pay after each four hours of work, but this provision shall not prevent any arrangement being made for the taking of a longer meal period without pay.

(i) Before starting overtime after working ordinary hours a meal break of at least 45 minutes shall be allowed, unless the period of overtime is less than one and a half hours.

An employer and his employee may mutually agree to any variation of this sub-clause to meet the circumstances of the work in hand.

(j) An employee required to work overtime for more than two hours without being notified the day before that he will be so required to work, shall either be supplied with a meal by the employer or paid 1s. 6d., or if work extends into a second meal hour 2s. 6d. for the two meals, but such payment need not be made to employees living in the same locality as their work-shop who can reasonably return home for meals.

If an employee pursuant to notice has provided a meal or meals and is not required to work overtime he shall be paid for each meal so provided.

(k) Subject to the provisions of the second part of sub-clause (g) of this clause an employee shall work during meal breaks at the ordinary rates herein prescribed whenever instructed so to do for the purpose of making good break-downs of plant or upon routine maintenance of plant which can only be done while such plant is idle.

(l) When an employee working overtime finishes work at a time when reasonable means of transport is not available, the employer shall provide him with a conveyance or pay him his current wage for the time occupied in reaching his home.

Exceptions.

By agreement between any employer and his employees, other holidays may be substituted for the said days or any of them as to such employer's undertaking.

(b) Employees not engaged in continuous processes shall be paid at the rate of double ordinary time for work done on Sundays and public holidays, such double time to continue until the employee has been relieved from duty for at least eight hours: Provided that the employee shall not be paid for the time he is resting.

(10)

PIECEWORK RATES.

Subject to the minimum wages herein prescribed an employer may remunerate any of his employees under any system of payment by results.

(b) An employee kept waiting for his wages on pay day for more than a quarter of an hour after the usual time for ceasing work shall be paid at overtime rates after that quarter-hour, with a minimum of a quarter of an hour.

(13)

CONTRACT OF EMPLOYMENT.

(a) With the exceptions hereinafter stated, employment may be by the week or by the hour. If by the week it shall be terminable on either side by one week's notice given on any day or (if the employer terminate it without such notice), by payment of one week's wages.

A contract for weekly employment may be terminated by any employer, without liability to pay for more than time actually worked, for misconduct or for absence from work without reasonable excuse.

If an employee engaged by the week absents himself from duty, except on public holidays or for days for which he produces a certificate from a medical practitioner or other proof satisfactory to his employer of sickness (aggregating four days' sickness in each year), a sum proportionate to his time of absence may be deducted from his pay, i.e., one-sixth of the weekly wage for each day of absence, including Saturday in shops working six days and one-fifth in shops working five days per week: Provided that only time actually lost shall be deducted when an employee is absent with leave on a Saturday.

(b) If the contract of employment is for hourly hiring, the total amount of the rates prescribed in Clause 2 hereof shall be increased by 5s. per week (with a proportionate amount added to the wages of females and juniors), but such amount shall not be taken into account in computing overtime, Sunday, and holiday rates.

(c) An employee starting work on hourly hiring shall be entitled to a minimum of four consecutive hours' work or to four hours' pay for the job—such hours may be deemed to be consecutive if worked in ordinary hours at the end of a day and the beginning of the next succeeding day.

(14)

Each employer shall keep a time and wages book showing the name of each employee and his occupation, the hours worked each day, and the wages and allowances paid each week.

The time occupied by an employee in filling in any time books or cards or in the making of records shall be treated as time of duty, but this does not apply to checking in or out at the beginning or end of duty.
