(3) ALLOWANCES.—(a) Where a vehicle with licensed passenger seating capacity exceeding seven persons is engaged on regular service within the area referred to in Column "A" of Clause (2) and the driver is required to collect fares and/or give change, he shall be paid 3d. an hour or part thereof with a minimum of 1s. a day and a maximum of 1s. 6d. a day of eight hours and for each additional hour beyond eight, 3d. in addition to any other amounts to which he may be entitled under this Determination.

(b) When a vehicle engaged on regular service within the area referred to in Column "B" of Clause (2) carries parcels or goods (other than articles of passengers personal luggage) and/or if the driver of such a vehicle is required to collect fares such driver shall receive an allowance of 6d. per day or part of a day in addition to any amounts to which he may be entitled under this Determination.

(c) Any employee whose employment may necessitate his being absent from his home and his being unable to conveniently return to such home on any day, shall receive a minimum of a full day's pay for each day he is so absent plus an allowance to cover the cost of his board and lodging.

(4) HOURS OF WORK.—The ordinary hours of work shall be:—

(a) For drivers of vehicles on regular services the maximum ordinary hours, without payment of overtime, shall not exceed 88 hours per fortnight: Provided that not more than 50 hours may be worked in any week without payment of overtime.

(b) For greasers and/or cleaners—44 hours per week.

(c) For all employees other than those provided for in sub-clauses (a) and (b)—48 hours per week.

Ordinary daily hours shall be as hereinafter provided. Notwithstanding any condition therein, a driver not engaged on regular services who is not given a meal time within five hours of commencing duty, shall have the daily hours of work and spread of hours as provided in sub-clauses (i) and (ii) hereof reduced by one hour, and a driver of a regular service vehicle shall have time off for a meal within five hours of commencing duty.

The ordinary daily hours for employees (except drivers of vehicles on regular services, greasers, and/or cleaners) shall be eight hours. The ordinary daily hours of drivers of vehicles on regular services, greasers, and/or cleaners may be fixed by mutual agreement between an employer and his employees concerned, provided that in no case shall the ordinary hours of a week's or a fortnight's work (as the case may be) be extended without payment of overtime.

Subject to sub-clause (i) and (ii) hereof the hours of a day's work as hereinbefore provided shall be continuous—

(i) Within a daily spread of nine hours, employees (other than casual employees) working in the area defined in Column "A" of Clause (2) may be required to have a meal period not exceeding one hour, and employees (other than casual employees) working in the area as defined in Column "B" of Clause (2) may within a daily spread of ten and a half hours be required to have a meal period not exceeding two and a half hours.

(ii) Casual employees working within a daily spread of nine hours in the area provided for in Column "A" of Clause (2) may be required to take a meal period not exceeding one-half hour if employed not less than four hours, and less than eight hours, but if employed for eight hours or more, may be required to take a meal interval not exceeding one hour.

Casual employees working within a daily spread of ten and a half hours in the area provided for in Column "B" of Clause (2) hereof may be required to take a meal period not exceeding one-half hour if employed not less than four hours and less than eight hours, but if employed for eight hours or more, may be required to take a meal interval not exceeding two and a half hours.

(5) OVERTIME.—Overtime shall be paid for as follows:—

| (ii) Outside the daily spread of hours | |

(6) **CONTRACT OF EMPLOYMENT.**—An employee shall be engaged either as a weekly employee or as a casual employee. Unless he is specifically engaged as a casual employee he shall be deemed to be and shall be paid as a weekly employee and shall, provided he is ready, available, and willing to work, receive for work done in any week, at least, the rate provided in clause (2) hereof for the class of work he is required to do. An employee engaged at the beginning of a week or during a week shall not have his contract of employment as herein provided varied until the end of such week.

A casual employee shall receive a minimum of three hours' work or payment for same for each start at work on any day.

A start at work shall mean the commencement of work for the day and each resumption of work after a break on any day except a break for a meal interval as provided in Clause (4) (ii) hereof. For the first three hours after any start at work on any day a casual employee shall receive a *pro rata* payment based on the weekly hours provided in clause (4) sub-clauses (a), (b), and (c) and the rate provided in clause (2) for the class of work done plus 33½ per cent.

For all work done in excess of three hours after any start at work on any day he shall receive a *pro rata* payment based on the weekly hours provided in clause (4), sub-clauses (a), (b), and (c), and the rate provided in clause (2) for the class of work done.

Casual employees shall be booked off at the place where they were engaged for work.

Drivers of vehicles engaged on regular services shall receive two full days off within each fortnight. A fortnight shall be deemed to commence at midnight on a Saturday and to finish at midnight on the 2nd Saturday thereafter.

(7) **ANNUAL HOLIDAYS.**—Employees who have been in the service of an employer for a period of not less than twelve months shall be granted the following holidays in each year on full pay:—

- | | |
|--|----------|
| (a) Drivers of motor cars (including motor omnibuses, motor coaches, and charabancs) engaged on regular services | 12 days. |
| (b) All other employees | 6 days. |

Should any employee be dismissed or leave his employment prior to completing a full year's service with that employer, he shall be entitled to a proportionate holiday calculated on a quarterly basis as follows:—

- | | |
|---|--|
| (i) For 13 and not more than 26 weeks' service | One-quarter of the prescribed annual holiday. |
| (ii) For more than 26 and not more than 39 weeks' service | One-half of the prescribed annual holiday. |
| (iii) For more than 39 and less than 52 weeks' service | Three-quarters of the prescribed annual holiday. |

or he shall be paid a sum corresponding to the number of holidays to which he is entitled under this clause, calculated on the average of his weekly earnings during the preceding four weeks. Except as otherwise provided herein, holidays shall be allowed and taken within three months of the completion of each twelve months of service.

(8) **SPECIAL RATES.**—Time and a quarter shall be the special rate for all work done on Christmas Day, Boxing Day, Show Day, New Year's Day, Australia Day, Anzac Day, Good Friday, Easter Monday, Labour Day, and King's Birthday; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.

(9) **NIGHT SHIFT.**—Employees (other than drivers and conductors) working between the hours of 8 p.m. and 7 a.m. shall be paid 3d. per hour extra with a maximum of 1s. a shift.

(10) **MIXED FUNCTIONS.**—An employee engaged for more than half of one day or shift on duties carrying a higher rate than his ordinary classification, shall be paid the higher rate for such day or shift. If for less than half of one day or shift, he shall be paid the higher rate for the time so worked.

(11) **SICK PAY.**—An employee absent from work on account of ill health or the result of an accident shall be entitled to be paid at half ordinary rates for a period not exceeding in the aggregate twelve days in any one year: Provided that an employer shall have the right before paying such sick pay to require the employee concerned to produce a medical certificate as proof that his absence from work was on account of illness or incapacity. Should the employee so produce a medical certificate at the request of the employer such employee shall receive a refund of any expense incurred in obtaining such certificate up to but not exceeding a sum of 10s. 6d. Notwithstanding any other provision in this clause where, under any scheme of insurance or an accident, relief, or provident fund, to secure the benefit of which the employer has paid the necessary premium or under any Workers' Compensation Act, compensation becomes payable for any of such days of absence, the employer shall not be bound to pay more of such wage than is sufficient with such compensation to make up the half pay hereinbefore provided.

(12) **TIME BOOKS.**—(a) Each employer shall at the garage or yard at or from or in connexion with which the employee works or at an office convenient thereto, keep a record or time book showing the name of each employee working under this Determination, in which shall be entered the time of starting and finishing work each day.

(b) The age of each employee receiving less than the adult wage shall be entered in the record or time book.

(c) Such record or time book shall on demand be produced by the employer for inspection to an official of the Motor Transport and Chauffeurs' Association of Australia duly authorized in writing by the president and secretary of the local branch or sub-branch of such organization, at the place where the record or time book is kept between the hours of 10 a.m. and noon on any day between the 1st and 27th inclusive in each calendar month, except on pay day or the day before.

In the case of the first inspection, seven days' notice shall be given to the employer of the intended inspection, and in the case of any subsequent inspection, one day's notice shall be given.

(d) Provided that an employer may at his option, in lieu of a time book, provide a mechanical clock for the purpose of recording the time of each employee.

(e) Where an employee performs work for which a special rate is provided, a record of such work and the nature of the same shall be recorded in the time book or equivalent record.

(13) **DEFINITION.**—A vehicle on regular service shall mean a vehicle which travels to a regular fixed schedule of times between two fixed points and which does not require any specified number of passengers before a scheduled trip is undertaken.

(14) PERIODICAL ADJUSTMENT OF WAGES.—The wages rates set out in clause (2) are based upon the following basic wage and pursuant to and in accordance with the provisions of section 21 of the *Factories and Shops Act* 1934, this Board hereby determines that the rates for male adults shall be automatically increased or decreased by the same amount, and at the same time as such basic wage, provided that the wages of female adults, apprentices, improvers, and juvenile workers shall be adjusted proportionately to adjustments of the basic wage—such adjustments to be to the nearest 6d.

The basic wage shown hereunder shall be adjusted as prescribed in clause (15).

(15) ADJUSTMENT OF BASIC WAGE.—(a) Until the beginning of the first pay period to commence in August, 1941, the amount of the basic wage shall be as prescribed in clause (14).

(b) During each future successive period beginning with the first pay period, to commence in an August, a November, a February, or a May, the amount of the basic wage shall be adjusted by the following method according to the position and fluctuations (if any) of the Commonwealth Statistician's "All Items" retail price index numbers.

For the purposes of this Determination the expression "Commonwealth Statistician's retail price index numbers" or any like expression means the numbers stated to be such index numbers in any document purporting, and not proved to be wrongly so purporting, to be printed by the Commonwealth Government Printer or to be signed by or on behalf of the Commonwealth Statistician:—

- (1) The index number set to be applied is that assigned to Melbourne.
- (2) The index number for the calendar quarter next preceding the period of thirteen weeks for which the adjustment is made is to be ascertained.
- (3) The amount assigned in the following table (or in any extension thereof) to the index number division comprising that number is to be ascertained.
- (4) The basic wage shall be of that assigned amount during such successive period.

NOTE.—Under section 233 of the *Factories and Shops Act* any person who is guilty of a contravention of any clause of this Determination shall be liable to penalties as follows:—

For the first offence, not more than ten pounds.

For the second offence, not less than five pounds nor more than twenty-five pounds.

For the third or any subsequent offence, not less than fifty nor more than one hundred pounds.

In addition, the Court may award arrears of wages as provided in section 237 of the same Act.

Marketing of Primary Products Act 1935 (No. 4337).

DECLARING THAT EGGS SHALL BECOME THE PROPERTY OF THE EGG AND EGG PULP MARKETING BOARD FOR A FURTHER PERIOD OF TWO YEARS.

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

WHEREAS by sub-section (1) of section 16 of the *Marketing of Primary Products Act 1935*, it is enacted that when a product has been declared a commodity and a board has been appointed in relation thereto, the Governor in Council may by Proclamation—

(a) provide and declare that the commodity shall forthwith upon the date of publication of the Proclamation or on from and after a later date specified in the Proclamation be divested from the producers of the commodity and become vested in and be the absolute property of the board as the owner thereof, and that upon any of the commodity coming into existence within a time specified in the same or a subsequent Proclamation it shall by virtue of this Act become vested in and be the absolute property of the board as the owner thereof; and

(b) make such further provisions as will enable the board effectively to obtain possession of the commodity as such owner and to deal with the same.

And whereas by a Proclamation made on the 16th day of June, 1936, under the provisions of section 6 of the said Act the Governor in Council declared eggs to be a commodity under and for the purposes of the said Act: And whereas by an Order made on the 8th February, 1937, the Governor in Council appointed a marketing board in relation to eggs and egg pulp and assigned to such board the name of "The Egg and Egg Pulp Marketing Board": Now therefore, I, the Governor of the State of Victoria in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, do by this my Proclamation hereby provide and declare that on from and after the sixteenth day of August, 1941, all eggs shall subject to and in accordance with the *Marketing of Primary Products Act 1935*, be divested from the producers of eggs and become vested in and be the absolute property of The Egg and Egg Pulp Marketing Board as the owner thereof and that upon any eggs coming into existence within two (2) years from the sixteenth day of August, 1941, they shall by virtue of and subject to and in accordance with the said Act become vested in and be the absolute property of The Egg and Egg Pulp Marketing Board as the owner thereof: And to enable The Egg and Egg Pulp Marketing Board as owners of the above-mentioned commodity effectively to obtain possession thereof and to deal with the same I do

further provide that all such eggs shall subject to and in accordance with the provisions of the said Act be delivered by the producers thereof to The Egg and Egg Pulp Marketing Board or its authorized agent within such times at such places and in such manner as The Egg and Egg Pulp Marketing Board by public notice, or in a particular case in writing, directs or as are prescribed by regulations made under the said Act.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this fourth day of August, in the year of our Lord One thousand nine hundred and forty-one, and in the fifth year of the reign of His Majesty King George VI.

LEONGATHA SEWERAGE AUTHORITY.

BY-LAW No. 1.—RELATING TO CONSENTS, LICENCES, ETC., ALSO LEVELS, DIMENSIONS, CONSTRUCTION, MAINTENANCE, VENTILATION AND CLEANSING OF SEWERS AND OTHER MATTERS RELATING TO HOUSE CONNEXION WORK.

THE Leongatha Sewerage Authority, pursuant to and in exercise of the powers and authorities conferred on it by the Sewerage District Acts and of any and every other power or authority in any wise enabling it in that behalf, doth hereby make and prescribe the following By-law, that is to say:—

In the construction and interpretation of this By-law, unless inconsistent with the context or subject-matter—

“Acts” means the Sewerage District Acts and any amendment thereof, and any Act incorporated therein, or amendment of such Acts.

“Anti-siphonage vent” (or “back vent”) means any vent pipe from any individual trap to the open air, or a main or branch vent pipe having for its purpose the prevention of loss of water seal in the trap.

“Approved” means to the approval of the Engineer when referring to workmanship or materials.

“Authority” means the Leongatha Sewerage Authority.

“Bore,” “diameter,” or “size,” in reference to any pipe, drain, or sewer means the nominal internal diameter thereof, in accordance with accepted trade practice.

“Building” means any building used as a work place, residence, place of business, place of amusement, or place of human habitation, or for the storage of food intended for human consumption, but does not include outbuildings unless such are used for any of the above purposes.

“Combined pipe system” means that type of plumbing installation in which disconnector traps are omitted and both soil and waste pipes are connected directly to the drain or to a common pipe taking both soil and waste discharges, and in which a common system of venting is used for all classes of pipe.

“Combined waste pipe” means any pipe which receives the discharges from both soil and waste fixtures and conveys the same to the drain. Combined waste pipes are connected directly to the drain and are used only in connexion with the “combined pipe system.”

“Disconnector trap” means a trap for isolating or disconnecting waste pipes from the house drain and soil pipes and providing inlet ventilation to the waste pipe or pipes discharging into it.

“Drain” or “house drain” means that portion of a drainage system, not vested in the Authority, which conveys the discharge from soil, waste, and other drainage pipes from any premises to the sewer. The drain may be used for the drainage of one building only or of premises within the same curtilage, and includes any drain for draining any group or block of houses by combined operation under the order of the Authority.

“Educt vent” means an opening or pipe for the exit of air from and the induction of draught in a soil pipe, waste pipe, or house drain.

“Engineer” means the Engineer of the Authority, and shall also include any officer or person appointed by the Authority for the purpose of discharging the duties or exercising the powers of the Engineer.

“External closet” means any sanitary convenience which is not entered directly from nor has an opening into any building; direct access being had to the closet from the open air.

“Fittings” mean all apparatus or appliances, together with their necessary appurtenances and connexions, for use in connexion with the plumbing or drainage system of any property, with the exception of fixtures and straight piping.

For the purpose of computing fees payable under this By-law “Fitting” includes any sanitary or plumbing fixture or each piece of equipment which is connected to or discharges its waste water through a waste outlet or to a common outlet.

“Fixtures” means all apparatus or appliances, together with their necessary appurtenances and connexions, which may be attached to the plumbing or drainage system of any property, and which are intended for the collection or retention of any wastes or waste waters for ultimate discharge into the sewerage system.

“Flat” means a suite of rooms used, or intended or adapted for use, as a separate habitation and comprised in a building containing one or more similar suites.

“Induct vent” means an opening or pipe for the admission of air to a soil pipe, waste pipe, or house drain.

“Interceptor trap” (or “boundary trap”) means a trap for preventing the passage of air or gases from the sewer to the house drain at some point between the sewer and the lowest inlet to the house drain.

“Internal closet” means any closet which is entered from or has an opening into, any building.

“Occupier” means the person for the time being in actual or constructive occupation of the premises.

“Owner” includes the person for the time being who receives or is entitled to receive the rent of the lands or premises in connexion with which the word is used, whether on his own account or as an agent of or as trustee for any other person, or who if such lands or premises were let to a tenant at a rack rent would be entitled to receive the rack rent from the occupier thereof.

“Premises” includes any house and any building whatsoever and any part of any house or building and any garden, stable yard or offices used together or in connexion with any house or building and every part thereof.

“Responsible officer” means any officer or his deputy or person authorized by the Authority to act as its representative in the particular matter to which the reference is made.

“Sewer” means any conduit for the carriage of sewage which is vested in the Authority.

“Sewerage district” means any portion of the Township of Leongatha and Parish of Leongatha to which the Acts apply and which under any Acts is proclaimed the sewerage district of the Authority, and includes any area which is added to and forms part of such sewerage district.

“Sewered property” means, as well as any sewered land or premises, any land or premises which have been declared by a general notice given by the Authority under the Acts to be deemed and taken to be a sewered property within the meaning of the Acts.

“Sewerage system” includes all sewers, fittings, fixtures, appliances, plant, machinery, and any other sewerage works vested in the Authority.

“Slop sink” means any fixture other than a closet pan or urinal used for the discharge of soil or urine waters and provided with a flushing apparatus in accordance with Division 33 of this By-law.

“Soil pipe” means any pipe which conveys the discharge from water closets, slop sinks, or urinals to the house drain.

“Stack” means any vertical line of soil, waste or vent piping with its offsets, if any.

“Trade waste” means the liquid refuse from any business trade or manufacturing property, other than domestic sewage, storm water, or unpolluted water.

“Trap” means any fitting designed to retain a quantity of water to arrest the passage of air or gases through such fitting.

“Waste pipe” means any pipe which conveys the discharge from any fixture (except water closets, slop sinks, or urinals), to a disconnector trap.

“Water seal” or “trap seal” means the vertical distance between the dip and the crown weir of a trap.

INTERPRETATION.

In the construction of this By-law the meaning which, in the Acts, is assigned to any word shall be the meaning of the same word where occurring in this By-law, unless inconsistent with the subject-matter or context.

PART 1.—GENERAL REGULATIONS.

DIVISION 1.—APPLICATIONS FOR CONSENTS, ETC.

Section 1.—Application for the Authority's consent to connect with the sewerage system, or to do plumbing and drainage work connected therewith, must be made in writing by the owner of the property to be so connected, or by his authorized agent.

Section 2.—Such application shall give the precise location of the property, the name of the owner, and the name of the person employed to do the work, and shall be in the form prescribed by the Authority. For any wilful misrepresentation in such application the owner or authorized agent as aforesaid shall be guilty of an offence against this By-law. No consent given by the Authority shall be deemed to authorize anything not stated in the application nor to confer or grant the right to lay a drain through any land intervening between the sewer of the Authority and the land proposed to be connected, and every owner or agent applying for the Authority's consent shall satisfy himself as to his legal right to drain through such intervening land and he shall be solely responsible for any trespass or damage thereon or thereto.

Section 3.—Consents to make connexions with the sewerage system will be issued only when the plumbing and draining in the property to be connected is planned to be made in accordance with the rules for plumbing and draining hereinafter prescribed, and after such plan has been inspected and approved of by the responsible officer appointed by the Authority for the purpose, or, in the case of new buildings, when a proper plan of the plumbing and of the drainage of the building into the branch, of which the Authority shall have fixed the position, has been approved of in writing by the Authority. All connexions with drains or sewers and all plumbing and drainage connexions therewith, shall be made under the direction of the responsible officer of the Authority. No person shall be engaged or employed as a workman in the actual performance of any plumbing or drainage work unless he is the holder of a licence or permit issued by the Authority.

authorizing him to do such work. Any person who shall at any time or at any place make up, form, affix, alter, or repair, any fitting, pipe, bend, trap, or other thing connected or intended to be connected with the Authority's sewerage system unless he be the holder of a licence or permit from the Authority authorizing him to do such work shall be liable to a penalty not exceeding Ten pounds.

If any person, whether he is or is not the holder of a Plumber's Licence or Permit from the Authority, alters, removes, or in any way interferes with any drain, fitting, pipe, bend, trap, or other thing, which drain, fitting, pipe, bend, trap, or other thing is connected with the Authority's sewerage system, he shall, unless he has previously received consent, in accordance with the provisions of this section for the execution of such work, and such consent is in full force and effect, be guilty of a breach of this By-law and shall be liable to a penalty of not more than Ten pounds.

Section 4.—Where the sanction, permission, authority, consent, approval, satisfaction, order, direction, opinion, indication, or notice of, or from the Authority is necessary, whether specified in writing or otherwise, with regard to any act, matter, or thing mentioned in the By-law, the same may be given by and under the hand of the chairman of the Authority, or of the responsible officer, personally or through an inspection officer appointed under him, who severally shall be competent to give the same and be authorized on behalf of the Authority to prescribe any conditions attaching thereto, and subject to and in accordance with which only the same shall be deemed to have been given.

Section 5.—If, after the receipt of a written application from the owner for modification or alteration of the By-law, the Authority shall be of the opinion that a compliance with any of the provisions of this By-law would in any particular case be vexatious or be needless in the interest of public health, it shall be lawful for the Authority, by resolution, to dispense with or forbid such compliance in whole or in part as it shall think fit, or to authorize or direct such a modification or alteration of such provisions as shall, in its opinion, most nearly adapt the principle of those provisions to the particular case. It shall be unlawful to comply with any provision, or part of any provision, with which compliance shall have been forbidden, or to act contrary to or otherwise than as directed by such modification or alteration.

Notwithstanding the above stipulation no technical provision or requirement of the By-law shall be modified or waived except on the written recommendation of the Engineer.

DIVISION 2.—VARIATION OF BY-LAW.

Section 6.—Any permission for or approval of any variation of any of the provisions of this By-law which may be given by the Authority will be given only before the work in respect of which the variation is proposed has been commenced.

DIVISION 3.—PENALTIES, RECOVERY OF COST OF WORK, ETC.

Section 7.—Where anything is by this By-law directed to be done or forbidden to be done, or where any power is given to the Authority or any of its officers to direct or forbid anything to be done, and such act so directed to be done remains undone, or such act forbidden to be done is done, then, and in every such case, the person making default as to the said direction or prohibition respectively shall be guilty of an offence against this By-law.

Section 8.—Every person guilty of an offence against this By-law, not otherwise specially provided for by or under the authority hereof, shall be liable for every such offence, besides any costs or expenses which may be incurred in the taking of proceedings against such person guilty of such offence, as well as any costs or expenses which may be incurred in remedying such default, as particularly provided for in this By-law or the Acts, to a penalty not exceeding Ten pounds, and to a further penalty of One pound for each day during which such offence is continued by such person after notice of the offence shall have been given by the Authority to him; and such penalty shall be recoverable notwithstanding that the Authority may not have chosen to exercise any power given to it by the Acts or by this By-law to remedy such default.

DIVISION 4.—HOUSE DRAINAGE PLANS—ALTERATIONS.

Section 9.—Copies of the Authority's plans and/or designs of individual house drainage will be furnished by the Authority upon application and payment for the same and subject to such conditions as follows:—

- (a) (i) Where the Authority designs the work and has same carried out for the owner, a charge shall be made equal to Ten per centum (10 per cent.) on the capital cost of the work for designing, specifying, letting contract, and supervising all details in connexion with such work.
- (ii) Consent for additions to and/or amendments of approved plans or to works previously approved will be made only on the application of the owner or his authorized agent, and on payment of a fee of Five shillings (5s.).

(b) When the Authority designs the work for the owner and the owner then carries out his own work—

- (i) For plan of design a fee of Twenty shillings (20s.), plus Two shillings and six pence (2s. 6d.) for each fitting.
- (ii) For making and/or examining any alterations or additions to a plan previously issued or approved by the Engineer, a fee of Five shillings (5s.) shall be made by the Authority for each fitting or drain altered or added.
- (iii) For inspecting drains and testing by the Authority's inspector a fee of Ten shillings (10s.), plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (iv) For inspecting plumbing by the Authority's inspector a fee of Ten shillings (10s.) for each ten (10) fittings or part of ten fittings in the installation, plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (v) For the final inspection by the Authority's Engineer and charting the work on the Authority's plans a fee of Ten shillings (10s.) for each ten fittings or part of ten fittings in the installation, plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (vi) The Engineer may during construction of the work order the owner to carry out such additions and/or amendments as may be necessary for the satisfactory completion of the work.

The house connexion will not be passed until the installation together with the amendments ordered have been completed to the Engineer's satisfaction.

(c) Where an owner designs and carries out his own work—

- (i) For the supply of a block plan a fee of Two shillings and six pence (2s. 6d.).
For tenements exceeding 4,000 square feet in ground floor area and/or properties exceeding 2 acres in extent an additional fee of Two shillings and six pence (2s. 6d.) shall be charged for each additional 4,000 square feet or part thereof and/or for each additional 2 acres or part thereof.
- (ii) The owner shall submit for examination a properly drawn design on tracing cloth or good quality paper and a typewritten specification. The design and specification shall be supplied to the Authority in triplicate. The work shall not proceed until the owner's design and specification have been approved by the Engineer and the third copy returned to him with the official endorsement.
- (iii) For the examination of the owner's plan of design and specification a fee of Ten shillings (10s.) for each plan of from one to five fittings, plus Two shillings and six pence (2s. 6d.) for every fitting over five.
- (iv) For examining any alterations or additions to a plan previously issued or approved by the Engineer a fee of Two shillings and six pence (2s. 6d.) shall be made by the Authority for each fitting or drain altered or added.
- (v) For inspecting drains and testing by the Authority's inspector a fee of Ten shillings (10s.), plus Five shillings for each additional inspection necessary owing to faulty work.
- (vi) For inspecting plumbing by the Authority's inspector a fee of Ten shillings (10s.) for each ten (10) fittings or part of ten fittings in the installation, plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (vii) For the final inspection by the Authority's Engineer and charting work on the Authority's plans a fee of Ten shillings (10s.) for each ten fittings or part of ten fittings in the installation, plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (viii) The Engineer may during construction of the work order the owner to carry out such additions and/or amendments as may be necessary for the satisfactory completion of the work.
The house connexion will not be passed until the installation together with the amendments ordered have been completed to the Engineer's satisfaction.

DIVISION 5.—MAINTENANCE AND DEFECTIVE WORK.

Section 10.—Any drain pipe, soil pipe, trap, water closet, urinal, sink, grease trap, or other fitting laid, used, or constructed otherwise than in accordance with this By-law, or which shall in the opinion of the Authority, be or become bad or of defective quality, shall, upon notice in writing from the Authority to the owner or occupier of the property, be by such owner or occupier removed or repaired in the manner determined and within the time fixed by the Authority, and in each case such owner or occupier fails to comply with the requirements of the notice, he shall be liable to prosecution and a penalty for an offence against the Acts, or the Authority may, if it think fit, remove or repair the said defective fitting and

charge such owner or occupier of the premises with the cost so incurred, and will proceed for recovery of the same in a manner provided by the said Acts.

DIVISION 6.—LICENCES AND PERMITS.

Section 11.—(1) All plumbing work for sewerage shall be done and carried out only by Licensed Plumbers and/or by the persons in this section 11 hereinafter mentioned, but subject in all things to the conditions and terms of the said section.

(2) The Authority may, if it thinks fit, and subject to the provisions of sub-sections (3), (4), (7), and (8) of this section, issue a Plumber's Licence to any person who is the holder of a Certificate of Competency issued by the Sanitary Plumbers Examination Board of Victoria.

(3) The Authority, before issuing such Plumber's Licence, may require the applicant to satisfy it that he possesses the requisite knowledge of the Laws, By-laws, and Regulations relating to the sewerage system of the Authority, and it shall appoint officers to examine the said applicant as to his knowledge, and, after the consideration of the report thereon of such officers, may refuse to grant such licence, if, in its opinion, the applicant has not the requisite knowledge of such Laws, By-laws, and Regulations.

(4) Every person to whom a Plumber's Licence is to be issued shall, before the Licence is issued to him, sign in a register, to be kept by the Authority, a declaration that he will conform to and comply with the conditions of the Licence hereinafter contained and the By-laws and Regulations of the Authority.

(5) The Authority may, if it thinks fit, and subject to the provisions of sub-sections (7) and (10) of this section, issue a permit to work as a plumber to any person who has passed the practical examination of the Sanitary Plumbers Examination Board of Victoria.

(6) In the event of the holder of a Permit to work as a plumber being granted a Certificate of Competence by the Sanitary Plumbers Examination Board of Victoria, the Authority may issue a Plumber's Licence to him subject to the provisions of sub-sections (3), (4), and (7), of this section and upon his returning his Permit.

(7) The Authority may refuse to grant a Licence or Permit to any person, or may suspend or cancel any Licence or Permit previously granted, if, in its opinion—

- (a) such person has been guilty of an offence against the By-laws and Regulations of the Authority;
- (b) such person has failed to comply with the instructions issued by any responsible officer of the Authority;
- (c) such person at any time or place has so conducted himself as to warrant, in the opinion of the Authority, the refusal, suspension, or cancellation of such Licence or Permit.

(8) On application for renewal, the Authority may renew any such Licence or Permit.

(9) No person, other than a Plumber's Apprentice, Plumber's Improver, the holder of a Permit to work as a Plumber, or the holder of a Plumber's Licence, shall be engaged or employed as a workman in the actual performance of any of the plumbing work for sewerage.

(10) No such Plumber's Apprentice, Plumber's Improver, or holder of a Permit to work as a Plumber, shall be permitted to work in the actual performance of, or to do, any plumbing work for sewerage except under the supervision of a Licensed Plumber, who shall be responsible for such work and for compliance with the By-laws and Regulations of the Authority in respect thereof.

(11) "**Drainer's Licence**."—The Authority may issue a "Drainer's Licence" to any person who is to the satisfaction of the Authority competent to carry out the work of drainer, and for that purpose may require such person to satisfy it as to his competency by passing an examination conducted by the Engineer and such other examiners as the Authority may appoint or in such other manner as the Authority may determine, or in any particular case may decide that he has a thorough knowledge of the following subjects:—

Plans.—The reading of plans and the meaning of scales and of elevation, plan, and section drawing.

Levelling.—The use of the straight-edge, spirit-level, and boning rods.

Excavation, Timbering, and Refilling.—The use of tools for excavation, the protection of trenches by timbering, the treatment of different soils, tunnelling, and tunnel timbering, precautions near buildings, and manners of refilling trenches and tunnels.

Drain-laying.—The preparation of the bottom of trenches, the laying and jointing of stoneware, cement, concrete, and cast-iron pipes, cement, bitumen, lead, and self-fitting joints, laying of drains under houses and in soft ground, and the depth of drains below surface.

Drainage Details.—Junctions to sewers, diminishing of sizes of pipes, yard gullies, grease and other traps, inspection openings, and cast-iron drainage details.

Drainage Works.—Knowledge of the provisions of the By-law and of the Acts, insofar as same relate to the work and duties of drainers in regard to the construction, maintenance, and protection of the sewerage system and the construction and use of drains and drainage traps.

Candidates for Drainers' Licences shall give notice in writing to the Authority of their intention to submit themselves to examination, and this examination shall be at such a time and at such a place as shall be appointed by the Authority. Candidates must provide themselves with their own tools and materials, and pay a fee of 7s. 6d. for each examination.

Section 12.—The conditions upon which all Plumbers' Licences and Permits and Drainers' Licences will be issued are—

- (1) That every Licence and Permit will be subject to suspension or cancellation at the will of the Authority, and that all such Licences or renewals thereof will expire on the 31st day of December next following.
- (2) That every holder of a Licence from the Authority who shall have received the consent of the Authority to execute any works in connexion with sewerage or drainage, or who shall (where such consent of the Authority is not required before the execution of any such works) have notified the Authority of his intention to carry out such works—
 - (a) shall obtain permission when necessary for the execution of such works on, over, or through any private property, or any streets, roads, parks, reserves, or other public places or properties; and
 - (b) shall pay any fees demanded by the Municipal Authority for opening any street, road, or thoroughfare, or otherwise in connexion with the work; and
 - (c) shall execute such works in accordance with the provisions of the Acts and of the By-laws made thereunder, and of any special directions or orders given or issued by the Authority or its responsible officer; and
 - (d) shall use materials of good quality only and free from defects; and
 - (e) shall employ only competent operatives or assistants; and
 - (f) shall execute such works in a thorough and tradesman-like manner to the satisfaction of the Authority as expeditiously as practicable, and leave site clean and undefaced; and
 - (g) shall in the execution of such works take such proper and necessary precautions that no accident or damage or unnecessary inconvenience may be directly or indirectly occasioned thereby; and
 - (h) shall restore any part of any street, road, or thoroughfare interfered with by the work to the satisfaction of the Municipal Authority having control thereof upon the completion of the work; and
 - (i) shall restore any other property interfered with by the work to the satisfaction of the responsible officer of the Authority; and
 - (j) shall in all cases notify the responsible officer immediately upon completion of any work in hand, promptly amend any defects therein, and again at once notify the said officer, and subsequently take steps forthwith to secure the certificate of satisfactory completion, and give the same to owner; and
 - (k) shall not interfere, remove, cut, or in any way damage any portion of any electrical, gas, water, telephone installation, and/or any other municipal or public utility or service. When portion of any such installations, including earthwires, connexions, pipes, &c., interferes with properly laying house connexions and sewerage plumbing, the plumber shall communicate with the secretary or engineer of the utility or service concerned in order to arrange for that portion of the electrical, gas, water, telephone installation, &c., to be so located as not to cause further interference; and
 - (l) shall, when so directed by the Authority, make good at his own expense any defect found within twelve months of the date of completing of any such work which, in the opinion of the Engineer is due to faulty workmanship, or defective material.

Section 13.—Prior to the issue of any Licence or Permit the person to whom the same is to be issued shall pay to the Authority the fee named hereunder:—

	s.	d.
For every Plumber's Licence ..	10	0
For every Permit to Work as a plumber ..	7	6
For every Drainer's Licence ..	7	6
For the Renewal of any Licence ..	2	6

DIVISION 7.—NEW BUILDINGS, ADDITIONS, ETC.

Section 14.—Every person who shall intend to erect a building on any property within the Sewerage District, or to rebuild or to make any alterations or additions to any such buildings shall, before commencing such work, give to the Authority fourteen (14) days' notice in writing of such intention and obtain a permit from the Authority; and such notice shall be accompanied by plans and sections of such intended buildings, alterations, or additions, showing their positions, dimensions, depths, and levels of foundations, cellars, or basements, all appurtenant walls and fences, the intended lines of drainage, and the boundary of the land, which plans, &c., shall become the property of the Authority.

DIVISION 8.—GENERAL.

Section 15.—Any work or thing in respect of or in connexion with sewerage under the Acts that is not specifically mentioned in this By-law shall be performed in accordance with the directions of the Authority.

PART 2.—GENERAL REGULATIONS.

DIVISION 9.—USE OF SEWERS AND DRAINS—PROHIBITION OF CERTAIN DISCHARGES.

Section 16—Use of Sewers and Drains.—The owner and the occupier of any sewered property shall discharge into the sewerage system (a) all faecal matter, urine, household slops and household liquid refuse from such property, and such other polluted water from stables, washing areas, manure bins, basements, cellars, and roofed yards, and

(b) such trade or manufacturing liquid refuse as the Authority may authorize, subject in each and every case to such conditions as it may impose.

Section 17—Prohibited Discharges.—The deposition or discharge of any of the following substances into any drain is prohibited:—

- (a) Any animal matter other than is specified in section 16, fleshings, wool, hair, dead animal, grease, dust, ashes, rubbish, garbage, offal, vegetable and fruit or their parings, rags, oil, silt, mud, sand, gravel, or like substances, or any other substance which is in the opinion of the Authority or its responsible officer, liable to be injurious to any part of the sewerage system or to employees of the Authority engaged in the operation or maintenance of same.
- (b) Any petrol or other inflammable or explosive substance, whether solid, liquid, or gaseous.
- (c) Any rain, roof, surface, or flood waters, except by special permission of the Authority.
- (d) The contents of any night-soil cart, cesspool, or privy.
- (e) Any liquid, trade waste or other substance which has not been neutralized to the approval of the responsible officer of the Authority, or which is above the temperature of 100 deg. Fahrenheit, or such lower temperature as may be prescribed by the Authority, having regard to the special circumstances of the case.
- (f) Any liquid which contains such percentage of common salt or any other mineral, salt, acid, or gas, as is, in the opinion of the responsible officer of the Authority, injurious to, or liable to form compounds injurious to, any part of the sewerage system or to employees of the Authority engaged in the operation or maintenance of same.

DIVISION 10.—TRADE WASTES.

Section 18—Conditions of Discharge.—No person shall discharge any trade or manufacturing liquid, refuse, or waste into any sewer, unless and until the following conditions are complied with:—

- (a) Application for permission to discharge any such trade wastes shall be made in writing and accompanied by plans and specifications of the work to be done and of the apparatus to be used, and shall include such details concerning the nature of the waste and the quantity and rates of discharge of the proposed effluent as considered necessary by the responsible officer of the Authority.
- (b) The permission of the Authority in writing shall be obtained and an agreement containing a covenant to comply with the By-law and with any further stipulations required by the Authority, shall be executed. The volume of liquid refuse or waste discharged shall, if ordered, be measured and determined by meter or by some other approved means of measurement. The maximum daily aggregate quantity of effluent which may pass from any trade premises into a sewer, the maximum permissible rate of such discharge, the size and capacity of the drain or pipe for conveying such effluent from the trade premises to the sewer, and the hours during which such flow will be permitted shall be determined by the Authority.

(c) All such liquid refuse or waste shall be passed through such settling, screening, and/or neutralizing chambers and/or such other appliances and/or otherwise treated as ordered or approved by the Authority to ensure that the resulting effluents shall comply with the conditions of the agreement.

(d) Every settling, screening, neutralizing, or other chamber, appliance, or apparatus for the treatment of trade wastes in accordance with this By-law shall be cleansed, operated, and maintained by the occupier at his own expense and at such intervals as may be considered necessary by the Authority or its responsible officer to ensure the efficient operation of such chamber, appliance, or apparatus and in no case shall such chamber, appliance, or apparatus be altered without the approval in writing of the Authority first being obtained.

DIVISION 11.—SUB-SOIL WATER.

Section 19.—The discharge of sub-soil water into sewers shall be prohibited except by permission of, and under conditions approved by, the Authority.

DIVISION 12.—INSPECTION TESTS AND MAINTENANCE.

Section 20—Notice.—The owner or his authorized agent, or the plumber, drainer, or contractor, shall give at least 48 hours' notice to the Authority, in writing, of his intention to commence work and of work ready for inspection. All work shall be left uncovered and accessible for examination until inspected and approved.

The contractor carrying out any work shall, within seven (7) days of the completion of such work, file in the office of the Authority on forms furnished for this purpose, a correct statement of the work done and the cost thereof. Such statement shall be countersigned by the responsible officer of the Authority, and a certificate embodying such statement shall be forwarded to the contractor.

Section 21—Inspection.—All drains, wastes, fittings, joints, fixtures, &c., will be inspected by the responsible officer of the Authority to ensure compliance with the By-law and approved plan.

Section 22—Tests.—Drains, whether laid by the Authority's workmen or others, must be thoroughly tested in every case before being passed by the Authority's officers. The responsible officer of the Authority may require the application of the water or smoke test, or such other tests as he may order or approve.

Section 23—Water Test.—The water test may be applied to the drainage and/or plumbing systems and their fittings in their entirety or in sections. It shall be applied by hermetically sealing all openings below the top of the section to be tested. The system shall then be filled with water to a height of 6 feet above the highest point of the section, or, if considered necessary to such additional height as the responsible officer may order, and every joint carefully examined for leaks.

In testing drains the water shall be maintained at this height for a period of fifteen minutes by the addition of a measured quantity of water as required. The amount of water added in the fifteen minutes shall not exceed 2 gallons for every 50 joints of 4-inch drain or sewer, and must not exceed 3 gallons, for every 50 joints of 6-inch drain or sewer, or proportionately for a lesser or greater number of joints.

Section 24—Smoke Test.—The smoke test shall be applied by hermetically sealing all openings into the section to be tested, and forcing into the system thick smoke to a pressure equivalent to 1 inch of water, by means of a smoke test apparatus. Every joint shall then be carefully examined for leaks.

Section 25—Equipment, &c.—The equipment, material, power and labour necessary for the inspection and tests shall be furnished by the contractor, plumber, or drainer.

Section 26—Defective Work.—Any pipes, fittings, fixtures, or other materials or apparatus found to be defective shall be removed and replaced by sound materials or apparatus; and all defective workmanship shall be made good to the satisfaction of the Engineer or his representative, and to comply in all respects with the provisions of the By-laws. Should the contractor fail to replace such defective materials or to make good such defective work within fourteen (14) days of his having been ordered in writing by the Engineer so to do, the work or replacement may be carried out by the Authority at the contractor's expense.

Section 27—Maintenance by Contractor.—Every person who holds a licence from the Authority and who executes any works in connexion with sewerage, drainage, and/or sanitary plumbing, shall make good within fourteen (14) days and at his own expense, when directed by the Engineer so to do, any defects which occur in such works within twelve months of the date of their completion, and which are, in the opinion of the Engineer, attributable to faulty workmanship or materials.

Section 28—Maintenance by Owner or Occupier.—The owner or occupier of every premises shall, at his own expense, maintain in efficient working order and in a clean and hygienic condition the whole house connexion work, including all traps, neutralizers, or other appliances installed on such premises. Should the owner or occupier of any premises fail or neglect satisfactorily to maintain and cleanse such appliances, the Authority may, after twenty-four (24) hours' notice in writing, have the necessary work carried out at the expense of the owner or occupier.

DIVISION 13.—MATERIALS AND WORKMANSHIP.

Section 29.—Materials.—All materials, pipes, bends, junctions, fittings, fixtures and apparatus shall be of the best of their respective kinds, sound and free from defects, and shall be approved by the responsible officer.

Section 30.—Testing.—All materials, pipes, bends, junctions, fittings, fixtures, and apparatus shall be submitted for examination and/or test, and shall not be placed in position until passed and stamped by the Authority. Such testing of materials shall be paid for by the person submitting same, whether passed or rejected, and shall be done at such time and place and at such rates, as may from time to time be fixed by the Authority.

Section 31.—Workmanship.—All work shall be executed in a thorough and workmanlike manner and to the satisfaction of the responsible officer.

Section 32.—Precautions.—Adequate precautions shall be adopted by the person carrying out the work to prevent injury to workmen, property, or the public, and the Authority will accept no responsibility for claims for injury arising from the inadequacy of such precautions.

Section 33.—Concrete.—Concrete, unless otherwise ordered, shall consist of 1 part Portland cement, 2 parts clean, sharp sand, and 4 parts hard metal, shingle, or gravel properly graded from $\frac{1}{4}$ -in. to not exceeding 1-in. gauge, and shall be thoroughly mixed with clean water to such consistency as ordered or approved by the Engineer of the Authority.

The cement, sand and aggregate shall be thoroughly mixed and the whole batch completely turned over three times in the dry and turned over again at least three times while the water is being added. If a concrete mixer is used the minimum time of mixing in the machine after all the materials have been added shall be two minutes. All concrete shall be placed within 20 minutes of the time of mixing.

Section 34.—Cement Mortar.—Cement mortar, unless otherwise ordered, shall consist of 1 part Portland cement and 2 parts clean sharp sand, properly mixed with an approved proportion of clean water. Cement mortar shall be used within 20 minutes of the time of mixing. Re-tempering is forbidden.

PART 3.—DRAINAGE.

DIVISION 14.—DRAINAGE, GENERAL.

Section 35.—(1) Every premises shall be separately drained unless a combined drain shall have been ordered or approved by the Authority. Owners desiring to have the drainage of their properties combined must sign a request for a combined drain, and obtain the approval of the Authority. In any case in which it appears to the Authority that any properties may be drained more advantageously in combination than separately the Authority may order that those properties be drained by a combined operation.

(2) In any case where a combined drain serves two or more properties the Authority, with the consent of the owners of the properties served by such combined drain, may take over such combined drain, and thereafter such combined drain shall be and remain a sewer of the Authority.

(3) In every case of a combined drain the Authority will determine as between the respective owners and occupiers of the properties drained thereby, the proportions in which the cost of such combined drain shall be paid. In every case of the occurrence of an obstruction in a combined drain the Authority will also determine by whom and in what proportion the cost of removing such obstruction and/or effecting any necessary repairs to drains shall be paid.

(4) Owners and occupiers of premises are responsible for clearing stoppages in drains within their premises, or between their premises and the sewers into which the branches lead, but must employ only licensed plumbers or drainers to clear same.

(5) Before a licensed plumber or drainer commences to clear a stoppage in a drain he must notify the Authority in writing of the time when he intends to clear the stoppage, so that the Authority's proper officer may attend and pass the work in accordance with the provisions of the Acts.

Section 36.—Size of Drains.—Every drain shall be of adequate size for the drainage of the property to be served, in accordance with the requirements of section 88, with a minimum diameter of 4 inches.

Section 37.—Materials.—All drain pipes, bends, junctions, and fittings used shall be of glazed stoneware, concrete, cast iron or other approved material, provided that the responsible officer of the Authority may prohibit the use of any of the above-mentioned where the circumstances or conditions are considered unfavorable.

Section 38.—Cast-iron Pipes.—Cast-iron drainage pipes and their fittings shall comply with the standard approved by the Authority for cast-iron pipes and their fittings of similar diameter, but in the event of the issue by the Standards Association of Australia of an Australian Standard Specification for such pipes, and of the acceptance of such Standard Specification by the Authority, all cast-iron pipes and fittings shall be in accordance with this Standard Specification from a date to be fixed by the Authority.

Section 39.—Interceptor Traps.—Where directed by the Authority, but not otherwise, an interceptor trap shall be fixed in the drain laid from any property to the sewer. Such trap shall be fixed as near as practicable to the boundary, and wherever practicable shall be within the boundaries of the property. The interceptor trap shall be provided with an inspection cap on the sewer side of the trap. If ordered, an approved manhole shall be provided for the trap.

Section 40.—Inspection Chambers.—All drains shall, wherever considered necessary by the Authority, join in an inspection chamber at least 3 feet long by 2 feet wide. The portions of the drains crossing the floor of the inspection chamber shall be connected either in a straight line or by curved junctions in the floor of the chamber. All inspection chambers shall be cement rendered (two parts sand and one part cement) to a smooth surface, and made watertight. The inspection chamber must be provided with a closed cover of approved type and special ventilation must also be provided if considered necessary by the Engineer.

Section 41.—Inspection Openings.—Every line of drain shall be provided with an inspection opening inside and within 5 feet of the boundary line, at each junction not provided with an inspection chamber, at each change of direction, at each fixture, and nowhere greater than 30-feet intervals, and in paved areas these shall, if considered necessary by the responsible officer of the Authority, be brought to the surface and furnished with approved airtight covers. The area of an inspection opening shall not be less than the area of the drain. Inspection openings, inspection junctions, or branches are to be set in an approved manner to facilitate rodding.

Section 42.—Grating.—Every inlet to a drain other than from a water closet shall be effectively protected by an approved grating of ample area. The aggregate area of the apertures in any grating covering a ventilation opening shall be not less than the sectional area of the pipe or drain ventilated by such grating. Every opening for ventilation shall be kept perfectly free at all times from obstruction.

Section 43.—Drain Openings Not in Use.—The ends of all house drains and junctions not immediately connected with the plumbing fixtures and all inspection openings shall be securely closed with watertight imperishable materials. If the drain is of stoneware or cement concrete, a stoneware, cement concrete, or cast-iron disk must be cemented in; if wrought iron, a plug must be screwed on the end; if cast iron, a cast-iron plug must be caulked in with lead.

Section 44.—Replacing or Inserting Pipes.—Where it becomes necessary to remove a pipe to clear a stoppage or to insert a pipe or branch in an existing drain, such pipe so removed shall be replaced by an inspection pipe or inspection junction of the same length by one of the following methods under the direction of a responsible officer.

- The top half of the socket of the new pipe and of the existing down-stream pipe may be removed, but the bottom half shall always be left intact and the joints surrounded with concrete not less than 3-in. thick.
- An approved split pipe with double collar surrounded with concrete 3-in. thick may be used.
- A length of not less than three pipes may be removed, the centre pipe replaced by an inspection pipe, and the pipes dropped back into place without springing or cutting.

Junctions in existing metal pipes shall not be made unless an approved closure pipe is used in each case. Springing pipes into position shall not be resorted to or allowed.

Section 45.—Use of Concrete.—Portland cement concrete brought to a smooth surface must be used in each of the following cases:—

- Round and under gully basins where also the exposed surfaces shall be rendered in cement mortar, consisting of two parts sand, one part cement.
- Round the tops of vent pipe sockets and for 6 inches below the surface of the ground.
- Round the tops of disconnector traps and for 6 inches below the surface of the ground.
- Under and around bends rising vertically, off oblique branches, and under all drainage traps.

DIVISION 15.—BASEMENT AND CELLAR DRAINAGE.

Section 46.—Fixtures.—No water-closet, urinal, and/or other fixture shall be placed in any cellar or basement, or on any floor below ground level, unless by consent of the Authority, and then only when, in the opinion of the responsible officer, other provision cannot be made. The owner shall submit such plans and/or other information as the responsible officer may require, and shall undertake in writing to accept all risk of

damage that may occur. If satisfied that the ventilation and lighting provided are in accordance with this By-law, and all other conditions have been complied with, the Authority may give its consent; provided always that such consent may be revoked by the Authority at any time, and that upon fourteen (14) days' notice of revocation such fixture shall be abolished by the owner.

Section 47—Risk of Back Flow.—Where such cellar, basement, or floor below ground level is at such a level as may, in the opinion of the responsible officer, involve risk of back flow in the event of the sewer becoming overcharged, the sewage from all fixtures therein shall be raised by ejector, syphon, or other approved mechanical appliance to such height as ordered and discharged into the sewer as and where directed.

Section 48—Seepage Drains.—In no case shall seepage drains from cellars, basements, or any floor below ground level be discharged into a sewer without the consent of the Authority. Where such discharge is permitted, the seepage shall be raised by ejector, syphon, or other approved mechanical appliance to such height as ordered, and discharged into the sewer or elsewhere as and where directed.

DIVISION 16.—POLLUTED AREAS.

Section 49—Connexion.—The Authority may, if it thinks fit, authorize or require that any of the following places, namely, stables, cow sheds, dairies, market places, abattoirs, areas for washing vehicles, and any other polluted place, be connected with the sewers, subject to such conditions as the Authority may impose.

Section 50—Conditions Governing Connexion.—No such connexion shall be made unless the following conditions have been complied with:—

- (a) The place to be connected shall, if required, be so roofed as to prevent the entry of rain water from it to the sewers, and in no case shall rain water be permitted to discharge on to such place from adjoining surfaces.
- (b) The place to be connected shall be paved above the level of the yard with approved materials, and graded to the satisfaction of the responsible officer of the Authority.
- (c) The drain from any such place shall be provided with an approved silt trap with a removable grating and connected with the drain inside the boundary line of the property. A water tap connected with a satisfactory water service shall be provided in a suitable position over the area.

Section 51—Manure Bins.—(a) Manure bins must be provided for all stables or cow yards, where the local Municipal By-laws demand their construction, or where the locality is closely built on.

(b) All the manure bins must have the inside surfaces rendered with cement mortar, and must be impervious throughout, and provided with an approved close-fitting cover. Walls of new manure bins must, unless otherwise approved by the Engineer, be at least 9 inches in thickness, built of brick-work laid in cement mortar. If an outlet pipe be provided for a manure bin, it must be properly connected with the Authority's sewers. Branches in house drains must be provided in all cases where manure bins exist, for their connexion whenever the Authority shall deem it necessary.

DIVISION 17.—PIPE TRENCHES.

Section 52.—The trench for the house drain from any property shall be so dug as to meet the Authority's sewer at the position provided or to be provided for the connexion.

The material from the trench shall be so placed as to cause the least possible obstruction and inconvenience to the public. Proper barriers and lights shall be maintained where necessary to guard against accident during the progress of the work.

In refilling the trench selected refilling shall first be deposited around and over the pipe to a depth of 12 inches and carefully consolidated, after which the remainder of the trench shall be filled in layers and rammed or flooded, as ordered or approved.

No stone shall be used in refilling until earth or gravel has been placed over the pipe to a depth of 1 foot, or more if directed.

On no account shall any water, sand, earth, &c., be allowed to enter the sewer during the progress of the work.

On completion of refilling the surface shall be restored as nearly as possible to the same condition as it was in before operations were commenced, unless the owner in writing otherwise requires.

DIVISION 18.—LAYING DRAINS, ETC.

Section 53—Position and Line.—Every drain and every fitting, &c., connected therewith shall be laid and fixed where directed by the responsible officer of the Authority. As far as possible all drains shall be laid in straight lines; where changes of direction occur they shall be made in manholes, or by a suitably curved pipe with an inspection opening on each straight pipe next adjoining the curve, or by installing an inspection branch in the curve itself, or by such other means as the responsible officer may direct.

Section 54—Oblique Junctions.—Where any drain joins another drain, or a sewer, the junction shall be made obliquely at an angle of not greater than 45 degrees with the direction of flow of such drain or sewer.

Section 55—Connexion to Sewer.—The position of the Authority's connexion to any premises shall be located prior to the commencement of any drain excavation. The disk stopper at the point of connexion to the sewer shall be carefully removed so as not to injure the socket or allow any debris to enter the sewer.

The first length of the drain at the branch shall be an inspection opening.

Section 56—Gradients.—All drains shall be laid on an even grade, and, except by special permission in writing, from the responsible officer, such gradients shall not be less than the following:—

4-in. diameter	1 in 40.
6-in. diameter	1 in 60.
9-in. diameter	1 in 80.

In cases where the grades of drains are steeper than 1 in 15, concrete anchorage blocks shall be placed at intervals of not more than 30 feet.

Such blocks shall be let into the sides of the trench at least 6 inches on each side and shall extend not less than 3 inches above and below the barrel of the pipe and for a length of 12 inches along the pipe.

Section 57—Depth of Drains.—Drains of stoneware or concrete pipe, unless bedded on and encased in concrete of not less than 4 inches thick over any part of the drain, shall be laid at a depth to the top of the socket of the pipe of not less than the following:—

- (a) In public thoroughfares, rights-of-way, or other open spaces subject to vehicular traffic—2 feet.
- (b) In private property not subject to vehicular traffic—1 foot.

No person shall alter the surface over any drain, so as to deprive it of the minimum depth of cover specified by the preceding paragraph, unless approved measures are adopted to protect the drain.

Section 58—Laying Drains.—All pipes shall be laid to such lines and grades as may be shown on the plans or directed, and, except where otherwise ordered shall be bedded on approved sand or other approved bedding material up to one-third of the diameter of the pipe and so that there shall be at least 2 inches of the bedding material below the barrel of the pipe in the case of earth bottomed trenches and up to the horizontal diameter of the pipe, and so that there shall be at least 3 inches of the bedding material below the barrel of the pipe where laid in trenches in rock.

In water-charged ground, or where the foundation is bad, or near the roots of trees, or where directed, the drain shall be formed of cast-iron pipes or, if of stoneware or concrete pipes, they shall be bedded on and encased in concrete as ordered, and if ordered, supported upon approved timber foundations as directed. The thickness of concrete encasing and the form of concrete haunching shall be as directed by the responsible officer.

Drops or bends in vertical or inclined drains shall have a concrete support placed under and round the drain as directed.

DIVISION 19.—DRAINS UNDER BUILDINGS.

Section 59.—Every drain shall, as far as practicable, be so constructed as not to pass under any building or out-building. When a drain does pass under a building or out-building it shall, if practicable, be laid in a direct line for the whole distance beneath such building or out-building, and shall have approved means of access for rodding outside the walls of the building or out-building and also, if directed, beneath the building or out-building. The pipes used shall be of stoneware or concrete, surrounded by not less than 4 inches of concrete, or of cast-iron.

In any case in which pipes pass through or under walls, approved provision shall be made to prevent injury to the pipes by settlement and, in outer walls, to prevent the ingress of vermin.

DIVISION 20.—JOINTS, DRAINAGE.

Section 60—Stoneware and Cement Pipes.—Joints of stoneware and cement pipes shall be filled in solidly with cement mortar neatly splayed off, or with other approved material. After each joint is made the interior of the joint shall be wiped clear of surplus mortar before the next pipe is laid.

Section 61—Cast-iron Pipes.—All joints in cast-iron pipes must be stemmed with approved gaskets and so filled and caulked with lead or other approved material as to make them gas and watertight.

All connexions between stoneware or concrete pipes and cast-iron pipes shall be made as for joints in stoneware or concrete pipes.

DIVISION 21.—DRAINAGE TRAPS.

Section 62—Trapping of Inlets.—Every inlet to any drain other than inlets provided for ventilation in accordance with the By-law shall be provided with an approved trap. No inlets to any drain connecting directly with a sewer shall be constructed within a building or out-building other than such inlets necessary for the apparatus of any water-closet, urinal, or slop sink.

Section 63—Classes of Traps.—Five classes of traps shall be used:—

- (a) "Traps" for intercepting gases only, which shall be of round section and self-cleansing form, but not such as to empty by momentum or suction.
- (b) "Silt traps" for intercepting both gases and solids, which have slightly tapered sides, flat bottom, and rounded angles, and which shall be provided with approved means for catching and removing solids.
- (c) "Grease traps" for solidifying and collecting grease, fatty domestic wastes, and other semi-fluid or viscous material liable to foul the pipes. The grease trap shall be designed for the requirements of the particular drain. The design and capacity shall be to the approval of the Engineer. The interior surfaces shall be tiled, and it shall be equipped with non-corrodible baffles, the whole trap being designed for easy cleaning.
- (d) "Acid traps" or "Neutralizers" for neutralizing acid or other aggressive water prior to its entering the house drains.
- (e) "Oil traps" for collecting all kinds of oil, which shall be of such form as approved.

The term "yard gully" is applied to traps (a) where they are used externally and fitted with dished tops and gratings. The tops of inlets of all disconnector traps must be at least 6 inches above the surface of the surrounding ground.

Section 64—Water Seal.—Every trap must have a water seal of at least half the diameter of the outlet pipe, but in no case of less than 2 inches.

Section 65—Provision of Yard Gullies.—A yard gully shall, wherever practicable, be provided in the yard of every property as near as practicable to the kitchen or back door, with a water tap connected with a satisfactory water service placed over it at a height of not less than 2 feet. No yard gully shall be situated within a building or out-building. Where it is not practicable to provide a yard gully, a slop sink must be provided within the building or out-building.

Section 66—Details of Yard Gullies.—Yard gullies shall be fitted with dished tops and gratings, the dished top being in one piece with the trap or jointed thereto by spigot and faucet, or as otherwise approved.

The depth of the dished top to the grating must not be less than 6 inches. The grating to every gully trap must not be less than 6½ inches over all, and the grating to every disconnector trap shall be convex in section, with an opening of suitable outlet capacity. Every grating must be fixed down in an approved manner with bitumen or wedges of lead.

Section 67—Kerbing, &c., to Yard Gullies.—Yard gully basins and the dished tops of silt traps must be so surrounded with an approved impervious kerbing as to prevent the access of surface water to the drains, and, if directed, the wall at the rear of the gully or silt trap, if of brick or stone, must be cement rendered to the height of the top over same, and if of wood the wall must be provided with an approved galvanized sheet-iron apron. The internal diameter of kerbing around gully traps measured from the face of cement rendering must not be less than 15 inches, and must be neatly rounded to meet the gully top.

DIVISION 22.—VENTILATION.

Section 68—Vents of Main Drain.—The main drain shall be ventilated at its upper end by a pipe ventilator erected vertically, and such ventilator may be a soil pipe.

If the drain is provided with an interceptor trap there shall be in addition a ventilator connected to the interceptor trap shaft. In such cases there shall, wherever practicable, be a difference in height of not less than 6 feet between the tops of the vents at the upper and lower ends of the drains respectively.

Section 69—Vents of Branch Drains.—Branch drains need not be vented if the drainage traps are within 20 feet from the main house drain, measured along the line of pipes, including the drop, if any, from the centre line of the main drain to the centre of the outlet side of the water seal of the drainage trap, unless otherwise ordered by the responsible officer, in which case they must be vented as directed.

Section 70—Size of Drainage Vents.—Drainage vent pipes shall, unless otherwise ordered, be of not less than 4-in. diameter in the case of educt vents and not less than 3-in. diameter in the case of induct vents, with the provision that where more than one educt vent is provided the vent on the

longest line of drain shall be of not less than 4-in. diameter, and all others of not less than 3-in. diameter; but in no case shall a drainage vent be of smaller diameter than necessary to comply with the requirements of section 89.

Unless otherwise ordered or approved every such vent pipe shall be without return bend and provided with basket and/or educt or induct cowls as directed.

Section 71—Materials, &c.—Drainage vent pipes situated wholly outside of buildings or out-buildings shall be of cast-iron, galvanized wrought-iron, double galvanized sheet-iron, or other approved material above ground and of stoneware or concrete beneath the surface of the ground. Galvanized sheet-iron vent pipe shall not be less than—22 gauge for 1½-in. to 2½-in. diameter vent pipes, 20 gauge for 3-in. and 4-in. diameter vent pipes, 18 gauge for 6-in. diameter vent pipes; and where ordered the first 6 feet above ground shall be of cast-iron or other approved material. Drainage vent pipes inside a building or out-building shall, unless otherwise approved, be of cast-iron or of galvanized wrought-iron. The circumferential joints of galvanized sheet-iron vent pipes shall be riveted and soldered. All galvanized sheet-iron vent pipe used to ventilate the drainage system, or used as anti-siphonage pipes to soil or waste pipes from closets, slop sinks, or urinals, must be coated inside with hot tar or asphaltum before erection.

Section 72—Induct Vents.—Every induct vent shall be securely supported in an approved manner.

Section 73—Materials for Vents of Soil or Waste Pipes.—Vent pipes, if inside a building or out-building, shall always be of cast-iron, wrought iron, lead, copper, or brass. Grooved, welded, or riveted double galvanized sheet-iron vent pipes may be used where they are entirely outside a building or out-building, and shall be connected to the traps or waste or soil pipes by brass ferrules or by other means approved by the responsible officer of the Authority.

Section 74—Soil Vent Pipes.—The upward extension from the soil pipes for ventilation shall always pass in as direct a manner as possible above, and, if necessary, through the roof.

Section 75—Anti-siphonage Vents.—Traps must be prevented from siphoning by proper ventilation, in accordance with the requirements of section 80. Such anti-siphonage vents from fixtures shall be carried above the eaves of the building, or joined to the branch or main vent above the level of the fixture, unless special permission to the contrary is granted.

These vent pipes shall be connected to the waste or soil pipe at a point not less than 3 inches, nor more than 12 inches, from the crown of the trap, and on the opposite side of the water seal to the fixture.

Section 76—Height of Vents.—Every vent pipe extending upwards from a soil or drain pipe shall be carried not less than 6 feet higher than any window or door within a distance of 30 feet thereof, and always at least 21 feet above ground level and 6 feet above the level of the eaves or coping, or to such additional height as may be necessary to prevent effectually the escape of foul air into any building or out-building within the vicinity.

Where the vent pipe extends into a gable of the building or out-building, it shall further be carried at least 2 feet above the point of intersection with the roof.

Such pipe shall, where necessary, be provided with sufficient clips or stays to support it effectively.

Section 77—Chimneys.—No chimney shall be used as a ventilator to any drain, soil, or waste pipe.

Section 78—Vents near Chimneys.—Vents must, as far as possible, be kept away from chimneys and ventilating air shafts. Where a ventilator pipe terminates six feet or more from a chimney opening or ventilating air shaft, the requirements of section 76 shall apply, but where the distance is less than six feet the vent pipe shall, unless otherwise ordered, terminate not less than two feet below the top of such chimney or air shaft.

Section 79—Vent Pipe Grades.—All vertical lines of vent pipes shall connect, full size, at their bases with a soil, waste, or drain pipe at an angle of not less than 45 degrees to the horizontal, and shall extend in undiminished size above the roof, or be connected to the soil, waste, or vent stack, in compliance with the requirements of section 80, on a grade sufficient to avoid the collection of water.

All intermediate bends or offsets shall be at a grade of not less than 45 degrees to the horizontal.

Vent pipes shall not be used as waste or soil pipes.

Section 80—Combining of Vents.—The various vents may be combined by branching together those which serve traps of the same class. The vent pipes may be branched into a soil or waste pipe of the same class above the level of the highest fixture.

Section 81—Galvanized Sheet-iron Vent Branches.—Where a branch is required to a galvanized sheet-iron vent pipe, a brass saddle piece bolted and soldered to the vent shall be used.

Provided that—

- (i) No vent shall be less than 1½ inches in diameter, and in no case shall a main or branch vent have a diameter less than one-half that of the soil, combined waste, or waste pipe which it serves.
- (ii) For 2-in. and 2½-in. waste pipes the main or branch vent shall have a diameter of not less than 1½ inches.
- (iii) No branch vent need be larger in diameter than the soil, combined waste, or waste pipe which it serves.
- (3) *Individual Anti-siphonage Vents.*—The sizes of individual anti-siphonage vents shall be not less than the sizes determined from the diameter of the fixture trap served, in accordance with the following table:—

Diameter of Fixture Trap.	Minimum Permissible Size of Anti-Siphonage Vent.	Diameter of Fixture Trap.	Minimum Permissible Size of Anti-Siphonage Vent.
Inches.	Inches.	Inches.	Inches.
1½	1½	3	2
2	1½	4	2
2½	2		

PART 5.—PLUMBING.

DIVISION 24.—GENERAL.

Section 90—Waste Pipes.—Except as provided in section 97, separate waste pipes shall be provided for each of the following classes of polluted water, viz.:—

- (a) Dirty water from baths, sinks, lavatory basins and wash troughs, and other water containing a small proportion of soap and/or dirt.
- (b) Greasy water from kitchen and scullery sinks or other fixtures, in such cases where grease traps are ordered or required.

Section 91—Soil Pipes.—Soil pipes shall be provided for soil water from closets and other water containing faecal matter, and for urinal waters from slop sinks and urinals and, where directed, for discharges from operating theatres and mortuaries, and in no case shall such waters be discharged into any waste pipe as defined by this By-law, except by permission of the Authority.

Section 92—Connections to Drains.—Except as provided in section 97 all waste pipes shall discharge under the grating of a yard gully or into a disconnector trap. All soil pipes, including those for urinals and slop sinks, must be connected direct to the drain. No waste pipe shall be laid in the ground outside any building or outbuilding unless by special permission.

Section 93—Flashing, &c.—All troughs, sinks, and other fixtures which are placed less than 3 inches, and all baths fixed less than 6 inches clear from any wall, shall be flashed with 5-lb. sheet lead, 24-gauge copper, bronze, brass, nickel-silver, or monel metal, or other approved material. Twenty-four-gauge sheet galvanized iron may be used for fixtures other than sinks.

All such flashings shall be turned up the walls at least 4 inches, except where the walls are tiled, when the flashings shall be carried up at least 1 inch behind the tiles. Baths and other fixtures having turned-up flanges for use against tiled walls in lieu of sheet-metal flashing shall be properly supported to prevent settlement, and the tiles shall be brought hard down on to the surface of the fixture. Such tiles or sheet materials shall be securely bedded upon cement mortar in an approved manner for a height of at least 3 inches above the fixture. The flange of the fixture shall lap behind the tiles or sheet materials not less than ½ inch where the fixture is supported on brick or concrete walls carried up from permanent foundations, and not less than ¾ inch if the fixture is supported on material other than brick or concrete. All flashing shall be properly secured and made watertight, and shall be bedded for a width of not less than 1 inch along the edge nearer the fixture in red or white lead.

Section 94—Fixtures Not to Abut Against Walls.—Unless otherwise directed or permitted sinks, tubs, and similar fixtures situated in buildings, other than private houses, where food for human consumption is prepared, manufactured, or stored for sale, and draining boards, slabs, and plates used in connexion with such fixtures, shall not abut against any wall, but shall have a clear space not less than 6 inches between such fixtures and any wall surfaces or obstructions.

Section 95—Bib-cocks.—Internal bib-cocks shall not be permitted unless a sink, lavatory basin, or other approved fixture, or a properly drained impervious floor, is provided underneath.

Section 96—Pipes through Roof.—Where any vent, waste, or soil pipe passes through any roof, a suitable lead collar or approved flashing shall be soldered or otherwise fixed to the pipe and also to the roof in such a manner as will make the roof perfectly watertight.

No. 221.—9623/41.—2

Section 97—Combined Wastes—Combined Pipe System.—The Authority may approve of the adoption of the combined pipe system for plumbing installations, subject to the following conditions and such other conditions as it may think necessary in any particular case, viz.:—

- (a) Application shall be made in writing by the owner or his authorized agent.
- (b) Plans shall be in accordance with section 9.
- (c) The size and arrangement of all soil, waste, combined waste, and vent pipes shall be approved by the Authority.

DIVISION 25.—SOIL, WASTE, AND VENT PIPES.

Section 98—Materials.—Except by permission of the Engineer, no material shall be used for soil pipes, other than cast-iron, 7-lb. lead, brass, stoneware, or ceramic ware, and for waste pipes, other than wrought-iron, cast-iron, 6-lb. lead, brass, copper, stoneware, or ceramic ware.

Section 99—Lead Pipes.—The minimum permissible weight of lead for soil pipes shall be 7 lb. per square foot, and for waste pipes 6 lb. per square foot.

Section 100—Wrought-iron Pipes.—All wrought-iron or wrought-steel pipes and their fittings shall be approved standard weight and quality and galvanized or lined to the approval of the Engineer.

Section 101—Cast-iron Pipes.—All cast-iron pipes shall be sound, free from holes and cracks, and coated with approved bituminous composition, or lined with glass enamel or other approved material.

Cast-iron pipes and their fittings, where laid in the ground, shall comply with the standard approved by the Authority for cast-iron water pipes and their fittings of similar diameter. Cast-iron pipes for use in other situations shall have a minimum thickness of 3-16 inches measured in the case of lined pipes without the lining, and their fittings shall correspond with them in weight and quality. All junctions shall be curved; right-angled junction shall not be made.

Section 102—Height of Soil Pipe above Fixture.—Where lead, copper, brass, or cast-iron soil or waste pipes are fixed outside a wall for upstairs fixtures, the lead, copper, brass, or cast-iron pipes shall be carried at least 2 feet above the level of the highest fixture attached to the pipe.

Section 103—Copper and Brass Soil Pipes, &c.—Copper or brass pipes for soil, combined waste, or waste pipes shall be seamless, solid drawn tube connected in accordance with the provisions herein, and shall be of a diameter and thickness not less than those given in the table hereunder.

Nominal Internal Diameter.	Minimum Permissible Actual Internal Diameter.	Minimum Permissible Wall Thickness (S.W.G.)		British Standard Pipe Thread for Screwed Connections.
		Screwed Connexions.	Braced or Compression Joints.	
Inches.	Inches.			Inches.
1½	1½	12	16	1½
2	1½	11	16	2
2½	2½	11	14	2½
3	2½	10	14	3
4	3½	8	12	4

Section 104—Use of Lead Pipes.—Lead pipes shall not be used where, in the opinion of the Engineer, such pipes would be liable to damage.

Section 105—Supporting Lead Pipes.—Lead pipes shall be supported by cast lead tacks of approved dimensions, wiped on to the pipe or by other approved fastenings, and such fastenings shall be arranged as nearly as possible thus—

4-in. vertical lead pipes—2-ft. 6-in. centres.

4-in. horizontal lead pipes—2-ft. centres.

Less than 4-in. vertical pipe—3-ft. centres.

Less than 4-in. horizontal pipe—2-ft. 3-in. centres.

Two pairs of tacks, fixed opposite, are sufficient for fixing lead flush pipes from cisterns.

Section 106—Minimum permissible Gradients.—The following are the minimum gradients to be adopted for soil and waste pipes:—

Diameter of Pipe.	Minimum Gradient.
1½ inch	1 in 18
1½ inch	1 in 20
2 inches	1 in 24
2½ inches	1 in 30
3 inches	1 in 36
4 inches	1 in 40
5 inches	1 in 50
6 inches	1 in 60

Section 107—Length of Unvented Waste Pipes.—Waste pipes need not be ventilated unless they exceed 10 feet in inclined length or 18 feet in vertical length, provided that there is only one fixture attached to the waste pipe, and provided that the water seal of the trap is not reduced by siphonage or other cause. Where there is more than one fixture, or the water seal is reduced, a vent pipe shall be supplied to the fixture trap or traps.

Section 108—Junctions.—Where a waste or soil stack is branched into a graded waste, soil, or drain pipe, the branch fitting shall have an angle of not less than 45 degrees to the horizontal, and the length of the branch of the fitting shall be such that the vertical projection of the attached stack will be wholly outside the area of the junction with the graded pipe.

Section 109—Sealing of Pipes.—Wherever a fixture is abolished, the soil, waste, vent, and water supply pipes to such fixture shall be removed, or, if allowed by the Authority to remain, the ends of the pipes shall be sealed with water-tight imperishable materials.

Section 110—Sheet Metal Bends and Offsets.—All sheet metal bends and offsets for flush and vent pipes shall be bent or pressed. Mitred elbows will not be permitted.

Section 111—Concealment of Pipes.—All soil, waste, and main vent pipes and traps shall, except where passing through walls, partitions, and floors, be reasonably accessible at all times for inspection and convenience of repairing.

(a) In hospitals and similar institutions, all soil, waste, and main vent pipes, where practicable, shall be fixed on the outside of external walls or in pipe ducts having a minimum width of 2 feet and minimum area of 9 square feet (measured clear of all pipes or other obstructions) and shall be so arranged as to facilitate inspection and maintenance at all times. Such pipe ducts shall be provided with access doors so placed as to permit ready inspection of every straight line of waste or soil pipe or main vent pipe.

(b) In buildings other than hospitals and similar institutions, if soil, waste, or main vent pipes are concealed within pipe ducts or recesses in walls, such pipe duct or recess shall—

(i) be provided with approved means of access and have a width of not less than 2 feet and a minimum area of 9 square feet (measured clear of all pipes or other obstructions); or

(ii) have at least one of its sides constructed of woodwork, brickwork in lime mortar, terracotta, or gypsum blocks, plaster on expanded metal lathing, or other approved material, so constructed and fixed as to be capable of being removed independently of and without damage to any other part of the structure and provided with inspection openings so placed as to allow ready inspection and maintenance of every straight line of soil or waste or main vent pipe.

(c) Branch and anti-siphonage vent pipes may be concealed in hollow walls or may be built in lime mortar in wall-chases provided the pipes and fittings are made of cast-iron or wrought-iron or steel pipe, or of brass or copper of thickness not less than 12 gauge where screwed fittings are used, and not less than 16 gauge where compression fittings are used, with fittings to correspond, or when joints are brazed.

In no case, except by special permission, shall junctions be built into walls.

(d) All inspection or access openings to concealed pipes shall be finished throughout with smooth surfaces, and shall be of such size and shape as to permit the entrance of cleaning tools, as required, to the pipe.

For the purpose of this section a straight line of soil, waste, or main vent pipe shall be taken to include any offset or deviation from the straight line of not more than 45 degrees and not more than 3 feet in length.

Section 112—Concealed Standing Wastes.—Concealed standing wastes will not be permitted.

Section 113—Painting.—All external plumbers' work and all cast-iron cisterns and brackets, woodwork in connexion with plumbing installations, sheet-iron flush pipes and sheet-iron storage tanks and trays shall be painted, after inspection, to the approval of the responsible officer.

DIVISION 26.—JOINTS.

Section 114—Stoneware, Cement, or Cast-iron Pipes.—Joints of stoneware, cement, or cast-iron pipes shall conform with the requirements of Division 20.

Section 115—Lead Pipe.—All joints to lead pipe shall be plumber's wiped joints.

Section 116—Wrought-iron Pipe.—The screwed ends and sockets of each particular size of wrought-iron or wrought steel pipe shall be so formed and the threads so cut that the ends of the pipe will butt against each other when screwed home in the sockets; bends, junctions, and similar fittings

shall be similarly formed and screwed so that when the pipe ends are screwed home the bore will be continuously uniform, and without breaks or pockets. The burr shall be neatly filed off on the inner edge of all pipe ends. All screwed joints shall be made with approved jointing material.

Section 117—Wrought-iron Pipe to Lead Pipe.—All joints between wrought-iron and lead pipes shall be made by means of brass unions screwed to iron, and wiped to lead.

Section 118—Brass or Copper Pipes.—Joints of brass or copper pipes shall be made by means of screwed or compression fittings approved, tested, and stamped in accordance with the provisions of section 30, or by means of brazing or other approved method. All brazed work shall be inspected and approved by the Inspecting Officer before installation.

Section 119—Lead Pipe to Cast-iron Pipe.—The connexion of lead pipes or traps to cast-iron pipes shall be made by means of brass ferrules. The brass ferrules shall be lined with and connected to the lead pipe or trap by means of a wiped joint, and connected to the cast iron by inserting ferrule in socket thereof, and making the joint in the same way as in cast-iron pipe.

Section 120—Sheet-iron Pipe to Cast-iron Pipe.—All connexions of galvanized sheet-iron to cast-iron pipes shall be made with molten lead, lightly but tightly caulked in to cast-iron sockets, or with approved material.

Section 121—Sheet-iron pipe to Wrought-iron Pipe.—Galvanized sheet iron pipes shall be connected to wrought-iron pipes by means of brass unions or sleeves soldered to the sheet iron and screwed to the wrought-iron, or by means of a wrought-iron socket which is screwed to the wrought-iron pipe and into which the sheet-iron pipe is lightly but tightly caulked with molten lead.

Section 122—Sheet-iron Pipe to Lead Pipe.—Connexions of sheet-iron pipes to lead pipes shall be made by means of brass sleeves wiped to the lead pipe, and soldered to the sheet-iron pipe, or by means of a cast lead collar which is wiped to the lead pipe and into which the sheet-iron pipe is caulked as directed, or soldered and jacketed.

Section 123—Concrete or Stoneware Pipe and Traps to Lead Pipe.—Connexions of lead pipe to stoneware or concrete pipe shall be made by means of a brass ferrule connected to the lead pipe by means of a wiped joint, and connected to the stoneware or concrete pipe by inserting it in the socket thereof, and making a cement mortar joint.

The connexion of a stoneware or concrete trap to a lead pipe shall be by means of a cast lead or brass socket, and the joint made with bitumen or other approved material. The lead pipe shall be connected to the tail end of the brass or lead socket by means of a plumber's wiped joint.

Section 124—Connexion of Closet Pan Traps to Soil Pipe or Drain.—Connexion of a closet pan to a soil or drain pipe shall be made by means of a bituminous jointing material, consisting of a mixture of approved bitumen and finely graded inert mineral filler in equal proportions, filled in solidly into faucet of soil or drain pipe and neatly splayed off, or by other approved method. In the case of lead soil pipes, a cast-lead or brass faucet shall be used and connected to the lead pipe by means of a wiped joint.

Section 125—Cistern Flush Pipe to Closet Pan.—The flushing pipe from cistern shall be connected to the water-closet pan by a lead cap piece of not less than 4-lb. lead, packed with red lead or other approved material. The cap piece shall be jointed to galvanized sheet-iron, copper, brass, or drawn-steel pipe by means of a soldered joint. The connexion of the flushing pipe to cistern shall be by means of a brass union, wiped to lead pipe or soldered to sheet-iron pipe. Copper or brass pipe shall be connected to cistern by means of a brass ring, with nut brazed to pipe, or by other approved means.

Section 126—Vent Pipe to Closet Pan.—Vent pipe shall be connected to the vent horn of water-closet trap by a lead cap piece with red lead packing or by other approved methods. The cap piece shall be jointed to copper or brass pipe by means of a soldered joint and to lead flush pipe by a soldered or wiped joint.

Section 127—Outlet Fittings to Fixtures.—Connexions between outlet fittings and such fixtures as baths, sinks, basins, &c., when the latter are constructed of cast-iron, plate-iron, ceramic ware, or concrete, shall be made with lock nuts. The outlet fitting shall in all cases be connected to the waste pipe by means of a union.

When these fixtures are made of sheet-metal lighter than 20 gauge soldered connexions may be used in lieu of lock nuts.

Section 128—Waste Pipes to Troughs.—Connexions of waste pipes to wash troughs shall be made as under:—

(a) Cement troughs, unless otherwise approved, shall have cast-iron outlets.

(b) Sheet-metal troughs shall be connected to the waste pipes in compliance with section 127.

(c) For wooden troughs, lead, copper, or brass waste pipes shall have flanges connected to the waste pipes in accordance with the provisions of this By-law, and fastened to the underside of the trough with round-head brass screws, and the waste pipe shall then be turned over inside the trough and the plug-casting bedded over it with red lead putty and screwed to trough with brass-wood screws.

Where wrought-iron or other screwed pipes are used the plug must be connected to the trough by means of a lock nut in lieu of flange.

DIVISION 27.—FIXTURE TRAPS.

Section 129—Fixtures to be Trapped.—Every fixture shall be effectively trapped unless otherwise permitted, in writing, by the Engineer. Separate traps shall be provided for each fixture, except lavatory basins, sinks, or troughs, which may be connected in pairs if abutting.

Section 130—Omission of Traps.—Baths, lavatory basins, wash troughs, and sinks may remain untrapped where they are fixed in the open air or in a detached out-building not used as a living room, workroom, or room for the preparation, cooking, or storage of food, and not connected directly, by openings, with the main building or residence, provided that the length of the waste pipe, measured from the furthest inlet to the waste pipe outlet, does not exceed 6 feet.

Section 131—Position of Traps.—Traps shall be placed as near the fixtures as possible, and nowhere shall a trap be more than 2 feet from its fixture, except as provided in section 180, unless otherwise specially permitted by the Engineer.

Section 132—Materials of Traps.—Traps for all fixtures other than water-closets, housemaids' slop sinks, and urinals shall be of copper, brass, or drawn lead.

Section 133—Depth of Water Seal.—Every trap shall have a water seal of not less than two inches.

Section 134—Closet-pan Traps.—Outlets from closet-pan traps shall be of not less than $3\frac{1}{2}$ -in. nor more than 4-in. in diameter except for siphonic pans.

Section 135—Sealed Disconnecter Traps.—Where approved by the Engineer, sealed disconnecter traps may be fixed outside or inside the building or out-building, but in such cases breather pipes or fresh air inlets of the same diameter as disconnecter traps shall be taken above the level of the lowest fixture, or to such other height as directed, and when the trap is inside shall be led to the outside of the building or out-building. The material for such breather pipes shall be the same as for waste pipes; sheet iron will not be allowed. Inspection openings to such traps shall be sealed with screwed plugs, or as otherwise approved by the Engineer.

Section 136—Form of Trap.—The "P" form of trap shall be used in preference to the "S" form where in the opinion of the Engineer, it is equally suitable for the situation.

Section 137—Lead Traps.—All lead traps must be of the weights specified in section 98 for lead pipes of the same diameter.

DIVISION 28.—GRATINGS.

Section 138—Outlet Gratings.—Incorrodible outlet gratings of approved design and material in accordance with the Australian Standard Specification No. B.38, "Metal Alloy Sanitary Fittings," shall be provided for all urinals and housemaids' slop sinks and for all fixtures discharging into waste pipes. If for the fixtures in question there is no Australian standard, the grating shall be to the approval of the Engineer.

DIVISION 29.—CLEANING EYES AND INSPECTION OPENINGS.

Section 139—Provision for Inspection and Cleaning.—Sufficient inspection and cleaning eyes shall be provided in such positions on soil and waste pipes as to be easy of access and easily opened for proper inspection and cleansing.

Traps for fixtures, other than water closets, urinals, and slop sinks, shall be provided with approved screwed brass plugs for cleaning purposes fixed under the water line of the trap, unless allowed otherwise by the Engineer.

Section 140—Inspection Openings on Soil Pipes.—In all cases where the vertical stack of soil pipe provides for closets 4 feet or more above the ground level, measured from floor level of water-closet to ground level at foot of stack, an inspection opening eight inches in length having a cover fixed to a flange with brass or bronze bolts or studs and fitted with an approved rubber or insertion gasket, shall be provided in such a position as directed by the responsible officer of the Authority.

DIVISION 30.—GREASE TRAPS.

Section 141—Provision of Grease Traps.—Every fixture or area from which grease or any other objectionable matter is likely to be discharged or conveyed into waste or soil pipes, or house drains, and every sink in all such places as food-packing houses, butchers' shops, lard-rendering establishments, hotels, restaurants, and boarding-houses, and such fixtures, areas, apparatus, or appliances as the responsible officer may direct, shall first discharge into an approved apparatus for preventing the objectionable matter from reaching the soil pipe or drain. Such apparatus shall be of such dimension, design, and construction, and in such positions as the responsible officer may in each case approve.

Section 142—External Grease Traps.—Every grease trap shall be fixed outside the premises whenever practicable and (if not portable) shall be constructed of glazed stoneware, or of concrete, or brick in cement, lined throughout with approved tiling or built of glazed brick with bronze gunmetal, Muntz-metal or galvanized mild steel baffles, and the outlet shall be connected to the drain through a disconnecter trap. The grease trap shall be designed for the particular waste to be trapped both as to capacity and type. Every external grease trap shall be provided with a $\frac{3}{4}$ -in. bib-tap connected with a $\frac{3}{4}$ -in. water service and capable of discharging into the grease trap.

Section 143—Internal Grease Traps.—Wherever a grease trap is used inside a building or out-building it shall be so fitted as to be easily removable, and, if directed, fixed upon a tray. All internal grease traps shall be of copper tinned inside or other approved material, provided with a close fitting cover, and shall be independently ventilated as required by the responsible officer. An internal grease trap which is not removable may be permitted in special circumstances, provided the design permits easy access and cleansing, and special precautions over and above those required for external grease traps are taken.

Section 144—Grease Trap Ventilation.—Unless otherwise approved, every internal grease trap and all external grease traps which are within 30 feet of any door, window, or other opening into a building shall, unless fitted with an approved air-tight cover, have independent provision made for inlet and outlet ventilation.

Every such vent shall be carried not less than 6 feet above any window, door, or other opening into any building within a distance of 30 feet thereof, and in any case at least 2 feet above the eaves or coping, or to such additional height as may be necessary to prevent effectually the escape of foul air into any building within the vicinity.

In all cases there shall be a difference in height of at least 6 feet between the tops of the inlet and outlet vents.

The size of such vents shall be in compliance with the requirements for main vents in section 89, the diameter of waste pipe being taken as that of the outlet from the grease trap and the number of fixture units equivalent to the number represented by the sinks served by the grease trap.

Section 145—Size of Grease Trap.—The dimensions of the grease trap to be provided shall be such as to ensure the congealing and retention of all grease entering such trap.

Section 146—Outlet Pipes.—The outlet pipe from any grease trap must be at least one size larger than that size of pipe which has a cross sectional area equivalent to the total area of incoming waste pipes. In no case, except by special permission, shall the outlet pipe be less than 3-in. diameter for grease traps of copper or other approved metal and 4-in. for stoneware and other materials.

Section 147—Maintenance.—Every grease trap shall be maintained by the occupier at his own expense, and shall be cleaned daily, to ensure that such trap operates in an efficient and hygienic manner.

DIVISION 31.—WATER-CLOSETS AND FLUSHING APPARATUS.

Section 148—Provision of Water-closets.—(1) At least one water-closet, approved by the Authority, shall be provided for each house, building, out-building, or land required by notice from the Authority to be connected with a sewer of the Authority, and for each flat, as defined in this By-law.

(2) Every licensed victualler's property, restaurant, boarding-house, lodging-house, school, shop, factory, office, public building, or building used for public entertainment, shall be provided with water-closet accommodation in accordance with the requirements of the Health Acts and/or Factories and Shops Acts of the State of Victoria, or of any regulations under any of the said Acts, or of other relevant statutory requirements or regulations; provided that, in any property other than a house or flat, which is not provided for in any of the aforesaid Acts, separate water-closet accommodation shall be provided for males and females, one water-closet for each ten or portion of ten persons for whom water-closet accommodation is required.

(3) Water-closets shall be so placed, either within or outside the building, as to ensure the due observance of decency and to be easily accessible to the occupiers of such building.

(4) After the date fixed by notice from the Authority to the owner of any house, building, or land, requiring him to connect the same with a sewer of the Authority, or after such further time as shall be allowed by the Authority for the purpose of such connexion, no privy closet, other than a water-closet approved by the Authority, shall be used in such house or building, or upon such land.

Section 149—Airlocks for Water-closets.—(1) Except as provided in sub-section (2) hereunder, no water-closet or urinal compartment within a building shall be entered directly from any room used for human habitation or for the manufacture, preparation, or storage of food for human consumption, or used as a factory, workshop, or work place.

In cases where otherwise such closet or urinal compartment would be directly entered from any such room, an airlock shall be provided, having a floor area of not less than twenty square feet, and lighted and ventilated in accordance with the provisions of section 151.

In private residences a hall, passage, lobby, or stair-case may be considered as an airlock, provided it has a floor area of not less than twenty square feet and complies with the requirements of sections 151 and 152.

(2) The airlock may be omitted where a water-closet, within any building, is intended solely for the private use of not more than two persons and opens off a room normally occupied by those persons only, provided that such room is not used for the manufacture, preparation, storage, or consumption of food, or as a factory, workshop, or work place.

(3) No airlocks will be required where ventilation, in accordance with section 153, is provided to water-closet or urinal compartments.

Section 150—Lighting and Ventilation of Water-closets.—Except as provided in section 152, every water-closet or urinal compartments within a building shall comply with the following conditions:—

(a) One of its sides shall be an external wall of such building, abutting on to a street or lane, or an open space within the property, having a width of not less than four feet and an area not less than the following:—

	sq. ft.
For first story above floor level of open space	36
For second story above floor level of open space	72
For all other stories above floor level of open space	100

Each water closet or urinal compartment shall be provided with a window in such external wall having a clear light area of not less than three square feet per closet pan and capable of being opened.

(b) Each water-closet or urinal compartment shall be provided with direct ventilation to the open air from a point near ceiling level and a floor vent. Such ventilation shall be provided by a vent, or vents, carried as direct to the open air as is practicable, and boxed throughout, and having a minimum clear area at any point of not less than 27 square inches per closet pan.

(c) Glazed louvres may be used in lieu of windows and ventilators, subject to their providing a clear light area of not less than three square feet per closet pan and a clear ventilating area of not less than 27 square inches per closet pan.

Section 151—Lighting and Ventilation of Airlocks.—(1) Each airlock shall be:—

(a) Provided with a window made to open or glazed louvres on an external wall, having a clear area of not less than 3 square feet for each 100 square feet, or part of 100 square feet of floor area of airlock; and
(b) separately lighted by electricity and provided with a switch within the airlock.

(2) Except as provided in sub-section (3) of this section, every airlock shall be provided with direct ventilation to the open air from a point near ceiling level.

Such ventilation shall be provided by a vent, or vents, carried as direct to the open air as is practicable, and boxed throughout, and having a minimum clear area at any point of not less than 27 square inches for every 100 square feet, or part of 100 square feet of floor area of airlock.

(3) In private residences, the requirements of sub-section (2) of this section may be omitted, provided:—

(a) That the floor area of the airlock is not less than 20 square feet, and that the doors of water-closets are fitted with approved self-closing devices, or

(b) that other provisions are made to the approval of the Engineer.

Section 152—Alternative Methods of Lighting and Ventilating Water-closets and Airlocks.—(1) Subject to the approval of the Engineer first obtained, in writing, water-closet or urinal compartments, and airlocks in buildings, other than hospitals and similar institutions, may be ventilated by one of the following methods, instead of by the method set out in sections 150 and 151:—

(a) (i) In buildings up to four stories in height (measured from the floor of the lowest water-closet or urinal compartment to be so ventilated) the water-closet and urinal compartments and airlocks may abut on to a ventilating shaft, open to the sky and carried to such height as may be necessary to prevent the deflection of wind currents down the shaft by neighbouring structures.

No rooms, other than water-closet and urinal compartments, airlocks, and bathrooms, may open on to such shaft.

The area of such ventilating shafts, and the maximum number of water-closets or urinals to be served by any one such shaft, shall be as shown in the following table:—

Height of Ventilating Shaft in Stories.	Minimum Area of Ventilating Shaft.	Maximum Permissible Number of Closet Pans or Urinals on any Vent Shaft.
1 or 2	16 square feet	4
3 or 4	1st and 2nd stories—16 square feet 3rd story—20 square feet Top story—24 square feet	10

No dimension of such ventilating shaft shall be less than 4 feet.

(ii) In buildings in which such ventilating shaft is three or four stories in height, a ventilating duct having a clear area of not less than two square feet, shall be carried from the bottom of the ventilating shaft to an external wall, and shall be boxed throughout.

(iii) Every water-closet or urinal compartment or airlock which abuts on to a ventilating shaft as afore-mentioned shall have a window, capable of being opened to such shaft, with an effective glass area at least equal to one-fifth of the floor area of the compartment, with a minimum of four square feet, and shall be provided with ventilating openings to the ventilating shaft, having a total clear area at any point of not less than 50 square inches per closet pan.

(iv) Where water-closets or urinals are situated in a basement or cellar, in addition to the above-mentioned requirements, there shall be provided a ventilating duct, carried through the roof, and fitted with an approved cowl designed either to give a positive up draught or down draught in the duct, at the option of the owner. Such ventilating duct and cowl shall be capable of changing the air in each water-closet or urinal compartment or airlock served by it, at least six times per hour, when subject to a wind velocity of four miles per hour, the inside and outside temperatures being equal.

Ventilating ducts serving different compartments may be combined, but the minimum area of any ventilating duct shall be 25 square inches for each closet pan or urinal served by the said duct.

(b) The water closet or urinal compartment may be ventilated by a mechanical system of exhaust ventilation in compliance with the requirements of section 153.

(2) Every water-closet or urinal compartment permitted by the Authority to be ventilated in accordance with this section shall be separately lighted by electricity and provided with a separate switch within the compartment.

Section 153—Mechanical Ventilation.—(1) Every system of mechanical ventilation shall be approved by the Engineer and be capable of changing the air contents of the water-closets served at least six times per hour.

(2) In every case, the ventilating fan and the power unit operating same shall be in duplicate, unless the main air shaft shall, in the opinion of the Engineer, be designed to act as an efficient natural vent in the event of the mechanical equipment failing.

(3) Upon completion, the owner or his representative shall carry out such tests of the ventilating system as the Authority may deem necessary.

(4) Such mechanical system shall be operated continuously and maintained in good working order and condition, under the direction of a properly qualified person.

(5) Any such mechanical system shall be open to inspection by the officers of the Authority at all reasonable times, and shall be subject to such tests as the Authority shall from time to time direct.

(6) Subject to the requirements of section 111, air shafts may be used also as pipe shafts.

(7) The failure, for a period longer than 48 hours, of any such ventilating system, to operate efficiently, or to fulfil the requirements of this section, shall be an offence against this By-law.

Section 154—Construction of Water-closets.—

- (a) Each closet apartment shall be not less than 3 feet wide and 5 feet long, inside measurements, and the walls shall be at least 7 feet high at the lowest part.
- (b) The floors of all internal water-closet apartments shall be constructed of concrete of not less than 4 inches thickness or of other approved impervious material and graded as directed, or they shall be provided with safes of lead or other approved material in accordance with the requirements of sections 185, 186, and 187.
- (c) The floors of all external water-closets shall be constructed of concrete not less than 4 inches thick, and graded as directed.
- (d) In wooden water-closets the bottom plates and plinths shall be of approved timber and the frame shall be securely fastened to the floor and made rigid, without attachment to fences.
- (e) Where repairs to wooden closet buildings are required, the studs shall be cut back to sound timber and new plates fixed to the sound ends and bedded and secured to dwarf concrete or brick walls extending up to such a height as is necessary to give the required height from the floor to the level of the top wall plates.

External closet doors shall be saw-toothed on top, and a space of 3 inches shall be left between bottom of door and floor, or other approved means of ventilation provided.

Section 155—Fixing Closet Pan.—On concrete floors, or floors of tiles set in concrete, the closet pan shall be securely bedded upon concrete or cement mortar and fixed with brass screws to approved lead dowels set in the floor. Where the floor is of timber covered with an approved impervious material the closet pan shall be secured to the timber by means of brass screws as directed or, by other approved means.

Section 156—Closet Pans.—Every water-closet shall be furnished with a pan of non-absorbent material of such shape, capacity, and construction as approved by the responsible officer. Water-closet pans and fittings thereto shall be entirely open to inspection and without any enclosure. Vent horns shall be provided on pans where directed, even if no anti-siphonage vent is required. If not used for a vent such vent horn shall be sealed with a lead disk, bituminous filler, and a lead cap piece, or by other approved method.

Section 157—Closet Pan Seats.—All closet pan seats must be of the flap or hinged tip-up type. Except as approved by the responsible officer, all seats shall not be less than 1 inch in thickness and constructed of approved material. When constructed of wood, four-piece seats shall be glued and either doweled or bolted, and one-piece seats shall be reinforced with two wood or brass slips let in flush on the underside. To prevent fouling of pan, the closet seat openings must not be larger than 10½-in. x 9-in., and seats with holes so large as to cause fouling of the pan must not be used, provided that open front seats of approved design may be used. Pans must measure at least 12 inches between the lower edge of the front and back faces of flushing rims. Water-closet seats must be provided with approved buffers to prevent damage to the pan, and an approved buffer clip must be fixed to the flush pipe at a suitable height from the pan.

Section 158—Flushing Apparatus.—Approved apparatus shall be provided for the effective application of water to the pan of the water-closet and for the efficient flushing and cleansing of the pan and effective removal therefrom of any solid or liquid matter which may from time to time be deposited therein. Such apparatus shall have a flushing capacity of not less than 2½ gallons, and shall be so constructed, fitted, and placed as to supply water for use in the pan without any direct communication with any service water pipe upon the premises.

Section 159—Flushing Cisterns.—Flushing cisterns shall be of cast iron, glass enamelled porcelain, stoneware or other material approved by the Engineer, and shall be fixed at such height as will effectively flush the pan; but, except by special permission, no cistern shall be fixed at a less height, measured from top of seat to bottom of cistern, than 5 feet, where 1½-in. flush pipe is used, or 4 ft. 6 in. where 1¼-in. flush pipe is used. There shall be a distance of at least 9 inches between top of cistern and ceiling of closet.

Every cistern shall be provided with an approved ball tap and shall have a separate stop-tap and an overflow of ½-in. internal diameter, and shall be fixed to cistern boards not less than 12 inches deep and 1½ inch thick, or fixed in other approved manner.

Water supply pipes to cisterns shall be adequate to fill any cistern at the rate of not less than 1 gallon per minute.

Section 160—Flush Pipes.—Flush pipes to closet pans shall be of brass, copper, 6-lb. lead, galvanized-iron of not less than 22-gauge, or other approved material, and shall have a minimum diameter of 1½-in.

Section 161—Flushing Apparatus other than Cisterns.—Notwithstanding anything contained in this By-law, closet pans in any building may be flushed by means of any apparatus which—

- (a) automatically controls the amount of water used, and/or
- (b) is approved by the Authority.

Section 162—Storage Tanks.—Except where otherwise allowed by the Authority, on request, in writing, by the owner accepting all responsibility in the matter, internal water-closets shall be provided with storage tanks capable of holding 6 gallons of water for each occupant of the building, with a minimum of 60 gallons per closet for all buildings except private residences, which shall have a minimum capacity of 30 gallons, and flats with separate external entrances, which shall have a minimum capacity of 30 gallons per tenement. These tanks may be of 22-gauge galvanized sheet iron or 24-gauge galvanized corrugated iron.

Unless otherwise directed by the responsible officer, the storage tanks may be placed in the water-closet compartment itself, on the roof over a flat or gutter, or in an accessible place between the ceiling and the roof, in which latter case a safe of galvanized-iron, lead, or other approved impervious material, with over-flow, shall be fixed under the storage tank.

Section 163—Venting Closet Pans.—Unless otherwise directed or permitted, every closet pan on an upstairs floor shall discharge into a soil-ventilator pipe, except that any closet pan on a floor which is not more than 8 feet in height from the ground surface level may be ventilated by an anti-siphonage vent only, in accordance with the requirements of sections 75 and 89, and discharge into a soil pipe without extension as a ventilator pipe; provided that no fixtures at a lower level are connected to such soil pipe.

Any closet pan where ordered, and, also, unless otherwise directed, every internal closet pan which is more than 4 feet from a fully vented soil-pipe drain as measured along the axis of the pipe between the centre of soil pipe and centre of pan, shall be ventilated by an anti-siphonage vent in accordance with the requirements of section 89, sufficiently close to prevent siphonage, and in no case more than 18 inches from the trap. Notwithstanding the above, all "S" trap pans must be provided with anti-siphonage vents.

Section 164—Grouped External Closets.—Where there are two or more external water-closet pans grouped on the ground floor or in the yard of any premises special provision to prevent siphonage may be ordered by the Engineer.

DIVISION 32.—URINALS AND FLUSHING APPARATUS.

Section 165—Urinals, General.—In every licensed victualler's property, restaurant, boarding-house, lodging-house, school, shop, factory, office, public building, or building used for public entertainment, urinal accommodation shall be provided in accordance with the requirements of the Health Acts and/or Factories and Shops Acts of the State of Victoria, or of any regulation under any of the said respective Acts or of other relevant Acts.

Section 166—Internal Urinals.—The positions, approaches, arrangement of lighting, ventilation, &c., for urinals shall comply as nearly as possible with the provisions set out in this By-law as to internal water-closets.

Section 167—Details of Construction, &c.—Except by special permission, only round-backed stall type urinals of approved impervious material shall be used. The soil pipe shall be of lead, stoneware, or glass, enamelled or coated cast-iron, or other approved material, shall be kept as short and free from bends as possible, and shall be trapped. Inspection openings shall be provided on soil pipes as directed, with clamped covers. The urinals shall be provided with approved flushing apparatus, and a hose tap shall be provided in a suitable position for hosing down.

Section 168—Treatment of Floors.—The floor in front of a urinal shall be covered with approved impervious material for a width of not less than 2 feet, or, if raised above floor level of urinal compartment, not less than 1 ft. 6 in., and graded to drain to urinal.

Impervious Materials.—The following materials will be considered impervious:—

- (a) For urinals: glazed fire clay or salt-glazed stoneware.
- (b) For floors in front of urinals: approved tiles set in cement mortar (composed of equal parts of cement and sand), concrete 4 inches thick rendered with ½-in. thick cement mortar, slate, marble, or asphaltum.

Section 160—Flushing Apparatus.—Pull and chain flushing cisterns or other approved apparatus operated by hand shall be fixed on all urinals except where automatic flushing cisterns are permitted or directed by the Engineer.

Section 170—Flushing Cisterns.—The discharge from a cistern shall be equal to 1 gallon for each urinal stall, except where otherwise allowed by the Authority, but in no case shall more than three stalls be served by a single-flushing apparatus.

The height of a cistern shall, unless otherwise allowed by special permission, be at least 6 ft. 6 in. from the floor to the bottom of the cistern. The cistern shall be so fixed that the ball tap is accessible.

A separate stop tap shall be provided for each urinal cistern.

Section 171—Flush Pipes.—Flush pipes for urinals shall be of brass or copper with gunmetal fittings, and shall have a minimum diameter of 1½-in., except that flush pipes for automatic flushing cisterns generally shall not exceed—

For 1-gallon cistern, ¾-in. internal diameter.

For 2-gallon cistern, 1-in. internal diameter.

For 3-gallon cistern, 1½-in. internal diameter,

with branches as directed by the responsible officer of the Authority.

DIVISION 33.—SLOP SINKS.

Section 172—General.—Slop sinks shall be made in one piece of approved impervious material and provided with approved flushing apparatus of 2½-gallon capacity.

Section 173—Ventilation, Light, &c.—Slop sinks shall be so placed and ventilated as to comply with the requirements for internal water-closets as set out in this By-law.

Section 174—Bibcock over Slop Sink.—A bibcock shall be fixed directly over a slop sink, and at least 18 inches above such sink. A pedestal pan must be used wherever combined water-closet, slop sink, and internal urinals are required, and in such case must be provided with hinged tip-up seat. A lead safe of suitable area must be fixed under the pan.

DIVISION 34.—WASH TROUGHS.

Section 175—General.—Every wash trough shall be of approved pattern and material, securely fixed and graded to outlet pipe, fitted with brass strainer sunk to level of bottom of trough.

Section 176—Support for Lead Waste Pipe.—Where the distance between outlets on troughs exceeds 21 inches and lead waste pipe is used, the pipe shall be supported either by a lead tack wiped on the top of the pipe or by a wooden block screwed to the bottom of the trough and clamped to the pipe.

Section 177—Troughs Abutting Against Brick Wash Copper.—Wherever the end of a wash trough abuts against the brick-work of a wash copper, the space between the end of trough and the brick-work shall be filled with approved water-proof material, and made water-tight.

DIVISION 35.—SINKS, BATHS, LAVATORY BASINS, AND SHOWERS.

Section 178—Sinks.—All sinks shall be fixed on brackets, and traps and wastes left readily accessible.

Section 179—Galvanized Sheet-iron Baths.—The bottoms of galvanized sheet-iron baths shall be effectively supported. Such baths shall not be enclosed. Longitudinal joints in the bottoms of baths shall not be permitted. Where it is necessary to fix new wastes to galvanized-iron baths, the bottoms of which are unsupported, efficient supports for the bath must be provided before the wastes are fixed.

Section 180—Bath Traps.—Where a bath trap is fixed on the outside of a wall it shall in no case be more than 3 feet from the outlet of the bath, unless by special permission of the Engineer.

Section 181—Baths Without Flashing.—Where pedestal baths are fixed, and it is not desired to flash them, they shall be fixed with a space of at least 6 inches clear of walls.

Section 182—Venting of Lavatory Basins.—Except as hereunder all lavatory basins, placed singly, shall be provided with anti-siphonage vents. Where the length of waste pipe does not exceed 4 feet, measured from crown of trap to outlet end of waste pipe, and siphonage does not occur, the anti-siphonage vent may be omitted.

In ranges of lavatory basins, ventilation by means of a single vent pipe at the upper end of the range will be permitted provided that the vent and main waste pipe are sufficiently large to prevent siphonage.

Section 183—Tip-up Basins.—Tip-up lavatory basins shall not be permitted.

Section 184—Showers.—All shower compartments shall be provided with drainage in accordance with the requirements for baths, and the drainage outlet shall be fitted with brass grating.

The floors of shower compartments shall be well graded to the trapped outlet and shall be constructed of not less than 4 inches of concrete, trowelled smooth or covered with tiles set in cement mortar, or of other approved impervious materials, or if constructed of timber shall be covered with enamelled cast-iron, approved non-corrosive sheet-metal, or other approved material turned up at the edges and flashed, in accordance with the requirements of section 93.

The walls of shower compartments shall be constructed of brickwork or concrete, cement rendered to a smooth finish, or covered with tiles set in cement mortar, or of other approved impervious materials, or if constructed of timber shall be lined with approved non-corrosive sheet-metal or other impervious material, and with impervious joints.

DIVISION 36.—SAFES AND OVERFLOWS.

Section 185—Safes, where Required.—Safes of lead or other approved impervious material shall be fitted under slop sinks and internal water-closets, and in such other positions as directed, where there is not already an impervious waterproof floor, suitably graded and provided with a suitable drainage outlet.

Section 186—Lead Safes in Water-closets, &c.—All lead safes shall be laid with sheet-lead weighing not less than 5 lb. per square foot, and where the whole floor is not covered with lead the safe shall extend 12 inches beyond the sides and 15 inches beyond the front of the pan, measured from the outside of the basin, and shall extend back to and 3 inches up the wall and over-flashed, if directed. The roll of such safe shall be 2 inches wide and ¼ inch high, or as directed. In the case of baths, sinks, and lavatory basin, the lead or other approved impervious materials where directed shall extend 6 inches beyond the ends or sides, measured from the extreme edge of the fitting, and shall be carried back to and up the wall as for closets.

Section 187—Safe Overflows.—Unless otherwise permitted, every safe shall be drained by a separate 2-in. diameter pipe, provided at the inlet with a brass grating and at the outlet into the open air with a flap valve of brass or other approved metal, and shall not connect with any waste pipe, soil pipe, drain, or sewer.

Section 188—Cistern Overflows.—Every cistern supplied with water shall, unless otherwise approved, have an overflow pipe of adequate size discharging in a position where it will not cause damage, but where it will act as a warning pipe. On ground floors where cisterns are fixed over impervious floors graded to drain outside of the room, the overflow may discharge on to such floors, provided no damage is likely to arise therefrom.

Section 189—Discharges from Overflows.—Overflows may discharge into the open air above ground level only when the discharge, in the opinion of the responsible officer, will not cause any inconvenience or nuisance. In all other cases the pipes must be brought to the ground surface or be arranged to discharge where they will not prove a source of annoyance or inconvenience.

Section 190—Steam Exhaust.—No steam exhaust, blow-off condensate, or drip pipe shall be connected with any drain or any soil or waste pipe.

Section 191—Existing Floors.—Where necessary, in the opinion of the responsible officer of the Authority, every existing floor under a fixture shall be regraded and a proper waste pipe and, if directed, a flap valve fixed.

DIVISION 37.—EXISTING FIXTURES.

Section 192.—All existing fixtures, fittings, and appliances not in accordance with this By-law, which the owner may desire to remain unaltered, and which, in the opinion of the Authority, will be inoffensive, may at the distinct request, in writing of the owner, remain unaltered until such time as the Authority shall otherwise order. Existing fixtures, fittings, and appliances which, in the opinion of the Authority, are offensive shall be removed at once.

PART 6.—WATER SUPPLY.

DIVISION 38.—WATER SERVICES TO SANITARY FIXTURES.

Section 193—Supply of Water to Fixtures.—All water closets and other plumbing fixtures shall be provided by the owner with a sufficient supply of water for flushing purposes to keep them at all times in proper and cleanly conditions.

Every owner of property who desires, or has been ordered, to provide sanitary appliances for his own property and to connect his property with the sewers of the Authority, shall before or at the commencement of the work of making such connexion, provide piping approved of by the Authority for the conveyance of water, and shall cause the piping to be joined at the most convenient water supply main, or, with the permission of the responsible officer, to some pipe already joined to the main. Such piping shall be of sufficient capacity to supply all sanitary fittings on the property freely and

continuously, and convey to the flushing cistern, flushing tank, or other flushing apparatus of each water-closet on the property enough water to fill the same at a rate of not less than 1 gallon per minute, and the owner shall cause such piping to be connected with the cistern, tank, or other flushing apparatus before the completion of the work.

The water supply to any fixture shall be so arranged that there shall be an actual physical discontinuity between the water stored or used in any such fixture and that in the water service pipe. The water supply for water-closets or urinals shall not be taken from a storage tank serving a hot water service.

Section 194—Material, Condition, Capacity, &c., of Water Supply Piping.—The entire length of the water supply piping from its connexion with the water supply main to the water-closet flushing cistern, or other fixture, shall be such as is, in the opinion of the responsible officer, suitable in regard to material, condition, and capacity, to convey a sufficiency of water for the sanitary requirements of the particular tenement.

The owner shall keep the piping from becoming, whether by reason of corrosion or other cause, of insufficient capacity to fill the flushing cistern, storage tank, or other flushing apparatus at the rate of not less than 1 gallon per minute.

Section 195—Pipes Not Connected with Sewers.—No water service pipe shall be laid to supply any fixture in any property in any sewerage area unless such fixture is connected with the sewers of the Authority, or unless special permission, in writing, has been previously given to lay such service pipe.

Section 196—Storage Tanks.—Water supply pipes to storage tanks for internal closets shall be not less than $\frac{3}{4}$ -in. diameter, and be provided with stop taps and high-pressure ball valves, except where the water pressure at the storage tank is not sufficient to allow of high-pressure ball valves being used; in such cases the permission of the Engineer shall be obtained to fit low-pressure ball valves. Where the head of the water supply of the storage tank to the flushing cistern is less than 20 feet, a low-pressure ball valve shall be provided to the cistern. Except by special permission of the Engineer the head of water supply shall in no case be less than 10 feet, measured vertically from top water level of storage tank to the level of the point of discharge into the cistern, or to the flush valve, as the case may be.

The water supply pipes from storage tanks to cistern shall not be less than the following diameter:—

- For 1 to 2 cisterns, $\frac{3}{4}$ -in. diameter.
- For 3 to 6 cisterns, 1-in. diameter.
- For 7 to 25 cisterns, $1\frac{1}{4}$ -in. diameter.
- For 26 to 50 cisterns, 2-in. diameter.

Except by special permission of the Engineer, more than ten (10) cisterns shall not be subject to a head of less than 20 feet.

Where the number of water-closets or urinals served by any storage tank exceeds two in the case of private residences or flats, or one for any other building, a full-way gate valve shall be provided on the outlet from the storage tank.

The overflow pipe from a storage tank shall not be less than $1\frac{1}{4}$ -in. in diameter, and shall lead to a gutter or open drain outside the building or out-building. In all water-closets, a lead or annealed copper connexion not less than 12 inches in length shall be used between the flushing cistern and the supply pipe.

Section 197—Supply Pipe Connexion with Flushing Cistern.—In all water-closets, where directed, a piece of lead or annealed copper pipe not less than 12 inches in length shall be used between the flushing cistern and the stop-cock on the supply pipe.

The above By-law was made and passed by the Leongatha Sewerage Authority on the 30th day of April, 1941, and confirmed on the 20th day of June, 1941.

In witness whereof the common seal of the Authority was hereto affixed in the presence of—

(SEAL) C. S. BOND, Chairman.
C. EDNEY, Member.
J. F. ODLUM, Secretary.

COUNTRY ROADS BOARD.

At the Executive Council Chamber, Melbourne, the
fourth day of August, 1941.

PRESENT:

His Excellency the Governor of Victoria.

Mr. Mackrell | Mr. Tuckett.

ORDER APPROVING OF A NEW MAIN ROAD IN THE SHIRE OF BARRABOOL.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3062) has represented to His Excellency the Governor in Council that it appears to it desirable that the new Anglessea-road in the Shire of Barrabool should be made by the said Board: And whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road: And whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new road: Now therefore be it known by this present Order that His Excellency the Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All those pieces of land in the Parish of Puebla, the boundaries of which are as follow:—

- (a) Commencing at the south-eastern angle of Crown portion 4 of the said parish; thence by lines bearing respectively 270 deg. 0 min. 20 links, 354 deg. 2 min. 136.5 links and 165 deg. 52 min. 140 links to the point of commencement.
- (b) Commencing at the north-eastern angle of allotment 17 of the said parish; thence by lines bearing respectively 180 deg. 0 min. 120 links, 350 deg. 4 min. 121.8 links and 90 deg. 0 min. 21 links to the point of commencement—

which said pieces of land are particularly delineated and shown coloured red on survey plan No. 4556, lodged in the office of the Country Roads Board.

ORDER APPROVING OF A NEW STATE HIGHWAY IN THE SHIRE OF EUROA.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3062) has represented to His Excellency the Governor in Council that it appears to it desirable that the new Hume Highway in the Shire of Euroa should be made by the said Board: And whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new highway is proposed to be made and the cost of acquiring the land and constructing the said new highway: And whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new highway: Now therefore be it known by this present Order that His Excellency the Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said highway being made, that is to say:—

All that piece of land in the Town of Euroa, Parish of Euroa, the boundaries of which are as follow:—Commencing at the eastern angle of allotment 9, section 11, of the said town; thence by lines bearing respectively 230 deg. 0 min. 15 feet, 5 deg. 0 min. 21 feet $2\frac{1}{4}$ inches and 140 deg. 0 min. 15 feet to the point of commencement—which said piece of land is particularly delineated and shown coloured red on survey plan No. 4550, lodged in the office of the Country Roads Board.

And the Honorable Sir George Goudie, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

Clerk of the Executive Council.

FIRST MILDURA IRRIGATION TRUST.

At the Executive Council Chamber, Melbourne the fourth day of August, 1941.

PRESENT:

His Excellency the Governor of Victoria.
Mr. Mackrell | Mr. Tuckett.

REGULATIONS FOR THE ELECTION OF COMMISSIONERS.

WHEREAS by the *Mildura Irrigation and Water Trusts Act 1928* it is enacted that the Governor in Council may, subject to the provisions of the said Act from time to time, make Regulations for the purposes following:—

- (a) For determining the period or different periods, not exceeding three years, for which Commissioners of any Trust, including Commissioners for urban districts, shall hold office, the time of their election, and the order of their retirement from office.
- (b) For determining the manner in which elections of Commissioners shall be held, and in which lists or rolls of voters thereat shall be prepared, and the mode of voting thereat, and the time, mode, place, and all other matters connected with the nomination of Commissioners.
- (c) For determining the mode of appointment or election of returning officers and their deputies, and their powers and duties.
- (d) For determining the manner in which any vacancies in the office of any such Commissioners shall be filled up.
- (e) For determining questions as to the due election of any such Commissioner.
- (f) For prescribing any other matters necessary for giving effect to the said Act.

And whereas by the *Mildura Irrigation and Water Trusts Act 1940* it is enacted that the Governor in Council may, on the application of the Trust, include in Regulations relating to elections of Commissioners Regulations for or with respect to voting by post:

And whereas the Trust has applied to the Governor in Council to make such Regulations:

Now, therefore, His Excellency the Governor, acting by and with the advice of the Executive Council, and in pursuance of the provisions of the said Acts, doth, so far as regards the First Mildura Irrigation Trust under the said Acts, make the Regulations following, viz.:—

1. The Regulations made on the twenty-third day of May, 1916, providing for the election of Commissioners and auditors for the said Trust, as also those relating thereto and bearing date the eighteenth September, 1933, are hereby repealed, and in lieu thereof the following Regulations are hereby made and shall apply to the election of Commissioners for the said Trust, but such repeal shall not affect the elections of the existing Commissioners or the term for which each was elected under the Regulations so repealed.

2. *Interpretation of Terms.*—In these Regulations unless inconsistent with the context or subject matter "the Act" shall mean the *Mildura Irrigation and Water Trusts Acts*; "the chairman" shall mean the chairman of the Trust, or in case he is for any reason unable to act, such one of the Commissioners for the time being as the Commissioners by resolution appoint to act in the place of the chairman; "the Minister" shall mean the Minister of Water Supply; "the Trust," or "the said Trust," shall mean the First Mildura Irrigation Trust; and "the district" or "the said district," or "the irrigation district" shall mean the First Mildura Irrigation District as described in the Third Schedule of the *Mildura Irrigation and Water Trusts Act 1928*. Words importing the masculine gender shall be deemed and taken to include females, and the singular to include the plural and the plural the singular, unless there is something in the context repugnant to or inconsistent with this interpretation.

3. These Regulations shall apply to the election of six Commissioners for the First Mildura Irrigation Trust. An election shall be held annually for the election of two Commissioners on the last Thursday in June in each year, provided that whenever such date may fall upon any day set apart as a public holiday, such election shall be held upon the day next following.

4. *Period for which Commissioners shall Hold Office.*—Subject to the provisions hereinafter contained, for securing the annual retirement of two Commissioners, the period during which the Commissioners of the said Trust shall hold office shall be three years.

5. *Annual Retirement of Commissioners.*—Two Commissioners shall retire annually, but the retiring Commissioners shall, subject to the provisions of the said Act, be eligible for re-election.

6. *Extraordinary Vacancies, How Filled, and Term of Office.*—Should any vacancy in the office of Commissioner be occasioned by death, resignation, removal, disqualification, or any other cause whatever, an election shall forthwith be held to fill such vacancy, provided that when any such vacancy occurs within three months of the day fixed for the holding of an annual election, such extraordinary election may be held on the day fixed for the holding of such annual election. The provisions contained in these Regulations as to the nomination of candidates, the manner in which elections shall be held and mode of voting thereat, shall apply to any election in respect of such vacancy, and the person elected to fill such vacancy shall hold the office of Commissioner during the unexpired portion of the term of office of the Commissioner whose seat shall have become vacant.

7. *Voters' List to be Prepared Yearly.*—Before the first day of June in each year the Trust shall cause to be prepared a voters' list.

8. *Form of Voters' List—First Schedule.*—Such voters' list shall be in the form of the First Schedule hereto, and shall contain in regular numerical sequence and alphabetical order of surname, the christian name or names, surname, and address so far as these may be known, of each person entitled to vote under the provisions of the said Acts, and shall also specify the extent of and indicate with reasonable certainty the land of each such person, in respect of which he appears by the assessment books of the Trust to be rated, and shall state the number of votes to which, under the provisions of the said Acts, each such person is entitled.

9. *Voting in Respect of Lands Jointly Owned.*—In the case of partners, joint occupiers, joint owners, or tenants in common, the person whose name shall appear first on the assessment book shall, subject to the provisions of the said Acts and of these Regulations, be placed in respect of such land upon the voters' list in like manner as if such land were occupied or owned solely by him, and he alone shall be entitled to vote accordingly.

10. *Power to Corporations which are Ratepayers to Nominate Persons to be Placed on Voters' List.*—When in any year the person appearing by the assessment book is liable to be rated in respect of any land is a corporation such corporation may, by writing under its common seal delivered to the secretary of the Trust, on or before the fifteenth day of May in such year, appoint any person to be placed upon the voters' list in place of such corporation. Provided, however, that any such corporation may in the instrument making such appointment direct that the person to be placed on the voters' list in place of such corporation shall be placed on the voters' list for each succeeding year until such appointment is revoked by such corporation by writing under its common seal delivered as aforesaid, and effect shall be given to such direction until such notice of revocation is received, but no such notice of revocation shall be operative in respect of the voters' list of any year unless such notice has been delivered as aforesaid on or before the 15th May in such year.

11. *Copy of List to be Available for Inspection—Second Schedule.*—A copy of such voters' list shall be available for inspection without payment of any fee or charge, at all reasonable hours in the day time, at some convenient place within or near to the irrigation district of the Trust for a period of not less than six clear days, and a notice in the form, or to the like effect, of the Second Schedule hereto shall be published forthwith after the voters' list shall have been prepared in some newspaper ordinarily circulating within the said district, and such notice shall state that all objections to the said list must be forwarded, in writing, to the chairman of the Trust within the time mentioned in the said notice.

12. *Grounds of Objections to List to be Lodged in Writing with the Chairman of the Trust.*—All objections to the said list shall be lodged, in writing, with the chairman of the Trust within the time mentioned in the said notice, and the ground or grounds of objection must be clearly set forth.

13. *Special Meeting of Trust to be Held to Revise List—List to be Certified.*—Within seven days after the date fixed for lodging objections against the said list, as provided by the last preceding clause, a special meeting of the Trust shall be held for the purpose of revising the said list, and all objections which have been so lodged with the chairman shall be considered by the Commissioners then present, and the chairman shall make such alterations and amendments in the said list as the Commissioners or a majority of the Commissioners present may determine to be just and necessary, or such as by these Regulations are required to be made; and the list, when so revised, altered and amended, shall be certified as correct under the hand of the chairman, and no objection to the list when so certified shall be allowed.

14. *Revised and Certified List to be Voters' Roll.*—The list so certified shall be the voters' roll to be used at the election of Commissioners to be held on the last Thursday in June then next ensuing, and shall be the voters' roll to be used at any election for the purpose of filling any vacancy in the office of Commissioner that may arise within twelve months from such day.

15. *Chairman of Trust to be Returning Officer at Elections.*—For the purpose of every election (whether ordinary or extraordinary) the chairman of the Trust for the time being shall be the Returning Officer; but if, at the time of any election, the office of chairman of the Trust should be vacant, or the chairman should be a candidate, the Commissioners of the Trust may, by resolution, appoint one of their number to be Returning Officer for such election, and if no such appointment be made, such person as the Governor in Council may appoint shall be the returning officer for such election, and the Returning Officer may by writing under his hand appoint a deputy to assist him or to act in his room at any election; and such deputy may do all or any of the acts or things which the Returning Officer is hereby authorized or required to do, and the Returning Officer may appoint two poll clerks to assist him when necessary.

16. *Notice of Election—Nomination of Candidates for Commissioners—Third Schedule.*—Not less than fourteen nor more than twenty-one days before any election of Commissioners under these Regulations, the Returning Officer shall give public notice of such election by advertisement inserted in some newspaper ordinarily circulating in the said district, and by such notice shall require all candidates at such election to be nominated at some place within the said district to be named in such notice in manner hereinafter mentioned, between the hours of Ten o'clock in the forenoon and Three o'clock in the afternoon, on some day before a day (hereinafter called the day of nomination) not less than seven or more than ten days after the time of giving such notice, and named therein; and any person desirous of nominating a candidate shall, before Three o'clock in the afternoon of the day next preceding the nomination day, cause to be delivered at the place aforesaid to the Returning Officer or his deputy a nomination paper in the form of the Third Schedule, or to the like effect, stating therein the christian name and surname of such candidate, together with the other particulars required in and by the said schedule, and such nomination paper shall be signed by not less than five persons duly qualified to vote at such elections, and also signed by the person named therein as a candidate in token of his assent to being so nominated. Every candidate for election as a Commissioner, or some person on his behalf, shall at the time when such nomination paper is delivered to the Returning Officer, pay into the hands of such Returning Officer the sum of Ten pounds (£10) to be dealt with as by law provided. No person shall within the subsequent provisions of these Regulations be deemed to be a candidate at any election of Commissioners unless—

- (1) he has been so nominated, and
- (2) payment of the said sum shall have been made by him or on his behalf as aforesaid.

17. *Where Number of Candidates does not Exceed Number of Commissioners to be Elected.*—If at the expiration of the time limited as hereinbefore provided for the nominations of candidates the number of person who have become candidates as aforesaid does not exceed the number of Commissioners to be elected, the Returning Officer shall then declare such candidates to be duly elected, and they shall be deemed to be then duly elected accordingly.

18. *Where Number of Candidates Exceeds Number of Commissioners to be Elected—Fourth Schedule—Notice of Poll—Hours of Polling.*—If, at the expiration of the time limited for the nomination of candidates, the number of candidates exceeds the number of Commissioners to be elected then the Returning Officer shall, forthwith, cause ballot-papers to be printed with the christian and surname of the candidates in full, in the form of the Fourth Schedule hereto, and shall cause notices to be published in a newspaper ordinarily circulating in the Trust district, or to be posted up in conspicuous places throughout the district, giving the names of the candidates nominated, and setting forth the date and place at which the poll shall be taken, and the time at which the poll shall commence and be closed, and such poll shall take place accordingly, and shall commence at Twelve o'clock noon and close at Seven o'clock in the afternoon.

19. *Returning Officer to Preside at Polling Booth.*—The Returning Officer, or his deputy shall preside at the polling booth for taking the poll.

20. *Scrutineers may be Appointed.*—Each candidate shall be entitled to appoint, in writing, one scrutineer to be present in the polling booth and the said Returning Officer, and his deputy, and poll clerks, and the scrutineers, and any persons not exceeding six in number actually engaged in voting, shall alone be permitted at any one time to enter or remain in the polling booth.

21. *Pencils and Ballot-box to be Provided.*—The Returning Officer, or his deputy, shall provide pencils in the polling booth for the use of voters, and also a locked box, to be called the ballot-box, with a cleft or opening therein capable of receiving the ballot-papers, and such box shall be opened and exhibited to the scrutineers before the polling begins, and the box shall then be locked, and shall stand on a table opposite the Returning Officer or Deputy Returning Officer, who shall keep the key of such box.

22. *Mode of Voting.*—(1) The Returning Officer or his deputy shall deliver to every voter who requires the same a ballot-paper, or if such voter appears by the roll to be entitled to give more votes than one, then so many ballot-papers as may be equal to the number of votes which such voter by the roll appears to be entitled to give.

(2) Every ballot-paper delivered as aforesaid shall be initialled by the Returning Officer or his deputy; and every person voting shall without leaving the booth, strike out from such papers the name of every candidate for whom he does not intend to vote.

(3) In case any person voting is unable to read or write, the Returning Officer or his deputy, if so required, shall, in view of such one of the scrutineers as the voter may desire, strike out the name or names of such candidate or candidates as such voter may designate.

(4) After such name or names have been so struck out the ballot-paper or ballot-papers (as the case may be) shall forthwith be deposited in the ballot-box.

(5) All the ballot-papers to which any person may be entitled at the polling booth shall be demanded and received by him at one and the same time; and, no person having once demanded and received any ballot-paper or papers, and voted by the same, shall at the same election receive any further ballot-papers or exercise any further right of voting.

(6) Notwithstanding anything in these Regulations contained as to the time of closing the poll any person entitled to vote who at such time is within the polling booth shall be permitted to vote.

23. *Ballot-papers.*—Before delivering any ballot-paper, the Returning Officer or his deputy shall, upon a copy of the voters' roll, check off such person's name as having voted.

24. *Informal Ballot-papers.*—If any person suffers to remain upon his ballot-paper a greater number of names not struck out than the number of Commissioners to be elected; or if any person voting strikes out a number of names so as to leave a less number than the number of Commissioners to be elected, the vote given on or by such ballot-paper shall be void and of no effect.

25. *What Question may be Asked.*—The Returning Officer or his deputy may, if he sees fit, or if required to do so by any candidate or scrutineer, shall put to any person claiming to vote in his own right, the question following:—

Are you the person whose name appears as (A.B.) in the roll in use in this election?
and subject as hereinafter provided no other question shall be put to any person claiming to vote; and no person who shall refuse to answer such question in the affirmative shall receive a ballot-paper or be permitted to vote.

26. *False Answer, Polling Twice, and Personation.*—Every person who shall wilfully make a false answer to the question aforesaid, or who shall poll more than once, or offer to poll more than once at the same election, or who shall depart or attempt to depart from any polling booth after having received a ballot-paper without having deposited the same in the ballot-box as hereinbefore provided, or who shall personate any other person for the purpose of polling at such election, shall be guilty of an offence against these Regulations; but nothing contained in this clause shall apply to any person only by reason of his exercising the right of voting as often as he is entitled so to do.

27. *Result of Polling—How Ascertained—Returning Officer to Have Casting Vote.*—Immediately upon the close of the poll, the Returning Officer shall, in the presence of and subject to the inspection of so many of the scrutineers of the candidates as please to be present, proceed to ascertain the number of votes for each candidate; and the Returning Officer shall seal up the ballot-papers deposited in the booth, and as soon as conveniently may be on or after the day of the poll, publicly declare the candidates not exceeding the number of vacancies to be filled up who have received the greatest number of votes to have been duly elected Commissioners of the Trust; and, if two or more candidates have received an equal number of votes, the Returning Officer shall in each case have the casting vote in addition to any other vote or votes he may have.

28. *Ballot-papers—How Disposed of.*—The Returning Officer shall, forthwith after the declaration of the poll, endorse with a description of the contents thereof, and sign the sealed parcel of ballot-papers, and shall deliver such sealed parcel to the Secretary of the Trust, to be by him safely and secretly kept for six months then next ensuing, and then by him destroyed in the presence of three Commissioners of the Trust.

29. *Questions Arising upon Elections to be Determined by Trust.*—If any question arise as to the due election of any Commissioner at any election (whether ordinary or extraordinary) such questions shall be determined by the Commissioners of the Trust at the first ordinary meeting held after the election, but no Commissioner in respect of whose election such question shall have arisen shall act as a Commissioner at such meeting, or be entitled to take any part in the proceedings thereof or in any manner or at any time act as a Commissioner until such question shall have been determined, and a majority of the Commissioners whose election is not in dispute shall form a quorum.

30. *Appeal to Minister from Determination of Trust.*—In the event of any voter or candidate feeling aggrieved by the determination of the Trust with reference to any such question as last aforesaid, he may appeal therefrom to the Minister within fourteen days from the date upon which the Commissioners have determined the question, and the Minister may make such inquiry as to the merits of the question as may appear to him to be necessary, and determine such question in such manner as to him may appear just, and such determination of the Minister shall be final and binding.

31. *Failure to Elect Deemed to Create Extraordinary Vacancies.*—If at any election of Commissioners no vacancies or a number of vacancies less than the whole number which should have been filled up at such election are filled up, then the vacancies which are not so filled shall severally be deemed extraordinary vacancies, and to have occurred on the day appointed for such election; and the Commissioners eventually elected to fill such vacancies shall go out of office as if elected at such election.

32. *Expenses of Election to be Paid by Trust.*—The expenses incurred by the Returning Officer, or under his direction, in connexion with any election shall be defrayed by the Trust.

33. *Obtaining of Forms of Application for Postal Ballot-papers.*—Any person whose name appears on the voters' roll to be used at an election of Commissioners which is about to be held, and who satisfies the Returning Officer—

(a) that he has reason to believe that on the polling day, during the hours of polling, he will not be within the boundaries of the district controlled by the Trust,

(b) that on account of ill-health or infirmity he will be prevented from voting personally on polling day—may before the polling day make application in the form of the Fifth Schedule or to the like effect to the Returning Officer for a postal ballot-paper or postal ballot-papers, enabling him to vote through the post at such election instead of attending personally to tender his vote thereat.

34. In the case of an application on the ground that he has reason to believe that on the polling day, during the hours of polling, he will not be within the boundaries of the district controlled by the Trust, the applicant shall state in his application the reason for such belief.

35. *Application to be Signed in Presence of Authorized Witness.*—With respect to applications for postal ballot-papers the following provisions shall have effect:—

(a) The following directions with respect to such applications shall be substantially observed:—

(i) When so much of the form of application as precedes the places for the signature has been filled in and otherwise completed, the applicant shall exhibit his form of application to an authorized witness;

(ii) The applicant shall then, in the presence of the authorized witness, sign his name in his own handwriting on the form of application in the place provided for the signature of the applicant; and

(iii) The authorized witness shall then sign his name in his own handwriting in the place provided for the signature of the authorized witness, and shall add the title under which he acts as an authorized witness, his residence, and date;

(b) An authorized witness shall not witness the signature of any applicant on any application for a postal ballot-paper unless the authorized witness—

(i) has satisfied himself as to the identity of the applicant;

(ii) has seen the applicant sign the application in the applicant's own handwriting; and

(iii) knows that the statements contained in the application are true, or has satisfied himself (whether by inquiry from the applicant or otherwise) that the said statements are true.

Authorized Witness not to Induce, &c., Persons to Apply for Postal Ballot-papers.

(c) An authorized witness shall not persuade or induce or associate himself with any person in persuading or inducing any person to make application for a postal ballot-paper.

Authorized Witness not to Visit Applicant to Witness Signature in Application except on Account of Ill-health or Infirmity.

(d) An authorized witness shall not—

(i) visit any person for the purpose of witnessing the signature of such person to his application for a postal ballot-paper;

(ii) witness the signature of any person to any such application in any place other than the ordinary residence or place of business of the authorized witness;

Provided that if any person desires to make application for a postal ballot-paper and is unable, on account of ill-health or infirmity, to present himself before an authorized witness, any member of the Police Force or other authorized witness, when so requested by any such person in writing, may visit such person for the purpose of witnessing his signature to such application.

Penalty.

(e) Every authorized witness guilty of any contravention of or failure to observe any of the provisions of this section shall be guilty of an offence against these Regulations.

(f) A list containing the names of all applicants for postal ballot-papers and the respective addresses to which they have been requested to be sent shall be posted for public inspection outside the office of the Returning Officer.

36. *On Application, Returning Officer to Supply Postal Ballot-paper or Postal Ballot-papers.*—(1) (a) On receiving from any person an application for a postal ballot-paper, the Returning Officer, having ascertained that the name of the applicant is upon the voters' roll to be used at the election specified in the application, and that the applicant is not prohibited from voting, and if satisfied that the application is properly signed by the applicant and is properly witnessed, and that the applicant is entitled, according to the statements contained in his application, to a postal ballot-paper, shall deliver to the applicant or post to him at the postal address named in the application a postal ballot-paper (with a counterfoil attached) in the form or to the effect of the Sixth Schedule, or if such applicant appears by the voters' roll to be entitled to give more votes than one, then so many of such ballot-papers as may be equal to the number of votes not exceeding eight which such applicant so appears to be entitled to give, together with an envelope addressed to such Returning Officer at the polling place at which he intends to preside. Such envelope shall be marked "Postal Ballot-paper."

(b) If the Returning Officer is not satisfied that the application is properly signed by the applicant, or that the application is properly witnessed, or that the applicant is entitled to vote by post, he shall forthwith post to the applicant a notice in the form of the Seventh Schedule or to the like effect.

(2) *Folding of Ballot-paper.*—Each ballot-paper before being enclosed shall be folded to the counterfoil.

37. *Effect of Immaterial Error.*—No application for a postal ballot-paper shall, if properly signed by the applicant and properly witnessed, be deemed insufficient or invalid by reason only that in such application there is an omission or incorrect or insufficient description or misdescription in respect of any of the particulars required by law to be contained therein, if the Returning Officer is satisfied that the applicant is entitled to a postal ballot-paper.

38. *Initialing and Numbering of Ballot-papers.*—(1) The Returning Officer shall—

(a) initial each postal ballot-paper issued;

(b) write on the back thereof the number in the roll set opposite to the name of the person entitled to vote; and

(c) keep and number the applications therefor in consecutive order, writing the corresponding number on the counterfoil of the ballot-paper.

(2) On the counterfoil, the Returning Officer shall also write the number on the voters' roll of the ratepayer to whom the postal ballot-paper is issued.

39. *Record of Issue of Voting by Postal Ballot-paper or Postal Ballot-papers.*—The Returning Officer shall, on the voters' roll to be used at the election for Commissioners to which such postal ballot-papers relate, note opposite the applicant's name wherever it appears the fact that postal ballot-papers have been issued to such applicant, and the date of such issue.

In case there is not time to note the fact of the issue of any postal ballot-paper or postal ballot-papers on every such roll on which such applicant's name appears which is to be used at the election, the Returning Officer shall in such manner as he thinks fit immediately notify such issue to any deputy Returning Officer at the polling place for such election of Commissioners at which a roll is to be used on which such applicant's name appears.

40. *Mode of Voting by Means of Postal Ballot-papers.*—The following directions for regulating voting by means of postal ballot-papers shall be substantially observed:—

- (1) The voter shall exhibit his postal ballot-paper (in blank) to an authorized witness.
- (2) The voter shall, in the presence of the authorized witness, but so that the witness cannot see the vote, write on the ballot-paper the surnames of the candidates for whom he votes.
- (3) In the case of more candidates than one having the same surname, the voter shall also insert in the ballot-paper the christian or other names of the candidate for whom he votes, and, if the surname and christian or other names of two or more candidates are the same, they shall be distinguished by the addition of their residence and occupation.
- (4) If the voter's sight is so impaired that he is unable to vote without assistance, the authorized witness, at the request of the voter, shall mark his vote on the ballot-paper and shall (if the voter so desires) mark the same in the presence of another person.
- (5) The voter shall then refold the ballot-paper and fasten the same.
- (6) The voter shall then sign his name in his own handwriting on the counterfoil in the place provided for the signature of the voter.
- (7) The authorized witness shall then sign his name in his own handwriting in the place provided for the signature of the witness, and shall add the title under which he acts as an authorized witness, his residence, and the date.
- (8) The voter shall then place the ballot-paper with the counterfoil attached into the envelope addressed to the Returning Officer, fasten the envelope in the presence of the authorized witness, and post it.

41. (1) *Duty of Authorized Witness.*—The authorized witness shall—

- (a) see that the foregoing directions are substantially complied with;
- (b) refrain from looking at the vote given by the voter except where the voter cannot vote without assistance and the voter requests his assistance;
- (c) not disclose any knowledge officially acquired by him touching the vote of the voter save in answer to some question which he is legally bound to answer.

(2) *Witnessing Signature to Postal Ballot-paper or Counterfoil.*—An authorized witness shall not—

- (a) visit any voter for the purpose of witnessing the signature of such voter to his postal ballot-paper;
- (b) witness the signature of any voter to his postal ballot-paper at any place other than the ordinary residence or place of business of the authorized witness; or
- (c) witness the signature of any voter to his postal ballot-paper unless the authorized witness has satisfied himself as to the identity of the voter and has seen the voter sign the counterfoil or counterfoils in the voter's own handwriting:

Provided that if any voter has received a postal ballot-paper, and is unable, on account of ill-health or infirmity, to present himself before an authorized witness, any member of the Police Force or other authorized witness, when so requested by any such voter, in writing, may visit such voter for the purpose of witnessing his signature to such postal ballot-paper.

(3) *Penalty.*—Every authorized witness guilty of any contravention of any of the provisions of this section shall be guilty of an offence against these Regulations.

42. *Mistakes in Spelling Immaterial.*—No postal ballot-paper shall be rejected because of any mistake in spelling the name of a candidate if the intention is clear.

43. *Ratepayer who has Received Postal Ballot-paper Not to Vote Personally Without Giving Up Same.*—(1) Except as provided in the next succeeding section no ratepayer to whom a postal ballot-paper for any election has been sent shall be entitled to vote personally at any poll unless he previously gives up such postal ballot-paper in blank form to the Returning Officer or deputy at the polling place at which he is entitled to vote.

(2) Such officer shall immediately cancel any such postal ballot-paper and retain it.

44. *Provision when Ratepayer Claims to Vote, although Postal Ballot-paper already Issued.*—(1) If a ratepayer to whom a postal ballot-paper appears to have been sent states he has not received such postal ballot-paper and claims to vote personally at the polling place to which such postal ballot-paper relates, the Returning Officer or deputy at such booth may take from such ratepayer a declaration in the form of the Eighth Schedule or to the like effect. Thereupon such ratepayer shall be entitled to vote personally at such poll and his vote shall be taken in the ordinary way.

(2) If such vote is received by the Deputy Returning Officer he shall immediately advise the Returning Officer of the fact of such ratepayer having voted personally and shall hand the declaration to the Returning Officer with the ballot-papers, and if any postal ballot-paper purports to have been received from the same ratepayer such postal ballot-paper shall be rejected at the counting of the votes, and the Returning Officer shall state thereon the reason of such rejection.

45. (1) *Additional Question to be put on Tender of Vote Personally.*—Notwithstanding anything contained in these Regulations, the Returning Officer or deputy may before any person attending to vote personally at any election for Commissioners receives a ballot-paper (but not afterwards) put to such person the following question in addition to any other he may lawfully put:—

Have you received a postal ballot-paper or postal ballot-papers enabling you to vote at the election for a Commissioner or Commissioners (as the case may be) for the Trust to-day? (In the case of an adjourned poll the day from which the poll was adjourned should also be named in the question.)

(2) *Refusal, &c. to Answer.*—Every person having tendered his vote when such question is put as aforesaid who refuses or omits distinctly to answer the same, and every person who answers the question in the affirmative but does not deliver up his postal ballot-paper or postal ballot-papers, in blank form, shall be and be deemed prohibited from voting then and afterwards at such election, and shall be guilty of an offence against these Regulations.

(3) *Penalty for False Answer.*—Every person who wilfully makes a false answer to such question put as aforesaid shall be guilty of an offence against these Regulations.

46. *Inclusion of Votes through the Post at close of Poll.*—When immediately upon the close of any poll the Returning Officer is proceeding to ascertain the number of votes for each candidate, the Returning Officer shall produce unopened all envelopes containing postal ballot-papers received by him through the post up to the close of the poll, and such envelopes shall be opened in the presence of the scrutineers present and poll clerks (if any) but of no other person, and shall be dealt with as follows, namely:—

- (a) The Returning Officer shall produce all applications for postal ballot-papers.
- (b) The Returning Officer, without unfolding each postal ballot-paper or allowing it to be inspected, shall compare the signature of the voter on the counterfoil with the signature to the application and allow the scrutineers to inspect the same, and the Returning Officer shall determine whether or not the signature on the postal ballot-paper is that of the applicant.
- (c) If the postal ballot-paper is allowed by the Returning Officer he shall tear off the counterfoil without seeing the names of the candidate or candidates voted for, and shall insert the folded postal ballot-paper in a ballot-box separate from that used during the polling; and when all such postal ballot-papers have been so inserted the counting of the votes recorded therein shall commence.
- (d) Any postal ballot-paper not witnessed as required by these provisions as applied shall be disallowed by the Returning Officer.
- (e) The Returning Officer shall attach all the counterfoils together.
- (f) The list of the number of votes received by each candidate shall show separately the votes tendered personally and the votes given by postal ballot-papers.
- (g) All postal ballot-papers shall be included in the sealed parcel of ballot-papers which shall be handed to the Secretary of the Trust.

47. *Applications and Counterfoils to be Handed to the Secretary of the Trust after Declaration of Poll.*—(1) All applications for postal ballot-papers and all counterfoils of postal ballot-papers received by a Returning Officer—

- (a) shall be made up and enclosed in a special parcel, which shall be endorsed with a description of the contents and the date of the polling (which endorsement shall be signed by the Returning Officer), and forthwith after the declaration of the poll shall be handed by the Returning Officer to the Secretary of the Trust, who shall forthwith give a receipt therefor.

- (b) *Preservation of Applications and Counterfoils*—Shall be safely kept by the Secretary of the Trust for six months; and
- (c) after receipt thereof by the Secretary of the Trust shall be open to public inspection at all convenient times during office hours at the office of the Trust until the expiration of the said period of six months; and
- (d) after the period of six months referred to, the applications for postal ballot-papers and counterfoils of ballot-papers, together with other ballot-papers, shall be destroyed as provided by section 28 of these Regulations.

(2) The Secretary of the Trust shall produce any such applications or counterfoils when required to do so by the Chairman or the Minister for the purpose of the determination of any question as to the due election of any Commissioner, pursuant to sections 29 and 30 of these Regulations.

(3) *Applications and Counterfoils to be Evidence*.—Any application for a postal ballot-paper, and any counterfoil of a postal ballot-paper, taken from any such parcel and having written thereon respectively under the hand of the Secretary of the Trust a certificate to the effect that the same was taken from such parcel shall be evidence in any Court or before any Justice—

- (a) that the same was so taken;
- (b) that the same, if an application, was received by the Returning Officer (at the election to which such endorsement and writing relate), and that the postal ballot-paper the counterfoil of which bears the application number corresponding with the application number written on the application, was issued by the Returning Officer to the applicant whose name appears on the application; and
- (c) that the same, if a counterfoil, was the counterfoil of the postal ballot-paper used at the said election, and bearing the roll number corresponding with the roll number written on the counterfoil.

48. (1) Every person who directly or indirectly makes overtures to any person for the acquiring by gift or purchase, or who acquires by gift or purchase from any person, any postal ballot-papers; and

(2) Every person who directly or indirectly makes overtures to any person for the giving away or parting with the possession of or selling any postal ballot-papers, or who gives away any such paper, or who sells or (except as in these Regulations as applied provided) parts with the possession of any postal ballot-papers, shall be guilty of an offence against these Regulations.

49. If in any application for a postal ballot-paper any person makes any false statement, or if any person applies for a postal ballot-paper to which some other person is entitled, he shall be guilty of an offence against these Regulations.

50. Every person who wilfully makes and subscribes any declaration for the purposes of these Regulations, the same being untrue or false in any particular, shall be guilty of an offence against these Regulations.

51. *Inducing Disclosure of Vote by Post, &c., an Offence*.—Every person who—

- (1) directly or indirectly requires, induces, or attempts to induce any person to show by producing his postal ballot-paper for whom he intends to vote at any election; or
- (2) unless authorized by these Regulations as applied, writes the name or names of any candidate or candidates in any postal ballot-paper not issued to such person; or
- (3) opens any envelope addressed to a Returning Officer, not being duly authorized so to do by such Returning Officer—

shall be guilty of an offence against these Regulations.

52. *Inducing Persons to Vote for any Particular Candidate by Bribery or Intimidation*.—(1) Every person who requires, induces, or attempts to induce any person in his employment to obtain a postal ballot-paper with the intention of influencing such person by bribery or intimidation to record his vote in favour of any particular candidate shall be guilty of an offence against these Regulations.

(2) Bribery or intimidation shall for the purposes of this section include any promise or threat either expressed, implied, or understood of any benefit or disadvantage to accrue directly or indirectly to such person from such first-mentioned person.

53. *Authorized Witnesses*.—The following persons, being resident in Victoria, shall be authorized witnesses in and for Victoria within the meaning of this Division, as applied:—

- (a) All returning officers and electoral registrars appointed under any Act relating to elections for the Legislative Council or the Legislative Assembly; all postmasters or postmistresses or persons in charge of post offices; all police magistrates; all justices; all commissioners for taking declarations and affidavits; all head teachers of State schools; all members of the Police Force; all clerks of Petty Sessions; all railway stationmasters; all councillors of and the clerk or secretary of any city, town, borough, or shire; all barristers and solicitors; and all legally qualified medical practitioners.

- (b) All persons or classes of persons employed in the Public Service of Victoria who are appointed by the Governor in Council to be authorized witnesses within the meaning of these Regulations.

Provided, however, that no person who is a candidate for any election shall be an authorized witness at or in connexion with that election.

54. Any person who is guilty of an offence against these Regulations shall be liable to a fine not exceeding £50.

FIFTH SCHEDULE.

APPLICATION FOR A POSTAL BALLOT-PAPER OR POSTAL BALLOT-PAPERS.

To the Returning Officer of the First Mildura Irrigation Trust, I (a) hereby apply for a postal ballot-paper (or postal ballot-papers).

(1) I am a person whose name appears on the voters' roll to be used at the election of Commissioners which is about to be held.

(a) Here insert Christian or other name or names, surname, residence, and occupation.

(2) The ground on which I apply for the postal ballot-paper is—

(a) That I have reason to believe that on the polling day during the hours of polling, I will not be within the boundaries of the District controlled by the Trust.

My reasons for this belief are—

* (b) That on account of ill-health or infirmity I will be prevented from voting personally on polling day.

* NOTE.—The applicant will strike out any one of the above grounds which do not apply to his particular case, as only one ground is necessary for the application.

(3) I request that the postal ballot-paper (or postal ballot-papers) may be forwarded to me at (b)

or (as the case may be) be delivered to be personally.

(b) Here state address to which postal ballot-paper or postal ballot-papers are to be sent.

Signed by the applicant in his own handwriting in my presence—

Signature of applicant in own handwriting—
Signature of authorized witness in own handwriting—
Title under which witness acts as an authorized witness—
Residence of authorized witness—

Dated at this day of 19 .

CAUTION.—Any person making a false statement in an application is liable to a fine not exceeding £50.

Authorized Witnesses.

The following persons being resident in Victoria are authorized witnesses in and for Victoria:—

(a) All returning officers and electoral registrars appointed under any Act relating to elections for the Legislative Council or the Legislative Assembly; all postmasters or postmistresses or persons in charge of post offices; all police magistrates; all justices; all commissioners for taking declarations and affidavits; all head teachers of State schools; all members of the Police Force; all Clerks of Petty Sessions; all railway stationmasters; all councillors of and the clerk or secretary of any city, town, borough, or shire; all barristers and solicitors; and all legally qualified medical practitioners.

(b) All persons or classes of persons employed in the Public Service of Victoria who are appointed by the Governor in Council to be authorized witnesses.

No person who is a candidate at any election shall be an authorized witness at that election.

Instructions to Applicants and Authorized Witnesses.—

(a) When so much of the form of application as precedes the places for the signature has been filled in and otherwise completed the applicant shall exhibit his form of application to an authorized witness.

(b) The applicant shall then in the presence of the authorized witness sign his name in his own handwriting on the form of application in the place provided for the signature of the applicant.

(c) The authorized witness shall then sign his name in his own handwriting in the place provided for the signature of the authorized witness, and shall add the title under which he acts as an authorized witness, his residence, and the date.

Offences and Penalties.—

(a) An authorized witness shall not witness the signature of any applicant on any application for a postal ballot-paper or postal ballot-papers unless the authorized witness—

(i) has satisfied himself as to the identity of the applicant;

(ii) has seen the applicant sign the application in the applicant's own handwriting; and

(iii) knows that the statements contained in the application are true or has satisfied himself (whether by inquiry from the applicant or otherwise) that the said statements are true.

(b) An authorized witness shall not persuade or induce or associate himself with any person in persuading or inducing any person to make application for a postal ballot-paper or postal ballot-papers.

(c) An authorized witness shall not—

(i) visit any applicant for the purpose of witnessing the signature of such applicant to his application for a postal ballot-paper or postal ballot-papers; or

(ii) witness the signature of any applicant to any such application in any place other than the ordinary residence or place of business of the authorized witness.

Provided that if any person desires to make application for a postal ballot-paper or postal ballot-papers, and is unable on account of ill-health or infirmity to present himself before an authorized witness, any member of the Police Force or other authorized witness when so requested by any such person in writing may visit such person for the purpose of witnessing his signature to such application.

Every authorized witness guilty of any of these offences is liable to a fine not exceeding £50.

(Clause 36.)

SIXTH SCHEDULE.

(Authorized witness to sign here and insert the title under which he acts as an authorized witness, his residence, and the date.)

Instructions to Voter.

(a) The voter shall exhibit his postal ballot-paper (in blank) to an authorized witness.

(b) The voter shall, in the presence of the authorized witness but so that the witness cannot see the vote, write the surnames of the candidates for whom he votes.

(c) In the case of more candidates than one having the same surname, the voter shall also insert in the ballot-paper the christian name or other names of the candidate for whom he votes; and if the surnames and christian or other names of two or more candidates are the same they shall be distinguished by the addition of their residence and occupation.

(d) If the voter's sight is so impaired that he is unable to vote without assistance, the authorized witness, at the request of the voter, shall mark his vote on the ballot-paper, and shall (if the voter so desires) mark the same in the presence of another person.

(e) The voter shall then re-fold the ballot-paper and fasten same.

(f) The voter shall then sign his name in his own handwriting on the counterfoil in the place provided for the signature of the voter.

(g) The authorized witness shall then sign his name in his own handwriting in the place provided for the signature of the witness, and shall add the title under which he acts as an authorized witness, his residence, and the date.

(h) The voter shall then place the ballot-paper, with the counterfoil attached, into the envelope addressed to the Returning Officer, fasten the envelope in the presence of the authorized witness, and post it.

(i) This ballot-paper cannot be counted in the election unless it is received by the Returning Officer before the closing of the poll.

Instructions to Authorized Witness.

The authorized witness shall—

- see that the foregoing directions are substantially complied with;
- refrain from looking at the vote given by the voter except where the voter cannot vote without assistance and the voter requests his assistance;
- not disclose any knowledge officially acquired by him touching the vote of the voter save in answer to some question which he is legally bound to answer.

An authorized witness shall not—

- visit any voter for the purpose of witnessing the signature of such voter to his postal ballot-paper;
- witness the signature of any voter to his postal ballot-paper at any place other than the ordinary residence or place of business of the authorized witness; or
- witness the signature of any voter to his postal ballot-paper unless the authorized witness has satisfied himself as to the identity of the voter and has seen the voter sign the counterfoil in his own handwriting.

Provided that if any voter has received a postal ballot-paper and is unable on account of ill-health or infirmity to present himself before an authorized witness, any member of the Police Force or other authorized witness, when so requested by any such voter in writing, may visit such voter for the purpose of witnessing his signature to such postal ballot-paper.

Every authorized witness guilty of a contravention of any of these instructions to authorized witnesses is liable to a fine of not more than Fifty pounds.

(Clause 36.)

SEVENTH SCHEDULE.

As Returning Officer for the First Mildura Irrigation Trust I desire to inform you that after perusing your application for a postal ballot-paper I am not satisfied—

- *that your application is properly signed; or
- *that your application is properly witnessed; or
- *that you are entitled to vote through the post at the forthcoming election of a Commissioner (or Commissioners) for the Trust.

Therefore, if you desire to vote at that election, you will have to attend personally at the polling booth and tender your vote. Dated at this day of

REGULATIONS FOR THE CARE, PROTECTION, AND MANAGEMENT OF THE "DARLINGTON PUBLIC PARK."

WHEREAS by the 181st section of the *Land Act 1928* power is given to the Board of Land and Works to make Rules and Regulations for the care, protection, and management of all public parks and reserves not conveyed to and vested in trustees, and for the preservation of good order and decency therein, and for the collection and receipt of tolls, entrance fees, and other charges for entering therein or thereupon: Now therefore the Board of Land and Works, in pursuance of the powers conferred as aforesaid doth hereby make the following Regulations in respect of the land temporarily reserved by Order in Council dated the 8th October, 1940, as a site for a Public Park in the Town and Parish of Darlington, and known as the "Darlington Public Park."

REGULATIONS.

1. The Reserve shall be open to the public at all times free of charge, except on such days (not exceeding twelve in any one year) as the Reserve may be set apart for cricket or football matches, fêtes, sports or holiday amusements, on any of which occasions a sum not exceeding One shilling may be charged and taken for the admission of every adult to the Reserve.

2. No person shall enter or remain in the Reserve who may offend against decency as regards dress, language, or conduct.

3. No person shall damage in any way the trees, shrubs, or flowers in the Reserve, nor shall fires be lighted therein except in fireplaces built and approved by the Committee of Management.

4. No person shall climb or jump over the gates or fences in or around the Reserve, or in any way damage or injure any of the buildings, gates, fences, seats, or trees in the Reserve, nor leave or deposit any glass, paper, or rubbish, or throw stones or missiles of any kind therein.

5. No person shall put in the Reserve any cattle, horses, sheep, goats, pigs, or other animals, without the permission, in writing, of the Committee of Management being first obtained. Provided always that the moneys received for agistment shall be expended in the maintenance and improvement of the Reserve, and that an account thereof shall be furnished annually to the Board of Land and Works.

6. The Committee of Management shall have full power and authority to impound any cattle found trespassing on the Reserve, and shall be taken to be the occupier of the Reserve (with all powers incidental to that status) within the meaning of any law for the time being in force relating to the impounding of cattle.

7. No person shall camp in the Reserve, nor erect therein any building or any booth for the purpose of offering for sale any article without the permission, in writing, of the Committee of Management first obtained.

8. No person shall take part in any public entertainment of any sort in the Reserve without the permission of the Committee of Management, in writing, being first obtained.

9. No person shall bet publicly in any part of the Reserve, and every person infringing this Regulation shall be liable to expulsion from the Reserve.

10. No person shall play, practise, or engage in any organized game or sport within the Reserve on Sundays.

11. Persons renting or hiring any stand, building, erection, or enclosure on the occasions of any fêtes or sports may be required to deposit any sum, not exceeding Ten pounds, by way of guarantee that due care shall be taken of such stand, building, erection, or enclosure, and such Committee, in its absolute discretion, may make good any damage or injury sustained during the occupancy of hirers or tenants, and deduct the cost of making good such loss or damage from the sum of money deposited by way of guarantee, and all persons so renting or hiring shall abide by these Regulations and by any order given by the Committee of Management.

The Reserve has been placed under the control of a Committee of Management with power and authority to enforce the foregoing Regulations.

Every person offending against these Regulations shall, in accordance with the provisions of section 181 of the *Land Act 1928*, for each offence be liable to a penalty of not more than Five pounds (£5), and every person who knowingly and wilfully offends against any such Regulations, and who, after he has been warned by any bailiff of Crown lands or by any member of the Police Force does not desist from so offending, may be forthwith apprehended by such bailiff or member of the Police Force and taken before some justice to be dealt with according to law, and shall be liable to a penalty of not more than Ten pounds (£10).

REGULATIONS FOR THE CARE, PROTECTION, AND MANAGEMENT OF THE RESERVE FOR GRAVEL AND WATER SUPPLY IN THE PARISH OF BARKLY.

WHEREAS by the 181st section of the *Land Act 1928* power is given to the Board of Land and Works to make Rules and Regulations for the care, protection, and management of all public parks and reserves not conveyed to and vested in trustees, and for the preservation of good order and decency therein, and for the collection and receipt of tolls, entrance fees, and other charges for entering therein or thereupon: Now therefore the Board of Land and Works, in pursuance of the powers conferred as aforesaid, doth hereby make the following Regulations in respect of the land temporarily reserved by Order in Council of 11th February, 1941, as a site for Gravel and Water supply purposes in the Parish of Barkly.

REGULATIONS.

1. The Reserve shall be open to the public from sunrise to sunset.

2. No person shall enter or remain in the Reserve who may offend against decency as regards dress, language, or conduct.

3. No person shall leave or deposit any glass, paper, or rubbish in the Reserve, nor roll or throw stones or any missiles of any kind therein.

4. No person shall put in the Reserve any cattle, horses, sheep, goats, pigs, or other animals without permission, in writing, of the Committee of Management first obtained.

Provided always that the moneys received from agistment shall be expended in the maintenance and improvement of the Reserve, and that an account thereof shall be furnished annually to the Board of Land and Works.

5. The owner of any horse, cattle, or other animals found wandering upon any part of the Reserve shall be guilty of an offence against these Regulations, and in addition such horse, cattle, or other animals may be impounded.

6. The Committee of Management shall have full power and authority to impound any cattle trespassing in the Reserve, and shall be taken to be the occupier of the Reserve (with all powers incidental to that status) within the meaning of any law for the time being in force relating to the impounding of cattle. For the purposes of this clause, "cattle" shall mean cattle as interpreted by section 3 of the *Pounds Act 1928*.

7. No person shall camp in the Reserve, nor erect therein any building, without the permission, in writing, of the Committee of Management first had and obtained.

8. No person shall remove any stone, earth, marl, or gravel from the Reserve without the permission, in writing, of the Committee of Management first had and obtained. Such permission shall not be unreasonably or arbitrarily withheld, but shall be conditional on the payment to the said Committee of such fees as the said Committee may from time to time direct for the removal of any stone, earth, marl, or gravel as aforesaid.

Such fees shall not exceed the sum of One shilling per cubic yard of stone, earth, marl, or gravel removed. Before granting any person requesting such permission, a deposit of any sum not exceeding Ten pounds by way of guarantee for due care in the removal of stone, earth, marl, or gravel as aforesaid, and for due payment of fees for removal of such stone, earth, marl, or gravel. All fees collected by the Committee of Management under or by virtue of this Regulation shall be paid by the said Committee into Consolidated Revenue of the State of Victoria, and a certified return thereof furnished to the Board of Land and Works at the end of each half-year.

9. All gravel to be removed from the said Reserve, in accordance with the permission of the Committee of Management, shall be removed therefrom subject to and in accordance with the directions of the Engineer of the Council of the Shire of Avoca, provided that and subject to such direction all gravel shall be removed on a face and for the full depth of the deposit. No overburden shall be allowed to remain on the floor of the pit, but all such overburden shall be removed and deposited as directed by the Committee of Management. All trees, stumps, logs, roots, branches, and other debris shall be removed from the pit as they are reached and fall, and shall not be left standing on "islands."

10. No person shall, without the consent of the Committee of Management first obtained—

(1) gather, pick up, cut, pluck, remove, or have in his possession while in the Reserve or take away therefrom any live or dead timber, or the whole or any part of any tree, bush, shrub, flower, grass, fern, or any other vegetation;

(2) ringbark or strip or remove bark from any tree, bush, or shrub.

11. No person shall interfere with any watering facilities thereon.

12. No person shall remove, displace, or damage any board plate, pump, pipe, fitting, or written notice for the exhibition of any regulation or notice set up by the Committee of Management in the Reserve.

13. No organized picnic or gathering shall be held in the Reserve without the consent, in writing, of the Committee of Management.

14. No person in charge of any dog shall allow such dog to enter the watering facilities on the Reserve.

15. No person shall obstruct, disturb, interrupt, or annoy any officer or employee of the Committee of Management in the proper execution of his work or duty.

16. No fires shall be lighted except where directed by the Committee of Management, and no refuse material shall be burnt on the Reserve, except by a representative of the Committee of Management, and then only in places set apart for that purpose.

17. No person shall camp within a distance of 100 feet of any spring, dam, or watering place constructed or improved by the Committee of Management.

The Council of the Shire of Avoca has been appointed a Committee of Management, with power and authority to enforce the foregoing Regulations.

Every person offending against these Regulations shall, in accordance with the provisions of section 181 of the *Land Act* 1928, for each offence be liable to a penalty of not more than Five pounds (£5), and every person who knowingly and wilfully offends against these Regulations, and who, after he has been warned by any bailiff of Crown lands, or by any member of the Police Force, does not desist from so offending, may be forthwith apprehended by such bailiff or member of the Police Force and taken before some justice to be dealt with according to law, and shall be liable to a penalty of not more than Ten pounds (£10).

WHEREAS by the 181st section of the *Land Act* 1928, power is given to the Board of Land and Works to make Rules and Regulations for the care, protection, and management of all public parks and reserves not conveyed to and vested in trustees, and for the preservation of good order and decency therein and also for the collection and receipt of tolls, entrances fees, and other charges for entering therein or thereupon: Now therefore the Board of Land and Works, in pursuance of the powers conferred as aforesaid, doth hereby make the following Regulations in respect of the land temporarily reserved by Order in Council dated the 4th November, 1940, as a site for Public Recreation and Camping Purposes in the Parish of Mullroo, and known as the "Lake Cullulleraine Recreation and Camping Reserve."

REGULATIONS.

1. The Reserve shall be open to the public from sunrise to sunset, free of charge, except on such days (not exceeding twenty in any one year) as the Reserve may be set apart for cricket or football matches, fêtes, sports, or holiday amusements, on any of which occasions a sum not exceeding Two shillings may be charged and taken for the admission of every adult to the Reserve.

2. No person shall enter or remain in the Reserve who may offend against decency as regards dress, language, or conduct.

3. No person shall damage in any way the trees, shrubs, or flowers in the Reserve, nor shall fires be lighted therein.

4. No person shall climb or jump over the gates or fences in or around the Reserve, stick bills thereon, or cut names on, or in any way damage or injure any of the buildings, gates, fences, seats, or trees in the Reserve; nor leave or deposit any glass, paper, or rubbish, nor roll or throw stones or any missiles of any kind therein.

5. No person shall put in the Reserve any cattle, horses, sheep, goats, pigs, or any other animals without the permission, in writing, of the Committee of Management first obtained. Provided always that the moneys received from agistment shall be expended in the maintenance and improvement of the Reserve, and that an account thereof shall be furnished annually to the Board of Land and Works.

6. The Committee of Management shall have full power and authority to impound any cattle found trespassing on the Reserve, and shall be taken to be the occupier of the Reserve (with all power incidental to that status) within the meaning of any law for the time being in force relating to the impounding of cattle. For the purposes of this clause, "cattle" shall mean cattle as interpreted by section 3 of the *Pounds Act* 1928.

7. No person shall bring into the Reserve any dog unless controlled by a chain or cord, without the permission, in writing, of the Committee of Management first obtained.

8. No person shall camp in the Reserve, nor erect therein any building, nor any booth or other structure for the purpose of offering for sale any article, without the permission, in writing, of the Committee of Management first obtained.

9. No person shall take part in any games, sports, or entertainment of any sort in the Reserve at any time without the permission, in writing, of the Committee of Management first obtained.

10. No person shall spit or expectorate on the paths or on any structure or erection in the Reserve.

11. No person shall bet publicly, or carry on the trade, business, or calling of a bookmaker, except in or on such portions of the Reserve as may be set apart for that purpose, and then only when he shall have complied with the conditions imposed by the Committee of Management.

12. Persons hiring or renting any stand, building, erection, or enclosure on the occasions of any sports, fêtes, or holiday amusements, may be required to deposit any sum which the Committee of Management may at any time determine, not exceeding Ten pounds (£10), by way of guarantee that due care will be taken of such stand, building, erection, or enclosure, and such Committee, in its absolute discretion, may make good any damage or injury sustained by such stand, building, erection, or enclosure, or anything contained therein, during such occupancy or hiring, and deduct the cost of making good such damage or loss from the sum of money deposited by way of guarantee, and all persons so renting or hiring shall abide by these Regulations, and by any order given by the Committee of Management.

13. No persons, except labourers and workmen employed in the Reserve, shall enter any parts therein which may be enclosed for plantations of young shrubs and trees.

14. The Committee of Management may let the Reserve on such terms and conditions as it may deem to be reasonable and consistent with these Regulations, but the maximum fee shall not exceed the sum of Three guineas per day.

15. The Committee of Management may set apart any portion of the Reserve for the purpose of any lawful game or sports, and from time to time grant to any club or association of clubs, upon such terms and conditions as the Committee of Management may determine, the use of the grounds so set apart.

16. No person shall bathe in the open or any part of Lake Cullulleraine unless effectively and decently clothed from neck to knee in a bathing costume, kilted or similar to that known as the Canadian costume.

17. No person shall dress or undress or remove any part of his or her bathing costume in any place open to the public view.

18. A dressing shed shall be used for dressing and undressing only. No person shall play games or, without reasonable excuse, loiter in or in the vicinity of such dressing shed.

19. No person shall bring or deposit any filth or rubbish of any sort in any dressing shed or portion of the Reserve.

20. No person shall damage, disfigure, or write in or upon any dressing shed.

21. No person suffering from or appearing to the attendant in charge to be suffering from any infectious, contagious, or offensive disease or skin complaint shall visit or use any dressing shed.

22. The Committee of Management may by resolution fix, and from time to time alter or abolish, fees for the use of dressing sheds and for the safe custody of clothes and valuables belonging to persons using such sheds.

23. No male over the age of six years shall enter any dressing shed reserved for the use of females, and no female over the age of six years shall enter any dressing shed reserved for the use of males, except for the purpose of rendering assistance in case of accident.

24. If any person break any bottle or any article or glass or earthenware in or upon any part of the beach, foreshore, dressing shed, or water used by the public for bathing purposes, he or she shall forthwith collect all portions of such bottle or article and deposit them in a receptacle provided by the Council on the beach for that purpose.

25. No person shall, in or upon any part of the beach, foreshore, dressing shed, or water used by the public for bathing purposes, do any act which would be likely to injure, endanger, obstruct, inconvenience, or annoy any person.

26. Any constable or officer of police or any duly authorized officer of the Council may order any person who, in his opinion, is not sufficiently, or decently dressed, or who, clad in bathing costume, acts in an indecent manner, uses indecent language, or in any way offends against this Regulation, to resume his or her ordinary dress, and he or she shall forthwith comply with such order.

27. The Committee of Management may from time to time set apart portions of the Reserve for the parking of cars and vehicles, and for the tethering of horses, and no cars, vehicles, or horses shall be parked or tethered in any portions of the Reserve other than in the portions so set apart for this purpose. A charge of One shilling per day may be made for the admission of any car or vehicle to the Reserve on such days, not exceeding twenty in any one year, on which a charge for admission is being made, as provided by clause 1 of these Regulations.

The Reserve has been placed under the control of the Council of the Shire of Mildura as a Committee of Management with power and authority to enforce the foregoing Regulations.

Every person offending against these Regulations shall, in accordance with the provisions of section 181 of the *Land Act* 1928, for each offence be liable to a penalty of not more than Five pounds (£5), and any person who knowingly and wilfully offends against any such Regulations and who, after he has been warned by any bailiff of Crown lands or by any member of the Police Force does not desist from so offending, may be forthwith apprehended by such bailiff or member of the Police Force and taken before some justice to be dealt with according to law, and shall be liable to a penalty of not more than Ten pounds (£10).

REGULATIONS FOR THE CARE, PROTECTION, AND MANAGEMENT OF THE "ARGYLE WATER SUPPLY PURPOSES RESERVE."

WHEREAS by the 181st section of the *Land Act* 1928, power is given to the Board of Land and Works to make Rules and Regulations for the care, protection, and management of all public parks and reserves not conveyed to and vested in trustees, and also for the preservation of good order and decency therein, and also for the collection and receipt of tolls, entrance fees, and other charges for entering therein or thereupon: Now therefore the Board of Land and Works, in pursuance of the powers conferred as aforesaid, doth hereby make the following Regulations in respect of the land temporarily reserved by Order in Council, dated the 4th November, 1940, as a site for Water Supply purposes in the Parish of Argyle, and known as the "Argyle Water Supply Purposes Reserve."

REGULATIONS.

1. The Reserve shall be open to the public free of charge at all times.

2. No person shall deposit or cause to be deposited any waste paper, bottles, tins, or any other litter on any part of the Reserve.

3. No person shall, without the consent of the Committee of Management first obtained—

(1) gather, pick up, cut, pluck, dig up, remove, or have in his possession while in the Reserve, or take away therefrom, any live or dead timber;

(2) ring-bark or strip or remove bark from any tree, bush, or shrub.

4. No person shall dig or remove soil or other material in or from the Reserve.

5. No person shall remove, displace, or damage any board, plate, pump, pipe, fitting, or written notice for the exhibition of any regulations or notice fixed or set up by the Committee of Management of the Reserve.

6. No person shall put into the Reserve any cattle, horses, sheep, goats, pigs, or other animals without the permission, in writing, of the Committee of Management first obtained: Provided always that the moneys received for agistment shall be expended in the maintenance and improvement of the Reserve, and that an account thereof shall be furnished annually to the Board of Land and Works.

7. The Committee of Management shall have full power and authority to impound any cattle found trespassing on the Reserve, and shall be taken to be the occupier of the Reserve (with all power incidental to that status) within the meaning of any law for the time being in force relating to the impounding of cattle. For the purpose of this clause, "cattle" shall mean cattle, as interpreted by section 3 of the *Pounds Act* 1928.

8. No person shall obstruct, disturb, interrupt, or annoy any officer or employee of the Committee of Management in the proper execution of his work and duty.

9. No person shall break glass of any kind on the Reserve or leave thereupon anything which will injure any person.

10. No person shall camp on any portion of the Reserve except on that portion set apart by the Committee of Management, and then only after obtaining a permit subject to the payment of such fees and under such conditions as the Committee of Management may from time to time determine.

The Council of the Shire of Grenville has been appointed a Committee of Management with power and authority to enforce the foregoing Regulations.

Every person offending against these Regulations shall, in accordance with the provisions of section 181 of the *Land Act* 1928, for each offence be liable to a penalty of not more than Five pounds (£5), and every person who knowingly and wilfully offends against any such Regulations, and who, after he has been warned by any bailiff of Crown lands or by any member of the Police Force, does not desist from so offending, may be forthwith apprehended by such bailiff or member of the Police Force and taken before some justice to be dealt with according to law, and shall be liable to a penalty of not more than Ten pounds.

REGULATIONS FOR THE CARE, PROTECTION, AND MANAGEMENT OF THE RESERVE FOR A QUARRY IN THE PARISH OF JAN JUC AT ANGLESEA.

WHEREAS by the 181st section of the *Land Act* 1928, power is given to the Board of Land and Works to make rules and regulations for the care, protection, and management of all public parks and reserves not conveyed to and vested in trustees, and for the preservation of good order and decency therein, and also for the collection and receipt of tolls, entrance fees, and other charges for entering therein or thereupon: Now therefore the Board of Land and Works, in pursuance of the powers conferred as aforesaid, doth hereby make the following Regulations in respect of the land temporarily reserved by Order in Council of 1st April, 1941, as a site for a quarry in the Parish of Jan Juc at Anglesea, and known as the "Anglesea Quarry Reserve."

REGULATIONS.

1. The Reserve shall be open to the public from sunrise to sunset.

2. No person shall enter or remain in the Reserve who may offend against decency as regards dress, language, or conduct.

3. No person shall leave or deposit any glass, paper, or rubbish in the Reserve, nor roll or throw stones or any missiles of any kind therein.

4. No person shall put in the Reserve any cattle, horses, sheep, goats, pigs, or other animals without permission, in writing, of the Committee of Management first obtained.

Provided always that the moneys received from agistment shall be expended in the maintenance and improvement of the Reserve, and that an account thereof shall be furnished annually to the Board of Land and Works.

5. The owner of any horse, cattle, or other animals found wandering upon any part of the Reserve shall be guilty of an offence against these Regulations, and in addition such horse, cattle, or other animals may be impounded.

6. The Committee of Management shall have full power and authority to impound any cattle trespassing in the Reserve, and shall be taken to be the occupier of the Reserve (with all power incidental to that status) within the meaning of any law for the time being in force relating to the impounding of cattle. For the purposes of this clause, "cattle" shall mean cattle as interpreted by section 3 of the *Pounds Act* 1928.

7. No person shall camp in the Reserve, nor erect therein any buildings, without the permission, in writing, of the Committee of Management first had and obtained.

8. No person shall remove any stone, earth, marl, or gravel from the Reserve without the permission, in writing, of the Committee of Management first had and obtained. Such permission shall not be unreasonably or arbitrarily withheld, but shall be conditional on the payment to the said Committee of such fees as the said Committee may from time to time direct for the removal of any stone, earth, marl, or gravel as aforesaid.

Such fees shall not exceed the sum of One shilling per cubic yard of stone, earth, marl, or gravel removed. Before granting any person requesting such permission, a deposit of any sum not exceeding Ten pounds by way of guarantee for due care in the removal of stone, earth, marl, or gravel as aforesaid, and for due payment of fees for removal of such stone, earth, marl, or gravel. All fees collected by the Committee of Management under or by virtue of this Regulation shall be paid by the said Committee into the Consolidated Revenue of the State of Victoria and a certified return thereof furnished to the Board of Land and Works at the end of each half-year.

9. All gravel to be removed from the said Reserve, in accordance with the permission of the Committee of Management, shall be removed therefrom subject to and in accordance with the directions of the engineer or shire secretary of the Council of the Shire of Barrabool, provided that and subject to such directions all gravel shall be removed in a face and for the full depth of the deposit. No overburden shall be allowed to remain on the floor of the pit, but all such overburden shall be removed and deposited as directed by the Committee of Management. All trees, stumps, logs, roots, branches, and other debris shall be removed from the pit as they are reached and fall, and shall not be left standing on "islands."

The Council of the Shire of Barrabool has been appointed a Committee of Management, with power and authority to enforce the foregoing Regulations.

Every person offending against these Regulations shall, in accordance with the provisions of section 181 of the *Land Act*

1928, for each offence be liable to a penalty of not more than Five pounds (£5), and every person who knowingly and willfully offends against these Regulations and who, after he has been warned by any bailiff of Crown lands, or by any member of the Police Force, does not desist from so offending, may be forthwith apprehended by such bailiff or member of the Police Force and taken before some justice to be dealt with according to law and shall be liable to a penalty of not more than Ten pounds (£10).

CITY OF SOUTH MELBOURNE.

BY-LAW No. 353.

A By-law of the City of South Melbourne made under the Local Government Acts, and numbered 353, for the purpose of amending By-law No. 338 of the said city.

THE Mayor, Councillors, and Citizens of the City of South Melbourne, in pursuance of the powers conferred by the Local Government Acts, and of every Act or power enabling it in that behalf, doth hereby make the By-law and order as follows:—

1. That By-law No. 338 of the said city be amended by inserting the following clauses after clause 13 thereof, namely:—

13A. No person shall carry on any vehicle in or upon any street any ashes, coal, coke, earth, hay, paper, scrap metal, stone, straw, sawdust, shavings, soil refuse, or rubbish or the like materials in such a manner that any of such ashes, coal, coke, earth, hay, paper, scrap metal, stone, straw, sawdust, shavings, soil refuse, or rubbish or the like materials may fall on such street.

13B. No person shall drive a vehicle from an excavation on to any street unless the wheels and undercarriage of such vehicle are clean and free from all earth, soil, and refuse when such vehicle enters upon such street.

Resolution adopting this By-law agreed to by the Council of the City of South Melbourne on the eighteenth day of June, 1941, and confirmed at a meeting of the said Council on the sixteenth day of July, 1941.

PROPORTION (WITHIN ANY PLACE).

One apprentice and one improver to every three or fraction of three workers receiving not less than 93s. 6d. per week of 44 hours.

An indenture of apprenticeship prescribed by the Board was approved on 15th March, 1923.

(3) EXTRA PAYMENT FOR EMPLOYEES ON AFTERNOON OR NIGHT SHIFT.—Employees on Afternoon or Night Shift shall receive the rates provided in clause (2), plus 5 per cent.

(4) SHIFTS.—That the hour of beginning and the hour of ending each shift shall be as follows:—

	Time of Beginning—	Time of Ending—
Monday to Friday (Day Shift)	8 a.m.	5 p.m.
Saturday "	8 a.m.	12 noon
Monday to Saturday (Day Shift)	7 a.m.	3 p.m.
" " (Afternoon Shift)	3 p.m.	11 p.m.
Monday to Saturday (Day Shift)	7 a.m.	3 p.m.
" " (Afternoon Shift)	3 p.m.	11 p.m.
" " (Night Shift)	11 p.m.	7 a.m.

Any of the above times of beginning and ending may be varied on any job by mutual consent of the employer and the majority of the employees, but in no case shall the total length of any shift be increased.

(5) OVERTIME.—The higher rate to be paid for each hour or fraction of an hour worked by any employee before or after his shift shall be time and a half.

(6) **TIME WAGES.**—Any person employed on time wages for less than the number of hours provided for an ordinary week's work shall be paid, for each hour worked up to 22 hours, as follows:—

- (a) In any week in which two or more public holidays occur .. At the ordinary wages rate with an addition of sixty-six and two-thirds per centum;
 (b) In any other week At the ordinary wages rate with an addition of thirty-three and one-third per centum;

and for each hour worked beyond the 22 hours aforesaid shall be paid the ordinary wages rate up to but not exceeding ordinary wages rates for an ordinary week's work.

(7) **SUNDAYS.**—Time and a half shall be the special rate payable for all work done on Sundays.

(8) **PUBLIC HOLIDAYS.**—Double time shall be the special rate payable for all work done on Christmas Day, Boxing Day, New Year's Day, Australia Day, 21st April (Labour Day), Good Friday, Easter Monday, Anzac Day, and King's Birthday; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.

(9) **CRIB TIME.**—When shifts are worked time allowed as crib time shall be deemed to be time worked.

(10) **SICK LEAVE.**—Where an employee is disabled by personal ill health (not attributable to misconduct) proof of which sickness is given to the employer by medical certificate or other satisfactory evidence within 24 hours of the employee's consequential absence, he shall, on account thereof, be entitled without deduction of pay to absent himself from work one day in each two months, or for a proportionate aggregate in a longer period, but not exceeding six days in any year of employment.

(11) **ANNUAL LEAVE.**—Any employee who has been in the service of an employer for not less than twelve months shall be granted one week's holiday on full pay, and thereafter one week's holiday (with full pay) on each completed year of service, provided that for the purpose of administering this clause any service prior to the 27th October, 1939, shall not be taken into account.

(12) **PERIODICAL ADJUSTMENT OF WAGES.**—The wages rates set out in clause (2) are based upon the following basic wage, and pursuant to and in accordance with the provisions of section 21 of the *Factories and Shops Act 1934*, this Board hereby determines that the rates for adults shall be automatically increased or decreased by the same amount, and at the same time as such basic wage: provided that the wage of apprentices and improvers shall be adjusted proportionately to adjustments of the basic wage—such adjustments to be made to the nearest 6d.

In addition to the total basic wage provided in this clause the rates set out in clause (2) contain margins granted prior to the coming into operation of this Determination, and in addition increased margins and a war loading as follows:—

Drawers' assistants, an increase in marginal rate of 5s. per week, plus 4s. as emergency war loading.

Slack lime workers, an increase in marginal rate of 5s. per week, plus 4s. as emergency war loading.

Other adult employees, an increase in marginal rate of 2s. per week, plus 4s. as emergency war loading.

Apprentices and improvers, receive a *pro rata* war loading and a *pro rata* increase in wages, based on an increase of 2s. per week in the marginal rate of adult employee classified as all others.

The basic wage, shown hereunder, shall be adjusted as prescribed in clause (13):—

(13) **ADJUSTMENT OF BASIC WAGE.**—For work done before the beginning of the first pay period to commence in November, 1941, the amounts of the basic wage prescribed in clause (12) hereof shall be paid.

For work done during each future pay period of or near a quarter beginning with the first pay period to commence in a November, a February, a May, or an August, the amounts of the basic wage shall be adjusted by the following method according to the position and fluctuations (if any) of the Commonwealth Statistician's "All Items" retail price index numbers.

For the purposes of this Award the expression "Commonwealth Statistician's retail price index numbers" or any like expression means the numbers stated to be such index numbers in any document purporting, and not proved to be wrongly so purporting, to be printed by the Commonwealth Government Printer or to be signed by or on behalf of the Industrial Registrar.

(1) Adjustment is to be based upon the equating of index number 1000 with a wage of 81s., the amount assessed upon that number of the Court's declared ordinary basic wage per week.

(2) The index number set to be applied to a place is that assigned thereto in sub-clause (a) hereof.

(3) The index number for the calendar quarter next preceding the period of thirteen weeks for which the adjustment is made is to be ascertained.

(4) The amount assigned in the following table (or in any extension thereof) to the index number division comprising that number is to be ascertained.

(5) The basic wage shall be of that amount assigned during such successive period.

Factories and Shops Acts.

DETERMINATION OF THE ENGRAVERS BOARD.

NOTE.—(1) This Determination applies to the following parts of Victoria, namely:—The Metropolitan District as defined in the Factories and Shops Acts and the Order in Council thereunder; such portions of the city of Sandringham as are not included within the said Metropolitan District; the cities of Ballarat, Bendigo, Geelong, Geelong West, and Warrnambool; the town of Newtown and Chilwell; and the Boroughs of Eaglehawk and Sebastopol.

(2) The Engravers Board when first constituted had power to fix rates for any person or persons, or classes of persons, employed in the process, trade, or business of a process engraver. This power was taken away by Order in Council dated 26th August, 1913.

(3) On the 2nd October, 1917, the powers of the Engravers Board were extended to enable it to fix the lowest prices or rates which may be paid to any persons employed in the process, trade, business, or occupation of making (but not enamelling) metal badges.

IN accordance with the provisions of the Factories and Shops Acts, the Wages Board appointed to "determine the lowest prices or rates which may be paid to any person or persons or classes of persons employed in the process, trade, or business of an engraver or die-sinker," has made the following Determination, namely:—

(1) That on the 31st July, 1941, the adjusted Determination which came into force as from the beginning of the first pay period to commence in May, 1941, shall be revoked and replaced by this Determination.

- (ii) Between midnight and 6.30 a.m. Double time.
- (iii) Any other time outside the times of beginning and ending work Time and a half.

(b) Within the hours fixed in Clause 3 in excess of 44 hours in any week Time and a half.

(5) HOLIDAYS AND SUNDAY WORK.—Employees shall be entitled to the following public holidays without deduction of pay:—New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, King's Birthday, Labour Day, Anzac Day, Christmas Day, and Boxing Day, or such other day as is generally observed in the locality as a substitute for any of the said days respectively.

Work done on Sunday or on any of the above-mentioned holidays shall be paid for at the rate of double time.

(6) EMPLOYMENT FOR LESS THAN FULL WEEK.—Subject to clause (5) persons who are employed for less than 44 hours during any week shall be paid not less than the ordinary wages rate calculated *pro rata* according to the number of hours worked.

(7) ANNUAL LEAVE:—Any employee who has been in the service of the same employer for not less than twelve months shall receive leave of absence without deduction of pay on the days intervening between Boxing Day and New Year's Day.

(8) PERIODICAL ADJUSTMENT OF WAGES.—The wages rates set out in clause (2) are based upon the following basic wage, and pursuant to and in accordance with the provisions of section 21 of the *Factories and Shops Act 1934*, this Board hereby determines that such rates shall be automatically increased or decreased by the same amount, and at the same time as such basic wage. Provided that the wages of apprentices, improvers, and juveniles shall be adjusted proportionately to adjustments of the basic wage, such adjustments to be to the nearest 3d., half or less than half of 3d. to be disregarded.

The basic wage shown hereunder shall be adjusted as prescribed in clause (9).

(4) OVERTIME.—(a) *Broom Section*.—(i) That any time worker who in any week works for any time in excess of 44 hours shall be paid for such extra time at the rate of time and a half.

(ii) Any piece worker who works in excess of 44 hours in any week shall for such extra time be paid 8d. per hour in addition to piece-work earnings.

(b) *Feather Duster or Mop Section*.—That any time worker who in any week works for any time in excess of 44 hours shall be paid for such extra time at the rate of time and a half.

(5) SPECIAL RATES.—All work done on Sundays, New Year's Day, Australia Day, Good Friday, Melbourne Cup Day, Easter Monday, Labour Day, King's Birthday, Christmas Day, and Boxing Day shall be paid for at the rate of double time; but if any other day be by Act of Parliament or Proclamation substituted for any of the above days, then the special rate shall be payable only for the day so substituted.

(6) HOLIDAYS.—(a) All employees shall be entitled to the following holidays, with payment at ordinary rates therefor:—The days observed as New Year's Day, Australia Day, Labour Day, Good Friday, Easter Monday, Anzac Day, King's Birthday, Melbourne Cup Day, Christmas Day, and Boxing Day.

(b) An employer shall not terminate the employment of an employee for the purpose of evading payment for the holidays prescribed in sub-clause (a) of this clause.

(c) Where an employee is dismissed within 7 days prior to any such holiday, the re-engagement of such employee within 14 days after such holiday shall be prima facie evidence that the employment was terminated for the purpose of evading payment for such holiday.

(d) All employees working on piecework shall be entitled to the following holidays:—New Year's Day, Australia Day, Labour Day, Good Friday, Easter Monday, Anzac Day, King's Birthday, Melbourne Cup Day, Christmas Day and Boxing Day, and they shall be paid for such holidays the amount for each holiday based on the weekly wage for a maker or sewer as set out in this Determination.

(7) ANNUAL LEAVE.—Any employee who has been in the service of an employer for a period of not less than twelve months, shall be granted as holidays with pay three working days between the Christmas holidays and New Year's Day. Notwithstanding anything contained in this clause, an employer may require his employees to continue work on the working days between the Christmas holidays and New Year's Day, in which case he shall grant within four months thereafter to every employee so entitled a continuous holiday equivalent to three working days between the Christmas holidays and New Year's Day, provided that for the purposes of this Clause, any service prior to the 1st December, 1940, shall not be taken into account. Piece workers whilst on annual leave in accordance with the provisions of this clause shall be paid at the weekly rate for a maker or sewer.

(8) SICK LEAVE.—An employee who has been in the service of an employer for not less than twelve months shall be entitled to four days' sick leave of absence with full pay during each subsequent twelve months' service provided he produces satisfactory evidence to his employer that such absence was caused by ill-health or an accident.

(9) TERMINATION OF EMPLOYMENT.—Except where the conduct of an employee justifies instant dismissal, seven days' notice of termination of employment shall be given by either employer or employee, or one week's wages shall be paid or forfeited, as the case may be, in lieu thereof. This provision shall only apply in the case of the employee who has been employed continuously for three months or more.

(10) PIECE-WORK PRICES.—That the lowest piece-work prices payable to any person engaged in the following kinds of work shall be:—
