The following rules shall be observed upon or in respect to all vessels:—

1. The master, owner, and agent of a vessel shall each be responsible for the due performance and observance of all rules applying to such vessel, and in no case shall the responsibility of either relieve the other or others of his or their responsibility.

The master, owner, and agent of a vessel loading, unloading, or conveying oils or inflammable liquid shall be liable to the Commissioner of Public Works for any loss of or damage, however caused, to any Government property occasioned by fire or explosion in connexion with the loading, unloading, or conveying of such oil or inflammable liquid into, from, or on such vessel.

2. *General Precautions.*—All due precautions, whether prescribed or not, for the prevention of accidents by fire or explosion shall be taken, and no act shall be performed or permitted which tends to cause fire or explosion and is not reasonably necessary.

3. *Inspection.*—Inspection of the vessel by the Port Officer, or any Inspector shall be facilitated, and all inquiries respecting the observance of these rules shall be answered correctly. No person shall obstruct or interfere with the Port Officer or any Inspector in the performance of his duty. Notwithstanding any other rule, the Port Officer and any Inspector are hereby authorized to inspect and examine at any time any vessel which they have reasonable cause to believe has inflammable liquid or oil on board.

4. *Escape of Oil.*—No inflammable liquid or oil or ballast water, or water mixed with any oil or inflammable liquid, shall be permitted to escape from or be discharged from a vessel into any inland or tidal water or on to any wharf, and no liquid of any kind shall be discharged into any inland or tidal water from bilges, tanks, or other spaces which have contained any oil or any inflammable liquid unless it is proved that the tanks or spaces have been cleaned of oil and inflammable liquid, or that the liquid has been freed from oil or inflammable liquid by means of a separating apparatus.

5. *Loading or Unloading Oil in Bulk or Inflammable Liquid.*—No oil in bulk or inflammable liquid of any kind shall be loaded or unloaded at any time unless notice on Form 1, contained in the schedule hereto, has been given to the Port Officer, and a permit, in writing, from such Officer has been obtained. Provided that, in lieu of such notice and permit, the Port Officer may issue a permit, in writing, for a fixed period in respect of intra-harbor traffic. Any permit granted shall be subject to such conditions as the Port Officer deems necessary.

6. *Burning Oil or Inflammable Liquid or Refuse on Board.*—The heating, boiling, or burning of any pitch, tar, resin, turpentine, spirits, inflammable liquid, oil, refuse, rubbish, or other combustible matter in or on a vessel is prohibited, and the heating, boiling, or burning of any such substance removed from such vessel on any wharf or on any place within 50 feet of any wharf is prohibited, except in such place and in such manner as may be approved by the Port Officer.

7. *Strong Containers Required.*—No inflammable liquid shall be conveyed, loaded, or unloaded on, into, or from a vessel unless such inflammable liquid is contained in tanks, drums, tins, or other containers from which, in the opinion of the Port Officer, the inflammable liquid cannot escape in the form of liquid or vapour.

(3) No master shall knowingly receive or carry on board his vessel any motor-driven vehicle, machine, or boat in respect of which the requirements of this rule have not been complied with.

Provided, however, that this rule shall not apply to vehicular ferries.

9. *Powers of the Port Officer with Respect to Vessels not Carrying Inflammable Liquid.*—In the event of any vessel being anchored, moored, or berthed within 100 feet of a vessel loading, unloading, or carrying inflammable liquid, such of the requirements of these rules relating to vessels carrying inflammable liquid as the Port Officer deems necessary in the interests of safety in the loading, unloading, or carrying of such inflammable liquid shall be complied with.

10. *Precautions Against Injurious Fumes and Explosion in Oil Tanks on Ships.*—(1) Until a certificate of test prescribed by these rules has been obtained, no person shall enter any oil tank for any purpose whatsoever, except for the purpose of testing the atmosphere therein, or for the purpose of removing any inflammable vapours and/or any oil, sludge, deposits, or other inflammable liquids or substances.

(2) If the cargo last contained in the oil tank was oil with a flash point below 73° F. (close test)—Inflammable Liquid Group A.—a certificate of test prescribed by these rules shall be obtained daily before work is commenced therein, and if during the course of the work any pipe or joint in the oil tank is broken or any other risk of oil or oil vapour entering it arises, work therein shall be suspended until a further certificate of test shall have been obtained.

(3) Until a certificate of test prescribed by these rules has been obtained, no person shall bring near or cause to be placed in any oil tank any naked light, fire, or lamp (other than approved electric lamp) or apparatus of any kind for producing a light or spark.

Provided, however, this clause shall not apply to any vessel until any oil tank thereof has been unsealed or opened.

(4) Every certificate of test, or a copy thereof, shall be posted as soon as practicable in a conspicuous place on the oil tank to which it applies where it can be easily read by all persons concerned.

Provided that clauses (1) and (3) of this paragraph shall not apply to any vessel the oil tanks of which have been cleaned and tested in accordance with these rules and have not subsequently been used for carrying oil.

(5) For the purpose of cleaning any oil tank—

(a) All residual oil and any sludge or deposit therein shall be removed; and where it is necessary for any person to be employed in the cleaning of any oil tank which has contained oil with a flash point below 73° F. (close test) he shall be provided with suitable breathing apparatus consisting of a helmet or face piece with necessary connexions by means of which he can breathe outside air.

(b) Such oil tank shall be thoroughly steamed by means of steam jets for such period as will ensure the vapourization of all volatile oil.

(c) After such oil tank has been steamed (i) all covers of man-holes and other openings therein shall be removed, and it shall be thoroughly ventilated by mechanical or other efficient means so as to ensure the removal of all oil vapour; and (ii) the interior surface shall, if any deposits remain thereon, be washed or scraped down with a wooden tool, or any other approved tool or appliance.

(d) The person in charge of the cleaning of such oil tanks shall prevent all workmen employed in the cleaning of the said oil tank from having on their person any matches or other articles capable of producing fire, flame, or sparks.

- (e) No person employed in the cleaning of such oil tank shall smoke in or take matches or other articles capable of producing fire, flame, or sparks into the said oil tank.

- (a) No lamp other than approved electric lamp or approved safety lamp shall be used near or placed therein by any person.
- (b) No fire, naked light, or heated rivet shall be taken into any such oil tank or compartment by any person without the written authority of the person giving the certificate of test prescribed by these rules that work can, as far as he is able to ascertain, be undertaken without danger to the vessel or any person or workman employed therein.

12. *Dry Docking of Vessels with Oil or Inflammable Liquid on Board.*—The owner, agent, or master of any vessel having oil or inflammable liquid therein shall apply to the Port Officer for permission to enter any dock or slipway. The Port Officer may grant such permission on such terms and conditions as he in his discretion shall determine, provided however where any vessel has carried bulk oil therein, such permission may be granted only subject to the condition that all oil is discharged therefrom and certificates of test obtained in respect to all oil tanks of such vessel.

13. *Notice to Cease Loading or Unloading.*—If in connexion with the loading or unloading of any oil, inflammable liquid, chemicals, or other materials or goods of a dangerous or inflammable nature on or from any vessel insufficient precautions are in the opinion of the Port Officer being taken for the prevention of accident by fire, explosion, or otherwise, such Port Officer may, by notice in writing delivered to owner, master, agent, or the person apparently in charge of such vessel, order that loading or unloading shall cease until such time as the conditions giving rise to the order and named in the notice are removed, and permission in writing to load or unload such oil, inflammable liquid, chemicals, or such other materials or goods on or from such vessel has been given by such Port Officer.

If any such oil, inflammable liquid, chemicals, or such other materials are loaded or unloaded on or from such vessel after such notice has been delivered, and before such permission in writing has been given as aforesaid, the owner, master, agent, or person apparently in charge of such vessel shall be guilty of an offence, and for every such offence shall be liable to a penalty of not more than £100.

14. *Removal of Ship in Certain Circumstances.*—The Port Officer may, in the event of any breach or failure to comply with the provisions of these rules, accept satisfactory security from the owner, master, or agent for the removal from the port of the vessel or cargo in respect of which such breach or failure arose within such time as the Port Officer may determine, or cause such vessel or cargo to be removed and sunk outside the limits of any port at such place as the Port Officer may fix, and at the expense of the owner, master, or agent thereof, and the amount of the expenses so incurred shall be a debt due to the Crown, and may be recovered as such from such owner, master or agent.

2. *Notice of Intention to Convey, Load, or Unload Inflammable Liquid.*—The master, owner, or agent of the vessel shall give at least 24 hours' notice in the form of Form 1, contained in the schedule hereto, to the Port Officer before entering any harbor of the intention to convey, load, or unload inflammable liquid and of the quantity of inflammable liquid to be so conveyed, loaded, or unloaded.

3. *Insurance of Wharfs, &c.*—Before a vessel having on board or on board which it is proposed to load more than 50 tons of inflammable liquid and oil, or either of them, shall be entitled to occupy a berth at any wharf, the master, owner, or agent of such vessel shall obtain and deliver to the Port Officer a policy of insurance, in the name of the Commissioner of Public Works, against loss of or damage to Government property by explosion and fire, or either of them, arising from the combustion or ignition of such inflammable liquid. Such policy shall be obtained from an insurance company approved of by the Port Officer, and shall be for such amount as the Port Officer may require and for such period as the vessel remains within the limits of the port in which the wharf is situated, and for such period as any part of the inflammable liquid remains on any Government wharf or within 50 feet thereof. Provided, however, that, in lieu of such policy of insurance, the master, owner, or agent may, with the approval of the Port Officer, furnish a surety bond in such form and for such amount as the Port Officer may require.

4. *Red Flag or Red Light.*—The master of every vessel, having on board inflammable liquid in quantity exceeding 400 gallons shall, on nearing the harbor, and during the time that such ship remains in the harbor, display—

- (a) by day a red flag not less than 3 feet square with a white circular centre 6 inches in diameter, and by night a red light, at the mast head or where it can be best seen, but not less than 20 feet above the deck, in addition to any navigation flags or lights which may be required by any other regulations, rules or by-laws. Provided that if such vessel is a self-propelled barge which cannot normally comply with this Regulation, the master or owner of such barge shall display by day, in a conspicuous position above the deck, a red flag of metal not less than 18 inches square with a white circular centre 6 inches in diameter, and by night an all-round red light;
- (b) When such vessel or barge is berthed at any wharf or landing place a notice board shall be exhibited at the forward side of any gangway. Such notice board shall have painted or printed thereon the words *Danger—No Smoking* in conspicuous lettering not less than 6 inches in size and by night display a red light at the after side of the gangway, and a white light at the forward side over the said notice board.

20. *Ventilation of Holds Before Unloading.*—All holds containing inflammable liquid in drums, tins, or other packages shall be thoroughly ventilated before and during the time such inflammable liquid is being unloaded, and no fire or unauthorized light shall be permitted at or near such holds.

21. *Ventilation of Holds after Unloading.*—All holds from which inflammable liquids in drums, tins or other containers have been unloaded shall be thoroughly ventilated. The bilges should be carefully cleaned by removing any liquids by hand pumps, and by the use of suitable wooden bailers and by swabbing. When these measures have been completed such bilges shall be thoroughly ventilated. Fire or unauthorized lights shall not be permitted at or near such hold until a certificate of test shall have been obtained.

22. *Stowage.*—All inflammable liquid loaded on the vessel shall be properly and securely stowed to the satisfaction of the Port Officer.

23. *Ventilation of Stowage Spaces.*—Proper and efficient ventilation for the place of stowage shall be provided, and, when required, outlet ventilators passing through the deck and terminating just below such deck and inlet ventilators extending to the bottom of the holds from above the upper deck shall be fixed. 29. *Stowing Inflammable Liquid in Wooden Vessels.*—Stowing inflammable liquid having a flashing point below 110° F. below deck in a wooden vessel is prohibited. A limited quantity thereof, however, may be carried as deck cargo on the weather deck of such a vessel, provided such inflammable liquid is stowed at a safe distance from the galley, crew's quarters, and openings leading into machinery or boiler spaces.

Special Provisions With Respect to Tank Ships.

30. *Mooring Ropes.*—Except with the permission of the Port Officer wire ropes shall not be used in the mooring of tank ships.

31. *Wharf Barricade.*—The loading or unloading of inflammable liquid from a tank ship shall not commence until a barricade capable of preventing access to the vessel and pipe-line hose connexions by any unauthorized person has been erected to the satisfaction of the Port Officer, and until a watchman has been stationed at each opening of the barricade to prevent the entrance of any unauthorized person and to take charge of matches or other means of making a fire or light from all persons entering the barrier.

32. *Matches, &c., Prohibited.*—Before commencing loading or unloading inflammable liquid, all matches or other articles capable of producing fire, flame, or spark shall be collected from members of the crew and other persons on the vessel, and no person shall bring or cause to be brought on to any vessel during such loading or unloading any matches or other articles capable of producing fire, flame, or sparks.

34. *Fires and Lights on Tank Ships.*—From the time when the tank or holds of tank ships carrying inflammable liquid are first unsealed or opened for the purpose of loading or unloading inflammable liquid until such tanks or holds have been closed and sealed down, no fires or lights, other than fires or lights approved by the Port Officer, shall be lit or used, either on board the vessel or on shore, within 50 feet of any place at which inflammable liquid is being loaded or unloaded. Where, however, the Port Officer is satisfied that the construction of the vessel and the situation of the fires are such that no serious hazard will be created thereby, the use of boiler fires for the purpose of supplying power necessary for working the machinery or appliances for the unloading of inflammable liquid, and also for heating galley appliances, may be authorized. No fires or lights of any description shall be permitted on any vessel while the tanks are open or unsealed for the purpose of loading inflammable liquid.

4. The Returning Officer may, by writing under his hand, appoint some person to be the Substitute Returning Officer to assist the Returning Officer or to act for him in his absence, and may in like manner appoint such other persons as he may deem fit to assist him as Poll Clerks in the conduct of elections.

5. The Returning Officer, the Substitute Returning Officer, and every Poll Clerk, upon entering upon any of their duties, shall make a statutory declaration in accordance with Form A.

EXTRAORDINARY ELECTIONS.

6. Every extraordinary election shall be held within a period of three months after the occurrence of the vacancy.

NOTICE OF ELECTION.

7. The Minister shall give notice in the *Government Gazette* of every election. In such notice the polling day (which shall be not less than six weeks after the publication of such notice), the nomination day (which shall be not less than two weeks after such publication), the name of the Returning Officer and the place where he will receive nominations, shall be specified.

ROLLS.

8. Forthwith after the nomination day for any election, the Minister shall arrange for a responsible officer of each department concerned to supply the Returning Officer with a roll of persons (or, in the case of persons who are teachers, with the official classified rolls of teachers) entitled on a day to be specified by the Minister to vote at the election, including the departmental or other address (as the case may require) of each such person, and each such officer shall also send to the Returning Officer an envelope addressed to each such person.

10. Any person nominated may, by written notice addressed to the Returning Officer, withdraw his consent to his nomination at any time not later than Twelve o'clock noon on the nomination day, and such person shall be considered as not having been nominated, and the Returning Officer shall thereupon omit the name of such person from the ballot-papers.

11. If, before polling day, a candidate dies he shall be considered as not having been nominated and, if there is only one remaining candidate, the Returning Officer shall by notice in the *Government Gazette* declare such remaining candidate duly elected and forward a copy of such notice to the Minister, or, if there are two or more remaining candidates, the Returning Officer shall delete from the ballot-papers the name of such deceased candidate and the number placed opposite his name, and each such ballot-paper shall thereupon be given effect to as if the numbers opposite the names of the remaining candidates were altered to the appropriate numbers indicated by the voter's order of preference in respect of such remaining candidates.

15. When the voter has marked his vote on the ballot-paper, he shall place it in the addressed return-envelope, and he shall sign his name and state his Department and Branch on the face of such return-envelope, and stamp and post it, or deliver it or cause it to be delivered, to the Returning Officer in time to reach the Returning Officer not later than Four o'clock in the afternoon of the polling day. Any ballot-paper which is not enclosed in an envelope with the voter's signature and the other specified particulars thereon, or in respect of which the directions in accordance with Form C have not been substantially complied with, or which is forwarded through the post without the postage thereon being fully prepaid, or which is received from a person whose name is on the roll of voters, but who, by reason of his having ceased to be an officer on or before the polling day, has become ineligible to vote, shall not be counted at the scrutiny. 18. Each candidate at any election shall be entitled to appoint, in writing, one scrutineer to be present during the scrutiny. Each scrutineer shall, before he acts as such, make and sign before the Returning Officer a declaration in the like form to that which the Returning Officer and other officers employed in the conduct of the election are required to make and sign.

- (f) when all such envelopes have been opened and the ballot-papers withdrawn therefrom and deposited in the ballot-box, open the ballot-box and count the votes.

ADJOURNMENT OF SCRUTINY.

20. The Returning Officer may from time to time adjourn the scrutiny to a day and hour fixed by him and notified to the scrutineers.

CASES OF EQUAL VOTING.

22. (1) If on any count two or more candidates have an equal number of votes and one has to be declared defeated, the Returning Officer shall decide by lot which candidate shall be declared defeated.

(2) In the case of equality between two candidates in a final count, the Returning Officer shall decide by lot which candidate shall be declared elected.

RECOUNTS.

23. At any time before the gazettal of the result of any election as hereinafter provided, the Returning Officer may, if he thinks fit, on the written request of any candidate setting forth the reasons for the request, or may, of his own motion, make a recount of the votes.

If the Returning Officer refuses on the request of a candidate to make a recount of the votes, the candidate may, in writing, appeal to the Minister to direct a recount, and the Minister may, as he thinks fit, either direct a recount or refuse to direct a recount.

PUBLICATION OF RESULTS.

24. At the conclusion of every election, the Returning Officer shall by notice in the *Government Gazette* declare the result of the election, and shall forward a copy of such notice to the Minister.

DISPOSAL OF BALLOT-PAPERS, ETC.

25. The Returning Officer shall, at the expiration of seven days after publication in the *Government Gazette* of the result of any election, cause all ballot-papers and envelopes used at such election to be destroyed.

ELECTION OF A DEPUTY.

26. (1) The provisions of these Regulations shall, with such modifications, adaptations, and substitutions as are necessary, apply to the election of any deputy pursuant to section 12 of the Act.

(2) The counting of the votes and the ascertainment of the result of an election of the deputy of any member shall not proceed until after the result of the election of such member has been ascertained.

(3) In any case where a person has been elected as the Teachers' Representative, or the Mental Hygiene Representative, or the General Service Representative, and has also been nominated for election as a deputy in respect to the office to which he has been elected as such representative, he shall cease to be regarded as a candidate for election as such deputy and, in the ascertainment of the result of the election of such deputy, the Returning Officer shall follow the same procedure as is provided in clause 11 of these Regulations.
