CONTRACTS ACCEPTED.

(SERIES 1942-43.)

SUPPLY
OF
GENERAL STORES
FOR THE
PUBLIC SERVICE
FOR
STATE DEPARTMENTS,

FROM

1st JULY, 1942, TO 30th JUNE, 1943,

OR AS STATED.

Conditions of Contract are shown herein for the guidance of Officers ordering and receiving supplies.

Articles included in these Contracts which are indicated as being of Commonwealth Manufacture must, where practicable, be supplied bearing evidence that they have been manufactured in the Commonwealth.

Under these Contracts goods may be ordered by any Department of the Commonwealth, but it is optional on the part of the Contractor to supply.

Stores and Material other than that provided for under these Contracts, or Contracts now current extending beyond the 30th June, 1942, or any Contracts which may subsequently be gazetted, must be obtained in accordance with the provisions of Clause 4 of the Stores and Transport Regulations, or under Agreements entered into from time to time by the Tender Board.

Articles which can be supplied by the Penal Department are not included in these Contracts.

H. E. JOHNSON,
Secretary to the Tender Board.

§Contract from 1st July, 1942, to 31st December, 1942.

* Items 20, 21, 23, 38 and 50 to samples at Tender Board Office.

A sample for quality of 3 feet in length for testing purposes must be submitted with tender for items 1 to 5, which shall, subject to the undermentioned standards for pressure, also be taken, if accepted, for standard quality. The Hose supplied must be made of rubber and cotton fabric each of the best of its kind made for the purpose. The Hose must be soft and pliable, uniformly and smoothly finished, and shall respectively stand a bursting pressure of at least the following lbs. per square inch:—

Item 1, $\frac{1}{2}$ in. bore 3-ply, Bursting pressure,	600 lb.
" 2, $\frac{3}{4}$ in. " 3 " " "	500 "
" 3, 1 in. " 3 " " "	400 "
" 4, $1\frac{1}{4}$ in. " 4 " " "	600 "
" 5, 1 in. " 4 " " "	500 "

The officer receiving supplies under this contract may, at his discretion, take indiscriminately a portion of any coil supplied and have same tested as to bursting pressure and other qualities specified above. It is provided, however, that such test must be made immediately on delivery. In the event of such tested sample not complying with the above specification the supply shall be forthwith rejected.

All packages containing Mixed Paints shall bear the name of the manufacturer of the paint, and in the event of varying grades the highest grade produced by the manufacturer indicated must be supplied. All supplies shall be subject to the approval of the Officer ordering, and must be of the very best description.

All supplies must be put up in suitable containers (including outside packages, where necessary), as ordered, at the expense of the Contractor.

All gallon tins to be supplied with movable lids, where practicable.

The attention of Officers ordering supplies is specially directed to the operation of the Paint Control Regulations as affecting the manufacture, sale and use of Paints, Lacquers, Enamels, Varnishes, &c. Consequent on these Regulations, the supply of certain materials is prohibited, or is subject to release being granted by the Paint Control Committee authorized by the Directorate of Materials Supply, while various Paints, Colours, &c., may be manufactured and supplied only in accordance with permitted formula.

As the use of "permitted" paints, &c., is also subject to control, it is essential that all orders issued for these supplies clearly indicate the purpose for which the material is required.

All vertical joints to be riveted as shown in appended sketch with galvanized iron rivets and joints soldered on external face of tank only.

All horizontal joints to be riveted with galvanized iron rivets at 9-in. pitch round circumference of tank and joints soldered on external face of tank only.

The whole of the rivets and soldering to be well sweated in.

The junction of side and bottom to be well paned on and thoroughly soldered.

Cover to be 26-gauge galvanized flat iron, conical shaped 9-in. pitch with all joints properly seamed and soldered and paned on to a 3-in. 24-gauge galvanized iron rim and well soldered, the bottom edge of rim to be wired.

Cut a circular hole in cover for and provide and set therein an 18-in. diameter 24-gauge galvanized iron strainer. Strainer to have 1/4-in. diameter holes, cut in sides only in sets of three vertically 1/2-in. apart at 4-in. centres round strainer, lowest hole kept 1/2-in. above bottom of strainer, top edge of strainer flanged and wired and to be moveable.

Provide and securely fix a galvanized wrought iron socket properly bossed and soldered to receive tap. Provide with each tank an approved 3/4-in. brass low-pressure tap, lock-up type.

All tanks to be thoroughly watertight.

The whole of the walls and bottoms internally to be twice coated with "Biturine" or other approved bituminous paint.

Provide with external overflow of 2-in. diameter 24-gauge pop-bossed and soldered on near top and provide with tank 1/6 ft. length of 2-in. 24-gauge overflow pipe with elbow to connect to pop and 1/3 ft. length with shoe to discharge into drain. Provide overflow with galvanized clip to secure to stand.

CONDITIONS OF CONTRACT FOR GENERAL STORES, 1942-43, ETC.

Published in the *Victoria Government Gazette* No. 88, dated 11th March, 1942, pages 1231 and 1232.

1. Except where definite quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates. The Government reserves the right to purchase otherwise than from the contractor articles of any of the several kinds enumerated in the schedule the purchase of which is, in the opinion of the Tender Board, necessary in order to meet special circumstances or special requirements.

2. Under this contract goods may be ordered by any Department of the Commonwealth, but it shall be optional on the part of the contractor to supply.

3. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule. In the case of different makers' goods, the contractor will be required to supply the kind ordered. *The supplies are to be the best quality of their several kinds or manufacture.* In the event of the tender having been accepted for goods manufactured within the Commonwealth or within any other part of the British Empire (as the case may be), all such goods supplied shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

4. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., shall be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. The contractor must provide, without extra charge, whatever labour may be required in the packing of stores.

5. All orders for supplies will emanate from the Departments requiring the goods, which shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted and return the order to the contractor, who will attach it to his claim for payment.

6. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of this contract, the Melbourne District will include a radius of 6 miles from the Elizabeth-street Post Office. For supplies outside that radius the goods

must be delivered free on rails at Flinders-street or Spencer-street Railway Stations as required.

7. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the supply.

8. Orders must receive prompt execution; in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order or within such other time as the order may specify for delivery, it will be competent for the officer named in clause 7, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

9. Delivery will not be deemed to have been made until the goods have been approved of. In the event of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as provided in clause 8.

10. The contractor will be required to furnish his account in the prescribed form as soon as possible after the delivery of the goods, the account to be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for each Department or sub-Department must be avoided. The rates and the quantities quoted in the orders cannot be increased.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedule. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as provided in clause 8.

13. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of clauses 15 and 16 of these Conditions respecting the forwarding of consignment notes, &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds as the Treasurer may direct, and the amount may be

deducted as provided in clause 8. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay to terminate the contract forthwith and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

14. All goods forwarded under this contract shall, where practicable, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor by whom consigned, on a legibly-written business label.

15. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any Department excepting Departments of the Commonwealth, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office or such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver the original at the Tender Board Offices, the duplicate to be forwarded to the consignee in accordance with clause 16, and the quintuplicate to be retained by himself. (In the case of Commonwealth Departments, however, the Commonwealth consignment note only, which accompanies the order, must be used.) Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note must not be used. Any infringement of this condition will subject the contractor to such mulct as is provided in clause 13.

16. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred thereby will be deducted as provided in clause 8.

17. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners, under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note, an intimation to that effect, failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount thereof to be deducted from the contractor's account or from the security money.

18. The contractor is not at liberty to transfer his contract under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. Should it be found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm, and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract and forfeit the security money.

19. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works through the Board of Land and Works, or by the State Rivers and Water Supply, Forests, and Electricity Commissioners, or the Country Roads Board, or for the Railways Department, or for supplies for Technical, High, or Higher Elementary Schools, or for connexions and fittings for Drills and Batteries, or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

20. Notwithstanding anything to the contrary contained in section 152 of the *Customs Act 1901-36*, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice, in writing, from the first day of the calendar month next ensuing and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

The foregoing provision shall not apply where the contract is for definite quantities of imported goods to be delivered at stated times, as stipulated in the schedule, and any alteration in the duty of Customs or Telegraphic Transfer rate of exchange affecting the goods included in such contract shall be to the accounts of the Government: adjustments to be based on the F.O.B. and C.I.F. prices of the goods, respectively, and the Telegraphic Transfer rate ruling at the time of delivery of the goods.

21. Under no circumstances, other than those mentioned in clause 20, will the contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.
