TALLANGATTA WATERWORKS TRUST.

BY-LAW No. 27.

THE Tallangatta Waterworks Trust, in pursuance and exercise of the powers and authorities conferred by the Water Acts, doth hereby make the By-law following for its waterworks district:—

PART I.—INTERPRETATION.

1. In this By-law, unless inconsistent with the context or subject-matter—

“The Act” means the *Water Act 1928*.

“Fittings” includes all appliances and things whatsoever (other than pipes) used in connexion with the conveying, supplying, storing, or regulation of the flow of water in or derived from a main.

“Main” means any pipe belonging to or under the control of the Trust and used for the conveying or supplying of water.

“Private Service” means and includes all pipes and fittings used in connexion with the supply of water from a main to a tenement and/or in connexion with the use or consumption of such water in or on such tenement.

“Service Pipe” means any pipe (not being a main) used for the conveying or supplying of water derived from a main.

“Trust” means the Tallangatta Waterworks Trust.

“Works” means works of or in connexion with the laying, constructing, altering, repairing, or renewing of a private service or any part thereof.

All words used in this By-law which are also used in the Act shall have the meanings assigned to them by the Act.

PART II.—CONSTRUCTION AND ARRANGEMENT OF WORKS.

2. No person shall execute any works (except such works as are authorized by sections 191 and 194 of the Act)—

(a) Without having given to the Trust seven days prior to the commencement of the execution of such works—

(i) notice, in writing, of his intention so to do, specifying the tenement in, on, or in respect of which it is proposed to execute such works, and the time or times (being between the hours of 8 a.m. and 5 p.m. on any week day except a public holiday or a Saturday, or between the hours of 8 a.m. and 12 noon on any Saturday other than a public holiday) during which it is proposed to execute such works;

(ii) a complete specification, in writing, of the works proposed to be done setting out the mode, form, strength, material, construction, dimensions, and arrangement of all pipes and other works intended to be used in the execution of such works;

(iii) a properly prepared plan, drawn to a scale specified thereon, of the premises in, on, or in respect of which it is proposed to execute the said works, showing thereon all buildings, erections, and structures on the said premises, and the proposed arrangement of all pipes and other works which it is proposed to lay or construct therein or thereon.

(b) Otherwise than during the time or times set out in the notice mentioned in sub-paragraph (i) of paragraph (a) of this clause.

(c) At any time save between the hours of 8 a.m. and 5 p.m. on any week-day except a public holiday or a Saturday, or between the hours of 8 a.m. and 12 noon on any Saturday except a public holiday.

(d) Contrary to or not in conformity with this By-law or such specification and plan mentioned in sub-paragraphs (ii) and (iii) of paragraph (a) of this clause.

3. No person shall lay, construct, repair, or alter any private service unless every service pipe forming part thereof for such portion of its length as lies in or on private property is laid and constructed in such manner that the same is at all points at a depth of not less than 10 inches below the surface of the ground, nor unless every such service pipe for such portion of its length as lies in or on any public street, lane, or right-of-way, or where it may be exposed to vehicular traffic, is laid and constructed in such manner that the same is at all points at a depth of not less than 24 inches below the surface of the ground.

4. No person shall connect any lead pipe with any iron pipe except with a brass union coupling.

5. No service pipe which supplies (for domestic purposes otherwise than by measure) water to any tenement shall have

a bore exceeding $\frac{3}{4}$ inch. No service pipe which supplies by measure water to any tenement shall have a bore exceeding $1\frac{1}{2}$ inch.

6. No person shall—

(a) lay, construct, or alter any private service, or any part thereof;

(b) erect or construct any building, erection, or structure—

in such place, position, or manner that the whole of such private service is not easily accessible for the purposes of inspection, repair, and renewal.

PART III.—MATERIALS.

7. No person shall use any pipe or fittings in or in connexion with a private service unless the same shall comply in all respect with the following specifications:—

(a) Subject to the provisions of clause 10 and sub-clause

(c) of clause 16 hereof the whole of the pipes, tees, thimbles (other than thimbles connecting the service pipes and mains), bends, reducing couplings, plugs, and the like, shall be of best quality galvanized wrought iron, copper, brass, lead, or fibrolite.

(b) All pipes and pieces shall be true in sectional form, straight longitudinally, clear in bore and (in the case of wrought iron piping) properly galvanized throughout, and shall be of equal strength and thickness throughout the entire body of same.

(c) All ends of pipes (other than lead pipes) bends and the like shall be properly and truly threaded and capable of being screwed into thimbles, tees, or fittings.

(d) All stop-cocks and bib-cocks shall be screw-down high pressure cocks made of hard brass or gunmetal.

(e) The whole of the pipes and fittings shall be of the best quality and workmanship, and shall be sound and free from all defects.

8. All lead piping used, pursuant to the provisions of clause 10 and sub-clause (c) of clause 16 hereof, shall be of best quality new lead piping of the following weights:—

For piping $\frac{1}{2}$ inch diameter, weight 6 lb. per yard.

For piping $\frac{3}{4}$ inch diameter, weight 9 lb. per yard.

For piping 1 inch diameter, weight $14\frac{1}{2}$ lb. per yard.

For piping $1\frac{1}{4}$ inch diameter, weight 22 lb. per yard.

For piping $1\frac{1}{2}$ inch diameter, weight 30 lb. per yard.

PART IV.—CONNEXIONS TO MAINS.

9. No person shall affix or connect, or cause or permit to be affixed or connected, to any main more than one service pipe or private service for the supply of water for domestic purposes to any one tenement.

10. No person shall affix or connect any service pipe to any main save by means of a stock-cock ferrule to which a quarter bend of wrought iron or copper alloy or a length of not less than 3 feet of lead pipe is properly and securely attached.

11. No person shall connect or affix any service pipe to any main save by means of a tapping not exceeding in the case of each of the sizes of mains set out in the first column of the table hereunder written the size set opposite such size of main in the second column of such table:—

The Table Hereinbefore Referred to.

Size of Main.	Maximum Size of Tapping Allowed.
Not exceeding 2 inches	$\frac{1}{2}$ inch.
Exceeding 2 inches but not exceeding 4 inches	$\frac{3}{4}$ inch.
Exceeding 4 inches but not exceeding 6 inches	1 inch.
Exceeding 6 inches but not exceeding 8 inches	$1\frac{1}{4}$ inch.
Exceeding 8 inches but not exceeding 9 inches	$1\frac{1}{2}$ inch.
Exceeding 9 inches	2 inches.

11A. No person shall affix or connect, or cause to be affixed or connected, any service pipe to any main without having first paid to the Trust a tapping fee of Fifteen shillings.

12. A high pressure screw-down stop-cock properly secured and covered with a cast iron top shall be fixed on each service pipe (connected with or affixed to a main) between the main in or to which it is connected or affixed and the building line of the tenement which it supplies in such place and manner that such stop-cock is within 6 feet from such building line and is easily accessible for the purpose of and may be used completely to cut off the supply of water to the private service of which such service pipe forms part.

PART V.—REPAIR.

13. Any person using any private service shall at all times keep same in proper repair.

14. If any person refuses, neglects, or delays to have any private service, or any part thereof, used by him properly repaired after having been required, in writing, by an officer of the Trust so to do the Trust, by its officers, servants, or agents, may enter into or upon any premises supplied by such private service, or any part thereof, and may, where necessary,

repair or renew such private service, or any part thereof, so as to prevent the waste of water, and may charge such person with the cost and expense of such repair or renewal, and such cost and expense shall be a debt due by such person to the Trust.

PART VI.—METERS.

15. No person shall use any private service save for the supply of water for domestic purposes solely unless the whole of the water supplied to such private service passes through a meter.

16. No meter shall be affixed to or used in connexion with any private service or service pipe unless—

- (a) it is capable of registering at least 1,000,000 gallons;
- (b) in the case of a meter attached to a $\frac{1}{2}$ -inch, $\frac{3}{4}$ -inch, or 1-inch private service it is capable of registering any flow of not less than 10, 15, and 30 gallons per hour respectively;
- (c) it is properly and securely affixed to such private service or service pipe by means of lead connexions or wrought iron quarter bends of wrought iron or copper alloy;
- (d) it is fixed truly level on a solid foundation of brick, stone, or concrete the top of which foundation is level with the surface of the ground;
- (e) it is fixed in an easily accessible position;
- (f) it is fixed in such position and with such coverings that it is adequately protected from the possibility of accidental damage;
- (g) all washers used for connexion couplings in respect thereof are made of leather.

17. No person shall construct, place, stack, or store, or permit or suffer to be constructed, placed, stacked, or stored, any building, erection, material, or thing over or upon any meter connected or affixed to any private service, or shall do or permit or suffer to be done any act, matter, or thing whereby inspection of such meter shall be prevented, obstructed, or in any way rendered difficult, or interfered with.

18. The remuneration in money for which the Trust may, pursuant to section 201 of the *Water Act 1928*, let for hire to any consumer of water supplied by measure any meter or instrument for measuring the quantity of water supplied and consumed is hereby fixed in the case of meters for use in connexion with $\frac{1}{2}$ -inch or $\frac{3}{4}$ -inch private services at 6s. per annum, and in the case of meters for use in connexion with 1-inch private services, at 12s. per annum.

19. No person shall connect any service pipe with any steam boiler for the purpose of feeding or supplying the same with water, without first affixing on such service pipe between such boiler and any meter which records the quantity of water passing through such service pipe a self-acting valve in such manner and position as will prevent the pressure of the steam reversing or otherwise affecting the mechanism or dial of such meter.

19B. Any consumer may at any time deliver to the Trust a request, in writing, to test any meter attached to his private service and through which water supplied to him passes, and shall, at the time of the delivery of such request, pay to the Trust the sum of Seven shillings and six pence. The Trust shall thereupon remove and test the meter, or cause the same to be tested in such manner as it thinks fit. If such meter is found to be registering correctly the Trust may retain such sum of Seven shillings and six pence in satisfaction of the fee for testing meter hereinbefore prescribed, but if such meter is found to be registering incorrectly such sum of Seven shillings and six pence shall be returned to such consumer.

PART VII.—WASTE AND MISUSE.

20. No person shall use, or permit or suffer the use, of any private service for the supply of water to more than one tenement.

21. No person shall use or permit or suffer the use of any private service, or any part thereof, for the supply of water to any cistern tank or water trough unless such cistern tank or water trough is watertight and is provided with an equilibrium ball valve or other mechanism efficiently regulating the flow of water thereinto in such manner that such water shall not overflow such cistern or tank. No person shall affix any overflow pipe to any cistern or tank in such manner or position that is not open to inspection. In this clause water trough means a water trough used for the supply of water to animals.

22. No person shall construct, lay, or use any service pipe which communicates directly or indirectly with or supplies water to any urinal or water closet, or any part thereof, save through a cistern or tank.

23. No person shall use or permit or suffer the use of any private service for the purpose of supplying water to any bath capable of containing more than 100 gallons of water.

24. No person shall affix an overflow pipe to any bath.

25. No person supplied with water by the Trust shall waste the same or permit or suffer the same to run to waste.

26. No person shall take or carry away or permit or suffer any other person to take or carry away any such water from any premises supplied with water by the Trust, and no person shall sell any water supplied by the Trust.

27. No person, other than a servant or agent of the Council of the municipality of the Shire of Towong or the Tallangatta Country Fire Brigade, in the execution of his duty as such servant or agent, shall, without the written permission of the Trust, open, close, or otherwise interfere with any hydrant attached to any main.

28. No person, other than a servant or agent of the corporation or body having the care and management of a public park or garden, shall, without the previous consent of the Trust, open, close, or otherwise interfere with any tap, valve, or other like regulator in, on, or connected with any service pipe used for the supply of water to such public park or garden.

29. No person shall use, or permit or suffer to be used, any water supplied by the Trust for the purpose of watering or irrigating any land, garden, or plantation, or any vegetation whatsoever, save through and by means of a garden hose.

PART VIII.—INSPECTION.

30. Any person authorized by the Trust in that behalf, either generally or for any class of cases, or in any particular case, may at all reasonable times—

- (a) enter into or upon any premises for the purpose of inspecting, and may inspect any private service or any part thereof, or any works in course of execution therein or thereon, and/or
- (b) enter into or upon any premises for the purpose of superintending the execution of any works in course of execution therein or thereon, and may give to the owner or occupier of such premises, or any person engaged in executing such works, any directions or instructions necessary for the purpose of ensuring that all relevant provisions of this By-law shall be duly complied with and observed during and in connexion with the execution of such works.
- (c) For any such purpose as aforesaid, may dig or excavate in or upon any such premises.

31. Any person who obstructs, hinders, impedes, resists, or opposes or refuses admission to any premises to, or fails or neglects to carry out and observe all lawful directions and instructions given to him by any person duly authorized in that behalf, shall be guilty of an offence against this By-law.

32. Any person who is guilty of any breach of any of the provisions of this By-law shall be liable to a penalty of not more than £5, and in the case of a continuing offence to a further penalty not exceeding £5 for every day after notice of the offence from the Trust.

Passed this 4th day of December, 1942.

(SEAL) A. SUTHERLAND, Chairman.
A. MURRAY MCKAY, Commissioner.
J. B. OGLE, Secretary.

Approved by the Governor in Council,
2nd February, 1943.

C. W. KINSMAN,
Clerk of the Executive Council.

MANSFIELD WATERWORKS TRUST.

BY-LAW No. 2.

THE Mansfield Waterworks Trust, the Waterworks District of which has been proclaimed an Urban District for the purpose of the *Water Acts*, do hereby, pursuant to and in exercise of the powers and authorities conferred by such Acts, make the following By-law:—

1. The maximum quantity of water to be supplied in any one year without further charge to any property rated by the Trust is hereby fixed at the quantity which, at a charge of One shilling per one thousand gallons, would produce an amount equal to the amount of the rate levied on such property for the said year.

2. The charge for water supplied by measure to any property rated by the Trust in excess of such maximum quantity, computed as in the last preceding clause, is hereby fixed at One shilling per one thousand gallons.

3. The charge for water supplied by measure to any property not rated by the Trust is hereby fixed at One shilling per one thousand gallons, and the minimum quantity of water to be charged for in cases where water is so supplied is hereby fixed at one hundred thousand gallons.

4. The charges for water supplied by measurement shall be payable, on demand, at the office of the Trust.

5. For every water trough a charge of Twenty shillings per annum shall be made.

6. The charges for water supplied for watering gardens are hereby fixed as follows:—

For an area not exceeding one square chain—Ten shillings.
For every additional square chain or part thereof—Eight shillings.

7. No person shall use or permit or suffer to be used any water supplied by the Trust for the purpose of watering or irrigating any land, garden, or plantation or any vegetation whatsoever save through and by means of a garden hose and between the hours of Six a.m. and Nine p.m. during the whole year.

8. By-law No. 1, as adopted on the 10th December, 1931, be and is hereby repealed.

Passed this eighteenth day of January, 1943.

(SEAL) J. LLEWELLYN, Chairman.
R. WOMERSLEY, Secretary.

Approved by the Governor in Council,

STATE RIVERS AND WATER SUPPLY COMMISSION.

BY-LAW NO. 4077.—KOONBROOK URBAN DISTRICT WITHIN THE KOONBROOK WATERWORKS DISTRICT.

THE State Rivers and Water Supply Commission, hereinafter referred to as "the Commission," in pursuance and exercise of the powers conferred by the Water Acts, doth hereby make the By-law following for preventing the waste or misuse of water supplied by the said Commission within the Koonbrook Urban District within the Koonbrook Waterworks District.

1. This By-law shall apply to and have force in the Koonbrook Urban District within the Koonbrook Waterworks District.

2. During the period commencing with the 5th day of February, 1943, and ending with the 30th day of June, 1943, no person shall water any garden or other land in the said Urban District, except between the hours of Seven o'clock in the forenoon and Nine o'clock in the afternoon of the same day.

3. Every person who shall use, or permit, or suffer water supplied by the Commission to be used contrary to the provisions of this By-law shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds, recoverable summarily before any court of competent jurisdiction, and in cases of continuing the offence to a further penalty not exceeding Five pounds for every day after notice of the offence from the Commission.

4. If any person supplied with water by the Commission wrongfully does or causes or permits to be done anything in contravention of this By-law, the Commission may (without prejudice to any remedy in respect thereof) close or cut off any of the pipes by or through which water is supplied by the Commission to him or for his use, and may cease to supply him with water as provided by the Water Acts.

The foregoing By-law was made by the State Rivers and Water Supply Commission on the 18th day of January, 1943, and the common seal of the said Commission was hereunto affixed the 27th day of January, 1943, in the presence of—

(SEAL) L. R. EAST, Chairman.
W. A. ROBERTSON, Commissioner.
H. HANSLOW, Commissioner.
