FORESTS COMMISSION OF VICTORIA.

OFFERS FOR WATTLE BARK IN THE STATE FORESTS, ETC., 1944.

OFFERS, endorsed "Offer for Wattle Bark, lot _____," and addressed to the Secretary, Forests Commission, Melbourne, will be received at this office up to Twelve noon on Friday, 18th August, 1944, for the right to strip and remove wattle bark on and from the following areas. The general conditions hereunder will apply in every case where not expressly stated to the contrary, and special conditions will also apply where provided. Full particulars may be obtained from the officer in charge in each case, or on application to the Commission.

GENERAL CONDITIONS.

1. No stripping shall be commenced until the applicant has lodged the deposit specified, and holds a duly signed authority on this form to commence operations.
2. Notification that stripping operations have been commenced must be forwarded, in writing, to the officer in charge within 48 hours from the date thereof.
3. Offers must be AT A PRICE PER TON, IRRESPECTIVE OF THE SPECIES OF WATTLE, and the bark must be weighed at the weighbridge named in each case, or at a weighbridge approved by the officer in charge, and at the expense of the licensee. Duplicate weighbridge tickets must be provided, and, if so directed by him, the bark must be weighed in the presence of the officer in charge.
4. Satisfactory arrangements must be made with the Commission for payment of royalty prior to removal of the bark.
5. No trees shall be felled or stripped on any beauty spot, picnic ground, or on any portion of any area which the officer in charge points out as not to be operated upon, and no particular tree specially marked by him to remain standing shall be felled or stripped, wherever situated.
6. In the event of stripping being permitted on any area regarded as a tourist resort all tops must be lopped, stacked, and burned under the direction of the officer in charge. The burning under this provision must be carried out in accordance with the written conditions specified by the District Forester.
7. No tree shall be felled so as to fall into any water-course or to obstruct any road or track.
8. No tree of less than 5 inches in diameter at a height of 2 feet from the ground shall be stripped when of the black or feather-leaved variety, or less than 2½ inches in diameter at a height of 2 feet from the ground when of the broad-leaved species, unless otherwise stated herein, and wherever a size limit is mentioned it shall be at a height of 2 feet from the ground. Notwithstanding this, trees of any diameter may be stripped with the express permission of the officer in charge, if diseased, or for other, in his opinion, valid reason.
9. The whole of the work shall be done under the supervision of the officer in charge in accordance with his instructions and to his satisfaction.

10. Bark must be properly bundled, securely tied, and stacked in heaps of not less than 10 cwt. in clear places only, and the licensee must take every reasonable precaution against fire. A space of at least 40 feet round each stack must be cleared of grass and rubbish.

11. No bark shall be removed without the express permission, in writing, of the officer in charge, and it must be properly bundled, securely tied, carted from the forest, and weighed at the weighbridge named, not later than one month from the date of stripping the bark.

12. Camps must be pitched and fires lighted only in such places as shall be pointed out by the officer in charge, and the licensee shall, on demand of the officer, instantly dismiss from his employ any person or persons who shall carelessly use, leave, or light any fire, whether by smoking, cooking, or other operations, or who shall otherwise act in contravention of these conditions.

13. No live tree, other than wattle, shall be cut or broken, or firewood used, without the express permission of the officer in charge.

14. All stripping must cease by 31st March following the date of signing this contract, and all bark, stripped or otherwise, remaining on the area after that date shall become the property of the Crown.

15. The violation of any of the above or following conditions will render the licence null and void; and the Forests Commission shall have power to absolutely forfeit the whole or part of the deposit to the Crown, and to confiscate to the Crown all bark stripped to date, of voidance. The officer in charge, in his discretion, shall have power to instantly suspend operations pending the decision of the Forests Commission being made known.

As to work performed by an employee within the above-mentioned radius, there shall be added to the wages of such an employee, computed as in the Determination prescribed, an allowance at the rate of 2s. per week in lieu of excess fares.
A fare shall be deemed to have been necessarily incurred, under this paragraph, or such additional payment shall be made if the employee uses a bicycle or other means of locomotion, or walks instead of using a public conveyance, but a fare shall not be deemed to have been so incurred or such payment shall not be required to be made where the employer provides or offers to provide a reasonable conveyance free of charge.

An employee giving an incorrect address shall only be entitled to claim such benefits after seven days' notice of his correct address.

(ii) *Shifts*.—Payment for shift work shall be at the ordinary rates for the first or day shift, and at time and a half for the second and the third shift, if any. HOURS.

4. (a) The ordinary working hours of carpenters and joiners employed in shops or joinery mills shall be 44 per week, to be worked between the hours of 7.15 a.m. and 5.15 p.m. from Monday to Friday, inclusive, and between 7.15 a.m. and noon on Saturday.

(b) The ordinary working hours of employees on any building construction shall be 44 per week to be worked between the hours of 8 a.m. and 5 p.m. from Monday to Friday inclusive (with one hour off or such other time as may be agreed upon between the employer and the Society for luncheon between noon and 1 p.m.) and between 8 a.m. and noon on Saturday.

Provided that the Society and any employer party may agree that any earlier time than 8 a.m. may be substituted for 8 a.m. in respect of that employer party.

(c) The ordinary working hours of employees on shift work shall be eight per shift.

(d) Employees employed in a "mixed industry" shall work the hours or shifts in that industry.

HOLIDAYS.

5. (a) An employee shall be entitled to receive the following holidays:—New Year's Day, Australia Day, Christmas Day, Boxing Day, Good Friday, Easter Saturday, Easter Monday, Labour Day and one other day, except as provided hereunder, to be mutually agreed upon by the employer and the Federal Secretary or the State Secretary of the Society. Unless and until otherwise so mutually agreed, such other day shall be King's Birthday.

(b) *Optional Holiday*.—On or before the 7th day of December in each year the Society shall give the employer written notice of the number and names of his employees who do not intend to work during the working days between Christmas Day and New Year's Day. In default of such notice the employer may circularize his employees to obtain such information, and the employees intending not to work on such days shall inform the employer on or before the 14th day of December accordingly.

If the number of employees, whether members of the Society or not, who inform the employer either by means of the Society or otherwise that they do not intend to work on such days exceeds 33 per cent. of all the employees, whether members of the Society or not, in the employer's business, then the employer may, if he chooses, close down his business on those days; provided that he gives notice to his employees on or before the 21st day of December that he intends so to do. Where such number of employees is 33 per cent. or under, then the employer shall keep his business open for work on such days. In cases where the business is kept open for work, the employer may require the employees presenting themselves for work to work in any capacity he appoints, whether in their usual or ordinary work, or not, provided that the employees shall be paid at their usual or ordinary rates for such work as they are called on to do.

If any employee whose name has not been submitted by the Society as provided herein, or who has not informed the employer on or before the 14th day of December that he does not intend to work on the days in question, absents himself from work without just cause or excuse when the business is open for work on such days, then such employee shall be deemed to be guilty of neglect of duty within the meaning of sub-clause (v) of clause 7 hereof. An employee not working on the days in question shall receive no pay therefor.

(c) (i) An employee on weekly engagement shall be entitled to the above-mentioned holidays without deduction of pay.

(ii) In the alternative by agreement between the employer and the Society, payment for each of the above-mentioned holidays shall be deducted from the weekly wage in proportion to the number of hours of the week short worked in consequence of such holiday, but in lieu thereof the amount to become payable therefor shall be ascertained by a calculation on the basis of three-quarters of a day's pay for each month's service, and the sum so ascertained shall be placed to the credit of the employee. Payment shall then be made on the pay day next preceding such holiday or holidays of an amount not exceeding that standing to the employee's credit and not exceeding the amount hereinbefore previously deducted. On the first pay day after the expiration of each twelve months' service, or on the determination of his service, the balance, if any, then due to the employee shall be paid to him.

(d) Employees in a "mixed industry" shall be entitled to receive the holidays of the majority of employees in such industry.

ANNUAL LEAVE.

[5A. NOTE:—Where an Award, Order, Agreement, or Determination covering the general body of employees in a "mixed industry" makes provision for annual leave, such provision shall apply to carpenters and joiners employed in connexion with such "mixed industry".]

OVERTIME.

6. (i) All time worked beyond the ordinary hours of work as set out in Clause 4 shall be paid for at the rate of time and a half for the first two hours, and double time thereafter.

(ii) All time worked on Sundays and the holidays prescribed by Clause 5 hereof shall be paid for at the rate of double time.

(iii) An employee who is required to work overtime for more than two hours after the usual time for ceasing work on any day without receiving notice on the previous day that he will be so required, shall be paid an allowance of 2s. for a meal, or instead shall be supplied by the employer with a reasonable meal.

(iv) An employee who has left the premises in which he is employed and is recalled to work after the usual ceasing time for less than one hour shall receive payment for one hour at overtime rates.

(v) If an employer requires an employee to work during the luncheon time as prescribed in Clause 4 hereof, he shall allow the employee whatever time is necessary to make up the prescribed luncheon time. If an employer requires an employee to work during the prescribed luncheon time, or during such luncheon time and continuously during any further time thereafter up to the substituted luncheon time, he shall pay double time for such work. Provided that the employer shall not be bound to pay in addition for any time allowed in substitution for the prescribed luncheon time, and provided further that if the luncheon time is shortened to 42 minutes at the request of the employee, the employer shall not be required to pay any extra rate in respect of such shortening of the luncheon time.

(vi) Overtime work by shift workers on the second or third shifts shall be paid for at double rates.

(vii) This clause shall not apply to an employee in a "mixed industry" who shall be paid at the rate for overtime of the majority of employees in that industry.

TERMS OF EMPLOYMENT FOR WEEKLY EMPLOYEES.

7. (i) An employee to become entitled to payment of the weekly wages prescribed by this Determination must be ready and willing to perform such work as the employer shall from time to time require on the days and during the hours usually worked by the class of employees to which he belongs.

(ii) Employment during the first two weeks of such engagement shall be from day to day at the weekly rate prescribed, except in the case of a re-engagement within one month after the termination of a previous service of the employee under the employer.

(iii) No employee shall be entitled to payment when absent from work consequent on an accident or personal ill health, not attributable in either case to the employee's misconduct, but otherwise however happening, for more than six days in any one year where the employee usually works six days a week, or for more than five days in any one year where the employee usually works five days a week, and then only when he has produced to the employer or his local manager evidence satisfactory to the employer or his local manager, or in the event of the employer or his local manager not being satisfied, the Secretary for Labour. Such evidence is to be submitted to the employer or his local manager within 48 hours, or to the Secretary for Labour within what is, in the opinion of the Secretary for Labour, a reasonable time in the particular circumstances. Provided that where, under any scheme of insurance or of an accident, relief or provident fund to secure the benefit of which the employer has paid the necessary premium, compensation becomes payable for any of such days of absence, the employer shall not be bound to pay more of such wage than is sufficient with such compensation to make up the full pay of any of such days.

(iv) Subject to the provisions of sub-clauses (v) and (vi) hereof, a week's notice of the termination of such engagement shall be given on either side. Such notice may be given on any day during the week to terminate such engagement on the corresponding day of the following week, or on any later day thereof.

(v) The employer may dismiss any employee peremptorily without notice for malingering, inefficiency, neglect of duty, or misconduct, and pay the employee's wage up to the time of dismissal only.

(vi) The employer may deduct payment for any day the employee cannot be usefully employed because of any strike, by or participation in any strike by the Society, or any branch of the Society, or by any members or member of the Society employed by the employer, or because of any strike by or participation in any strike by any other Union, or by any branch of any other Union, or by any members or member of any other Union employed by the employer, or because of any breakdown of machinery, or because of any other stoppage of work for any other cause for which the employer cannot be held responsible.

(vii) This clause does not apply to persons employed in a "mixed industry" where the general body of employees in such industry is covered by some other Award, Order, Agreement, or Wages Board Determination.

PAYMENT OF WAGES.

8. (i) Except as in sub-clause (ii) hereof, payment of wages shall be made on any day in the week not later than Friday. An employer shall not keep more than one day's pay in hand. An employee whose services end before pay time shall be paid at or before the time of its ending, or by post or otherwise, within 24 hours thereafter. Weekly employees shall be paid within fifteen minutes of ceasing work, and if not paid within such fifteen minutes, they shall be paid for all time they are kept waiting after the time of ceasing work at overtime rates.

(ii) This clause does not apply to persons employed in a "mixed industry" where the general body of employees in such industry is covered by some other Award, Order, Agreement, or Wages Board Determination.

9. (i) The employer shall provide the following tools when they are required on the job:—Dogs and cramps of all descriptions, bars of all descriptions, augers of all sizes, star bits, bits not ordinarily used in a brace, all hammers except claw hammers, glue pots and brushes, dowel plates, tramells, hand-and-thumb screws, spanners, and soldering irons.

(ii) When an employee is discharged, he shall be allowed one and a half hours for grinding tools, or shall receive instead one and half hours' pay. This sub-clause shall not apply to an employee engaged as a "casual hand" or to an employee dismissed for misconduct or inefficiency.

(iii) The employer shall provide for the use of carpenters and joiners a suitable grindstone on any job where a grindstone is reasonably necessary, together with power (hand or driven) for turning the same.

SANITARY CONVENIENCES AND BOILING WATER.

13. Employers shall provide on all jobs suitable sanitary convenience and boiling water ready for the luncheon time when it is necessary. This clause shall not apply to persons employed in a "mixed industry" where the general body of employees in such industry is covered by some other Award, Order, Agreement, or Wages Board Determination.

- (iii) If an employer is unable to fulfil his obligation to an apprentice, it shall be lawful for such apprentice to complete his term with another employer, who may take and employ him as such apprentice, and for that purpose such employee, if required so to do, shall assign the deed of apprenticeship to such other employer.
