## NOTICE OF MAKING OF BY-LAW No. 124.

NOTICE is hereby given that the Council of the City of Ballarat has made and passed By-law No. 124, being a By-law made under the Local Government Acts, and numbered 124, for amending and altering the Building By-laws of the City and for other purposes as therein provided. The By-law has been approved by the Governor in Council, and is to be read and construed as one with By-law No. 108, and any By-law amending the same, all of which By-laws and By-law No. 124 may be cited together as the Building By-laws. By-law 124, subject as therein provided, is to have effect throughout the whole municipality, and is to come into operation on its confirmation by the Governor in Council and immediately after its publication in the *Government Gazette*. It repeals clause 10 of By-law 121, and substitutes for Part V., Division I., clause 20, of By-law No. 108, a new Part V. which prescribes new and extended residential areas in the City of Ballarat in place of existing residential areas and re-enacts with modifications and additions the other provisions of clause 20 of By-law No. 108. The new residential areas consist of nine areas, the metes and bounds of which are described in the By-law. Pleasure grounds, gardens, and places of public resort or recreation under the management or control of the Council are excluded from the new residential areas. The building line of a street shall mean the correct survey boundary of such street so as to give the street its full width. Distance from the building line of a street is to be measured at right angles to the building line unless the contrary is shown or stated. Reference is made in the By-law to a plan lodged in the office of the City Engineer and available for inspection, on which plan the residential areas prescribed by the By-law are marked. If there be any difference between the areas shown on plan and the areas prescribed by By-law the latter areas shall be deemed to be the correct areas. The use of any land or the erection, (including adaptation for use) or the use of any building, for the purposes of all classes of trades, industries, manufactures, or businesses within any residential area is prohibited, save as provided in the new clause 20 (6) of the By-law. The erection (including adaptation for use) or the use within a residential area of buildings of the second and fifth classes, as defined in the Building By-laws of the City of Ballarat, is prohibited.
