No. 469.—4282/48.

#### PIECEWORK.

18.—The lowest piecework price payable to any person employed shall be the price mentioned in the following Schedule which Schedule shall form part of this Determination:—

Such piecework prices shall be adjusted from time to time to conform as far as practicable, and to the nearest farthing, with the wage rate adjustments as set out in clauses 16 and 17, and the following method shall be used for the purpose of such adjustments:—

The piecework prices for the respective classifications shall each be multiplied by the number of shillings (and fraction of a shilling, if any) in the appropriate weekly wage rate as adjusted, and the resultant amount divided by the number of shillings (and fraction of a shilling, if any) in the appropriate weekly wage rate shown in the Determination of the Board which came into operation as from the beginning of the first pay period to commence after the 1st December, 1947.

The Board has also determined that where any person employed on tonnage rates set out in such Schedule fails to earn during any day on which he is so employed an amount equal to one-fifth of the prescribed weekly rate he shall be paid for such day not less than one-fifth of the prescribed weekly rate. Provided that if such employee elects to work for a shorter period than the number of hours fixed for an ordinary day's work he shall be paid a sum proportionate to the time worked.
